COUNCIL/PV / 2020

25th September 2020

To: All Heads of Council affiliated Schools

Subject: Continuance of the 'CISCE Virtual Learning Series' on the Council You Tube Channel in the month of October and its additional benefits.

Dear Principal,

This is further to the CISCE circulars dated 4th September & 9th September 2020 regarding its initiative to restart the conduct of 'Live Lessons' through the CISCE You Tube Channel.

Ever since the Inaugural lesson of the 'CISCE Virtual Learning Series' on 9th September 2020, the CISCE has live-streamed many lessons with the assistance of its various Subject Experts both at the ICSE & ISC Levels. The responses received through the Online Google Forms from students, teachers and parents have been overwhelmingly positive and most encouraging.

This has motivated the CISCE to continue its 'Virtual Learning Series', in the interest of the students, for the month of October as well. The schedule for the month of October will be uploaded on the CISCE website and on the CAREERS Portal.

Besides the direct benefits which the students may derive from viewing the 'CISCE Virtual Learning Series', there are some additional benefits as well. These are:

1. **Set of Question & Answers for every lesson** – At the end of each lesson, the subject expert answers questions posed by students during the live Q/A Session. As it is not possible to respond to all the questions posed by students during the live sessions, the answers to the remaining questions received during the live session are made available in the form of a set of written questions & answers. These questions and answers for each live lesson are available on the CISCE website, in the Notice Board Section.
2. **Assignments for every Lesson** – Immediately after the Q/A Session, the Subject Expert provides an assignment for students to do. These assignments are given at the end of every live streamed lesson. These are good as a practice exercise for the students. Schools may also use these assignments to grade the students.
3. **Availability of the lesson videos after they are live streamed** – Post the live streaming of each lesson, the videos are made available on the CISCE website so that students and teachers, who may have missed the live lesson, can view the videos later.

You are requested to kindly inform your students of the above, so that they may avail all the benefits of the CISCE's initiatives.

With warm regards,

Yours sincerely,

Gerry Arathoon
Chief Executive & Secretary
