शिक्षा के साथ अपनी रचियों एवं क्षमताओं को विकसित करने के लिए विद्यार्थी जीवन एक अहम पड़ाव है और विद्यालय पत्रिका उसका प्रतिबिम्ब। विगत सात वर्षों में श्री साकेत अग्रवाल जी के सुगठित प्रबन्धन, प्राचार्या श्रीमती रजनीकांता बिष्ट जी के समयोचित मार्गदर्शन एवं शिक्षक वर्ग की समर्पित कर्मठता से ज्ञान-विज्ञान, कला-संगीत एवं योग-क्रीड़ा क्षेत्र में नवाँकुरों के विचारों को फल्लवित, पोषित एवं परिपक्व होते देखने का सुखद अनुभव ही मुखरित शुभाशीष है। विद्यालय यूँ ही उत्तरोत्तर अपनी क्षमताओं की ली को उपलब्धियों एवं लेखनी से दीप्त करता रहे, यही मेरी कामना है।

बीएलएम एकेडमी के त्रैमासिक न्यूज लेटर "ग्लोरी" का लगातार प्रकाशन करके विद्यालय की प्रधानाचार्या श्रीमती रजनीकांता बिष्ट जी के नेतृत्व में बीएलएम एकेडमी का समस्त स्टाफ अभिभावकों के सहयोग से विद्यालय के संस्थापक स्व. वेद प्रकाश गुप्ता की स्पष्ट धारणा के अनुसार बच्चों के भीतर छिपी प्रतिभा को सबके सामने ला रहा है। मुझे आशा है कि न्यूज लेटर "ग्लोरी" के माध्यम से विद्यार्थी अपनी लेखन प्रतिभा को निखारने के साथ ही वालमन की भावनाओं को ज्ब दे सकेंगे।

पुनः श्व सभी को शुभकामनाएं।

The gift of Shrimad Bhagavad Gita by Maharishi Ved Vyas to mankind is the precious legacy of India. The code of conduct laid down in the Holy Scripture 'Gita' if practiced leads us to the paramount co-ordination of body, mind and soul. We need to only believe and then experience. Let us first realize the core message, as early as possible.

कर्मण्येव अधिकारस्ते मा फलेषु

कदाचन: Do thy duty the best, leave unto the Lord the rest and if could do so, it's the highest achievement of life.

'Glory' is the voice of BLM to bring the views, news and opinions of the students to the forefront. Main objective of its publication is to promote reading, thinking and writing skills. I realize that the children here are blessed with abundant potential; some of them are at the threshold of being termed as prodigious, with slight honing required of their acumen. A little nudge, a little shove and they do deliver. Juniors are often more enthusiastic and diligent than their seniors. I would like to thank all my generous contributors for their literary offerings. **Happy Reading!**

Youth Day (Jan.12, 2018)

Organised by Health & Wellness Club

Swami Vivekanand personifies the eternal energy of youth & their restless quest for truth. Vivekanand Jayanti was celebrated as Youth Day to revise his timeless messages, thoughts, poems & speeches which made our society and country achieve the incredible place in the whole world and are still relevant.

Basant Panchami (Jan.22, 2018)

Organised by Heritage Club

Basant Panchami is the harbinger of pleasant climatic changes which rejuvenate the life around after the bleak winter of general dullness. BLM family donned in yellow, the colour of vivacity & gaiety, worshipped Ma Saraswati, the Goddess of arts & learning. Basant as a joie de vivre got its manifestation in staging mythology, dancing feet, echoing melodies & kite flying spree in the school campus.

Netaji Subhash Chandra Bose Jayanti (Jan.23, 2018)

Organised by Community Club

To pay tribute to Subhash Chandra Bose on his birth anniversary Dhairya Sudan of class VIIA commenced the morning assembly with an inspiring speech which commemorated the great sacrifices of Netaji, a legendary figure during freedom struggle in Indian history. It was followed by a verbal tribute offered by the Principal Mrs. R.K Bisht.

Republic Day (Jan.26, 2018)

Organised by Orion House

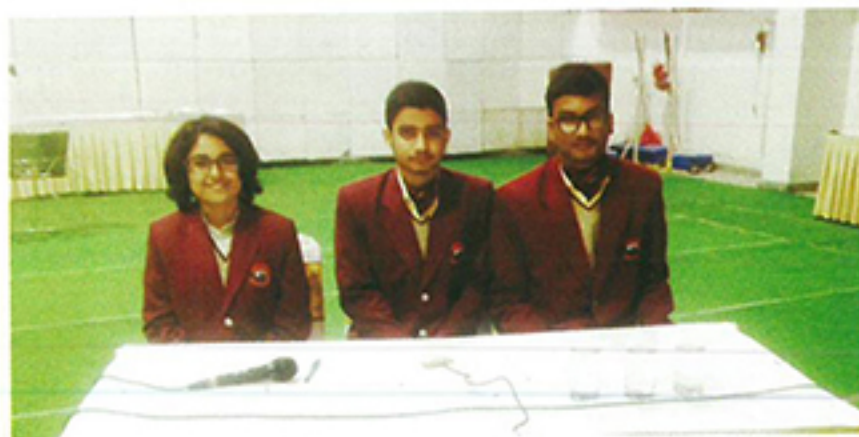

Grandeur of talent & strength was showcased when the marching contingents of four houses of BLM saluted the tricolour unfurled by Manager Hon. Saket Agrawal. Thrilling live commentary by Mrs. Bhagyashree Jalal, inspiring speeches by Riya Joshi of class VIII, Arnika Karnatak of class V, Mrs. Roopam Khanna & Principal Ma'am, surged ahead the wave of patriotism in the ambience. The problems about degradation in Education, Demonetization, GST, Swachhata Abhiyaan were countered during question hour of Mock Parliament enacted by the students of class VI. Songs on Orchestra by class I ignited the fire of love for nation. As per the guidelines of CBSE, dances of Kumaon & Karnataka displayed Ek Bharat Shreshtha Bharat. Drama and every gesture on the stage reflected gratitude to the past, festivity to the present and faith in the future.

National Heritage Quiz

(Jan.30, 2018)

CBSE organised Heritage Quiz themed on 'Indian History'. From BLM, Sanskriti, Haritabh & Manish Pant of class XI participated in this Quiz at Welham Boys School, Dehradun. Our students taking challenges competently qualified up to second round of State Level and secured III position.

Book Fair (Feb. 8, 9 & 10, 2018)

In an endeavour to raise the number of readers, to expose the students to varied authors of different genres and age, appropriate titles, BLM hosted a Book Fair which provided an opportunity to all students, staff & parents, to read by choice not by compulsion.

Thinking Day (Feb.22, 2018)

Organised by Scout & Guide Department

Scouts and Guides in BLM celebrated the birth anniversary of the founder couple Robert Baden & Olave Baden Powell which was observed as Thinking Day with the theme 'Impact' for the year 2018.

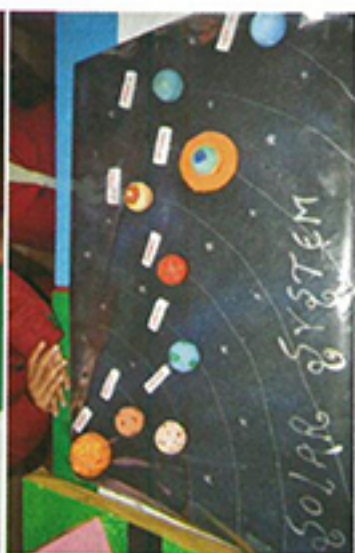

Investiture Ceremony for new Cubs & Bulbuls, Scouts & Guides was accomplished solemnly. The Pledge infused zest into the students which bust out in a soulful presentation of a mime on the real life story of Karoly Takacs 'The Man With the Only Hand', aiming to bring in positive changes. The event concluded with vital knowledge about the day imparted by Principal Mrs. R.K. Bisht.

Science Day (Feb.28, 2018)

Organised by Physics Department

Nothing matches the scope of relentless and exhaustive learning of science and then letting the young mind free to explore and experience. With the help of radical novelty of modern science our geniuses of class VI, VII & VIII exhibited their scientific dexterity by preparing working and non working models related to environmental awareness: windmill, sun dial and rain water harvesting. Models based on principles of Physics related models: projectors, hydraulic crane power bank, electronic boat, solar power plant, water alarm and periscope were worth watching. Working models of respiratory and circulatory system were also displayed. Popcorn machine prepared by Harish Mehta and Toffee bank by Gayatri of class VII remained the cynosure for all eyes.

Parents Were Awarded for 100% Attendance of Their Wards

International Women's Day (Mar. 08, 2018) Organised by Perseus House

It's March 8, International Women's Day, a special day to celebrate the being of a woman, to appreciate her strengths and sacrifices she makes during her life. On this day, Perseus House celebrated a crisp and lively event consisting of salutation: an instrumental music display by hobby students, history of the day, besides the facts and achievements to honour the women of the world for which they are special, they are powerful and they are unique.

Graduation Day Mar. 24, 2018

So it is with happy memories we lead these infants' feet to solid steps with great hope & expectation for what the primary school holds in store. 'Joy of Growing', Graduation Day celebration commenced with traditional lamp-lighting by the Chief Guest, Hon'ble Mrs. Devki Devi (National Award winner Micro Entrepreneur) and was followed by a captivating orchestrated symphony by our little masters and splendid dance performances by Pre-Primary champs. The Chief Guest encouraged the children to work hard in all situations for success. She gave away Certificates and Prizes to the students. Principal Ma'am wished them very best as they were moving on to explore wider horizons.

Annual Prize Distribution Day

Mar.28, 2018

In BLM Prize day is a solemn and eagerly awaited day for all the staff & students. It is a day to honour the meritorious, encourage the weaker pupils to excel, and take a stock of all that took place during the session. The prize list and trophy list are tangible proofs of the excellence displayed in the class rooms on the stage and fields, not to speak of the talents unfolded in the realms of music and art. 1000s of medals and 1250 certificates were awarded to the achievers. With the maximum points Aquilas were declared over-all champions.

Moments of Joy

All of us live in a world full of anxiety. In this era of cut-throat competition it is very difficult to cope up with day-to-day problems of increasing desires and decreasing achievements but besides that, there is also a different world filled with challenges and joy. Yes, I am speaking about my unique experience with the kids of kindergarten. Of course, the first thing which comes to my mind when I talk about nursery is lots of actions, songs nursery rhymes, singing, dancing, drawing & colouring etc. There is a plethora of movements from interacting to socialising, learning etiquettes and good manners to playing and jumping. Teaching the little kids is more gratifying, as they seem

to be waiting for every word I say and I think that makes me feel good, as they are more alive more vibrant and more curious to learn. There is a more interesting side of life filled with innocence, spontaneity and trust which challenges our own life filled with duplicity. The spontaneity of the children questions us about our comoufages we are wearing and the trust of the children on their teachers inspires us to be trustworthy & honest. Everything is communicated in silence and makes an impact on one's own life. So, with kindergarten angels I am feeling heaven on the earth.

शर्माती संकुचाती जब मैं,
पहुँची स्कूल पहली बार,
सब कुछ था नया और अनजान,
दिल भी था डर से परेशान,
फिर धामा मैंने एक हाथ,
जो ले चला मुझे अपने साथ,
जब मैं पहुँची स्कूल में,
तालियाँ बजने लगीं स्वागत में,
किसी ने जब मेरा नाम पुकारा,
प्रीति मैम को मैंने पीछे पाया,
उन्होंने मेरा परिचय करवाया,
प्यार से सर पर हाथ फिराया,
आगे सीट पर मुझे बिठाया,
मेरा सब डर हो गया दूर,
जब प्यार मुझे यहाँ मिला भरपूर।

My experience as a pre-primary teacher

I am working in BLM ACADEMY as a Kindergarten Teacher and Montessori trainer for last three years. During this wonderful journey, with the help of our respected Principal ma'am not only I have grown professionally but also personally. Now I am able to discuss some myths about pre-primary teachers and their classes. Often we hear comments like-

- * Oh! You teach Kindergarten that must be pretty easy, right?
- * Ahh! Kindergarten is fun; you get to teach them the alphabet!
- * Oh! It must be fun to play with the kids all day!
- * Do You really like Kindergarten? I would have guessed you would like something more challenging where you do more.

Are not we used to it? But the truth is different.

Kindergarten is most definitely not easy. You are taking some students who come in literally not knowing any letters or numbers.

It's not simply ABC's and 123's but rather things such as fluently adding and subtracting within 20, decomposing numbers to 10, reading CVC words and much, much more.

In kindergarten basics can be the hardest of all to teach because they are the foundation pieces of future

learning.

We teach them the alphabet and that is fun! We also teach them what those letters mean and how they relate to our everyday world and reading.

We also teach them much more phonemic awareness, number sense, patterning, life skills, social skills and more to prepare them for their journey in school and life.

In kindergarten, I am constantly on the go, assessing, evaluating, teaching, helping, nurturing and much more. We do have fun teaching and we do play in kindergarten. However "All day" is a bit of a stretch and I think the term "Play" is not correctly understood.

When children are engaged with centers and toys they are not "just playing". They are: Building social skills, Taking turns, Learning how to have conversations, Learning real life skills and applications, Reading, Being inquirers, Making connections, Working on fine motor skills and much, much more.

Each job in this world has its place and is special in its own way. I truly believe that we can't fully understand someone's job unless we do it ourselves.

My hope is that these thoughts can provide a bit of a glimpse into not just a kindergarten teacher's day, but really any teacher's day!

IRONIES OF INDIA

1. India is the only country where people fight to be backward.
2. People kill their own girls in womb and seek out neighbours girl for "Kanya Pujan".
3. A black cat can stop you but red signal can't!
4. Half the country is starving while the other half is struggling to loose weight.
5. Everyone's in a hurry, but no one reaches on time.
6. Its dangerous to talk to strangers, but its perfectly okay to marry one.
7. India ranks 6th in the number of Billionaires per country. Its also a home to 1/3 rd of the worlds extreme poor.
8. You need to study till class 8th to become a peon but you don't need any educational qualification to run a country.
9. Swear in English and people think you are cool but if you swear in hindi you are uncool.
10. People who build our homes are homeless themselves.
11. Everybody has the problem with the police but nobody wants to join the force.
12. We consider our rivers HOLY yet we pollute them.
13. Plush cars speed on over flyovers while several families struggle to survive under it.
14. We blame the traffic without realizing that "WE ARE THE TRAFFIC".
15. TODAYS IRONIES are TOMMORROWS FUTURE.....!!

प्यार बरसाती आँखें, सफेद मखमली घुंघराले बाल,
भोली सी सूरत में लालिमा लिए हुए गाल।
सबका आदर करना, सबसे मिलकर रहना,
हम बच्चों को प्यार से यही था उनका कहना।
हमारी पटर-पटर को ध्यान से सुनते, कभी न हमारी शरारतों पे रूठते,
जब भी अपनी जिद्द पूरी करनी होती, हम दादी-दादा को ही ढूँढ़ते।
हमेशा हमारे साथ खेलने को तैयार रहते, कम ही आराम कर पाते,
पर हमारी प्यारी-अनोखी बातें सुनकर, अपनी थकान भूल जाते।
मम्मी-पापा से भी हमें जो दुलार करते थे ज्यादा,

The Cherubs Kingdom

Cherubs..... you name it..... I have bountiful of them in my classroom.

I feel like a gracious queen of my kingdom when I see my sparking cherubs waiting for my bus to reach to school and stops at junior wing's gate so that they can escort me to their classroom.

Indeed! My cherubs are little different. As soon as I reach the classroom there is a green board that always says Good morning ma'am, we love you. It is not less than a moment of pride led through Maths, English, EVS or Hindi. They don't like classroom rules and procedures. Not talking in class is one of their least favourite rules. I discipline them again and again. But they just don't want to get with my idea of our perfect little classroom. Aditi Gupta always on a roller coaster ride is full of energy. Oh my God!! Sometimes I feel My Kingdom is not going as I planned. But hold on! Let me observe what's going on there. These feelings of frustration and impatience soon begin to disappear when I see my same little cherubs

using their time in colouring beautiful fairies, in making cartoon characters or in reading scientific books about planets etc. These moments make me realise that I have rightly named my class as my little kingdom of cherubs. In fact my classroom is God's kingdom. It's time for me to be led by my cherubs instead of getting angry on them.

I want to see my naughty cherub flourishing holistically as my primary motive is to facilitate them in imbibing values and transforming their intrinsic potential into creativity. Fret and fume are no tools for that!

We will still have rules and procedures. There will be consequences when these rules and procedures are not followed. But I am begging God for his grace to help me respond in love and patience in those times, because it's not about having my little kingdom upended. It's all about growing His kingdom. I will miss you all my dear cherubs. God Bless You!

I
love
Science

Everyone has an aim in one's life. Without aim life is useless. I have great regards for the great scientist Stephen Hawking. Physically sick with paralyzed body, he remained busy throughout his life to solve the mystery of the black holes and Big Bang theory. My aim is to be a scientist. It's my dream because I love science. I love to know about everything like sun, moon, universe and all. I want to invent a

time machine and with the help of that time machine we will see into future and know about the upcoming incident. It will also help us to go into the past to know about dinosaurs, their life and the reasons why they could not survive. I will work hard so that my dream may come true. That will be my tribute to this great scientist who passed away on 14th of March 2018.

Is Criticism *Essential?*

have a question, is criticism essential? Yes absolutely. It is very important in everyone's life. Every work has different dimensions for different people. But critics give a new dimension to the same work. This may give us a new point of view. People always take criticism in a negative way. People allow it to damper their spirits and frustration ruins their enthusiasm. But, wise people never ignore critics. They face them boldly and amend themselves if it is useful and constructive.

Thus criticism can be a boon for people. It tells people about their shortcomings. It can contribute towards improving the behaviour as well as the quality of life. But, the problem with the people lies in their attitude. In fact, criticism should inspire people to improve themselves. With no critics around, who would tell us about our faults? Viewed this way, receiving criticism can be both beneficial and positive. Similarly, giving criticism is

intended to improve and strengthen the recipient, not tear them down. So it is must that a critic should be hearty and impartial. First it is essential to welcome criticism at all times. One should try to listen to the ideas behind the criticism, not the actual words. Then, we must learn from it not to crush our spirits. There can't be a rose without thorns and no day is complete without night, joy and sorrows are a part of everyone's life. So we should learn to greet each day with dignity and understand that day and night, joy and sorrow are complementing each other.

It is correctly said,
"Nindak Niyare Raakhiye, Aangan Kuti Chhawaye,
Binu Pani Sabun Bina, Nirmal Kare Suhaaye".

“हमारी- प्यारी गाय”

गाय जब भी रम्माती है,
अम्मा-अम्मा वो गाती है।
उसको भूख सताती है,
या दूध निकलवाना चाहती है।
कह कुछ भी नहीं पाती है,
गर्दन - पूँछ हिलाती है।
चारा जब वह खाती है,
झूम-झूम मुस्काती है।
धर्म-संरक्षक कहलाती है,
दूध-घी की वह दात्री है।

गौमूत्र गंगाजल के भाँति है,
तभी माँ वह कहलाती है।
कंडे से जो खुशबू आती है,
वायु दोष मिटाती है।
तभी इनकी जो जाति है,
कामधेनु कहलाती है।
हमारा दुलार पाती है,
तो घर को स्वर्ग बनाती है।

**"Life is always a matter of waiting
for the right moment to act" so**

Wait, till your subconscious mind is still,
Wait, till you stop fidgeting,
Wait, till your eyes sparkle,
Wait, till your inner anxiety fickle,
Wait, till your body at rest,
Wait, till your mind is at best.
And then take a step forward,
With your idea to enlighten!
Because the world is waiting to embrace!
The idea you want to give for better place.
So it's good to wait sometimes.
To wait till you know your step is just fine.
Because hasty choices are regretful later,
Wait, till you know what you are doing is for better!

My Experience at Parle -G

On March 10, 2018 I visited Parle-G factory with my entire class and class-teacher. We went there by bus no.17. Making fun in the bus, playing 'Antakshari' and 'Atlas' we reached our picnic spot. There was a big building surrounded by a beautiful park with tall trees, attractive plants and lovely flowers. Sweet smell from the bakery was making us crazy. We were taken to the reception hall. There we watched two videos, one was about the making of biscuits & cookies and the other one taught us how we can save our environment. We then entered the factory

area and enjoyed the making, baking and packing of Parle-G products. There we tasted fresh biscuits too. We played game of Rings and our group photograph was clicked. After lunch we made merry on swings. It was really the most thrilling moment of the trip. It was my best picnic ever as I gained knowledge, enjoyed fresh biscuits and made a lot of fun with my friends and teacher.

मेरे प्यारे पापा

मेरे पापा दुनिया के सबसे अच्छे पापा हैं, क्योंकि वे हमारे लिए बहुत मेहनत करके पैसा कमाते हैं। मैं जबभी उनसे कुछ माँगता हूँ तो वे मेरे लिए ले आते हैं। वे हम सभी भाई-बहनों में कभी भी किसी तरह का भेदभाव नहीं करते हैं।

मेरे पापा मेरी पसन्द व नापसन्द को अच्छी तरह से पहचानते हैं, समय-समय पर वो मुझे विभिन्न स्थानों की सैर कराने के लिए भी ले जाते हैं तथा वहाँ से सम्बन्धित जानकारी भी देते हैं।

मेरे पापा सभी कामों में मेरी मदद करते हैं, जब भी मैं उनसे नाराज होता हूँ तो वो मेरा दिल जीत लेते हैं। गृहकार्य पूर्ण करवाने से लेकर विद्यालय की समस्त गतिविधियों के विषय में भी वो मुझसे बातें करते हैं। मेरे पापा सबसे अच्छे इसलिए हैं क्योंकि- वो मुझे कभी डाँटते नहीं हैं तथा इतने प्यार से पढ़ाते हैं कि- मुझे सब-कुछ याद हो जाता है।

तोल मोल के बोल

यह किसी टीवी कार्यक्रम का नाम नहीं बल्कि . यहाँ पर मेरा अभिप्राय जीवन की उस सच्चाई से आप सभी को अवगत कराना है जिसके बल पर कोई भी इंसान भला या बुरा कहलाता है। वाणी की मधुरता मनुष्य को 'भला मानस' बनाती है तथा वहीं इसके विपरीत यदि मनुष्य की वाणी कटुता से भरी हुई है तो कभी भी वह मानव को अच्छा व्यक्ति कहलाने में मदद नहीं कर सकती है। आप सभी इस उक्ति से तो परिचित होंगे ही ----

'कागा कछु ना लेत है कोयल कछु ना देत ।

मीठी वाणी बोल के सबका मन हर लेत ।।

अर्थात् न तो कागा हमसे कुछ लेता है और न ही कोयल हमें कुछ देती है , दोनों का वर्ण समान होने पर भी अंतर सिर्फ वाणी का ही है जिसके वशीभूत होकर सभी कोयल की तरफ आकर्षित होते हैं और कागा की कर्कश वाणी किसी को भी नहीं भाती है। इस सम्पूर्ण संसार में केवल मानव ही एकमात्र ऐसा प्राणी है जो किसी का भी भला या बुरा समझ सकता है तथा उसमें अन्य जीवों के मुकाबले सोचने- समझने की क्षमता तीव्र होती है , अतः मनुष्य श्रेणी में आने के नाते हम सभी का यह परम कर्तव्य बनता है कि - हम सभी मीठी वाणी का प्रयोग करें तथा कभी भी अपनी बात दूसरों के सम्मुख रखने से पूर्व यह विचार कर लें कि आपकी बातों का सामने वाले पर क्या असर होगा ? कमान से निकला हुआ तीर तो एक बार गलत दिशा में भी जा सकता है , लेकिन मुख से निकले हुए शब्द सीधे दिल पर वार करते हैं। किसी ने बिलकुल सही कहा है- शब्द - शब्द में ब्रह्मा है , शब्द - शब्द में सारा।

शब्द सदा ऐसे कहो , जिन्हें उज्ज्वल प्यार ।।

बी० एल० एम० की वह सुबह तो सुबह, शाम भी हुई सुहानी

सुबह उठना , भागते हुए तैयार होना।
बस न छूट जाए इसलिए रोज भगवान के आगे हाथ जोड़ना।
दोस्तों से मिलना, एक दूसरे को गुड मॉर्निंग विश करना।
बस की पिछली सीट से दोस्तों के साथ रास्ते में सबको बाय करना।
यूँ समझ लो बी०एल०एम० की सुबह का सुहावना सफर का एहसास होना।
पढ़ना-पढ़ाना तो बी०एल०एम० में होना ही होना पर,
थोड़ा ड्रामा में तो थोड़ा आर्केस्ट्रा में हमारा घूम मचाना।
साथ ही इस प्यारी सी सुबह दिखाने के लिए ईश्वर को धन्यवाद करना।
यूँ समझ लो बी०एल०एम० के साथ सफर में शान सा महसूस करना।
खूब मस्ती, खूब पढ़ाई, थोड़ी सुस्ती, थोड़ी थकाई।
देखते ही देखते शाम ढल आई।
मम्मी को काम इतना कि उन्होंने थोड़ी देर लगाई।
मैं गार्ड अंकल के पास ही थी कि एक आंटी आई।
उन्होंने बोला घास का कट्टा बहुत भारी है भाई।
हल्के कट्टे को आप देखना, भारी मैं घर पर रखकर आई।
बस क्या था, सुना मैंने भी और दिमाग की बत्ती जलाई।
सर पर रखा कट्टा और आंटी को अपनी इच्छा जताई।
अगर मैंने आपकी मदद नहीं की तो किस काम की मेरी पढ़ाई।
इस बात से खुश होकर आंटी ने मेरे साथ फोटो खिंचवाई।
इसलिए मैं कहती हूँ,
बी०एल०एम० की वह सुबह तो सुबह शाम भी मुझे बहुत सुहाई।

My Experience in BLM Academy

BLM academy is a big and beautiful school in silent and clean atmosphere surrounded by green fields all around. Today I am a bit thoughtful. Tomorrow is annual prize distribution in the school and I am going to get so many medals & certificates and after that I have to move to Bhopal as my father has been transferred. I will miss this school where I have learnt how to be self disciplined and well mannered. I have enjoyed many hobby classes, participated in different activities which helped me gain confidence. Teachers are so lovable, kind and bright. They have encouraged me on each and every step. Our Principal Mrs. Rajni Kanta Bisht, a beautiful, well educated personality is the gem of our school. My favourite teacher is Mrs. Yasmin Ma'am, is our class teacher. My four years journey in BLM has been very memorable. I will miss this lovely school, its brilliant teachers, cooperative students and helpful staff.

Moments of Rejoice

Most of our life is a series of images. They pass by like towns on the highway. Sometimes a moment stuns us and every part of it lives on forever. One such moment happened the day when I entered my class a bit apprehensive of the impact of my month long absence due to the fracture in my leg. My eyes caught the sight of tender faces, gleaming eyes, and shuffling feet to give me standing ovation. They welcomed me with their symphonic morning greetings holding their hands open to express how much they missed me through out the month. There was a murmur everywhere. Their smile was mesmerising with cheek bones so prominent. I felt so

good that I can't express. Yash Rawat appeared in front of me with a handful of toffees. One by one all of them came to greet me. There was torrent of toffees on my table. Vedant came with a box and gave me a chocolate, a lollypop & a welcome card wrapped in with toffees. I was speechless for a moment. When I asked them, why they had spend so much in buying all these, they unanimously replied 'If money is replaced by your love it is the best deal, we love you ma'am'. Overwhelmed I was! I couldn't say anything and showered my blessings on them.

Diary Entry

MARCH 13, 2018. 9:00 PM.

The students of class IV visited Maha Laxmi Temple today. It is a very big and beautiful building with white marble on the pattern of Birla Mandirs. We were awestruck to see beautifully carved out nine forms of goddess Laxmi. After taking the blessings of Maa Laxmi we moved towards the NCERT Printing Press to watch how the books are being printed. The employees took us to four large rooms where massive machines were working. Children enjoyed the entire process of printing. The various stages of printing -how the colours, types of paper & the metal plates are used, were explained and displayed to the students. Children's queries were well responded by the pressmen there. Children also got a chance to see the binding machine also. To see how the papers come out in the form of a book was really surprising.

मौसम का मिज़ाज

मेरा शहर है हल्द्वानी
प्रकृति ने फैलाई यहाँ चुनर धानी।
बीराता है बसन्त यहाँ मतवाला
मार्च का महीना है आने वाला।
फिर भी यहाँ कोहरा है छाया
कहते हैं भगवान की है माया।
मौसम का मिज़ाज बिगड़ रहा है
उतारा गया स्वेटर पुनः लद रहा है।
'कलियुग है' कहकर सब टालते हैं
अपनी गलती भला हम कब मानते हैं।
प्रदूषण की चादर जो रखी है हमने तान,
सूर्य की रोशनी को पहुँचती है नुकसान।
सर्दी में गर्मी और गर्मी में सर्दी का छलावा,
बीमारियों को देता है बुलावा।
जब तक होता रहेगा प्रकृति का शोषण
मिल नहीं पायेगा हमें पूर्ण पोषण।
आइए मिलकर करें प्रकृति की व्यथा कम
रोकें अनावश्यक दोहन और बनाएं इसे पावन।

Celebrate the Gift of Life

.....a gratitude

I was sitting in the reception of BLM ACADEMY waiting for my turn of interview and I could listen to my heart beats pattering in the ears. I gave a cursory look on the Year Books of BLMA kept on the centre table. Everything got blurred due to nervousness except one tag line on each of those and that was 'celebrate the gift of life', an insightful first dialogue with BLM and all my edgy gone with the wind. Today I'm a proud member of this lively institution. Friends, as a human we are already blessed being the superlative of all the species on this biosphere because we are equipped with brain, emotions, thoughts and choices. Though life is full of ups and downs, we should

not let the things which we do not have or cannot have, spoil our joy of things which we do have or can have. Live every moment as the last moment of life then only we can enjoy the gift of life.

Here in BLM life is on swing because smiling students, supporting staff, friendly colleagues and above all caring Principal Ma'am take me on different tangents. Every time a chime rings out this ideology and every corner of BLM whispers this central idea in my ears, 'Celebrate the gift of life'.....and I owe to this...

Thanks
Yours truly

The Perfect Guide

I turned around
It was all darkness,
I shouted aloud
But was greeted with a silence
There was an unusual calm
Too much for me to bear,
It made me feel numb,
arose a hidden fear.
I groped for light
In the pitch black
With all my might
But lost the track
Then there was a feeling
A touch so warm
The place was lightened
With your charm
You were so perfect,
So serene and calm
I could not refuse

Your request to come
You guided me all the while,
Through the difficulties
Brought the wide smile
Back to my lips.
The road of life

Damaging Public Properties is Our Own

loss

India is the largest democracy and an ancient country in the world. It has its own history and civilization. Many people usually come to see its tremendous cultural and architectural beauty. Many beautiful ancient monuments are the heritage of India. People visit these monuments as these are public property but sometimes this public is seen damaging national heritage by scratching and inscribing abuses on their walls. A.S.I. Archaeological Survey of India looks after more than 5000 monuments ranging in date from pre-historic time to 19th century. This also includes sixteen world heritage properties. In the same way some of the school students also damage school

property like furniture, board, library books etc. We also read in the newspaper and watch on T.V. some misguided people spoil and damage public buses, trains and other national properties due to some deliberately made reasons or issues, which is very bad. Actually they don't know that the money we pay in the form of tax on goods and income is used in repairing the damaged property. As a result we have to pay more taxes and besides, the public work by the government also suffers. As a future leader and citizen of India every student has to take responsibility to save our national property. We have no right to spoil that which we can't reconstruct.

Aakriti Sharma VI

THINK BEFORE YOU SPEAK

The word 'Think' dominates over the word 'speak' in the title. It is not a mere five letter word. It tells us what we have to do before speaking. If we analyse this acronym it asks us to check.

T = is it true?
H = is it helpful?
I = is it inspiring?
N = is it necessary?
K = is it kind?

You are the master of what you say, until you utter it. Once you deliver it, you are its captive. Preserve your tongue as you preserve your gold and money.

One word could bring disgrace and the termination of bliss. "Sticks and stones can break my bones but words will really hurt me". This phrase emphasizes that you can hurt another person physically by punching or kicking him but you cannot hurt him physically with words. A better way of saying it would be that verbal criticism hurts more than physical violence because it makes us feel that we're not valuable or we are not as good as others around us. There are so many people who have been hurt by others dreadful words. So we should be thoughtful before speaking any word.

रवि कक्षा 6 का विद्यार्थी, आज स्कूल होमवर्क के लिए इंटरनेट से आर्टिकल ढूँढ रहा है .

माँ बहुत खुश है, बेटा खुद ही अपना होमवर्क कर रहा है ! अगले दिन फिर वही रूटीन, अब धीरे-धीरे रवि का समय मोबाइल पर ज्यादा बीतने लगा. एक महीने में ही रवि का वट्सएप, फेसबुक पर अकाउंट भी खुल गया. अब तो रवि के फ्रेंड्स की भरमार हो गयी, अब तो वह नेट में नयी-नयी जानकारियाँ भी एकत्र करने लगा है. माँ खुश है, बेटा मोबाइल में एक्सपर्ट हो गया है, पापा खुश कि अब ऑफिस से आकर टीवी देखने को मिल रहा है. बेटा खुद ही होमवर्क करने लगा है , उन्हें तो बस अपना मोबाइल ही देना पड़ता है. अगली कक्षा में पहुँचते-पहुँचते रवि का अब अधिकतर समय मोबाइल पर बीतने लगा है. हद तो तब होती है, जब वह पढ़ाई के नाम पर मोबाइल पर घंटों बिता देता है पर न होमवर्क ही होता है और न ही क्लास टेस्ट में मार्क्स अच्छे आ पाते हैं और तो और अब वह

चिड़चिड़ा भी होने लगा, माँ से भी अब उसके झगड़े होने लगे , पिता से अब वह बचने लगा, माँ पापा को अब लगा बच्चा हाथ से गया, अब वे इस टेक्नोलॉजी को कोस रहे हैं . मैं इस कहानी के पात्र के बिगड़ने का कारण खोजने लगी , समझ नहीं आया दोष किसे दूँ? स्कूल को ? टेक्नोलॉजी को? समय को? या माँ-बाप को? आप किसे कसूरवार मानेंगे? बिल्कुल! माता-पिता स्कूल को दोष देंगे, क्योंकि स्कूल ही ऐसा होमवर्क देता है जिससे बच्चे को नेट की जरूरत पड़ती है 'हम क्या करें ? और स्कूल माता-पिता को----- अरे ! हम तो होमवर्क देंगे ही, वह तो इनकी जिम्मेदारी है कि कैसे बच्चे को संभालें, हमें इनके घर भी जाना पड़ेगा क्या?

दोनों की बातें अपनी जगह सही हैं. पर सोचिये, हमारी जिम्मेदारी क्या है? एक दूसरे पर दोषारोपण या की समाधान ढूँढने का प्रयत्न? रही बात समय और टेक्नोलॉजी की वह तो अपने हिसाब से बदलेगी ही. हमें ही इनके अनुसार अपने आप को ढालना होगा. हमें ही यह सुनिश्चित करना पड़ेगा की कैसे हम नई टेक्नोलॉजी का अधिकतम सदुपयोग कम से कम से समय में करें। अगर हमने यह नहीं किया तो टेक्नोलॉजी हम पर हावी हो हमें लील जाएगी।

Courage & Fear

As all children are scared of dark,
For me it is also very hard.
Courage is gone away from me,
When I stand outside the store room and see.
But one day when my little puppy moved inside it,
It was so tough for me to find it.
Then only I heard a sound from the store room,
It sounded like a fallen broom.
That time I didn't think of fear,
At that time my courage was very near.
I moved inside the store with a flashlight in hand,
And found my puppy there he stood.
And from that day I realised,
Never fear, be wise.
When you are in fear,
Please hear.
Make your mind clear,
Courage is near.

मेरे अदभुत इक्तीस

कुछ तो अदभुत है मेरे प्यारे बच्चों में,
 यूँ ही नहीं मदमस्त होती मैं इनके आँगन में,
 हर एक बच्चे में कुछ न कुछ बात है,
 यूँ ही नहीं ये मेरे लिए इतने खास हैं,
 हर्षवर्धन, रोहित और नक्षत्र की मासूमियत का क्या कहना,
 करन बिष्ट, कपिल और ध्रुव की निश्चलता है उनका गहना,
 विधि, प्रिया और चारु तो लिए हुए हैं आँखों में सपने हजार,
 कनय, दिपांशु और आयुश के होते हैं हमशा प्रश्न दो चार,
 दीपेष्, करन और हिमांशु बिष्ट की मैमोरी करती है कभी-कभी कमाल,
 आदित्य, जतिन और देव न चाहते हुए भी कर जाते हैं धमाल,
 वृन्दा, यशस्वी और रिया में है उत्सुकता कूट-कूट कर भरी,
 सिद्धार्थ, क्षितिज और अनुज की सरलता से ये बगिया है हरी,
 कार्तिक, हिमांशु और पारस की मेहनत नहीं जाती है जाया,
 वहीं हर्षित, आर्यन और हर्षित धपोला को मैंने हमेशा तत्पर पाया,
 एक और है प्यारी-सी इस आँगन में नन्ही बच्ची,
 हर्षिता पुकारते हैं उसे और करती है पूरी मेहनत सच्ची,
 इन सबकी नन्ही आँखों में बहुत-सी आस है हम सबसे,
 मेरे प्यारे बच्चों कभी न हों निराश, प्रयासरत हूँ मैं तुम्हारे लिए दिल से।

Ego or Let Go

My friend's birthday was round the corner. For more than a week I had been busy in collecting accessories and my dress, preparing song, dance and a lovely gift for the occasion to give her a pleasant surprise. The day arrived. I was dying to hear the words of invitation from her but she neither turned up nor called me. Finally I tried to wish her 'Happy Birthday' but I couldn't get any response from her. Negative thoughts started clattering my mind. When I came to know that a grand birthday party was thrown in McDonald I felt myself broken and hurt. Seeing me upset my mother asked me what the matter was. I told

her everything. She hugged me tightly and consoled me by saying, Cheer up my dear, nothing to feel low! It is clash between her decision and your ego. Actually when we love a friend so dearly we get intimately tied up. This attachment some times increases our expectations unnecessarily. Take this incident as a good lesson and as a test as well for your true friendship. Forgive her and let go". Listening to my mom's advice really helped me feel better.

BEST *Life* STUDENT'S LIFE

Student's life is like a game,
Full of pleasure and pain,
First day of the session, they decide to follow the rule,
But, the very next day, they think it's not so cool,
They come to school in gleaming school attire,
But are expected not to have strong desire,
They are admonish to wish the teacher they meet,
"Walk properly! Don't drag your feet".
History, Civics Geography, all they feel boring,
That's why class seems to be snoring.
It's the life where a teacher scolds on every dereliction,
But encourage and motivate on every occasion.
Howbeit, they will miss it when the school's life ends,
Cherishing those memories, with every step ahead,
Really students are a beacon of academic brilliance,
And backbone of inner resilience,
They are keys to unlock the golden door of freedom,
And stage to raise their stardom.
People wish to go back to their school time,
But it's like searching for cherries in the juice of lime.

यादें

उनका प्यारा साथ,
 उनकी हर एक अनमोल ज्ञान-भरी बात।
 उनकी साख उनका चिरंजीवी आशीर्वाद,
 दादा जी के बिना सब कुछ है अधूरा।
 कैसे करेंगे उनके बिना काम पूरा,
 उनकी सिखाई हर अच्छी बात।
 रहेंगी सदा मेरे साथ,
 क्यों हमसे मुहँ मोड़ गये।
 यादों के सहारे छोड़ गये,
 साथ आपका था कितना प्यारा।
 दुलार आपका था कितना न्यारा,
 बचपन से जो भी हमें आपने सिखाया।
 वही सब कुछ तो है काम आया,

A Rendezvous with class VIII-A1

Gems of BLM are sporty and frolicsome,
It's a rendezvous with class VIII-A1.
Let's start with PARAS SAHANI, an icon of badminton.
Wilful are PIYUSH DURGAPAL and PRADHUMAN, dancing is POOJA'S
passion.

LOVE DUMKA and PARAS SAHU have rectitude in ample,
VARSHA and HEMLATA are truly reliable.

DIYA and DIKSHA are docile, HARSHIT PANT, VARUN and YOGESH welcome all with a
smile.

PANKAJ and PIYUSH BISHT are inquisitive,
But, HIMANSHI and YOGITA are fond of their hairdo,
And SHANTANU always comes up with an issue.

All are crazy about
Moonwalk of PRANAV, Side splits of KARAN
Sprints of MANSI, Rock-n-Roll of SARTHAK
Exemplary is oratory of AKSHAT.

PRERNA and PARAS KARKI are quite,
SAURABH and BHARAT are always in limelight.
ASHISH, HARSHIT JAISWAL and UDAY usually go AWOL
Nothing else to pen, May GOD bless them all.

Why Children

Misbehave?

If our child is misbehaving, what may be the reasons? Is punishment the best solution? "No" bad behavior is often a sign that children are stressed. We, as parents should find the way to understand and manage their energy so that they can succeed in life. To deal with the problematic behavior or anxiety in our children, first we should recognize when he/she is over stressed. For this it is very important to listen to them and observe them silently with curiosity. Definitely, sooner or later we would identify the stressors in our children's lives and then only after that we should try to reduce those stressors. Sometimes reducing our children's stress involves what stresses us out too and it impacts our behavior. Learning how to sooth our own stress can

help us self regulate our emotions and then we can less react towards our kids when they are stressed. Once we find out the stressors in our children's lives we all need strategies to fit their needs. No one size fits all sometimes a very small act from our side can unburden their mind, even a tight hug can be the solution. So it's important to read the signs in your children and select the best solution according to their age and behavior. The point of finding strategies should not be there to make their lives easier because exit at any point is the easiest way; in fact it should be more productive in the long run.

Odyssey

of my life

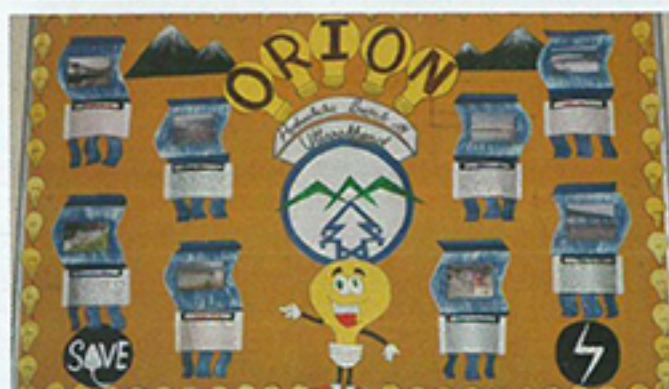

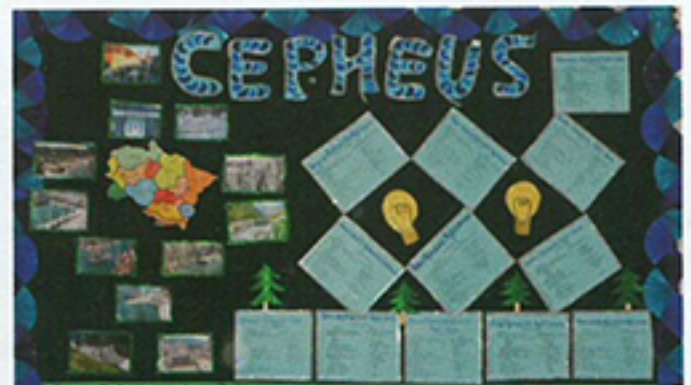

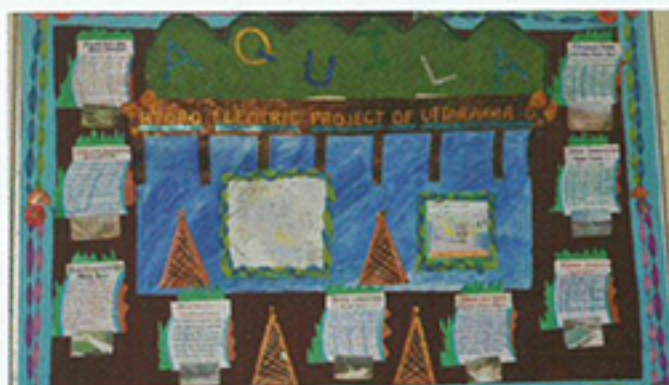

Life is a journey and a destination both,
Full of contentment and apprehension a lot.
Lessons to be learnt and things to forget,
Some resentment for that I couldn't get.
Something to retrieve, something to rediscover,
Something to hide, somewhere to lend ears.
Sometimes I am nostalgic and think too deep,
Yes, Robert Frost has rightly said "miles to go before I sleep"
It's too short to analyze,
But things always have to be finalized.
At times I am confused with my roles,
A wife, a mother, a teacher, a daughter all with diverse goals.
Change is its rule, who's to blame,
It's too simple but always plays a game.
I was preached, I should meditate,
Be responsive and not to react,
Who knows did I get a chance to give it a thought?
But everyday I decide to get
And complete before I sleep.....

On Jan. 15, 2017, 7th period was about to start so Kartik Bora and I were moving towards washroom. Lo! The bell rang up, we rushed but found Didi washing and mopping that area. We were told to use washroom downstairs. Thus, we took double the time required to feel ourselves completely comfortable. I found two students already standing out of the class. When enquired, we were told that Geetanjali Madam had disallowed any entry after her presence in the class. I was thus, deprived of all the chances of explanation. When ma'am came out I stepped forward to say sorry. Instead of listening to our request she informed us that our names were sent to

the Principal Ma'am. Next morning, seeing Principal Ma'am approaching to our class, hurriedly we all settled down on our seats. Madam called out our names and asked us to stand in front of all. Other boys started spinning tales and making lame excuses but I revealed the truth and requested her to excuse us for our negligence. Madam appreciated our genuine reason. She, very impressively, revised some of the moral values and told us that if we waste the time, time will kill us or render us good for nothing.

Neeta ma'am wants us to do work carefully,
And teaches us to respect everyone with heart truly.
To behave nicely Neelima ma'am tells us with her

Charity

नव तपहीन
person is meaningful

One day my mother sent me to the market to buy some vegetables. Happily I was returning, I was moved to see a man sleeping on the rough foot path in such a cold weather. I told all about that person to my mother. She said, "My son, don't get overstressed. Life is full of odds and even". I couldn't wipe out that scene from my mind. I wrapped up my own blanket, collected some food from the kitchen and silently slipped off my house to help that poor fellow. He became very happy to get all these and that relaxed me too. I was shocked

to see him sleeping at the same place well contended. My help brought no positive change in him. Sadly I returned home and was taken to task by my mother. She asked me about the blanket and the food and forbade me to take anything without her permission. She told me that charity to a deserving person is a virtue and it is totally a waste if done to a nasty and lazy shirker.

Courage

Courage is a very strong word,
It is no way a coward.
It is to stare into the eyes of fear,
And come out stronger.
Courage is to admit you are wrong,
If you are really wrong.
Courage is to stand up again,
And retry to win the lost game.
Courage is to confess,
The untold you tell.
Courage is to believe,

When every thing is lost it seems.
A coward dies many times in life,
Courage grants many lives to carry on fight
for right.
Courage is within,
Courage is yours.
Courage creates opportunities,
Courage opens the new doors.

Spider: It's so nice of you to admire my house. I have built it myself.

Fly: Have you built it yourself? Where have you got that fascinating thread from?

Spider: I spin the thread out of my own body. I have built a number of houses like this. I can go on producing thread till the last moment of my death.

Fly: How strange! Would you please explain how you build your web?

The Rarest Day *in My Life*

Everyone has at least one rarest experience or an unforgettable day in life. Such a day came in my life when I was in class eight. Every year we usually move to some or the other place of our choice in holidays and that year our destination during summer vacation was Bangalore, the IT city of India. Actually, I was very eager to see the Google Headquarters in India. My father sanctioned my proposal and we got engaged in packing for a 10 day trip to Bangalore. The plane hardly took two and half an hour and we were there in a luxury hotel already booked by my dear dad. Next morning we decided to visit the Google Headquarters. We visited different sections and there only we were informed about a quiz program for the

children. My cheer knew no bounds when I was told first three winners will be rewarded by the CEO of Google Mr. Sundar Pichai. I excitedly participated in the quiz contest. The result was about to be declared, I was waiting with my fingers crossed. It was a joyous surprise when my name was announced as a winner on the second position I was rewarded with a laptop by my ideal Mr. Sundar Pichai. It was a dream fulfilled. I decided the same day to be an IT Engineer. Back home I was welcomed with a huge appreciating smile. Rarely, knocks such an opportunity in life.

CBSE Regional Level Science Exhibition

The regional level science exhibition started on January 19, 2018 and lasted till January 21, 2018 at Dehradun. These three days of exhibition were full of zeal, enthusiasm, inspiration and scientific ideas. To promote scientific thinking in our daily life this exhibition was a chance to develop the scientific ideas. There were six themes in the exhibition development. More than 50 schools participated in the exhibition with more than 70 models. In the first round four judges comprehensively inspected all the models, admired the efforts and suggested modifications. The models were smartly designed, incorporated with highly scientific ideas and computer coding. About half of the models including ours were able to get through the first round. A tough competition was faced in second round as the examiners posed questions on the very minute details of the models. The 18 models which were qualified for national got merit certificate and were wished a good.

CBSE National Level Science Exhibition

Motivated and encouraged by the recognition acclaimed on regional level, I with my mentor and companion reached Mount Abu School in Delhi to attend the National Level Science Exhibition from February 10 to 12, 2018. This was a platform where junior scientists were provided chances to present their innovative ideas in the form of models. There were about 450 schools with 850 student participants from Kashmir to Kerala, Chennai, and Gujarat to Tripura, from all over India. There all the models were prepared on six sub-themes based on sustainable development. In the first round we explained about the working and parts of our model - 'AQUAPONIC SYSTEM' which refers to a system that combines aquaculture with hydroponics in symbiotic association. We got judges' appraisal for our model and were suggested some changes for the next round. There were many models at the exhibition which were carefully designed based on basic scientific principles but those were for broad and advanced implementation. We cleared the first round. Students discovered new theories at the exhibition and were enriched with ideas which were beyond normal imagination. After the completion of second round on the third day, the exhibition was declared closed with the announcement of results and a short motivational speech from the Director of CBSE. Winning may not matter always, participation always makes a difference.

Need to Turn India Sports Loving to Sports Playing Nation

Sports is one of the most cherished, all times and everyone's favourite word of the world. It comprises various sports and the commoner are Cricket, Football, Badminton, Kabaddi, Throw Ball, Basket Ball, Chess, Carrom, Ludo and Table Tennis etc. The famous and successful players, athletes, films on these games raise the graph of our love and craze for these sports. You will find every youth, adult and silver citizen ready to talk and watch the games but very few are interested to play any.

Popularity of games exists in India. Theoretically India will be the house of highest range of the fittest youth with energy and talent by 2022 but analysis is completely opposite. Our country is the diabetic capital of the world and it stands at the third place when obesity is measured. All these problems have the same reason 'lack of sports'. Sports involvement generally doesn't mean playing a particular game officially or professionally, it can be Yoga, jogging & regular walks etc. The only need is to turn your body towards fitness.

Sports Loving People Are
generally good spectators,
good analysts & good critics
good judge & commentators

Sports Playing People Are
Strong, healthy, long lived, self dependent,
vibrant, cheerful, great leaders, self esteemed,
punctual, determined, resilient, socially skilled & always in good posture

This world is survival of the fittest. Only fit people can make a fit Nation.

Bitcoin

Bitcoin is the first decentralised digital, virtual crypto currency in which encryption techniques are used to regulate the generation of unit of currency and verified the transfer of fund operation independently of a Central Bank. Bitcoin can be used for online transaction between individuals. Bitcoin Ripple, Ethereum and other exotics have boomed in the last two years. In 2017, Bitcoin was up 2000 percent (that is, the price has multiplied 200 times) so you might be tempted to buy these. But there are the caveats:

- There are hundreds (literally) of fraud cryptocurrencies and fraudulent schemes.
- The regulatory situation is uncertain. Most nations including India are still wondering what to do about regulating them.

- You will be asked questions by the taxman.
- It is normal for 'cryptos' to fluctuate 20 percent in a single day. You could lose that much instantly. If you lose or forget the password to your digital wallet, or you are hacked, your investment goes down the drain. There is no redress, no recourse. Your money has evaporated.
- Trades can take hours or even days, to conform. So may not you know if you have traded for sure?
- If you can handle uncertainty and don't mind gambling, go ahead. Please check first if the cryptocurrency is genuine. A website like coin marketcap.com can be helpful.

Unsung *Heroes*

Let us congratulate those unsung heroes for their yeomen services rendered to society and deserve all the accolades. This article brings to light the work of a handful of Good Samaritans who are silently engaged in selfless service to humanity and remain unsung.

The conscience of Mr. Ashish Sharma a mechanical engineer was shattered when he saw a wounded drunkard child of nine asking alms at the traffic signal in Delhi. He determined to wipe off this evil practice of begging. He freed eight of such urchins and admitted them to an orphanage. He thought that war against such abductors who compel them to beg would never come to an end. So he left his job and embarked on a journey of emancipation, to march through 70,000 Km. to spread awakening among the people not to give alms instead, help children in getting education and becoming self dependent. With the help of his friends, media and public he has visited 114 schools and has conveyed his message to more than 2 lakh of people marching 10,000 miles so far. He appeals for public participation to bring about change in the society through changed mentality.

Extraordinary *Indians*

Asoulful salute to Major Devendra Pal Singh for his journey from mortuary to operation theatre after a terrific bomb blast during Kargil War! After a year long treatment of his lost leg and curtailed intestine he returned home never to think about his handicap. He created a community on whats app to pay his gratitude to them who helped him with their blood and to motivate and help those who are handicapped like him. At the age of 42 he has run twenty Marathon with the help of blade and is rearing up his son of 10 like a normal Dad.

Cheers for the passion of Mr. Gangadhar Tilak (Hydrabad) who has filled more than thousands of pits spending his own pension money for that big cause of levelling of the roads to avoid accidents. He is generally found on the road with his bag of tools.

Miraculous

Kamal Bhaiya

Sometimes, some people put extraordinary efforts that we never forget whole through our lives. It was a club activity, and there was a program named SAVE WATER. Nainanjali was supposed to open a gift which contained a Piggy Bank that symbolized save our true wealth. Unfortunately, the gift was broken into several major and minor pieces. Nainanjali turned into tears, in order to console her we took her to Kamal Bhaiya's cabin, to find some solutions.... But.... unfortunately, he was not at his table. In hurry I left the broken article on his table, took Nainanjali to assembly area,

changed the props and conveyed to all the students to make changes in their dialogues accordingly. Very soon the show was over, but Nainanjali was upset as mother Piggy Bank was broken and her two piglets (small Piggy Banks belongs to Nainanjali and her sister) were all alone as orphans. But what could be done, it was an unrecoverable phenomenon and we have to accept that mother Piggy Bank is now going into garbage box..... I rushed towards Kamal Bhaiya's table to collect the content I left over on his table. But I was astonished to see the magic performed by Kamal

Bhaiya. The Piggy Bank that was shattered into numerous minute pieces too tiny to be identified was assembled again..... Oh! Mother Piggy was alive again..... I was filled with gaiety..... I was overwhelmed, how delightfully Kamal Bhaiya put fathomless efforts to recover a broken article into a complete Piggy Bank again, without any request, without any complain, without any desire of a return, he helped the earnest pleader Nainanjali, to smile again by completing her Piggy Bank family.

Mrs. Neelima Upadhyay

You see it isn't *dead*

You can assume what we want to tell you. Yes, certainly about the Dead Sea: a strange name given for a mass of water, a large narrow salt lake that lies between Jordan and Israel. It is in a deep 'rift' that is a deep depression in this area and 48 miles long and its width ranges between 3 to 11 miles. Now comes the amazing part. Dead Sea is the lowest area of water in the world. Its surface is very shallow but in the north the depth is 400 meters. It is the world's saltiest water body, six times as salty as that of the

ocean! There are so many minerals concentrated in this sea that a man swimming in it will float with head and shoulder out of the water all the times! These minerals are valuable. It is estimated that about two million tons of potash which is used in making artificial fertilizers is dissolved in this water. This shows that Dead Sea is actually not dead but rich in minerals. So, Dead Sea can be rechristened to 'Rich Sea'.

अश्रुपूर्ण गरिमामयी पल है, मंगलमय नवप्रभात धवल है।
अभिनंदन करने का क्षण है, आशीर्वचन देने का मन है।

नवजीवन की ले अंगड़ाई, घड़ी आज विदा की आई।
बी.एल.एम. में खुशियां छाई, दिया मधुर संगीत सुनाई।

यहीं अंकुरित यहीं प्रस्फुटित यहीं मधुर गुंजार हुआ।
यहीं प्रज्वलित यहीं संकलित यहीं नया संचार हुआ।

जिन गुरुओं ने शिक्षा देखकर तुमको सन्मार्ग दिखाया।
हाथ पकड़कर नई दिशा नव पथ का भान कराया।

जिन गुरुओं ने अमित ज्ञान से किया तुम्हें उपकारित।
परिभाषित और परिमार्जित कर किया तुम्हें शृंगारित।

स्नेह सम्बंधों से अभिसिंचित और संस्कारित तुम।

अनुशासन और नैतिकता से उल्लसित और आह्लादित तुम।
सत्य, परमार्थ, पुरुषार्थ और नई उमंग के रथ पर चढ़ कर।

नए राग से नई सोच से संपूर्ण विश्व को उद्देलित कर।
नवयुग के निर्माता हो तुम, हर मां की अभिलाषा हो तुम।

नवसृजन का आधार हो तुम, नव पंथ का आगाज हो तुम।
है भार तुम्हारे कंधों पर, है कंटक तुम्हारे पदों पर।

है नाज तुम्हारे कदमों पर, है आशा तुम्हारे वचनों पर।
कांटो की इस राह को तुम फूल की राह बनाना।

वीणापाणी से वर लेकर जग को जगमगना ।

जाति-भेद को, धर्म-द्वेष को मन से विस्मृत करना ।

मलय बयार बहाकर जल में शीतलता ले आना ।

प्रकृति का रूप सलोना कर धरती को स्वर्ग बनाना।

स्नेह सिक्त और आतुर है सुनने को हम गुरुओं का अंतर्मन।
संपूर्ण जगत करें गुण-गान हर लो तुम जन जन का मन।

पुष्पित और पल्लवित होकर तुम आओ पुनः निखर कर।
श्रम से अभिसिंचित कर वसुधा, पहुंचो तुम सर्वोच्च शिखर पर।

अपना सर्वश्रेष्ठ देने को सर्वदा तत्पर रहो।

स्वयं संकल्प कर अनुशासित हो स्वयं ही षपथ लो-
'नवयुग का निर्माण करेंगे, जन-जन का कल्याण करेंगे।

बी.एल.एम. का अभिमान बनेंगे, युग-युग तक सम्मान करेंगे।'

fun & frolic

Trips, excursions and outings are an important aspect of an educational programme as they reinforce, complement and extend learning opportunities beyond the class-room. Trips from 10 to 15 of Mar.2018 to Parle-G factory, Printing Press and Ashtadashbhuja MahaLaxmi Temple were organised to allow for planned and purposeful learning in context which was thoroughly enjoyed by the children of class 2 to 5.

Trekking

In the biting chill of Jan.2018 the enthusiastic students of class XI had a gala-time. They entertained themselves with the cheers, hoots and songs en-route in the bus and reached Bhowali a small quiet place with healing climate and majestic pines all around. That's why British established the first sanatorium of India here only. After savouring wholesome sumptuous breakfast adventure

loving youth enjoyed every step of trekking and went for various other activities which were scheduled for them like rock climbing and rappelling with the guide provided by the camp organiser. The evening was spent in singing and dancing in the gracious company of Principal Ma'am AO Shnatanu sir, Badal sir & Jaya ma'am under the sky full of stars by the campfire. The sweet memories of this trip will be cherished for ever by all.

Parents' Views

Along with tremendous growth in academic my son's personal behaviour is improved and confidence level is raised. He recites mantra, poems & enjoyed all the activities at home also. The credit goes to BLM academy only. Thank you!

Mrs. Kavita Sah & Mr. Yogesh Sah P/O Vivaan Sah LKG

BLM Academy is the end of our search for the best school where we can send our children for better future.

But for such a great school I have requested my department not to shift me to other city for organisational transfer. I want to give my children a solid base through BLM Academy.

Mrs. Anshu & Mr. Atul Agrawal P/O Lakshita Agrawal UKG, Aishika Agrawal I

यहाँ बच्चों को बहुत ही सहज एवं सरल तरीके से पढ़ाई के साथ साथ नृत्य, गायन, भाषण, नाटक, खेल-कूद एवं कला-शिल्प आदि से खिलने का पर्याप्त अवसर दिया जाता है जिससे बिना किसी मानसिक तनाव के बच्चे का सर्वांगीण विकास हो रहा है।

श्रीमती चम्पा एवं श्री नवीन चन्द्र दुम्का, अभिभावक याशिता दुम्का II

I am very happy with my son & daughter's performance in new but congenial atmosphere of BLM academy. Daily they are learning new things. I like and appreciate the level of handout prepared by the teachers. And activities are really exploiting the potential of the child in the best way.

Mrs. Anjali Gupta M/O Naitik Agrawal VI & Vidhi Agrawal III

मेरी बेटी प्रतिदिन स्कूल एवं शिक्षकों की प्रशंसा में कुछ न कुछ नया बताती रहती है। परन्तु आज जब मुझे अपनी राय बताने का मौका मिला तो मैं बेहद खुश व कृतज्ञ हूँ। शायद कम ही विद्यालयों में अभिभावकों की राय को इतना महत्व दिया जाता है।

श्रीमती सीमा वर्गली, अभिभावक प्रियल वर्गली IV

We are satisfied that our daughter Pratha Shah is in good secure hands. We are highly thankful to Principal Ma'am, teachers and the supporting staff.

Mrs & Mrs Manvander Shah P/O Pratha Shah V

I am well satisfied with the progress of my son in this school. BLM is one step ahead of other schools as it provides different hobby classes which bring positive transformation in a child & help him/her to make right choice with more confidence.

Dr. Bhawana Joshi M/O Bhavmanyu Joshi VI

Our child returns from BLM with smile on his face. He enjoys the freedom of participation in activities, interaction with teachers, and facility of Digi-Board which he missed in his previous school.

Mrs. Nutan & Mr. Pankaj Agrawal P/O Dhruv Agrawal VII

The school environment is positively transforming my daughter's behaviour we are thankful to The Principal for her cooperation in solving our problems whenever we need.

Mrs. Shanti Joshi M/O Diksha Joshi VIII

बी.एल.एम में बच्चों के साथ-साथ अभिभावकों को भी अपनी प्रसुप्त-प्रतिभा-प्रदर्शन के लिए अवसर प्रदान किये जाते हैं जिससे प्रोत्साहित अभिभावक अधिक सजगता से अपना दायित्व निर्वहन करने हेतु प्रयासरत रहते हैं।

श्रीमती बीना एवं श्री दीपक शर्मा, अभिभावक खुशी शर्मा X

The holistic & conducive atmosphere of BLMA has brought a great change in our nephew's general behaviour. We are quite satisfied with his all-round progress.

Mrs. Santosh & Mr. M.P. Singh. L/G of Gaurav Chaudhary XI

With completely dedicated & loving Principal, brilliant & caring staff, BLM is a perfect school. Everybody is ready here to give right guidance & counselling whenever needed. May the school flourish day & night!

Mrs. Radha & Mr. Adesh Tandon P/O Khushi VII & Aseem Tandon XII.
