Our Father, Who art in heaven,
hallowed be Thy name;
Thy kingdom come;
Thy will be done on earth as it is in heaven.
Give us this day our daily bread;

and lead us not into temptation,
but deliver us from evil. Amen

– Martin Luther King, Jr.

CJM Hampton Court enters yet another glorious year of serving the society by providing quality education to the students – the future of this world. The year has been remarkable and it is my honour to present you the yearbook for the year 2025. At CJM Hampton Court, we believe that true education lies in making a human, full of values essential to lead and face the world. The values that shape us, eventually guide us to be a better person.

To be a part of CJM Hampton Court is to be a part of the great legacy that has touched lives, inspired them, moulded them into their best shape for their lives. The year book compiles all the events of the academic year, making us reflect on the journey of excellence. The experiences of the students as well as moments of history are imbedded in this yearbook. While expressing glory to almighty God, I take a moment to thank God for being a guide as well as a protector for the year. Walking on the path of our Mother Foundress St. Claudine Thevenet, we believe that education is an indelible impression leading to the expression of knowledge, humility and perseverance.

Each academic year brings forth new opportunities for the students to grow, to learn and to accomplish what they dream to achieve. The sole purpose of various activities is to establish within the students, a sense of compassion, courage and commitment to be of service to the society. At Hampton Court, we believe in the principle of 3Hs - Holistic Development, Humility and Humanity. These are interconnected and guide the entire CJM Hampton Court family.

Apart from the co-curricular activities oraganized in the school premises, the students also took part in several inter-school activities, bringing laurels and pride to the rich legacy of CJM Hampton Court. From the field of academics to sports and other activities, the students have shown what true hamptonian believes in – unwavering determination, discipline and diligence. With the changing times, ways and methods to nurture young minds have changed, yet we also hold on to the fact that academic excellence is a constant journey of improvement.

The yearbook serves as the very testament of progress and achievements from the previous year and also sets the tone for the forthcoming years. As we foster growth and possibilities, the students discover their passion and purpose of their lives. In our attempt to make a constructive difference in this world, our students have been our torchbearers- carrying faith, love and empathy. By empowering the students through education, we empower the society, the country and the world at large.

The year book reflects the journey of excellence, highlighting milestones and unforgettable moments of school life. Let us all contribute to this journey of shaping young minds and helping them realise their true potential to make a difference in this world. I pray to God for His blessings on each one of us, for His guidance and care.

May the light of knowledge lead us on the path to Excellence and may we continue to follow the ideals of our Mother Foundress, St. Claudine Thevenet.

May God Bless us all!

As we turn each page of this yearbook, we are reminded that education is not confined to classrooms alone. It is reflected in the holistic development of the students. Every photograph, every article, and every achievement recorded here represents a moment of learning— shaping our students into young individuals who are ready to contribute meaningfully to society. The Hamptonian stands not just as a collection of events, but as a celebration of character, integrity, and growth.

It reinforces our belief that the values nurtured within the school will continue to guide the students as they step into the future with confidence and purpose. Let us not forget that each day teaches us something new and every activity adds to our growth.

This yearbook stands as a reflection of who we are as a school—rooted in values, strengthened by unity, and inspired by the promise of a brighter tomorrow. May it remind each one of us that excellence is not a destination but a continuous journey of perseverance, learning, faith, and growth.

School Captain's Report

The academic year 2025 unfolded with renewed vigour as the school reopened in February, welcoming students back through the gates that felt both familiar and full of promise. By March, the classrooms of LKG to Class XII were alive once again with curiosity, discipline, and the comforting rhythm of daily school life.

As the journey progressed, April ushered in an atmosphere of responsibility and leadership. The School Council Elections were conducted with enthusiasm, offering students a platform to represent their peers with integrity and dedication. This year also introduced a meaningful addition with the post of Christian Leader, deepening the spiritual and value-oriented guidance within our student body.

The month of May arrived like a breath of fresh air, filled with colour, celebration and long-awaited joy. After several years, the school organised a delightful picnic. The little ones of LKG and UKG spent their day in cheerful play, while the senior classes enjoyed thrilling rides and refreshing moments at Crystal World, a water park that echoed with laughter and excitement. The month of May also brought the much-loved Annual Fete 2025, transforming our school grounds into a vibrant carnival of creativity, talent, and community spirit.

A deeply meaningful moment defined June, as we welcomed our new Principal, Sister Ivy. For many of us, her return felt like a beautiful full-circle moment—she had once guided us as a Class VI teacher, and now she returned to lead the institution with grace, compassion, and vision. Her presence filled the school with renewed optimism and purpose.

In July, the school commemorated Foundress Day, honouring the life and legacy of St. Claudine Thevenet, whose spirit of compassion continues to inspire every initiative and effort within our community.

September brought with it one of the most memorable celebrations of the year – our Teachers' Day programme, crafted around the intriguing theme "Masquerade & Crime". The event, thoughtfully prepared by the Class XII students, stood out for its creativity, elegance, and heartfelt gratitude under the guidance of Principal Sister Ivy.

Towards the end of September and the beginning of October, the school embarked on a much-awaited milestone. Under the guidance of Principal Sister Ivy, the Sisters' Community, our teachers, Senior Coordinator Ma'am Rekha, and the leadership team, students traveled on a four-day educational trip to Jaipur. Exploring the architectural beauty and cultural richness of the Pink City after many years made the journey unforgettable, filled with learning, togetherness, and cherished memories.

October continued with grandeur as the school celebrated two major events: our Annual Sports Day and the Alumni Meet. We had the honour of welcoming Mr. Nishit Chandra, DIG, ITBP Academy, Mussoorie, along with Mrs. Nidhi Chandra, as our esteemed Chief Guests. These events highlighted the school's spirit of discipline, unity, and tradition, bringing together both present and past students in a celebration of legacy.

The year drew towards its emotional close with November, a month that blended joy and reflection. The cheerful Children's Day celebration was followed by the heartfelt Class 12 Special Assembly, where the senior-most students shared their gratitude, memories, and hopes as they prepared to step beyond the school gates and into the wider world.

The academic year 2025 stands as a year of growth, celebration, discovery, and connection, a testament to the ideals our school upholds. Each moment, whether grand or simple, has contributed to the ever-growing story of our institution, reminding us that the true essence of schooling lies in the values we carry forward.

Sports Report

This year witnessed great enthusiasm of the students toward sports, and this speaks volumes. I must owe it to my Principal Sr. Ivy and my teachers and parents, who always gave me optimism, views and guidance. I have imbibed their lessons and in turn, have pushed the students to the best of their abilities in games. Our able Physical Education teacher, Mr. Amit Francis, always offered us great care in all my decision-making and helped me all through, both with individual and team performances, be it Judo, Hockey, Football, or Volleyball. They all were commendable. Our school team performed exceptionally well. We won various accolades, and the endurance, hard work, and efforts of the team were appreciated by everyone. Many new talents also emerged this year. They were encouraged to break through the shell of hesitation, and I must mention that their performance on the field enthralled everyone. We participated in all sporting events of Mussoorie and Uttarakhand. I heartily congratulate all the sports stars of CJM Hampton Court and pray that we may maintain our spirit of excellence in all future endeavors. God bless my Alma Mater.

Highlights/Achievements

CJM Hampton Court recognizes the value of sports in all-round development, the thrill, and the excitement of sporting achievements. This year, sports and all-round development were a plus for all the students.

This year started with the Inter-House Cricket Tournament, where the boys played and showcased their values. The categories were Sub-juniors, Juniors, Inters, and Seniors. The tournament was followed by the 'Inter-house Football Tournament', a game which is very dear to the Hamptonians. Every player played well and showcased their talent. The same was the case with the Inter-House Volleyball Tournament, an event for both boys and girls, where the students toiled hard on the school hard court to score points for their respective houses. In the inter-house hockey, the sticks collided with each other in the pursuit of scoring goals and winning.

The participation in the 'Jackie Football Tournament' and 'Chess Tournament' at Wynberg Allen School was memorable. Being the Finalists in the Inter-School Hockey Tournament was mesmerizing, and our girls and boys did extremely well and came second. Sports Day is a day that not only our school anxiously waits for but the Mall Road spectators do too. The Eagle-Eye view was very well organized and made the event grand, leaving long-lasting memories. Our Marathon was one such event in which the whole school participated with enthusiasm and passion. Track & Field Events were highly filled with ardour, where the loyalty of the participants was appreciated by every spectator, including the chief guest.

The champion house was none other than Endeavour House (Green House). My sincere gratitude to our Principal, Sr. Ivy Lyngdoh, for her unwavering support. We are grateful to Sir Amit (PTI) for his continuous guidance, support, and appreciation, and to the Teachers: Sir Ashish, Sir Kevin and Ma'am Namita. Gratitude also goes to Games Captains (Anshika Semwal and Saurabh Rawat), Vice Games Captain (Monal Kandari), House Captains (Manvi Kandari & Aditya Kanaojia, Nidhi Negi & Asmit Chauhan, Naman Godiyal, Santripti Rawat & Atharv Singh Panwar), Head Girl (Vanessa Francis), and Head Boy (Shaurya Singh), and all the contributors for their encouragement.

Social Service Report

"A life lived for others is a life worthwhile."
— Albert Einstein

A good leader is not defined by authority, but by the ability to guide, support, and work together with others. True leadership means listening with patience, acting with responsibility, and setting an example through consistent and sincere effort.

In our school, social service has always been an essential part of our culture. We participated in cleanliness drives, assisted teachers during events, and encouraged eco-friendly practices across the campus. Through these activities, we have shown the values of teamwork, empathy, responsibility, respect, and integrity. This duty has taught us that meaningful change often begins with small, thoughtful actions - whether it is helping a classmate, sharing resources, or maintaining cleanliness.

We extend our heartfelt gratitude to our Principal, Sr. Ivy, Superior Sister Anita, and all our teachers, who have always inspired us through their own deeds — showing us how to work for the betterment of others with dedication and selflessness. We would also like to thank all the school helpers, who work tirelessly behind the scenes every day to keep our surroundings clean, safe, and organized. Their quiet efforts make our work possible, and we truly appreciate their support.

In conclusion, we promise to continue strengthening the spirit of service not only in school but also after our school life. Let us remember that social service is not merely an obligation, but a commitment that shapes us into responsible and compassionate individuals.

Thank you.

House Reports

Endurance House

"Endurance is built by rising every time we fall." — ***Dr. A.P.J. Abdul Kalam***

Anchored by our timeless motto, "He conquers who endures," Endurance House has spent the academic year embodying resilience, discipline, and an unwavering pursuit of excellence. Our students have shown that true accomplishment lies not merely in triumph, but in the courage to persevere, the will to rise after every setback, and the determination to continue striving with integrity and commitment.

As the captains of Endurance House, Nidhi Negi and Ashmit Chauhan, along with our Vice-Captain Pavisha Bisht, it is an honour to present the achievements and milestones that made this year remarkable for every member of our house. We also extend our heartfelt gratitude to Sir Bir, Ma'am Smriti, Ma'am Seema, Ma'am Kajal, Ma'am Meenakshi, Ma'am Jyoti and our entire mentor team, whose steady guidance and encouragement strengthened our efforts throughout the year.

In the realm of sports, our house delivered an exceptional showcase of strategic skill, athletic precision, and collective fortitude. The juniors stormed the football and hockey fields with fearless energy; the chess and carrom players displayed composed precision, sharp strategic thinking, and unwavering focus. The senior throwball team exemplified true determination, demonstrating the power of teamwork fused with relentless grit. The senior football team showcased remarkable skill and resilience, narrowly missing the top spot in a performance that truly deserved victory.

Meanwhile, the athletes excelled in track and field events, significantly elevating the stature of the house. These victories were not just medals — they were moments where our house spirit burned the brightest.

Our house's excellence extended beyond sports into the realm of intellect, as demonstrated by our victorious debate and declamation team, whose eloquence and passionate delivery captivated audiences, while our junior quiz champions impressed all with their rapid responses, extensive knowledge, and flawless coordination.

As we reflect on a year woven with achievements, challenges, and unforgettable moments, one truth stands firm — endurance is not just surviving the storm, but learning to dance in the rain.

We, the house captains of Endurance House, stand humbled and proud as we look back on the dedication, unity, and unbreakable spirit that each student poured into our house this year. While we did not emerge as the champion house this time, our collective effort has laid a strong foundation for future success. We extend our best wishes to Endurance House for an even stronger and victorious year ahead.

After all, as Confucius reminds us, "Our greatest glory is not in never falling, but in rising every time we fall."

House Reports

Endeavour House

Some journeys, you may remember, have a finish line; others do not. When we began this year together—you with the courage of your spirit, and us learning that true victory is not won on the field alone but in the mind—we knew this would be an extraordinary and unforgettable journey. Endeavour stands for more than achievement; it stands for belief, resilience, and an unwavering faith in the human capacity to keep striving. No matter how challenging life becomes, unity and understanding remain the values that guide us forward, reflected beautifully in the passion with which our students celebrate every achievement.

Throughout this year, Endeavour House has shown extraordinary growth, with students who rose not merely to win, but to participate, to learn, and to grow. That dedication infused every moment with purpose and pride, especially on the sports field, where Endeavour House displayed unwavering enthusiasm and exceptional drive. Our players showed that strength is not measured by medals alone, but by the courage to show up, to fall, and to play with integrity despite the odds. In cricket, our teams demonstrated outstanding coordination, resilience, and teamwork, guided by strategic thinking and calm leadership. Indoors, our players displayed sharp precision and flair, contributing significantly to the House's success. In handball, volleyball, football, basketball, netball, and track and field events, determination, courage, mastery, and strong team spirit became our defining strengths. Every effort and every victory reflected an unshakable belief that Endeavour never stops trying.

We owe our deepest gratitude to the teachers who guided us throughout this journey. Our heartfelt thanks to our House Master Sir Kevin, whose steady leadership, encouragement, and belief in us transformed challenges into opportunities. We are equally grateful to Ma'am Namita and Sir Ashish, whose patience, motivation, and constant support shaped Endeavour House into a united and confident family. Their guidance created an environment where every student felt valued and empowered to step forward.

And then came the moment that defined our year—the moment Endeavour House emerged as the Winning House. This achievement was not the result of a single event, but the outcome of countless hours of practice, perseverance, and teamwork. It came from students who lifted one another, who worked quietly behind the scenes, who refused to give up, and who believed in the spirit of Endeavour even during difficult times. This victory is not just a trophy; it is a symbol of our unity, resilience, and growth—a reminder that when a house stands together, nothing is impossible.

As we close this remarkable chapter, Endeavour House stands stronger than ever - uplifted by the dedication of our students, the guidance of our teachers, and the spirit that binds us as one family. With pride in our hearts and hope in our eyes, we look forward to new challenges, new opportunities, and new victories ahead."Great teams are not remembered for the trophies they win, but for the courage with which they chase them."

Mussoorie

Faces Unprecedented Rains

Mussoorie witnessed an unprecedented crisis as heavy, torrential rains battered the region, causing widespread destruction and distress. The continuous downpour triggered massive landslides along the Mussoorie–Dehradun Road, with enormous boulders tumbling down the mountainside and blocking vital pathways. Several stretches of the road collapsed, leaving the route severely damaged and unsafe for travel. Even the historical bridges—silent witnesses to decades of journeys—could not withstand nature's fury and were washed away or left dangerously weakened.With nearly eighteen major breaks reported along the road to Dehradun, the supply of essential goods and services was delayed, adding to the hardships faced by the local population. Within Mussoorie itself, smaller landslides created additional hazards, while numerous trees fell across roads, homes, and public spaces. Daily life came to a standstill as mobility was disrupted, and schools, institutions, and workplaces were forced to shut down for the safety of all.

In these challenging times, CJM Hampton Court stands in solidarity with the people of Mussoorie and the state of Uttarakhand. REFLECTIONS

Looking back on my years at CJM Hampton Court, I can see how quietly and steadily this place shaped me. Alongside studies, it encouraged my love for music, which slowly became an important part of my life. Music helped me find focus and expression during challenging times. Performing and practising here built confidence and perseverance. As I move forward, I carry lessons that will stay with me for a lifetime.

Ashutosh Gaikwad

Nidhi Negi

After spending eight years at CJM Hampton Court, I realise how deeply this place has shaped who I am today. Beyond academics, the school gave me the space to discover and nurture my passion for dance, allowing me to grow with confidence through practice and performance. Dance became a way of expressing myself and learning discipline and self-belief. The lessons learned here go far beyond classrooms and textbooks. I leave this place with gratitude and memories I will always carry.

Thirteen years is a long time—long enough to grow, to change, and to leave pieces of your heart in moments and people who stay with you forever. This school may not have given me everything, but it gave me something I will always carry: the strength to rise, the courage to continue, and the resilience to believe in myself. Sir Kevin — thank you for showing me what it means to be strong, kind, and steady even when life gets difficult. Your impact will stay with me far beyond the classroom and far beyond this place. And a heartfelt thanks to Sir Ashish and Sir Gambhir for always encouraging and motivating me when I needed it the most. These lessons and these memories will move with me into every new chapter of my life.

REFLECTIONS

Rashika Thapliyal

There are moments when time slows down and we find ourselves between what was and what will be. As we prepare to leave, we realise how deeply this place has shaped us. What once felt ordinary—the bells, the corridors, the busy classrooms—has now become the story we will carry forever. These halls witnessed more than lessons. They held our laughter, our fears before exams, our whispered conversations, our victories, and the friendships that grew quietly through shared challenges and small moments of understanding. This school became the place where we dreamed, failed, learned, and rose again. It didn't just teach us subjects; it taught us life. And now, as we step into what comes next, we take with us the confidence, strength, and memories this place has given us. We leave the building behind, but its lessons walk forward with us. Every ending brings a quiet promise of something new. And as this chapter closes, its warmth will guide us—gently and always—no matter where life takes us.

Aditya Kanojia

Twelve years at Hampton Court has given me some of the most precious memories of my life. From jam sessions to backstage chaos to the control room laughter — these moments will stay with me always. My friends and batchmates turned ordinary days into unforgettable ones, and I'll forever be grateful for the bond we shared. My heartfelt thanks to all my teachers — Ma'am Rekha, Ma'am Manisha, Ma'am Ritika, Sir Gambhir, Sir Kevin, Sir Amit, Sir Ashish, Sir Arvind, Sir Neeraj, Sir Naman, and everyone who guided and encouraged me. Your support shaped me more than you know. I may not have been the loudest student, but my memories are the loudest part of me. Physics and Maths lessons will feel empty without Atharv's jokes, and school won't ever be the same again. Thank you, Hampton Court, for everything.

Akshita Chaudhary

There are moments in life when we pause and realise how much a place has shaped us. My years in this school—from Class 5 till now—have been exactly that. Filled with good days, difficult days, and countless memories that slowly became part of who I am. I'm grateful to all my teachers — Sir Kevin, Sir Neeraj, Ma'am Manisha, Sir Amit, Ma'am Ritika, and Ma'am Rekha — for guiding me with patience and care. To my old teachers — Sir Aakash, Sir Daniel, Ma'am Meenu, and Ma'am Smriti — thank you for shaping my early years with kindness. And Sir Arvind... sometimes silence says more than words. My respect and gratitude for him will always stay with me. Ma'am Abha deserves a special mention — her warmth and support felt like that of a second mother, and her encouragement made many difficult days easier. Friendships also shaped this journey. In Class 11, I met Nidhi, Rashika, Gauri, and Kashish, who brought joy and comfort. And in Class 12, I found the ones who stayed closest — Aabha, Manavi, and Anshika. Their support, patience, and understanding added meaning to every day. As this chapter ends, what stays with me are the lessons, the laughter, the corrections, and the small moments that made this place feel like home. We leave the routine of school behind, but we take the strength, courage, and confidence it gave us. I wish my entire batch a bright and meaningful future. And I carry this journey with gratitude.

Naman Godiyal

My time at this school has been short but unforgettable. When I first arrived, I was unsure and shy, but this place shaped me in ways I will always carry. To my teachers, thank you for your guidance, patience, and belief in me. To my friends, thank you for the laughter, support, and memories that made school feel like family. Even ordinary days became meaningful moments I will always cherish. As I move forward, I take with me the lessons, experiences, and friendships that made this journey special. Thank you for everything — proud Hamptonian, forever Hamptonian.

Gauri Kumai

They say you can take a person out of a place, but never the place out of the person — and that feels truer than ever for me. Even when I step beyond these gates, this school will stay with me quietly, like a prayer learned long ago that never leaves the heart. This place shaped me in ways I didn't realise while living it — in the laughter between classes, in the rhythm of assemblies, in the silent strength I found on difficult days. These corridors didn't just watch me grow; they taught me what it means to belong. Leaving doesn't feel like walking away. It feels like carrying everything this school planted in me — its discipline, its warmth, its courage, its faith that I was never alone. And someday, when someone asks where I come from, I won't think of buildings or uniforms. I'll think of the world that taught me who I am, twice — once as a child, and once in spirit. You can take me out of this school, but this school will never leave me.

Shaurya Singh

As we prepare to move beyond these familiar corridors, we begin to understand that the moments we once hurried through are now the memories we hold closest. This school has shaped us quietly—through gentle guidance, shared laughter, unexpected challenges, and friendships that slowly became family. Here, we learned that growth often begins in discomfort, that courage is sometimes found in silence, and that joy hides in the simplest, most ordinary moments. Every teacher who believed in us, every friend who walked beside us, and every lesson—both inside and outside the classroom—has left its mark on who we are becoming. Now, as we step into new beginnings, we carry with us the values, the warmth, and the resilience this place has given us. The journey will continue, paths will change, and life will move forward— but a part of us will always remain here, where we first learned not just to dream, but to become.

Riddhima Rengwal

As we say goodbye to a place that has been more than just a school, I want to thank our teachers for their guidance, patience, and support—especially Ma'am Namita, Ma'am Abha, Sir Kevin, Sir Bir, and Sir Daniel, who remains in our hearts. To my classmates and friends, thank you for the laughter, the memories, and the moments we shared in classrooms and corridors. As we step into a new chapter, we carry the lessons, values, and friendships that this school has given us. Thank you—I will always cherish these years.

"Goodbyes are not forever, not the end—they simply mean I'll miss you until we meet again." Eight years ago, I walked into this school as a nervous little girl with big dreams. Over time, this place embraced me, shaped me, and gave me confidence. Here, I found not just education, but identity; not just friends, but family; not just teachers, but mentors. I am deeply grateful to Sr. Ivy and Sr. Anita for guiding me with love, discipline, and care, and to my teachers for believing in me even when I doubted myself. To my juniors, remember that leadership is shown through responsibility, kindness, and actions. To my batch mates, we entered together and leave as a family. From last-minute assignments to celebrations, from scoldings to laughter—these memories will always stay with me. A special mention to Sr. Rosily, whose guidance and faith shaped me in ways I will never forget. Your impact will always remain in my heart. Being Head Girl has been one of the greatest honors of my life, teaching me leadership, humility, and courage. As this chapter ends, I leave not with sadness, but with gratitude. The lessons, memories, and love of this school will always stay with me. Thank you.

Manvi Kandari

The first chapter of my life was written within these walls—a chapter called school. A place where I learned, stumbled, grew, and discovered parts of myself I never knew existed. One person became the turning point in this journey—Sister Ivy. She didn't just teach me; she transformed me. She pushed me when I doubted myself, believed in me when I didn't, and shaped me into the person I am today. Thank you, Sister Ivy, for changing my story. Many others added their own spark: Ma'am Rekha, Ma'am Abha, Sir Daniel, Sir Ashish, Sir Gambhir, Sir Amit, and especially Sir Kevin, whose guidance and understanding meant so much. Each of you shaped me in your own way. Beyond classrooms, this school gave me friendships that turned ordinary days into unforgettable memories. Aabha, my partner in mischief and laughter, and Shruti, who supported me through every heavy moment—thank you for being part of my journey. Some people come to stay, some to teach, and both leave a mark. Sometimes, memories stay longer than people—and the memories I've created here, I will carry forever. As this chapter closes, I'm not saying goodbye—I'm simply turning the page.

Santripti Rawat

"The world is round, and what seems like the end may also be only the beginning." It feels surreal that a place that once seemed so big now holds so many familiar faces, memories, and stories I will carry forever. I am proud to be a part of CJM Hampton Court, where my confidence, values, and vision were shaped by our teachers and sisters community. Our teachers have been more than instructors—they've been mentors, guiding us academically and in life. The friendships we formed here became the cornerstone of our school experience, extending far beyond the classrooms. As we move forward, let's see this not as an end, but the start of new adventures. May God bless everyone in our school and guide us toward a bright future.

Anshika Semwal

Standing at the end of this school journey feels both unreal and meaningful. These years have shaped who I am in ways I never expected. The lessons I received weren't just academic—they taught me how to think, grow, and understand myself better. The people around me made this journey unforgettable. Teachers guided me with patience and purpose, and friends turned difficult days into memories, I'll always carry with me. These connections are the real foundation, I'm taking forward. Now, as we step into a new chapter, there's a mix of excitement and uncertainty. But I believe we're ready. What we learned here—about life, effort, and resilience—will guide us wherever we go. Our paths may lead in different directions, but the experiences, we share will always stay with us. Here's to carrying them forward as we move into the future.

Aabha Panwar

Yesterday, I was carefree, enjoying life, and time seemed endless. Now, at eighteen, as this academic year ends, I realize life is full of challenges — cold winters, harsh summers, and drenching monsoons — and I wonder what mark I will leave on the world. We may wish things were different, but life, as it is, is enough. I will be kind, I will be happy, and I will become who I am meant to be. We feel the sadness of leaving, yet we also carry the lessons this school has taught us: life can be hard, but it can also get better. We will face struggles, but we have learned to navigate them and perhaps even find happiness along the way. I am now a certified ex-Hamptonian, forever a Hamptonian at heart. I am not simply happy or sad — I am just a Hamptonian.

Aryan Rawat

It has been a short time in this school since Class 11, but it has been truly memorable. My heartfelt thanks to all my teachers for their constant guidance and support in my studies. I am also deeply grateful to my friends, who stood by me through every challenge and made my school days unforgettable. In this short span of time, Hampton Court has helped mould me into a person who aims to be confident and who understands the value of discipline in everyday life. Each lesson, activity, and experience in this institution has taught me important values such as responsibility, perseverance, and faith in oneself. Hampton Court has motivated me to face challenges with courage and to continue moving forward in life with confidence, determination, and discipline. Thank you for everything.

Divyansh Verma

It has been a privilege to be part of this beautiful school journey, a journey shaped by the constant support and dedication of our teachers. Their guidance, patience, and encouragement helped us grow not only in academics but also as individuals. To our juniors, may you continue to learn, work hard, and treasure every moment here. To my batchmates, the memories we created—from daily assemblies to last-minute exam preparations—will always remain close to the heart. As we step into a new chapter of life, let us carry forward the values, friendships, and lessons this school has given us. No matter where we go, this place will always feel like home. Thank you to everyone who made this journey meaningful, and wishing all a bright and successful future ahead.

Standing at the end of our school journey brings a sense of reflection and gratitude. These years were filled with shared struggles, teamwork, and moments that strengthened character. School life taught me how to adapt, learn from mistakes, and keep moving forward. The friendships and experiences built here gave meaning to everyday routines. What this phase has given us will stay for a lifetime.

2026 is just around the corner, and it's hard to believe how quickly these two years have passed. In this short time, I've gained friendships, memories, and lessons that I'll carry for life. In just two years, this school has become more than a place — it felt like home. These classrooms witnessed laughter, tears, and lessons far beyond textbooks. The benches, the corridors, and the people here now hold pieces of my story. Our teachers shaped us with patience, guidance, and belief, making every lesson and moment meaningful. My friends became my comfort and support, making even the hardest days brighter. Leaving today feels like leaving a part of myself behind, but I am grateful for every memory, every smile, and every lesson. These two years were short, yet beautifully complete, and their warmth will stay with me forever.

These experiences have prepared us for life beyond school.

Empowering Minds: The Power of Education

Education is a vital part of our lives, playing a significant role in shaping us into better individuals. It's a process that goes beyond the confines of a classroom, teaching us valuable skills, values, and principles that help us navigate life's challenges. Education helps us acquire knowledge, develop critical thinking, and make informed decisions. It enables us to distinguish between right and wrong, guiding us towards leading a successful and respectful life.

A well-educated person is equipped with good manners, discipline, and a sense of social responsibility. They're more likely to secure better job opportunities, earn a good living, and contribute positively to society. Moreover, education empowers us to think creatively, solve problems, and adapt to new situations. It broadens our perspectives, fosters empathy, and helps us become active participants in our communities.

In essence, education is the key to unlocking our potential, achieving our goals, and making a positive impact in the world.

- Illma Ansari, VIII A

The Double-Edged Sword of Technology

Technology has greatly changed how we think and solve problems. With smartphones, computers, and the internet, we can find answers quickly, making learning faster and easier. However, this can also make us overly dependent on technology, weakening our critical thinking skills. Some people struggle to write or think independently.

Social media and online communication have altered how we express ourselves and interact. While technology connects us globally, we must use it wisely and maintain our independent thought. Building our thoughts and memories is crucial.

Technology boosts productivity and global communication, but balance is key. We must prioritize real-life activities and use technology responsibly, ensuring it enhances our lives without controlling us. Learning to do things independently is vital; otherwise, we risk becoming too reliant on technology.

In short, technology is a tool, not a cradle. Let's use it to augment, not replace, human connection and originality.

The Importance of Family

Family is very important because it is only with family members that we can share so many things. With family, we can play and share the thoughts emerging from our minds. If we are alone, without family, we can lose so many things. But with family, we can make plans and enjoy our lives. Family gives us happiness and enjoyment. When we feel lonely, we can't play, but if we have family, we can share our emotion, study together, and talk about our future and dreams. Family provides a solution to every problem of our life. We have so many memories with them. Family helps us from childhood to old age. If we had an accident, family can help us.

It is only family who that can understand our feelings and happiness. With family, we can learn new things and experiences. With family we can go to new places. We enjoy so much and family can only understand feeling. This is importance of family. If you don't have a strong family bond, make an effort to build one. And important thing is that, respect family members, and for me, everything is family.

A Glimpse of India and China

India, a land of diverse cultures, is known for its hospitality and rich heritage. From delicious dishes like rice and dal to vibrant dance forms like Bharatnatyam and Kuchipudi, India has a unique charm. With languages like Tamil, Garhwali, and Malayalam, India's cultural tapestry is woven with threads of tradition and diversity. Indians take pride in their handlooms, garments, and handicrafts, which are sought after by people worldwide.

China, a nation of innovation, is famous for its manufacturing prowess and technological advancements. The Shanghai Maglev train, a testament to China's engineering, is the world's fastest. The Strength Behind Every Child

"Parents are the first teachers and the greatest guides a child will ever have."

Family is like a team of superheroes! They are always there to support and care for each other, providing a sense of belonging and security. Families are very supportive, especially parents, who sacrifice their own needs for the well-being of their children. In this generation, people who go against their parents' wishes, remember: "You can hide from anyone, but not from God."

Many families aren't financially well-off, but they're the best because of their love and care. They stand like a wall, even when no one is watching, providing a shield of protection and comfort. One day, children will grow up and become parents themselves. They'll understand the value of hard work and the importance of family.

So, make yourself a proud son/daughter to your parents, and inspire others with your actions. Let's create a mindset: "Be a role model, make your parents proud, and inspire others." Cherish and respect your family, for they are the ones who will always be there for you.

The Value of Time

Time is precious, and once lost, it can never be regained. Every second counts, and it's crucial to utilize time wisely. Time plays a significant role in one's life, and its management can change everything.

Once there was a boy named Caleb, who was very lenient about everything, especially time. But today, he had glow on his face, and this glow was because his favourite uncle, Charles, was coming for his birthday, which was just two days away. Caleb was extremely excited, and hour by hour, and days passed.

Finally, the day of Caleb's birthday arrived, and the mansion was decorated with colourful lights. Everyone was dressed up and waiting for Caleb to cut the cake, but he was waiting for his uncle. Two hours passed, and Caleb's uncle still hadn't arrived. Despite everyone's insistence, Caleb refused to cut the cake, saying, "I'll cut it when my uncle comes."

Finally, Uncle Charles arrived, and they celebrated Caleb's birthday. As the party ended, Caleb's uncle handed him a beautiful hand watch. When asked why he gifted the watch, Uncle Charles explained that he wanted Caleb to learn the value of time. Caleb's parents had complained about his time management, and the uncle's late arrival was a lesson in disguise. From that day on, Caleb started managing his time effectively, remembering his uncle's words whenever he glanced at the watch.

The Beautiful GAME

The game we love,
The whistle blows, the ball takes flight,
Players' hearts prepared to fight.
With every pass, with every goal,
The game of football stirs the soul.

On grassy fields or streets so small,
Its magic unites to chase the ball.
It's more than sport, it's joy, it's art—
A game that lives in every heart!
With every win, with every fall,
Football's passion unites us all.

The Song of the River!

Flowing free from mountain high, Underneath the endless sky.
Twisting, turning, wild and wide, A silver thread, a restless tide.
Whispering secrets to the trees, Dancing soft with every breeze.
Carving paths through stone and sand, Giving life to thirsty land.

She sings to fields, she sings to shore, Carrying dreams forevermore.
With strength and endless grace, A journey through time cannot be erased.
From snow-capped peaks to ocean deep, The river's soul will never sleep.
A tale of time, a tale so true, Ever old, yet ever new.

Symbol of Grace & Pride

Amidst the waters, pure and serene,
Blooms the lotus, in shades of sheen.
Rooted deep in the muddy ground,
Yet untouched by the dirt around.

A symbol of purity, wisdom, and might,
It arises each day to seek the light.
From the ancient texts to temple walls,
It's sacred presence forever calls.

The lotus holds a special stand unyielding,
it grows with strength anew.
Reflecting the soul of Bharat, true.
Truly choosing to symbolize our spirit and power,
The lotus remains our cherished flower.

The Evolution of Technology: A Balanced Perspective

Technology has revolutionized our lives, transforming the way we live, work, and interact. Comparing our present to the past, it's astonishing to think that just a few decades ago, traveling was a tedious and time-consuming process. Today, we have trains, aeroplanes, and cars that make it effortless to traverse the globe.

As we explore the impact of technology, we must acknowledge both its positive and negative aspects. On the one hand, technology has driven development, growth, and global recognition. By embracing technology, we've achieved milestones and improved our quality of life. On the other hand, our increasing dependence on technology is a concern. We're losing the ability to perform tasks independently, forgetting that technology is meant to aid, not control us.

Let's use technology judiciously, striking a balance between progress and self-sufficiency. By doing so, we'll harness its benefits while staying grounded and self-reliant. Technology is a tool, not a cradle; let's use it wisely to build a better future.

The Power of Teamwork in Sports

Teamwork is one of the most important things in the world of sports, whether it is football, basketball, hockey, or cricket. Every team in sports requires players to work together with unity, trust, and support to achieve success in life. Teamwork is not just about winning the game; it's about building relationships, learning manners, and supporting each other in difficult situations.

In sports, no player can win a match single-handedly. A footballer may be talented, but without good passes, they cannot score goals. Teamwork in sports teaches many life lessons. When teammates trust each other, they play with confidence. They understand each other's strengths and weaknesses, and they win or lose together.

When players work closely with each other, they develop respect for one another, and they play with joyfulness. Whether they win or lose, they are proud of their efforts and happy to have played the game.

Hopes and Dreams

In the darkness, a light shines bright,
A beacon of hope, a guiding light.
A dream takes shape, a vision clear,
A future bright, a path to hear.
The heart beats strong, the soul takes flight.
A journey starts, a new delight.
The road ahead, a challenge true,

But with each step, a dream comes true.
The world is full of endless might,
A place of possibility, a place of light.
Hope and dreams, they guide us on,
Through the darkness, to a brighter dawn.
The power of hope, it never fades,
A light in the darkness, a path that's made,
A future bright, a dream that's real.

The Life's Journey

Life is a journey, winding and long,
A path that's twisted, yet strong.
We walk alone, yet side by side,
A journey shared, a journey to abide.
The road ahead, a mystery deep,
A future unknown, a path to keep.
We stumble, fall, yet rise again,
A lesson learned, a story to regain.

The journey is sweet, the journey is worth,
A path that's travelled, a story to meet.
Life's journey's full of surprise,
A mix of joy, a mix of sighs.
We search for meaning, we search for truth,
A journey of discovery, a journey of youth.
A path that's winding,
A story that's mine.

Empowered Women, Empowered Nation

Women empowerment means enabling women to make their own decisions for their personal and social development. True empowerment encourages women to become self-reliant, independent, confident, and capable of facing challenges. It also ensures their active participation in social, political, and economic progress.

In ancient times, women were treated unfairly by both family and society. They were denied education, confined to household duties, and kept unaware of their rights and opportunities for growth.

Since women constitute half of our population, empowering them is essential for building a strong and progressive nation. Both individuals and the government must work together to promote women empowerment. Education for girls should be made compulsory so that they can build a secure and independent future.

Women must receive equal opportunities in every field, regardless of gender. Equal pay for equal work is equally important. Eliminating harmful practices such as child marriage, still prevalent in rural areas, is another crucial step. Self-defense training and financial literacy programs can further equip women to protect and support themselves.

Most importantly, society must discard the stigma around divorce and abuse. Many women remain in harmful relationships due to fear of judgment. Parents must teach their daughters that it is better to return home with dignity than to endure violence.

Women empowerment will be truly achieved when society undergoes a positive shift in attitude—treating women with respect, fairness, equality, and dignity.

Inner Beauty

Inner beauty is better than a fair complexion. As time passes, physical beauty fades, and wrinkles appear on our faces as we age. However, inner beauty, personality, behavior, knowledge, and confidence are eternal and do not fade with time. The term "beauty" truly refers to the inner self, encompassing personality traits, attitude, and behavior.

Nature

The sun shines warming our day,
The wind passes us, dancing away,
The plants sing, sweet and melodious,
The animals stare, the sight is glorious,
The river whispers soft and low,

The world is beautiful where you look,
And I try to capture it in a book.

Slowly, I Return

Slowly, I return to myself,
Lost in noise and speed,
I chase things I didn't need.
But now I walk a softer lane,
One stitched with peace instead of pain.
I don't arrive in grand display,
I show up gently, day by day.
A breath, a step, a choice to stay,
That's how I find my healing way.
No need for loud, no need for face,
But learning how to hold my space.
And every time I choose to learn,
A part of me begins to run.

The True Value of Friendship

Friendship is the quiet music of life, a melody that plays softly beneath the noise of the day. It begins with a glance, a smile, a word, and grows into an unspoken promise between two hearts. True friends are not found by chance; they are met by fate's gentle hand, drawn together by kindness and kept close by faith.

A real friend sees what words cannot say. They walk beside us through the dust of disappointment and the rain of sorrow, holding no judgment, only understanding. In their presence, even silence feels full, and the world seems less heavy.

"This bond, unspoken yet unbreakable, is the soul's forever home."

A Journey that never started,
A Journey that never ended.
The Journey that we thought,
The Journey that we got.

A thoughtful journey that took us to the destination, we never thought
Now we will try to walk on the journey we want to see.

Simulation or Reality: Unraveling the Mystery

Here, think what if we're not real, and are part of a simulation or a video game? If we are in such a simulation, then who is our controller? Is he a human being or an alien? If we're in a matrix or a video game, then why are things so messed up around us? Why is there so much chaos in the world? Why is there so much tragedy?

Is it a matrix? Or is it real life? If it's a video game, do superpowers exist? Is there a cheat code to become a billionaire, or to travel anywhere in just seconds, or to bring dead people back to life?

SEASONS

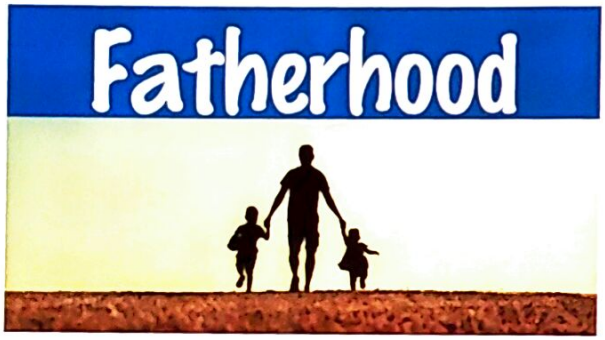

The world is full of wonders, and one of the most fascinating aspects of our planet is the changing seasons. The four seasons – spring, summer, autumn, and winter – bring about a unique set of experiences and emotions. Spring is a time of renewal and growth, with flowers blooming and trees regaining their vibrancy. The warmth of the sun and the gentle breeze make it a season of hope and new beginnings.

Summer is the season of adventure and excitement, with long days and warm weather perfect for outdoor activities. The sunshine and laughter of summer evenings are unforgettable. Autumn is a time of harvest and reflection, with the changing colors of the leaves and the crisp air filling our hearts with gratitude. It's a season of transition, preparing us for the coziness of winter.

Winter is a time of rest and rejuvenation, with the cold weather and snowflakes creating a serene atmosphere. It's a season of introspection and self-reflection, helping us appreciate the beauty of simplicity. The seasons remind us that life is a cycle of growth, decay, and renewal. They teach us to appreciate the present moment and make the most of every season.

As the seasons change, let's cherish the memories we make and the lessons we learn. Let's welcome each season with open arms and a grateful heart.

"Your wish is my command"
For every little desire he may demand.
He will relish his every step.
From his first till his last breath.
Since he came into my life.
He has been always on the edge of the knife.
For every little cut or bruise he gets.
To every small sin in which he partakes.

But now his little boy has grown all big.
And he knows it is time to let his dig.
To get a little muddy and make a few mistakes.
To learn hardships and choose his own way.
In his heart he knows it's time.
To let him open his wings and mine.
To be more than a father – rather a friend.
Picking his up always at his time of fail himself.

A DOG'S Life...

A dog is always loyal to us.
A dog saves us from robbers at night,
but if he asks for just a piece of biscuit,
people often kick him away.
Then he goes to the public dustbin searching for food,
but there's no food there either, only lots of diseases.
Children hit the dog with stones just for fun.
He cries for food all night, but still,
no one gives him anything to eat.
This goes on every single day....
But one day, a kind-hearted stranger noticed his plight,
She took him in, fed him, and gave him a warm night.
She petted him, loved him, and made him feel safe,
And the dog's life was filled with hope and a new life to create.
Let's be kind to animals, they deserve our love and care,
And maybe, just maybe, we'll make their lives a little more fair.

Global warming is a serious issue that affects our planet. It is the gradual increase in the overall temperature of the Earth's atmosphere, mainly caused by human activities. The burning of fossil fuels, deforestation, and pollution release harmful gases, such as carbon dioxide and methane, into the atmosphere, leading to a trap of heat and a rise in temperature.

The effects of global warming are widespread and devastating. Melting of polar ice caps and glaciers, sea-level rise, and extreme weather events like hurricanes, droughts, and wildfires are just a few examples. Global warming also threatens biodiversity, food security, and human health.

To combat global warming, we must reduce our carbon footprint. We can do this by using renewable energy sources like solar and wind power, increasing energy efficiency, and protecting natural habitats like forests and oceans. Governments, businesses, and individuals must work together to address this global issue. We must act now to mitigate the effects of global warming. By making conscious choices in our daily lives and demanding action from our leaders, we can create a more sustainable future.

Water is a very important part of our lives. We use water in almost everything we do. Drinking is the most essential use of water. Our body needs water to digest food and to excrete waste materials. Water also helps regulate our body temperature.

We need water for our daily needs, like washing clothes, utensils, and cleaning our homes. We use water for bathing, swimming, and other recreational activities. Water is also used to generate hydroelectric power and for irrigation. Farmers depend on water for growing crops. Water helps keep our environment clean and reduces pollution, which is harmful to our health.

We should never waste water. We should use it carefully and encourage others to do the same. By conserving water, we can ensure a sustainable future for generations to come.

MY DREAM PLACE

Mussoorie, the Queen of Hills, is a beautiful place, but the Mussoorie of my dreams is even more magical.

The Mussoorie of my dreams is a peaceful and magical hill station, more beautiful than words can describe.

Emotions

that we carry within

Emotions are the colours of our inner world, painting our experiences with joy, sadness, anger, and more. They're the whispers of our soul, expressing what words sometimes cannot.

Happiness dances like sunlight on a summer's day, warming our hearts. Sadness is a grey mist of feelings, clouding our skies and casting shadows over our spirits. Anger roars like thunder, shaking the very ground we stand on. Fear creeps in like a chill wind, sending shivers down our spine.

Emotions are the melody of our existence, playing softly in the background or erupting like a symphony, shaping who we are and how we connect with the world.

For me, emotions are not solely dependent on how we react to situations. Some individuals can find emotions in anything, yet still struggle with inner turmoil. I often associate emotions with laughter, joy, loudness, and smiles. Notably, I emphasize the importance of loudness as it is the first thing that comes to mind.

With misty clouds and mountain streams,
It feels like walking through our dreams.

It's a place of joy where pine trees whisper softly and low,
Their secrets known only to the cool winds.
The 'Mall Road' shines with lights at night,
The hills below twinkle like stars in sight.

It is so pure and still,
Ruling with grace – the 'Queen of Hills'.

IMPORTANCE OF MILITARY

IN OUR COUNTRY AND WHAT THEY DO FOR US

Military is very important for our country. If any country does not have military forces, so they are not safe from terrorists of other country. Military protects us from dangerous attacks by different countries. A military man can give his life for his nation and to protect the people of the nation. A military man's life is always in danger. When they are on border no one knows who from where and when terrorists will attack on them. A military is a person who keeps his life in his hands and fight to protect us. A person who does not think about himself. He thinks about others. There are two important characters who contribute to the country: one is a farmer and the other is a military man. A farmer contributes to the country by growing food from the people of the country. A military man contributes by saving the lives of others.

What is Anime?

The biggest question nowadays is, "What is anime?" The answer is:

When you're feeling upset, the thing that can make you happy is anime. This is not just a cartoon; it's a feeling for those who truly understand what anime means.

It's a dream world filled with joy, hard work, struggles, the reality of the world, fiction, and love. If you watch anime, you'll get to know the deep meanings hidden in them. They act like a motivational speaker. Though it's just an imagination, it will teach you more than any book.

The most popular anime worldwide is Naruto. The reason people like and love this anime is the story of a little, lonely boy who struggled to become the most powerful and respected person in his world on his own. His parents died the day he was born, and people treated him like a monster. But now, the main topic.

Anime can truly teach you something. In my opinion, the youth of today should watch anime to learn kindness, compassion, and respect for others.

So, try to watch at least one anime in your life.

Nature is the world so wide,
With rivers, oceans, stars, and sky.
The sun shines bright to warm the day,
And helps the plants grow on the way.

Trees give us air that's fresh and clean.
With leaves of gold, red, and green.
They stand so tall and never fall;
They give us fruits — they give us all.

The birds sing songs from tree to tree,
Flying high and feeling free;
Their music makes the morning sweet,
Their little wings are fast and neat.

Flowers bloom in every shade,
In sunshine, wind, and in the shade;
They smell so nice, they look so fine,
Like coloured stars in a line.

The rain comes down with drops so clear,
It cools the earth and brings us cheer.
It feeds the plants, it fills the stream.
It makes the world like a dream.

Nature is calm, nature is kind;
It gives us peace in our heart and mind.
Let's care for it with love and grace,
For nature is our special place.

My Dream World

The world in which we live today is filled with negativity and corruption. Education here is like a paper plane which flies for a second and then crashes badly. Wars and murders are just like a game where many survive and many quit.

My Dream World will be filled with joy, laughter, and cheer. People wouldn't fight and create disorder. Education would be a plane that always lands safely. It would be pollution-free where renewable energy is the main source of life. The cities would be cleaner and greener. The people should get justice. "Cut less and plant more" would be my main motto. Black, brown, or white—nobody would be racist. This is how my world will go smoothly.

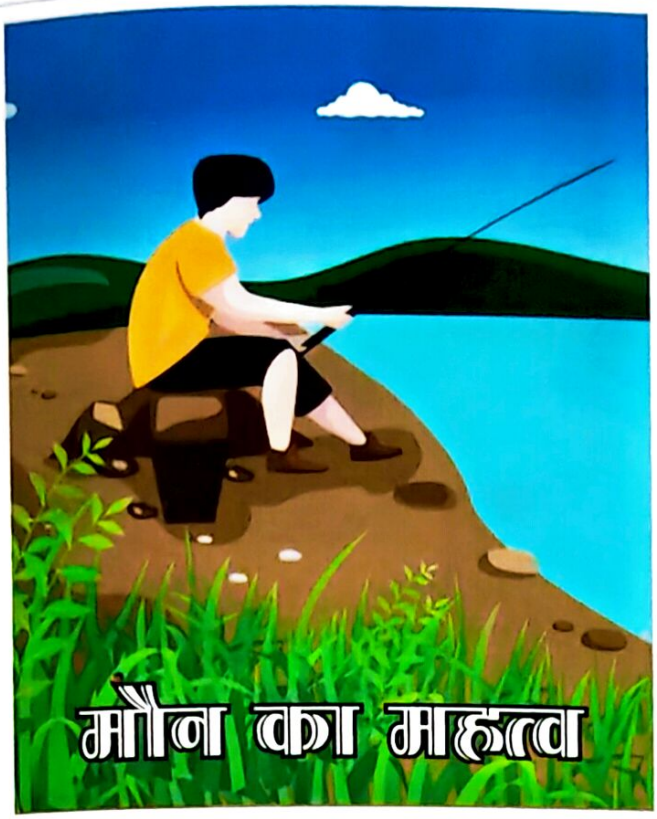

- Dhruv Kaintura, VII A

When I look around, I notice how many things look and feel different, yet deep down they're the same. The veins in our hands look like the branches of the trees, and the branches look like the lightning in the sky. It's like nature keeps repeating itself in different forms. If we look at space pictures, we'll see galaxies are huge spiral shapes, just like hurricanes, snowflakes, seashells, and even flowers grow in spiral shapes. This is called the golden pattern, which also appears in fingerprints and waves.

When a star is born, it has lots of atoms. When the star dies, it explodes and spreads those same atoms into space. What if these atoms become part of new stars, planets, or even us? That means the atoms inside our body once belonged to a star long ago. So maybe when we feel the wind or look at the stars, we're looking at something that is a part of us too. That's how amazing the universe is; it keeps on recycling the same energy, the same tiny particles, into everything that exists.

एक मछुआरा कॉटा डाले तालाब के किनारे बैठा था। काफी समय बाद भी कोई मछली कांटे में नहीं फांसी, ना ही कोई हलचल हुई तो वह सोचने लगा कही ऐसा तो नहीं कि मैंनें कॉटा गलत जगह डाल दिया है। यहां कोई मछली ही ना हो!

उसने तालाब में झांका तो देखा कि उसके कांटे के आसपास तो बहुत सी मछलियां थी उसे बहुत आश्चर्य हुआ कि इतनी मछलियां होने के बाद भी कोई मछली फांसी क्यों नहीं?

रास्ते चलते हुए व्यक्ति ने जब यह सब देखा तो मछुआरे से कहा, लगता है भैया, यहां पर मछली पकडने बहुत दिनों बाद आए हो!अब इस तालाब की मछली कांटे में नहीं फँसती।"

मछुआरे ने आश्चर्य से पूछा– क्यों भाई, ऐसा क्या है यहां ?रास्ते चलने वाला व्यक्ति बोला–" पिछले दिनों तालाब के किनारे एक बहुत बड़े संत ठहरे थे। उन्होंने यहां मौन के महत्व पर प्रवचन दिया था। उनकी वाणी मे इतना तेज था कि जब वह प्रवचन देते तो सारी मछलियां बड़े ध्यान से प्रवचन सुनती।यह उनके प्रवचनों का ही असर है कि उनके बाद जब भी कोई इन्हे फसाने के लिए कांटा डालकर बैठता है तो यह मौन धारण कर लेती हैं। जब मछली मुंह खुलेगी ही नहीं तो कांटे में फंसेगी कैसे ? इसीलिए बेहतर यही होगा कि आप कही और जाकर कांटा डालो।

परमात्मा ने हर इंसान को दो आंख, दो कान, दो नासिका और दो टांगें यानी प्रत्येक को दो दो ही प्रदान किया है। पर जीभ एक ही दी है..... क्या कारण रहा होगा ?क्योंकि यह एक ही अनेकों भयंकर परिस्थितियों को पैदा करने के लिए पर्याप्त है ।

संत ने कितनी सही बात कही कि जब मुंह खोलोगे ही नहीं तो फसोगे कैसे?अगर इंद्रियों पर संयम करना चाहते हो तो इस जीभ पर नियंत्रण कर लेना, तो बाकी सब इंद्रियां स्वयं ही नियंत्रित रहेगी यह बात हमें भी अपने जीवन में उतर लेनी चाहिए।

मेरा विश्वास

जीवन में ऊंचाइयों को छूने की अभिलाषा है,
नहीं कोई साथ मेरे बस यही एक आशा है
कि मेरी मेहनत एक दिन रंग लाएगी
दूर कितनी हो मंजिल हासिल हो जाएगी।

है कौन यहां जिसे बिना मेहनत के पाया मुकाम
है कौन यहां ?जिसने किए, बिना परिश्रम के सारे काम ?
राह में कठिनाइयों का काफिला तमाम है?
पर मेरे अंदर भी हौसलों का तूफान है।

पर मेरे अंदर भी हौसलों का तूफान है।
चलना पड़ेगा मुझे अगर होना है कामयाब,
झेलना पड़ेगा मुझे मुश्किलों का झोंका बेमिसाल,
एक न एक दिन तो कष्ट दूर हो जाएंगे,
बस कर रही हूं उस दिन का इंतजार
जिस दिन मेरे सपने सभी सच हो जाएंगे।।

तुम मुझको कब तक रोकोगे

मुट्ठी में कुछ सपने लेकर, भरकर जीवन में आशाएं।
दिल में है अरमान यही, कुछ कर जाएं..... कुछ कर जाए,
सूरज सा तेज नहीं मुझमें, पर दीपक सा जलता देखोगे....
सूरज सा तेज नहीं मुझ में दीपक सा जलते देखोगे.....

अपनी हद रौशन करने से,
तुम मुझको कब तक रोकोगे

मैं उस माटी का वृक्ष नहीं जिसको नदियों ने सींचा है,
बंजर माटी में पालकर मैंने .....मृत्यु से जीवन सींचा है।
मैं पत्थर पर लिखी इबारत हूं..... शीशे से कब तक तोड़ोगे...
मिटाने वाला मैं नहीं
तुम मुझको कब तक रोकोगे।

इस जग में जितने जुल्म नहीं उतने सहने की ताकत है,
तानों के भी शोर में रहकर सच कहने की आदत है
मैं सागर से भी गहरा हूं तुम कितने कंकर फेंकोगे...
मैं सागर से भी गहरा हूं तुम कितने कंकर फेंकोगे
चुन चुन कर आगे बढ़ूंगा मैं तुम मुझको कब तक रोकोगे

झुक झुक कर सीधा खड़ा हुआ और फिर झुकने का शौक नहीं,
अपने ही हाथों रचा स्वयं तुमसे मिटाने का खौफ नहीं,
तुम हालातों की भट्टी में जब–जब भी मुझको झुकोगे...
तब तपकर सोना बनूंगा मैं ...

तुम मुझको कब तक रोकोगे,
तुम मुझको कब तक रोकोगे ।।

प्रयास

तू उठ फिर प्रयास कर,तू उठ फिर प्रयास कर।
जीत जाएगा तू एक दिन
अपने आप पर विश्वास कर
तू उठ फिर प्रयास कर,तू उठ फिर प्रयास कर।
करने संघर्ष और जीतने खातिर
तू इस जमीं पे आया है,
कई बाधाओं से लड़कर
तू इस तन को पाया है,
बैठ ना भरोसे तू किस्मत के
ना ही वक्त बर्बाद कर
तू उठ फिर प्रयास कर,तू उठ फिर प्रयास कर।
क्या है इस जग में ऐसा
जो तू नहीं कर पाएगा,
तू आ गया अपने पर जो
तो आसमां भी जमीं पे लाएगा
सुन ना दुनिया की बातें ,मन को ना उदास कर
तू उठ फिर प्रयास कर,तू उठ फिर प्रयास कर ।
तुमने जो सपना देखा है
उनको हकीकत तू ही बनाएगा,
हालात ना होंगे तेरे हिसाब से
तू अपना हालात खुद ही बनाएगा
आगे बढ़ जुनून से तू आलसों का परित्याग कर
तू उठ फिर प्रयास कर,तू उठ फिर प्रयास कर ।

परीक्षा का भय

परीक्षा के दिन नजदीक आ गए,
मन में तरह–तरह के भय छा गए।
रात को सोया तो बुरे सपने आने लगे,
बनाकर भूत प्रश्न–पत्र डराने लगे।
जैसे–तैसे तैयारी कुछ कर पाया,

कुछ याद हुआ कुछ समझ ना आया,
गणपति, शंकर जी ,राम और हनुमान,
यही करेंगे मेरी समस्या का समाधान।
भगवान प्रश्न–पत्र जरा आसान सा देना,
प्रश्नों का हल बुद्धि में भर देना।।

जैसे ही प्रश्न–पत्र हाथ में आया,
कलेजा मेरा मुंह को आया।
गणित के पेपर में हिंदी पढ़ आया,
जिसे देख मेरा मन घबराया।
सपना टूटा तब होश आया,

पढ़ने को फिर मन ललचाया।
कर लो पूरा जो है सपना,
मेहनत करें तो जग अपना।
परीक्षा का भय मत करना,
मेहनत करो कर लो जग अपना।।

सबसे कीमती चीज

एक जाने–माने स्पीकर ने हाथ में पांच सौ का नोट लहराते हुए अपनी सेमीनार शुरू किआ। हॉल में बैठे सैकड़ों लोगों से उसने पूछा," ये पांच सौ का नोट कौन लेना चाहता है?" हाथ उठना शुरू हो गए। फिर उसने कहा," मैं इस नोट को आपमें से किसी एक को दूंगा पर उससे पहले मुझे ये कर लेने दीजिये।" और उसने नोट को अपनी मुट्ठी में चिमोड़ना शुरू कर दिया. और फिर उसने पूछा," कौन है जो अब भी यह नोट लेना चाहता है?" अभी भी लोगों के हाथ उठने शुरू हो गए।

"अच्छा" उसने कहा," अगर मैं ये कर दूं ? और उसने नोट को नीचे गिराकर पैरों से कुचलना शुरू कर दिया। उसने नोट उठाया, वह बिल्कुल चिमुड़ा और गन्दा हो गया था।

"क्या अभी भी कोई है जो इसे लेना चाहता है?" और एक बार फिर हाथ उठने शुरू हो गए" दोस्तों, आप लोगों ने आज एक बहुत महत्त्वपूर्ण पाठ सीखा है. मैंने इस नोट के साथ इतना कुछ किया पर फिर भी आप इसे लेना चाहते थे क्योंकि ये सब होने के बावजूद नोट की कीमत घटी नहीं,उसका मूल्य अभी भी 500 था।

जीवन में कई बार हम गिरते हैं, हारते हैं, हमारे लिए हुए निर्णय हमें मिटटी में मिला देते हैं। हमें ऐसा लगने लगता है कि हमारी कोई कीमत नहीं है। लेकिन आपके साथ चाहे जो हुआ हो या भविष्य में जो हो जाए, आपका मूल्य कम नहीं होता। आप स्पेशल हैं, इस बात को कभी मत भूलिए।

कभी भी बीते हुए कल की निराशा को आने वाले कल के सपनो को बर्बाद मत करने दीजिये. याद रखिये आपके पास जो सबसे कीमती चीज है, वो है आपका जीवन"।

मैं फिर ना मिलूंगा

यह कहानी तीन दोस्तों की है। ज्ञान, धन और विश्वास । तीनों बहुत अच्छे दोस्त थे। तीनों में प्यार भी बहुत था। एक बार किसी वजह से तीनों को अलग होना पड़ा,तब तीनों ने एक दूसरे से सवाल किया कि आज के बाद हम कहां मिलेंगे ? इस पर ज्ञान ने कहा– मैं मंदिर, मस्जिद और किताबों में मिलूंगा।

धन ने कहा– मैं अमीरों के पास मिलूंगा।

विश्वास चुप रहा और कुछ नहीं बोला। जब दोनों दोस्तों ने उसे चुप रहने का कारण पूछा तो विश्वास ने रोते हुए कहा– मैं एक बार चला गया तो फिर कभी नहीं मिल पाऊंगा।

यह छोटी सी कहानी हमें सिखाती है कि ज्ञान और धन आप जब चाहे तब प्राप्त कर सकते हैं लेकिन विश्वास एक बार टूट जाए तो फिर वापस आना मुश्किल है।

अदृश्य धागा

एक छोटे से गॉव में कल्याणी नाम की एक बूढी महिला रहती थी। वह कपड़ों की सुन्दर और बारीक बुनाई के लिए प्रसिद्ध थी। उसकी कारीगरी में एक खास बात थी, वह कहती थी कि हर कपडे में एक अदृश्य धागा है जो उसे पहनने वाले के जीवन में सुख लाता है।

लोग अक्सर उससे पूछते, "वो अदृश्य धागा कहाँ है? हमें तो दिखाई नही देता।"

कल्याणी मुस्कुराकर जवाब देती, "धागा ऑखों से नहीं, दिल से महसूस किया जायेगा।"

एक दिन, शहर से एक घमंडी व्यापारी आया और कल्याणी की बात सुनकर हँसने लगा। उसने कहा, "मैं उन चीजों पर विश्वास नहीं करता जिन्हे मैं देख ना सकूं। मुझे अपना सबसे अच्छा कपड़ा बेचो, मैं साबित कर दूंगा कि ऐसा कोई धागा उसमे नहीं है।"
कल्याणी ने उसे कपड़ा दे दिया। व्यापारी कपड़ा लेकर शहर लौट आया। धीरे धीरे उसके जीवन में अजीब बातें होने लगी। जब वह अपने कर्मचारियों से अच्छा व्यवहार करता, तब व्यापार में तररकी होती और जब वह लालची और कठोर बनता तब सब उल्टा हो जाता। कुछ समय बाद उसे समझ आ गया कि यह कपड़े का नहीं, बल्कि उसके कर्मों का और मन के भावों का असर है।

वह कल्याणी के पास गया और बोला, "माताजी, वो धागा कपड़े में नहीं है ना?"

कल्याणी ने प्यार से मुस्कुराकर कहा, "बेटा, वो अदृश्य धागा हम सबके भीतर होता है। वाह धागा है भलाई, ईमानदारी और अच्छे कर्म का। जो तुम दुनिया को दोगे, वह तुम्हारे पास लौटकर आएगा।

शिक्षा – भलाई और सच्चाई अदृश्य धागे की तरह हम सबको जोड़ती है।

टीचर : आज मैं तुम्हे संज्ञा पढ़ाऊंगी। टिंकू चलो तुम पहले उत्तर दो।
टिंकू : जी मैडम।
टीचर : लड़की सबसे हंसकर बात करती है। इसमें लड़की क्या है?
टिंकू : जी लड़की बिगड़ी हुयी है। सेटिंग करना चाहती है।

एक रात एक चोर एक आदमी के घर में घुस गया और पिस्तौल दिखाकर बोला, "बता सोना कहाँ है?"
आदमी हँसते हुये बोला, "अबे गधे, पूरा घर खाली पड़ा है कहीं भी सो जा।"
गधा : मेरा मालिक मुझे बहुत पीटता है।
कुत्ता : तो तुम भाग क्यों नहीं जाते?
गधा : मालिक की खूबसूरत बेटी जब पढ़ाई नहीं करती तो वो कहता है कि तेरी शादी गधे से कर दूंगा बस इसी उम्मीद से टिका हूँ।

तिजोरी पर लिखा था तोड़ने की जरुरत नहीं है, बटन दबाओ खुल जाएगी। बटन दबाते ही पुलिस आ गयी।

टिंकू : अरे मैं भूल गया था अगली बार जरूर आऊंगा।

पति : राजा दशरथ का नाम सुना है?
पत्नी : हाँ सुना है।
पति : उनकी तीन पत्नियां थी।
पत्नी : हाँ पता है।
पति : तो मै दो शादी और कर सकता हूँ।
पत्नी : द्रौपदी का नाम सुना है?
पति : रहने दे पगली, तू तो बुरा मन गयी।

गणित

गणित (Maths) बहुत दिलचस्प है क्योंकि यह सिर्फ गिनती नहीं, बल्कि तार्किक सोच, पैटर्न ढूंढने और समस्याओं को सुलझाने का एक मजेदार खेल है, जिसमें पहेलियाँ (riddles) और दिमागी कसरत (brain teasers) जैसे 888+88+8+8+8 = 1000 जैसे मजेदार सवाल शामिल हैं, जो इसे हर उम्र के लोगों के लिए रोमांचक बनाते हैं!

गणित के कुछ मजेदार तथ्य और पहेलियाँ:

1. 888+88+8+8+8 = 1000: केवल "8" का उपयोग करके 1000 तक पहुँचने का यह एक क्लासिक तरीका है।
2. "X" एक विषम संख्या है (X is an odd number): इसमें से एक अक्षर (अक्षर 'X' घटाने पर) हटा दें, तो यह "सम" (Even) हो जाती है। वो संख्या कौन सी है? (उत्तर: 'X' को हटाने पर 'E' (ईवन) बन जाता है, जो एक सम संख्या है – यह एक शब्द पहेली है)।
3. सार्वभौमिक भाषा: गणित दुनिया भर में समझी जाने वाली एक भाषा है, जिससे यह संचार का एक शक्तिशाली माध्यम है।
4. प्राचीन जड़ें: मनुष्य लगभग 30,000 ईसा पूर्व से हड्डियों पर निशान बनाकर गणित कर रहे हैं।
5. पैटर्न की पहचान: गणित आपको पैटर्न और संरचनाओं को पहचानने में मदद करता है, जो हर जगह मौजूद हैं।

स्वतंत्रता संग्राम में "रोटी" का प्रतीक अक्सर शहीद भगत सिंह से जुड़ा है, जिन्होंने कहा था कि घुटनों के बल झुककर रोटी मांगने के बजाय, लड़कर आजादी की रोटी हासिल करनी चाहिए, क्योंकि अंग्रेजों के लिए "बल" ही एकमात्र भाषा है, जो उनके क्रूर शासन को दर्शाता है और यह क्रांति का एक अहम पहलू था।

भगत सिंह और "रोटी" का संदर्भ

- **"घुटनों को झुकाकर रोटी मांगी, पत्थर मिला":** यह पंक्ति भगत सिंह के एक विचार को दर्शाती है, जहाँ वे अंग्रेजों से भीख मांगने के बजाय संघर्ष को प्राथमिकता देते थे।
- **आजादी की रोटी:** उनके लिए रोटी सिर्फ पेट भरने का साधन नहीं, बल्कि आजादी का प्रतीक थी, जो संघर्ष और बलिदान से ही मिल सकती थी, न कि भीख मांगने से।
- **क्रांतिकारी सोच:** यह कथन ब्रिटिश हुकूमत की क्रूरता और भारतीयों के स्वाभिमान के बीच के संघर्ष को दिखाता है, जहाँ एक सैनिक को भीख मांगने पर पत्थर मिलता है, जबकि आजादी की लड़ाई में "बल" ही जवाब होता है।

संक्षेप में, भगत सिंह ने रोटी के संदर्भ में यह संदेश दिया कि हमें अपनी आजादी के लिए झुकना नहीं, बल्कि उठकर लड़ना होगा, क्योंकि ब्रिटिश शासन केवल बल के आगे झुकता है।

भारत की पहली यात्री ट्रेन

भारतीय रेलवे से जुड़ा एक महत्वपूर्ण किस्सा है भारत की पहली यात्री ट्रेन का चलना, जो 16 अप्रैल 1853 को मुंबई (बोरीबंदर) से ठाणे के बीच चली थी। इसने भारत में परिवहन और देश के आधुनिकीकरण की नींव रखी, जिसे लॉर्ड डलहौजी के शासनकाल में शुरू किया गया और आज भारतीय रेलवे दुनिया के सबसे बड़े नेटवर्क में से एक है।

मुख्य बिंदु:

- **शुरुआत:** 16 अप्रैल 1853 को पहली पैसेंजर ट्रेन चली, जो तीन भाप इंजनों (साहिब, सुल्तान और सिंध) द्वारा खींची गई थी।
- **मार्ग:** यह ट्रेन मुंबई (तत्कालीन बॉम्बे) के बोरीबंदर स्टेशन से ठाणे तक चली थी।
- **महत्व:** इस घटना ने भारत के इतिहास में एक नया अध्याय शुरू किया, जिससे परिवहन, व्यापार और सामाजिक संपर्क में क्रांति आई।
- **जनक:** लॉर्ड डलहौजी को भारतीय रेलवे का जनक माना जाता है, जिन्होंने इस दिशा मे पहल की थी।
- **आज की स्थिति:** आज भारतीय रेलवे दुनिया के सबसे बड़े रेलवे नेटवर्क में से एक है और भारत की जीवन रेखा कहलाती है, जो लाखों लोगों को जोड़ती है।

अन्य महत्वपूर्ण तथ्य:

- **फेयरी क्वीन:** दुनिया का सबसे पुराना चालू लोकोमोटिव (भाप इंजन) है, जो भारत में विरासत के तौर पर मौजूद है।
- **दार्जिलिंग हिमालयन रेलवे:** 1881 में शुरू हुई और यूनेस्को द्वारा विश्व धरोहर स्थल के रूप में मान्यता प्राप्त है।
- **रेल बजट:** 1924 में आम बजट से अलग किया गया और 2017 में फिर से शामिल कर लिया गया।

आजादी के गुमनाम नेता

आजादी के गुमनाम (unseen) या कम चर्चित लेकिन महान नेताओं में अल्लूरी सीताराम राजू, मैडम भीकाजी कामा, बिरसा मुंडा, और तात्या टोपे जैसे कई नाम हैं, जिन्होंने अपना जीवन देश के लिए कुर्बान कर दिया। हर किसी का योगदान अद्वितीय था, लेकिन मौलाना अबुल कलाम आजाद शिक्षा और राष्ट्रीय एकता के प्रतीक के रूप में भारत के सबसे प्रभावशाली गुमनाम नेताओं में से एक हैं, जिन्हे भारत रत्न से सम्मानित किया गया और जिन्होंने "मैं एक भारतीय हूं" कहकर देश को एकजुट किया।

प्रमुख गुमनाम और महान व्यक्ति:

- मौलाना अबुल कलाम आजाद: शिक्षा मंत्री और भारत के पहले शिक्षा मंत्री थे, जिन्होंने शिक्षा और सामाजिक उत्थान के लिए काम किया। वे सांप्रदायिक सद्भाव के प्रतीक थे और उन्हें "भारत रत्न" से सम्मानित किया गया।
- अल्लूरी सीताराम राजू: रम्पा विद्रोह के नेता थे, जो एक आदिवासी क्रांतिकारी थे और अंग्रेजों के खिलाफ लड़े। उनकी कहानी बहुतों के लिए अज्ञात है।
- मैडम भीकाजी कामा: स्वतंत्रता संग्राम में एक प्रभावशाली भूमिका निभाई और भारत के बाहर भी क्रांति की मशाल जलाई।
- बिरसा मुंडा: एक आदिवासी नेता जिन्होंने न्याय के लिए लडाई लड़ी और शहीद हो गए, उन्हें गुमनाम नायकों में गिना जाता है।
- तात्या टोपे: 1857 के विद्रोह के कुशल और बहादुर नेताओं में से एक थे, जिन्होंने सैन्य रणनीतियों से अंग्रेजों को टक्कर दी।

निष्कर्ष: किसी एक व्यक्ति को "सबसे महान" कहना मुश्किल है क्योंकि हर किसी का योगदान अलग था। लेकिन, शिक्षा, एकता और राष्ट्र निर्माण में मौलाना अबुल कलाम आजाद जैसे नेताओं का योगदान अतुलनीय है।

भारतीय दुर्ग

अद्भुत इंजीनियरिंग

भारतीय दुर्ग निर्माण के सबसे दिलचस्प तथ्यों में से एक है उनकी अद्भुत इंजीनियरिंग। जैसे कुम्भलगढ़ की 38 किमी लंबी दीवार, चित्तौड़गढ़ में 4 महल और 20 जल निकाय, और कालिंजर दुर्ग की वह दीवार जिससे टकराकर शेरशाह सूरी की मृत्यु हुई। साथ ही लाल किला का मूल रूप सफेद था जो समय के साथ लाल हुआ। और महाराष्ट्र में सबसे अधिक किले (350+) हैं जो भारत के किलों की विविधता और इतिहास को दर्शाते हैं।

किले और उनकी विशेषताएँ

- **कुम्भलगढ़ (Kumbhalgarh)**: इसकी दीवारें इतनी लंबी हैं कि उन्हें 'भारत की महान दीवार' कहा जाता है, जो चीन की दीवार के बाद दूसरी सबसे लंबी है (लगभग 38 किमी लंबी)।
- **चित्तौड़गढ़ (Chittorgarh)**: इसमें 19 मंदिर, 4 महल और 4 स्मारक जैसे कई ऐतिहासिक संरचनाएँ हैं, जो इसे एक छोटा शहर बनाती है।
- **कालिंजर (Kalinjar)**: यह वह दुर्ग है जहाँ शेरशाह सूरी की मृत्यु एक तोप के गोले के दीवार से टकराकर वापस उस पर गिरने से हुई थी, जो भारतीय दुर्गों की रणनीतिक और तकनीकी महत्व को दर्शाता है।
- **लाल किला (Red Fort)**: यह मूल रूप से बलुआ पत्थर से बना था और सफेद रंग का था, जिसे बाद में अंग्रेजों ने लाल रंग से रंग दिया था, जो इसकी बनावट के बारे में एक दिलचस्प तथ्य है।

अन्य रोचक तथ्य

- **सबसे प्राचीन किला**: भटिण्डा (Bathinda) का किला मुबारक भारत का सबसे पुराना किला माना जाता है, जिसका निर्माण कुषाण काल (लगभग 100 ईस्वी) में हुआ था।
- **सबसे ज्यादा किले**: महाराष्ट्र राज्य में 350 से अधिक किले हैं, जो इसे सबसे अधिक किलों वाला राज्य बनाता है, जिनमें से कई पहाड़ी और समुद्र तटों पर बने हैं।
- **दुर्ग एक शहर**: कई भारतीय किलों के भीतर पूरे शहर बस जाते थे, जहाँ राजा और प्रजा रहते थे, जैसे दिल्ली, आगरा और पुणे।

ये तथ्य भारतीय दुर्गों की स्थापत्य कला, इंजीनियरिंग और ऐतिहासिक महत्व की गहराई को दर्शाते हैं, जो उन्हें दुनिया भर में अनूठा बनाते हैं।

जीवन का मूल्य

यह कहानी पुराने समय की है। एक दिन एक आदमी गुरु के पास गया और उनसे कहा "बताइए गुरुजी, जीवन का मूल्य क्या है?"

गुरु ने उसे एक पत्थर दिया और कहा "जा और इस पत्थर का मूल्य पता करके आ, लेकिन ध्यान रखना पत्थर को बेचना नहीं है।"

वह आदमी पत्थर को बाजार में एक सतरे वाले के पास लेकर गया और सतरे वाले को दिखाया और बोला "बता इसकी कीमत क्या है?"

सतरे वाला चमकीले पत्थर को देखकर बोला "12 सतरे ले जा और इसे मुझे दे जा।"

वह आदमी सतरे वाले से बोला "गुरु ने कहा है, इसे बेचना नहीं है।"

और आगे वह एक सब्जी वाले के पास गया और उसे पत्थर दिखाया। सब्जी वाले ने उस चमकीले पत्थर को देखा और कहा "एक बोरी आलू ले जा और इस पत्थर को मेरे पास छोड़ जा।" उस आदमी ने कहा "मुझे इसे बेचना नहीं है, मेरे गुरु ने मना किया है।"

आगे एक सोना बेचने वाले सुनार के पास वह गया और उसे पत्थर दिखाया। सुनार उस चमकीले पत्थर को देखकर बोला "50 लाख में बेच दे"।

उसने मना कर दिया तो सुनार बोला "2 करोड़ में दे दे या बता इसकी कीमत जो माँगेगा, वह दूँगा तुझे"।

उस आदमी ने सुनार से कहा "मेरे गुरु ने इसे बेचने से मना किया है।"

आगे हीरे बेचने वाले एक जौहरी के पास वह गया और उसे पत्थर दिखाया।

जौहरी ने जब उस बेशकीमती रत्नी को देखा तो पहले उसने रत्नी के पास एक लाल कपड़ा बिछाया, फिर उस बेशकीमती रत्नी की परिक्रमा लगाई, माथा टेका फिर जौहरी बोला "कहां से लाया है ये बेशकीमती रत्नी? सारी कायनात, सारी दुनिया को बेचकर भी इसकी कीमत नहीं लगाई जा सकती। ये तो बेशकीमती है।"

वह आदमी हैरान–परेशान होकर सीधे गुरु के पास गया और अपनी आपबीती बताई और बोला "अब बताओ गुरुजी, मानवीय जीवन का मूल्य क्या है?"

गुरु बोले "तूने पहले पत्थर को सतरे वाले को दिखाया, उसने इसकी कीमत 12 सतरे बताई। आगे सब्जी वाले के पास गया, उसने इसकी कीमत 1 बोरी आलू बताई। आगे सुनार ने 2 करोड़ बताई और जौहरी ने इसे बेशकीमती बताया। अब ऐसे ही तेरा मानवीय मूल्य है। इसे तू 12 सतरे में बेच दे या 1 बोरी आलू में या 2 करोड़ में या फिर इसे बेशकीमती बना ले, ये तेरी सोच पर निर्भर है कि तू जीवन को किस नजर से देखता है।"

सीख : हमें कभी भी अपनी सोच का दायरा कम नहीं होने देना चाहिए।

राजा शिबी

राजा शिबी के दान वीरता की कथा: शिबी की परीक्षा लेने के लिए इंद्र ने बाज पक्षी का तथा अग्नि ने कबूतर का रूप धारण किया और दोनों ने राजा के यज्ञ मंडप में प्रवेश किया और अपने प्राणों की रक्षा की इच्छा से बाज के भय से कबूतर राजा की गोदी में आ बैठा।

बाज ने कहा – राजन! समस्त भूपाल कंदन आपको ही धर्मात्मा बताते हैं फिर आप धर्म विरुद्ध कार्य कैसे कर सकते हैं। यह कबूतर मेरा आहार है मैं भूख से व्याकुल हूँ आप धर्म के लोभ से इसकी रक्षा न करें। वास्तव में आपने इसकी रक्षा कर धर्म विरुद्ध कार्य ही किया है।

राजा बोले– पक्षिराज! यह कबूतर अपनी प्राण रक्षा के उद्देश्य से मेरी शरण में आया है इसकी रक्षा करना मेरा परम धर्म है। यह तुमसे अत्यधिक भयभीत है। ऐसी दशा में इसका त्याग करना निंदनीय होगा। जो मनुष्य ब्राह्मणों की हत्या करता है जो गौमाता का वध करता है जो शरण में आये हुए की रक्षा नहीं करता है ये तीनों ही पाप कर्म हैं।

बाज ने कहा – हे राजन! सब प्राणी आहार से ही उत्पन्न होते हैं आहार से ही उनकी वृद्धि होती है और आहार से ही जीवित रहते हैं। जिसका त्याग करना अत्यंत कठिन है। भोजन का त्याग करने पर कोई प्राणी अधिक दिनों तक जीवित नहीं रह सकता। हे राजन आज आपने मुझे भोजन से वंचित रखा है इसलिए मैं मृत्यु को प्राप्त हो जाऊंगा। इस प्रकार मेरी मृत्यु हो जाने पर मेरे पत्नी पुत्र भी असहाय हो जायेंगे इस प्रकार अनेक जिंदगियों नष्ट हो जायेंगी। एक कबूतर की प्राण रक्षा के लिए अनेक जिंदगियों की हानि होगी। जिसमें दूसरों के लिए बाधा ना हो ऐसे धर्म का आचरण करना चाहिए।

राजा ने कहा – पक्षिराज! तुम्हारी बातें सत्य है तुम धर्म के ज्ञाता हो इसमें तनिक भी संदेह नहीं है। तुम्हारी वाणी से ये ज्ञानवर्धक बातें अत्यंत प्रिय लगती हैं। ये सभी बातें धर्म संगत हैं। तो तुम अत्यधिक ज्ञानवान होते हुए किस प्रकार अन्नपानादि त्याग को किस प्रकार उचित मानते हो यह मेरे समझ में नहीं आता। तुम्हारे आहार का प्रबंध तो और किसी माध्यम से किया जा सकता है। सुंदर कैसा हिरन कोई भी पशु जो तुम्हें अभीष्ट हो प्राप्त हो जायेगा और वह तुम्हारे लिए पर्याप्त भी होगा।

बाज बोला – हे राजन! मैं सुअर नहीं खाता और ना ही कोई दूसरा पशु स्वामी विश्वामित्र ने जो आहार मेरे लिए निश्चित किया है यह घर कबूतर है इसी को मुझे दे दीजिए। यह सनातन काल से चला आ रहा है कबूतर बाज का आहार है।

राजा ने कहा – हे बाज! मैं शिबी देश का राजा शिबी हूँ तुम्हारे लिए जो भी भोजन उचित होगा उसकी तुम्हारे लिए उत्तम व्यवस्था करूंगा। किन्तु शरण में आये हुए इस पक्षी का त्याग नहीं कर सकता।

बाज ने कहा – हे राजन! यदि यह कबूतर प्राणों से भी प्रिय हो गया है तो इसी के बराबर अपना मांस काटकर तराजू में रखिये तब मांस इस कबूतर के बराबर हो जायेगा बस मैं उसी से तृप्त हो जाऊंगा।

राजा ने कहा – हे बाज! तुम्हारा मेरे ऊपर उपकार होगा। मैं अभी इसके बराबर अपना मांस तुम्हें देता हूँ। तब उन परम प्रतापी दानवीर राजा ने अपना मांस काटकर तराजू पर तौलना प्रारम्भ किया। किन्तु मांस बार बार रखने पर भी कबूतर के बराबर नहीं हो रहा था तब राजा शिबी स्वयं पलड़े पर जा बैठे।

तब राजा शिबी और अग्नि देवता प्रसन्न होकर अपने वास्तविक रूप में आए और राजा को वरदान दिया की आप की कीर्ति समस्त संसार में फैलेगी। देवराज और अग्निदेव अपने स्थान पर चले गये और राजा शिबी इस लोक में सुख भोग कर स्वर्ग लोक में चले गये और उनकी ख्याति आज भी चारों ओर फैली हुई है।

आचार्य चाणक्य को ही कौटिल्य, विष्णु गुप्त और वात्स्यायन कहते हैं। उनका जीवन बहुत ही कठिन और रहस्यों से भरा हुआ है। आओ जानते हैं उनके जीवन की संक्षिप्त कहानी।

मगध के पाटलिपुत्र नगर में एक साधारण ब्राह्मण आचार्य चणक रहते थे। चणक मगध के राजा से असंतुष्ट थे। चणक किसी भी तरह महामात्य के पद पर पहुंचकर राज्य को विदेशी आक्रमणों से बचाना चाहते थे। इसके लिए उन्होंने अपने मित्र अमात्य शकटार से मंत्रणा कर धनानंद को उखाड़ फेंकने की योजना बनाई।

लेकिन गुप्तचर के द्वारा महामात्य राक्षस और कात्यायन को इस षड्यंत्र का पता लग गया। उसने मगध सम्राट धनानंद को इस षड्यंत्र की जानकारी दी। चणक को बंदी बना लिया गया और राज्यभर में खबर फैल गई कि राजद्रोह के अपराध में एक ब्राह्मण की हत्या की जाएगी। चणक के किशोर पुत्र कौटिल्य को यह बात पता चली तो वह चिंतित और दुखी हो गया। चणक का कटा हुआ सिर राजधानी के चौराहे पर टांग दिया गया। पिता के कटे हुए सिर को देखकर कौटिल्य (चाणक्य) की आंखों से आंसू टपक रहे थे। उस वक्त चाणक्य की आयु 14 वर्ष थी। रात के अंधेरे में उसने बांस पर टंगे अपने पिता के सिर को धीरे-धीरे नीचे उतारा और एक कपड़े में लपेट कर चल दिया। अकेले पुत्र ने पिता का दाह-संस्कार किया। तब कौटिल्य ने गंगा का जल हाथ में लेकर शपथ ली- "हे गंगे, जब तक हत्यारे धनानंद से अपने पिता की हत्या का प्रतिशोध नहीं लूंगा तब तक पकाई हुई कोई वस्तु नहीं खाऊंगा। जब तक महामात्य के रक्त से अपने बाल नहीं रंग लूंगा तब तक यह शिखा खुली ही रखूंगा। मेरे पिता का तर्पण तभी पूर्ण होगा, जब तक कि हत्यारे धनानंद का रक्त पिता की राख पर नहीं चढ़ेगा...। हे यमराज! धनानंद का नाम तुम अपने लेखे से काट दो। उसकी मृत्यु का लेख अब मैं ही लिखूंगा।" इसके बाद कौटिल्य ने अपने नाम बदलकर विष्णु गुप्त रख लिया। एक विद्वान पंडित राधामोहन ने विष्णु गुप्त को सहारा दिया। राधामोहन ने विष्णु गुप्त की प्रतिभा को पहचाना और उन्हें तक्षशिला विश्व विद्यालय में दाखिला दिलवा दिया। यह विष्णु गुप्त अर्थात चाणक्य के जीवन की एक नई शुरुआत थी। तक्षशिला में चाणक्य ने न केवल छात्र, कुलपति और बड़े बड़े विद्वानों को अपनी ओर आकर्षित किया बल्कि उसने पड़ोसी राज्य के राजा पोरस से भी अपना परिचय बढ़ा लिया।

सिकंदर के आक्रमण के समय चाणक्य ने पोरस का साथ दिया। सिकंदर की हार और तक्षशिला पर सिकंदर के प्रवेश के बाद विष्णुगुप्त अपने गृह प्रदेश मगध चले गए और वहां से प्रारंभ हुआ उनका एक नया जीवन। उन्होंने विष्णुगुप्त नाम से शकटार से मुलाकात की। पिता का मित्र शकटार, जो अब बेहद ही वृद्ध हो चला था। चाणक्य ने देखा कि मेरे राज्य की क्या हालत कर दी है धनानंद ने। उधर, विदेशियों का आक्रमण बढ़ता जा रहा है और इधर ये दुष्ट राजा नृत्य, मदिरा और हिंसा में डूबा हुआ है।

एक बार विष्णु गुप्त भरोसभा में पहुंच गए। चाणक्य ने उस दरबार में क्रोधवश ही अपना परिचय तक्षशिला के आचार्य के रूप में दिया और राज्य के प्रति अपनी चिंता व्यक्त की। उन्होंने यूनानी आक्रमण की बात भी बताई और शंका जाहिर की कि यूनानी हमारे राज्य पर भी आक्रमण करने वाला है। इस दौरान उन्होंने राजा धनानंद को खूब खरी-खोटी सुनाई और कहा कि मेरे राज्य को बचा लो महाराज। लेकिन भरी सभा में आचार्य चाणक्य का अपमान हुआ, उपहास उड़ाया गया।

बाद में चाणक्य फिर से शकटार से मिलते हैं और तब शकटार बताते हैं कि राज्य में कई असंतोषी पुरुष और समाज है उनमें से एक है चंद्रगुप्त। चंद्रगुप्त मुरा का पुत्र है। किसी संदेह के कारण धनानंद ने मुरा को जंगल में रहने के लिए विवश कर दिया था। अगले दिन शकटार और चाणक्य ज्योतिष का वेश धरकर उस जंगल में पहुंच गए, जहां मुरा रहती थी और जिस जंगल में अत्यंत ही भोले-भाले लेकिन लड़ाकू प्रवृत्ति के आदिवासी और वनवासी जाति के लोग रहते थे। वहां चाणक्य ने चंद्रगुप्त को राजा का एक खेल खेलते हुए देखा। तब चाणक्य ने चंद्रगुप्त को अपने जीवन का लक्ष्य बना लिया और फिर शुरू हुआ चाणक्य का एक और नया जीवन।

कौटिल्य उर्फ विष्णु गुप्त अर्थात चणक पुत्र चाणक्य ने तब चंद्रगुप्त को शिक्षा और दीक्षा देने के साथ ही भील, आदिवासी और वनवासियों को मिलाकर एक सेना तैयार की और धनानंद के साम्राज्य को उखाड़ फेंककर चंद्रगुप्त को मगध का सम्राट बनाया। बाद में चंद्रगुप्त के साथ ही उसके पुत्र बिंदुसार और पौत्र सम्राट अशोक को भी चाणक्य ने महामंत्री पद पर रहकर मार्गदर्शन दिया।
