

ANAND PUBLIC SCHOOL

“Summer vacation is the best time for families to slow down, reconnect, and spend meaningful ‘US’ time together.”

Dear Parents,

Summer Vacation offers a refreshing break for children - a chance to relax, explore, and rejuvenate. More than just a pause from school work, it's a precious time to nurture bonds, foster creativity and plant the seeds of values and memories that last a lifetime.

Children may not remember every toy they receive, but they will always carry the warmth of stories told, meals shared and moments spent with their loved ones. Let's use this opportunity to guide, support and connect with them in ways that matter most.

Below are few suggestions:-

1. All homework must be written clearly and neatly.
2. Assignments should be completed independently by the students. Parental support is encouraged, but the effort should reflect the child's own capabilities.
3. Try conversing in English to help the become portable with the language.
4. Ensure that all work is completed within the given time frame.
5. Holidays homework will be assessed and carry weight in evaluations across all subjects.
6. Children are likely to follow their routine if we give them Positive instructions and lots of praise/appreciation for what they do right.
7. Science week is celebrated in the month of July to enhance the scientific attitude.
8. Encourage daily reading. Cultivating a reading habit is key to lifelong learning.

DATESHEET FOR P.T.-2 EXAMS

DATE	IV	V	VI	VII	VIII

MATHS:-

Note:- Do this work in Holiday Homework.

1. Multiply the following numbers:

a) 4529×6

b) 5387×8

2. a) 3872×43

b) 659×276

3. Multiply the following by standard multiplication algorithm: 2579×64

4. Study the following patterns and write the next three terms:

a) 4, 8, 16, 32, 64, 128, _____, _____, _____

b) 1, 3, 9, 27, 81, 243, _____, _____, _____

5. Study the following patterns and write the next three terms:

a) 5, 50, 500, 5000, 50000, _____, _____, _____

b) 7, 700, 7000, 700000, 70000000, __, __, __

6. Fill in the blanks:

a) $789 \times 1 = \underline{\hspace{2cm}}$

b) $68 \times 0 = \underline{\hspace{2cm}}$

c) $39 \times \underline{\hspace{2cm}} = 75 \times 39$

d) $\underline{\hspace{2cm}} \times 1 = 547$

e) $\underline{\hspace{2cm}} \times 67 = 96 \times 67$

f) $89 \times (\underline{\hspace{2cm}} \times 38) = (89 \times 4) \times 38$

7. Multiply and verify the order property of multiplication:

39 by 58

8. Find the actual and estimated product of the following:

a) 39×76

b) 48×25

9. Multiply 11735 by 8

10. Multiply 16412 by 4

11. The capacity of a petrol tank is 1575L. What is the capacity of 83 petrol tanks.

12. A chair cost ₹ 1697. What is the cost of 28 such chairs.
