Principal's Message

"Knowledge is power.
Information is liberating.
Education is the premise of progress,
in every society, in every family."
- Kofi Annan

Education has a widespread impact in the life of all the scholars. In the modern era inculcating values and imparting knowledge, has occupied the most vital sphere of planning and executing educational policies in almost every institution. At Hampton Court Mussoorie education has traditional parameters derived from the dignified qualities, initiated and applied by our mother foundress Saint Claudine Thevenet. She taught the world to practise compassion, kindness, concern, respect, forgiveness and equality with capability to celebrate and cherish the differences. All these qualities are inculcated in our students along with the technological enhancement in students and character formation.

The glorious two hundred years of the congregation have contributed for educating prominent personalities of various societies in twenty eight countries, across the globe. These scholars have not only established themselves but have contributed in upholding and developing societies, for the betterment of the citizens. Students at Hampton Court are trained to undertake responsibilities and develop innovative ideas, to create a difference.

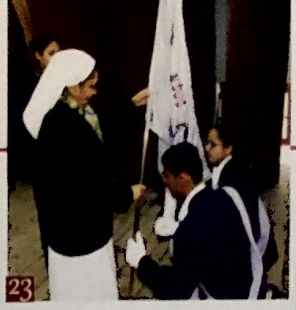

The extremely qualified and dedicated faculty members work over moulding the intellectual development and improving the behaviour of all the students. Our parents are also very cooperative, in supporting and channelizing etiquettes in the life of our students.

It is indeed a matter of honour to head this institute, which has laid down pillars in the structure of education. Sports and extracurricular activities are the most integral part of education practised at our school. The children are groomed to participate, with fair intention and an attitude to excel. Tours and treks are also organised, to invoke exploring and appreciating skills in our students.

I am proud to say that even our supporting staff members, stand beside us with absolute devotion at the time of fulfilling their responsibilities. In the end I wish to say that the sisters of the congregation of Jesus and Mary, have completely rendered their life for the upliftment of this institution. An educated community equipped with sense and sensitivity towards society, has always been and will always remain a prominent vision of Hampton Court. Thank you one and all. Looking forward to your continuous support.

Coming together is joy, living together is grace and growing together is education.

Head Girl's Report

Parul Vaidh

2018 has been an extraordinary year not only for me but for the entire family of Convent of Jesus & Mary, Hampton Court as well. The journey began when the badges were pinned on our blazers in March. Words cannot express my hearts elation, when Mrs. Alankrita Singh and our Principal Sister Rosely Thomas handed over the school flag to me, as I knelt down to kiss my school flag on the stage, the realisation of the honour of my position dawned upon me. I held my head just a little higher as I was the chosen one over all the other students. There was a big responsibility on my shoulder. I was entrusted with the big responsibility and I had to live up to the faith that I had been entrusted with and so I took on the responsibilities that my badge brought with it, with an ardent zeal.

My journey as a head girl began as I spoke the words of gratitude on the day of Investiture Ceremony. This position gave me many such opportunities to be on the stage.

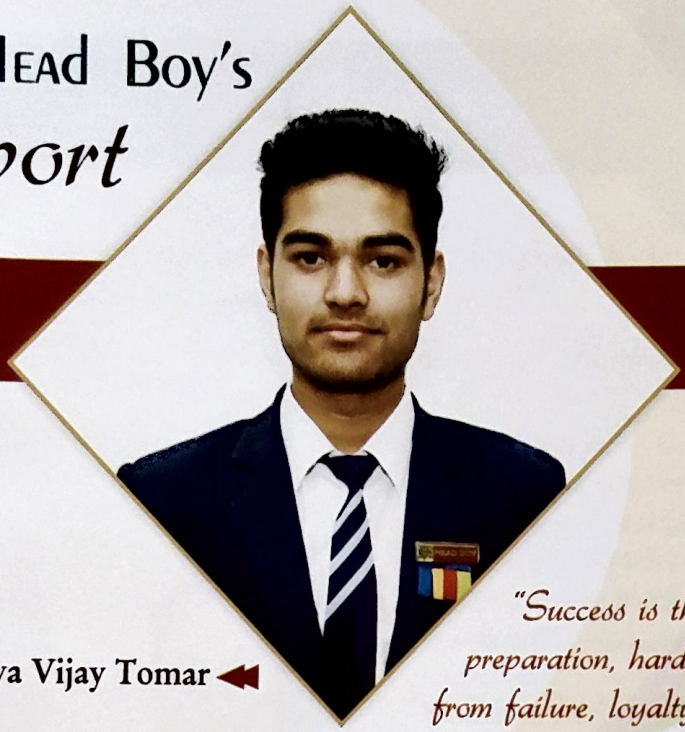

I also got the opportunity to work under the able guidance of our new Principal Sr. Anita Mathew. She motivates and support everyone. She always encouraged me and supported me too .

I was highly honoured when I received the Sir Gordon's Running Trophy for 'The Most Deserving Student' of the year 2018.This was a stepping stone for my success. My journey as the Head Girl has been excellent and has taught me many lessons to remember forever.

I would like to thank our Principal Sr. Anita Mathew and my teachers for reposing their trust in me. I hope I have fulfilled their expectations. I also thank the entire Student Body for being so co-operative and understanding which made my tenure as a Head Girl so memorable. I would like to conclude with the a quote

"If you have a strong purpose in life,
you don't have to be pushed . Your passion will drive you there."

Head Boy's Report

Adwitiya Vijay Tomar

"Success is the result of preparation, hardwork, learning from failure, loyalty and persistence."

Every moment, every day brings for each one of us, an experience, an achievement and this is exactly how we can sum up the year 2018. The year was full of laurels which the students brought for their Alma Mater and experiences which ensure that future would be ours.

CJM Hampton Court celebrated the Bicentenary of the Congregation throughout the year, which helped each one of us to strengthen our faith in the virtues of our Mother Foundress St. Claudine Thevenet, to mark this special event, the school organised the Inter School Debate in association with the Hampton Court family.

The year began with great enthusiasm with a number of activities which certainly boosted the morale of the students. The year also witnessed a sad phase when the school had to bid adieu to our former Principal Sister Rosely, Sr. Susie and Sr. John, but sadness is finite the school welcomed Sr. Anita Mathew, Sr. Sophie and Sr. Neelu which was over whelming to the CJM Hampton Court family.

The school had many proud moments. Three students of our school participated in the Inter-School Debate held at CJM Delhi. Even in the field of sports, in the under 15 boys – Football Tournament our team stood second. Adwitya Vijay Tomar, the Head Boy was the highest scorer in the Jackie Memorial Football Tournament. In the Inter-House activities too, the students participation was amazing for the first time in our school, an Inter-House Football Tournament was held for the girls.

The Alumni batch of 2014 – 15 had presented a trophy in the memory of Late Suraj Bhan Singh our former Games Captain. The trophy will be awarded to the best sports person every year. The Endeavour House was the Champion House, it was indeed a moment of pride when its Ex-student (Alumni member) Raj A. Bijalwan published his book " Devotion through the Darkness" and launched it at Annual Alumni Meet-2018.

I am grateful to our Principal. Sr. Anita Mathew, Sr. Sophie and Sr. Neelu for their constant support and guidance. I would also like to thank the teachers, for their encouragement and support. This year has been a successful year because of the collective efforts of each and every member of CJM Hampton Court family.

"Alone we can do so little, together we can do so much."

Report GAMES CAPTAIN

"Even impossible says I'm possible."

As a games Captain I tried to instill this passion of mine in all fellow Hamptonians. The playing field provided me with a land of opportunities. It's a place where I show the best of me. It is my temple which gives me strength, competition, confidence and energy to face all obstacles that come my way.

All houses did their best in games field and I saw their hard work in the best way as they crossed numerous ribbons, wore multiple medals and lifted innumerable trophies.

"To be a champion you have to believe in yourself when nobody else does."Varoius tournaments were held during the year 2018. To name a few: Inter House Badminton, Basketball, Volleyball, Marathon, Cricket and Relay etc. that kept all the House Captains and Vice Captains on their toes as their athletes put in their full efforts to contribute towards the success of their houses.

I thank our Principal Sister Anita Mathew for always motivating us and allowing us to take advantage of all the opportunities that came. Being the Games Captain I understood the importance of hardwork, dedication and primarily team work. I would like to thank her for believing in me. I would also like to thank all the teachers for reposing their trust in me. Last but not the least I would like to thank all the people who have helped me throughout this journey of being a leader.

Social Service Report

"In nature there are neither rewards nor punishments, there are consequences."

Robert G. Ingersoll

Ansh Grover & Akriti Lekhwar

Man is a social animal. Man is a part of the society and helps in rebuilding and developing the society through social work. It strengthens the base of the society. Every human on this earth should take it as a duty and responsibility to serve the environment and spread information to others as well.

The history of mankind bears the testimony of the fact that social service has been the primary motive of every human. The Convent of Jesus & Mary, Hampton Court also contributed towards social work and spreading awareness in the society .The school had conducted campaigns towards keeping the city clean:'Clean and Green' and one of the most important social issue: 'Beti Bachao, Beti Padao (Save the Girl Child)' on 13th April and 26th May respectively. I am sure that the school will continue with its social work in future also. May their efforts bloom forever.

Faculty Felicitation

"Teaching is the profession that teaches all of the other professions."

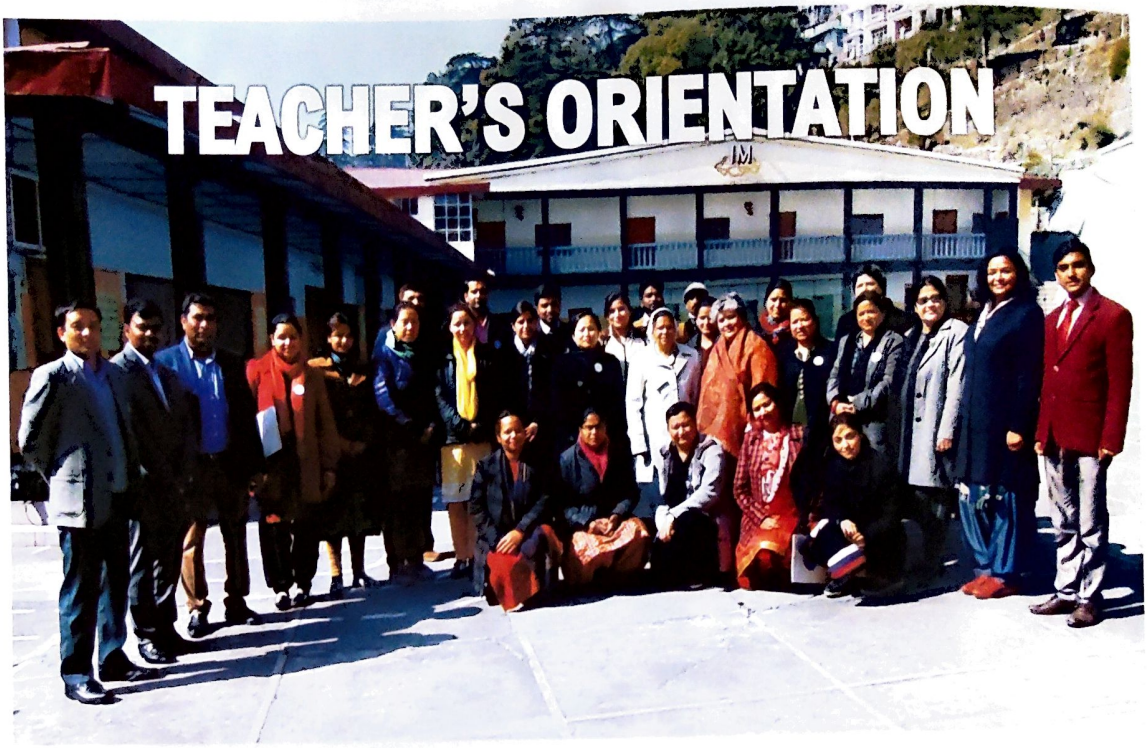

At the onset of a consecrated year 2018, the most gracious and inspiring words of welcome were expounded by our Principal Sister Rosely Thomas. All the staff members were full of enthusiasm, to undertake a role designed for them in aspiring the students for new and creative achievements in academics, sports and literary activities for the academic session 2018.

The meeting was held on 19th February and the forum started with a small prayer, seeking the blessings of God in everything. A small song along with a message from God was incorporated in the meeting to invoke a spiritual relationship with the divine. Imbibing the vision Principal suggested the staff members to create human beings who are pure in their soul, sincere in their tasks and wise in their approach. She emphasized on the behavioural aspect and approach for building positive attitude in our children.

Education comprises of knowledge and etiquettes and the teachers were enlightened by Sister to adapt the recent techniques with morality for imparting quality education as the utmost purpose desired by the congregation since decades. A song was presented, which was dedicated to the staff members for making a difference in the student's life.

The forum was further instructed by sister to organise their teaching methodology for the entire session in a mechanism which is student oriented, enhancing skills and building confidence. Various responsibilities, authorities and duties were assigned to the staff members for a successful year. Thus the staff meeting concluded with promising commitments made by everyone present, for the glorious future of our students.

TEACHER'S ORIENTATION

"The purpose of training is to tighten up the slack, toughen the body and polish the spirit."

Innovation and expansion in the world is prevalent and the educators need to equip themselves with the best teaching methods. Our Principal Sister Rosely Thomas organised an Orientation cum Seminar for the teachers on 21st February. An eminent trainer Ms. Leela from Ratna Sagar Publishing House addressed the teachers and conducted different activities for channelizing creative thinking and teaching power.

The module of the Orientation cum Seminar included, introduction of staff members using an adjective with their name. An environment of mutual collaboration and coordination evolved when various different games were held for the teachers. The idea behind engaging all the teachers present was successful, when positive and productive outlook was visible in the behaviour of the teachers.

The event also included a power point presentation based on the different hurdles and opportunities available for a teacher. Ms. Leela expressed that exploring perfect career is not only essential for students but the proficiency behind exploring such career oriented approach, should be monitored and established by their teachers. She quoted Steven Covey and her seven steps theory to improve the teaching skills.

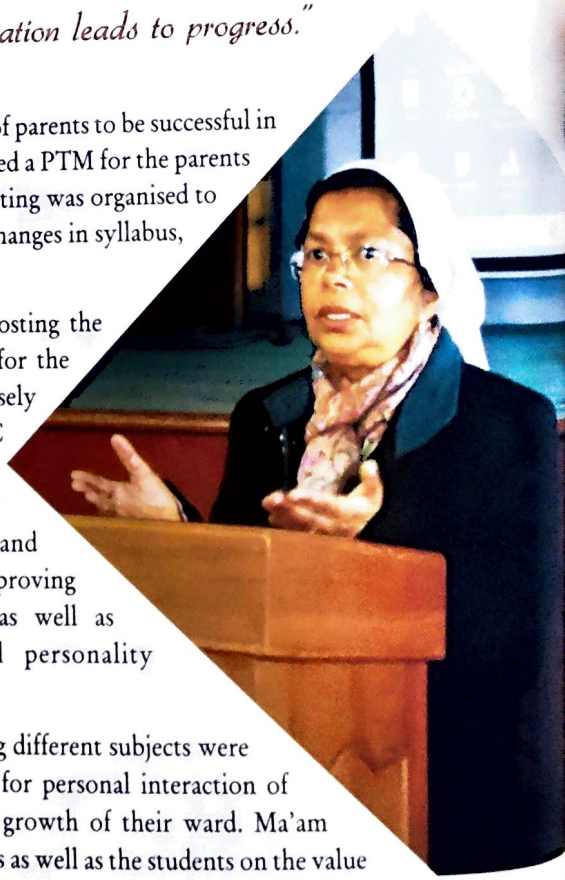

The event came to an end by a vote of thanks proposed by our Principal Sister Rosely Thomas. She appreciated the endeavour behind inspiring the staff members. Eventually all the teachers developed cordial relationship and resolved to create confidence in every child, which states. "Sky is not the limit."

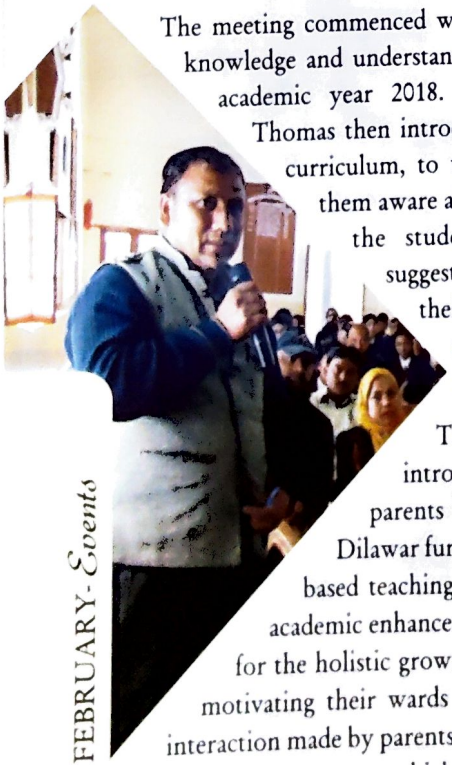

Parents Teachers Interaction

"Changes call for innovation and innovation leads to progress."

Children need the guidance of teachers and motivation of parents to be successful in their endeavours. With this vision our school conducted a PTM for the parents of class X and XII, on the 22nd of February 2018. The meeting was organised to establish transparency in academic approach, study plan, changes in syllabus, modes of distraction and measures to avoid them.

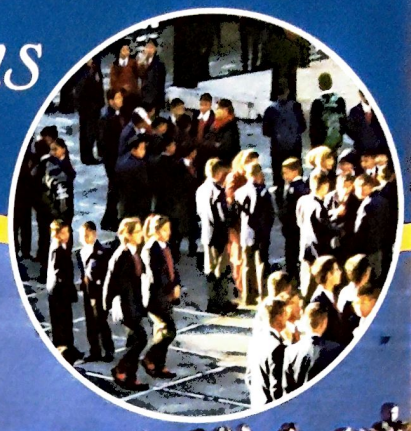

The meeting commenced with a prayer offered for boosting the knowledge and understanding skills of our students for the academic year 2018. Our Principal Sister Rosely Thomas then introduced the CISCE and CISC curriculum, to the parents, she also made them aware about the challenges faced by the students in their approach and suggested some methods, for improving their academic performance as well as means for their overall personality development.

The faculty members teaching different subjects were introduced during the meeting, for personal interaction of parents to ascertain the individual growth of their ward. Ma'am Dilawar further enlightened, the parents as well as the students on the value based teaching method and living, followed by Ma'am Rekha speaking on the academic enhancement of children, along with Sir Neeraj Sharma stating the specific requirement for the holistic growth of the students. The parents also gave some suggestions to the teachers, for motivating their wards and achieving excellent results. The meeting came to an end with mutual interaction made by parents, teachers and students for attaining success in all their efforts put in throughout the year. It was an event which brought mutual understanding between parents and teachers.

School Re-Opens

"Let today be the start of something new."

An excitement to explore new books, classroom, furniture and teachers was the most prominent thought surrounding the mind of every child and early in the morning before the dawn of the sun they arrived to seek knowledge and attain wisdom. The weather on hills on 4th of March 2018 was fusillade but the next morning was lucid by God's grace and CJM Hampton Court reopened for the new academic session. The most remarkable thing to admire was the punctuality, every child was there in school on time for the morning assembly.

The day started with a welcome note made by our Principal Sister Rosely Thomas in the assembly enlightening students about the importance of training, at school and the vision of refining an individual personality, for fabricating responsible and successful citizens of our country. The assembly proceeded with a prayer seeking God's blessing in the life of every individual associated with the institute. A speech on courtesy in every student was considered for meditation and holistic development.

The new faculty members were introduced to all the students and children were escorted to their respective class rooms along with their class teachers. The welcome charts were made and pasted in the class rooms by the teachers. The students were made comfortable by conducting an interactive session as advised by our Principal Sister Rosely Thomas, based on their holidays and their goal setting. The school rules, regulations and policies were briefed to all the children. The school ended with a relaxing half day granted by our Principal for all. All the teachers as well as students resolved to make the best out of all the school facilities and grow intellectually as well as spiritually with every passing day.

The young sparkling eyes and eager minds of Junior School were present in the auditorium on 15th and 17th March, with their parents for the Orientation Session 2018. The class teacher of class one on behalf of our Principal Sister Rosely Thomas welcomed all our young minds and their respected parents. The programme commenced with a short prayer, offered to God for his guidance and blessings.

Soon after the prayer our Principal Sister Rosely Thomas addressed the gathering, highlighting the quality of education offered at CJM Hampton Court which aims to attain the zenith in grooming every child associated with it. She emphasized on certain principles like punctuality, discipline, health and hygiene, school uniform, proper food, PTM,

maintaining school diary and ERP resource management system, which requires the mutual cooperation between the teachers and parents for effective and efficient learning of their ward.

HOLY Saturday

"His cross stands empty in a world grown silent through the hours of anguish and of dread: In stillness, Earth awaits the resurrection while Christ goes down to wake the dead."

Pope Francis I

Holy Saturday is the name given to the day between Good Friday and Easter Sunday. Christians recognize Holy Saturday, the seventh day of Holy Week, as the day on which Jesus, 'rested' from His work of providing salvation. Jesus was laid in a nearby tomb and His body remained there for the entire day. Churches celebrate Holy Saturday traditionally by observing a day of somber reflection as they contemplate the world of darkness that would exist without the hope of Christ's resurrection. The day between Christ's crucifixion and His resurrection would have been a time of grief and shock as the stunned disciples tried to understand the murder of Jesus, the betrayal of Judas and their hopes shattered.

"Today a great silence reigns on earth, a great silence and a great stillness, a great stillness because the King is asleep. In silence we await for His resurrection."

Pope Francis I

EASTER

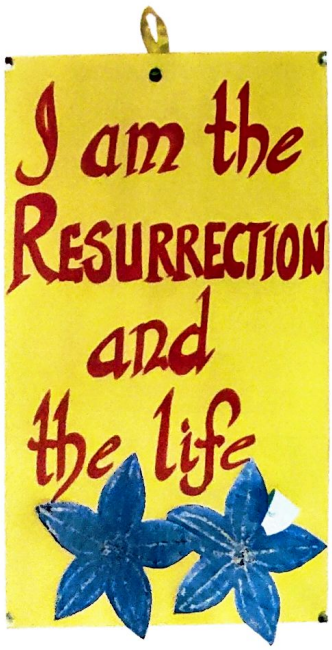

"A man who was completely innocent, offered himself as a sacrifice for the good of others, including his enemies and became the ransom for the world. It was a perfect act."

Mahatma Gandhi

Easter is known as 'The Resurrection Sunday' or 'Easter Sunday.' Easter is the Holy Day of obligations –the festival celebrated by Christians, as it signifies Christ's resurrection from the dead. His resurrection marks the triumph of good over evil and indicates that life can win over death.

Easter is always celebrated on Sunday and this year it was celebrated on 1st April. Easter usually falls after the first full moon after the spring equinox and marks the end of Holy Week which starts from Palm Sunday.

Catholics attend Easter Vigil at midnight and several sacraments are being performed including The Holy Mass, baptism etc. On the day of Easter, children hunt for Easter eggs which are usually filled with candies or money. Egg symbolises new life and Christians relate it with Christ's resurrection. On this day churches are decorated with white lilies which signify resurrection and churches are painted in white or golden colour.

"God raised the Lord & will also raise us up by His power."

1Corinthians 6:14

THE HOLY MASS

"The Eucharist (Holy Mass) is the source and summit of Christian life."

Pope John Paul II

On 2nd April 2018 just after Easter, Our Dear Principal, Sr. Rosely Thomas organised the Holy Mass in our school. The main celebrant was Rev. Father Samuel. The main purpose of the Eucharistic celebration was to seek the blessings of the Almighty God for the new session and also blessings for the school premises, so that the new academic session becomes fruitful for both the students and the teachers. Rev. Father Samual preached about Easter as well as requested Christ to bless each and everyone present during the celebration. The students actively participated by taking part in the rituals.

"Let the little children come to me and do not hinder them for the kingdom of God belongs to such as these."

Matthew 18:1-3

May the blessings of the risen Lord be with us throughout the academic session.

To Cancer Society

To Samvedna Society

To Sadbhvna

To Defence Welfare

Along with this mission the blessings of God almighty also showered on all the endeavours of the school. The main source of inspiration for these programmes was our honourable Principal Sister Anita Mathew. The entire Hamptonian family offered prayers for peace and prosperity in her life.

Dina's Day

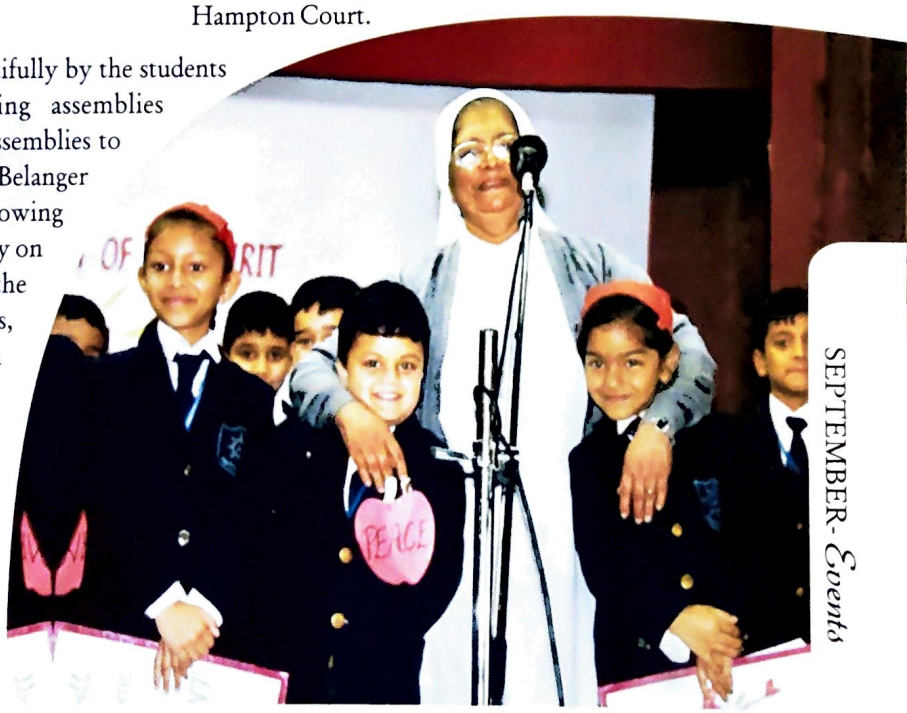

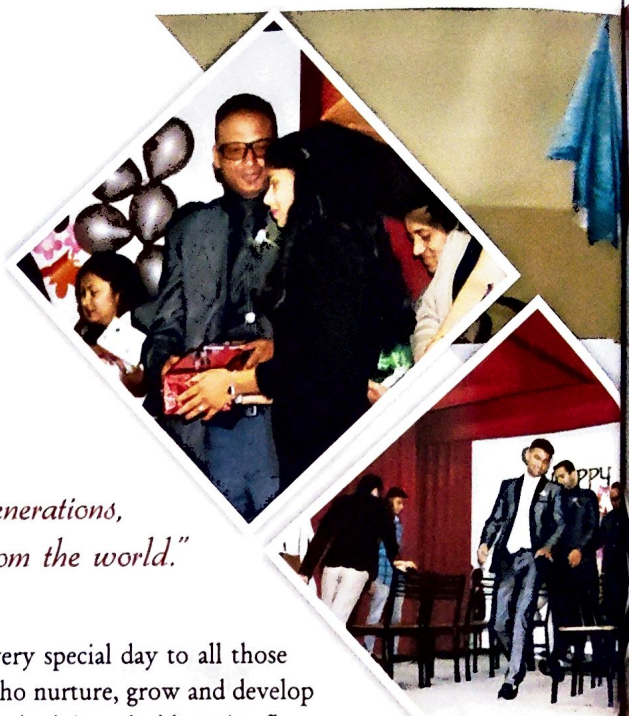

Blessed Dina Belanger was a divine soul, born to live for others and help the needy. She was an integral part of the Congregation of Religious of Jesus and Mary. Her role in her life was to build a pure and sanctified relationship with God and to do his will, in all that she did in her life. Her most unique quality was writing and it was this quality which made her recognised. The ideology and qualities of blessed Dina Belanger are practised in the day to day activities of the children studying at CJM, Hampton Court.

These qualities were portrayed beautifully by the students of junior school, in the morning assemblies conducted on 4th September. The assemblies to remember and honour blessed Dina Belanger before her Feast Day involved the following themes, class II conducted an assembly on Fruits of Spirit, class III conducted the assembly on Count your blessings, class IV presented an assembly on Lend a helping hand and class V conducted an assembly on Faith in God. Yes it was the time to honour and admire the teachers, who live, work and dedicated their sources to fill the barns of their students with knowledge and values. On this day the children did all they can to make their teachers feel precious.

Lend a Helping Hands

"Help the needy and be kind to the poor,
this practice will help an individual to live long without any fear,
through their prayers."

A very special and inspiring assembly was presented by the students of class IV, under the valuable guidance of their class teacher on 6th September. The message passed by the young learners was like the flowers of wisdom, still blooming in the gardens of mature, wise and intellectual people.

The theme of the play presented by them was based on the parable of a 'Good Samaratian' from the Holy Bible. The message represented the hypocrites in the society and a person who had values inculcated by the law of the Lord.

This value based system is the vision behind providing education at our school. The 'Good Samaratian' laid down an example of kindness, care and respecting humanity as the top most virtue. The assembly clearly clarified that differences are only turning humans into stones. The feeling of concern for others can alone bring an everlasting joy.

The assembly was appreciated by the Principal and she added to the message by requesting all the students to live by the feeling of integrity. The costumes and dialogues were so well prepared that they lingered in the talks of the people for more than a week.

PLANETARIUM SHOW

A Planetarium Show is a theatre, built for educational and entertainment purpose, where shows on astronomy and cosmos are screened. We all heard of the Nehru Planetarium at Delhi but what about a planetarium in our school. Recently a planetarium show was held on 28th and 29th October, in our school which was organised by the Equinox Planetarium. The program went on for two days. The Senior School had their chance to witness the second day. On entering the assembly Hall, we saw a dome-shaped structure in the middle, which was silver and black in colour. To enter the balloon we were asked to pass through a chain door which opened and closed with a zip. This dome was all white from inside and had one attached projector with it.

After we all were seated, the lights were turned off. The projector was opened and its light spread around in the dark –dingy aura and now the top white screen of the dome had complete solar system projected on it.

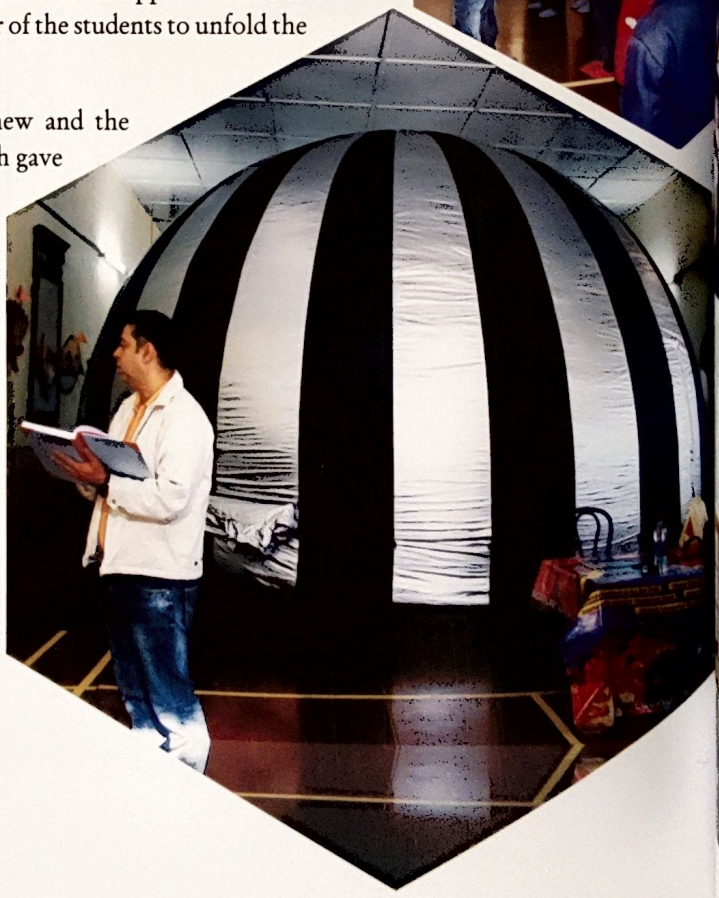

This is how the show began. First came the title 'The Ultimate Universe' and then the 35 minute movie started. We were told of the big bang theory and how the universe was formed. The most fascinating thing that I got to know is that 'We are made of star stuff.'

The show ended with an air of ecstasy which was inexplicable and could only be felt.

"Per Aspera And Astra ". The cognizance of the world beyond has always been a matter of curiosity for a man. To know about 'The Cosmos 'is the appetence of mankind. The grandeur of the show has increased the ardour of the students to unfold the mystique of the cosmos.

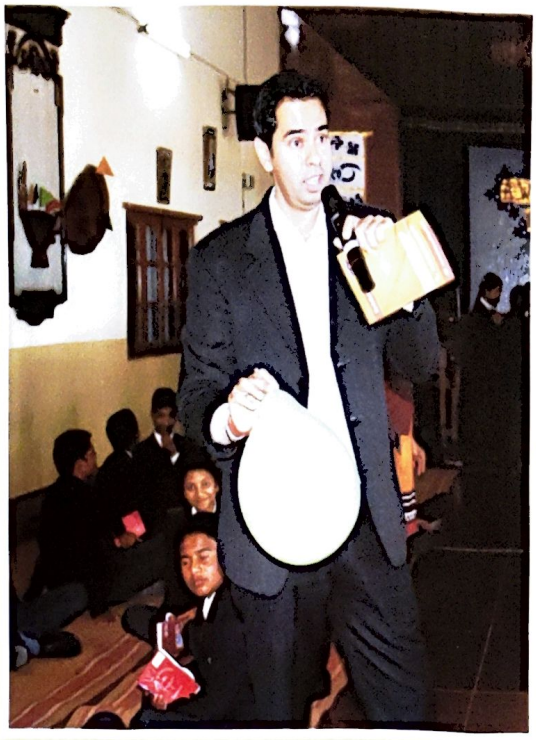

I am thankful to our Principal Sr. Anita Mathew and the school for organising such an eclectic show, which gave me Gnostic knowledge. The show will definitely be fruitful for all the students.

The ideas to overcome failures and other social issues leading to depression were also covered in this session. Many children in today's world are facing situations that shun their dreams forever. So this was the main area of concern covered by the organisers. The children appreciated the programme whole heartedly and said, we look forwards for many such programmes in future.

A day celebrated across India, to make the young and aspiring children feel special. It was indeed a day to make our Hamptonians feel special, as we celebrated children's day on 14th November. This day always marks a special memory in the hearts and minds of all the members of Hampton Court family. This year too our Principal Sister Anita Mathew inspired, the teachers to plan an entertaining event for the students.

A mesmerizing, cultural programme was organised which comprised of few songs, dances, two skits to make the children giggle and few speeches in which poured out the emotions of the teachers. All the teachers taught during the day and then practised for the event after school, to make it a successful show. The students appreciated the performance of their beloved teachers, by applauding. " A day no less than a fable and make them able,
yes indeed it was the day to present the medals."

All the athletes who sweated were filled with excitement to be rewarded for their perseverance. The track and field events, made many athletes shine like a star. Our Principal Sister Anita Mathew praised the winners and at the same time encouraged everyone by stating that, winning or losing is the part of an event, but participating is the most vital and essential aspect of sports.

On 15th of November, a Special Assembly was organised to honour all the winners of Track and Field Events. The students were arranged house wise for the assembly and were expected to cheer the winners from their house. The medals were presented by our Principal Sister Anita Mathew. She later declared the performance of all the participants commendable. All the faculty members congratulated the winners as well as our Physical Education Teacher, for organising such a grand event.

"People may come and people may go, but the memories and abilities of Genesis will be remembered forever."

Special

ASSEMBLY BY CLASS: XII

A Special Assembly was prepared and presented by the students of the outgoing batch. The batch of Genesis 2019 on 16th November. The programme started with individual speeches

delivered, by all the students of class XII. These speeches were prepared individually by the students, without the help of any teacher.

These speeches not only involved the words but also the moments which were special as they were cherished by the batch of Genesis and magical because they will never get a chance to re-live them again ever in their life time. The students expressed gratitude towards our Principal Sister Anita Mathew, for her constant support. They were also grateful to the teachers who moulded them into sensible personalities.

The students of class XII even prepared a presentation titled, 'Journey of Genesis.' This presentation comprised of nostalgic memories, which made everyone present in the hall emotional. Finally a speech delivered by our Principal developed an association between the passing out batch and institution forever. The day ended by, students resolving over a slogan,

'Once a Hamptonian always a Hamptonian.'

Endurance House

Kartik Kandari & Vidushi Chauhan

"It is better to lead from behind & to put others in front, especially when you celebrate victory & when nice things occur. You take the front lines when there is a danger. Then people will appreciate your leadership."
-Nelson Mandela

During my term as the Captain of the Endurance House, I learnt and kept this quote very vivid in my mind. It was definitely a great honour, to lead the house which was handed over to me in the year 2018. If your actions inspire others to dream more, learn more, do more and become more, you are a leader.

I was very fortunate that the students of my house worked as a team. Due to their collective efforts, our house achieved many laurels. The House was the winner of the Inter House Volleyball Competition. The house team was also declared as the runner's up in Football Tournament. Adding honour to it, I was judged the best sportsperson for the year and received the prestigious Suraj Bhan Memorial Cup.

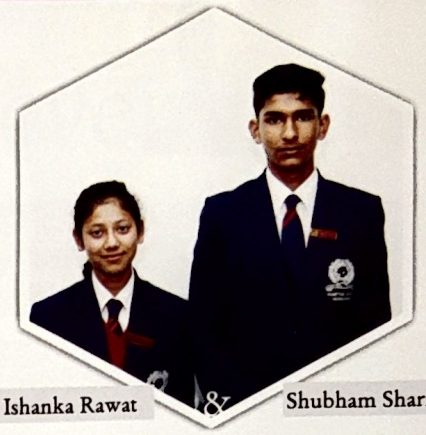

Not only in sports but the house outshined in academics too. Another moment of glory was when we achieved the "Runners Up" position in English Dramatics.

I learnt teamwork, dedication and sense of responsibility while shouldering the responsibility of a house captain. It was my privilege to have Vidushi Chauhan, as my Vice-Captain, she was always by my side, when I needed her support.

My report would not be complete till I owe my thanks for the valuable contributions towards my Principal, Sister' s Community our House Master, Sir Naman Goyal and other House Teachers. Also big thanks to our Principal Sister Anita Mathew for encouraging me always. Once again my heartfelt gratitude to one and all involved in my journey as the House Captain of Endurance House.

Kartik Kandari, XII

Encounter House

Ishanka Rawat & Shubham Sharma

"Standing up to hardships with a smile."

"Leaders are made not born." I feel proud when I remember the day when I was elected as the captain of the Encounter House (Red House). My parents felt very proud of me. I became aware of all my responsibilities and it was a challenge to my leadership. Leadership abilities are refined and polished by the education process, training and also by the efforts of our parents and teachers.

The games and academic session, both were well handled by the students of my house. Various competitions were held in line like the Inter-House Quiz, Dramatics, Debate and Sports. I am sure we did a great job. I have seen my house progressing every year and the main reason for this progress is the co – operation of the House Master and house teachers.

In the end, I would like to thank all the teachers and juniors for their support which was necessary. The motto of our house inspires me to face any challenge. I shall always uphold my house motto in my life.

Ishanka Rawat, XII

Endeavour House

Ankit Shah & Ankita Rawat

"Success is not final, failure is not fatal. It is the courage to continue that counts."

To be a champion, I think you have to see the big picture. It is not about winning & losing, it is about every day's hard work and about thriving on a challenge. It is about embracing the pain that you will experience at the end of a race and not being afraid. The year 2018 brought along an ocean of profuse opportunities for us. Our school calendar was full of activities for the students, to overcome their inhibitions and discover their true potential.

In the game field we had our own share of victories. The senior boys did extremely well in Football, Volleyball and other game whereas the juniors were also best at their part. We also won many medals in athletics. The Endurance House students were equally excellent with their performance on stage. We won the Debate Competition and stood second in the quiz. Moving on we had the grand function of sports.

On much awaited day as the students of Endeavour House marched across the hard court along with the other houses, we won the best march past trophy, we were overjoyed when we were declared as the champion house of the year 2018. Overall the year 2018 was full of achievements & success. I express my heartfelt gratitude towards our Principal Sister Anita Mathew, Sister's Community, House Master Sir Bir Singh, Ms. Seema, Ms. Smriti, Mrs. Meghna, Ms. Kirti and Ms. Zubi.

A special thanks to my Vice – Captain Ankita Rawat for being a great support. I am grateful to each and every member of this house for making this year a successful one. At last I wish to end my speech with a quote.

" Talent wins the game, but teamwork and intelligence wins the championship."

Ankit Shah, XII

Enterprise House

Rahul Budhan & Khushi Meyan

"Standing up to hardships with a smile."

The year 2018 has been an amazing year in my life and will always remain one of the most important and precious one. This year I was handed over with the responsibility of becoming the captain of the Enterprise House. Now one long, yet too short year has passed and it is time to hand over my responsibilities, to some other leader of my house.

The Enterprise House or the yellow house with the colour of the sun and the motto "Light a candle in the dark to radiate a new vision." will always have my loyalty and respect. As a captain, I observed that the students in our house are capable of achieving greater heights than they imagined Each one must realize that he/ she can only succeed if he/she has a goal and they keep steady and are full of determination to achieve that goal.

I would like to thank my Principal, House Master and all the other house teachers for the guidance and support. I would also like to thank my vice - captain Kushi Meyan, who contributed immensely towards our house throughout the year. I have firm belief that my enterprise house will be a shining star forever. My house members will prove their calibre and potential to hold high values and morale of our house. I also wish to say that I will always feel proud to be called the captain of the Enterprise House.

In the end, I would like to say that, " Being a captain is never a burden, but certainly a challenge to make the students realize, that no milestone is too far to be achieved."

Visit to

On 22 November 2018 students of classes XI and XII, accompanied by their teachers, visited Lal Bhadur Shastri National Academy of Administration, Mussoorie. We reached LBSNAA at 02:15 p.m. There we saw many IAS trainees.

We met Vaibhav Srivastav, an IAS trainee, who introduced us to Sonali Prasad, a journalist and writer, who had recently worked in a project titled 'Ranger'. There are many wildlife conservation projects but Ranger was different. 'Ranger' was based on the lives of people who have been conserving and protecting wildlife. People who live with the wild to protect it. Inderjeet Rajkhowa did the photography in the project.

We got to know about Niches, a tribe in Arunanchal Pradesh who killed the Hornbills for their beaks. Niches have a tradition of wearing caps made from Hornbill's beak. One beak is used to make one cap, so many birds were killed for their beaks. Then, one man of the tribe suggested, using plastic caps instead of using beaks. After a lot of discussion the tribe then accepted the plastic caps. The Hornbill's were then protected from being killed.

In Sarika, Almar – Rajasthan, all the 'Pakke Tigers' were entinct. The case want to CBI and investigation was done. From then, the 'Pakke Tigers' are checked time to time. To find whether a particular tiger is alive or not, people who work there have to check the pug marks and smell its pee. We also got to know that a tiger's pee smells like biryani!!

Then we were told about Sukhpali, the first woman guard to be recruited in the desert national park. When all her collegues were not ready to take up job in a desert, a courageous Sukhpali took the job. She lives in the desert in a "Jhumpa" (a traditional hut) amidst deadly animals and work to protect the wild.

After Ranger, it was time to view the art gallery. There was a panoply of paintings. We saw many artists working on their paintings. It was a beautiful experience.

LBSNAA

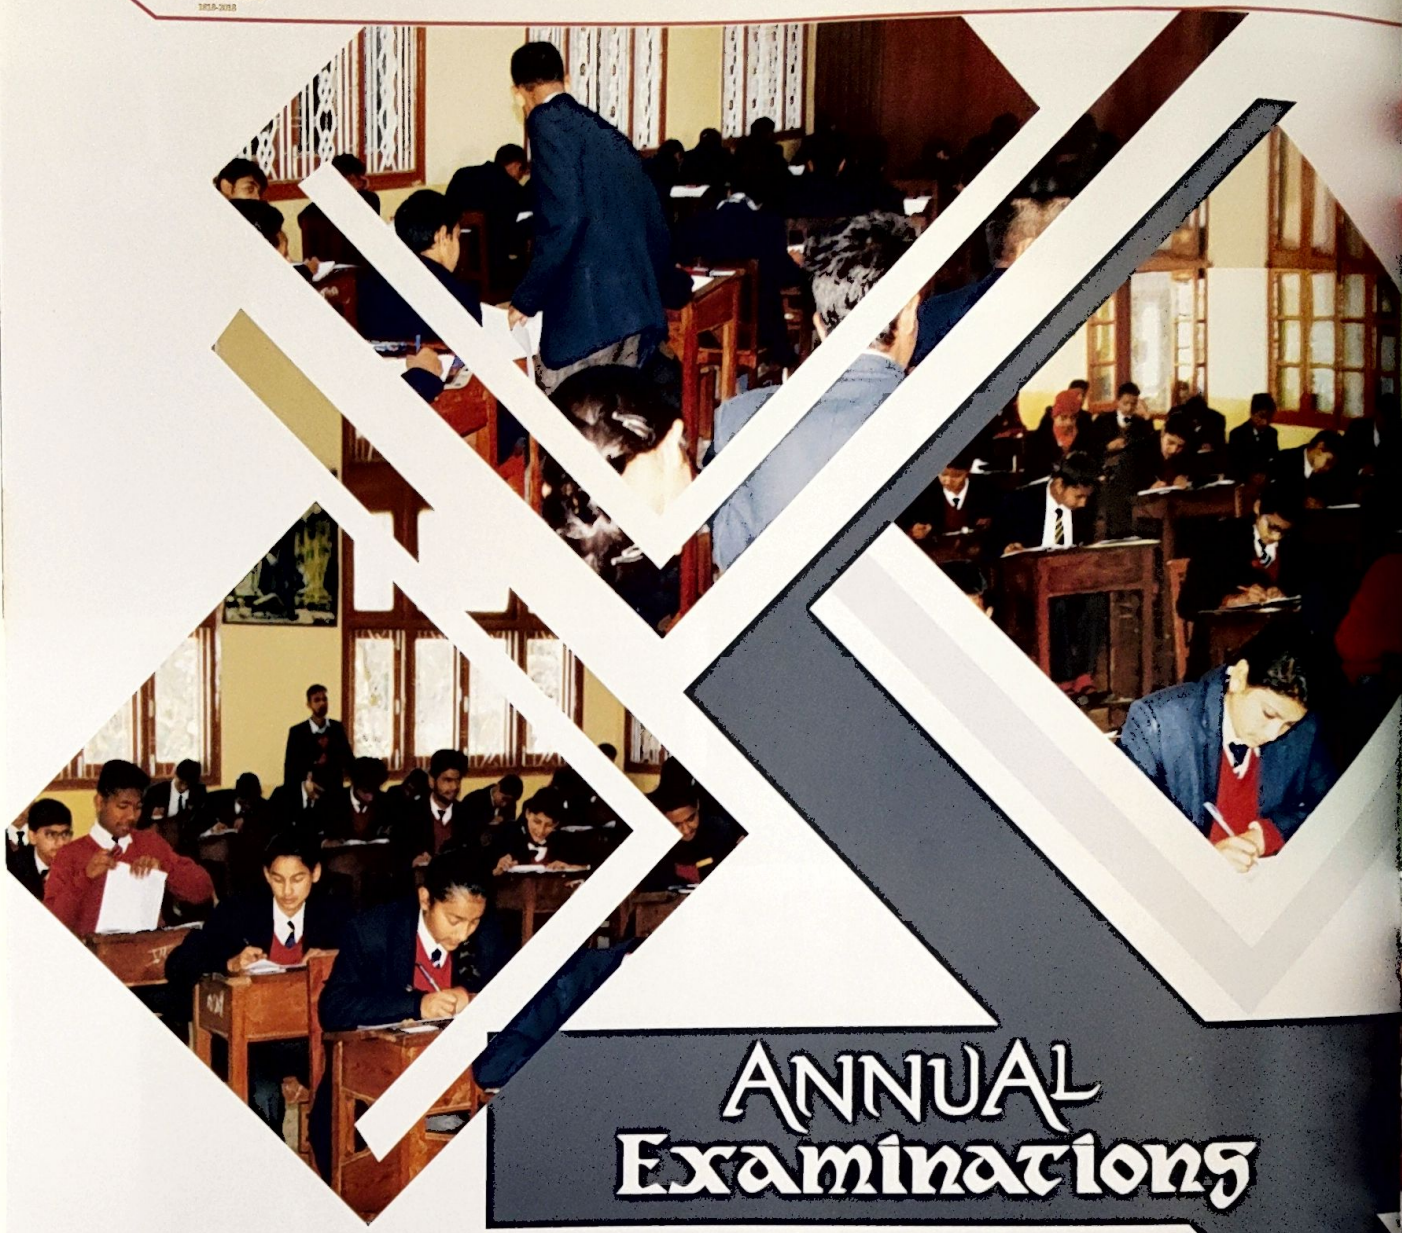

We then went to view the magnificent library. The library was a two-storyed structure having more then 1,47,000 books. There was also an audio-video section in the library from where the trainees took CD's to study.

At around 04:30 p.m, it was time to leave the Academy. It was a very ecstatic experience and filled everyone with ardour. 'Ranger' and eclectic show, the art gallery and the magnificent library are worth extolling. The visit was very informative and encouraging. We are grateful to our Principal and our teachers, who gave us this opportunity to visit the place where all IAS officers are trained. It was a Red letter day and an experience too great to be forgotten.

Annual Examinations

"The time to study and the time move on,
annual examination came with tension and anxiety full on."

The final examination were round the corner and the day finally arrived for the first exam. On 17 November the first exam was held for all the classes. The children seemed nervous but somewhere they were eager, to write these exams and move ahead to the next class. The papers were well set on time and revision was also done, to make the concepts clear and the children confident.

The exams were well organised and all the children who appeared in the examination fared well, without using any unfair means. The exams finally got over on 30th November and it was the day when Christmas was celebrated in the school. The children were observed studying in their peer groups and taking the assistance of their teachers for clearing all the queries. Their hard work paid and they moved a had to the next class with flying colours. It was also a moment for the teachers to feel proud, over their entire year's effort. May God keep showering his wisdom over all the students forever.

CHRISTMAS

"For unto you a saviour will be born."

The bright sparkling morning and wide dazzling smile was an evidence for the joy and hope in every heart of Hamptonian family. On 30th November a small Christmas celebration programme was organised by our senior students, soon after their last paper. It was indeed the most gracious celebration for the community of CJM, Hampton Court Mussoorie.

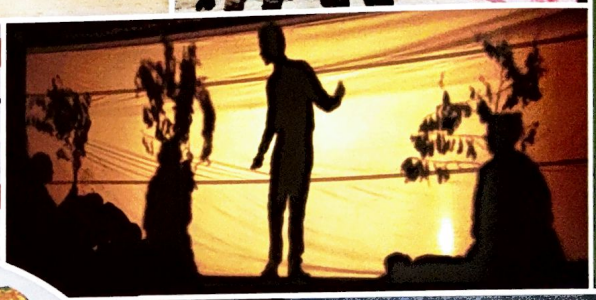

The students and teachers were all eager, to celebrate Christmas before the school closed for the winter break. The event comprised of carols, dances, a skit based on the birth of Jesus Christ and a surprise visit of Santa. The children were all excited to see Santa who appeared like an angel and distributed many sweets, chocolates and gifts to all the students.

Our Principal Sister Anita Mathew, mesmerised everyone by her speech and told the significance of Christmas celebration. She told Christ was born to teach love and positivity to everyone. She also told everyone that the values imparted by Jesus never created differences but unity, care and compassion for every living soul.

Another celebration was held on 25th December by the Sister's Community for all the support staff members and their families. The support staff members at Hampton Court are always treated like the member of school family irrespective of the work they do. Christmas was indeed the most auspicious celebration, which is celebrated every year with happiness and joy.

"It's time to say goodbye, but I think goodbyes are sad and I'd much rather say hello. Hello to a new adventure."

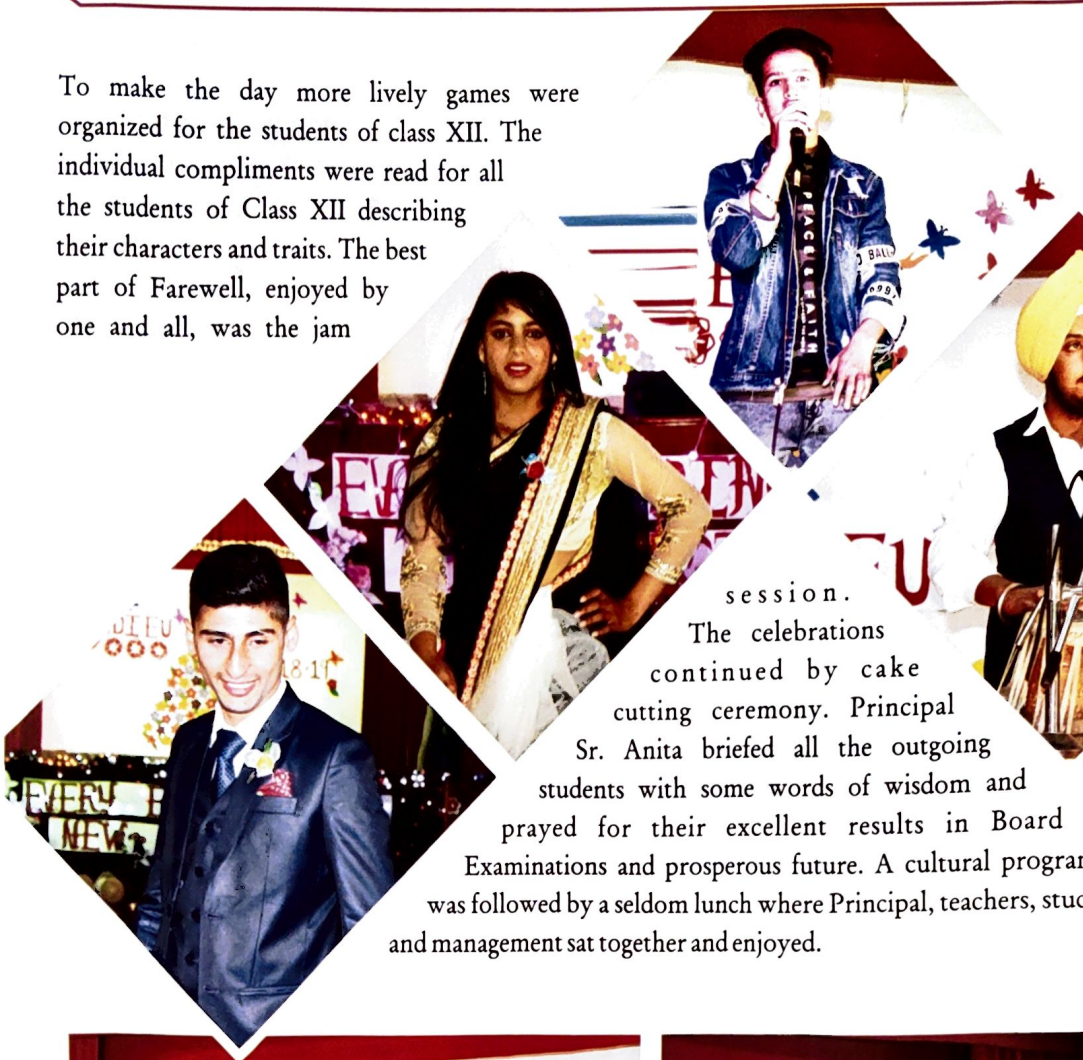

-Ernie Harwell

As the doors of the Old Hall opened on the morning of 5th December, 2018 the hall was empty. However, there was an air of exhilaration occupying the empty space. The ISC Farewell, the most anticipated event, had finally arrived. Class XI came in early, giving last-minute touches. Finally, standing true to their reputation of being the ultimate trend setters, the batch of 2018-19 entered the hall, hailed loudly by the cheers of Class XI students.

To make the day more lively games were organized for the students of class XII. The individual compliments were read for all the students of Class XII describing their characters and traits. The best part of Farewell, enjoyed by one and all, was the jam session. The celebrations continued by cake cutting ceremony. Principal Sr. Anita briefed all the outgoing students with some words of wisdom and prayed for their excellent results in Board Examinations and prosperous future. A cultural program was followed by a seldom lunch where Principal, teachers, students and management sat together and enjoyed.

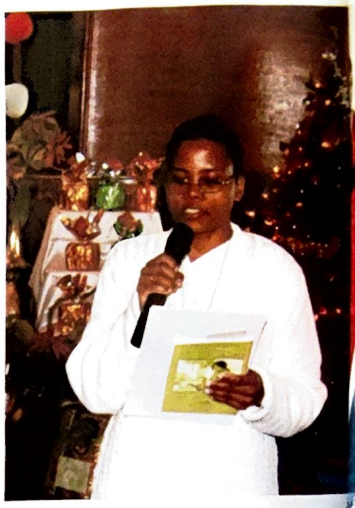

All were filled with a nostalgic feeling. The program was well organized and made it difficult for class XII to say good bye. So, the farewell provided class XI the opportunity to wish their seniors the best of luck for future. Class XII departed with tears in their eye and with the anticipation of what lies in store for them in future. It's always hard to say good bye!

Merry Christmas

Christmas Eve...

"Gifts of time and love to all are surely the basic ingredients of a truly Merry Christmas."
-Charles Dickens

On 8th December, 2018 the staff of CJM Hampton Court, Mussoorie celebrated Christmas. The whole staff was invited for Christmas party and Lunch by the Principal Sr. Anita Mathew, Sr. Sophie and Sr. Neelu. The staff members came in the morning with gifts for their secret Christmas friends. The event started with a short prayer service and singing of

Christmas carols. Sr. Anita described the worth of celebrating Christmas with a message of love, joy and happiness.

This was followed by the exchange of gifts with love and affection among the staff members. Last but not the least all the teachers shared a few light moments, while playing games organized by the Sisters' community. The party ended with a seldom lunch and wishing each other, Merry Christmas and a Happy New Year.

Reflections From

CLASS XII - BATCH OF 2018

"The sands of time have swiftly flown by
leaving the memories behind.
The smiles, the tears, the joy and the pain,
wish it could all come back again."

SAHIL ANEJA

13 years of festivity, fun and learning has come to an end. Now, is the time to bid farewell to you all. I have vivid memories of the days. I joined Hampton Court, my second home thirteen tears ago . Between the tears of leaving home and the tears of leaving school, there is just a span of thirteen long years, which seem to have flown in a matter of seconds.

I will always remember the fun I had with my friends. All the enjoyment we were indulged in: dramatics , fete, Feast Day, Teacher's Day and the best activity that is the Sports Day. The most cherishable moments of my life were the Jam sessions, the back stage fun will be really missed.

PRABAL KANOJIA

Finally it is time to bid good bye to my school, my teachers and friends. I have spent 14 years of my life in Hampton Court. The years spent in this school were the most precious moments of my life. Its been a very long journey. We were a batch of 58 students but now left with 26 students in class 11. Its been a very wonderful and memorable journey. I have learned many things from this school. Sometimes I failed in proving myself but I never gave up because my teachers ,friends and parents always motivated me and helped me reach heights. I was scolded many a times from my teachers. I still remember the first time I was taken to the Principal's office in class 3rd.

Today I feel very confident and strong ready to face any challenge in life with courage and I have inherited this quality from my teachers. I am thankful to all my teachers who have taught me from L.K.G to class twelve.. A heartfelt thank to our Principal Sr. Anita Mathew and the sisters community for their love and affection.

I will never forget my batch mates who made this journey an unforgetable one. They were there in my life during tough times. I would like to thank my entire class for being so co-operative, supportive and understanding.

RAHUL BHUDAN

Today as I stand here and look into the past, I see all the amazing moments I have had here in Hampton Court–my home with my friends rather my family. The laughter, the fights the way we fought for each other over lunch. I thank all the teachers for all that they have given me. They have always been a mentor, guide , a friend , a

parent and much more .They are the ones to mold me and make me what I am today.

"Goodbyes are not forever, goodbyes are not the end."

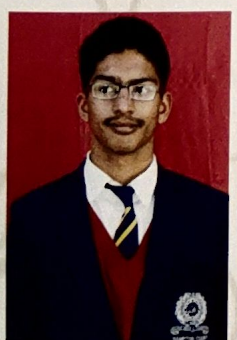

GUNJAN RAWAT

Today I stand wondering that my school life is over. No more uniforms, assemblies and madly rushing at the sound of the bell. We learnt many new things and at the same time we did some of the craziest stuff with our friends. Today as I look back to the days spent in Hampton , the time spent with friends and learning period with teachers, a cheerful smile crosses my face with little tears in my eyes. There were days when we didn't feel like coming to school but just came to see our friends & spend some quality time together.

I would like to express my heartfelt gratitude to all my teachers for always motivating me. We are blessed to have such teachers. The sports time was the best time for me. It was the platform where I could show my talent. I thank the teachers for embracing an athlete in me and making sure that I give my best in each and every phase .

It is rightly said that things end but memories remain. Leaving our home is the hardest thing. Hampton Court is not just a school but a family, a family which I am going to miss always.

Proud Hamptonian , Forever Hamptonian.

AYUSH PANWAR

I am standing here to express my feelings . A deep emotion is growing within my heart as the days are passing by. I would not like to share these words of grief but I would like to thank all the staff members and specially my subject teachers. I am grateful to all my teachers who have shared their priceless knowledge with us. God bless one and all involved in our journey.

"Things end but memories last forever.
Life goes on only memories are left behind."

ANKIT SHAH

It has been just two years since I joined this institution. This school has been a center of motivation and knowledge for me. I still remember my first day in school , when I entered I was very nervous and scared and had all anxieties in my mind. I entered Hampton Court as a shy and nervous student but now I am a confident Hamptonian and gentleman.

My journey in Hampton Court is the one which I wish could never end.I n a very short span of two years I have made many friends who are always there whenever I need them. Our Principal Sr. Anita Mathew who in a very short span of time has become my idol because of her simplicity. The faculty at Hampton Court has always supported me and guided me on the right path.

I promise to make my school proud and to excel in future.

"Its not the good byes that hurt but
the memories that follow."

ANIRUDH TIWARI

My journey in Hampton Court family is not a big one but definitely one which will always have a special place in my heart. I became a part of this prestigious institution in 2015. I still remember the first day of

my school. I was little nervous as anyone would be in a new environment. The love and affection I received made me adjust quickly in this new environment.

AYUSH NEGI

It has been many years now and at the beginning of every new session I feel happy to enter the place where I always found myself safe, happy and satisfied. Hampton was not a place of threat for us rather it was a garden which nurtured our intellect and confidence. Hampton Court is our temple of education. It has made many people achieve their purpose in life. I look forward towards the growth of my school and believe that very soon I will make all my teachers, friends and school feel proud of my achievements. Thankyou to one and all once again.

ISHANKA NEGI

Fourteen years at Hampton Court is a very long time. I still remember the first day of my school, when I was crying requesting my grandmother to stay with me in the school or take me home. But today after 13 years I wish not to leave this school at all. It seems that it was just yesterday that I joined this school but the time of departure has come very soon. I cannot forget the love and affection that I have received from all the teachers. The teachers have selflessly shared their time, talent and knowledge with us. I express my gratitude to all the sisters for their prayers and guidance.

Talking about my friends ,I am glad to have them in my life . All those moments that we have spent together fighting, loving ,taking care of each other . Friends make life a lot more easy and joyful. Each and every moment spent with my classmates is unforgettable and will remain in my heart forever.

"Good byes are forever, goodbyes are not an end they simply mean I'll miss you until we meet again."

PARUL VAIDH

I cannot say goodbye to those whom I have started loving, for the memories we have made will last a lifetime and will never be erased.

Ten years in this institution were full of experiences, joy laughter and sorrows. School - a place where all have to come, getting back to childhood I never knew where I am going, it was the worst thing for me as I had to leave my home and my parents for some time. Gradually time passed and the cries changed into laughter. The line 'No, I will not go' changed to 'No, I have to go.'

This school has been my second home and it is really hard to talk about my journey of ten years. It has surely been the best period in my life. The golden era, and the best time span where a lot of memories are built and experiences are gained. It is also a moment of happiness that we will move a step

ahead in our journey but the part of life we spent here cannot be forgotten.

During this time we laughed, cried, felt happy, felt sad, sometimes got great grades, sometimes failed but the journey went along. It makes me sad and now I realize that I will never be coming back here again as a student.

I would conclude by saying "Things end but memories last forever."

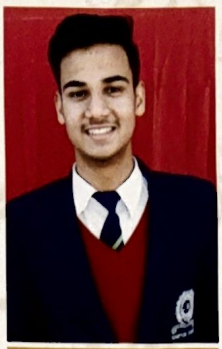

"We all have our time machine.
Some take us back, they are called memories.
Some take us forward, they are called dreams."

ANUP RAWAT

It has been 7 years since I joined CJM Hampton Court. I had beautiful memories here in this institution which I will; never forget. I was like mud when I first entered this institution but now when I am leaving this institution I am a beautiful molded pot who is ready to face the hardships with confidence . This school has given me a lot of things to remember and cherish lifelong. Be it karate , March Past or the Sports day drill in the sun. All these memories will last with me forever.

I would like to thank all my teachers for being such a wonderful part in my life. A heartfelt thanks to our Principal Sr. Anita Mathew, who always supported me and motivated me in the field of sports. I am really going to miss these days that I know will not come back. Once again a big thanks to all.

ABHISHEK

My journey of education started at Hampton Court Mussoorie. That time I still remember when I was a young child and hesitant to come to school. But then slowly I started making friends and also started cherishing their company. Today when I am passing out I have many friends in this school, and many well wishers.

I am thankful to all my teachers, my parents and Principal Sister Anita for providing me with an opportunity to cherish these years of my life at school . I wish all my school mates a very good luck for their future.

ADWITYA V. TOMAR

It is indeed a matter of honour to depart with a message for our dearest home our school. It has been a long journey with my friends and teachers here and the time we have spent here is the golden time of my life. This school provided us with several opportunities to improve and develop our skills. If I talk about me this school bestowed me with the title of school head boy. It was indeed an important responsibility, but I tried my level best to uphold the values and norms of the school. It was good to be an integral part of this school. I will surely miss all the time I have spent here.

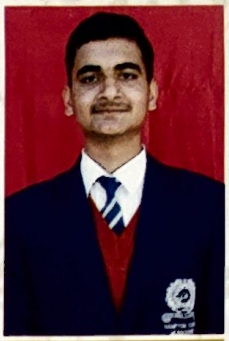

AMBUJ KAMBOJ

It is with tearful eyes that I have to wish my school goodbye. A place I considered to be my second home. A place which nurtured to all my needs. Hampton Court provided me with an opportunity to excel in both academics and sports. It was because of the trust of our Principal Sister Anita and guidance of our PTI and sir Kalam from St. George's College who coached me and made me capable to participate for nationals in football. It was an amazing experience and moment of honour to represent my school for nationals. I am a proud Hamptonian and will always remain a proud Hamptonian. May God bless all the Hamptonians!

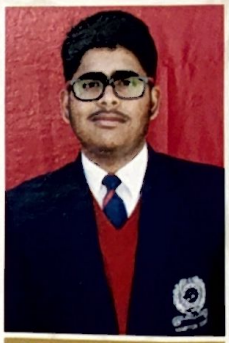

ARNAV PANWAR

School life is the golden period of our life this is what my teacher told me once and today I realize that these words are actually true. I thank my teachers for guiding me all throughout. I thank my parents for sending me to this great institution. All the joyous moments that I have shared together have now changed into memories which will remain with me all my life.

ANSH GROVER

I am running out of words to express my emotions towards my school. It had been a long journey at Hampton Court and with every passing second my heart is becoming heavy with the thought of leaving the place, which was like heaven. I am extremely thankful to my parents for making me study at one of the best schools in Mussoorie. I also like to thank my teachers for making me what I am today, for instilling this confidence in me and making me capable enough to go out and face any circumstance. Thankyou beloved Sister Anita may God bless all your endeavors.

CHINTAN RAUT

This batch 'Genesis 'has been the best I would have ever asked for. I remember the laughter, fights and the punishment and all the crazy things we all did together. We grew up together and I wish to be together always

Hampton Court in itself is an amazing world and this is the world where we grew up. It was really an awesome and breath taking journey.

DIPESH RAWAT

They are the ones who have always inspired me to study and motivated me for a bright future.

When I started school, this school seemed so far away. Now, its here and I can't believe that time has passed so quickly. But through

your encouragement and guidance I feel I am ready for tomorrows challenges. Teachers play such an important part in shaping and guiding. Especially teachers like you.

Thank you for caring so much

RUPAL KANAUJIA

My school is my world. I can also say that my entire world is my school. Today when I realize that soon I will see it no more, I started pondering about why nothing is consistent in life. I will miss all the moments I have lived here with my friends, my teachers and my seniors. It has been a beautiful journey of respect, care and concern for each other throughout. I am thankful to our Principal Sister Anita for always motivating and guiding us about making a prosperous and blessed career. Your words of wisdom will remain in our hearts forever sister. Once again God bless everyone at Hampton Court.

KARAN GUPTA

Leaving my Alma Matar is a painful task. But with time we sometimes have no choices to make, after all my school has prepared me for all the challenges of the world. I had many joyful moments at Hampton Court. Since beginning I use to speak less, but now I have learned the importance also of speaking less. It has earned me a title of being wise. I wish to express my heartfelt thanks towards all the teachers who taught me and our most beloved Principal sister Anita. I pray for the success of my school in all the things they do in future.

FAIZA ANSARI

I thank our former Principal Sr. Rosely Thomas as she supported me a lot and guided me always. I also thank our Present Principal Sr. Anita Mathew for helping me whenever I needed. Thank you is just a small word to reciprocate what all our teachers have done for us. The teachers have always treated us like their own children. They have always been so affectionate. A big thank you to everyone.

NAVEEN MOHAN

I have a heavy heart today, I am a jolly person but today my feelings are different. I can feel that my school made me mature and capable to maintain positive behaviour. I have learned to respect the sentiments of others. I made proper use of the time I have spent at my school. A well maintained curriculum and exposure to discover my talents, was possible only at Hampton Court. I have achieved all I have today at my school. I am grateful to all my teachers, parents and friends. I will always miss everything at Hampton Court.

KOMAL KHANDUDI

I was a small kid to enter this school. Everything was new to me, my world was just my mom and dad but now I started looking at a globe with so many people of so many kind and age. I started growing at this place, learning at this place

and developing my capabilities at this place. It was my second home, ma'am Dilawar and ma'am Rekha also guided us in the best of abilities. All my teachers and friends always supported me in all my endeavours. I feel lucky to pass from such an institute of glory and recognition. May God bless my school and all its visions for future.

MOHD. SOBAN

I have still not accepted that after few days, we will all start a new journey of life. A journey where we have to take our own risks and decisions of life. We have to move out of our comfortable corners and work for the success of our future. My teachers have always enlightened me about all the possibilities for bright future. It has been a wonderful experience studying at Hampton Court Mussoorie. I am thankful to all the teachers who taught me and our worthy Principal, for being the pillar behind all my objectives to excel at school. Thankyou once again and may God be with you all always.

ALANKRIT SHARMA

Going down the memory lane I realize, how quickly the time has passed and soon we have all grown up. When I look back I feel it was just yesterday when I joined this school. The time passed away like seasons which change just one after the other. Today I have become an independent human being, a person who can look after himself and decide what is right and what is wrong. I wish to express my heartfelt gratitude to all my teachers, they are the key infusing confidence in me. I also wish to thank Sister Anita our Principal for guiding me and motivating me. I wish my school always prospers.

KARTIK KANDARI

Life is well lived when it is lived for others. We all are family and will always be a family, however it is time to go and seek our fortunes and celebrate our achievements. While we will stay far we will work better with every passing hour. I am very grateful today to all my teachers, who made me impressive and able to interact with everyone. So here I am today to express my gratitude and wish good luck, to all the members of Hampton Court. May everyone associated with the family of Hampton Court stay blessed and keep prospering in their life.

Importance of Books

There are many important things in our life but there are certain things that are the most important object in this world that is our books. There was a time when there was no knowledge but as the time wheel kept on revolving humans got more knowledge and kept on progressing. We know that humans were uncivilized at a time but as many great scientists like Albert Einstein, Issac Newton etc discovered new inventions and spread their knowledge by writing different types of books , this is how books came in the life of humans as a helper in our life.

After these great inventions and books the human life was started as a life of knowledge. Books play many important roles in our life .There are millions and millions of books used all over our school , colleges , offices etc.

'Knowledge is power ', and this knowledge comes from reading books.

Money may not always buy Happiness

When at night you return home
feeling tired as if you walked through Rome
You just lay down and say "Too much"
Can then you buy a mother's soothing touch?

When at problems you lose hope;
Just don't understand how to cope
You feel scared and turn cold
Can then you buy a father's hand to hold?

When you are unable to get the funny sights
Of your siblings sweet fights;
When Everything seems to be unfair
Can then you buy a friends care?

CHILD LABOR

They work in sun
For a piece of bun
Don't chase them like hen
They have a small place like den
Invent rules and regulations
To abolish this vicious circle.
Child labour should not be a fashion.
They are our next generation
Give them the time to sit under the tree
And to sip a little cup of tea.
Please leave them free.
They should be happy like a bee.

My Funny Bunny

After the school when,
I walked to my house,
A cute little bunny,
Came running to me,
I gently patted him, His fur was as soft as snow,
I really wanted to keep him with me,
But he ran away from me.

Prerna Thapa, VII

MY PAST IT HAUNTS!

OUR FUTURE HOLDS BEAUTIFUL
THINGS STANDING MAST,
BUT SOME PETRIFYING THINGS ARE
BARRED IN THE PAST.
MY FUTURE RESEMBLES A TALE,
BUT THERE'S SOMETHING WHICH
TURNS ME PALE.
MY PAST IT DAUNTS!

IT FOSSILIZES ME,
TAKING AWAY ALL MY GLEE.
IT JUST COMES LIKE A
BREEZE,
WHICH FORCES ME TO
FREEZE.
ON THIS MY PAST FLAUNTS!

WEARY IS WHAT I FEEL,
AND IT KNOWS MY ACHILLES
HEEL.
WE HAD VOYAGED QUITE A
TIME TOGETHER.
AND NONE OF US THOUGHT OF
FLOCKING OUR FEATHER.
ABOUT THIS IT STILL VAUNTS!

I AM TRYING TO FIND AN
ESCAPE ROUTE,
CAUSE WITH PAST THE WORLD
IS ALSO BRUTE.
ITS BAD MEMORIES STILL
FORSAKES ME,
AND TRIES SNATCHING AWAY
ALL MY NEW FOUND GLEE.
TO REMIND ALL THIS, IT HAS
JAUNT.
MY PAST IT HAUNTS!

THE FADING MIDNIGHT,
AND "THE CASTLE BUILDERS" ARE BORN.

Unspoken

They say eyes are windows to the soul.....

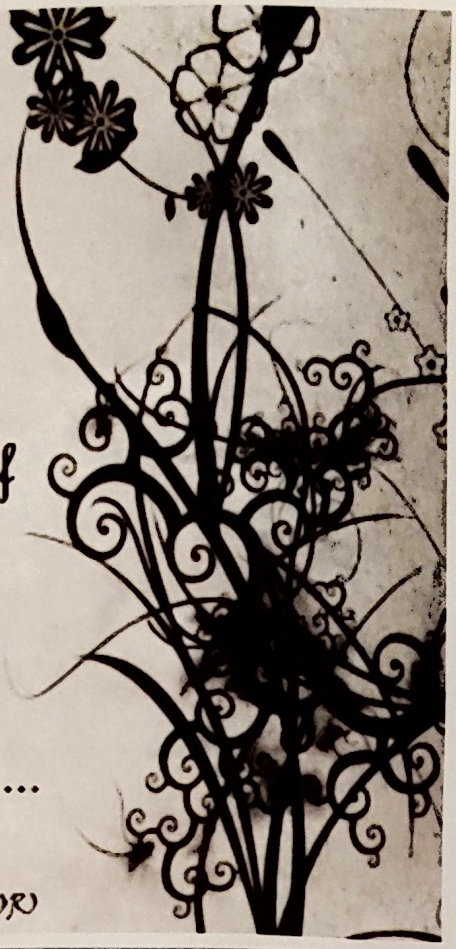

But if you gaze into my eyes long enough,

You will find nothing but the shards of my broken heart,

Lingering in the utter darkness,

Where you will find yourself slowly fading away into nothingness.....

The Drunkard

The Indolent,inebriated berk,
Sat in a secluded covert,
Alone he would chortle
and mooch his days,
Infernal and sordid
were his rapacious ways.

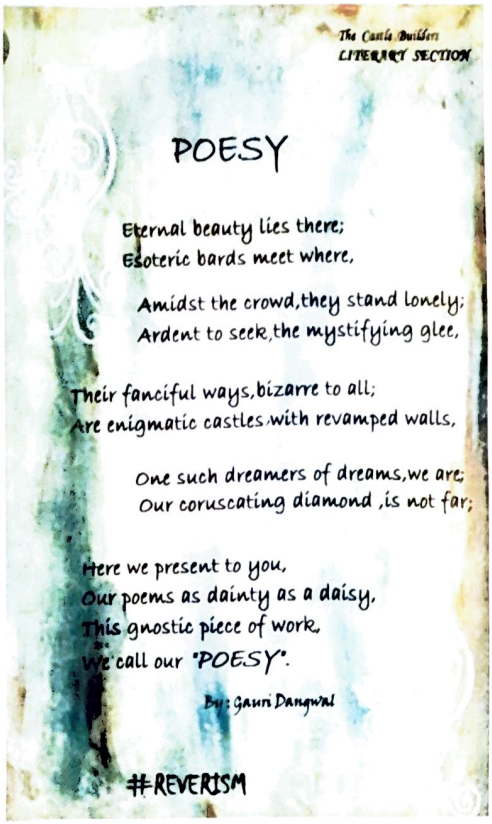

Ardently he ambled,
Blatantly he implored,
Invective his words,
Disgruntled all.

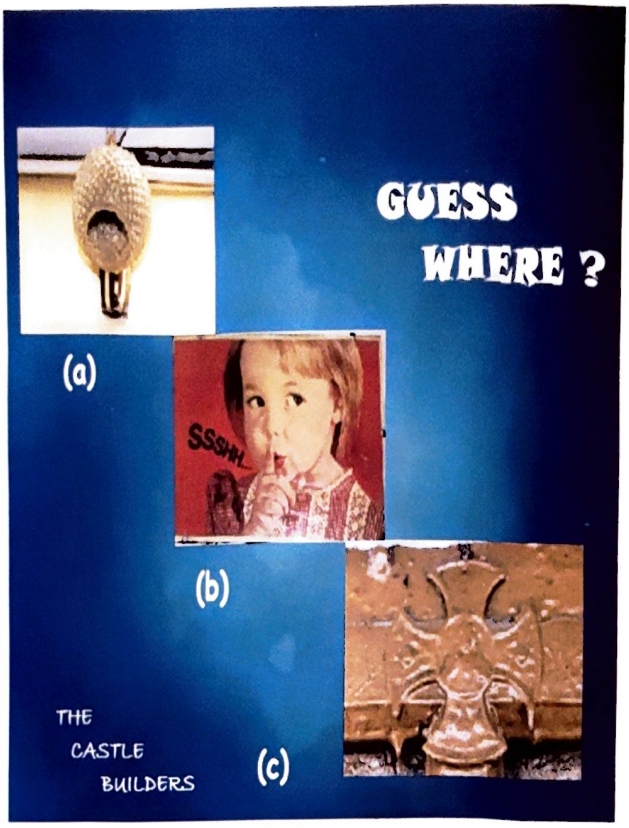

He was satirized,with sardonic talks,
Snubed in dismay,by the country folks,
Though a braggart,he was once humane,
The world forgot,and called him inane.

They called him freaky,
They called him insane,
Yet he did not bewail,
This abtruse bloke turned pale.

His bated life,
Was completely mystified,
And then,one night,
He slept peacefully,
Solaced by his "sombre glee".

"TCB"
(THE CASTLE BUILDERS)

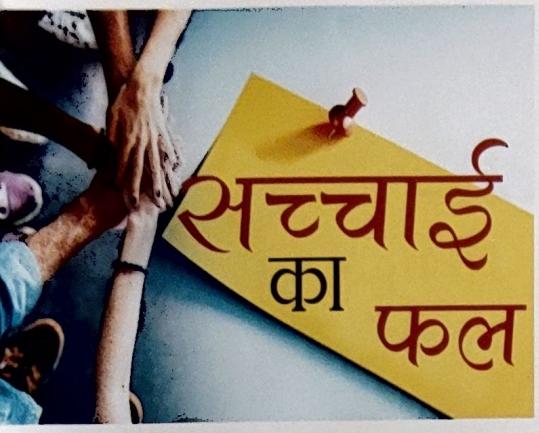

Under the sylvan,hazel tree,
Sat the vibrant,genial three,
They ponder all day with minds free,
And dash off with a copious glee.

Their glisten suave & gnostic ways,
Slaked the palaver of the asinine days,
Mystique locale were they surrounded by,
To which the spiffy too probed & pry.

Now , Do you want to know
who these TRIUMVIRATE are ?
They surely aren't
angels with mystical flowers,
No fiasco to them hinders,
'Cause they are
"THE CASTLE BUILDERS".

एक चोर था वह चोरी करके काफी धन इकठ्ठा कर चुका था। एक दिन उसने सोचा कि अब कुछ शिक्षा ग्रहण करनी चाहिए। वह एक विद्वान गुरूजी के आश्रम मे पहुँचा और उनसे कहा ""मैं एक चोर हूँ और आपके पास शिक्षा ग्रहण करने के उद्देश्य से आया हूँ।

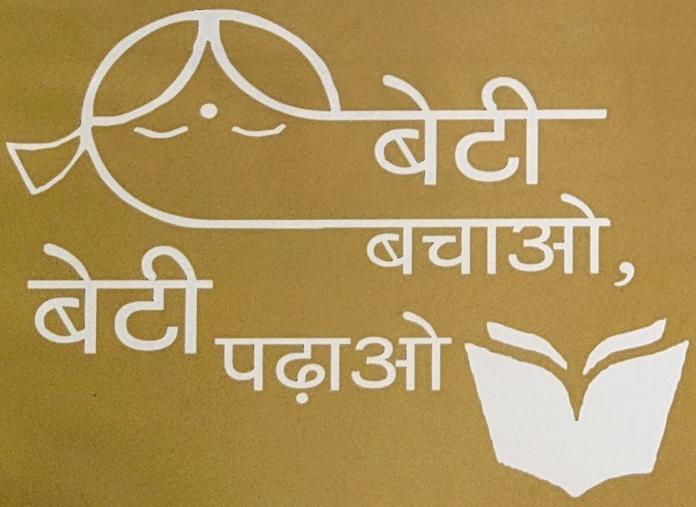

चोर द्वारा अपना वास्तविक परिचय दिए जाने और शिक्षा के लिए उसकी उत्सुकता देखकर गुरू काफी प्रभावित हुए। उन्होने चोर को अपना शिष्य बना लिया। एक वर्ष बीत गया चोर ने गुरूजी से वापस जाने के आज्ञा माँगी, गुरूजी ने अनुमति देते हुए कहा, "गुरू–दक्षिणा के रूप में मुझे वचन दो कि तुम कभी झूठ नही बोलोगे।" चोर वचन देकर चला गया। एक रात उसी राज्य का राजा वेश बदलकर राज्य निरीक्षण कर रहा था। चोर भी चोरी के लिए निकला। उसकी मुलाकात राजा से हुई। राजा ने चोर सक पूछा! "तुम कौन हो? चोर ने कहा, मैं चोर हूँ ओर चोरी करने निकला हूँ।" राजा ने कहा, "मैं भी चोर हूँ, आओ मिलकर चोरी करते है।" दोनो ने महल में सेंध लगाई और तिजोरी तक पहुँच गए। चोर ने चुटकी में ही तिजोरी खोल दी। वहाँ तीन कीमती हीरे रखे थै। चोर ने दो हीरे उठा लिए, जिनमे से एक राजा को दे दिया। राजा ने कहा कि यह तीसरा हीरा भी ले लेते। चोर ने उत्तर दिया कि यदि वो तीसरा हीरा लेगा तो वो बराबर हिस्से नही कर पाएगा और लड़ाई हो जाएगी। फिर वह दोनो महल से बाहर चले गए।

अगले दिन मन्त्री ने खुली तिजोरी में एक हीरा देखा। उसने वह हीरा अपने जेब मे डाला और राजा को चोरी के बारे मे बताने चला गया। खबर चुनते ही राजा ने सिपाहियों को चोर को ढूँढने को कहा।

जल्द ही चोर पकड़ा गया। राजा ने उससे हीरा माँगा तो चोर ने जेब से निकालकर एक हीरा दे दिया। मन्त्री ने राजा से कहा, "महाराज तीन हीरे थे इसने तो एक ही लौटाया है।"

राजा ने दूसरा हीरा रखते हुए मन्त्री से कहा, "तुम भी अपना हीरा निकाल लो"। मन्त्री ने घबराकर तुरन्त हीरा निकालकर राजा को दे दिया और राजा के पैरो में पड़ गया। राजा ने मन्त्री को दन्ड दिया और चोर को सच बोलने के लिए सम्मानित किया और उसे मन्त्री बना दिया।

बेटी बचाओ, बेटी पढ़ाओ सरकार के द्वारा शुरू की गयी एक सामाजिक योजना है। इस योजना को हमारे देश के प्रधानमन्त्री श्री नरेन्द्र मोदी जी ने शुरू किया है। इस योजना का मुख्य मकसद यही है कि भारत मे लड़कियों की पढ़ाई के लिए एक अच्छा मन्च होगा। यह योजना 22 जनवरी 2015 को शुरू की गई थी। इस योजना के तहत लोगों को इस बात के लिए जागरूक किया गया कि यदि आपके घर मे किसी लड़की का जन्म होता है तो दुखी होने के बजाए खुश होकर उसका पालन पोषण करें और उसे उच्च शिक्षा प्राप्त करवाएँ जिससे कि वह अपने पैरों पर खड़ी हो सके। जिस प्रकार से एक लड़का पैदा होने पर हम सभी चीज़ों का ख्याल करते है ठीक उसी तरह हमें कन्या के जन्म पर भी सब चीज़ों का ध्यान रखना चाहिए । इस योजना के तहत अगर कोई व्यक्ति किसी लड़की को जन्म से पहले ही मार डाले तो उसके खिलाफ कानूनी कार्यवाही हो जाएगी। इस योजना का मुख्य उद्देश्य लड़कियों को बचाना है। इस योजना के तहत अगर किसी के घर मे कन्या का जन्म होता है उसे सरकार द्वारा कई फायदे भी हैं। तो फिर क्यों न हम सभी लड़कियों को बचाने का प्रण ले।

समय का सदुपयोग

संसार मे समय के अतिरिक्त सब कुछ खोया औ
मान–सम्मान सुख सौभाग्य आदि एक बार खो जा
है। किन्तु समय यदि एक बार खो जाए या चला जाए तो उसे पुनः प्राप्त करना असंभव है। मुनिऋषियों ने ठीक ही कहा है कि समय और लहरे किसी की प्रतीक्षा नही करती है। पुरूषार्थी मनुष्य का जीवन तभी सफल हो सकता है जब वह समय का सदुपयोग करे। समय अनमोल है। जीवन में जो समय निकल जाता है वह लाख सिर पटकने से भी लौटाया नही जा सकता है।

इसलिए बुद्धिमानी इसी मे है कि समय रहते काम पूरा कर लेना चाहिए, कहीं ऐसा न हो कि समय बीत जाए और हमारा काम पूरा न हो और हम पछताते रह जाए। समय का सदुपयोग करने वाला व्यक्ति ही जीवन का रहस्य पा लेता है। संसार में असंभव लगने वाले कार्य उनके लिए आसान हो जाते है। इस प्रकार समय का सदुपयोग करने वाला साधारण व्यक्ति भी एक दिन महान बन जाते हैं। इसलिए समय का सदुपयोग करे।

मोबाईल फोनः
सम्पत्ति और विपत्ति

आज का युग, जिसे वैज्ञानिक युग कहा गया है, मनुष्य के जीवन और समाज को किस ओर ले जा रहा है, ठीक से कह पाना सरल कार्य नही है। वास्तव में आज मानव जीवन अपने प्राकृतिक रूप से इतनी दूर जा सकता है कि उसका पहला रूप दिखाई ही नहीं पड़ता। कभी भी चले जाँए, प्रत्येक कदम पर वैज्ञानिक अविष्कारों एवं उपलब्धियों के दर्शन होते है। विज्ञान ने मनुष्य को नए उपकरण दिए है जिनसे उसका जीवन सुविधाजनक तथा आरामदायक बन गए है। टेलीफोन से मानव के बीच की दूरी कम हो गई थी परन्तु मोबाईल ने तो कमाल ही कर दिया। इसके आने से मनुष्य तारों के जाल में फँसा नही रहता, बल्कि उनसे उसका पीछा छूट गया है। छोटा सा फोन लेकर कहीं पर, किसी से भी, कितनी दूरी पर अपने सगे–संबंधियों से खुलकर बात कर लें। चाहे देश हो या विदेश, पैदल चल रहे हो या गाड़ी में, पर्वतों पर चढ़ रहे हो या अन्य स्थान पर, कोई रोक–टोक नही है।

साइबर अपराध का आंतक

सूचना क्रान्ति ने आज संपूर्ण विश्व के परिदृश्य को बदल दिया है। सारी दुनिया इन्टरनेट के जरिए इस प्रकार जुड़ गई है, जैसे वह एक ही परिवार हो। इन्टरनेट ने जहाँ हमे अनेक सुविधाएँ दी है, वहीं साईबर अपराध का आतंक भी दिया है। इन्टरनेट का प्रसार जैसे–जैसे हो रहा है उसी तीव्रता से साइबर अपराध का खतरा भी बढ़ रहा है। साइबर अपराधी कंप्यूटर वायरस के माध्यम से इन्टरनेट से जुड़े हुए कंप्यूटरों में संचित सूचनाओं, आँकड़ों एवं प्रोग्रामों को नष्ट कर देते है। कोई पाकिस्तानी हैकर भारतीय वेबसाइटों को हैक कर देता है तो चीनी हैकर अमरीकी वेबसाइटों पर डाका डाल रहें है।

गुरू का महत्व

टीचरो के लिए होता है हर बच्चा खास
चाहे हमें बुरी क्यों न लगे उनकी क्लास।
बच्चों के लिए टीचर होता है उनका गुरू
क्योंकि उनकी कामयाबी की कहानी उनसे ही होती शुरू।
चाहे हम क्यों न पढ़ते हो कैसे
रखते है वो हमें अपने बच्चे जैसे।
चाहे वो कितने भी क्यों न हो लेट
हमे पढ़ाने के लिए हमेशा निकाल लेते है डेट।
चाहे स्कूल में क्यों न चल रहा हो फेट
वो हमारी जिन्दगी में हमेशा रहेंगे ग्रेट।
चाहे पढ़ाई में क्यों न हो गुल
उन्होने हर पल हमें सिखाई तमीज।
याद आती रहेगी हमें उनकी हमेशा
क्योंकि बच्चे जैसे रहेंगे हम उनके लिए हमेशा।
ज्यादा बोलूँगा तो मै रो दूगाँ
डर लगता है कि उनकी सिखाई बाते खो दूगाँ।
डाँट है आपका प्यार
और किताबे है आपका हथियार।
जो बच्चे यह न समझे
वो बच्चे है बेकार।

ओढ़नी

आँसू मेरे बूँद बनकर बह जाए
ज्वाला तन की बर्फ सी पिघल जाए
ओढ़नी के इस पल्ले में।
जीने का अस्तित्व मिट जाए
दिनकर की शोभा मिट्टी में मिल जाए
ओढ़नी के इस पल्ले में।
आरोही के पथ में अड़चन आ जाए
हक की शोर का सूरज शर्मा जाए
ओढ़नी के इस पल्ले में।
इस अदम्य विश्वास को तोड़ा न जाए
ओढ़नी को उठने न दिया जाए
पुरूष के इस शासन में।

"शिक्षक आप-आप है, आप महान है"

कोरे कागज को पुस्तक बनाता है शिक्षक,
नन्हें पौधे को ज्ञान से सींचता है शिक्षक।

न खून के रिश्ते में बंधा होता है शिक्षक,
फिर भी अहम किरदार निभाता है शिक्षक।

जीवन को नये आयाम दिखाता है शिक्षक,
बालकों को सखा बन दुख हरता है शिक्षक।

अज्ञान के अंधेरे में दीप जलाता शिक्षक,
खेल खेल में सदाचार पढ़ाता शिक्षक।

हौसला देकर पथ के आगे बढ़ाता शिक्षक,
कभी माँ बन नई-नई सीख देता है शिक्षक।

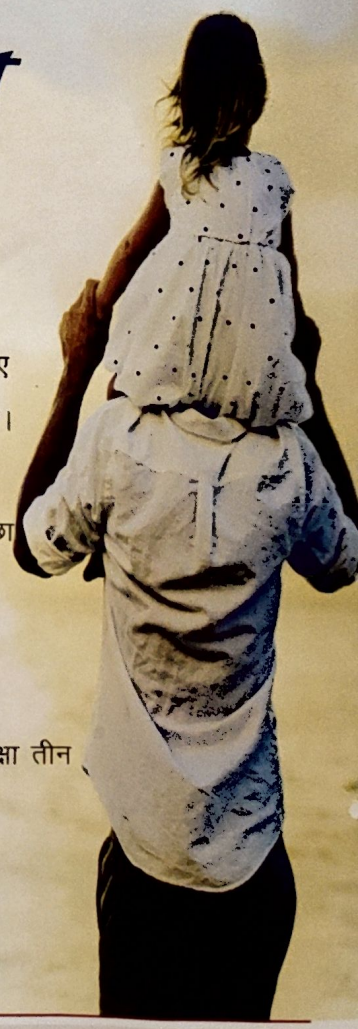

जिज्ञासा की लहरों को शाँत करता है शिक्षक,
छिपी प्रतिभा को चार चाँद लगाता है शिक्षक।

विद्यालय में खुशबू बन महकता है शिक्षक,
मंजिल की राह को आसान बनाता है शिक्षक।

माँ तुझे प्रणाम

माँ तुझे प्रणाम
घर-घर में गूंजे तेरे नाम,
तू है जग की शान,
माँ तुझे प्रणाम।

तू है त्याग की मूर्ति
ममता और प्यार की मूर्ति
धैर्य सहन-शीलता की शक्ति
आप पर है अभिमान।

माँ तुझे प्रणाम
तू है परिवार की नाव
तू ही है खेवनहार
माँ तुझे प्रणाम।

बच्चों पर रखती दृष्टि
हम हैं आप की सृष्टि
जन्म दिया अपने स्वरूप में
हमें है आप पर अभिमान।

माँ तुझे प्रणाम
घर-घर में रहे तेरा साया
वहाँ रहे भगवान का सहारा
माँ तुझे प्रणाम।

अधूरा है, संसार तेरे बिना
तू ही है सब गुणों की खान
जिस घर में पड़े तेरे कदम
खुशियों की गंगा बहे हरदम।

माँ तुझे प्रणाम
कोने-कोने में गूँजे तेरा नाम
तू है आधारशिला
माँ तुझे प्रणाम।

मुसीबत में पड़कर
नम्रता का पाठ पढ़ाती
फिर भी नर है तुझ पर
हैवान
नारी के लिए बड़ा शैतान
माँ कोटि-कोटि तुझे
प्रणाम।

हे तितलियों

हे तितलियों तुम उड़ती सात समुन्दर पार
माना की तुम्हारी जिन्दगी होती नहीं लम्बी
पर इस जीवन काल में भी तुम करती कार्य अपार।

उड़ते–उड़ते तुम ले चलती इन्द्र–धनुश अपने साथ
मेरी एक अकांक्षा है कि मिल जाए तुम्हारा हाथ।
काश ले चलती तुम मुझे उड़ा पर्वत पार
काश में भी उड़ पड़ता तुम्हारी तरह,
और न सहता इस दुनिया के भार।

अगर यह नहीं हो सकता,
तो कम–से–कम अपने रंगों का राज़ बता दो।
यह खुबसूरती जो तुम इतराती हो,
इसका इत्र मुझे बतला दो।

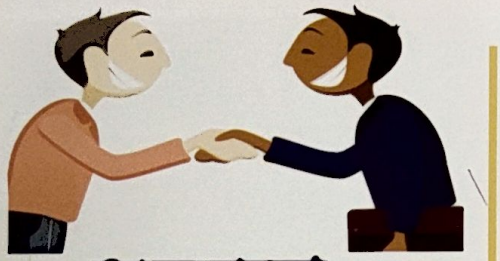

ताकि बन जाए यह दुनिया
सुन्दर तरह तुम्हारी
मिट जाए दूरियाँ
जिसे हम कहते अमीर और भिखारी।

पर न बतलाना मुझे की
न हो पाएगा तुमसे यह सब मेहनत
क्योंकि मेहनत ही है
जो हम दोनो को एक बनाती है
यह मेहनत ही है जो
मुझे उड़ने के सपने दिखाती है।

मेरी तो बस यही अभिलाषा है
कि मैं तुम्हारी तरह पाऊँ
अपने रंग बिखराऊँ
और किसी और को भी उड़ना सिखाऊँ।

सम्मान

हमें बड़ो का सम्मान करना चाहिए
हमें बड़ो से झूठ नही बोलना चाहिए
हमें सभी का सम्मान करना चाहिए
हमें सभी के साथ प्रेम पूर्वक रहना चाहिए
हमें जरूरत पड़ने पर सबकी सहायता करनी चाहिए
जो लोग दूसरों की सहायता करते हैं,
भगवान उनकी सहायता करते हैं,
हमें अपने दोस्तो को सुख और दुख में सहायता करनी चाहिए।
हमें प्रातःकाल सभी को प्रणाम करना चाहिए
हमें बीमार व्यक्तियों की सहायता करनी चाहिए
हमें बुरे कर्म नही करने चाहिए
हमें किसी को धोखा नही देना चाहिए
जो लोग अच्छे कर्म करते है,
