Principal's Message

"Every day is a new day,
you'll never be able to find happiness
if you don't move on."
- Carrie Underwood

We always start with the memories. Moment of time lays the foundation of the future to arrive. Special emphasis should be given on the need to serve others while actively contributing towards the School Community and Society as a whole. In our Institution we try to inculcate, the caring attitude for self, for others, for country, for the world and of course for the environment. We emphasise over the pedagogy of our Mother Foundress St. Claudine Thevenet, along with culminating values and virtues as essential part of curriculum.

I am glad to address our parents, students, teachers, well-wishers and all the readers. This Year Hampton Court embraced all its challenges and paved its own path of prosperity in academic excellence, literary activities, sports and personality development. From the onset of the session, the collaborative efforts and comprehensive contribution of teachers and students, established a benchmark of intellectual advancement and dawned like a bright sunshine, of achievements in co-curricular activities.

I have a vision to see all our students around the world, growing like branches of trees and yielding fruits of innovations, which can be relished by the people around them. Education at Hampton Court is not only limited to self-development but also focuses primarily on attaining the success of society at large, by accomplishing its vision of stress free and violence free living. I have seen my faculty members working tirelessly to bring out and develop the skills and abilities of all our students. Their potential is always challenged to aim for high standards, but at the same time they are groomed to maintain their dignity and self-respect. Thank you my dear educators for contributing in our vision. You are all companions in our mission.

The resistance towards the change is well overcome by the awareness created by my able faculty members, for bringing a revolution in the different spheres of academics. I am proud to declare that all activities enclosed in this edition will enthrall you. I am extremely happy to observe the level of discipline, desire of taking initiative and enthusiasm of our children. I sincerely wish to congratulate my staff members for building the dignified citizens of tomorrow.

The gracious hands of Jesus & Mary encouraged the Hamptonians to achieve many laurels in inter-school sports and cultural activities. The trust, support and good wishes of our dear parents, inspired us to set our best foot forward and emerge as winners in almost everything we did throughout the year. My sincere gratitude towards all our Alumni members for their advice and incomparable contribution towards their Alma Mater.

Congratulations and my best wishes to the ISC and ICSE batches of the year 2018-19 for their meritorious results. I wish to conclude with a hope that God will continue to shower his blessings on the entire Hampton Court fraternity.

God Bless Us All !

Sister Anita Mathew

The Editorial..

"We evolve when we involve,
food for thought is treasure, to be cherished forever"

Each year reveals the glory of accomplishments and achievements of an institution. "The Hamptonian 2019" is the manifestation in words of our excellence in academics, literary activities, sports and events including fun and frolic. From school re-opening to the farewell and examination fever to picnics. All achievements of Hamptonians find words in their designated slots and fonts in this "Year Book".

This 'Year Book' is a reminiscent of rejuvenating the glorious fragments of scholastic and co-scholastic life. The school has done incredibly well and it gives me immense pleasure to state that this institution has provided education, values and principles to all children from different backgrounds, thus moving a notch higher each time.

"The Ed-Board had set sail,
with a will never to fail;
And our dreams reaching sky high,
No matter what comes by.
With our hearts and minds by our side,
we present 'The Hamptonian', with pride;
though keen eyes may see some flaws,
Kind eyes will give applause."

**"Alone we can do so little;
together we can do so much."**

Hellen Keller's words aptly define why the magazine is not an individual effort but a collective effort of dedicated, hard working and passionate "Editorial Team". The "Editorial Team" was engrossed on keeping a track over all the activities and gratefully accepted the challenge to pen it down for you.

I express my heartfelt gratitude to our Principal Sister Anita Mathew for her valuable guidance and words of encouragement. I am also grateful towards Ma'am Rekha, Ma'am Dilawar, Sir Daniel and Ma'am Abha for their support, motivation and inspiration. A special thanks to my co-editor, Sonal Pawar for her support.

My dear readers, I wish to end in the words of George. S. Patton
"Accept the challenge, so that you can feel the exhilaration of victory"

So just sit back and get enriched by precious photos, fascinating references, special events, interesting articles and relish the taste of our innovative work.

I promise "Year Book 2019 – will add luster to faded memories…!"

SCHOOL CAPTAINS' *Report*

"An ignited mind of youth is the most powerful resource on the earth, above the earth and under the earth"
- APJ Abdul Kalam

With an ignited mind and a zealous heart, the school reopened on 1st March, 2019. As Roy T Bennett said, "It's only after you've stepped out of your comfort zone that you begin to change, grow and transform." We were all set to start a new year with vigour and ardour. It was a time to trust the magic of beginnings. On 16th March, the school organised the holy mass to seek God's blessings for a successful year ahead. In a healthy body resides a healthy mind. Many awareness programmes for protection from swine flu and Cancer were organized. Counseling and Orientation Session were also held for teachers. As Ann Landers said, "Nobody ever drowned in his own sweat." On 30th March, we had the Annual day celebration. The year's toppers were

Karanbir Singh Anand (Head Boy)

awarded for their phenomenal performances. Amidst tough competition and tremendously stellar displays of perseverance and hard work, the Endeavour (Green House) emerged as the 'Cock House'. The event vividly depicted many elegant dances. A mime play by students of class X on 'Following Traffic Rules' was staged. Thanks to the efforts of students and teachers, the annual function proved to be a day of reminiscence and revelry.

All work and no play makes Jack a dull boy. To intensify the exhilaration the school picnics were organised for all classes. J. Sakiya Sandifer said, "True leaders don't create followers... they create more leaders!" On 16th April, seventeen able students were invested into office as Council Members to take up the mantle of leadership. It was a matter of immense pride for us to have led the school as school captains in this momentous year. A plethora of activities ensued in the following months including Easter Day, Sr. Sophie's Golden Jubilee, Helpers Day, School Fete, Independence Day and Diwali Celebration. All these events saw the enthusiastic participation of students and teachers alike and proved to be major successes of the school calendar. Annual Inter House activities like Debates, Dramatics, Quiz, Singing Competition and Cultural Extravaganza were organised and to provide opportunities for students.

The Sports Day was organised in October and was yet another opportunity for the Hamptonians to display their skills on field and ended on a jubilant note for Endeavour House as they bagged the coveted 'Champion Trophy.'

The students took part in many Inter School Events and brought laurels and accolades to the school. Our school team dazzled in 'Capta Caelum', the cultural extravaganza organised by Wynberg Allen and bagged many group and individual prizes.

"It is not in the stars to hold our destiny, but in us."

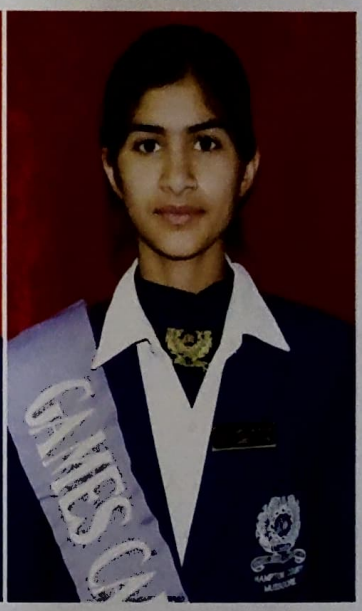

These words of W. Shakespeare sounded so true, when 'A Session with IAS OT's' was organised on 21st September. We had a counseling session for students of classes XI-XII by IAS Officer Trainees (CSE-2018). The session with the IAS OT's was truly impactful and invoked a 'will to win' in the students.

In one of his sermons, Swami Vivekananda said, "Fill the brain with high thoughts, highest ideals, place them day and night before you and out of that will come great work." All these achievements would have been impossible without the unending support of our Principal Sr. Anita. We thank our teachers for their impeccable support and the entire student body for their co-operation. We wish that the school continues to achieve more milestones in the years to come.

GAMES' CAPTAIN *Report*

Akash Thapa **Swati Rautela**

"The battle of waterloo was won on the playing fields of Eton."

The saying emphasises on the importance of sports in developing the skills, important to produce winners in every field of leadership, strategic thinking, teamwork and determination to win. CJM Hampton Court recognises the value of sports for all-round development and the thrill and excitement of sporting achievements. This year the sports and holistic development was at its best for the Hamptonians.

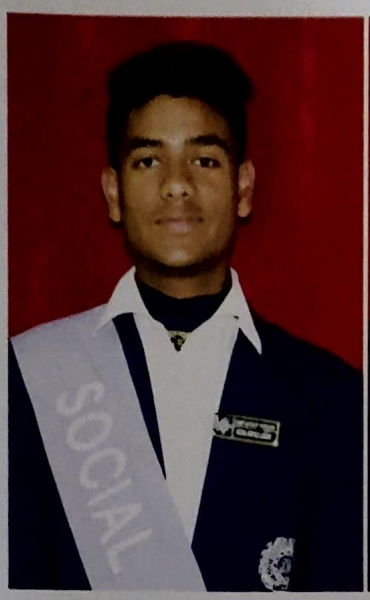

The year started with 'Inter-House Cricket Tournament' where the boys played and showed their valour. The categories were sub-juniors, juniors, inters and seniors. This tournament was followed by 'Inter-House Football Tournament' the game which is very dear to the Hamptonians. Every player played well and showcased his talent and zeal, same was the case with 'Inter-House Badminton Tournament', an event for both boys and girls, where the students toiled hard on the school hard-court to win points for their respective house. 'The Inter-House Hockey Tournament' saw the hockey sticks collide with each other in order to score goals and win. The 'Skating Competition' exclusively for junior school students made the day, where young buds portrayed their skill and balance. The 'Inter-House Basketball Tournament' an another, high voltage event was successful and was enjoyed by every student. The participation in 'Jackie Football Tournament' and 'Wynberg Allen School Football Tournament' was memorable and winning the inter school relay race at CJM Waverly was mesmerizing.

Sports day, a day to sweat, endure and achieve. It is also a day for which the students of our school wait anxiously. Its a grand event that left long lasting memories. The Marathon was one such event in which whole school participated with enthusiasm and passion. 'Track & Field Events' were highly filled with ardour and loyalty of the participants.

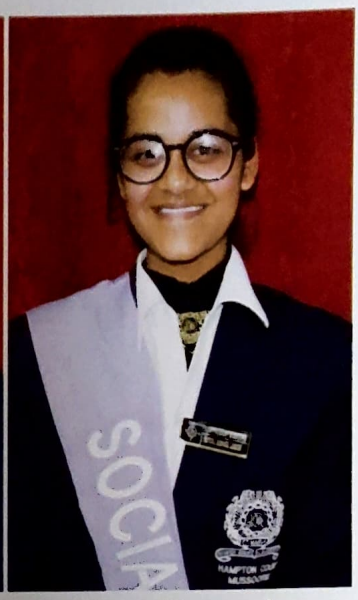

The Champion House was none other than Endeavour (Green) House and won the title of being the Champions' for the second time in a row. My sincere gratitude to our Principal Sr. Anita for her never ending support in developing the spirit of a true sportsmanship among all the students and giving equal importance to sports & games along with academics. Special thanks to our sports instructor Mr. Amit for his guidance and passion to enhance our hidden talents. Our heartfelt gratitude to all the House Masters and teachers for their encouragement and support throughout the year.

SOCIAL SERVICE *Report*

The happiest people I know are those who lose themselves in the service of others.
- Gordon B. Hinckley

Ricky Martin

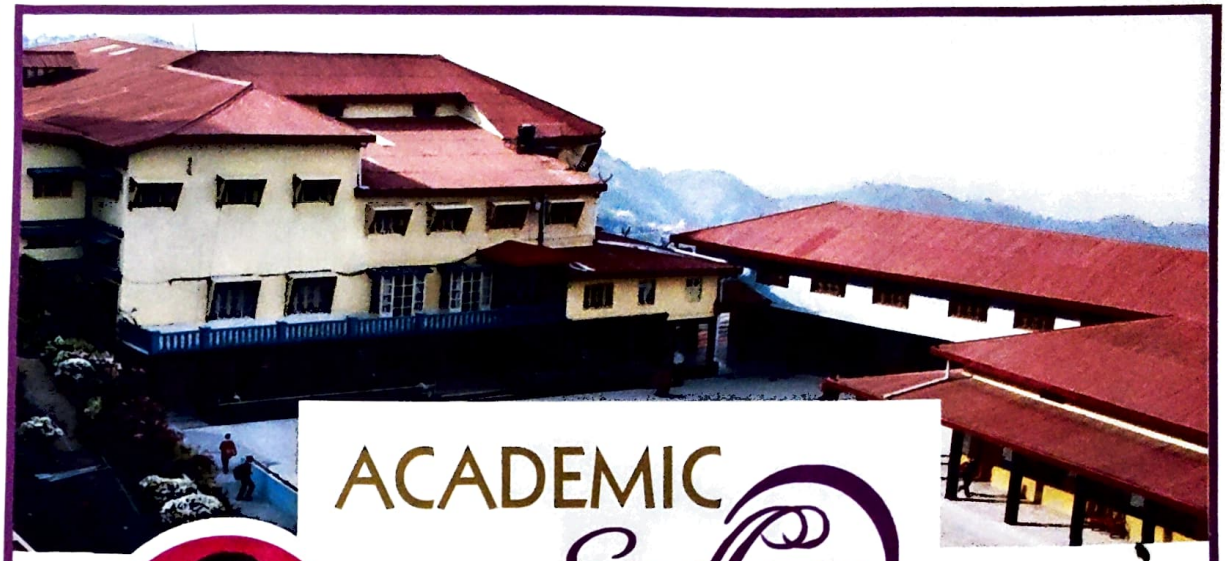

Kanan Goswami

It's much easier to forget your personal woes when you're serving the needs of those around you. For social workers, the needs can be overwhelming. But regardless of the results, the career rewards are intangible.

At CJM Hampton Court we are taught to serve and respect 'one and all' regardless of their faith, colour and status. In our school every child is nurtured with a motto "service before self'. The year 2019 was a season full of compassion, love and humanity. From donating old books to the juniors, for helping them in studies, to aiding several NGO's. Our Principal Sr. Anita is always ready to help the needy and oppressed. From awareness rallies to educate the local masses against child labour to drug addiction. We participated in the campaigns organised by the Municipality, our students participated with full enthusiasm and zeal. Celebrating Sr. Sophie's golden jubilee this year was the best example of what it means to serve the society and live for others. Sr. Sophie showed us the way how the human being dedicates their life for others and becomes an inspiration for the youngsters.

Students also participated in the 'Water Conservation Campaign' initiated by Woodstock School, Mussoorie to mitigate the loss of water and to work for regular and uninterrupted supply during dry season for the locals. To conclude we would like to mention that the performances by the students at various competitions and their general attitude towards everything in school has made us proud captains. We the Social Service Captains' appreciate the work of each and every teacher who encouraged us to bring a change by small steps, in our society. We wish our juniors to continue the great work of 'serving others before self'. All the best!!

"In learning you will teach and in teaching you will learn."

On 21st February, 2019 the teaching staff of CJM Hampton Court reported to the school for the seminar, which was conducted by Principal Sr. Anita Mathew and it was filled with surprises, from the newly installed Smart Classes to the vision of a New Academic Block and the celebration of Sr. Sophie's 'Golden Jubilee'. The seminar started with a prayer service in which the seven fruits of the Holy Spirit were seeked by singing a song, 'O come Holy Spirit'. Sr. Anita welcomed all the teachers wholeheartedly. She addressed the staff members and briefed about the vision and mission of the RJM Congregation. She emphasised on value based education and urged the teachers to train every student under his/her supervision to become a good responsible citizen. Sister further added, as mentors, we need to constantly teach our children to Respond rather then React, thus preventing barriers in between. It is important to create positive vibes through all the troubles and alarms. The planning and discussions of different activities and tasks for the new academic year 2019-20 was discussed. Later Mr. Mike William presented a PPT related to a seminar which he attended at Dehradun, organised by ICTRC (Institute of Counsellor Training Research and Consultancy). The PPT highlighted the dos' and don'ts' for the teachers and the peers while dealing with a depressed child. It was an informative session by Ms. Rekha. Teachers appreciated her efforts and the valuable knowledge shared by her.

On 27th February, 2019 an orientation programme and seminar for the staff was conducted by **Father Jijo Palathinkal,** Bijnor Diocese, Manager of St. Joseph's School, Purola. While addressing the staff, Father Jijo emphasised on the importance of 'Value Education' which is the need of the hour. He urged the teachers to impart the values of Punctuality, Discipline, Obedience, Moral Integrity, Responsibility and Compassion among the students.

He also highlighted the role of the teacher in influencing a child through his beliefs. He gave some important tips on how to develop effective

communication and how to become an effective teacher. Principal Sr. Anita appreciated the efforts of Father Jijo and thanked him for sparing his precious time and giving his valuable inputs to the teachers.

On 28th February, 2019 as a part of innovative Teaching - Learning Process, a seminar was conducted by **Mr. Upadhaya** of HCL Smart Class. The teachers were introduced to the new way of teaching i.e. through a smart class. The teaching staff was briefed about the functioning and operations of the smart board. Teachers were excited to know more about the smart board as they wanted their class to become more dynamic and real during teaching- learning process. A moment of pride and honour for CJM Hampton Court on becoming a 'Smart School' among the few. A big thanks to our Principal Sr. Anita for her Initiative and vision in shaping the future of the students.

PICNIC

Class XI-XII

"The pleasure which we most rarely experience gives us greatest delight"

There exist a few days, when a student is given the freedom to unleash all his hyperactivity.

On 2nd of May, the students of classes XI & XII gathered at the hard court at 7:30 am. Thereafter, they boarded the bus for the picnic. The students were excited and enjoyed the way of their destination.

"MALDEVTA FARMS" was the picnic destination. When the

students reached there, they were welcomed by the coordinators with the refreshments. Later the students were grouped into three teams Namely 'Banana Warriors' 'Marvel Apples' & 'Bloody Oranges'.

The students went on to try different sports activities. Some made it to crossing hanging bridges, a few walked on hanging stairs, and others went for crossing the valley and climbing the web.

Many brave souls tried all of these and enjoyed thoroughly. Then the students ventured themselves into the pool. It was definitely the highlight of the picnic as the students sat beside the pool under the scorching heat of the sun.

A scrumptious meal awaited for the students in the canteen where they filled their empty bellies. After the lunch the students trekked around the farm and village, rested and dipped their feet in cool and clear stream.

After coming back from the trek the students were given snacks which gave back the strength to their tired bodies & legs.

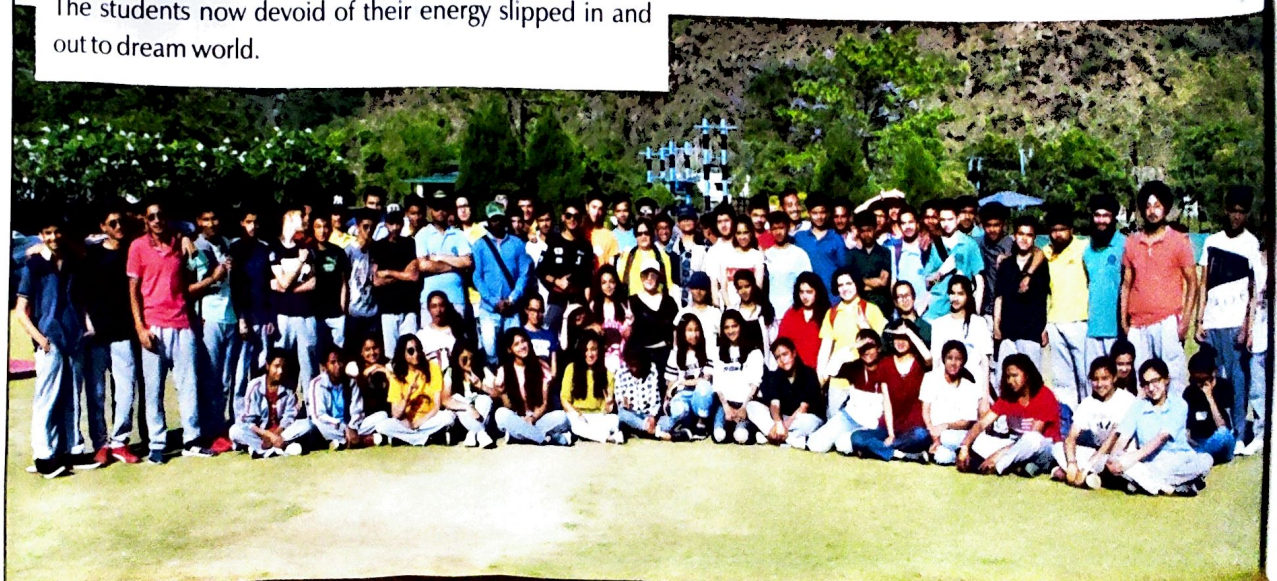

PLEASE! PLEASE! PLEASE! These three magical words worked for the students as they requested once again to drench themselves in the pool before leaving.

The students had a relaxing session in the pool; which added to the fun and enthusiasm. The students also rejoiced in dancing to the rhythmic beats. The students explored the natural flora of the place.

The school picnic is significant in many ways. Bonds were forged, strengthened & renewed. As the day approached its end, the students were enveloped in the air of exhaustion; which was hidden behind by their gleeful smiles faces while leaving the esoteric place.

The journey back to school was mellow in comparison. The students now devoid of their energy slipped in and out to dream world.

The MAGIC Show

"The art of a magician is to create wonder.
If we live with a sense of wonder,
our lives become filled with joy."
-Doug Henning

Magic is one of the oldest performing arts in the world. 'Magic' encompasses the subgenres of illusion and is a performing art in which audiences are entertained by tricks or illusion of seemingly impossible acts using natural means.

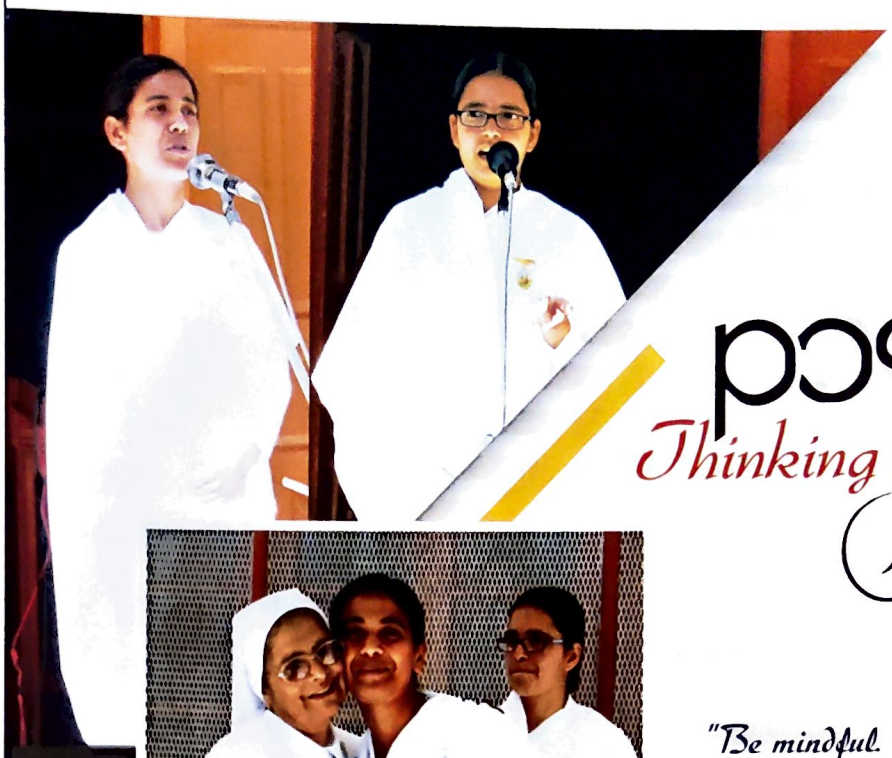

On 3rd May 2019, A 'MAGIC SHOW' was organised by the "Red Cross Society" for raising the charity funds. Mr. Raju, the magician performed some amusing tricks which intrigued everyone.

We were bound to get amazed by the special magic tricks he performed. He termed himself a 'conjuror' and also chanted some ill-comprehending spells throughout his show. The audience were awestruck and stargazed every time he did a 'new magic trick'. We did have a satisfying revelry.

I consider a magician as a special person and these are the words of long live magician-

"He will breed make believe,
the illusion in his hand and up his sleeves.
But all that he is truly fond, is his magical wand..."

Examinations

-Thomas A. Edison

'Practice makes a man perfect!'

Achievement of excellence in exams is the cumulative corollary of several attributes like determination, diligence, intelligence, hard work, self-confidence, patience, passion and self motivation.

During the unit test & terminal examination, the students gave themselves a strict plan to toil hard in order to get good scores.

Cognizance about subject and implementation led to excellency in exams.

During the PTM, the students gave a laudable result and as it is said 'Hard work always pays'. Thus, studying tirelessly during the exams helped the students to achieve excellence.

Self motivation is the key for achieving success and excellence.

TREE PLANTATION

"He who plants a tree, plants hope."

'A man doesn't plant a tree for himself but plants it for posterity.' Trees represent beautiful and resilient life to symbolize an exquisite nature at its best. Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil and supporting wildlife.

Classes XI & XII alongwith teachers and helpers participated in the tree plantation. The students have planted cycas, pine, oak and christmas saplings. Trees are a part and parcel of earthly life.

It was a red letter day in the History of India when the country got her freedom on 15th Aug. , 1947. It took hundred of years for us to come out of abysmal poverty and repression. On this day, parades, flag hoisting ceremonies and cultural events take place on a large scale all over the country. It was no different for the family of CJM Hampton Court. Saluting our martyrs, soldiers and freedom fighters we began the celebrations of the Independence Day.

DEBATE & DECLAMATION

Life is hard but perseverant stands through the test of time. There are innumerable legends who have broken the mould of the structured society, the norms, the orthodox mind sets and rigid notions. The words and the saying of these immortal legends were remembered once again.

On 21st August 2019, the middle and senior school participated in 'Debate and Declamation Competition'. The participants keeping themselves at full throttle reeled their point of view on the topic,

"Plastic: Boon and Bane?"

The judges for the competition were Ms. Gopa Bhattacharya (Scientist F, from ITM, Mussoorie) and Ms. Namrata Kapoor (Senior English Teacher, CJM, Waverley).

The arguments are meant to be intellectually refined, purely positive, and truly meaningful and should reflect a healthy and interactive mind. The participants ranted eloquently, showed their gestures in panache and as,

'Strong attitude represents a stronger character', which they strutted effectively. The perfect speeches and debate points over the topic left the judges perplexed to decide the winner. The speeches were presented with unparallel confidence and share conviction.

Ms. Gopa Bhattacharya said **"A debate helps the students to critically think about social issues, uprising topics and forgotten thoughts."**

Ms. Namrata Kapoor quoted **"A debate drives a person out of isolation to a conclusion in a better way."** They both congratulated the winners and encouraged the students to participate in as many events as possible in the future.

Blessed Dina's Day

"When we pray, God hears more than we say, answers more than we ask, gives more than we imagine...In His own time & His own way."

Blessed Dina Belanger was a divine soul and a true idol of values, who dedicated her life for others. Dina Belanger was a noted musician and learnt the piano from her late childhood. Her devotion and love towards Jesus and Mother Mary is really an inspiration for all of us in 21st century. Her ideologies and qualities are practiced in day-to-day activities of CJM Hampton Court.

These ideologies and qualities were portrayed beautifully by the students of junior school in the morning assemblies. The assemblies were conducted to remember and honour Blessed Dina Belanger before her Feast Day. The themes taken were **'Obedience'** by class III. Class IV-A and IV-B presented their assembly on the theme, **'Be Thankful'**. Class V-A & V-B, conducted their morning assembly on the theme, **'If you begin, begin perfectly'**. Beautiful messages were given by the tiny tots of our school. All the assemblies were beautiful and nicely presented, which motivated the students to appreciate love and goodness of God.

"They inspire you, they entertain you and you end up learning a tone even when you don't know it."

A teacher is a symbol of hope and encouragement, for his students there is only one day in a year when we happily perform for our teachers - 'The Teachers' Day'. It falls on 5th September every year. Like always Hamptonians celebrated the teachers day as a mark of showing gratitude towards the teachers as they do a commendable job in shaping the future. The mind blowing celebration was organised by class XII under the guidance and support of our Principal Sister Anita Mathew. The programme started with a formal welcome followed by prayer service and a welcome song for teachers.

A copious cake added bigger smiles on their faces. The programme commenced with dances of tiny tots to riveting rhapsody by the two best singers of our school-Dheeraj and Sameer. The melodious voice of the choir added to the rhapsody. The showstoppers performance was by the rap stars of our school who kept the audience boisterous. The programme throughout was the revelry. Games... Games... Games... brought out the child inside every teacher as they played the games jocundly.

At the end a dance performance by class XII girls left everyone mesmerized.

The hard work was well felicitated by everyone.

Later in that day teachers departed to a hotel for lunch, where they enjoyed scrumptious delicacies.

It is truly said, "Teachers are the beacons of positive change."

It is hard to thank our super-heroes - the teachers for all the efforts they make for us.

Colours have the power, to directly influence the soul... Colours can speak to the soul in a thousand different ways..!!!!

On 25th October, 2019 we witnessed the celebration of victory of good over evil when the whole school gathered on the Hard Court for Diwali Celebrations. Rangoli is a fabulous drawing of India which expresses imagination. On Diwali festival, people welcome gods and goddesses to bless their houses with good health, wealth, peace and fortune. A proper planning beforehand is required for Rangoli Art. On the occasion of 'Diwali - The festival of Lights', this year our students came up with most fecundity in their designs. The Yellow House made two beautiful peacocks, as marvelous as Green House's peacock. The Blue House's lotus art with a special message of 'Say No To Crackers' and the very divine concept of Goddess (Devi) with gorgeous eyes by the Red House. The centre of attraction was amazing and unique Rangoli designed by the junior school. The best part was that only natural colours, leaves, stems, wild flowers,

petals and stones were used. Yellow House won the competition which was judged by Mrs. Saraswati Bhandari and Mr. Jeevan Pandey. Principal Sr. Anita gave Diwali wishes and greeted the students, teachers and staff. She shared a beautiful message that brightened the mood of everyone and made the day memorable.

Things change, people change and places change but memories remain the same. It was ten years ago that I entered the portals of this institution. Time has flown by and now I find it hard to say goodbye. I've learnt that memories - good or bad, will always bring tears and words can never replace feelings. When I came here, I lived to learn but after staying here, I have learnt to live. I would like to thank all my teachers for their support and guidance. Sometimes the road traveled turns out to be more beautiful than the destination. Well, now leaving this institution one positive thought among many other thoughts that I have is "Every exit is an entry somewhere.

SAKSHI CHAUDHARY

The last assembly of class XII gives me a sad feeling as we are coming to the end of this session. The long journey of twelve years has made me confident enough to change dreams into reality. Hampton court is not just an institution for educating students but also an institution, which prepares us for the world outside. I would like to thank all my teachers who guided me and supported me in every way. What I am today and the education I got it just because of them. I am proud to be a part of this institution and to be called a Hamptonian. I can't express my feelings into words. A special thanks to Ma'am Dilawar for always supporting me. School life wouldn't have been so good and perfect without her presence.

Goodbyes are not forever, goodbyes are not the end. They simply mean I'll miss you till we meet again "

It had been a great honor and privilege to acquire education from such a commendable institution. It had been just two years of Hampton Court but I feel like I have spent years and years in this school. The teachers co-opratiteved with me throughout my story. "Life teaches in every phase you grow."

The most important fourteen years of my life have been with this school. It is not just a school but also a family, which laughs together, plays together and stays together. Still I believe it is just a year that my dad came to school to drop me in class LKG. The way all the sisters and the teachers treated me made me feel that there exists one more family for me who is always there to support me. I would like to thank all my teachers right from LKG to class twelve who handled a notorious child like me and molded me into a better human being. Your words and support will be missed throughout my life. Your motivation and love had always kept me energetic in my every work.

I also would like to thank all our support staff members for their great support. At last, my classmates, words will not do justice to describe them all.

"When you come into the world, the world laughs and you cry. Do something when you go, the world cries and you laugh.

"I won't miss my school but I will surely miss my Hampton family.

It's time to say goodbye. Glorious year ended unfortunately. I wish I could extend my stay here. I am feeling both happy and sad on this occasion. Sad because I have been studying here since Kinder Garden and now I am confident about my bright future. I thank all my teachers for their guidance and care and my classmates for their support . I would like to sum up by saying, "Good marks will make you happy but good memories will stay with you forever."

What I feel for this institution can not be conveyed in phrasal combination, it either screams loud or stays beautifully with someone but I promise it beats the wounds and it beats the world.

I have been in this institution for the past two years but the memories are uncountable, inexpressible and indeed incredible. Two years is not a very long span of time. It just feels that I blinked my eyes and time flew. It is fortunate to meet people who inspire you and rekindles your spirit and they are none other than Sisters and dearest Teachers, very special and heartfelt gratitude towards Ms. Dilawar and Ms. Rekha for supporting and guiding me throughout these two years . Last but not the least my friends for encouraging me. We may not be together we don't have very cool pictures but we together have sweet and eye watering memories.

This is not good bye, all this is just a gratitude with a big smile.

Hampton court has been a life time experience. My words cannot express how thankful I am to my school for everything. The sad part is that now we would only relish the happy moments when we were together. The time spent here was marvelous. Parting away from my school is the biggest pain for me. I feel a very strong bond with each and every student. I will miss you all. I thank our Principal Sister Anita Matthew and special thanks to Ms. Dilawar and Ms. Rekha for their guidance and support. Today I express my heartfelt gratitude to all my teachers who have always inspired me and motivated me for a bright future. It has been just two years since I joined this school but in these two years I learnt so many things and had lots of fun with my friends which was precious. I will never forget my batch mates who made this journey a memorable one. No matter how much you think you dislike school, you would always miss it once you finish your schooling.

SHIVA KUMAR

Life is a time machine in which memories take us back and dreams take us forward. I am thankful for my last two years spent with CJM Hampton Court family. I will always remember what my teachers taught me not only from books but also life lessons. My school has been my source of motivation and inspiration where I have painted some beautiful moments of my life. I really want to thank my friends with whom I feel comfortable sharing my thoughts and feelings. It does not matter how many friends you have, what matters is how many people consider you as their pal !

HARSH THAPLI

Each day we wake up, we have another chance,
We could just keep on moving,
Or we could decide to dance
Dance as if you are alone
And no one will ever see
As this is your chance
To see what you could be
Remind yourself you are someone,
Someone who is grand
Believe you can do anything
Get up and take a stand.
Always keep looking forward
Looking back is never good
You want to look at the future
And that is something you should.

AKASH THAPA

It has just been two years since I joined this school; I have beautiful memories from here which I will never forget. I am thankful to all my teachers and especially Ms. Dilawar for being a torch bearer in my difficult times. I am going to miss these days. My school taught me to live and love. Once again a big Thanks!!!

VISHAL SINGH JADWAN

It's really difficult to talk about years spent in school in a day but I will try to express my best about this golden era of my life. I would like to thank Our Principal for her motivation for our career and for making me what I am today. I will miss Ms. Dilawar, thank you for all you did, I am thankful to my friends, I am happy with all the memories I have made with you. I will miss all the moments I lived with you. I will never forget my beautiful journey at Hampton Court and it was only because of my friends, teachers and my juniors. Wishing you all a bright future, Work hard on your dreams and Try your level best to make them come true.

ANAM AFREEN

I joined Hampton Court school years back, it seems just yesterday, but within these 11 years of my schooling, I have lived so many moments which I shall cherish throughout my life. I would like to say that I am extremely thankful to all the sisters and teachers for their kind support, my friends and loving juniors. I apologize for any kind of fault of mine. More than being a person of success, it is important to be a person of values. Best wishes to all. Proud Hamptonian, Forever Hamptonian!

VEDANT SINGH NEGI

KARANBIR SINGH

Good bye doesn't mean an end; it works as an interval which will end soon. Honorable Principal Sister Anita, teachers and my lovely friends, first of all I am thankful that I have got this opportunity to express here, share and cherish some lovely moments of my journey in this institution. I joined this school in 2007 with a lot of enthusiasm. My first teacher was Ms. Meenu who taught me how to be disciplined. My age is just 18 but I have seen many up and downs in this world. Many times I was called a loser, many people tried to make me weak but standing with a smile and facing the hardships was taught to me by my Alma Mater. I thank Sir Amit, Sir Rawat, Ms. Dilawar, Ms. Riya and Sir Bir. Principal Sr. Anita for always correcting my mistakes and then my classmates who always worked as a team. I would always stand for my school whenever it needs me. I advice my juniors to take part in all the activities of the school, don't wait for any opportunity, just snatch it and most important thing people might say many things to you, just listen to the positive ones and just try to overcome the negative ones. Don't be a wimp and face everyone fearlessly and confidently. Thank you!!!

PYUSH KHANNA

It has been many years now and at the beginning of every new session I feel happy to enter the place where I always found myself safe, happy and satisfied. Hampton was not a place of threat for us rather it was a garden which nurtured our intellect and confidence. Hampton Court is our temple of education. My school has made many generations achieve their purpose in life. I look forward towards the growth of my school and believe that very soon I will make all my teachers, friends and school feel proud of my achievements. Thank you to one and all once again.

PRIYA KANDARI

Nine years of festivity, fun and learning will be missed by me. Now, is the time to bid farewell to you all. I have vivid memories of the days. I joined Hampton Court; my second home nine years ago in grade four. Between the tears of leaving home and leaving school, there is just a span of thirteen long years, which seem to have flown in a matter of seconds. From home work to detention, from advice to inspiration every action was a motivation.

I will always remember the time spent with my friends. All the enjoyment we were indulged in: Dramatics, Fete, Feast Day, Teacher's Day and the best activity that is the Sports Day. The most cherishable moments of my life were the Jam sessions and the back stage fun will be really missed.

ARNAV KANOJIA

Today as I stand here and look into the past, I see all the amazing moments I have had here at Hampton Court–my home with my friends rather my family. The laughter, the fights the way we fought for each other over lunch. I thank all the teachers for all that they have given me. They have always been a mentor, guide, a friend, a parent and much more .They are the ones to mould me and make me what I am today.

It has been just two years since I joined this institution. This school has been a center of motivation and knowledge for me. I still remember my first day in school, when I entered I was very nervous, scared and had all anxieties in my mind. I entered Hampton Court as a shy and nervous student but now I am a confident Hamptonian and gentleman.

My journey in Hampton Court is the one which I wish could never end. In a very short span of two years I have made many friends who are always there whenever I need them. Our Principal Sr. Anita Mathew, who in a very short span of time has become my idol because of her simplicity and kindness. The faculty at Hampton Court has always supported me and guided me on the right path. I promise to make my school proud and to excel in future.

RICKY MARTIN

I am running out of words to express my emotions towards my school. It had been a long journey at Hampton Court and with every passing second my heart is becoming heavy with the thought of leaving the place, which was like heaven. I am extremely thankful to my parents for making me study at one of the best schools in Mussoorie. I also like to thank my teachers for making me what I am today, for instilling this confidence in me and making me capable enough to go out and face any circumstance. Thank you beloved Sister Anita may God bless all your endeavours. I am proud to be the Head Girl of this institution and I did the best to uphold all the responsibilities given to me. Thank you for that trust and belief. I will always keep the values and morals. I imbibed and will impart to all I will influence in my life !

GAURI DANGWAL

This school has been my second home and it is really hard to talk about my journey of these years. It has surely been the best period in my life. The golden era, and the best time span where a lot of memories are built and experiences are gained. It is also a moment of happiness that we will move a step ahead in our journey but the part of life we spent here cannot be forgotten.

During this time we laughed, cried, felt happy, felt sad, sometimes got great grades, sometimes failed, but the journey went along. It makes me sad and now I realize that I will never be coming back here again as a student.

SUBHAM KANDARI

It is indeed a matter of honour to depart with a message for our dearest home our school. It has been a long journey with my friends and teachers here and the time we have spent here is the golden time of my life. This school provided us with several opportunities to improve and develop our skills. It was indeed an important responsibility to be the Editorial Board Captain, but I tried my level best to uphold the values and norms of the school as well as the duties of being Editor-in- chief. It was good to be an integral part of this school. I will surely miss all the time I have spent here.

SAKSHAM DANGWAL

I would conclude by saying "Things end but memories last forever."

Today I stand wondering that my school life is over. No more uniforms, assemblies and madly rushing at the sound of the bell. We learnt many new things and at the same time we did some of the craziest stuff with our friends. Today as I look back to the days spent at Hampton Court, the time spent with friends and learning period with teachers, a cheerful smile crosses my face with little tears in my eyes. There were days when we didn't feel like coming to school but just came to see our friends & spend some quality time together.

AKHIL BHANDARI

I would like to express my heartfelt gratitude to all my teachers for always motivating me. We are blessed to have such teachers. The sports time was the best time for me. It was the platform where I could show my talent. I thank the teachers for embracing an athlete in me and making sure that I give my best in each and every phase

It is rightly said that things end but memories remain. Leaving our home is the hardest thing. Hampton Court is not just a school but a family, which I am going to miss always.

Proud Hamptonian, Forever Hamptonian.

School life is the golden period of our life this is what my teacher told me once and today I realize that these words are actually true. I thank my teachers for guiding me all throughout. I thank my parents for sending me to this great institution. All the joyous moments that we have shared together have now changed into memories which will remain with me all my life.

YASH KANOJIA

Proud Hamptonian, Forever Hamptonian.

My journey of education started at Hampton Court Mussoorie. That time I still remember when I was a young child and hesitant to come to school. But then slowly I started making friends and cherishing their company. Today when I am passing out I have many friends in this school, and many well wishers.

I am thankful to all my teachers, my parents and Principal Sister Anita for providing me with an opportunity to cherish these years of my life at school. I wish all my school mates a very good luck for their future.

RITESH PUNDIR

They are the ones who have always inspired me, to study and motivated me for a bright future.

When I started my schooling, this school seemed so far. Now, it's here and I can't believe that time has passed so quickly. But through your encouragement and guidance I feel I am ready for tomorrow's challenges. Teachers play such a vital part in shaping and guiding. Especially teachers who taught me in school.

YASH BHATT

Thank you for caring so much!!!

Women EMPOWERMENT

We are living in a world of women empowerment today when women around the world are working parallely with men. Now they are self dependent and can take all their decisions themselves.

Women have excelled in every profession. Women empowerment has added to the confidence of women and empowered their ability of being a skillful person and leading a purposeful life. In ancient time women have always been discouraged and never got opportunities to prove themselves. They were always set to do house hold activities and take care of all the family members. They weren't even allowed to step out of the house but now women are flying planes and fighting at borders. They have proved the world of what they are capable of. An educated man is a resource for a country but an educated woman makes every member a useful resource. Without women empowerment, we cannot remove injustice and inequalities from our society. If women are empowered and employed in their lives, they are able to establish a benchmark in the world and live with security and prosperity. Women empowerment helps to make the society and the world a better place to live in. It means increased happiness in the family and the organisations where these women make a difference.

"If we educate a boy we educate a PERSON, but if we educate a girl, we educate a FAMILY (by implication), a NATION"

-Mansi Aswal, X A

None is so rich or mighty that he can get along without it, and none is so poor, to live without it.

A smile creates happiness in the home, fosters good will in business, and is the countersign of friendship.

It brings rest to the weary, joy to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble.

Yes it cannot be bought, begged, borrowed, or stolen, for it is something that is of no value to anyone, until it is shared.

Some people are too tired to give a smile;

Give them one of yours, as none needs a smile as much as he who has no more to give.

-Shriyanshi, IX

True Friendship

We cannot lead our whole life alone but need a faithful relationship with someone to live happily. We call that someone 'A Friend'. Friend have eternal relationships and can trust each other forever. Friendship can develop between persons having similar or different passions, emotions and sentiments.

Friendship is the most valuable relationship in life of a person in spite of having many other important things in life. None of us can have a complete and satisfied life, if we lack a faithful friendship. Good friends share each other's emotions and sentiments which brings feeling of well-being and satisfaction. Friends motivate each other without criticism but sometimes good friends criticize to bring out some positive changes in each other. There is no doubt that best and true friends help each other in their difficulties and bad times in life. Friends always try to motivate, inculcate positivity and appreciate in everything which shapes our future bright.

'True friends are like best assets of our lives as they share our sorrows, soothe our pain and make us feel happy and contended'

Christmas Poem

The funniest face,
looked out at me.
From a silver bell,
On the Christmas tree!

At first I thought,
It was Santa's elf.
But I looked again and,
It was just myself!

Dad- the 'First Love' of a daughter. First superhero for a girl is her dad.

Fathers, like mothers, are the important pillars in a girl's life. Girls feel most safe and Secure when they are with their dad.

"Anyone can be a father but being a dad takes a lifetime"

Father shows his daughter what a good relationship with a man is like. If a father is loving and gentle, his daughter will look for those qualities in a man when she is old enough to begin dating.

To a father growing old, nothing is dearer than his daughter.

A father is always making his baby into a little woman and when she is a woman, he turns her back again into a bride.

"Never is a man more of a man, when he is the father of a newborn.

No one in this world can love a girl more than her father.

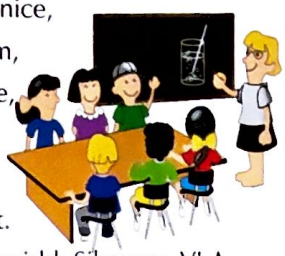

A father is a man who expects his children to be as good as he meant to be.

My father didn't tell me how to live, he lived and let me watch him do it."

My Dear Teacher

My School teachers are very nice,
They correct us when we are not right.
They tell us what is wrong and right,
They always give us good advice.
My School teachers are very nice,
Even though we trouble them,
They always come to console,
When a child cries,
I don't know about the rest,
But my teachers' are the best.

-Kanishk Sikarwar, VI A

The Spring

Every spring in the fields,
Flowers bloom innocently,
To entice passerby –
With beauty and sweet fragrance

Some hurry, round to see,
Some hurry, round to smell,
And some hurry, round to soothe,
While a few round for broken flowers.

Then each leaf falls looking serene,
But still bursting with joy to
Share with loved ones,
Of the pleasant, flowers and fields they encountered.

-Swastika Bisht, VII B

A Motivated mind is more likely to SUCCEED

"Success demands hard work; hard work demands energy and energy demands power of will." To motivate is simply to provide with the motive and motive is a person's reason for doing something. Nothing happens in the world without reason. A talented person without reason is like a swift and fatal arrow without target. Like every action has a reason, every goal has a motive. A motivated mind turns out to be optimistic also. It can abstract out the positive part of any situation.

Thomas Alva Edison failed a thousand times before he succeeded in inventing the electric bulb. What sustained him for so long? It was his will and motive. Once Edison said that he had discovered a thousand unsuccessful ways of inventing a bulb. That is optimism.

There is nothing in the world that could stop the motivated person in the field of success. Motivated person can draw inspiration from others; learn from mistakes; be guilt free and can even see the positive and bright side of the most depressed situations. He would not see anything other than his target and he would not stop when he is tired, he would stop when he is done. Compared to a person lacking motivation he would have an upper hand in all spheres.

Infinite number of humans have taken birth and died, but history recognises only few of them. Why? Because these few people lived a life of motive. They bloomed, because they burned like it. A motivated man is more than a match for his fellow competitors. Even when the tides turn against him, he stays calm, because he knows that an aeroplane takes off against the wind, not with it.

मेरी एक और जीत

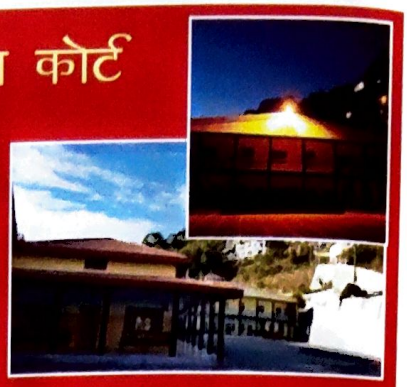

"कहते हैं न पहचान से मिला काम थोड़े बहुत समय के लिए रहता है लेकिन काम से मिली पहचान उम्र भर रहती है"

14 सितम्बर, 2019 को श्री हरबंस सिंह ठकराल जी एवम् श्री जावेद अख़तर जी वाद–विवाद प्रतियोगिता जो संस्था "सद्भावना" द्वारा नगर पालिका मसूरी परिसर में आयोजित की गयी। प्रतियोगिता में प्रतिभागी विद्यालयों की संख्या 14 और प्रतिभागी विद्यार्थियों की संख्या 28 थी। पाँच अत्यधिक अनुभवी तथा विषय के ज्ञाता सदस्यों में सम्मानित निर्णायक मण्डल में वरिष्ठ जज श्री अतुल पुण्डीर जी (वकील देहरादून) मुख्य सदस्य थे जिन्होंने विषय दिया "देर से मिला न्याय, न्याय ही होता है", पर पक्ष तथा विपक्ष को गम्भीरता से सुना। यह मेरे लिए अत्यन्त हर्ष का विषय था कि मैं इस प्रतियोगिता में तृतीय स्थान पाकर विजयी हुयी और मेरे साथ मेरी सहयोगी कक्षा 12 की छात्रा गौरी डंगवाल को सराहनीय पुरस्कार प्राप्त हुआ। यह एक अवसर ही नहीं था वरन् भविष्य में आने वाली चुनौतियों का आगाज़ था। इन चुनौतियों को पार करने की क्षमता का विकास मुझमें इन प्रतियोगिताओं के द्वारा हुआ।

मैं इसके लिये अपनी विद्यालय की प्रधानाचार्या अनिता मैथ्यू जी का हृदय से आभार प्रकट करती हूँ जिन्होंने हमें ये अवसर प्रदान किया। हमेशा इन अवसरों का भविष्य में भी लाभ उठाती रहूँगी। कहते हैं कि कोशिश आखिरी साँस तक करनी चाहिए या तो "लक्ष्य" प्राप्त होगा या "अनुभव"।

हैम्पटन कोर्ट में मेरे चौदह वर्ष

हैम्पटन कोर्ट में चौदह वर्ष मेरे जीवन के सबसे खूबसूरत वर्ष हैं। मुझे बहुत प्रिय है मेरे वह सहपाठी जो के0जी0 से आज बारहंवी तक मेरे साथ हैं मुझे याद है वो दिन जब स्कूल आने का बिल्कुल मन नहीं करता था और आज का दिन है जब स्कूल छोड़ने का मन नहीं कर रहा है। यही वह जगह है जब मैं एक छोटी बच्ची से एक समझदार लड़की बन सकी। मैं सभी लोगों का धन्यवाद करती हूँ, सिस्टर सोफी का धन्यवाद करती हूँ कि उन्होंने मुझे इस स्कूल में पढ़ने का मौका दिया, मैं सिस्टर ग्रेटा, सिस्टर लूसी, सिस्टर रोज़ली और सिस्टर अनिता का भी दिल से धन्यवाद करती हूँ की उन्होंने मेरा मार्ग दर्शन किया। मैं अपने सभी अध्यापक और अध्यापिकाओं का भी बहुत आभार प्रकट करती हूँ आप सभी ने माता–पिता की तरह मुझे बड़ा किया और न ही सिर्फ किताबों की बल्कि जीवन की भी शिक्षा दी। मैं सभी से यह वायदा करती हूँ कि मैं आपको कभी निराश नहीं करूँगी और इस विद्यालय की सभी शिक्षाएँ कभी नहीं भूलूगीं।

साइबर अपराध का आंतक

सूचना क्रान्ति ने आज संपूर्ण विश्व के परिदृश्य को बदल दिया है। सारी दुनिया इन्टरनेट के जरिए इस प्रकार जुड़ गई है, जैसे वह एक ही परिवार हो। इन्टरनेट ने जहाँ हमें अनेक सुविधाएँ दी है, वहीं साईबर अपराध का आतंक भी दिया है। इन्टरनेट का प्रसार जैसे–जैसे हो रहा है उसी तीव्रता से साइबर अपराध का खतरा भी बढ़ रहा है। साईबर अपराधी कंप्यूटर वायरस के माध्यम से इन्टरनेट से जुड़े हुए कंप्यूटरों से संचित सूचनाओं आँकड़ों एंव प्रोग्रामों को नष्ट कर देते हैं। कोई पाकिस्तानी होकर भारतीय वेबसाइटों को हैक कर देता है तो कोई चीनी होकर अमरीकी वेबसाइटों पर डाका डाल रहे हैं।

उत्तराखण्ड है यह

शहीदों के बलिदानों पर,
संघर्षों की बुनियादों पर,
अटल जी के विचारों पर बना,
नवगठित नवखण्ड है यह,
उत्तराखण्ड है यह।
भूल गए संघर्षों को हम
शहीदों के बलिदानों को,
खटिमा, मसूरी, मुज़फ्फरनगर
जैसे हत्याकाण्डों को,
गोलियों की बौछारों पर बना,
नवगठित नवखण्ड है यह,
उत्तराखण्ड है यह।
सूने गाँव, बुझे चिराग है यहाँ,
बंज़र खेल–खलिहान है यहाँ,
पुकारती जमीन है यहाँ,
बुलाती वादियाँ हैं यहाँ,
नवगठित नवखण्ड है यह,
उत्तराखण्ड है यह।
बेरोज़गारी का भार सहता,
शिक्षा का अभाव सहता,
पलायन की मार सहता,
आज भी खुशहाली समृद्धि का स्वप्न लिए,
नवगठित नवखण्ड है यह,
उत्तराखण्ड है यह।

फूल

कितना सुन्दर है स्कूल,
इसमें रंग–बिरंगे फूल,
फूल सुहाने सबको भाते,
उन्हें देखकर सब ललचाते,
टीचर हमको पाठ पढ़ाते
नयी–नयी बातें सिखलाते।

बेटी

जब–जब जन्म लेती है बेटी,
खुशियाँ साथ लाती है बेटी।
ईश्वर की सौगात है बेटी,
सुबह की पहली किरण है बेटी।
तारों की शीतल छाया है बेटी,
आँगन की चिड़िया है बेटी।
त्याग और समर्पण सिखाती है बेटी,
नये–नये रिश्ते बनाती है बेटी।
जिस घर जाए उजाला लाती है बेटी,
बार–बार याद आती है बेटी।
बेटी की कीमत उनसे पूछो,
जिनके पास नहीं है बेटी।

संगती का फल

था गुलाब का पौधा कहीं पर,
फूल खिले थे उसमें सुन्दर।
लड़का एक वहाँ पर आकर,
सूँघा ढेला एक उठाकर।
महक रहा था ढेला ऐसा,
ताजा फूल महकता जैसा।
फूल वहाँ पर झड़ते होंगे,
उसके ऊपर पड़ते होंगे।
इससे उसमें खुशबू आई,
संगती का फल ऐसा भाई।

शिक्षक

कोरे कागज को पुस्तक बनाता है,
नन्हें पौधे को ज्ञान से सींचता है।
न खून के रिश्ते में बंधा होता,
फिर भी अहम किरदार निभाता।
जीवन को नये आयाम दिखाता,
बालकों के सखा बन दुःख हरता।
अज्ञान के अंधेरे में दीप जलता,
खेल–खेल में सदाचार सिखाता।
हौंसला दे पथ में आगे बढाता,
कभी माँ बन नई सीख देता।
जिज्ञासा की लहरों को शांत करता,
छिपी प्रतिभा को चार चाँद लगाता।

"शिक्षक आप-आप हैं,
शिक्षक आप महान हैं!"

परिवार (कविता)

अपनों की बगिया है,
खुशहाली का द्वार,
जीवन भर की पूँजी है,
एक सुखी परिवार।
माँ की ममता में बसता है।
बच्चों का संसार,
जीवन का रास्ता दिखलाए,
बापू की फटकार।
दादी–दादा की बातों में,
है जीवन का सार,
भाई–बहन का रिश्ता है,
रिश्तों का आधार।
घर की लक्ष्मी बनकर पत्नी,
देती है घर को आकार,
बहू जहाँ बन जाए बेटी,
होता स्वर्ग वहाँ साकार।
नाजुक डोरी रिश्तों की,
मांगे बस थोड़ा सा प्यार,
अहम छोड़ कर गर झुक जाए,
बना रहेगा घर संसार।
टूटेगा घर सपना अपना,
अगर बिखरता है परिवार,
साथ अगर हो अपनों का तो,
होगा खुशियों का अम्बार।
आओ करें कामना ऐसी,
बिखरे न कोई परिवार,
मिलजुल कर सब साथ रहें,
हर दिन हो जाए त्यौहार।

गिरना भी अच्छा है

गिरना भी अच्छा है,
औकात का पता चलता है,
बढ़ाते हैं जब हाथ उठाने को,
अपनों का पता चल जाता है।
गुस्सा जिन्हें आता है, लोग वे सच्चे होते हैं,
मैंने झूठों को अक्सर मुस्कराते देखा है।
सीख रहा हूँ मैं भी मनुष्यों को पढ़ने का हुनर,
सुना है चेहरे पे.....
किताबों से ज्यादा लिखा होता है।
