Principal's Message

"EDUCATION IS NOT THE LEARNING OF FACTS, BUT THE TRAINING OF THE MIND TO THINK."

CJM Hampton Court, thrives to enterprise academic excellence with a good human value system, which enables children to grow into loving, compassionate and sensitive human beings, following the Pedagogy of our Mother Foundress St. Claudine Thevenet . We teach our students to be modest, humble and disciplined, while being ready to expand the horizons of their knowledge and skills by dreaming big and working hard.

"Freedom can only be effectively exercised if it is guided by discipline."

Discipline is an integral aspect of education as it helps to develop self-control and a sense of responsibility. Our aim is to nurture the child into self-motivated individual.

I appreciate our parents for supporting the school in every aspect. I also thank the relentless efforts of our teachers for giving their best in bringing out the best in each child.

A School plays an important role in changing the society. It ignites young minds to become good citizens and good leaders of the country. Encourage children to consider what it is that they prize and cherish, give them opportunities to affirm their choices, encourage them to act, behave and live in accordance with their choices. Aristotle once said that, "Educating the mind without educating the heart is no education at all."

Let us as a team imbibe a rich value system in our students. Our students must pass out of this Institution as young men & women always ready to serve those in need.

I wish an abundance of the peace and joy of Christ our Lord and let us work together for the development of our children who are our future!

School Song

Light of Hope and Glory!
Hampton Court we hail thee.
Guiding us in duty-
Leading us "onto the stars"
Year by year you teach us
To face life courageously-
Shining bright like a torch in flame"
Holding high "Honour & Truth!"
With joy in our hearts we pledge
Ever to be true to thee!
Light of Hope and Glory!
"Alma Mater "we love thee.
Keep our hearts pure and free
Living your "Values"Gladly.
Jesus and Mary you give us
The "Key"to Happiness.
By giving our best to others
In loving Service and Care!
With joy in our hearts we pray
May God Bless our School.
"Alma Mater"Forever !

The Editorial

"It is our choices that show what we truly are, far more than our abilities."

Life is a journey, where destiny testifies our ability, our efforts, for a reason, we are unaware of. Life provides various instances where abilities have helped to grow, to learn and achieve the best in life. I am very delighted to write the editor's column when the school saw many historical events which proved a great success. The experiences gained in life help us to live a life more carefully and with more courage to persevere towards our goal.

The year 2016, was indeed, a year full of precious experiences, perfect happiness and a time period to self-introspect the hidden talents and goodness within each one of us. The Magazine is an instance of our experiences, happiness and the values learnt and imbibed. The magazine includes a detailed coverage of all the activities of the school. The school magazine is a glimpse of the editorial board's efforts in making this year's magazine attractive and more comprehensive in its content. Life is beautiful when efforts of the group, result so good. Goodness is the very virtue of human that makes it the greatest with purest soul.CJM Hampton Court has developed its students in an environment that makes them confident of facing the world and conductive of the values of Our Mother Foundress St.Claudine Thevenet. The editorial is grateful to have received a great amount of support of all the students of the school. The support was indispensable as the articles provided by them and the elevation of their language and their content is remarkable. This year, we had the group discussion in the parliamentary form. In the beginning, the school organized the declamation and debate for the students of classes IV, V & VI, which was a milestone in the journey of Hampton Court. The tree plantation campaign was conducted as a part of the school's contribution towards saving nature.

All throughout the year, the school took "Protecting nature" its priority and based on various important events on the theme of nature. It is our concern for Mother Nature that makes us feel that it is our responsibility to save earth and environment. This year Mother General, Sr. Monica and Sr. Irene, General councillor visited our institution and gave us an opportunity to thank our dear sisters for their efforts which help us, our school and all other schools of Jesus and Mary to move on.

The editorial extends its gratefulness to The Principal Sr. Lucy D'Souza ,Sr. Susie for always being a source of inspiration for each one of us. I am thankful to all the teachers for their guidance for this magazine. The editorial is obliged to Miss Nandita, head of the Magazine's English department and Miss Dilawar, head of the Magazine's Hindi department for their constant support. I thank the students for their contribution in the magazine.

Life continues and with it the journey forward, the journey of life-full of experiences and life changing lessons. I am hopeful that the magazine evolves and becomes better year by year.

"The roots of all goodness lie in the soil of appreciation for goodness."

School Re-opens

School bells are ringing loud and clear;
vacations over, school is here.

The School reopened on 1st March 2016.

"Let go of yesterday.
Let today be a new beginning and be the best that you can,
and you'll get to where God wants you to be".

With this goal, The Staff and the Students pledged to accept all the opportunities and challenges to grow into a knowledgeable person.

The new comers were welcomed .The Principal, Sr. Lucy D' Souza, addressed the assembly of the students.

Every new beginning comes from some other beginning's end.

Staff Seminar

By Sr. Lucy D' Souza
&
Ms. Vinita Sarin

There was a Staff Seminar conducted by our Principal, Sr. Lucy D' Souza.At the onset of the Academic Session she gave inputs to the Teachers to perform as role models to the students. She stressed on the pedagogy of our Mother Foundress, St. Claudine Thevenet. We should stress more on character formation and set standards for the Society.

The new Staff Members introduced themselves and felt good in the healthy working environment. The Activity calendar was discussed and Activity Co-Ordinators were declared for the smooth functioning of the Academic Year.

A one day Motivational Seminar was conducted by Ms. Vinita Sarin, Resource person from RatnaSagar, Publications for the teachers of CJM, Hampton Court, Mussoorie in the Old Hall..

The seminar started by an exercise, through which all the participants of the seminar got introduced to the gathering.

In the introductory talk by Vinita Sarin explained the role of the Family, School, Society and Media, on Children of our time. The teachers felt that the main challenge in teaching the children is to be a good role model.

She inspired all the teachers to consider this box not as a classroom but to think it as an experimental field where

continuous research takes place. Finding more innovative ideas and dealing with the differences and problems encountered while teaching learning process.

She related teaching with the research but the only difference is that teachers do not document their work. Thus she inspired all the teachers to pen down their experiences and work upon to make a written document for assisting the new teachers to guide and enrich them. She emphasized on to connect learning with the real life situation.

What the teachers have to do is prescribed in the textbook. Textbook are the key to the syllabus to be covered in a particular class. Thus a teacher must identify and recognize the concepts included in the chapters given in the textbooks.

Inspirational video clips captured the attention of the participants. There were around 28 teachers present in the seminar. Ms. Nandita expressed a vote of thanks and wished all the best to the teachers.

School Staff with Ms. Vinita Sarin

Prayer Service

"When you are in the dark, listen and God will give you a very precious message"

Prayers are said to be the strongest communicators between the humans and God. Without prayer, we may not be able to work efficiently and as wonderful as with the Divine Blessings. Prayers are a boon that we have been given, by our Almighty father. God listens to our pain, our calls through prayers. At the beginning of every new venture we must pray to God, for His BLESSINGS WORK MIRACLES!!

Abiding by the same, at the beginning of the new Academic session 2016,CJM Hampton Court conducted a special PRAYER SERVICE. There were Special intentions by the teachers. The prayers were for the welfare of the school, the teachers and the students.

Loving God, thank you for the joys that the Winter Vacations brought to us. You have blessed us with time to spend with family and friends, rest and relaxation, and a break from school work. As we return to our studies, inspire us to take on a new interest in new classes and new topics.

Be with us as we discover old friendships and start new ones.

For all people who have made this new school year possible, especially faculty and staff. Bless their work now and throughout this school year.

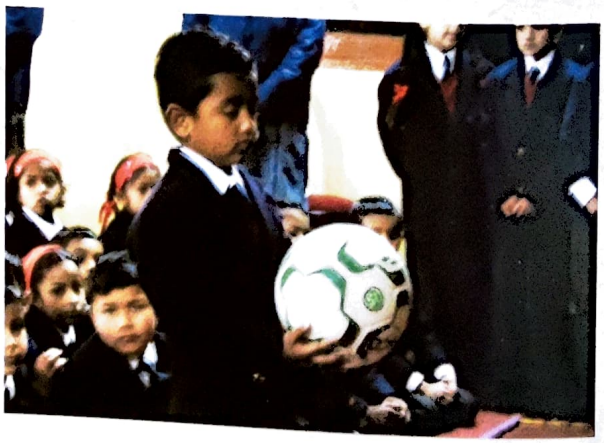

We pray to the Lord.

For the students, may join together in unity and support of one another in the classroom, in clubs, and on sports teams. We pray to the Lord.

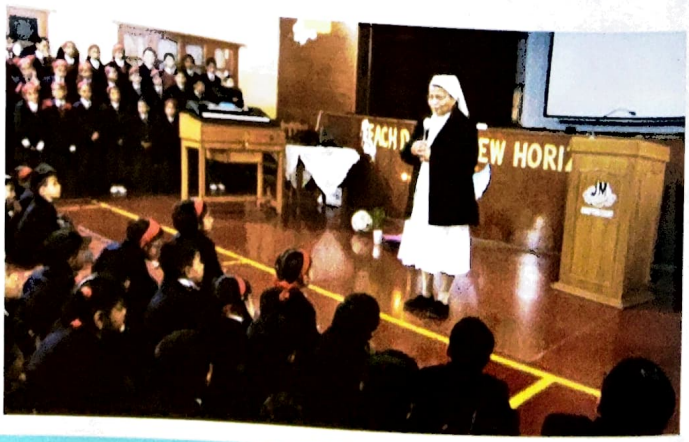

May THE LORD ALMIGHTY Shower His divine blessings on each one of us, for the new academic session and forever.

"When you are sad, Pray. When you are happy, Pray.
When you cry, Pray. When you smile, Pray.
When you are alone, Pray.
Because, Prayers work Miracles."

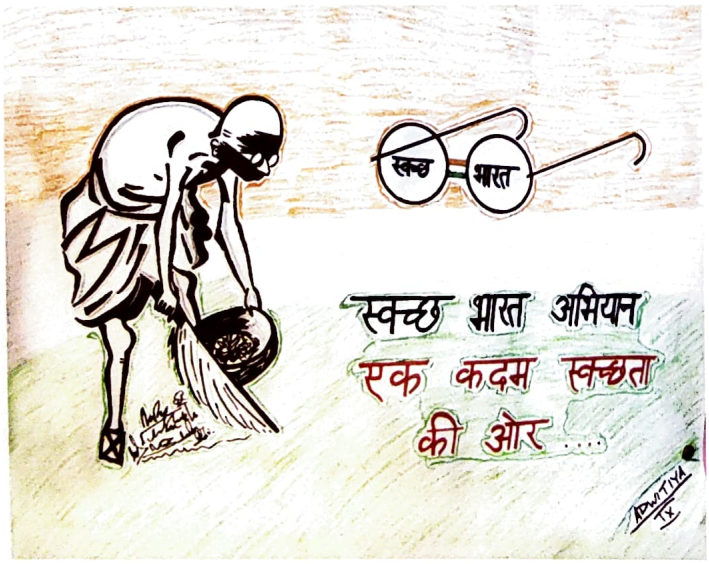

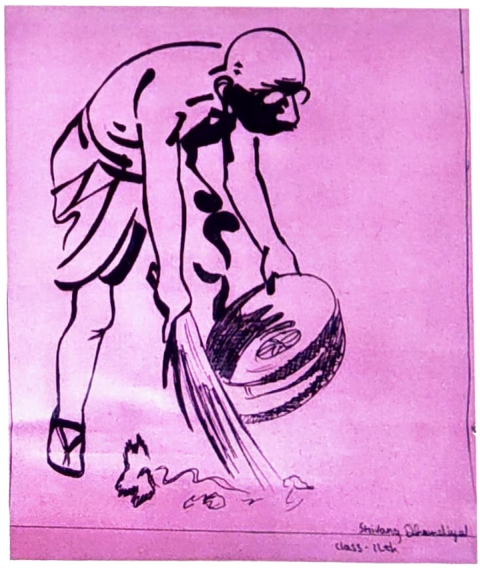

Holiday Projects

Homework is important because it is at the intersection between home and school. It serves as a window through which you can observe your children's education and express positive attitudes towards your children and their education. As children grow older, homework and the amount of time engaged in homework, increases in importance. For teachers and administrators, homework is a cost effective way to provide additional instruction in practice.

Let's examine the six constructive purposes for homework in the context of your child's educational experience. The first two are the most important and obvious. Through (1) practice and (2) participation in learning tasks, homework can improve your child's achievement. Thus, it would be expected that if homework was completed accurately, not only would your

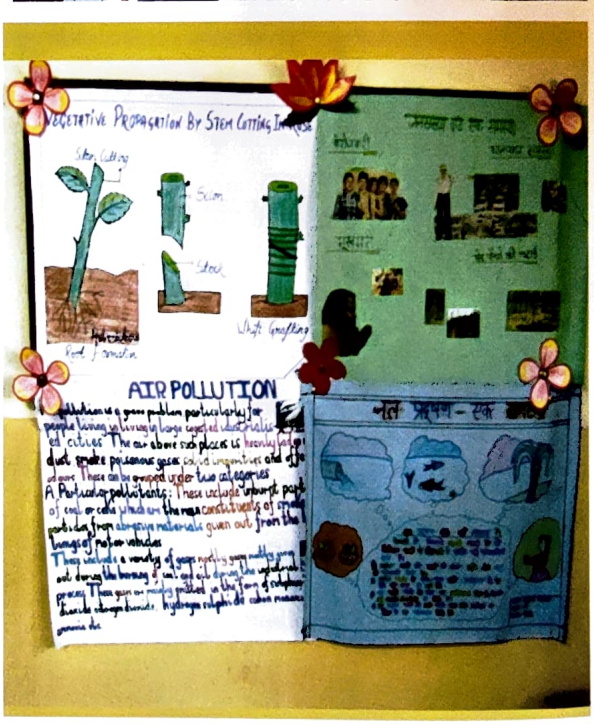

child's general knowledge and grades improve but your child would also increase mastery of basic academic skills, such as reading, writing, spelling and mathematics.

Homework can provide other benefits. Your child's ability to bring an assignment home, gather and organize necessary materials to complete the assignment, return the assignment and receive a grade, strengthens his or her sense of responsibility. Time management skills are learned. There is also improved (3) development of personal skills such as time management gained by completing homework. Further, when homework proceeds smoothly it can become (4) a positive aspect of your relationship with your child.

The students of CJM, Hampton Court, displayed their holiday projects and they were assessed by the teachers.

Annual Prize Distribution

The Enterprise House bagged the Cock House trophy at the Annual Prize Distribution at Convent of Jesus and Mary (CJM) Hampton Court School in Mussoorie yesterday.

The programme began with welcome of the guests and a prayer service.

The children of ICSE class performed a musical play giving the message of saving water and preserving the environment. The students also presented several monologue skits and a Garba dance from Gujarat.

The Guest of honour Sister Lucy D Souza, Principal of the school, gave away certificates and prizes to the academic achievers. Ten scholarships were also given on the basis of merit-cum-means, science and creativity to children of classes I to XII. The three Dina Belanger scholarships, two Claudine Thevenet scholarships, two Principal's scholarships, two KC Ramola memorial scholarships for science toppers for ISC and ICSE and one Smt. Geeta Agarwal scholarship to a creative student.

Vijay Ramola and Manish Agarwal, members of the Alumni Association, gave away cash scholarships to the students who had excelled in academics.The programme concluded with a motivational speech by Sister Lucy D'Souza.

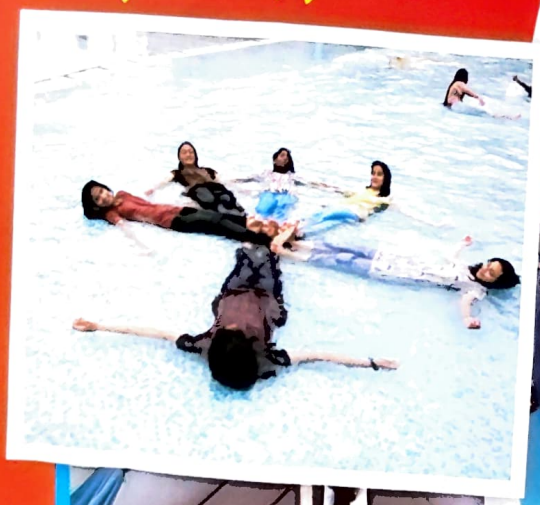

Class Picnics 2016

"Even though you're growing up, you should never stop having fun"

Picnics give students exposure to enjoy or experiences fun and frolic away from School, They refresh the minds with thrill.. It is an important experience to face life with renewed vigour. Every year CJM Hampton Court organizes picnics for the students.

This year classes KG to II went to Company Garden, in Mussoorie.

Classes III and IV visited Dhanaulti. They enjoyed in the Eco Park, on the slides and swings. They played football and badminton. The students explored the beauty of the place.

This year class V and VI went to the Fun Valley. As soon as they reached there, they enjoyed the dry slides and roller coaster,

swings, car fights, water splash and many other exciting rides.

Class VII went to Crystal-World to enjoy in their picnic. After having a great time on the rides they proceeded to the water slides and the most exciting part was the wave pool. The day concluded with a lot of exciting memories.

"When you start recognising that you're having fun, life can be delightful."

English Elocution

"When power leads man towards arrogance, poetry reminds him of his limitations. When power narrows the area of man's concern, poetry reminds him of the richness, of diversity of existence. When power corrupts poetry cleanses"

Elocution is the art of public speaking and improving diction and clarity.

To nurture this art in the students of Hampton court , we organised the English Elocution Competition for the students of classes IX and XII. The competition was divided into two sections , one for the junior school

which was judged by Mr. Dhirendra Raturi and Mr. Tsering and the other for the Senior school which was judged by Mr. Dhirendra Raturi and Ms. Nandini Singh.

The students with full expressions and enthusiasm showcased their talents .**It is rightly said that Poetry is the one place where poets can express their original emotions. The same was followed by our students who fully expressed themselves with the same mindset of the poets.**

The winner class from the junior school was class VIII and from the senior school was class XII.

It was an event full of enthusiasm and excitement. It was a pleasure indeed to see our students orate in a smart and disciplined manner.

Investiture Ceremony 2016

"It is better to debate a question without settling it than to settle a question without debating it."

As it is said ,true leaders are not born ,they are made .The Investiture Ceremony of CJM Hampton Court for the year 2016 was held on 30th April 2016.The chief guest of this Solemn event was Sh. Shendil Kumar, Commandant, ITBP, Mussoorie.It was a great and memorable day for every badge bearer.The Ceremony began with the welcoming of the Chief Guest with bouquet of flowers followed by the Welcome speech.

The Investiture Ceremony is one of the special event in CJM Hampton Court .Leaders lead their juniors, inspire them to be loyal and sincere towards their school. It was a moment of pride and happiness for each council member.The school was made aware about the house System.The council consisted of 14 members. The members of the student council were given their insignia of office , badge and house flags. The Newly Elected Council Members took their oath to be true to themselves and understand their responsibilities and duties given to them.

The Chief Guest addressed the school giving a clear message that leaders are created and it is the inner ability which makes a person , a true leader. His words were very inspiring and motivating for the newly elected council members. The Head boy proposed the Vote of thanks. The ceremony was concluded by the school Song followed by the National Anthem .Keeping the motto of our Alma Mater " Light of Hope and Glory " resounding in the Hall.

INVESTITURE CEREMONY 2016

HELPERS DAY

"To give real service you must add something which cannot be bought or measured with money, and that is sincerity and integrity".

Our helpers are the one who make our each day possible in school. These people lay their lives in the service of others and teach us a very valuable lesson that no work is demeaning and every work demands respect.

So to make our helpers feel special we celebrate the Helpers day. This is the day when the efforts and services of each helper are appreciated. The students of Class VIII tried their level best to make this day really auspicious and memorable.

They were entertained by the dances and plays. There were some exciting games, which were wonderfully played by our helpers. We had the gift ceremony where each helper was presented a token of our love.

We are very grateful to have committed helpers.

School fete

"Today was good. Today was fun. Tomorrow is another one."

Life is simply having fun in whatever lies ahead, as to a heart that smiles, to a heart that is full of happiness, all difficulties move away. It was a great pleasure for CJM Hampton Court to organize the Annual School Fete, a long awaited activity on 14th May 2016.The School Fete was indeed a great day in which what was compulsory was utmost FUN. The teachers as well as the students got a break from their routine work. The chief guest for the day was Ms Ruchika Washington. The fete was declared open at 10 a.m.The excitement and the thrill among the students made this event a grand success. Different stalls with wonderful and different games, the food stalls of delicious food items like ice-creams, Chinese, south-Indian added to the excitement of the students.The Jam sessions was greatly enjoyed by our Ex-Students.

Students from different schools also paid a visit to the school fete and enjoyed their day with us..

The Day concluded with the Lucky Draw, which was eagerly watched by many hopeful eyes. Fun is never ending, life is never ending as Excitement in Life is infinite.

"Great are the days of Life, where fun and smiles are highly valued..."

English Dramatics

"Drama is the best way to showcase one's emotions and to entertain others".

This year the four houses came up with different ideas and different plays.

- The Endurance house staged the "Taming of the shrew" by William Shakespeare.
- The Endeavour house- "The Soulful letter" which was a dapted from A Wife's letter by Rabindranath Tagore.
- The Encounter house-"The Merchant of Venice" by William Shakespeare
- The Enterprise house-Beauty and the Beast (Hampton court version)

These plays were exciting and the acting ability was mesmerizing.

The judges for this year were Ms. Helena Singh from Life Centre, Dehradun and Ms. Malini Singh.

In all these plays what was noteworthy were the authentic sets and the heartfelt performances by the actors. The judges were highly impressed by the innovative ideas of performing these plays on stage. These plays could not have been possible without the help of all the house teachers and the house captains.

The first position for 2016 was bagged by Endeavour house(Green house) and the second position was bagged by Encounter house(Red House).

The best actress trophy went to Poonam Thapa of Endeavour house and the Best Actor trophy went to K. S Arartik of Enterprise house.

Endeavour The Soulful Letter (Winner)

Encounter The Merchant of Venice (Runners-up)

Endurance Taming of the Shrew

Enterprise Taming of the Shrew

Singing Competition

"Music expresses that which cannot be put into words and that which cannot remain silent"

The singing competition for standard I to V was held on 19th June 2016. This helped the children to showcase their talent and gain confidence. It was surprising to hear them sing melodious songs.

Their performance was par excellence and was thoroughly appreciated by all.

The Judges were Ms. Rekha Singh and Ms. Pratibha. Both the teachers appreciated the talents of the students.

"Where words leave off, music begins."

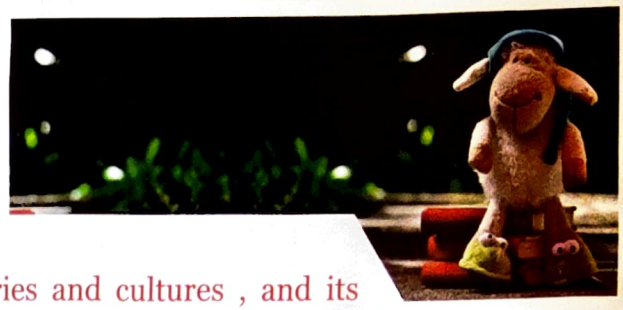

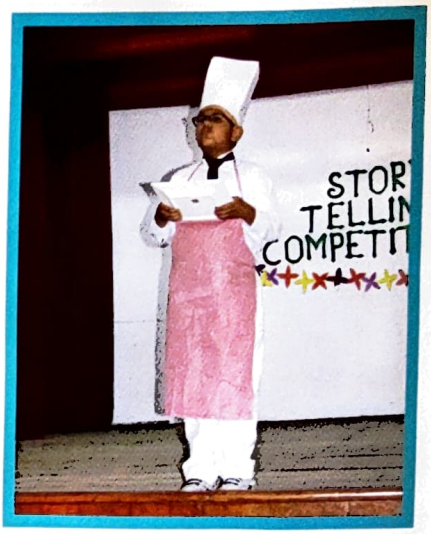

Story telling

Storytelling is a creative art form that has entertained and informed across centuries and cultures , and its instructional potential continues to serve teachers. Story telling, or oral literature, has many of its roots in the attempt to explain life or the mysteries of the world and the universe.

Story telling is an ancient and valuable art that extends around the globe. Students develop their own story telling talents, apply the techniques of story telling, create story telling guides, and perform a story for an audience.

Some stories have lasted hundreds and even thousands of years and are still being told. Stories began with the oral tradition, meaning they were passed on by being heard and retold. Later, people began to write the stories down, but we still love to hear stories told out loud.

Stories are powerful. They can teach morals, the values that the author of the story thinks people should live by. They can teach history. They can entertain us. They can make us think about things in ways we've never thought of them before. They can make us laugh. They can make us cry. Telling stories is a large part of what makes people connected to each other.

Stories are a part of every culture. Stories about our country and its history help us feel proud of our nation. Stories about our ancestors teach us about where we came from and the things we have in common with other people around us.

Our students participated in the Story telling Competition. They were introduced to a range of story experiences; and it nurtured and encouraged a sense of humour in them.

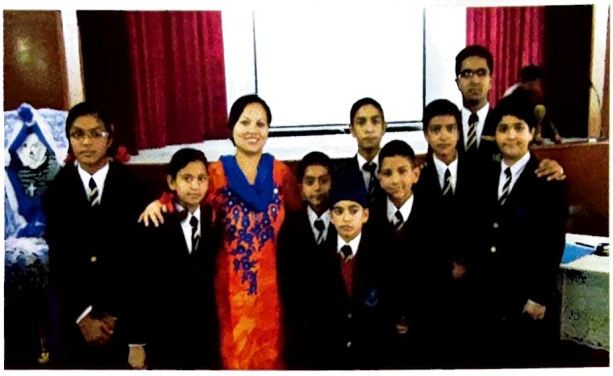

Inter House QUIZ

"KNOWLEDGE IS THE FOOD OF THE SOUL"

A quiz is a game which can also be called a mind sport wherein the players, either as individuals or in teams attempt to answer questions posed to them correctly, in order to win a prize. The objective of every Indian school quiz competition is to encourage students to look beyond their textual knowledge and establish a relationship between theory and application of the learnt concepts. Quizzes are designed to promote, a fun way to study and in the process help improve one's general knowledge

Quiz competitions enables students to think from different angles or simply to think out of the box. It promotes a healthy debate amongst participants in order to learn from each other

Quiz competitions in Schools and Universities to aid in language development and in particular subject areas of study,aiding in the team building process and it is fun to participate in but with a competitive element.

There were a wide list of categories, including: Ancient History & Mythology, Art& Literature , Entertainment (Films, TV, etc.), Food & drink, General Knowledge, Geography, History, Music, Politics, Science & Technology, Sports and many more.

Our students participated with keen enthusiasm.

Foundress Day

I believe if you keep your faith, you keep your trust,
you keep the right attitude,
if you're grateful, you'll see God open up new doors.

On 31st July the Foundress Day programme commenced with the lighting of Lamp by our Principal Sister Lucy D' Souza along with the other Sisters of the Community. There was a prayer service which included Bible reading and the Teachers prayed for our Sisters' good health and prosperity.

The students of Class IX performed a beautiful dance drama staged on the Importance of literacy in a girl's life. When we empower a woman, we are investing in the future of their children, families, communities and the Nation. There was a Power Point presentation on SAVE TREES.

The teachers and the students sang the "Happy Feast Day" Song and wished our dear Sisters, on this special occasion.

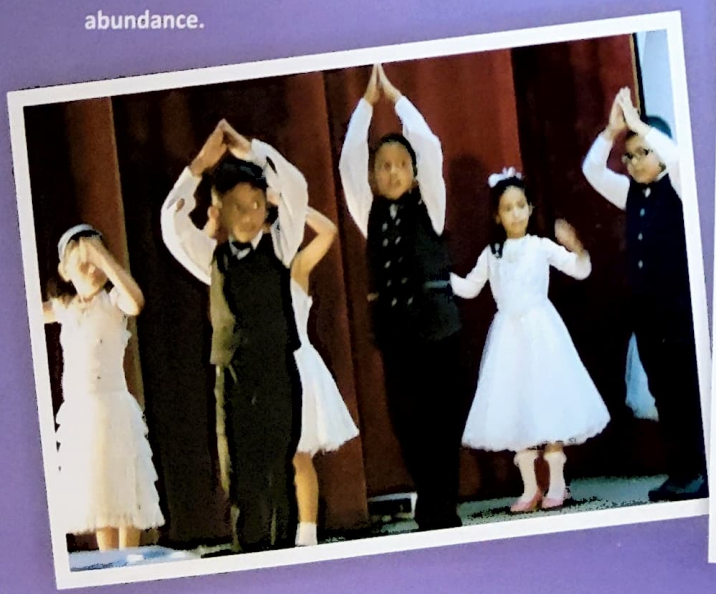

Our Principal Sister Lucy D' Souza gave a short message and wished the entire school a very Happy Feast Day.

When you focus on being a blessing, God makes sure that you are always blessed in abundance.

Cultural Week

Showcasing talent is all about promoting the talents and abilities of students and providing them a platform to portray their creative abilities. This creative outlet is essential for children.

Our students showcased their talents in various categories, namely, western dance, collage making, T-shirt painting, mask making, mehandi, gift wrapping, salad preparation, pot decoration and non-fuel cooking. On the 23rd August,Ms. Nirmala and Sir Simon judged the solo singing and gave away prizes to the winners.

Ms. Rajni Aikant judged the other categories on 24th August, and appreciated the efforts of the creative students.

It is real fun and interactive showcase for both students and the teachers.

Sister Lucy D' Souza, Principal of CJM, Hampton Court, gave away the prizes to the winners and appreciated the efforts of the students. She applauded the creative approach of the coordinators.

Inter House Debate and Declamation Competition

"Debates are the war of words accompanied with fiery words spoken from the soul and mind"

Debate is way of expressing your views along with the arguments by persuading one another. It is like preparing yourself to argue for your viewpoints. So, the Hampton court family witnessed, The Inter House Debate and Declamation Competition 2016. The students of Classes IV and V in one group and Classes VI to VIII in the second group participated in the Declamation Competition to orate the speeches. Ms. Sabina Duggal, Principal of Dove Hill School Mussoorie, judged the speakers.

Yashasvi Negi of Endeavour House and Simran of Encounter House were the best Speakers.

Debate is an activity that sets your brains to work more efficiently. The participants of classes 11th and 12th participated with keen interest in this activity. The judges of the day were Father Samuel and Ms. Nandini Singh.

The Topic on the floor for this year was -:

" Humanity has lost its relevance in today's world "

Each House represented two speakers, one for the motion and the other against the motion. The topic of the debate was very interesting. The program began with the welcoming of the judges and then the debate started. Each speaker first gave their views and then answered the questions by the audience of classes 9th to 12th. All the speakers spoke with a lot of zeal and zest .The questions were mind blowing and the answers of which were outstanding. They orated their views in the most fluent and confident manner. The performance marvelled all the audience.

The best Speaker trophy was bagged by Raghav A. Bijalwan of Enterprise House. The overall House was the Endeavour House. The program concluded with the words of the judges and Vote of thanks .

Independence Day

The preservation of freedom is not the task of soldiers alone. The whole Nation has to be strong.

Lal Bahadur Shastri

On 15 August 1947, Jawaharlal Nehru, who had become the first Prime Minister of India that day, raised the Indian national flag above the Lahori Gate of the Red Fort in Delhi. On each subsequent Independence Day, the Prime Minister has raised the flag and given a speech. Independence day is very important day as it is a day when everyone depicts the true feeling of Patriotism.

Like every year, this year too our school celebrated the Independence day .Class XI began the programme with the unfurling of the National flag by Father Samuel, which was followed by the National Anthem. The students then presented a cultural program. The cultural program began with the prayer service in which everyone prayed for the country and thanked god for this day of independence .Class XI students sang the melodious patriotic songs. A street play was enacted to depict India, our motherland.

The program concluded by the address of our Principal, Sr Lucy

D'Souza to the students on this auspicious day.

She told the students about the supreme sacrifice the great martyrs gave for the sake of freedom. She also said that the freedom was very precious and it was very necessary to preserve it.

The Principal exhorted the students to follow the ideals of the great people like Mahatma Gandhi, Nehru, Subhash Chandra Bose etc.

DINA'S DAY

Faith furnishes prayer with wings, without which it cannot soar to heaven.'

Dina Belanger, a TRUE IDOL of Values and God's grace. The entire school assembled, every morning, to celebrate the feast of Blessed Dina Belanger. Special assemblies were organized and conducted by the students of junior school on various values of Dina Belanger.

Without prayer we have neither light nor strength to advance in the way which leads to God.'

Beautiful messages were given by the tiny tots of our school. Dina's aim of spreading God's name still prevails in this universe. Her devotion and Love towards Jesus and Mother Mary is really an inspiration for all of our in this 21st Century.

'He who prays most, receives most.'

TEACHERS' DAY

"A teacher takes a hand, opens a mind and touches a soul"

With these words in our hearts ,The Hampton court family Celebrated the teachers day as a mark of showing gratitude towards the teachers for whatever they do, to shape our future. A Teacher is a hope of light in the dark .where there is no way, teacher is the way of life guiding us forward.The Mind blowing celebration was organized by Class 12TH under the guidance of Our Principal Sr. Lucy D'souza and Sr. Susie.

The program was marked historical with Classes 11th and 12th working in co-operation to make this day a successful one . The day began with showering of petals, formal welcome which was followed by the Prayer Service in which the whole school prayed not only for the teachers of the School but also teachers all across the world. The teachers were requested to cut the cake and were given the cards and gifts on behalf of the school. The occasion was celebrated by various dance performances of various classes .

The students of Class 12th performed a Mime Act saluting the teachers and giving a clear message that teachers never forget their students. The songs sung by the Choir of class 12th and school choir reflected the love for teachers. The outstanding performances made the teachers, tap their feet too. The program then moved towards the games for the teachers which were very exciting. The program then concluded with the vote of thanks and the Principal's address .The

Tug of War

teachers were then given the chocolates as a mark of sweetness that they have in their hearts."Tug of War" was played between the students of Class 12th and the teachers. The day was a memorable one filling our hearts and the dairy of the minds with these beautiful moments. The CJM Hampton Court family showed their gratitude in such a manner that made teachers proud of being a part of this great institution.

"A Teacher is a Lamp,
A light that Leads."

Track and Field Events

Physical fitness is not only one of the most important keys to a healthy body, it is the basis of dynamic and creative intellectual activity.

A day, when the spirit of true sportsmanship, is seen, amongst the students. Success comes to those who take every opportunity as a healthy competition .This year, for the track and field events Mr. Ajay Ramola, Alumni member was invited as the Chief guest. The program commenced with the oath-taking ceremony by the Games Captain, Ayush Negi.

The program began with fun races of the students of the Junior School. Classes LKG and UKG had fun races, whereas Classes 1st, 2nd and 3rd participated in different exciting races.

After the fun races, the program continued in the Hampton villa. Here, various races for various groups took place which consisted of the students

from class 4th to 12th. The races consisted of 100 meters and relay races for various groups. The athletes were motivated by the house teachers, house members, captains and the vice captains. The Athletes did their best and made all his efforts to win the medals. Our Chief Guest Mr. Ajay Ramola addressed the students. The program concluded with the school song,

The human body is the best picture of the human soul.

SPORTS DAY 2016

The most awaited day of the year for each and every Hamptonian is the Annual Sports and PT drill display 2016. The sports day was held on the 6th October 2016.Mr. Manish Kumar, Commandant of ITBP was the Chief guest of the day .The theme for the year 2016 was "Save Environment, Save Earth ". The day began with the March past in which all the Four houses marched and gave a salute to the chief guest.

Art, Craft, Science and Value Education Exhibition

An Art and Craft exhibition for the students was organized on 3rd November,2016. It got an overwhelming response both by the guests as well as by the children. Beautiful art and craft work made by the students was on display. The exhibition was appreciated by the honourable guests. Brother Anthony, from Nirmala Inter College in Mussoorie. It surely displayed the talent which the children have. The beautiful paintings and art work left the spectators mesmerized. Various art work like paper pasting, clay modeling, thumb impression, stamp printing, rangoli, glass painting were on display.

Science students put up interesting models. Brother Anthony appreciated the students and the teachers for the effort taken and said that Young people who can innovate, cooperate with others, and stay resilient would be able to rise up to the challenge and make our earth a better place.

Mother General's Visit

"The purpose of Life is to listen, to yourself and to God and when the time comes, to respond, in as helpful a way, as you can find, from within."

Our Mother General, Sr. Monica Joseph, and Sr Irene, the General Councillor, visited our Institution. It was a great moment to have them amidst us.

Our joy was born of gratitude and thanks giving to God for the immense privilege that was ours and we assured them of our love, deep affection and, above all, our prayers. A short programme based on Priority III, living a life committed to justice, peace and the integrity of creation to respect the earth was presented by the students.

Their visit would always remain a source of immense joy and something we would treasure for the rest of our lives!

Mother General Sr. Monica and Sr Irene, interacted with the students and Teachers and guided them to follow the path of our Mother Foundress, St. Claudine Thevenet.

We must remember

"The desire accomplished is sweet to the soul".

Educational Trip To Goa

Travelling with friends is fun. It gives memories of a lifetime.

Classes IX to XII visited Goa, alongwith our Principal. Sr. Lucy D'Souza, Sr. Susie, Sir Rawat, Mam Anna Dilawar, Mam Rekha, Mam Neeta, Ms, Nandini , Mr. Naveen Bisht and Mam Nandita.

The students stayed in Whispering Palms Beach Resort, Goa,Goa is India's smallest state by area and the fourth smallest by population. Located in West India in the region known as the Konkan, it is bounded by the state of Maharashtra to the north, and by Karnataka to the east and south, while the Arabian Sea forms its western coast.Panaji is the state's capital, while Vasco da Gama is the largest city. The historic city of Margao still exhibits the cultural influence of the Portuguese, who first landed in the early 16th century as merchants and conquered it soon thereafter.

Goa is visited by large numbers of international and domestic tourists each year for its beaches, places of worship and world heritage architecture. It also has rich flora and fauna, owing to its location on the Western Ghats range, which is classified as abiodiversity hotspot.

The cruise was just speechless. Some people performed Goa's traditional dance for us after which all of us danced and enjoyed our time. We had a nice time shopping in Goa.Educational tours are a media where students will come through a experience of witnessing 'in real' what they read or

should know about India. As it was the end of November and beginning of December, it was the peak season for tourists and the beaches were packed with people, especially the foreigners.

The Bom Jesus Basilica, perhaps Goa's most famous church and among the most revered by Christians worldwide, is partially in ruins but still a model of simplicity and elegance, and a fine example of Jesuit architecture.The church is called "Bom Jesus" meaning 'good Jesus' or 'infant Jesus' to whom it is dedicated. The façade has on it, at the top, the letters, "HIS" which are the first three letters of Jesus in Greek.The beautiful beaches Anjuna, Vegator, Calangute, Candolim, were spectacular and breath taking, I like Calangute the most. Calangute is famous for its nightlife. This is one of the most crowded beaches in Goa. .

It was a great trip and we enjoyed thoroughly. Goa is the best place with the variety of food, beaches, market, festivals and hotels. I have no words can express the beauty of this destination.

Christmas

Christmas is a great festival of the year and also known as the Feast day of Christ. It is celebrated annually by the everyone, especially Christians. It is the birth anniversary of the great Jesus Christ, who is believed as the Son of God by the people of Christian religion. It is celebrated as the Christmas Day every year on 25th of December. It is the day of big importance for the Christians. People do lots of preparations and decorations of the Church, houses, etc some days before the event celebration.

The celebration of the Christmas starts in the Christians about four weeks before the Christmas and ends on 12th day of the Christmas. It is celebrated all over the world as a religious and traditional festival. The tradition of celebrating the Christmas varies from region to region. There is ritual of distributing gifts, Christmas cards, feast, singing Christmas carols and songs, etc.

The festival of Christmas was celebrated with gaiety by CJM, Hampton Court. The school wore a festive look.

The Students and staff celebrated Christmas with enthusiasm. They reflected upon the teachings of Jesus Christ and his life. The children sang in very festive mood "Jingle Bells" and danced to the numbers like "We wish you a Merry Christmas" etc. A short nativity play was staged by the students.

The whole school echoed with the holy hymns recited by the students.

Sr. Lucy D' Souza the school principal, appreciated the wonderful performance put up by the students. And wished merry Christmas to the students.

Farewell

To Class XII 2016-17

The Students of Class XI of CJM, Hampton Court, gathered today to bid farewell to the outgoing class XII batch. The day was a fiesta devoted to the years spent together with friends and teachers to reminisce joyous moments.

The ceremony started with the welcome of class XII students, followed by a short prayer service. An incredible dance item presented by class XI students was well applauded.

The auditorium was set ablaze with a ramp walk. The much-awaited result of the ramp walk and modelling session was announced. Raghav Bijalwan was adjudged Mr. Hampton while Laiba Khan was declared Miss Hampton. The class XII students cut the farewell cake alongwith the Principal, Sr. Lucy D'Souza. The School Head Boy Raj Bijalwan presented a Vote of thanks.

HEAD BOY'S SPEECH

I'm delighted to speak on this pleasing day. On behalf of each and every student of class 12th batch 2016-17,I take this great pleasure in thanking class 11th along with the teacher in-charge Miss Dilawar.

Time passes by, leaving behind some beautiful memories, to be cherished throughout our lives. Personally, I feel life and time are the two most interesting things as no one knows what they do, what they imply. Life should in itself is so beautiful and disciplined, that time should not influence it ,in any way. I learnt at CJM Hampton Court that time and life are very interesting aspects as they both teach us the value of each other. Today, I can say time has shown the value of life and time has shown the life in a very valuable manner. Speaking about my batchmates today without any reluctance, they have been the most perfect people to live their school life with. At times when I needed help, each one of them used to lend their helping hand and remained supportive throughout. They may be mischievous, but throughout the year, they were a perfect example for inspiration and left footprints to be followed by others. That they have ,what it takes to be a Proud Hamptonian. I thank you all, My Dear "Phoenixians", for being so cooperative and supportive to me and to the teachers.

Dear 11thies, I've got a very special message for you all. Frankly, I'll speak about the legacy today. Be loyal for your actions, towards this institution as it matters a lot. The legacy that we all leave is for you all to follow and to strengthen the very foundational values of CJM Hampton Court. This legacy has seen lots of hard work, not only in academics but also towards the discipline of the school. The legacy should be carried in the same way so as to make our ALMA MATER glorious. You all have been so supportive and the unity that was seen between the two senior most classes of the school was indeed historic and appreciative. I'm thankful to you all for your respect for me as a Head Boy and otherwise also, and towards the students of my class. The unity between us was the show of our bond where what lies as the base was mutual trust and strong communication between us. It has been a wonderful experience working with you all.

Yes, Today I can say that this bonding between us does not come to end with this year or any reason. This was historic and shall be remembered and lived in the same way.

To our dear teachers, I'm thankful on behalf of everyone for being a morale booster for us. I thank Our Principal Sr. Lucy D'souza and Sister's community for their motivation and guidance always. I'm sure, Hampton will keep on shining like the Sun with the efforts of the management and the teachers.

I would like to give a message to all, that I myself ,learnt for this short poem..

The Life Trade By Doe Zantamata

Trade your Fears for Courage.
Trade your Regrets for Lessons Learned.
Trade your Worries for Surrender,
Trade your Doubts for Trust,
Trade your Sorrows for Joy,
your Anger for Compassion,
and without even realizing it,
you will have traded
your Misery for Happiness.

PRINCIPAL'S ADDRESS

Farewell Speech

Now the time has come to bid farewell to your alma mater which has guided you all these years.

This institution envisages an all around and balanced education based on physical, moral and social formation. Special stress has been laid on the character formation and development of personality. Our aim was to make students have a deep concern for all. We belong to a great human family in which each of us has his/her own place and his/her own role to play. So my dear students resolve today to play your role well so that all our brothers and sisters have a square meal., warm shelter and enough clothing.

The objective of our education is the formation of character. It has been our endeavour in this school to light the candles of peace, faith, love and hope in each of you students, to create a circle of love and a sense of compassion. Whatever you have learned from this institution will enable you to stand in good stead in every situation.

Life is very complicated, and the world that you will enter is an aching troubled one. There is growing violence, alienation and corruption. The cure is LOVE. Don't try very hard to find answers because when you find answers life changes the questions. So, look ahead.

Remember, when you struggle, it is the struggle itself that will make you nobler and your life more meaningful. God upsets our plan only to set up his plan for us because we see our present and plan for our future. But He sees our future and plans our present.

Set clear goals and targets for yourself. A person who has no plan for life will only have confusion. Our aim is to form men and women who exude goodness, and spread happiness wherever they go. You are always a welcome to this School, your second home.

Now it is time to let you go and I do that with the same prayer that I had for you every morning when I saw you at the assembly at the start of the day-that each of you reaches the fullness of life, achieve your dreams and make a mark in the world. My wish for each of you this morning is that whatever you have learnt here takes you to the world of limitless possibilities. May your dreams and the dreams of your parents come true. I wish you all the very best in the Board examination.

Go forth and embrace your future with open arms, and enthusiastically pursue your own life.journey of discovery. Render dedicated service to humanity and live a happy and peaceful life.

God bless you!!!

Tree Plantation

"Must plant trees to benefit another generation"

The best time to plant a tree is just now. Tree plantation in the school was done by all the classes. Trees grow well, add beauty to our school.

Better Environment
Better tomorrow.
Save the planet.

All the students participated enthusiastically with full vigour excitement in tree plantation in and around school campus. Trees not only make the environment clean but also beautify our surroundings. Plantation enhances the importance of trees and imbibes value of environment among students.

Life on earth cannot continue without plant. Plant provides the earth with the essential constituents for the living beings to enable them to live on it in a sound way.

MARATHON 2016

Alumni Meet 2016

The Annual General Body meeting of Alumni association was held at CJM Hampton Court, Mussoorie. The meeting was presided over by the Principal Sr. Lucy D'Souza, CJM Hampton Court, Mussoorie. It was attended by the Association's office bearers and founder members. The meeting commenced with the lighting of the ceremonial lamp and prayer hymn. The Association members were welcomed by the coordinator of Alumni Association, Ms. Rekha Singh. The Principal Sr. Lucy D' Souza in her speech appreciated the enthusiasm of the ex-students in the formation of Alumni Association and carrying it forward successfully.

There was a tug of war between the ex-students and the present ISC batch 2016.The students interacted with the Alumni members.

BIRD WATCHING

Students of CJM Hampton Court School were educated on the importance of birdwatching and the role these species perform in conserving environment, during a talk show here today.

The event was organised under the aegis of Winter Line Nature Trust, an NGO working towards inculcating environment conservation, and alumni association of the school.

Dr. P. C. Bannerjee, a birding guide from Dehradun, informed the students about the benefits of birdwatching through an audio visual slideshow presentation. He said birdwatching was the best exercise to enhance one's knowledge and develop concentration, thus helping students in academics and sports as well. Uttarakhand and especially the region around Mussoorie had more than 500 avian species that were unique, along with several migratory birds that fly in during winters to avoid severe cold of Siberia. The students could record the presence of various species even while coming to school, said Dr Bannerjee.

The students posed several questions about habitats and nesting habits of the birds.

A copy of book 'Birding in the Doon Valley' was presented to school principal Sister Lucy D'Souza to be kept in the library for the benefit of the students.

Sister Lucy presented a memento to Dr. P. C. Bannerjee, along with the ceremonial shawl that was gifted by members of the alumni association.

Santanu Sarkar, a trustee of Winter Line Nature Trust and one of the organisers of the talk show, said such exercises would inculcate a sense of curiosity among the students.

Sr. Susie's Birthday

For the Birthday of our loving Sister Susie
Heavenly Father,
We praise You for all Your blessings to us.
In a special way,
We thank You for Sister Susie
Bless her always in Your love.
Bless us too, Holy Father,
And this day on which we celebrate.
Help us all to praise You and give You glory
Through Jesus Christ our lord.
Enable me to receive more of your love and acceptance."
"Help me stay as close to you, Lord, as I can get."
"God, give me grace to love you MORE!"
"Help me to want your will in my life."
"May I love your ways and be obedient to you."

Sr. Lucy's Birthday

"I leap for joy as I celebrate God's tremendous love for me!"

"God, your love nourishes me."

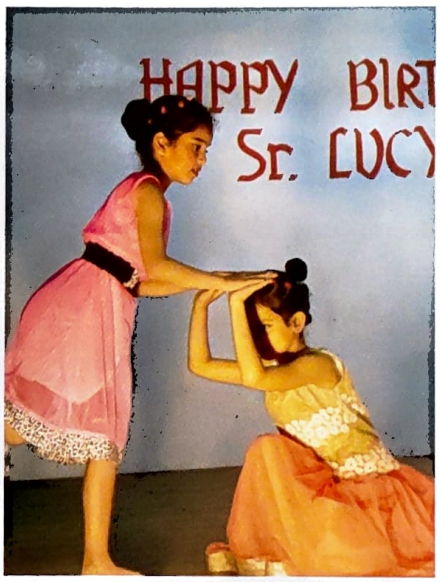

"God, your enormous love for me makes me laugh for joy!"

"God, I sing for joy at your lavish love for me!"

On 26th September, Our CJM, Hampton Court family celebrated our respected principal Sr. Lucy D' Souza's Birthday. A short programme was conducted by our students and Teachers. Our respected Principal Lucy D' Souza's birthday programme started with a prayer service.

A few specialties of her was also told about and the teachers sang a birthday song, followed by the choir group, and dance. Children and teachers offered their greetings of love to the Principal. The Programme ended with a vote of thanks.

"This is the Day the Lord has made.
I will rejoice and be glad in it!"

ENDURANCE HOUSE

Captain : Praful Bhandari | Vice Captain : Shreya Rawat

"He conquers who endures"

Implies that, when we wish to do something we put in our 100 percent to achieve that goal, and so I and my Vice Captain Shreya Rawat have encouraged our house children to live up to the motto of the House. Our house master, Sir Pradeep Radwal and the other teachers of the house have supported the children at every step to excel in co-curricular activities. At times we faced failures, but taking them as the stepping stones to success we persevered to succeed. Due to the team spirit of the House members we were victorious in some of the activities of the school like Dramatics, March Past etc. We had time to time discussions and meetings with the house members to discuss about the queries of children relating to their studies or the upcoming activities.

In the end, I would wind up by expressing my gratitude towards our Principal Sr. Lucy D' Souza, our Games Instructor Mr. Rawat, Ma'am Neeta, teachers of the House, House members and my Vice Captain for their due support as without them being the Captain of the House would have been a very difficult task to perform. I would also thank a few students for their support. They are Deeksha Pundeer, Pradeep Rawat, Laiba Khan and Muskan Goel.

"Success is not final,
Failure is not fatal,
It is the courage
to continue
which counts "

ENCOUNTER HOUSE

Vice Captain : Sonali Semwal | Captain : Suryansh Goel

It was a great responsibility which was beset by many challenges. My teachers played a vital role in escaping those along with me. Special credit goes to my House – Master, Mr. Neeraj Sharma who performed a commendable job in guiding me and helping me to lead the students of not only my House but the entire school as in my childhood days I was taught, "Be obedient to your Superiors, and your Juniors will obey you". It was a great pleasure to handle one of the crucial tasks which was allotted to me. I loved playing a significant role in all the activities occurring in the school.

If you work devotedly, your work is really appreciable. Lastly, I would like to even express my gratitude to all the staff members and especially our Principal Sr. Lucy D' Souza for placing her trust upon me and appointing me as the Captain of The Encounter House.

"Serenity of mind, kindliness, silence,
self-control, honesty of motive"-
are called the austerity of mind, in my opinion.

ENDEAVOUR HOUSE

Captain : Megha kaintura | Vice Captain : Siddharth kaintura

"A Champion is the one who dares to say I'll win" and this year Endeavour House not only dared to say so, but also proved themselves. Besides winning, our House faced failures, but still I won't say I am disappointed, because the Endeavour House lived up to their motto – 'Reach On To The Stars'. Smaller but stronger steps can take you towards your success.

I would specially thank my House Mistress, Miss Nandita Chakraborty and the other teachers of my house for their support and encouragement which helped me to lead my house with confidence and enthusiasm. I would also like to thank my Vice Captain Siddharth Kaintura for being a responsible Vice Captain.

Endeavour House did fairly well in the academics and the other co-curricular activities of the school. Endeavour House faced many ups and downs but still, we didn't lose our hope and confidence, and this is what helped us to consider criticism in a positive manner.

I want to show my gratitude by thanking Our Principal Sister Lucy D' Souza, who was the organizer of all the activities held in our school.

Our House has always been known for its undying spirit and firm determination. I am sure my house will keep its flag flying high.

At last, I would like to deliver this message to the children. "To be a star, you must shine your own light, follow your own path and not worry about darkness for that is when a star shines brightest".

Megha Kaintura

ENTERPRISE HOUSE

Captain : Raghav. A. Bijlwan | Vice Captain : Sristi Rawat

"If everyone is moving forward together then success takes care of itself"

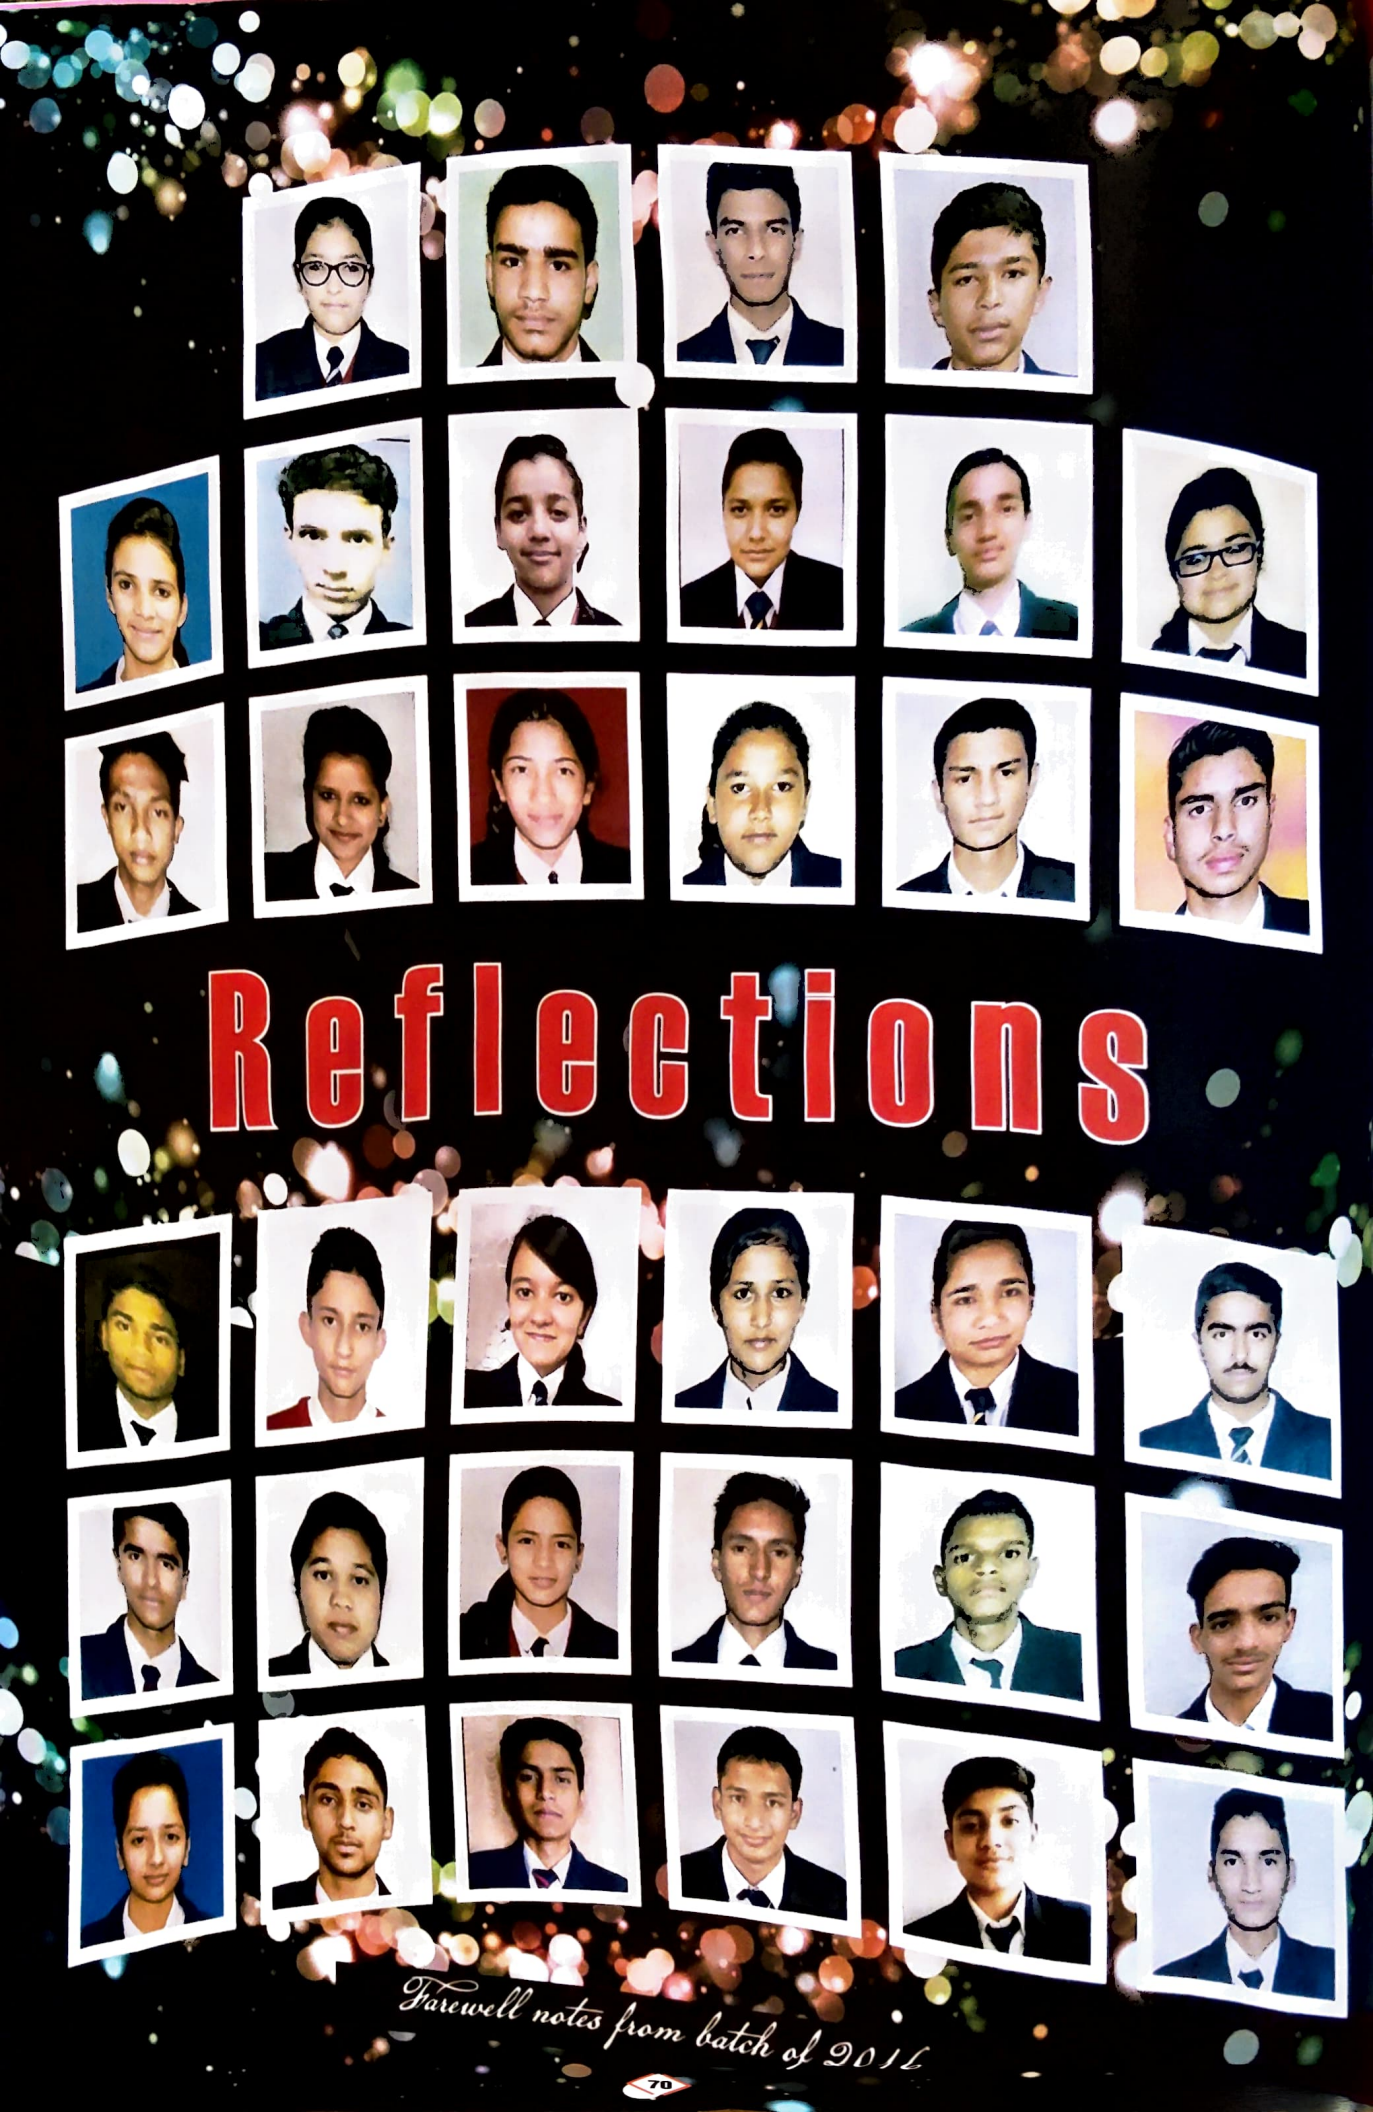

Our house Motto inspired each and every member of the house to work with full courage and dedication .Working Hard to achieve something is better than not to work at all. First of all, My house though did not win the Inter-House Dramatics but worked very hard to achieve it. In the Inter house Debate Competition ,My house won the Best Speaker .Time passed but not our spirit to enterprise .Our students added laurels in track and field events. The Best athlete cup in section A was given to Pradhuyman Shah and the Best footballer for the year was given to Dipesh Bhandari. The house also bagged the Best March Past trophy .Not only this, the house also won many trophies in hockey, cricket ,badminton and football. The performance in various track and field events was outstanding. Over all the year was fantastic .For all this I thank each and every member of the Enterprise House.

I am grateful to Sr. Lucy D'souza and Sr. Susie for their support throughout. A special thanks to My house Mistress Ms. Seema for motivating and supporting me .I also thank Ms. Geetanjali, Ms.Smriti, Sir Simon, Sir Gambhir and all the teacher fraternity for helping me throughout. I also thank Ms. Dilawar, Ms.Rekha and Sir Rawat for their support .I am thankful to my Vice Captain Sreshti Rawat for her immense and much needed support throughout. I also thank Pranjali, Geetanshi and Pradhuyman for standing beside me when I needed, support the most. I thank the Head Girl Rinkita Rawat, Head boy Raj. A. Bijalwan, Games Captain Aayush Negi, Vice-Games Captain Rohan Rautela, Social Service Leader Vinod Negi and Assistant Social Service Leader Aman Rawat for their support Throughout .

This Year was a memorable one . I thank My Alma Mater for giving me this golden opportunity to lead the house .Once again thanks to everyone .A message that our house symbol is **a Rising sun and this sun will rise and shine forever in years to come.**

Alma mater forever .....

Reflections
Farewell notes from batch of 2014

REFLECTIONS

Whenever I look back, I realize that I was a very shy & introvert boy when I joined this Institution last year. This Institution brought in a change in my personality. I look at life in a positive manner. I thank all my teachers & Sisters for supporting me in these hard times. I had a team of amazing friends who stood as a pillar for me. I will never miss you're my dear friends as you all will remain a part of me.

- Pradhyuman Shah

Life is a long journey and the problem is that it does not come with a map. We have to adopt our own ways to reach the destination. The years I spent in Hampton court are the best years of my life. I feel very strongly that three things, Time, words & opportunities that are gone will never come back. It is not success that counts.....but how you become a good human being. Thanks to my Alma Mater for grooming me so well. I am now well prepared to meet the challenges of life. Thanks to my Principal, Sr. Lucy D' Souza, the Sisters and all my teachers.

- Vinod Negi

On the 13th of April, 2015, I entered the premises of this esteemed Institution, CJM, Hampton Court. I was frightened of the new environment. Days passed into months and then two years passed in a wink of an eye. Now it is time to bid good bye. I spent a very short time but it was the most memorable one. Helping teachers in co-curricular activities, participating in them, spending time during the break with my friends, the crispy and crunchy gossips.....was all so very exciting.

HOW LUCKY I AM TO HAVE SOMETHING THAT MAKES SAYING GOOD-BYE SO HARD.

My bonding, trust, and understanding with my friends will grow more with the passage of time.

I thank my School, My Principal & my teachers to have been patient with me.

I quote:

Today I close the door to the past
Open the door to the future
Take a deep breath
To begin, a new chapter, in my life.

- Deeksha Pundeer

Fourteen years I have spent in this esteemed Institution. The precious time spent here has given me beautiful memories. These will be the most wonderful days of my life. Reality is that now I have to leave the portals of this Institution to part and begin a journey that leads to a new future. Life in CJM, Hampton Court has been a store-house of experiences. The bond of care, help and team-spirit I learnt from my friends. I promise to keep within me the Hamptonian Spirit,. I thank my Principal, Sisters and the Teachers for inculcating in me the lovely values.

The sands of time have swiftly flown by
Leaving fond memories behind
The smiles, the joy, the pains, the tears,
Wish could come back again.

Shakti Jarial

A wise man once said..... "The greatest journey in life begins with a small step" I took that small step through the gates of CJM Hampton Court. I spent so many precious years of my life & now I have to leave my ALMA Mater. I have to discover myself in this new world. It is truly said that God blesses each one of us & these come in the form of people who support you, love you and care for you. It was a privilege for me to have such inspiring people around me. Our Principal, Sr. Lucy D'Souza taught us that Our Success does not depend on the harvest we reap but in the seeds we plant. She cultivated in us values and we grew into beautiful blooming plants. I thank all my teachers and especially, Sir Neeraj Sharma and Mam Nandita for their constant support and guidance. They hold a special place in my heart. I will live up to your expectations and prove myself as a good human-being.

- Monica Bhandari.

When you stay at a place for a long time.....eleven years .....You become part of that place.

This institution has been a family for me with such loving and caring teachers. I specially want to thank Mr. B.S. Rawat our PTI whose fear and firmness framed me into a confident student. I have always had a passion for sports, and he has been my role-model. He has always guided me and motivated me. With every fall on the Sports field, I stood up once again to stand confidently. My learning experiences in this School are endless. My heartfelt gratitude is extended to my Sisters who guided us at every step. I will remember the story told by Sr. Susie....THE GINGER BREAD BOY....Sr. Greta our former Principal And above all our present Principal, Sr. Lucy D' Souza..... who has been a guide for me.

- Ayush Negi

In these last two years I have had innumerable moments in my life where I have gained knowledge. These years have left a strong imprint on me. I experienced joy and excitement in performing all my duties and these have built in a lot of confidence and strong will- power. I will miss out the unconditional love that this School has given me. I was guided by all my loving and experienced teachers. I learnt many values like loyalty, faithfulness and above all a trust-worthy person. I thank all my Sisters and a special thanks to our Principal for giving us opportunities to grow into responsible human-beings.A special note of thanks, to all my senior teachers. Ms. Nandita, was my role model. I admired her for her way of teaching and caring. Ms Dilawar a motherly figure and Ms. Rekha who taught us to be perfectionists. Sir Neeraj has been a great counselor.

I would express that : WE MUST DO EVERYTHING WHOLE-HEARTEDLY. THE FRUITS OF LABOUR, ARE ALWAYS SWEET.

MILES TO GO BEFORE I SLEEP.....MILES TO GO BEFORE I SLEEP.

Laiba Khan

My first day in School was almost seven years ago. I was not excited as the very thought of adjusting in a new environment disturbed me. Now once again I am going through the same feeling once again. The Annual days, sports Days, Teachers' Days.....have turned into fond memories. I thank all my teachers for not only enlightening us with knowledge, but also teaching us the valuable lessons in life. I have learnt a lot from the Teachers, who excel in teaching their respective subjects. They will remain an integral part of my life. My friends who have been the best for me and who will be missed.

PROUD HAMPTONIAN
ALWAYS HAMPTONIAN.

- RishabThapa

People say that time flies....it really does. I do not have words to express my gratitude for all those who have contributed in making me what I am today. I got the most supportive teachers and Sisters in this Institution. I extend a heart-felt gratitude to my Principal, Sr. Lucy D' Souza for her highly motivating & re-assuring words. She has been a constant support to this ISC batch. I will remember the punishments for not bringing the thick PHYSICS & CHEMISTRY books to class.

Sir Neeraj made all the Maths periods interesting, Mam Rekha's forgetful nature, Mam Nandita as a counselor Mam Dilawar's motherly affection.....their words which will linger in my heart. I will miss all the Competitions in which I participated with all my heart & soul, to build up my confidence. A message for my juniors....Live your School life to the fullest.....be loyal to your ALMA MATER and prove yourself to others.

- Pranjali Panwar

"Life goes on, only memories are left behind. Life gives us everlasting memories which we cherish throughout our lives."

14 years at Hampton Court is a very long time. I still remember the first day of my school, when I was crying requesting my father to stay with me in the school or take me home. But today after 13 years I am standing on the stage in front of you delivering my farewell speech with a feeling of nostalgia as now the time has come to leave my Alma Mater, my friends and my teachers whome I'll miss and moreover the we all have spent together. I had joined the school many years back but it seems it was yesterday and the time of departure has come very soon. This school has given me lot to remember. From falling down from the wooden horse in class LKG to Sir Vipin's scolding and punishment. I can never forget Miss Nandita's inspiring and motivating talks, Miss Dilawar's motherly care and affection, Miss Rekha's sweet and gentle nature with cuteness overloaded and the friendly nature and gentle scolding of male teachers. I will also remember the supporting and friendly nature of the junior teachers and even those who have left the school. All of my teachers have made a difference in my life in one way or the other. I would like to express my heart felt gratitude to all the sisters for their prayers and guidance. I also thank Sr. Lucy for allowing me to study in this prestigious institution. Here, I was given many opportunity to develop myself and in true sense I have discovered myself in these last two years. Thank you teachers for so unselfishly sharing your time, talent and knowledge with us.

Talking about my friends, well I am glad to have them in my life. All those moments that we have spent together, fighting, loving, taking care of each other, I will always cherish them. Some of my friends feel that after leaving this school I won't be in contact with them, but let me remind you guys that you all are very special to me and childhood friends are hard to forget.

I cannot ever imagine where I would have been today without those handful of friends who have given me a heart of joy. Let's face it. Friends make life a lot more fun. Each and every moment spent with my classmate is unforgettable and deeply stored in my mind. Thank you all for being a part of my life. The feeling of having such wonderful people around is very beautiful. But the pain of moving away from them is even greater. It is very tough to say goodbye to people you been with since so many years. I agree we are one of the mischievous classes in the school but believe me we all love and respect you all. Finally it's the time to bid farewell to this institution. I wish that God may bless our sisters, teachers and school. I even wish all my classmates the very best in life and a good future for my juniors. The experiences and feelings cannot be written down on a piece of paper so this was all I that I could pen down.

Proud Hamptonian, Forever Hamptonian

-Pragya Rana

"To all here: fare you well!
Time has in itself dwell; Thank you is a word,too small,
To reciprocate the love given by you all."
My Humble obeisance to the Divine God.

The Most beautiful moments always seem to accelerate and slip beyond one's grasp, just when you want to hold onto them for as long as possible. Time is the most powerful element as it changes everything. Everything includes the very basic nature of humans. As I moved forth with each class, my value learning process and love for my classmates increased simultaneously.

Every time after Sports day ,we felt so happy and excited ,towards the forth coming vacations. Then our vacations made us eager for our new academic session. But this time sadness has replaced happiness; a deep silence has replaced excitement, for this time we move for our vacations, we won't be back for the new academic session. The happy days and the days when I learnt lessons, simply helped me in becoming what I am today. The school has given me much more than I had expected and even deserved. When I speak today, I stand here as an Ex-asst. social service leader ,the most deserving student for the year 2015 and the Head Boy for the Year 2016.I agree that these titles are not momentary and its influence shall remain alive forever. I stand indebted to my Alma Mater ,which gave me infinite opportunity to be confident, happy and to imbibe the foundational values of our school.

It is not the nine years that matter for me but the memories collected ,moments lived ,experienced gained and love and care received .Reciting Poems for elocution, preparing charts for fete, pink board, exhibition, practicing for debates, declamation ,sports day has created a remarkable impression in my heart. Hampton is indeed, a heaven on earthas it has made us realized that Godd people do live in this world.

My classmates "Phoenixians" have been an inspiration for me. I am grateful for their support. As a Head Boy,it wouldn't have been an easy task to carry forward my duty. I always said that I worked so that the name of my class shines brightly and we all,I say, each one of us is remembered. Thank You Phonixians! The bond between us shall stay remain alive forever as bonds are connected through our pure souls.It is rightly said, "Bonds never break; God's words are never fake."The secret of my happiness ,my confidence was indeed the support of the two senior most classes of the school that led to the unity. I thank all the helperd for being an important pillar of our school and helping us always.

At this point, I remember all my subject teachers and the class teachers who motivated me to do good in academics. I am thankful to our Class teacher, Miss Nandita. Thank You, Dear Teachers.

I stand beholden to our Principal, Sr. Lucy D'Souza, Sister Susie, Sr. Nisha and Sr. John for their motivation always. It is the blessings of our dear sisters that gave me strength always. School life is indeed the best part of life. Dear Batchmates, time spent with you all is far beyond magnificent. 'A stronger together" idea worked here. It is the helpfulness of my class the dedication and loyalty that inculcated unity in my class. I will forget you all.

A message for juniors : Dear Juniors, be proud of this school for teachers at Hampton are unique and so loving. The discipline given by the management is essential and dedication towards this school will result in two ways, 1. Success of the students and 2. Progress of this school.

I won't say a good bye as CJM Hampton Court is one and shall always be in my heart ,abiding by the values of Our Mother Foundress.

Forever Pheonixians. Proud Hamptonion. Forever Hamptonion.

- Raj Bijalwan

I stand here with deep sorrow in my heart as the time has come to say good-bye to all. The two years which I have spent in this school were not just two years but they were two memorable and golden years of my school life which I can never forget in my whole life. The two years spent CJM Hampton court with my classmate was a memory made worth of life .The day when I entered this institution ,I was a shy and introvert person but this school has filled within me the confidence to face the world .I am very thankful to my teacher for their guidance and support throughout. I would like to thank Our Principal for giving me this opportunity to be a part of this great school. It is not easy to part away from you all my "Pheonixians ", as you all are very close to me .

Hampton court has been a place more than a home and to move out from home ,is very tough. Thank you all for it was a memorable ans experience gaining time in this time.

- Ankit Panwar

"We all have our time machine .some take us back, they are called memories .Some take us forward ,they are called Dreams"

I would like to go back to 7TH March 2016 ,the day when I first step in CJM Hampton Court .From then its 10 years but today when i look back it seems as if it was just yesterday. I don't want to be too nostalgic and keep lamenting on the past because a bright future is waiting for us the next door .

I just want to give some advise to my juniors which would definitely help them to at there stay at this school. Firstly, Many a times we work hard but we are not rewarded or we don't get something we hoped for, but please don't loose hope and just remember that god has planned something bigger for you and you need to work hHard for that. Secondly, is Hard work, we all need to do hard work, as in these 10 years I have learnt that success comes before work only in dictionary and not in real life so work hard. Many a times you work for something but things are not falling on your path ,so don't loose hope and remember, If plan 'A' doesn't work ,don't worry as there are still 25 letters more in English Alphabets, so no need to panic, be cool and think of another plan. I would say to all of you ,this time gone will never come back so, enjoy the fullest of your school life.

Now I would like to thank my teachers because if I am indebted to my

parent for living then I am indebted to my teachers for living well. I woud like to thank my teachers whether it be seniors or juniors for making me who I am because when I I entered the school , I was just like a mud and you all moulded me into a beautiful pot who is confident enough to face the world .I would like to especially thank Maam Nandita for being the perfectly motherly figure I always needed .I would also Like to thank Sir Naveen, Sir Radwal, Sir Arvind for motivating me and showing the right path. I would also thank Sir Neeraj because I love the way he teaches and seeks attention of the students and makes us focus. But I also love the way he finishes the exercises. I always try to imitate him and we also have some common traits other than being smart.

I would also like to thank the Sisters especially Sister Lucy ,the staff and all the members of Hampton Court Family for working hard and doing great job. Lastly I would like to say something in Hndi

Kehte hein agar haathon ki lakeerien adhuri ho toh kismet mein tarakki nhi hoti,

Lekin sach to yeh hai Agar aap sab hamare saath ho toh lakeeron ki bhi zaroorat nhi hoti"

Now for my batch mates I want to say something-

" Ruthe jo zindagi , toh manalenge hum,
mille jo gum toh unhe bhi bhulla denge hum ,
Agar aap jese dost rahe zindagi bhar saath
toh aansuon ko bhi muskurana sikha denge hum"

so, I don't want to say good bye

" Good bye is too bad a word now, The world is round,
We all have to meet somehow,
So, I guess I'll be seeing all of you around "

- Pradeep Rawat

Today on this special day, I'm here to express my feelings and experience. Time spent here with my friends and classmates was amazing throughout .Everyday I made memories with my classmates and these memories will be there forever in my heart. True friends are Hard to find , but in this school I found my true friends who helped me throughout. My life in this school was like accounts as the main golden rule of accounts says Debit was comes in ,Credit what goes out .Similarly my life at CJM Hampton court was debited in Class 11th and credited in 12TH .At last I would like to thank my Principal ,teachers and friends for being their throughout .

Shivang Dhondiyal

How lucky I am to have something that makes me saying good –bye so hard. Today ,I am approaching towards the end of my beautiful journey here in CJM Hampton Court .And all I have today is lively funny firnds ,benevolent teachers and dazzling and remarkable memories .I know it has been just two years believe me I myself regret why just two years .In school times , we eagerly to get a vacation on many occasion but this forever lasting vacation which is never asked is most depressing one.

To my friends ,I would like to say that :Good friends never say good bye ,they say "see you soon".So I hope to see you soon again. Iwoud like to thank my Teachers for their guidance and support .At LAST I take this opportunity to thank my beloved Principal who had been very strict yet guided us in a friendly manner. With the end of this session , our part in CJM Hmpton Court may have finished but sweet memories will also remain. For everything there is a season. Dont be dismayed at good byes. A farewell is necessary before you can meet again And meeting again is certain for those who are friend.

- Gitanshi Lekhwar

I joined this School 12 years ago However it seems to be just yesterday, and the time of departure has come very soon .Today as I stand at the Threshold of this institution. I don't want to look back at what I have not done , but look forward to what I can do in my future and take with me the fond memories ,I cherished here.

What I am today, is all my effort of the worthy teachers ,you are an integral part of me and I thank you for being there always .Here saying thank you is not enough though, but I promise that through the teachings and efforts of my Alma Mater , I will strive to be successful in my life ,so that I can make each of one of you proud of me .

This is tough day for me to say goodbye, we may be separated by distance but nothing can diminish the important role of everyone played in my life here in Hampton court. So I thank all of you here .

"Never study to learn, always study to learn;
Because what you learn today is,
What you become tomorrow"----

- Vedant Thapliyal

Recollecting memories of the school days is a way of holiday onto the things you love ,the thing you love and the things you never want to loose.

School ! A place where all have to come .Getting back to childhood I never knew where I was going .Being in class it was a worst thing for me as I had to leave my house for sometime. Eventually, time passed ,and the cries of mine changed to laughter .Its hard to talk about the journey of 12 years. full of memories in a short speech. It is surely the best period in the life of anyone.

Today when all of us are here ,it is the moment when we all have to say good bye to this school ,our sister, teachers and all of my mates .It finally dawn's upon me what a big piece of my life I'm leaving behind .It is such a moment of happiness ,we will move a step ahead in life but part of our life spent here is memorable and unforgettable. The journey down the memory lane , I will miss my loving and caring sisters and teachers who built me into a confident person. It is the time to part but I am sure that parting is linked with a hope to meet again. Nobody gets to live life backwards, Looking ahead which is where our future lies .

I will miss you MY alma mater and my phoenixians

- Himanshi Rawat

Miles have passed...the train has reached its destination.

In the year 2008,I joined CJM Hampton Court family.I am fortunate to receive education in this esteemed institution. I am very thankful to all my teachers who have guided me throughout and moulded me into a better person. It is very sad for me that I am leaving this institution.Its time to say good bye to our dear sisters, teachers and friends. CJM Hampton Court has given me a lot.I feel very proud of being a part of Hampton Court family. I wish all my classmates the very best in life and a better future for my juniors.

In the end, I would like to say that..... "good byes are not forever, goodbyes are not an end. They simply mean I'll miss you until we meet again."

- Ashish Panwar

"The most painful good byes are the ones that are never said and never ever explained."

For the better part of my life, this school has been my second home and it's really hard to talk about 14 yrs. Of memories in one short speech. Now that we are all here today ,officially saying GOOD BYE to this school, our sisters ,teachers and to each other, it finally dawns upon me what a big piece of my life, I'm leaving behind some of you, I've known since a long time and some a couple of years ,forever. You all are some of the mst amazing people I've known and I'm going to miss you all.

I take this immense pride that everyone has so much faith in me .All my teachers ,each one of them has played an important role I bringing me where I am today. Always ready to help in academics or otherwise you are an integral part of me and I thank you for being there when I needed you the most.

This institution means more than words, could ever express. It saddens me now as I realized that I'll never be coming back here as a student again. As much as it kills me to say this, today is the day, we enter into the world. But don't be dismayed at goodbyes; good bye is necessary before we can meet each other. again. Forever Hamptonion. Proud Hamptonion.

- Sarjeet Singh

"Life is a journey where we meet People ,learn from them ,grow and leave for new ventures."

I know it's just two years since I have joined this school .But the Beautiful memories ,I had in these two years are the most cherished ones .Before I joined this institution I did not know it was going to be so much fun and memorable .But today when I stand here I know how much I am going to miss my this school. It gave me strength to stand

courageously and fight my problems. It gave me Confidence to face the world .It also gave me very special friends and the time spent with them cannot come back.

The Teachers of the school are very loving and caring and I am obliged to have such Good Teachers .Their Perfect guidance helped me a lot .I would like to especially Thank Miss Nandita for always being a support for me.

Last but not the Least, I express my heartful gratitude to our Principal for giving me the opportunity to study in this School and a very big thank to my batchmates for being so friendly and co-operative with me. You people will be missed throughout my Life.

Forever Hamptonion. Proud Hamptonion.

- Prathana Dhanai

"Life and time are the World's best teachers. Life teaches us to make good use of time and time teaches us the value of Life."

Today is a very Sad day for me as well as my classmates .The Happy as well as Sad days passed in CJM Hampton Court has been a life –time experience. From the core of my heart, I thank this Prestigious School .My words cannot express ,how much thankful I am to my Alma Mater for everything ,it has given me in the span of 9 years. From the school-gate to our class ,from our class to hard-court and Hampton villa ,every corner of this school has added memories of the Life-time to me .The Sad part is ,the happy and together moments can only be relished through memories but can never be lived again.

The time spent here has been far beyond marvelous. It proved in my Life as well that School Life is the best Part of Life. Time bears everything .Parting away from this School is the biggest pain for me. Waking up in the morning , hurrying up to prevent delay in reaching school, waiting for a friend so as to go together ,reaching school ,sharing tiffins, joking, laughing etc will all disappear now. For me everything beyond this seems to be dark but the values that I have learnt will act as a light .When a child enters the school it's a sun rise but when he leaves i.e in Class 12TH it's a night, a dark night. As we are parting away from each other ,the thing left with us are the memories which will make us live and give a reason to grow in Life. I will not be able to repay whatever my school has given to me. I just want the sands of time to stop; stop forever. A child enters the school happily unaware that he has to leave this school one day. I want to say that ,Don't be sad of parting away from each other, Be happy as we live in the hearts of each other carrying memories of each other .May my class shine like the stars in the dark night.

I feel, that the bond we have formed in these years has become strong. Last year, many new students joined and came to our class, and I feel that I know them since so many years. This is a class where the years spent together do not matter but what matters is the time in which our bonding and understanding has strengthen .I feel My life is incomplete without you Pheonixians . I will Miss you all .My class will remembered forever. Today ,My heart is crying, my mind is sad, No thought is coming in my mind , its only the tears that have filled my eyes ,As the time has come to say good –bye .My Alma mater do not makes just students but true and good humans .I am thankful for electing me as the Captain of the Enterprise House. The values of our Mother Foundress will always stay and guide us to move forward. I thank God for making a plan for sending me to this school .I thank my family members too for sending me to this school. I thank all my teachers for their support throughout. The teachers here cn never be found in any other school because the love ,care and guidance makes them special .A special thanks to Miss Nandita for immense support and guidance. I thank Our Principal and sisters community for everything they gave us. I thank the helpers for their immense contribution .I will never ever forget my Alma Mater. My school teaches to respect, to be honest, loyal etc. To all my juniors ,respect and be proud of being a Hamptonion.

May my Alma Mater be a guiding light in many more lives ,keeping our light of hope and glory alive.

- Raghav. A. Bijalwan

The last assembly of class 12th it gives me a mixed feeling as we are coming to the end of the session. I really enjoyed a lot in this school from the date we took admission till date. I can never forget all the support and care given by our teachers. I will always remember all the values taught by our teachers.

I joined the school last year however it seems that was yesterday and the time of departure has come very soon. I still remember my first day at Hampton Court School. I must say that the educational environment of this though very strict but cool and motivational. I got many experiences together with the good education. We all have made many memories through participating in curricular activities together and we enjoyed so much and I still remember all the happy and bad moments with the friends. All such memories are valuable for me and will be in my heart forever. School was like a second home where our future was shaped.

Now I would like to thank all of our teachers not only for teaching us but for going above and beyond in their dedication towards our education. You have created not only students but individuals with bright future and potential to change the world. I would like to thank the teachers for always being there when we needed them.

I thank our Principal Sister Lucy D Souza for always being there as a source of guidance and motivation and a special thanks to our class teacher Miss Nandita for always supporting us.

My classmates the Phenoxians it was a lovely experience spending time with you all, laughing at jokes, discussing about each other in a funny manner and I remember the memories I feel proud to have spent time with you all.

Before I end I would to share two lines with you. I read it somewhere...

"The future lies before you like a hidden mass of snow...

Be careful how you travel on it for every mark will show!

Proud Phenoxians, Proud Hamptonians, Forever Hamptonians

-Rinki Shah

Our memories of yesterday will pass away, we'll take the best, forget the rest. And someday realise that these days were the best. Honestly speaking I was pretty confident to deliver my speech, but today when i stand before u all, I feel so nervous.

The reason why it hurts so much to seperate from this institution is because our souls are connected. this school is a family founded on hope, built on trust and nurtured by love. I dont have words to express my gratitude to my teachers who have transformed me from an immature n weak seed into a mature and strong plant, who is all set to face the challenges of life. I am highly thankful to my principal Sr. Lucy D' Souza who helped me and inspired me throughout. This year I got the honour to become the head girl of the school. Thanks for giving me this opportunity. thanks for believing in me, thanks for guiding me in my tough times, thanks for correcting me when I was wrong, thanks for making me what I am today. my speech would remain incomplete if I do not mention one special person in my life i.e. Mam Nandita, our class teacher. She had been a constant support for each 1 of us n a perfect motherly figure. Thank you ma'am.

I would also like to thank Sr. Susie and Sr. Nisha for their guidance and blessings throughout.

Now coming to my friends. They are the most amazing part of school life. Some of you I've known from my childhood and some of you just a couple of yrs. But the bond built with you guys is the most precious and everlasting. it is truly said that "so strong is the light of unity that it can illuminate the whole world." I'm really proud to have batchmates like you all. Phoenixians never die, so does our bond. No doubt you all will be missed so much.

Coming to my juniors, I just want to give you all a small message - we all are like branches of trees. They grow in different directions, yet the root remains the same, in the same way our root is this CJM Hampton Court Family -no matter where we go tomorrow but we'll never forget what this institution has given us. So my only request to you all is_love your school, respect this institution and remain as amazing as you all are. "let us be the light, shining bright in this world and showing the path of values to millions around."

proud hamptonian. forever hamptonian.

Rinkita Rawat

Finally, its time to say good bye to my school, my friends, teachers and I have faced many ups and downs in these twelve years of my stay in Hampton Court. In this prestigious institution I have not only gained knowledge but also received love and affection from my teachers. My Alma Mater has given me a lot. I really feel proud and honoured to have studied in such a respected and admired institution. I would like to thank my parents for sending me to this prestigious institution. Now

when its time to say good bye, I am unable to hold back my tears.

I will never forget my batch mates, my teachers Mam Rekha, Mam Nandita and Mam Dilawar. I want to say to my class mates that we were the biggest strength for each other, but now when its time to part lets not become the biggest weakness for each other.

I will always cherish the wonderful memories spend in this school.

"Today we meet and tomorrow we part,
That's the sad tale of the human heart."

- Muskaan Goel

My two short years in this Institution has changed the entire outlook towards life. I was unsure of everything. My confidence, was motivated by my class-mates and teachers. I consider myself very fortunate to have studied here for two years.

I leave this excellent School with wonderful memories, and eyes full of tears. I will remain indebted as to what this Institution has done for me. I thank Almighty Lord for granting me this experience. I bid adieu to all and hope that we will meet again.

- Sagar Thapa

This very short journey of two years has made me confident enough to change dream into reality. This Institution has instilled in me the true spirit of a Hamptonian and I thank God for making me a part of this family. I have made many mistakes and I thank my Principal, Sr. Lucy D'Souza for correcting me to make me a good human-being. Life is a measured ruler of happiness and sadness. Though this parting is a sad one for me , I am sure this phase of life will prove very fruitful for me. I salute you Hampton Court and all the loving and caring teachers who were very patient with me.

- Ayush Rajorie

"The best of times shall I reminisce,
The wind that touched me,
Friends & lessons engraved for life to seek to find and to strive."

People say time flies....and it really did. Each day of my life was a learning experience here in CJM, Hampton Court.

This School is unique with such loving and caring teachers. I have been taught the essence of life. I can face the struggles of the outside world with courage and self-confidence. I would like to thank my parents for sending me in this Institution, my teachers for mentoring and guiding me, my friends for boosting me and above all my Principal, Sr. Lucy D'Souza for inspiring me.

I will forever miss all of you.

- Neeraj Negi

I couldn't have looked forward to a more complete set of years, than the ones I have spent here. This Institution has given me ample opportunities to prove myself. The Debate, Dramatics and Quizzes have taken away my stage fright. As a sportsperson I have handled many matches. My passion is foot-ball.....I participated in Inter –School matches and learnt new skills and tactics of playing. Parting from my Juniors, Friends and Teachers is leaving me with a heavy sorrowful heart.

I have been very careless at times and I apologise to my House-Master, Mr. Pradeep Radwal and Mam Neeta, for my behavior. Mam Nandita was a guide and very patient with me. I leave now to reach my destination in life and I wish all of my class-mates the PHOENIXIANS the very best

Quitters never win and Winners never quit.

- Praful Bhandari

The shades have been pulled shut, another batch leaves another rolls in, that is why I always saw it as but it is a different experience when you are on the inside. The most fruitful years have been spent here and I have gained beautiful cherished moments. Remembrance is of a life-time. We all will leave this very home of our childhood, boyhood and youth. The Principal, Teachers have given me confidence to build up myself into a responsible and confident person. My Alma Mater and my friends will hold a special place in my life. I enjoyed working as a Captain and Vice-Captain. I learnt many life experiences.

I have dreamt a lifetime, and now a lifetime to live those dreams.

- Suryansh Goel

My two short years in this Institution has come to an end and today I feel that it is very truly said that TIME AND TIDE WAITS FOR NONE. I was not confident but was an introvert boy. My confidence was motivated by my class-mates. I thank my stars that I found such a loving and motivating group of friends who trusted me and felt that each day I would grow better.

I leave this Institution but I have a strong bonding and I am sure I will live up to the expectations of my Principal and Teachers. I will remain thankful as to what this Institution has gifted me I thank God for granting me this phase of life.. I bid adieu to all and hope that we will meet again. Two years journey was the most memorable one in my life.

- Dipesh Bhandari

When time who steals our joy, shall steal our treasures too
The memories of the past shall stay and half our joys renew

With my school life coming to an end I feel proud to be a HAMPTONIAN,

This School gave me the period of my life where I met wonderful Teachers and friends. I availed opportunities to be on the stage, and these transformed me into a confident and cheerful girl.

The teachers are very caring and supportive. My friends have always been there when I needed them the most. We will remain friends forever not only just for summer or spring. I am highly thankful to my Principal for granting me admission in Class XI or else I would have missed out this family with its great members. I will treasure every moment I spent here.

- Divyanshi Kumai

I stand here with a heavy heart as the time has come to part. The two years which I have spent in this school were not just two years but memorable golden years of my school life which I can never forget. The two years spent CJM Hampton court was a memorable one..The day when I entered this institution ,I was an introvert, shy person but this school has filled within me the confidence to face the world with my own strength. I am very thankful to my teachers for their support. I would like to thank Our Principal for always giving me opportunities to grow. It is not easy to leave this lot of "Pheonixians", as you all are very special. I have learnt a lot in the Science Laboratories. The values of helpfulness, sharing have imbibed in me a new feeling. I am sure these will help me in my future years.

- Shashank Goel

I take an opportunity to thank my teachers who provided direction to our knowledge and shape to our future. We love you all and would never forget the lessons of books as well as of life that you have taught us. It was great being and spending time with friends. You all have been my strength. I wish you all good luck for the future. May you all achieve your dreams.

The woods are lovely, dark, and deep,
But I have promises to keep,
And miles to go before I sleep,
And miles to go before I sleep.

- Megha Thapliyal

I have always been inspired by our Sisters who have devoted their life for service to humanity. I have a message for my friends that be good human beings and try to serve the Nation in whichever manner you can. I leave this Institution but I am sure I will live up to the expectations of our Mother Foundress St. Claudine Thevenet, my Principal and Teachers. I owe my gratitude to what this Institution has gifted me and I thank God for granting me this precious gift.. I promise to live up to the expectations of my Parents, Teachers and friends.

HEAD BOY REPORTS....

"WHEN GOALS ARE CLEARLY DEFINED, ACTIONS BECOME MEANINGFUL."

CJM Hampton court is large bunch of beautiful flowers, spreading its fragrance everywhere. The year 2016 at CJM Hampton Court was indeed a magnificent year. Life is simply, a long journey with wonderful milestones. The year at school was a successful one, with the school spreading its wings of knowledge and success.

My journey as a Head Boy began on the 30th April,2016,when I was given a responsibility to lead the school, along with the other council members. As a Head Boy of this prestigious institution, I have learnt that The Milestone of School, plays a significant role in a person's journey of life. The valuable support, I received from my very own class, Class XII made me all the more strong in carrying out my duty with an essence of pride in it. I can also take pride in saying that the unity of the senior most classes of the school, Class XII and Class XI was undoubtedly, the Greatest achievement of my Council Members.

On behalf of every member of student council, I can say that the discipline of the school, which is very necessary, was well-maintained. The school participated in various interschool activities like Atheletics Meet, Capta Caleum at Wynberg Allen School, Jackie Football Tournament and many others. The participants came back home with honour and pride as what matters to a Hamptonian experiences gained in the race and not the goal. The students who won the Essay Competition organized by Shri Ram Chandra Mission in collaboration with an agency of the United Nations were also honoured by Shri Ram Chandra Mission at Dehradun. Our Principal Sr. Lucy D'souza was also honoured by The Press Club of Mussoorie for her work at various social spheres in Mussoorie. It was precisely a proud moment for the whole school.

The various activities at school, be it elocution, sports day, annual day, debates and declamation, talent show, quiz, group discussions and many others, which make my school remarkable, were outstandingly marvellous. The teachers day was indeed a historic day when unity was revealed in the gratitude of the students towards their teachers. The Inter-House Dramatics 2016, in which Endeavour house was declared the winner. The Inter-House Debate in which Raghav. A. Bijalwan was awarded the best Speaker, while the overall winner was the Endeavour House. In the Inter House Quiz, Endurance House was the winner. To sum up, all the four houses flourished under the guidance given by the respective house teachers to their captain, vice captain and the house students.

I would like to thank all our dear teachers for their precious motivation and guidance throughout the year. I Thank Our Council Mistress, Miss Anna Dilawar, Our Council Master, Sir Rawat, The disciplinary incharge, Sir Neeraj Sharma for their throughout support. I also take this great opportunity to thank our Principal, Sr. Lucy D'souza and Sisters' community for being an epitome of inspiration for each one of us.

I am thankful to The Head Girl, Rinkita Rawat for being a great support and all the council members for their cooperation. The glorious year passed with the imprint of Class XII, their hard work and their creativity in each and every activity I am really, grateful to my class.

I will remain behold to my school forever in providing me and my council members with every new opportunity that came forth.

तितली रानी , तितली रानी,
करती रहती हो मनमानी।
कितनी सुंदर - कितनी प्यारी,
रंग-बिरंगी सदा सुहानी।
इंद्र-धनुष पंखो में लाती,
किंतु हाथ तुम कभी न आती।
पास तुम्हारे जब हम आते,
दूर-दूर तुम उड़-उड़ जाती।
तितली रानी यह बतला दो,
फूलों से क्या कहती हो।
उनके रंग चुरा ले जाती,

She tosses in agony
But no one cares;
She wants love
And needs our care
She is our provider
Have we become heartless ?
What's the haste,
What do we want?
She is giving us food and
Love from her heart
She's so generous
She's being eroded,
Why are we doing so?
Because comfort and riches is all we need.
Help and protect our
Earth, who is our mother

I may not be very beautiful
But I have beauty in my eyes
I might not be liked by all
But I am a great speaker.
I am very special.

I love to be MYSELF.
As special I can be.
I don't care about people who talk about ME
We cannot look or behave similar
To everyone out there,
There is a better way of looking at ME
Tell all of them that I am very special.
You are who you are.

Now say to yourself,
With a positivity
I'm the best ever
I'm a legend.....
I am very special.

International Women's Day

"Women are the real architects of the society."

On March 8th, 2016, the school gathered to celebrate the Spirit of womanhood. Class 12th organized the program for the day. The theme for International Women's Day 2016 was:

"Planet 50-50 by 2030:Step it up for Gender Parity"

The program began with the prayer for women, followed by the speeches by the students of the class. A beautiful power point presentation was then shown.Our Principal then, addressed the gathering.The school took pledged to work for empowering women. The Women of the school pledged that One day, "THEY WILL."

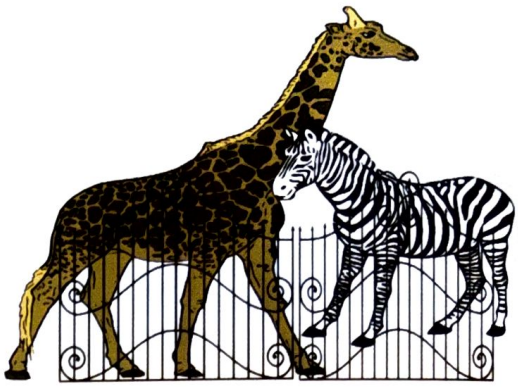

"WOMEN:May your sunny and enthusiastic spirit be with you always."

The nature of our future depends on the trees
They have fruits and flowers around which there are bees
Do not cut trees as they should grow free
To give us a good scenery
Save the nation
Stop deforestation
Let us have a green earth
To promote life which can be a dearth.

Ice-cream Man

When summers in the city
The bricks become a blaze of heat
The ice-cream man with his little cart
Goes, twiddling down the street.
Beneath his round umbrella
Oh! What a joyful sight
To see him fill the cones with mounds of
Cool, brown & white, chocolate rounds.

He gives the children vanilla, strawberry,
Sometimes they have on them toppings of cherry.
His cart might be a flower bed
Having roses and sweet peas
Children cluster around him as honey-bees.

The firsts in CRICKET

The first recorded match in India dates back to 1751, between the British Army and English settlers. The first ODI was played in Melbourne, in 1971, between England and Australia and Steve and Mark Waugh were the first twins to play the Test Cricket together. The first ball in one day cricket was faced by Geoff Boycott and he too scored the first one day run. The early stumps consisted of two wickets and one bail in between.

Spirit

Team spirit is the ability to think and work together for a common goal. Working as a team brings out better result than working individually. When people work as a team the work pressure is distributed and success is achieved easily. Through team spirit one plus one becomes eleven. There are certain rules to be followed in a team . Every member of a team has to work sincerely. They must co-operate and not compete with each other. There must be mutual understanding. The members must get together and complete the task. The members must not be selfish. They should not go after personal success, but the success of the team.

A foot-ball team will not be successful unless all the players have a team spirit to be winners. A well-known player remarked, "It is easy to get good players but very hard to bind them together to play with true team spirit."

Indian Cricket team won the WORLD CUP 2011 as all the players played with a true team-spirit. During our freedom struggle, freedom fighters planned and worked as a team to free India from the Britisher's rule. The success of a Company depends on all the employees working together with a true Team-spirit.

In our Institution CJM, Hampton Court, I see the teachers working together as a family. This is a true image of TEAM SPIRIT.

The Secret of Life

What is life?
A boon we receive from God.
A purpose, to live, in all the odds.
But just to live
Is that life?
Life has many exciting moments
Both happy and sad
But just experiences
Is not life
Success and failures
Is the way of life.
Make life complete
Love and respect
Becomes the main catalyst of life
These make us to lead life
In a fruitful manner.
What is life?
We don't know
But we still live it
This question
Remains a question
That's why life is?
A question to ask
This is a tedious task.

The Two Crabs

One fine day, two crabs, the mother and the son, came out from their home in the shallow river to take a stroll on the sand. While walking, the son noticed his mother. She was moving in a straight line

And he said, "Mother you are walking very ungracefully. Walk straight. Do not wobble around.You should accustom yourselfto walk straight forwardwithout twisting from side to side. The mother did not like the teaching given by her son. She knew that crabs cannot move in a straight line.Their legs are different and they wobble while moving from one place to another. The mother crab smiled and said " Son, set an example by your walk and I will follow it."

Drops of Rain

One bright and sunny afternoon
When the Sunshine was still warming the earth
Suddenly thick black clouds covered the sky
The bright sun disappeared.
It became dark and gloomy
Strong Winds were blowing
The Singers of the nature,
The tiny birds and animals
Sang their ballads.
Birds rushed to their nests very early
My eyes filled up with excitement
The first rain drop came with a lightning and thunder
Then started the heavy down pour,
The fascinating scent of the wet earth,
Filled up the entire environment and
The hearts of the people
Were overwhelmed with new
Hopes...
We once again received THE SHOWERS OF BLESSING!!!!

Lend a helping hand

Caring for old people was traditionally the responsibility of families. However, the best form of care for the elderly depends on the family situation. It depends on whether family members have the time resource.

In the past, a woman's job was to stay at home taking care of elderly people. Now many of them tend to choose to work so they do not have time to take care of the elderly. In addition, residential homes provide care for large number of elderly people. This is a professional service and nurses are trained to take care of senior citizens. They will have frequent check-up and make sure that they always maintain good health every day. Also, they can make friends with many people at the same age. For these reason it is considered as an option with busy people who need to take care of their elderly parents.

By contrast, if they have time or even take their time, they can find the information and learn how to take care of the elderly well. The positive effect of this approach is that they can understand their elderly parents' thoughts and look, then their parents will trust and confide in them. It leads to the fact that the elderly will have the mental health which is considered as an important element to help them to have longer life expectancy.

Taking care of the elderly considers a mark of honor to them. Therefore, the better choice seems the approach that is looking after our elderly parents by ourselves. This is a step in the right direction leading by your heart.

Right to Education

Education, it is of the right type, must enable the learner to probe and introspect what he is studying for? Is it to earn more money and improve the family lot or to gain real knowledge, to remove the cob webs of ignorance, to know the strengths and weaknesses or to be a better man? Ironically, no one gives it a serious thought and so the very purpose of imparting education and hands defeated as the learner is found groping in the dark.

Over the years a lot of work has been done and many books have been written on educational ideals and the right kind of education but no clear picture has emerged till now thereby rendering it an exercise at futility. Knowing how to read and write and accumulate information from different sources is not as important as understanding the realities of life. However, if this be the aim, it need not necessarily be based on any set system and learning can enable him to attain this goal because as one matures in years, he comes into contact with others interact with them and acquires the first hand practical knowledge of human life, he hsapes and moulds himself voluntarily without being governed by an external agency. But unfortunately children today are made to think according to a system which proves detrimental to their interests as it obstructs creativity, doesn't let their talents blossom and hampers their integrated growth.

Children are inquisitive by nature. They are ever eager to learn, know and explore the regions unexplored. If encouraged this spirit of anqulry in them can result in self leaning, give the child a sense of self achievement and boost his confidence in his own capabilities. However, the fact remains that education today is concerned more with outward glamour than with the real man. The entire system being textbook and examination oriented, the stress is on the completion of prescribed syllabus and the child's intersect occupies a back seal. Nobody without being bothered about child psychology, his aptitudes, likes and dislikes, his capacity to grasp, stuffs his mind with full facts, makes him commit it to heart and reproduce it as the time of examinations.

Can such a system at all work?

In short, the educator's role is of paramount importance as he has to encourage the spirit of inquiry by stressing the importance of why and how. He should bear in mind the fact that true aim of education is man making not money making and that he should be fired by a missionary zeal for his vocation.

The Role of Books

Books play an important role in in our life. Books are our friends in a real sense. They demand nothing from us. They give us plenty of joy. We also learn a lot from them. They take us into a different world of imagination.

Good books improve our standard of living. They tone up our intellectual taste they make our outlook broad. They console us when we are depressed.

Books encourage us when we are defeated. They inspire us to work hard with hope and courage. They remove our ignorance and add to our knowledge. Books enrich our experience and sharpen our intellect. Thus a good book is our true friend.

We can get pleasure from various things. Spots, games and films are some of them. But the reading of books gives us the real pleasure of life. When we read good book, we forget ourselves. We do not remember the care and anxieties of the world. We are sent into a land of beauty, imagination and happiness. So, books are the source of the greatest pleasure in life.

We should be very careful while we select books. Good books develop in us many qualities. A man of wide reading is a man of culture. Books, magazines and journals do not bore us. They make our life happy. But bad books spoil our taste. Only a sincere reader of good books knows what divine pleasure he gets from reading books.

What is ?

Effective Communication

Communication is about more than just exchanging information. It's about understanding the emotion and intentions behind the information. Effective communication is also a two-way street. It's not only how you convey a message so that it is received and understood by someone in exactly the way you intended, it's also how you listen to gain the full meaning of what's being said and to make the other person feel heard and understood.

More than just the words you use, effective communication combines a set of skills including nonverbal communication, engaged listening, managing stress in the moment, the ability to communicate assertively, and the capacity to recognize and understand your own emotions and those of the person you're communicating with.

Effective communication is the glue that helps you deepen your connections to others and improve teamwork, decision making, and problem solving. It enables you to communicate even negative or difficult messages without creating conflict or destroying trust.

While effective communication is a learned skill, it is more effective when it's spontaneous rather than formulaic. A speech that is read, for example, rarely has the same impact as a speech that's delivered (or appears to be delivered) spontaneously. Of course, it takes time and effort to develop these skills and become an effective communicator. The more effort and practice you put in, the more instinctive and spontaneous your communication skills will become.

Tips for keeping Yourself Active

1. Food

When you're busy and tired it can be tempting just to grab another pizza or ready meal, but cooking from scratch can be therapeutic as well as being healthier. Eat a balanced diet.

2. Exercise

Daily walks of 30 minutes can help reduce stress levels but it's even better to work out intensively. Even if you don't feel like it at the time you will feel the benefits afterwards.Joining a sports club could also help with stress as the regular contact with other people should help improve your mood.

3. Sleep

Sleep is always the best medicine and some people find that small 20-minute naps can help increase productivity.As students we tend to spend too much time on social media sites and answering emails, texts and phone calls. Sociability is fun – but too much of it, and too much computer time, can lead to more stress.

4. Listen to music

Listening to music can help calm you down , It's about time that we students accept that we can achieve just as much in life without all the stress.
So enjoy this beautiful gift of life.

The Women of Today

Women are an important element of our Society. The modern society has started recognizing the individual identity of women. She is believed to have her aspiration, abilities and qualities as a man does have and it is also agreed that she should have the opportunities to develop her faculties and to express them according to her own choice.

Young educated girls can get engaged in a profession of her choice. We need more doctors, engineers, software developers, and social workers. The world cannot grow at good pace unless women come forward and take initiative for the development works.They can contribute enormously in the field of health care. Women education will also improve the level of sanitation and hygiene.

As a mother, her role in the development of the emotional psychological aspect of the new born child has been also very significant. She was not only the creator and maintainer of her child but an educator and disciplinarian as well.

The woman is now an important instrument of social change. The extent of woman's participation in the corporate life is thus the measure of social change in India.

Women have made vast improvements in their lifestyles in the past few decades from holding positions in governments to simple things like getting a job and supporting themselves.

The Indian government also has played great role in the women empowerment by implementing various rules and regulations. The ancient time trends such as female foeticide, dowry deaths, early child marriage, domestic abuse, child labour, sexual harassment, etc have been banned by the government which has really improved the women status in the society. A woman plays variety of great roles in everyone's life in various forms by being involved in various relationships. From her birth till her end of life, she plays various roles as a daughter, sister, wife, mother and other relationships. However, her main roles are as a wife and mother. The status of women in urban societies is better however in various rural societies it is still worse because of lack of proper education and education system. A woman give birth to a baby and considered to be only responsible for her baby regarding care, education, job, etc for whole life. She never demands anything in return of her roles instead she performs her roles politely all through the life without any argue.

A TEACHERS' ROLE IN IMPARTING EDUCATION TO A STUDENT

Teaching job is a great responsibility than a mere job. It has an impact on the growth and well-being of the nation.n many cases of a successful student, there seems to be a good teacher. The relation in between seems to be very harmonious with complete dedication and affection from the teacher towards the student. Some of the great teachers were the cause of political and industrial revolutions around the world.

Teacher plays an important role after parents in molding the students. Students are to be handled with affection and courtesy. The students point of view must always be considered once before he apply his opinion on them.

1. An ideal teacher should be impartial, disciplined, not affected by respect, insult and at all times be courteous role of a teacher.
2. The teaching should be done from the level (knowledge) of learner. Then gradually upgrade to higher level and not the reverse so as to leave them empty minded.
3. Teaching should also be done by reference to standard textbooks for each topic on the subject. This helps student get complete and reliable information. More over students should be encouraged to refer the standard books. This will help them gain more information and also enhance their comprehension and reading ability. Further they can score well in the exams due to more detailed information.
4. In the classroom he should provide proper encouragement for pupils. The child must feel free to approach with any questions or doubts to discuss the issues.
5. Also he should encourage them to take notes in the class. This helps them improve their writing skills, understand better and stay attentive in class.

Diverse Races enrich the Ethnicity and Culture of India

The Persians, the Pallavas, the Kushanas, the Greeks, the Sakas, the Huns, the Portuguese, the Arabs, the Turks, the English and the European races came to India, and enriched Indian ethnicity and culture by their contributions.

India is the place of reunion of many religions and languages of the world. People from around the world with different cultures are found living in a peaceful manner. Here, the Hindus, the Sikh, the Christians, the Muslims, the Jews, the Buddhists, the Jains and the Parsees(Parsi community) live abreast of each other. They all celebrate religious festivals with great enthusiasm.

In North India, most people speak in Hindi language. While in South India, the language for communication are the Dravidian languages such as Tamil, Malayalam, Telugu, Kannada, etc. Further, in West Bengal, there is prominence of Bengali language. The people of Odisha mainly speaks in Oriya language. Besides, Hindi and Dravidian languages and other regional languages, many tribal groups have their own language. In modern times, English language has played an important role in unifying the people of the country. English is one of the most popular inter-language among educated class.

It is this spirit of patriotism that binds us together as one nation.The Ramayana and the Mahabharata are the core epics of the Hindus. Places of pilgrimage lie at various different places in India, and the Hindus of all castes and creeds visit them. The basic rituals of worship are also similar in all places. The Water of the Ganges, Yamuna, Godavari (Dakshina Ganga), Sind and Brahmaputra are regarded holy by every Hindu. In fact, this link of fundamental unity grew up on the foundation of customary Hindu religion.

Buddhism and Jainism were, in their early stage, anti-Vedic in outlook and contents, but in course of time they were mostly amalgamated into the greater fold of Hindu religion.

In spite of these diversities, Indians feel a sense of unity and oneness among them.

THE GOLDEN AGE

Golden times are gone in a haste or so,
Sadly, these times are never slow;
Those were the times of selfless humanity,
Relations were kept with true sincerity.
For times are not alike now,
Wish the past would return anyhow.

Respect with Love, the sole motive of people then,
Joint families and lots of fun;
Gone are the days when people were happy always,
Sadness would rarely say.
For times are not alike now,
Wish the past would return anyhow.

Simple living and happy life,
Never was there a situation of strife;
Happiness in small things was more joyful,
The Golden days was far more beautiful and wonderful.
For times are not alike now,
Wish-wish-wish, the past would return anyhow.

AN ERA OF CRISIS

Oh!here is an era of crisis,
Wise Men had long been decisive;
History is not a repetition,
Humanity saw a 'deadly' demolition.

Sad, we are to see our fate,
How much more can we wait?
Era of Crisis, a blot on our high culture,
Blaming whom: One Another.

Heritage we have kept at stake,
All monetary assumptions were fake;
Sadness here and mourning there,
Across the world, drops of tear.

Oh The Inhumane Wars!!
The pains are felt even after years-
Boon or bane, still a mystery,
It all ended bitterly.

Still we can learn from our past,
Let peace be there, in this world vast;
Try once and try twice,
We will succeed, said all wise.

"PHOENIXIANS"

My poem for my classmates -

You all are, indeed my life,
Nothing was there- a thing like strife;
I am Phoenix, the legendary Bird,
Which rose from its ashes when death occurred.

I am there with you-just remember,
I'll help you-whenever and wherever;
It is neither November nor December,
Our bond is, simply a blissful treasure.

The time I lived with you all,
Difficulties seemed to be so small;
The laughs and smiles are all now, but memories,
Never felt, things were momentary.

My soul resides in you all,
For between us, there never occurred a wall;
Phoenix never die and so does our bond,
Sigh! To sincere wishes, God responds.

Thank You Very Much!
For our bond remains such;
To forget you all is impossible,

GOD'S WORDS

God speaks to each of us
When we hear him, in our prayer.
Then hewalks with us silently
By our side,
His golden voice we dimly hear:

Embody me, my creator.
I belong to you.

Let everything happen to me: beauty and bright.
Just keep going. No feeling is final.
Stop me from losing myself.

Lord, give me your hand.
I must never be lonely in this world
With you, always, by my side.

I hear your loving call
Whispering words into my ears
Protect me my master.

Leadership in School

You can make a difference in your school or community. It starts by focusing on your interests, learning about your leadership abilities, and looking for new and challenging activities to apply them and build your skills. Today's youth represent a new generation of leaders. You will help shape the world you live in today and in the future.

What does it take to be a good leader? You may already have many traits that leaders possess. Anyone can be a leader if they:

1. have a strong desire to take action and try new things
2. embrace lifelong learning and never believe they have all the answers
3. propose positive activities
4. take on responsibility
5. express themselves effectively
6. think fast and retain composure under pressure
7. demonstrate compassion and empathy at all times
8. make personal contact at every opportunity
9. use their imagination
10. exercise good judgement
11. listen to others
12. can motivate others
13. set priorities - put first things first

You will get the most out of activities that appeal to your interests. Set a leadership goal for yourself. You don't have to do everything at once. Start small - maybe you can only fit one or two projects into your schedule this year. Remember, the more experience you have, the easier it becomes to be an effective leader. The dignity of each individual is the concern of any leader, and this is preserved by treating all members of the organization with respect and ensuring they treat one-another similarly, regardless of differences.

Leaders are paid to set direction, not wait for direction to emerge. They have to be willing to follow their convictions and bring their organization to new places. In education, this is most sorely needed in response to the test-based regimen that has taken over our schools at the expense of true education and social-emotional and character development.

The performance of a leader must be judged by his or her skills and the character of his or her performance in the many and complex roles that leadership demands. Using the seven cornerstones of leading with character, derived from the life and work of Sargent Shriver, educators and those concerned with education have a tool for both evaluating and improving leadership competencies along both moral and performance dimensions.

In My Heart Deep,
I weep;
Weep for a response,
Never expected to correspond.
All Days-all seasons,
It cried for a reason;
All appeals failed to cure-
For which I weep , for sure.
To be understood!
But, why one would?

In My Heart deep,
I weep;
For poets write in pain,
Never to get a 'reasonable' fame-
Respect and values in all,
"Only matter of words", I would call.
A mind disturbed,
The words unheard;
Reality is right,
So is this, sad plight.
To be understood!
But, why one would?

A Gift From My Heart

Days of misunderstanding and repentance passed,
This world is full of contrast;
I thought, today to speak up sharp-
To Old Things, I won't harp.

This is a gift, especially from my heart,
Long before had we fallen apart;
This gift -a symbol of unhappiness immense-
For our lives to, a bit, extend.

Life is a journey, for sure, hard-
Sigh! Eternal love, always guard.

Life and Love, a matter of fact,
Time for us to properly act;
This gift: an assurance of loyalty true,
For my life to never fall through.

Why parents must keep up with TECHNOLOGY?

As a parent it is the duty to understand **technology**, relate to it, connect with it and ultimately to continue to teach the children how to survive in it.

Too often we hear parents lament that it is "all too beyond them". They believe they will never 'catch up' with the knowledge and skills that appear to be innate to this generation. Whilst kids will likely be one step ahead in their technical knowledge and abilities however, we as parents must insist on staying as close as possible in order to effectively educate and guide them through the pitfalls.

No matter how much knowledge they have, more often than not, their developing brains, the influx of hormones, the propensity for risk-taking behaviours and the inability to effectively navigate consequences will continue to ensure that their emotional maturity lags far behind their technical expertise.

The teen culture of today is not all that different to years gone by. Kids still like to hang out, be popular, have a place to express themselves and gossip, ..

Today Facebook, Twitter and other social networking sites have become their bedroom, backyard and corner store. Now, via these sites, they are creating profiles, making lists of friends, adding comments and updates, contributing to newsfeeds and providing a continuous stream of updates on their daily movements.

There is certainly a positive element to all this. Kids are staying in contact with friends longer, those that are geographically isolated can feel part of a social group and there is a plethora of creating and sharing.

So whilst our children may well be comfortable with the technical side of the online world, they still need to work within social boundaries and to continue to discover how society works. As parentstheyneed to guide, educate and support the kids with an understanding of their world and a clear perspective of all they face.

"THE SHADOW OF TIME"

The Shadow of Time, the limitless chime,
It is not only yours or mine;
Some called these shadows , the memories,
And some the odd tough times in diversities.
It is of course the shadow,
The Shadow of Time.
Our reflection of our own yesterday?
How long will it stay?
For if we could ever be immortal,
These shadows could be portal.
It is of course the shadow,
The Shadow of Time
Is this present a reality or a blurred appearance?
Hope we could get the answer once!
This is the point, where we find-look-
For the Divine Intervention to seek.
It is of course the shadow,
The Shadow of Time.
What and Who holds the future?
Will it get easily nurture?
Actions will answer this in due time,
Until then, let the things get fine.
Shadow of Time will be forever,
In our lives, when time and peace are together.

The idea of an International Day of Yoga was first proposed by NarendraModi during his speech at the UNGA, on 27 September 2014. He stated: Yoga is an invaluable gift of India's ancient tradition.

Weight loss, a strong and flexible body, glowing beautiful skin, peaceful mind, good health – whatever you may be looking for, yoga has it on offer. However, very often, yoga is only partially understood as being limited to asanas (yoga poses). As such, its benefits are only perceived to be at the body level and we fail to realize the immense benefits yoga offers in uniting the body, mind and breath. When you are in harmony, the journey through life is calmer, happier and more fulfilling.

All-round fitness

Weight loss

Stress relief

Inner peace

Improved immunity

Living with greater awareness

Better relationships

Increased energy

Better flexibility & posture

Better intuition

With all this and much more to offer, the benefits of yoga are felt in a profound yet subtle manner. Here, we look at the top 10 benefits of yoga practice.

1. Yoga is all-round fitness. You are truly healthy when you are not just physically fit but also mentally and emotionally balanced. As Sri Sri Ravi Shankar puts it, "Health is not a mere absence of disease. It is a dynamic expression of life – in terms of how joyful, loving and enthusiastic you are." This is where yoga helps: postures, pranayama (breathing techniques) and meditation are a holistic fitness package.

   This is where yoga helps: postures, pranayama (breathing techniques) and meditation are a holistic fitness package. The benefits accrued by being a regular practitioner are numerous. Some very discernible ones are:

   Improves health

   Gives mental strength

   Increases physical power

   Protection against injury

   Detoxifies the body

2. Yoga for weight loss. What many want! Yoga benefits here too. Sun Salutations and KapalBhati pranayama are some ways to help lose weight with yoga. Moreover, with regular practice of yoga, we tend to become more sensitive to the kind of food our body asks for and when. This can also help keep a check on weight.
3. Stress relief. A few minutes of yoga during the day can be a great way to get rid of stress that accumulates daily - in both the body and mind. Yoga postures, pranayama and meditation are effective techniques to release stress. You can also experience how yoga helps detox the body and de-stress the mind at the Sri Sri Yoga Level 2 program.
4. Inner peace with Yoga. We all love to visit peaceful, serene spots, rich in natural beauty. Little do we realize that peace can be found right within us and we can take a mini-vacation to experience this any time of the day! Benefit from a small holiday every day with

yoga and meditation. Yoga is also one of the best ways to calm a disturbed mind.

5. Improved immunity. Our system is a seamless blend of the body, mind and spirit. An irregularity in the body affects the mind and similarly unpleasantness or restlessness in the mind can manifest as an ailment in the body. Yoga poses massage organs and strengthen muscles; breathing techniques and meditation release stress and improve immunity.
6. Yoga helps to live with greater awareness. The mind is constantly involved in activity – swinging from the past to the future – but never staying in the present. By simply being aware of this tendency of the mind, we can actually save ourselves from getting stressed or worked up and relax the mind. Yoga and pranayama help create that awareness and bring the mind back to the present moment, where it can stay happy and focused.
7. Better relationships. Yoga can even help improve your relationship with your spouse, parents, friends or loved ones! A mind that is relaxed, happy and contented is better able to deal with sensitive relationship matters. Yoga and meditation work on keeping the mind happy and peaceful; benefit from the strengthened special bond you share with people close to you.
8. Yoga increases energy. Do you feel completely drained out by the end of the day? Shuttling between multiple tasks through the day can sometimes be quite exhausting. A few minutes of yoga everyday provides the secret to feeling fresh and energetic even after a long day. A 10-minute online guided meditation benefits you immensely, leaving you refreshed and recharged in the middle of a hectic day.
9. Better flexibility & posture by Yoga. You only need to include yoga in your daily routine to benefit from a body that is strong, supple and flexible. Regular yoga practice stretches and tones the body muscles and also makes them strong. It also helps improve your body posture when you stand, sit, sleep or walk. This would, in turn, help relieve you of body pain due to incorrect posture.
10. Better intuition. Yoga and meditation have the power to improve your intuitive ability so that you effortlessly realize what needs to be done, when and how, to yield positive results. It works. You only need to experience it yourself.

Humanity

We must Value Humanity,
To improve our personality.
Be polite, to acheive
Immense delight.
When somebody asks you to clear a doubt,
Never show your anger and shout.
Hnger will surely ruin your health,
And ultimately your wealth.
Do your work always on time,
Value humanity with a broad smile.

Do your duty honestly,
And always speak politely.

People will honour you, throughout your life,
Do good is the rule, all must abide.
Don't forget and imbibe this quality,
It's not a lie, it's a hard reality.
So to value humanity,
Is the hall mark of every personality.

वृक्षों की ऊँची टहनी पर
टिक वे क्यों नही पाते?

हिमालय से निकलकर नदियाँ
क्यों मैदानों में आती?

माँ को भूल जाते है
कामयाबी अपनाते ही
माँ का साथ छोड़ जाते है।
ईश्वर को पूजते हैं
पर भूलते हैं कि धरती पर
ईश्वर का रूप है माँ।

चुटकले

१. माँ- बेटा! नवीन तुमने अपने भाई सोनू को मार क्यो खिलाई?
नवीन माँ से- तुम्ही तो कहती हो , जो तुम खाते हो सोनू को भी खिलाया करो।

२. डॉक्टर - मैं आपके पति का इलाज नही कर सकता हूँ क्योंकि मैं घोड़ों का डॉक्टर हूँ।
पत्नी - तभी तो मैं आपके पास लाई हूँ क्योंकि ये नींद में लात मारते है।

मेरी प्यारी गुड़िया

मेरी गुड़िया ऊन की,
ऊन देहरादून की
लाल उसके गाल है
रेशम जैसे बाल है
नर्सरी में पढ़ती है
सबको टा-टा करती है।

खड़ा हिमालय बता रहा है
डरों न आँधी-पानी में
डटे रहो तुम अपने पथ पर
हर संकट तूफानों में
डिगो न अपने पथ से तो सब
कुछ पा सकते हो प्यारे
तुम भी ऊँचे उठ सकते हो
छू सकते नभ के तारे

अटल रहा जो आने पथ पर
लाख मुसीबत आने में
मिली सफलता उसको जग में
जितनी भी बाधाएँ आई
उन सबसे ही लड़ा हिमालय
इसीलिए तो जगत भर में
हुआ सभी से बड़ा हिमालय।
