Our Father, Who art in heaven,
hallowed be Thy name;
Thy kingdom come;
Thy will be done on earth as it is in heaven.
Give us this day our daily bread;

who trespass against us;
and lead us not into temptation,
but deliver us from evil. Amen.

"The only person who is educated is the one who has learned how to learn and change".
- Carl Rogers

As CJM Hampton Court completes '100 Glorious Years' in the field of education, I feel honoured and privileged to pen down for this special 'Centenary Jubilee Edition' in the Yearly Magazine 2022-2023.

100 years' is too short a time to dispel the darkness of ignorance and spread the light of knowledge. Yet, it is long enough for a school to nurture honest citizens, long enough to install the values of hard work and character, long enough to produce leaders and champions and to be recognised as one of the leading institutions in the world of education. Hundred years are certainly long enough to teach the children from far & near that to fail is more honourable than to cheat, to give them the strength not to follow the crowd when everyone else is jumping on the bandwagon and to teach them to sell their brawn and brain to the highest bidder but never to put a price tag on their heart and soul.

If the founding sisters of this great institution were present here, their hearts would fill with pride and satisfaction. We have indeed made them proud by labouring hard and keeping alive the ideals enriched by them in the school motto **'Reach onto the stars'**.

The real greatness of any institution is judged not only by the academic performance of the students but also by the contribution which students make towards the betterment of the society. If CJM is to be judged by this yardstick, we can say in an unparallel terms that we have successfully accomplished the cause in the most effective manner.

Being grateful for the past, living in the present and venturing ourselves into the unknown.....

With deep gratitude we remember all the pioneer sisters, who toiled hard for the expansion of our mission here in Mussoorie hills. Everything we have today we owe to them- just look at the institution what vision and foresight! Today we have spacious classes, fields, auditorium, laboratories, a new Centenary Block and a host of facilities all to the vision of hundred years ago.

Let us thank and pray for such people with vision, let us rejoice and thank in the present for all the achievements over the hundred years, students have excelled in all walks of life. Today we impart values of St. Claudine and knowledge to our students. Hamptonians have always excelled in their academic performances and this year too they have proved it by their excellent results in the ISC and ICSE. My heartiest congratulations to them all.

The dedicated staff and the parents who have richly contributed to make CJM Hampton Court what it is today. I salute and honour them with the glory that is richly due to them!

And finally let us dream the future and renew the pledge to carry on the good work started hundred years ago. We are privileged to be a part of the centenary celebration to strengthen the spirit. The message includes a promise to contribute and continue to work for the underprivileged in our society. Let us thank God for all the blessings and graces, he has bestowed on Hampton Court over the past 100 years' and I pray for His continued guidance and care for many more years to come.

I am sure when you all will be turning the pages of this yearly edition and will be walking with us down the memory lane of the empowering, enriching, glorious and joyfilled year of dedication and success, you will feel overwhelmed and mesmerised seeing this amazing journey. It is these achievements of the academic year which give our present a meaning and an insight for future visions.

God bless us all!

- Sr. Dr. Rosily T.L.

Editorial Odyssey

"A person who wrote badly did better than a person who did not write at all. An empty page remains an empty page."
- Israelmore Ayivor

The chronicle of every Hamptonian sojourn through the hallowed portals of their alma mater is 'The Centenary Year Book-2022-23'.

However the voyage of this particular chronicle has not been smooth sailing. As we made our way through the perilous sea of words, endless eddies of unedited articles and stormy winds of deadlines, but the constant guidance of our beacon Sr. Dr. Rosily T.L. and community, steered us through.

But it would also be wrong to say that the task was dreary and weary and teary.....

It was a celebration of exuberance, of co-operation, of co-ordination, of perseverance and lots of enjoyment. With my Ed-Board, this was obviously not going to be a bumpy ride in a jingly truck. On the contrary, it was an adrenaline pumping F1 drive.

Mrs. Rekha, our guide exemplified verbosity and laconism at the same time, Chief Editor- Mr. Mike along with Ms. Abha (Hindi Section) gave a new definition of words- trustworthy, efficient and punctual. Mr. Ashish and Mr. Naman were eveready with their out-of-box creative ideas and their flight of imagination, while all the other teachers helped tie up many loose ends and were always obliging.

We express our heartfelt gratitude to our Ed-Board members Aditya Koli, Tanishka Tailwal, Simranpreet Kaur and Gargi Rawat for their readiness to create something new.

We sincerely thank Mrs. Saraswati and Ms. Samia for giving us their suggestions and precious time. We are also very grateful to all the students who have enriched the beauty of this edition, with their creative contents.

At this juncture of completing '100 Glorious Years' of serving humanity through education, we can suggest to those who are willing to 'lend us their ears' that while turning the pages of this 'Centenary Year Book', they should make the most of every folio to gaze into, share with your friends and reminisce about the '100 Glorious Years' of celebration and success of this prestigious institution- CJM Hampton Court.

Head Girl's Report

"Once a Hamptonion Forever a Hamptonion"

A tiny frightened girl walking in the school premises with a desire to go home and lie down in the lap of her mother. She was none other than me, honestly speaking that batch with which I am leaving the school was no where into my thoughts when I first joined my Alma Mater. My school transformed me into a confident and capable personality. I was supported and guided right from my childhood and it developed my skills and abilities. Today I am a confident orator, sportsperson, dancer, singer and of course a good leader. I am very privileged and honoured to be chosen as the Head Girl of this leading institution. I personally with the help of God and my beloved teachers and worthy Principal managed to inspire the other girls, to make a distinguished identity and a special place in the world. I made them come out of their hesitation and participate in all activities and excel. I also assisted the council body at different occasions to maintain the overall decorum of the school. A special mention of thanks towards Ms. Rekha our Senior Coordinator for her constant guidance in all tasks assigned to me. I am sure that my leadership did make a difference in the life of many girls. At the end, I wish to conclude by saying that at Hampton Court we don't just get educated but also moulds us into a complete human being to face this world and live a life worthwhile and "Be a Blessing to all".

Head Boy's Report

I must start with mentioning that it was not in me but my teachers inculcated it and made me worthy for this position. I was appointed through a secular system of voting and took my oath officially during the Investiture Ceremony. It was on that day I decided that I will fulfill all my duties and responsibilities diligently. I faced many hurdles while discharging my duties, but with the able guidance of our Principal Sr. Anita Mathew and later Sr. Dr. Rosily T.L. , teachers and other members of the council body, overcame them all successfully. The school calendar which comprises of series of activities were well planned and executed by the teachers and the council body. Also this year was a special year which has marked its importance in the history of Hampton Court. Since its establishment, Hampton Court has served the humanity by offering quality education to every section of society. I am highly grateful to the institution for this remarkable vision. I also hope that I along with my team accomplished the purpose of building discipline in the students. At the end I wish to pray to God almighty to bless my school abundantly in all future endeavours.

Games Captain Report

This year witnessed the over enthusiasm of initiatives from the students towards sports and this was quite evitable as they returned back to school after two long years of rest. Although the pandemic impacted several lives but young children were the biggest victims. It took away their confidence and trust in future. It was due to the online classes support and motivation of teachers and parents which instilled in them a hope for a better future and together we all made it to this year. I must owe it to my Principal Sr. Anita and my teachers who always carry an optimistic view towards life, which I have imbibed in me and hence, I also pushed many students to the best of their abilities this year. Our able Physical Education teacher Mr. Amit Francis always stood beside me in all my decision making and helped me all through out with individual and team performances. Be it Cricket, Hockey, Basketball, Football, Volleyball, Badminton or Athletics our school team performed exceptionally well. We won various accolades and the endurance, hard work and efforts of the team was appreciated by everyone. Many new talents also got exposure this year, they were encouraged to break their shell of hesitation and I must mention that their performance on the field enthralled everyone. We participated in all sporting events of Mussoorie and Uttarakhand and were declared the best. I heartly congratulate all the sport Stars of CJM Hampton Court and pray that may we maintain out spirit of excellence in all the sporting events of future. God bless my Alma Mater.

It is said, "Passion first and everything will fall into place." The saying emphasizes the importance of sports in developing the skills important to produce winners in every field of human endeavour – leadership, strategic thinking, teamwork and determination to win.

CJM Hampton Court recognizes the value of sports in all-round development, the thrill and excitement of sporting achievements. This year the sports and in all-round development was planned for all the students.

The year started with 'Inter-House Cricket Tournament' where the boys played and showed their valour. The categories were sub-juniors, juniors, inters and seniors. This tournament was followed by 'Inter-House Football Tournament' the game which is very dear to the Hamptonians, every player played well and showcased his talent and zeal, same was the case with 'Inter-House Badminton Tournament' an event for both boys and girls, where the students toiled hard on the school hardcourt to score points for their respective houses. 'The Inter-House Hockey Tournament' saw the hockey sticks collide with each other in order to score goals and win. The 'Skating Competition' exclusively for juniors school students made the day exciting. The young kids portrayed their skill and balance. The 'Inter-House Basket Tournament' another high voltage event was successfully run and enjoyed by every student who participated. The participation in 'Jackie Football Tournament' and 'Wynberg Allen School Football Tournament' was memorable and being the finalist in the 'Nagar Palika Inter-School Football Tournament' was mesmerizing.

Sports day, a day that not only our school anxiously waits for but The Mall Road spectators too for the eagle-eye view was very well organized and made a grand event that left long lasting memories. Our 'Marathon' was one such event in which whole school participated with enthusiasm and passion. 'Track & Field Event' was highly filled with ardor, where loyalty of the participants were appreciated by every spectator including the chief guest.

The Champion House was none other than Enterprise (Yellow) House. My sincere gratitude to our Principal Sr. Rosily for her never ending support in developing the spirit of a true sportsmanship among all the students and giving equal importance to sports & games along with studies. Special thanks to our sports instructor Sir Amit for his guidance and passion to enhance our hidden talents. A big thanks to all the House Masters and teaches for their encouragement and support all throughout the year.

Social Service Report

At CJM Hampton Court our Principal Sr. Anita always emphasized on the importance of living a simple life and becoming humble human beings. Our teachers also during our formation classes inspired us to come down to the level of the one who is in need and help them out. This indeed taught and practiced by every Hamptonian. This year also we collected lots of funds through charity to help the economically weaker section of the society at several occasions. Funds were also collected to help the Cancer patients and various donation drives were held for clothes to aid the children in the orphanage. It was indeed an extraordinary experience to head the Social Service team of CJM, Hampton Court. The world renowned saying which states that "**Charity begins at home**", is very well practiced at our school, here it is not just the students but parents, teachers and the management also believes in rendering a helping hand to those in need. We try our level best to set good examples for our young children and society as well. It's indeed great privilege to head this team, apart from donation drives, various awareness campaigns were organized for the citizens of Mussoorie. The impact of these initiatives even brought together our Alumni members, who contributed along with us for this noble cause. I hope that our endevours will bring smiles and happiness on the face of many people and this noble initiative of helping others will never cease at Hampton Court. May God bless all future endeavours of my Alma Mater.

It's much easier to forget your personal woes when you're serving the needs of those around you. For social workers, the needs can be overwhelming. But regardless of the results, the career rewards are intangible.

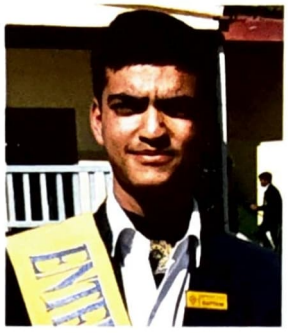

CJM Hampton Court taught us to serve and respect one and all regardless of their faith, colour and status. In our school every child is nurtured with a motto "service before self'. The year 2022 was a season full of compassion, love and humanity. From donating old books to the under privileged juniors to taking remedial classes for the senior school was really appreciating. Since our Principal Sr. Rosily T.L. is always ready to help the needy and oppressed, she was the frontline figure to lead the 'Social Service Club' to make an impactful change in the society. From awareness rallies to educate the local masses against child labour and drug addiction, to participating in the campaign organized by the Municipality, our students did everything with full enthusiasm and zeal. Celebrating Sr. Anita's Golden Jubilee in 2021 was the best example of what it means to serve the society and live for others. Sr. Anita showed us the way a human being dedicates his/her life for others and becomes an inspiration for the youngsters.

Students also participated in various seminars – Cancer Awareness, Substance/ Drug Abuse and Sadbhavna(Unity in Diversity),to eradicate the social evils from our society . Every now and then, we meet younger versions of ourselves. We see the mistakes they are making today and wish we could set them straight. For social workers, their lives are intertwined with those they are serving. They discover more and more about themselves every day as they learn to help those around them. We the Social Service Captains' appreciate the work of each and every teacher who encouraged us to bring a change by small steps, in our society. We wish our juniors will continue the great work of 'serving others before self'. All the best!!

Golden Jubilee

of Sr. Anita and Sr. Sophie

You're the perfect example for the sort of commitment God wants for serving others. Happy Golden Jubilee..!!!!!

It is said that a life of a religious person may be compared to a building of a Cathedral filled with grace. Once a firm foundation has been laid, the building rises slowly. It is true with the life of our Principal Sr. Anita, as she built her house on the rock like a wise man and is able to preserve it for so many years with love & affection of all who have been the part of her life.

With joy we all gathered on the lovely morning of 9th October, 2021, for the Thanksgiving Eucharistic Celebration at CJM Hampton Court Chapel with Sr. Anita Mathew to thank God for His manifold blessings on her own 50 Glorious Years. The entrance hymn did capture the spirit of the day, the joy rippling through the liturgy and drawing us across the threshold of ordinariness to a place of Jubilation. The main celebrant of the Eucharistic Celebration was Rt. Rev. Bishop Francis Kalist, the Bishop of Meerut Diocese. To partake in this celebration Provincial Sr. Antoinette, of the Delhi RJM Province, Provincial Bursar – Sr. Josna Fernandes, Sr. Gracy Paul Incharge of Education of the Province of Delhi. Sr. Anita's family members, religious, priests, relatives, and friends gathered to give thanks for her faithfulness over the past 50 years. God's love, inspiration and support have helped sister to witness this blessed day. The 50 years of her Religious journey was a journey of love, commitment and of praise. May God bless her graciously today and always.

A half century ago a maiden of tender years knelt before the altar of God to receive the habit of the RJM

Order. On that day she began the period of preparation that was to culminate a year later, in the furnace of her love for God that triple band of poverty, Chastity, and Obedience around her heart which was to bind her henceforth irrevocably to God. Leaving behind all the worldly pleasures was the sacrifice that Sr. Anita made fifty years ago. And it is for this reason that we all conveyed our congratulations and appreciated her for her constant sacrifice.

Looking down from Heaven today God loves her as He loved her on that bright and happy morning fifty years ago. The iron bands she forged about her heart have in these years been changed, by the alchemy of divine love first to silver and now into purest gold; and if it pleases His Holy Will, May each golden band be studded with sparkling gems in the years yet to come.

A cultural programme was conducted by the students of Hampton Court to honour and appreciate Sr. Anita, on her special day. The program had dances, songs and speeches. Sr. Anita also sliced a cake to make this celebration reach next level. Relatives, friends, CJM staff and all her well-wishers presented her their token of love and appreciation, which made sister's heart fill with gratitude. The cultural program was followed by lunch and a photo session to capture few perfect moments of her special day.

She thanked all with humbleness and prayed for all especially for CJM Hampton Court.

Sr. Anita has reached her Golden Jubilee year and moves into a new spiritual landscape our blessings and our prayers go with her. We the CJM Hampton Court family will always be indebted to her for what she did and is still doing for our institution.

"God has gifted you with the strength and ability to shine brightly in His world. May God continue to bless you with all the good things you deserve."

Holy Mass & World Water Day

Save Water to Save Mankind:

The World Water Day was celebrated across the globe on 22nd March 2022. Water is transparent and tasteless but it is the most important element which supports life. Life of every living organism exists due to the presence of water on earth. Every drop radiates life and positivity however today we have to save it, to ensure the sustenance of life for us and for our coming generations. It is not that the water will disappear very soon but the concern here is to avoid its wastage which can result in the loss of storage necessary for future. We the Hamptonians celebrated this day by offering a Holy Mass, by Rev. Father Bellarmin, Parish Priest of St. Michael's Parish Barlowganj, Mussoorie.

He thanked God for giving us this precious gift of water. He also prayed to God to give us all wisdom to use this resource wisely and obtain benefits from it. Later during his sermon he made the children aware that although, this planet has water in abundance still all of it is not consumable. We should always use it carefully because no life can exist without water on this planet. The sisters, students and teachers participated in the Eucharist and prayed for our planet and life on it. Several offerings were made to God, seeking his blessings on our barns filled with water for present as well as future. The Holy Mass was followed by a short programme. Our Principal Sr. Anita gave a short yet a powerful message that all of us individually by our efficient contributions can make this world a better place to live in.

Alumni's Magnificence

A Proud Alumni Returns to his Alma Mater

It was a bright morning of April when Mr. Rohit Kapoor an Alumni of CJM, Hampton Court and a resident of Washington DC, America walked into the gates of his school. His eyes were numb and the tears shed were unstoppable, to see the place responsible for his position in the world today. We feel proud to say that Mr. Rohit Kapoor is a successful businessman, presently working with NASDAQ (stock exchange of America) .He first met our Principal Sr. Anita Mathew and narrated his journey at Hampton and further from Hampton to America.

Sr. Anita organised a small interactive session with the students and Mr. Kapoor. It was indeed a fruitful session listening to Mr. Kapoor, his experience and gentleness set a commendable example for our students. He emphasized and urged the students to choose their own career and always dream about big goals in life. He later donated a sum amount of money towards the scholarship schemes of the institution. The sisters, teachers and students at CJM rejoiced meeting a famous Alumni member and I am sure his life style and success definitely inspired many students to work hard in life.

Helpers Day

"The courageous, caring and humble souls of Hampton"

Helpers are no less than a sunlight behind the curtain. They work everywhere on the campus at the ground, in the building, around classes, in the garden, before the cottages and much more. To put it in few words they all are integral part of any institution needed to look after day long operations. Sometimes they don't even get to rest when school events are lined. This year too during the Centenary Celebrations every helper at Hampton Court worked tirelessly to make the show memorable.

Our helpers efficiently discharge their duties and stay equally active throughout the year in all activities of the school. They have always been treated with respect and care for their endless efforts. At Hampton Court the helpers usually leave only when they retire, this statement itself testifies the bond built for lifetime. This year too the helpers were honoured and entertained during the special assembly and cultural programmes. The function was graced by the presence of sister's community and gifts were distributed by our Principal.

The children were intensely inspired by the opportunities existing in this profession and also the various courses offered. The workshop did turn out to be a fruitful one for all who attended it.

The Reason behind Every Season:

A *Mother*

A day which is set apart to give honour and love to one of the most beautiful creations of God, our Mothers. They stand beside their children in every situation they themselves might go hungry but feed their children. It is rightly said that mothers are the replica of God. Their affection, care and compassion bring to light the invisible traits of God. At our school this day was celebrated with great excitement and later during the day our students prepared creative and colourful greeting cards for their mothers.

This year as well a special assembly signifying the importance of this day was organised by the students of class VI on 9th May. The children presented a skit highlighting the daily routine of mothers, a song and a speech which touched the hearts of all present. Our Principal Sr. Anita addressed the school saying that mother's love begins from the time a child is conceived and all her pain in giving birth is considered as a blessing. Although a mother might become angry at times but Sr. Anita urged all students to love, acknowledge and respect their mothers. It was indeed a day filled with beauty of joy and prayers for our beloved mothers.

Smart Class Workshop

Technology is a New Educational Trend...!

A Smart Class workshop was held on 21st May by the Tech Next Professional for the teachers. It was attended by all faculty members as learning now a days is incomplete without technological assistance. The teachers were guided about using the machine and routers connected with the Teach Next Smart Boards. The working modules of different subjects were upgraded and the accessibility were provided to the teachers. The queries related to the content were resolved and teachers further operated to have hand on experience of the data available. It was a technical brainstorming session and extremely resourceful.

Although we have now installed the latest SENSES boards for advanced learning experience, which is totally based on sensors and touch screen technology, we still use the Tech Next for the primary students. We sincerely express our gratitude and give the entire credit to a leader with incredible vision none other than our Principal Sr. Anita Mathew, for guiding and leading Hampton Court on the path of modern education by providing upgraded facilities for all students.

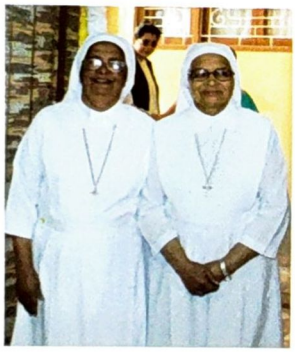

Bid Adieu

To Our Beloved Sr. Sophie

Until we meet again

It so started with the corridors getting colder since our beloved Sr. Sophie was about to bid us farewell. A mother to the institution who has seen it evolving over decades, she was about to undertake another important venture, which needed her equally as much as we did. Sr. Sophie's administrative skills supported our visionary Principal Sr. Anita Mathew. She has touched every heart with her love and care beyond any description.

A small formal farewell programme was organized to pray for all her future endeavours and for her family members. She became nostalgic while addressing the gathering and expressed, the pain she was feeling in leaving behind her home Hampton Court. We also witnessed some most remarkable cultural events and bid adieu to her with tearful eyes.

YOGA DAY WITH SENIORS

Welcoming our New Superior & *Principal*

New leaves lead to new season, new members add more to the vision: Welcome Sr. Dr. Rosily T.L.

Soon after bidding adieu to our dearest Sr. Sophie, we were informed that our beloved Principal Sr. Anita has been conferred to with yet another important responsibility of Superior & Manager of CJM Hampton Court. This called for a suspense, as to who will now preside over as Principal. Some students were even scared to imagine if the new Principal turns out to be very strict compared to Sr. Anita who is very kind but particular with academics. The days were passing by and we all were anticipating the arrival of our new Principal. On 1st July we saw a car coming inside the school gate and we all were sure that our new Principal has arrived.

She was a tall figure which gave us a fright at first sight, her personality very clearly expressed that she will bring new changes. The day moved further and so did the suspense. The next day during the assembly Sr. Rosily T.L. was welcomed by our Senior Coordinator and members of the staff, with a bouquet of flowers and Sr. Anita welcomed her whole heartedly and gave her best wishes as she takes over the responsibility of heading the institution and take it to greater heights. The first words of Sr. Rosily T.L. were "Life is Beautiful" reflected the positivity in her nature. Since then she has been a constant source of encouragement for the students as well as teachers. Her decency in dealing with others and experience in administration will surely take Hampton Court much ahead in the field of education & other extra curricular activities. May God bless all her future endeavours! We also pray for Sr. Anita and her new responsibilities. May God guide her way to accomplish the mission and vision of one great institution.

Celebrating the Feast of

St. Claudine Thevenet

A Woman of All Times!

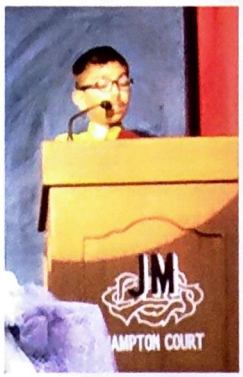

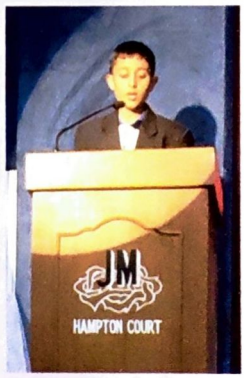

CLASS VI

It is a culture at Hampton Court that special assemblies are organised by several classes in the month of July. These assemblies portray the values of St. Claudine which are imparted by the teachers under the special guidance of our dear sisters. The art of character formation is the key role of the convent school. Every child's behaviour is monitored throughout their stay in the school. Good qualities are established in their actions and

decency in their conduct. The Novena of St. Claudine commence on 22nd July.

Class VI organised the first day of the Novena by presenting a skit on the values of mother foundress, St. Claudine Thevenet followed by some important messages and a theme-based song presented by the school choir. Thereafter classes VII, IX, X, XI & XII organised special assemblies in the honour of St. Claudine, our Mother Foundress during the days of Novena. All the classes portrayed various values of St. Claudine through special assemblies and enlightened the students on the importance of living a noble life, which is considered far more precious than jewels. On the last day of Novena our Principal addressed the students and conveyed a very short but meaningful message which highlighted the quality of being humble, which is the most important ingredient for a successful life. TREE Plantation

Trees are important resource of life. The existence of human species and other life forms is possible only due to trees. As educated and responsible citizens of our country, we should always protect nature and safeguard it from all dangers. With this vision in mind a tree plantation drive was organized in the month of August. The students of classes VIII to XII participated actively into it and planted one sapling each, around the campus. They were escorted by our Physical Education Teacher Sir Amit and the school support staff. The students also named every sapling they planted and resolved to revisit it after a couple of years. At CJM Hampton Court the learning is not limited to books alone but the students are made to experience what they learn as well. Through the tree plantation drive they were made to realize, how important it is for them to plant a tree and protect their future and the future generations to come.

Independence Day

At the stroke of the midnight hour, as the world sleeps, India will awake to life and freedom. A moment comes, which comes but rarely in history, when we step out from the old to the new, when an age ends and when the soul of a nation long suppressed finds utterance?? These were the words said by Pt. Jawaharlal Nehru on the eve of India's Independence.

We pay homage to countless freedom fighters as we celebrate the 75th Independence Day. Independence Day is a Red Letter Day for all the Indians. It is the love of country that has lighted and that keeps glowing the holy fire of patriotism.

Our school too observed it as a very special day. The students were filled with patriotism and love for their country. Class IX presented a mélange of patriotic activities which created an atmosphere of national pride.

The programme started with the unfurling of the tricolour flag by our Principal, Sr. Rosily T.L. it was followed by a colourful presentation of cultural diversity, of our beautiful nation presented by Class XII quoting "Ask not what your country can give you. Ask what you can give to your country".

God has given you your country as a mother, and humanity as a cradle; you cannot rightly love your brethren of the cradle if you do not love the common mother. Thousands laid down their lives, so that our country could breathe freedom. We must never forget their sacrifices.

Contibution of our brave ITBP soldiers

"He that plant trees love others besides himself"
- Thomas Fuller

On 11th August, 2022 CJM Hampton Court along with ITBP members paid homage to our beloved country. On this occasion the Principal along with the staff planted 200 saplings across the premises of the school which were donated by ITBP Mussoorie. Since Mussoorie is considered as beautiful destination for nature lovers, the newly planted sapling in the years to come will create a positive aura in the premises of our institution and our city, Mussoorie.. These planted saplings of 'Deodar' and 'Pine' will nurture the eco-friendly teaching environment for the present students and also for the generations to come.

While planting these saplings the Principal along with the staff, prayed to the Almighty for the well being of each hamptonian. She also prayed that God may protect and guide everyone in these testing times.

KALEIDOSCOPE

Milestone 2022

A remarkable cultural extravaganza "Milestone" is organized every year at St. George's College Mussoorie. Our school participated into it for the first time this year. The students were all excited and practiced religiously for their respective events which includes Group Song, Group Dance, Stand Up Comedy, T.shirt Painting, Modelling, Head Gear, Umbrella decoration etc.... Our ever-encouraging Principal Sr. Dr. Rosily T.L. also attended the practices and boosted the morale of the students. On the day of event all our different teams performed exceptionally well and their presentations were appreciated by everyone. The host school served snacks as well as lunch to all the participants and escorting teachers. Indeed, it was an excellent platform of exposure for our students to bring out their skills and talents. We wish our students good luck for the upcoming inter-school events.

MIS MUN

It was a proud moment for CJM HAMPTON COURT when our students were selected to represent different countries at the Mussoorie International School, Model United Nations Conference. This three day event brought together students from various schools, across the region to simulate the workings of different councils, such as the United Nations Human Rights Council (UNHRC), the Economic and Financial Council (ECOFIN), and the International Press Corps (IPC).

MUN is a model of the United Nations in which students represent different countries and work together to solve global issues. It provides an opportunity for students to improve their public speaking, research, and negotiation skills as well as to learn about current events and international relations.

Our students, selected as delegates of Venezuela, Kuwait, Australia, and Ukraine, participated in discussions and negotiations on a range of topics, including world peace, the ongoing conflict in Ukraine and the global drug trade.

Throughout the conference, our students demonstrated their knowledge and understanding of international relations and their ability to effectively communicate and collaborate with their peers. They also showed great leadership skills as they worked towards finding solutions to some of the world's most pressing issues.

Their participation not only helped them develop their skills, but also gave them a better understanding of the world and their role in it. We continue to encourage all our students to get involved in MUN and similar activities, as these activities provide valuable learning experience and an opportunity to acquire more knowledge on world issues.

Cancer Awareness Campaign

"I keep dreaming of a future with a long life, not lived in shadow of cancer but in the light of health."

She gave full information about what cancer is, how it is caused and what are the do's and don'ts.

She also emphasised not to indulge in drugs, tobacco or exposure to direct sunlight, use of fat, sugar and salt in excess and many more, which can cause cancer cells to grow and develop. She also said that if symptoms of cancer are detected at an early age, the disease is hundred percent curable. She insisted on having green leafy vegetables regularly, food containing Vitamin A, C and E, keeping a good personal hygiene and drinking clean water in plenty

Students were grateful to our Principal, Sr. Rosily T.L. for organising the Awareness Talk on cancer. The students also resolved to take care of themselves and live a healthy life.

It is rightly said that the most important wealth is our good health.

School Fete

"Life is more fun if you enjoy in sun."

The most important and a long-awaited activity of Hampton Court is the Annual Fete. This year our school fete was held on 12th October.

All the teachers and students worked with excitement and thrill to make this year's fete a grand success.

The fete began on a bright and sunny day. It was inaugurated by Mr. Shalabh Garg, an entrepreneur-business man with engineering background.

All the teachers had their individual stalls which were decorated with colourful charts, streamers and balloons. There were different eating stalls serving ice-cream, south-Indian dishes, Chinese dishes, cold-drinks, vegetarian and non-vegetarian food.

Students, Parents, Guests, Principals and Teachers of various schools of Mussoorie were invited to witness this event.

The main attraction has always been the Jam-session. Our students and the Ex-Students tapped their feet with full gusto to the latest numbers played by the DJ.

At the end the winners of the four main prizes were announced. It was indeed a very successful event and the co-operation of the sisters, the staff, students and parents made this day a memorable one.

Diwali

"Celebrating the Festival of Light"

Diwali is a Festival that illumines the darkness of our souls and light up our paths for a bright and hopeful future. It is a festival when India transcends into a land of joy. Deepawali, the Festival of lights has all the charm and splendour, that can even infuse in our minds and hearts the much needed peace, harmony and brotherhood. It is a Festival that unifies every religion, every home and every heart.

The festival of Deepawali has a deep spiritual meaning; it essentially means the Awareness of the Inner Light. In a way it is the celebration of the awakening and awareness of the Inner values which has the power to outshine darkness and clear all obstacles in life.

It is all about discovering the knowledge of our infinite potential and dispelling ignorance. Diwali is also resplendent of the dawn of knowledge, through the inner light, that is the enlightenment of the soul.

This celebration is interpreted as a representation of victory over evil. With all the lights and diyas, eradicating dark shadows and evil and all the prayers and love among people create a wonderful atmosphere, full of goodness and purity. The festival of Diwali fills everyone's hearts with an aura of purity and compassion.

Most importantly, Diwali illuminates our inner self. The lights of Diwali also signify a time to destroy all our dark desires, dark thoughts, and have a deeper, inner illumination and self-reflection.

Children's Day

"Children are not things to be moulded, but are stars to be unfolded."

Children's day marks the birth anniversary of the great visionary and the first Prime Minister of India, Pandit Jawaharlal Nehru. He was known as Chacha Nehru and his birthday, 14th November is celebrated as Children's Day. He used to love them very much and saw the future of our country in them.

On 14th November 2022, children's day was celebrated in our institution. The programme began with the lightning of the ceremonial lamp, which was followed by the prayer service for the children. All the teachers participated in the children's day programme to cheer up the kids. Many dances were done and songs were sung by the teachers. A small activity was arranged for all the classes in which all the students were requested to bring their favourite food items to share with their classmates and friends.

All the kids enjoyed the children's day programme and the campus buzzed with excitement and joy. It was a day filled with joy and enthusiasm. The children's day programme was a mesmerizing show and will always be a memorable one as everyone enjoyed themselves and went home with smiles on their faces.

Feliz Navidad

The Spirit of Christmas in the air!

"Let us have music for Christmas...
Sound the trumpet of joy and rebirth;
Let each of us try, with a song in our hearts,
To bring peace to men on earth."

The Christmas celebrations at our school this year were truly memorable, with students and teachers coming together to spread joy and love. The event took place at the school auditorium in the month of November, and was attended by students and staff members.

The highlight of the evening was the play organized by the students, which told the story of the birth of Jesus and the importance of this festival. The play featured beautiful costumes, impressive acting, and a captivating storyline, and it received a standing ovation from the audience.

In addition to the play, the school choir treated everyone, to a series of Christmas carols and prayer songs, which filled the auditorium with the sound of joyous music.

As the evening came to a close, Father Anto Joseph who presided as Chief Guest for the celebration, delivered a special message of **'God is with us'**, reminding everyone about the true meaning of Christmas and encouraging everyone, to spread love and kindness throughout the holiday season.

Overall, the Christmas celebration at our school was a resounding success, bringing students and teachers together to the spirit of the holiday. We would like to thank everyone who participated and contributed in the event, and we look forward to more festive celebrations in the future as well.

What Life Has Taught Me!

Life! You've given cruel stings,
But you've taught me many things.
Wherefore should I moan and cry?
Wherefore ask the reason why?
Blessings in disguise you've brought me,
Many lessons you've taught me

Taught me first, it's good to be
Patient in adversity.
That, it's wise indeed to wait
Never to precipitate.
Nor to ever aggravate
Trouble, nor retaliate:
Nor to ever yield to hate,
But to let God operate
He knows our problems through and through
He understands best what we do,
And we can trust him too.
It's good to know that He
Is in control and we
On Him our every care can roll
And in Him find peace to our soul.

What else have you taught me life?
That calmness pays in storm and strife.
It is not easy, to be sure,
But by it learn we to endure.

Life you gave me freewill and liberty
How vital it is a right to use
Out God -given freedom of will to choose.
How careful should we always be,
To use this freedom thoughtfully;

For these precious things you've taught me,
For the blessing you have brought me,
Despite all your cruel stings,
Gratefully my glad heart sings.
For as long as life shall last,
Learning days are never past
So once more, thank you life
For what you've done for me.
Through trials, testing's, sorrow, strife,
Blessings you've brought me.

The Attitude

Don't become too despondent either. There's a purpose behind everything. The worst defeat may contain the seeds of something extraordinary. Look at what you need to change and improve upon. Introspect, reflect and act .Being calm will enable you to think clearly, finally, dedicate all the fruit of your actions to the Supreme. Noted music composer A.R .Rehman's words after winning The Oscar were, "All praise goes to God." By sublimating the ego, you will not take victory and defeat personally: you will have no ownership of the outcome. You move on and evolve.

The Three Wishes

An atheist buys an ancient lamp at an auction, takes it home and begins to polish it. Suddenly, a genie appears and says, "I will grant you three wishes my new master." The atheist says "I wish I could believe in you." The genie snaps his fingers and suddenly the atheist believes in him. The atheist says, "Wow! I wish all the atheists would believe this." The genie snaps his fingers again and the atheists all over the world began to believe. "What about your third wish?" asks the genie?

"Well', says the atheist, "I wish for a billion dollars." Genie snaps his fingers again for the third time but nothing happens. "What's wrong?" asks the atheist. The genie shrugs and says. "Just because you believe in me, doesn't mean that I exist."

WHAT IF SHOLAY HAD DEATH NOTE

The universe of Death Note revolves around the power of the titular notebook, which can kill anyone whose name is written in it. So, how would the iconic Bollywood movie Sholay fit into this world of death and intrigue?

First, we have to introduce the Death Note into the story of Sholay. Perhaps a new character, a mysterious stranger, arrives in the village of Ramgarh with the Death Note in hand. He has been watching the events unfold from afar and decides to take matters into his own hands.

The stranger begins to use the Death Note to eliminate the main villains of Sholay, starting with Gabbar Singh. With each name written in the notebook, Gabbar's gang becomes weaker and weaker, until they are on the brink of defeat.

But the stranger's actions do not go unnoticed. Word of the Death Note's power spreads, and soon the government takes notice. A task force is formed to investigate the deaths of the villains, and they eventually track down the stranger.

Enter Light Yagami, the protagonist of Death Note. He is a brilliant young man who finds the Death Note and decides to use it to rid the world of evil. He sees the stranger's actions in Ramgarh as a violation of the Death Note's rules and decides to confront him.

The two engage in a battle of wits, with Light trying to outsmart the stranger and the stranger trying to stay one step ahead. The stakes are high, as the stranger has already written Light's name in the Death Note.

The final showdown takes place in the climactic scene of Sholay, where Jai and Veeru face off against Gabbar's gang. But this time, Light and the stranger are also present, each trying to gain the upper hand.

In the end, Light emerges victorious, having outsmarted the stranger and saved the lives of Jai and Veeru. The Death Note is returned to its rightful place, and the stranger disappears, never to be seen again.

Thus, Sholay and Death Note are intertwined in a tale of power, justice, and revenge. The two universes may seem vastly different, but in the end, they share a common thread - the struggle between good and evil, and the lengths to which people will go to achieve their goals

The Red Violet, The Blood Violet

"Myth And Mystery"

My initial attempt to go out alone to a nearby shop was at about five years old.

It was a bright Sunday morning, my summer vacations had just begun, I had planned of playing football with my friend the whole day, from dusk till dawn, but my mother wanted me to help with the house chores. I tried to refuse but she promised me she'll get me my favourite candy. I was indeed very fond of that candy named 'skittles' and decided to help her.

It was already afternoon and we had completed all the house chores.

I asked my mother for my reward but alas!

She said she doesn't have the candies at the moment and told me that as she got tired so she couldn't even go to buy them.

I asked her for the money and said I'll get them on my own. she was indeed against the idea of me going alone to the shop.

I was quite upset and locked myself in my room. Later in the evening, my friend Varun came to invite me to play football with him. Varun was two years older than me, and once again I requested and implored my mom to go to the grocery store to buy my favourite candy with Varun.

She felt relieved as Varun was older and could look after me, and she ordered me to return before the sun set.

Me and Varun played for a long time in the park and then decided to walk up to the general store.

When we arrived there, we saw the shop was closed. The shutter was down.

A lady was crying in front of the store.

We approached her and found out it was Mrs. Bhatia who was the co-owner of the shop and lived in one of the societies next to ours. We asked her, "what happened."

She told us that her husband had gone missing and was nowhere to be found. She said that Mr. Bhatia left to deliver some products to the Das Villa located near the Deodar Forest, but he didn't return. Both of us were shocked and were terrified.

We asked her about Mr. Bhatia's outfit as we wanted to help her in finding him. She told us he wore grey checked trousers, a white shirt with a blue sweater over it and indeed his favourite red cap.

Bhatia's general store was the only shop near our society, but I wanted to have my candy and was determined.

I asked Varun to accompany me to the next story. But he refused.

He was already terrified by this news and the next store was a long way from home. He asked me to head back home.

Well, the next store was at the Illie's street. It was indeed far away, but an idea popped into my mind. If I could run through the Deodar Forest, I could easily get there in no time and buy the candies. By doing so I would also return home before it gets dark.

As I told Varun about the idea he was in utter shock and asked me a single question in a trembling voice...

"Are you not aware about the ghost of the Deodar Forest?"

I personally never believed in any of these myths, I asked him, "what it was all about.?"

He told me that back in the late 90s. There lived a family of three people in a small hut, and they owned a flower shop.

They were immigrants from the neighbouring country but were a loving family and lived in harmony. Later, the news came that the father of the family was a spy from the neighbouring country and was involved in plotting the murder of the innocent. The communist party couldn't tolerate this, they sent out a team to assassinate the father of the family, but due to some miscommunication the message wasn't clear, and they went ahead and burned the hut of whole family without any mercy. They all were burned to death.

The names of the father and mother was unknown, but the name of their daughter was Violet. The hut was surrounded by violet flowers, but they were no more.

Later in few years, it was a rumour that the ghost of Violet would haunt the whole forest and anyone who would venture deep into the thicket would never return.

Even After hearing all the gruesome details, I considered it to be a mere fairy tale. I told Varun that we could return home in time, and I quickly rushed to get the candies.

I entered inside the forest, suddenly it had gotten quite dark. I started to hear a lot of weird noises and screams... I indeed got scared and decided to run faster through the forest.

Tears started rolling down my cheeks, I got scared to death in that gloomy, lonely forest.

I kept running hoping to find an exit from the jungle. Alas! nothing seemed to be okay. After a while I took a minute to grasp in some fresh air. That very moment I noticed a man standing near beside a Deodar tree, He was wearing grey checked trousers, a white shirt with a blue sweater over it and a favourite red cap. This indeed reminded me of someone. I quickly ran up to him hoping that he would help me out. As I approached him, he fell on to the ground. Blood was oozing out from his body. He lied in the pool of blood with the violet flower stained red in his hands. He could barely speak. All that I could hear him saying, "Free her, Free her..."

After a while, he looked at the violet flower which fell from his hand and smiled ... then breathed his last.

I was terrified, my legs shivered in fear since it was for the first time, I witnessed someone dying right before me. I cried out loud and started running.... I thought I was going to meet my end at that very moment.

I ran a long way and saw bit of light; I ran ever faster approaching that light and I saw a small girl in the forest.

She was sitting and crying in a corner, there were violets all around her but somehow, they were all stained red.

The odour of blood was in the air.

I approached that little girl and tapped gently on her back, she turned, and I witnessed a face of a young girl. Her eyes were swollen, her legs were burned. There were violets all around her but somehow, they were all stained red. I was trembling in fear as I saw the blood drops mercilessly from her tiny eyes and

turning into violet crystals as the fall on the ground.

I felt like my soul had left my body, I screamed with all my might, but the voice wouldn't leave the throat. I slipped and fell off and when I got stuck to a stump, mustering all my strength I tried to run again but she grabbed my back.

I thought this was the end but as soon as I opened my eyes, I was on my bed with my mom pulling my bedsheet in order to wake me up.

I was in utter shock. Was it all a dream?

Was that all just a dream? Didn't I die.

Alas! The ghost of the Deodar Forest didn't kill me?

I was confused. I looked around my bed and found the packet of my favourite candies lying next to me with a violet flower which was stained red.

I wonder what had happened that evening?

What if Shakespeare write about Mussoorie

Oh Mussoorie, thou art a jewel
Nestled in the heart of the Himalayan range
Thy beauty, a sight to behold
A place, where the seasons constantly change

Once known as the "Fairyland" of India
With a climate, reminiscent of the English shores
Thy history is filled with tales and legends
Of which, this bard now ardently explores

In eighteen thirty-six, a British officer
Captain Young, discovered this land
He found in thee, a solace
And here, he built his humble abode, grand

As word spread of Mussoorie's charm
Many came from far and wide
Families and officers of the British Raj
In thee, they found a place to reside

Thy landscape became a canvas
For the artists of the time
Paintings and sketches captured thy essence
In frames, they live on, in time

Thou hast witnessed many a change
From the days of the British reign
To the present, where thou art a bustling town
Where tourists, come to entertain

Thy Mall Road, a hub of activity
With shops and restaurants galore
Thou art a place of relaxation
A destination, we cannot ignore

Oh Mussoorie, thy history is rich
Filled with tales of joy and woe
But, thy beauty and charm endures
And, to thee, our hearts doth go.

Time is a measure in which events can we ordered from the past to the present into the Future. The concepts of 'past',' present' and 'future' rely heavily on time.

Time plays a significant role in our lives. If we better understand the time value then it can gain experience and develop skills over time. Time can also heal things weather external wounds or feelings. Time is that ultimate things which we cannot measure. Our whole life revolves around time. We should respect the time and also understand the value of time because time gone is never going to come back. It's better to follow and respect time instead of regretting afterwards.

To use your time wisely start by writing down and prioritising your goals. Then assign daily task for yourself to take small steps towards achieving those goals. Work on big projects when you feel the most energetic during the day, and be sure to remove distractions like a cell phone so you can focus.

Make a resolution to stop spending so much time making a living and to spend far more time creating a life.

"Well arranged time is the surest mark of a well arranged mind"

"One Last Time...."

Just one more exam,
Then I shall be as free as a bird!
Just one more step,
Then I shall fling to my soul.
These manifestations took away my life....
Later realised,
Alas! the golden time I was waiting for, has already passed by!
Somewhere in the woods,
All we wanted was a cup of tea and tea to gossip...
Don't know where the moments have lost,
They won't return, will they?
The rush we were already in, was the calmness.
What brings more thunder today,
is the responsibility of future we hold!
With memories in my heart is all that I'm left with...
No hopes of future assuring me these days
The betrayal that once was shadowed upon me,
Lies in my footsteps beneath the sea...
The person whom I once dearly loved,
Still continues to awaken me in my dreams!
The friendship that never left me,
Still holds my hands in the darkest eves...
The blessings I behold, still wants me to endeavour,
Whatever I seek!
It makes me sad today!
Is this what I waited for...
As if a wall has been laid before my dreams.
Prompting me to give up the empire that I had seen...
But still, I place my complete trust in Him,
Whi knows the darkest days of my life.
'Tables turn' – hoping to see them flip.
The odyssey has been a proof....
Intrigued by my existence.
life's not a mess though
if seen through intellect's persistence!

Science or Commerce

Friend 1: Hey, I'm glad we finally got to talk about this. So, you took commerce and I took science. How are you feeling about your decision?

Friend 2: Honestly, I'm feeling pretty good. I think commerce is a great choice for anyone who's interested in business and finance. There are so many job opportunities in this field, especially if you're good at numbers.

Friend 1: Yeah, but what about science? I mean, it's always been my dream to become a scientist.

Friend 2: Don't get me wrong, science is great too. But the job market in India for science graduates isn't as strong as it used to be. The tech boom is dying out, and AI is taking over many jobs that used to be done by humans.

Friend 1: Wow, I never thought about that. So, what kind of jobs can you get with a commerce degree?

Friend 2: Well, you can become an accountant, financial analyst, investment banker, or even a business consultant. The average salary for these jobs is quite high, ranging from 5-10 lakhs per annum.

Friend 1: That sounds pretty good. What about science jobs?

Friend 2: The best jobs for science graduates in India are in the fields of healthcare, research, and development. You can become a doctor, nurse, pharmacist, or even a scientist. However, the salaries in these fields aren't as high as in commerce. The average salary for a doctor in India is around 10-15 lakhs per annum.

Friend 1: Hmm, that's something to think about. But what if I'm not good at math?

Friend 2: Well, you don't have to worry about that too much if you choose science. While math is important in some fields of science, it's not the most important thing. What's more important is your passion for learning and exploring new things.

Friend 1: I see what you mean. But what about the downside of commerce? I've heard that it can be pretty boring.

Friend 2: That's true. Some people do find commerce boring, especially if they're not interested in finance or business. But if you're passionate about these things, it can be a very fulfilling field to work in.

Friend 1: I guess it all comes down to what we're passionate about and what we're good at. Thanks for the advice, friend.

Friend 2: No problem, friend. Just remember, no matter what field you choose, the most important thing is to work hard and stay motivated. Good luck!

Morning

After dawn, it is morning,
We all wake up yawning.
Mothers wake up planning,
What to cook for their darling.
Children wake up happily,
To go to school merrily.
Though the morning is a busy time,
I wait for it with ecstasy.

Three Ants

There were three ants of black, red and white colour. The red one asked the black ant, "Why are you so black?" The black ant replied, "That's because I work in the sunlight." Then the black one asked the red ant, "Why are you so red?" The red ant replied, "That's because I drink human blood."

Then both the ants asked the white ant, "Why are you so white?" The white ant replied, "That's because I use Fair & Lovely."

Mothers are the finest people you can get,
They catch you in a net It is called the 'Love net'
Which is sweetly set?

Mother always loves us Even when we break things,

A Strange Encounter

The presence of aliens has always been a million-dollar question for humans. Rumours arise and then disappear into darkness. Some people say that they have seen aliens. So, the question is, do they exist or not? I shall say yes, because I myself had an encounter with them.

Watching the starry sky from my terrace, I noticed a comet (that's what i thought till then) which was a big one. Instead of disappearing it kept coming down. I was puzzled. Down with a BANG it came and crash-landed on my terrace. Like any normal person, I felt a lump in my throat. Out came two short green figures. For a minute we kept staring at each other, which was rather a comical sight. They slowly retreated and let out a shout. I was confused; instead of me, they were scared. They took out some kind of a gadget and scanned me. I heard the machine say 'FRIENDLY'. Then, the two creatures sighed and wiped their slimy sweat. They smiled and said that they were Martians. They spoke together as if they were twins. They wanted my help to fix their UFO (For those who don't know what UFO stands for 'Unknown Flying Object.) Their engine was extraordinary and what they told me next was beyond my imagination! They used refined oil as fuel! They told me that they too had a liquid similar to our refined oil on Mars. Just elbow grease on their vehicle and it was as good as new. It was time to say goodbye. As a gift they gave me a cool digital watch in which I could check the time and secretly communicate with them. It was a blue one with the company's name 'Timex. It was a truly unexpected and a memorable meeting.

LET HER BREATHE

Her blood ripped out before it could flow
We're heartless enough to let her go
We pray every night is good to know,
We're hollow and we float, along the flow
We're up against faith we never knew
We don't look within right what we do
To learn to live and let her breathe
To earn humanity and not to seethe
For she's the daughter of blessings for all
Try walking with her and don't make her fall
Before another angel falls off the pile
Please learn to live and make her smile.

The Making of an Artist

Pablo Picasso once said, "Every child is an artist. The problem is to remain one as we grow up." As we grow up, we gather dreams, and these dreams become our motivation to wake up and work towards achieving them. We find our capabilities and have high hopes for ourselves. However, as we enter the complex teenage years, we encounter people who are simply better than us. We meet people who can draw better, score more runs, or get higher marks than us. Our potential, once as precious as gold, suddenly seems like plastic. We start doubting ourselves, and this is when inferiority complex sets in.

According to Britannica, inferiority complex is a psychological sense of inferiority. It can only be felt by a person who once had great trust in their capabilities but, upon growing up and meeting people who are better, discovers a hard-hitting reality. This realization leads to self-doubt, lack of confidence, and an inferiority complex.

Once inferiority complex takes root in our soul, we stop moving forward. We don't want to start anything because we know it won't be as great as that person's work. We view our imagination as mere rubbish because we have constructed a wall that proclaims us as losers. As a teenager, this feeling becomes even more vulnerable. As teenagers, we are trying to find ourselves, and be talked about by others. We do all sorts of things to achieve this, but once a sense of inferiority takes hold, we lose the will to work. This is even worse if we are aspiring artists.

The solution is to understand that self-doubt is normal. Even great men were once skeptical about their work. There is no rule that we need to be perfect. Allowing self-doubt to consume us will not let us progress. We need to vow to learn, continue to upskill ourselves, and never stop. Consistency is key.

We need to stop comparing ourselves to others. We can be way better than the person we are comparing ourselves to. If we encounter someone who is better than us, we should get inspired, not jealous.

Even if we don't compare ourselves to others, there are always people who compare us to others. At that moment, we may feel disgusted and that our self-esteem and self-confidence have hit rock bottom. This is when we need to stand up and prove to ourselves and anyone who compares us to others that we are way better.

It is this determination and perseverance that makes us an artist.

YOU SHOULD!

Each day we wake up, we have another chance,
We could just keep on moving,
Or we could decide to dance.
Dance as if you are alone
And no one will ever see
As this is your chance
To see what you could be
Remind yourself you are someone,
Someone who is grand
Believe you can do anything
Get up and take a stand.
Always keep looking forward
Looking back is never good
You want to look to the future
And that is something you should.

Queen of the HILLS

I live in a small town,
With mountains all around.
I can see the queen of hills,
Watching it you will forget all cares and get only thrills.
In winter it has an unstoppable call,
As daily there is a snowfall.
It is surrounded by clouds,
Of which it seems to be very proud.
It has a very steep slope,
Having a home there is my last hope.
It is truly a queen,
And is so beautiful and green.

Of Fire and Flames

A soothing flame on the candle head
Devourer of darkness, a symbol of hope
Standing alone against the blackest night
A transcending pale glow, peaceful serenity
Seems as it would burn for all eternity
Until it itself consumes...
A raging inferno in the forest dry
Like golden Ichor, a mighty flame
Fierce, uncontrollable, carelessly powerful
A child borne of lightning and thunder
Or perhaps deliberate human blunder,
Till rain soothes the angry fumes...

Wild is the fire of human desire
Wilder is the blaze of the human heart
Flaring forever, keeping hopes alive
Spurred by dreams, unquenchable thirst
And though things may seem at their worst
The fiery flower forever blooms....

There's too a fire, the funeral pyre
A desolate flame, essence of purity
Releasing one from earthly bonds
Final relief from all its pain
The fate is written, a new life to gain
And thus the cycle of life resumes...

Walls

Life is a tale of countless emotions,
Love, animosity, derision and elation!
Man wants to break free from the
Clutches of the world, to feel a sense of
emancipation
Like a free bird.

But constrained he is by worldly bars,
This world is a cage.
Where freedom deserts man at a Juvenile age.
A cage with walls, separating man from man,
Nation from nation.
The walls of ego, hatred and corruption.

The walls of religions, where fanaticism breeds,
The walls of envy, deceit and greed.
The walls dividing the affluent and the starved.
The walls between different castes and creeds

Can man seek liberation
After erecting these walls of attrition?
All the world's a cage.
And men and women, merely hostage.

The Age of Terror

The Age of Terror
Upon us she grows
Like the dark rotten carcass
Devoured by crows
The new age in which we lie
Looks us in the eye
As terror... she waits
For those pearly gates
Upon us she feeds
On our caring
Our courage
Our great marvelous deeds
The age of terror
Upon us she grows

The Setting Sun

The time draws close for our separation,
Something leaves my body,
Something sinks my soul.
Am I sad?
Am I calm?
I do not know.
Is it the dawn before daybreak?
Is it the dusk before sunset?
I do not know.
As I go along I keep thinking...
After the next bend,
You will take a turn,
And head towards your own dreams.
I'll walk on....
All alone,
Till I merge into the setting sun.

प्रकृति

हरे-हरे खेतों में
बरस रही हैं बूदें,
झूम-झूम के आया सावन
खिल गया मेरा आँगन।

धूप से प्यासी मेरे तन
को बूदों ने दी ऐसी अँगड़ाई,
ताजा हो गये तन मन
जीवन ने ली एक उमंग।

यह संसार है कितना सुन्दर
लेकिन लोग नहीं उतने अक्लमंद,
यही है एक निवेदन
न करो प्रकृति का शोषण।

एक प्रयोग

जगदीश चन्द बोस एक जाने-माने वैज्ञानिक थे।
एक बार उन्होने देखना चाहा कि जहर की पौधों पर क्या प्रतिक्रिया होगी।उन्होने यह प्रयोग वैज्ञानिकों के समूह के सामने करने का निश्चय किया। उन्होने विष को पौधों में डाला परन्तु कोई प्रतिक्रिया नहीं हुई। तब जगदीश चन्द बोस ने सोचा कि अगर विष को पौधों में डालने पर कुछ नहीं हुआ तो मुझे भी कुछ नहीं होगा और उन्होने विष पी लिया। तभी समूह में से एक व्यक्ति उठा उसने क्षमा मांगी और कहा मैंने विष की जगह पानी रख दिया था। जगदीश चन्द बोस ने फिर से यह प्रयोग किया तो सभी ने यह जान लिया कि पौधों में भी भावनाएँ होती हैं जो कि 40 दिनों तक रहती हैं।

झांसी की रानी लक्ष्मी बाई

झांसी की रानी लक्ष्मी बाई थी। रानी लक्ष्मीबाई भारत के पहले स्वतंत्रता संग्राम की बहादुर विरंगाना थी। झांसी की रानी ने आखिरी दम तक अंग्रेजों के साथ लड़ाई की थी। इनकी वीरता की कहानियां आज भी प्रचलित है, मरने के बाद भी झांसी की रानी अंग्रेजों के हाथ में नहीं आई थी। रानी लक्ष्मीबाई ने अपनी मातृभूमि के लिए जान न्योछावर की थी। "मैं अपनी झांसी नहीं दूंगी" इनका यह वाक्य बचपन से लेकर अभी तक हमारे साथ है।

झांसी की रानी का जन्म मणिकर्णिका तांबे 19 नवंबर 1828 वाराणसी भारत में हुआ था। इनके पिता का नाम मोरोपंत तांबे और माता का नाम भागीरथी सप्रे था। इनके पति का नाम नरेश महाराज गंगाधर राव नायलयर और बच्चे का नाम दामोदर राव और आनंद राव था।

रानी लक्ष्मी बाई का असली नाम मणिकर्णिका था, बचपन में उन्हें प्यार से मनु कह कर बुलाते थे। वह देशभक्ति, बहादुरी, सम्मान का प्रतीक है। इनके पिता मोरोपंत तांबे मराठा बाजीराव की सेवा में थे। छोटी उम्र में ही रानी लक्ष्मीबाई ने अपनी माता को खो दिया था। उसके बाद उनके पिता ने उनका पालन पोषण किया, बचपन से ही उनके पिताजी ने हाथियों और घोड़ों की सवारी और हथियारों का उपयोग करना सिखाया था। नाना साहिब और तात्या टोपे के साथ रानी लक्ष्मीबाई पली-बढ़ी थी।

झांसी के किले की नींव आज से करीब कई साल पहले 1602 में ओरछा नरेश वीरसिंह जुदेव के द्वारा रखी गई, आपको बता दें कि ओरछा (मध्यप्रदेश में एक कस्बा) झांसी से 18 किलोमीटर की दूरी पर स्थित है। बंगरा पहाड़ी पर 15 एकड़ में फैले इस विशालकाय किले को पूरी तरह तैयार होने में 11 सालों का समय लगा और यह 1613 में बनकर तैयार हुआ। किले में 22 बुर्ज और बाहर की ओर उत्तर तथा उत्तर-पश्चिम दिशा में खाई है, जो दुर्ग की ओर ढ़ाल बनकर आक्रमणकारियों को रोकती हैं। यही कारण है कि इस किले की पूरे संसार में इतनी चर्चा होती है। पहले झांसी ओरछा नरेश के राज्य में थी जो बाद में मराठा पेशवाओं के आधीन आई। मराठा नरेश गंगाधर राव से शादी होने के बाद मणिकर्णिका झांसी आकर उनको लक्ष्मीबाई कहा गया। महल और मंदिर के बीच जाते समय रानी लक्ष्मीबाई घोड़े पर सवार होकर जाती थी या फिर कभी कभी पालकी द्वारा भी जाती थी। सारंगी, पवन और बादल उनके घोड़े में शामिल थे।

1858 मैं इतिहास के अनुसार यह माना गया है कि किले की तरफ भागते समय रानी लक्ष्मीबाई बादल पर सवार थी। सन् 1853 में बीमारी के चलते हुए उसके पति की मृत्यु हो गई थी। बेटा और पति की मृत्यु के बाद भी रानी लक्ष्मीबाई हिम्मत नहीं हारी। जब उनकी पति की मृत्यु हुई थी तभी रानी लक्ष्मीबाई की उम्र केवल 25 वर्ष थी। 25 वर्ष की उम्र में ही उन्होंने सारी जिम्मेदारियां अपने ऊपर ले ली थी। अंग्रेजों के छक्के छुड़ाने के बाद अपने बलिदान अपने कर्तव्य की भव्य गाथा लिख, इतिहास के पन्नों में अमर हो गई ।

एक बार एक केकड़ा समुद्र किनारे अपनी मस्ती में चला जा रहा था और बीच में रुक कर अपने पैरों निशान देखकर खुश होता और आगे बढ़ता। इतने में एक लहर आयी और केकड़े के सुन्दर पैरों के निशान मिट गये। यह देख केकड़े को बहुत गुस्सा आया,उसने लहर को कहा-हे लहर! मैं तो तुझे अपना मित्र मानता था पर तूने मेरे सुन्दर पैरों के निशान मिटा दिये। कैसे मित्र हो तुम? इस पर लहर ने कहा,"वो देखो तुम्हारे पीछे मछुआरे जो केकड़े के पैरों के निशान देखकर ही उन्हें पकड़ रहे हैं। मित्र तुम को वह पकड़ न ले इसलिए ही मैंने तुम्हारे पैरों के निशान मिटा दिए"।

परमात्मा से प्रेम

आचार्य रामानुजाचार्य एक महान संत एवं संप्रदाय-धर्म के आचार्य थे। दूर-दूर से लोग उनके दर्शन एवं मार्गदर्शन के लिए आते थे। सहज तथा सरल रीति से वे उपदेश देते थे।

एक दिन एक युवक उनके पास आया और पैर में वंदना करके बोला "मुझे आपका शिष्य होना है। आप मुझे अपना शिष्य बना लीजिए." रामानुजाचार्य ने कहा "तुझे शिष्य क्यों बनना है"? युवक ने कहा - "मेरा शिष्य होने का हेतु तो परमात्मा से प्रेम करना है."

संत रामानुजाचार्य ने तब कहा- "इसका अर्थ है कि तुझे परमात्मा से प्रीति करनी है। परन्तु मुझे एक बात बता दे कि क्या तुझे तेरे घर के किसी व्यक्ति से प्रेम है ?"

युवक ने कहा- "ना, किसी से भी मुझे प्रेम नहीं." तब फिर संतश्री ने पूछा- "तुझे तेरे माता-पिता या भाई-बहन पर स्नेह आता है क्या ?" युवक ने नकारते हुए कहा, "मुझे किसी पर भी तनिक मात्र भी स्नेह नहीं आता, पूरी दुनिया स्वार्थपरायण है, ये सब मिथ्या मायाजाल है. इसीलिए तो मै आपकी शरण में आया हूँ."

तब संत रामानुज ने कहा- "बेटा, मेरा और तेरा कोई मेल नहीं. तुझे जो चाहिए वह मैं नहीं दे सकता."

युवक यह सुन स्तब्ध हो गया।उसने कहा- "संसार को मिथ्या मानकर मैंने किसी से प्रीति नहीं की, परमात्मा के लिए मैं इधर-उधर भटका, सब कहते थे कि परमात्मा के साथ प्रीति जोड़ना हो तो संत रामानुजके पास जा; पर आप तो इन्कार कर रहे है."

संत रामानुज ने कहा- "यदि तुझे तेरे परिवार से प्रेम होता, जिन्दगी में तूने तेरे निकट के लोगों में से किसी से भी स्नेह किया होता तो मैं उसे विशाल स्वरुप दे सकता था, थोड़ा भी प्रेमभाव होता, तो मैं उसे ही विशाल बना के परमात्मा के चरणों तक पहुँचा सकता था।

छोटे से बीज में से विशाल वटवृक्ष बनता है। परन्तु बीज तो होना चाहिए। जो पत्थर जैसा कठोर एवं शुष्क हो उस में से प्रेम का झरना कैसे बहा सकता हूँ ? यदि बीज ही नहीं तो वटवृक्ष कहाँ से बना सकता हूँ ? तूने किसी से प्रेम किया ही नहीं, तो तेरे भीतर परमात्मा के प्रति प्रेम की गंगा कैसे बहा सकता हूँ ?"

कहानी का सार ये है कि जिसे अपने निकट के भाई-बंधुओं से प्रेमभाव नहीं, उसे ईश्वर से प्रेम भाव नहीं हो सकता। हमें अपने आस पास के लोगों और कर्तव्यों से मुंह नहीं मोड़ सकते। यदि हमें आध्यात्मिक कल्याण चाहिए तो अपने धर्म-कर्तव्यों का भी उत्तम रीति से पालन करना होगा।

ऋषि और राजा

एक बार की बात है, ढोलकपुर साम्राज्य मे एक प्रसिद्ध ऋषि रहते थे। वे लोगों का भाग्य बताने के लिए जाने जाते थे।

ढोलकपुर साम्राज्य में, हर कोई उनके बारे में और उनके भाग्य बताने के कौशल के बारे में जानता था। एक दिन, उस राज्य के राजा ने उस ऋषि के बारे में सुना।

राजा ने अपने सैनिकों को ऋषि को आमंत्रित करने के लिए भेजा। सिपाही ऋषि के पास गए और ऋषि को अपने महल में राजा के निमंत्रण के बारे में बताया।

ऋषि, उनके साथ महल में जाने के लिए तैयार हो गये। जब ऋषि आए, तो राजा ने उसका अभिवादन किया। और उन्हें अपने दरबार में बैठने के लिए कहा।

थोड़ा आराम करने के बाद, राजा ने ऋषि से अपने भविष्य के बारे में कुछ बताने के लिए कहा।

राजा की कुंडली देखने के बाद, ऋषि ने उन्हें भाग्य के बारे में बताना शुरू किया। राजा अपनी भविष्यवाणी में सभी अच्छी बातों को सुनकर बहुत खुश हुए , भविष्यवाणी में हर अच्छी बातों के लिए, राजा ने सोने और चांदी से ऋषि को पुरस्कृत किया।

अब, राजा ने ऋषि से अपनी दुर्भाग्य के बारे में बताने के लिए कहा। ऋषि ने उनके दुर्भाग्य के बारे में बताना शुरू किया। अब, हर बार राजा को दुर्भाग्य की बात सुननी पड़ी।

राजा बहुत क्रोधित हो गया था। एक समय तो उन्हें इतना गुस्सा आया कि उन्होंने ऋषि पर चिल्लाते हुए कहा, "रुको, इतनी बेहूदा बात करने की तुम्हारी हिम्मत कैसे हुई ?"

राजा ने अपनी तलवार निकाली और उसे ऋषि की ओर इशारा करते हुए कहा, "मैं तुम्हें अपनी मृत्यु का समय बताने का आदेश देती हूं।"

ऋषि ने देखा कि राजा बहुत क्रोधित है, ऋषि ने कुछ गणना करने के बाद शांति से उत्तर दिया, "मेरी गणना के अनुसार, आपकी मृत्यु हमारी मृत्यु से ठीक एक घंटा बाद होगी।"

राजा यह सुनकर दंग रह गया और उसे अपनी गलती का एहसास हुआ। राजा अपने दुर्व्यवहार पर शर्मिंदा हुआ और ऋषि को अधिक से अधिक धन देकर घर भेज दिया।
