Our Father, Who art in heaven,
hallowed be Thy name;
Thy kingdom come;
Thy will be done on earth as it is in heaven.
Give us this day our daily bread;
and forgive us our trespasses as we forgive those
who trespass against us;
and lead us not into temptation,
but deliver us from evil. Amen.

HOUSE REPORT

ENTERPRISE House

Home front Highlights : Enterprise House in the Limelight!

The guiding maxim of Enterprise House, encapsulated in the profound words "Light a Candle in the Dark to Radiate a New Vision," fueled our spirits throughout the transformative year of 2023. Symbolized by our metaphorical sun, we ardently seized every opportunity, conquering the day and making the entire year uniquely ours.

The journey commenced with the spirited pursuit of excellence in Hockey, where the boys exhibited exceptional prowess, securing an admirable second place in the Senior and Inter Boys Category. Undeterred by the challenges, our Junior Boys showcased stellar footwork, securing the top position for Enterprise, setting a tone of triumph.

Elevating the intellectual battleground, the highly anticipated Academic Competitions began with the heated Debate and Declamation Competition. Despite facing a disqualification, our Debaters and Young Orators surpassed expectations, embodying the literary spirit of Enterprise House through eloquent speeches that etched themselves into the school's annals.

Quoting Gore Vidal, who opined, "A talent for drama is not a talent for writing but is ability to articulate human relationships," we delve into the Inter-House Drama Competition. Centered on the theme "Social Issues," our House presented the captivating play "The Last Scream." Despite not clinching victory, the profound impact left by our actors resonated, making it the defining highlight of the year.

The unfortunate interference of an unpropitious monsoon forced the cancellation or delay of several events, including the Quiz Competition, Hindi Debate, and sports like Handball, Table Tennis, Badminton, and Volleyball. Undeterred, our resilience and strategic acumen secured victories in the events that unfolded.

Chess witnessed our strategic brilliance, dominating the competition with the majority of secured positions. The Football competition presented an upset for the seniors and Inters, yet our Juniors displayed impeccable coordination, leading us to yet another stellar performance.

Our Basketball team showcased strength, securing the Third Place in the senior category, while the Girls triumphed with dominating dribbles and hoops. In Cricket, considered not our forte, our boys defied expectations, securing the second place in seniors and both the first and second positions in Juniors.

Amidst victories and defeats, our individuality shone through, particularly in explosive sports. The Shot Put competition witnessed cannonball throws that surpassed all competitors. In explosive sports, our House Students soared to victory in the High Jump, Standing Jump, and even the Marathon, showcasing the highest jumps, longest surges, fastest runs, and enduring jogs.

The much-anticipated Track & Field events marked a triumphant comeback, dispelling all doubts. Outstanding performances from our sports persons elevated our house to unstoppable heights. Divya Panwar emerged as the best athlete and sports person of the year, showcasing dominance across all endeavors, while Atharv Sonkar claimed the best athlete title. Winning the March Past with exceptional hand-eye coordination, our house emerged as the Champion House of the Year once again.

Enterprise, epitomizing the ability to conceive and execute new projects successfully, resonates with the essence of our victories. As we bid adieu to the school, leaving behind another year of triumph, the symbolism of the flag we held high reverberates within. We extend our best wishes to Enterprise House for the future, urging them to prepare for another year of competition, challenges, hopes, joys, and the new obligations and responsibilities that wait.

This successful year for Enterprise House wouldn't have been possible without the unwavering support of our House Master: Mr. Mike William, House Teachers: Ma'am Dechen, Sir Ashish, Sir Rohit, Ma'am Kanika, Ma'am Marina, Ma'am Meena & Ma'am Monika, along with our House Vice-Captain Kartik Chandra

ENDURANCE House

Blue's Blueprints & Beyond : Endurance House Story Unraveled !

This year's house journey was seamlessly interwoven with undulating paths and serene roads; We reflect with immense pride upon the day and assumed the mantle of leadership as the captain of Endurance House. In the tapestry of life, marked by its peaks and valleys, this year has been a testament to resilience and endurance.

The adage "He conquers who endures" underscores our ethos in Endurance House; a philosophy embraced our Vice-Captain Lucky Sharma. Together, we have instilled in our house children the spirit to strive for excellence, both academically and in the realm of co-curricular activities. The unwavering support of our House Master, Sir Aakash, and the dedicated cadre of teachers has been instrumental in propelling our children towards their goals.

In the face of challenges and setbacks, we approached each hurdle as a stepping stone toward success. The indomitable team spirit of the House culminated in notable victories, notably clinching the championship titles in the Inter House Football & Basketball tournaments (Boys). Furthermore, the House secured commendable second and third places in Inter House Handball & Hockey (Girls) respectively. These achievements stand as tangible evidence of the collective efforts and dedication of our house members.

Drawing inspiration from Rudyard Kipling's timeless poem "If," we internalized the wisdom that triumph and disaster are two sides of the same coin. Treating both impostors with equanimity, we embraced the lessons inherent in victory and defeat, recognizing them as integral components of our journey.

In extending our gratitude, we express deep gratitude to our esteemed Principal, Sr. Dr. Rosily T.L., whose visionary leadership has guided us through the academic year. We also acknowledge

the invaluable contributions of our games instructor, Sir Amit, and the unwavering support provided by our house teachers: Ma'am Nandini, whose remarkable contributions during Dramatics practices have left an indelible mark on our successes. Equally deserving of recognition are Ma'am Smriti, Ma'am Riya, Ma'am Meenakshi, Ma'am Kajal, and Ma'am Soni, each playing pivotal roles in fostering an environment conducive to growth and achievement.

The complexities of leading a house are mitigated by collective efforts of the entire Endurance house team. Without their steadfast support, assuming the role of House Captain would have been an arduous task.

As we conclude, we are reminded of Winston Churchill's poignant words, "Success is not final, Failure is not fatal, It is the courage to continue which counts."

In the spirit of endurance, we persist, acknowledging that our journey extends beyond the realms of triumphs and defeats. It is the courage to persevere that defines our ultimate success.

The assiduous efforts of the young minds within Encounter House bore testimony to their prowess across diverse fields. The pinnacle of our achievements came when we clinched the coveted first position in the Inter-House Dramatics Competition. This triumph held particular significance, as it marked the resumption of such events post the challenges posed by the COVID-19 pandemic. Notably, it was the inaugural Inter-House competition hosted by the school since the onset of the pandemic.

Furthermore, our prowess extended to the realm of intellectual discourse, where we secured the honorable second position in the Inter-House Debate and Declamation competition. Engaging in an array of sports activities such as Hockey, Football, Cricket, Basketball, Chess, and Carrom, the boys and girls of Encounter House exhibited remarkable prowess. WORKSHOP OF BANNING POLYTHENE

A workshop was held at Nagar Palika Parishad Mussoorie on restricting the use of polythene. It was mandatory for a representative from every school in Mussoorie to attend it. The Chairman Shri. Anuj Gupta ensured that the awareness on the threat of using polythene at present for future generations is made clear to all children and elders of the town. Scientifically as well as ethically, the use of polythene just promotes selfish means of living, it pollutes the environment as it falls under the non – biodegradable products which can ultimately harm animals, environment and human beings. We appreciate the initiative taken over by the local administrative body of Mussoorie, under the guidance of Shri Anuj Gupta and we also hope that all the citizens of Mussoorie will very carefully use the resources of nature, with which we have been blessed abundantly.

International Yoga Day

Yoga which was initially discovered in India has now spread across the globe for its health benefits. People have now realized that Yoga not only involves a series of 'Asanas' but it plays a very significant role of disconnecting mind with the world and making it more connected towards peace and purity in life. Today people have Yoga identified into their schedule, which is also said to increase the life expectancy.It is due to all these reasons that it has attained a significant day in the calendar. In honour of this day, the students at Hampton Court performed some

important Yoga 'Asanas' early morning soon after assembly. The students were guided under the able guidance of Ms. Seema, Ms. Monica and Ms. Ritika. WORLD ENVIRONMENT DAY

The most important concern of this hour is the environment - the only source on this planet which supports life. Population, Pollution, deforestation and excessive erosion is leading to the damage which will definitely have no mercy on us and our future generations. It is a well said and known fact that environment needs no doctor rather it has the power to heal its own wounds. This would have been applicable and accepted if these wounds would not have been scratched over a period of time by we human beings. We have

exploited nature for our own personal greed to an extent now that destruction in future might be irrevocable. However, all is not lost but it is unfortunate as we ponder over our environment only once and that to on special days like World Environment Day. A special assembly to invoke our concern towards environment was held by the students of class X. They performed a skit, dance, song and prayer with a theme stating save environment to save earth. The message was beautifully conveyed and we appreciate their class teacher Ms. Abha Sharma for training the students so well. We sincerely hope and pray that we all together as human beings should resolve to save our mother Earth.

Some parents also went to discuss the academic progress of their child with Principal. The day ended with hopes and commitment made by the students and teachers in the coming future. We appreciate our teachers who always stand beside their students.

PLANTATION FOR OUR OWN EXISTENCE

On 20th July, a tree plantation drive was organized at Hampton Court. The initiative was taken over by the staff officers and soldiers of ITBP Mussoorie. A total of 50 saplings were planted in and around the school premises. The officers and soldiers were escorted by the students of class XII, Sir Amit, PTI and Dayal Bhaiya, our support staff member. An awareness on planting a sapling was initially made by the officers in charge. They briefed our students on the ills of deforestation which is at its peak these days. People have become completely insensitive towards the needs of future survival and are only concerned about acquiring more wealthy and comfortable life in present. It really made our students sad to realize the threat which nature holds on their bright future if the serious measures are not taken now. Our students resolved to protect the trees and environment, as a sign of affection and concern towards mother Earth. With this vision, the plantation commenced with high energy and happiness. It almost took them one quarter of the day to finish this noble task.

From the early days of my childhood, my educational voyage has been anchored in the halls of CJM Hampton Court. As I reminisce about the journey that began in LKG, I find myself marveling at the transformation that these familiar corridors that I have witnessed over the years.

From the innocent days of finger-painting in kindergarten to navigating the complexities of high school subjects, each classroom in Hampton Court has etched a distinctive chapter in my educational journey. The school, more than a place for academic growth, witnessed the profound transformation from childhood to adolescence, with each grade bringing fresh challenges and triumphs.

The friendships cultivated within these halls became the cornerstone of my school experience and these bonds went beyond classrooms. Hampton Court was not just a place of learning; it served as a dynamic arena for extracurricular activities, competitions, and collaborative projects, nurturing not only academic skills but also teamwork and leadership.

As I stand at the threshold of a new chapter, the values instilled by Hampton Court resonate within me—resilience, a sense of community, and an unwavering commitment to continual self-improvement. My heart overflows with gratitude for the educators who illuminated my path and the friends with whom I shared both laughter and tears.

As I bid farewell to Hampton Court, I carry with me the spirit of my childhood, the wisdom of my adolescence, and the anticipation of what lies ahead.

Kartikey Kukreti

Our teachers have been our guiding lights, imparting not just knowledge but also invaluable life lessons. They've shaped us into the individuals we are today, and for that, we're forever grateful.

To our parents, your unwavering support has been our anchor. Your sacrifices and encouragement have been the driving force behind our achievements. We carry your values with us as we step into the next phase of our lives.

As we part ways, let's not view this as an end but as the beginning of new adventures. Each of us is destined for greatness, and our diverse paths will only enrich the world.

Let's promise to stay connected, to cherish these friendships, and to uphold the spirit of our alma mater. Thank you, Hampton court for being more than just a place of learning – you've been our second home.

Anuj Nautiyal

As I reflect on my Class 12 experience, I wanted to share some thoughts with you.

Class 12 has been a significant journey of academic and personal development. I encountered challenges, learned invaluable lessons, and acquired essential skills.

This year has prepared me for the next phase of my life. I figured out how to handle time better, made good buddies, and faced some tough times. This helped me in deeper understanding of my strengths and areas for improvement.

I appreciate your support throughout this journey.

Excited for the next chapter ahead!

Ayush Dev Khandudi

Reflecting on my school journey, it's been a ride filled with both books and beats. Excelling in academics and diving into beatboxing, I strived to make my mark beyond the textbooks. The thrill of showcasing my talent to the entire school is one of best things I did back then and will forever be there with me. The final year was a blast, filled with laughter and ofcourse vast memorable moments. School life was more than just lessons; it was a symphony of learning and joy.

Navigating the chapters of academia and the rhythm of beatboxing, my school journey has been a harmonious blend. Beyond the classroom, I echoed my beats across the school, creating an unforgettable melody of my talent. Last year was the crescendo, a vibrant finale filled with fun and laughter. From performing well in exams to creating musical notes, my school life has been a composition of growth, and inseperable joyous memories that will resonate in my heart forever.

Life fails to be perfect but never fails to be beautiful. However, the distance from LKG to XII is just two hundred steps but it took fourteen most amazing years of my life. I am very thankful to all the teachers who always motivated and encouraged me in this journey of fourteen years. You all were the best source of motivation. I would like to thank our Principal Sister rosily john who gave me opportunities in various fields so that I could have experience and learn more. I will miss each and everything. No one can really say goodbye to teachers for they stay forever in little homes called hearts of their students.

Thank you dear friends. You all are unique and great. Whether we meet after two days, twenty days or twenty years stay the way you all are. It's not that I seek the diamonds in wilderness but I live, talk & walk with diamonds, who are none other then my friends.

I wish each one of you his and happiness as we all begin a new chapter of our lives. Best of luck and love to my juniors for their future endeavors.

Proud Hamptonian.....forever Hamptonian.

Neeraj Panwar

I walked into the campus admiring the tall buildings and wide playgrounds. I also admired the calmness when I first entered and heardthe teachers teaching in different classes. I really admired the way people were responding on campus so formally. I decided on spot to join this institution and become the part of a family which was so disciplined. Today I am passing out with a joy in my heart to become an independent person equipped with knowledge to face the world boldly. I salute my teachers for securing my future. Forever Hamptonions!

Upasana Chandaliya

Everything has a purpose behind and I strongly believe that my journey at my school is part of that purpose of my life. I am happy to have lived with the Hampton Court family for so many years now and I most humbly wish to thank our respected Principal and beloved teachers for building a motive in me for my future. Today I am a focused individual who will very soon find a place in the world with the values and knowledge I have imbibed. All grateful and humble to my Alma Mater.

Abhinav Dabral

It has been a journey too small which I now realize when my days at my school have come to an end. I was always although anxious to pass out but today while writing my last message, I really want the time to stop and allow me relive my school life. I am grateful to my Principal and all teachers who are responsible in my development at school. May God bless all the members of our school family and always guide them towards a prosperous future.

Aditya Bhatt

Yesterday, I was dancing and playing away the spring, and years went by but my spring did not. Come the end of this academic year, I am eighteen, spring is gone and it's the coldest winter, harshest summer and the most drenching monsoon and I'm wondering whether I will ever change the world.

I doubt it. I'll be kind. I'll be happy. That is all that I require. And one day, I will be what I am becoming right now.

We wish things were better sometimes but they are good enough and I don't think anyone on this page realizes that. I'm pretty sure there are many HAPPY HAMPTONIANS here and all of their reflections sound the same; like embellished lies. I'll try to be an exception and say this:

WE ARE SAD. NOT JUST BECAUSE WE ARE LEAVING BUT WE ARE SAD!!!! But, I know we will be alright because school taught us that life is absolutely sad and miserable, but it can get better. So, we will suffer, definitely, but we will use what we learned and maybe, learn to be happy too.

I am now, a certified ex-Hamptonian, Forever an ex-Hamptonian and I'm not happy or sad about it. I'm just a Hamptonian.

Puneet Kumar

Consider a thought where no one and no place would have ever trained a person to become responsible and sensible. For me my school my Alma Mater Hampton Court has played that part of training me to be a sensitive, sensible and sober citizen of this country. I know that this is although the beginning of my carrier but yes it is more precious to me because this is the phase of my innocence. I have learned all and imbibed the basics of a fruitful life from my institution. I know there are many more lessons of life to learn but they will only account for an experience but the learning done at Hampton Court will always be considered for cornering character formation in me. I will always miss and appreciate the moments I have spared in my school.

It was when on the first day I moved inside the premises of Hampton Court, I wanted to just climb over the gates and run away but my teachers comforted me like my father and mother. They made me realize the importance of a school and all that we get to learn in the school. It definitely took me time to adjust here but later I realized that this institution was the best place of my life, none other than my second home. I am grateful to my Principal and teachers for making me an independent person and a human being prepared to face the world.

Today I might be leaving school with tears in my eyes but with a goal for my life. I will surely miss the moments spent at Hampton Court.

Shivender Rana

I must quote a phrase from the Brook; "For men may come and men may go but I go on forever". This is an applied thought which I will consider a fact for my institution. Hampton Court has produced several noble human beings, who have had a significant contribution in making our nation grow. I also always lived with a dream to make my school and my country proud of me one day. Today when I am writing this goodbye message I promise that one fine day I will return to my school with achievements and accomplishment, to make my nation and Alma Mater feel proud on me.

Arpita Bijalwan

It is indeed difficult to say goodbye so today for the first time I am falling short of my emotions and hence have no fine words to express my feelings. One thing which I must mention is that my school has always given me more than I ever expected. It was not just the education which I received here but also the art of living a joyful life which was derived into my personality by my worth, wise and experienced teachers. Before I end I must mention that once Hamptonion always Hamptonion.

Gautam Negi

When the time has now finally come for me to write this parting message I am deeply saddened by the thoughts of leaving my Alma Mater, this school has not just been my a temple of knowledge for me but it has inculcated in me the values and dignity of character needed to survive in this world. Today I might not be happy about leaving my school but I know this is an important phase of life. I am now going to establish my identity in the world which will one day make my teachers and school proud of me.

Ayush Godiyal

Where there is a will there is a way and this quote alone has empowered me today to sum all my emotions into this parting message. The most important quality which I have learned at Hampton Court is an attitude of never to give up. Our worth Principal and beloved teachers have always trained me to accept all challenges of life and overcome them with a smile on my face. I know well life will not be a cake walk but the perseverance inculcated in me will surely one day lead me to my destination.

Mohd. Aasim

One most important factor is to realize what we have gained and what we carry from our school. Initially I thought it will be just scolding and punishments of my teachers which I will carry along but now I realize how wrong I was. I never happen to understand the motive behind those scolding and punishment. It is only now in my last few days of school life that I realize how well those punishments and scolding molded me. Today I realize that how essential it is to ascertain the consequences of our actions and today my teachers have made me wise to plan my future course of actions. I am extremely indebted to all my teachers for bringing me up so well and I promise to make them and my institution proud of me in future.

Divya Panwar

This really means a lot of tears and heavy heart to finally depart. Today I don't want to leave this institution because this place has become the most integral part of my life. I really cherish the moments when I come to school, learning new and creative things from my teachers, play and finally the bell rings for all of us to move back. The journey of life is very long and your school plays a major role in shaping that journey. I must mention that my foundation has been laid in stronghold pillars which will surely keep me strong and secure. I express my heartfelt gratitude towards all the fraternity members of Hampton Court.

Benjamin Joy Kindo

A person who has never explored the world enough is today willing to step out in the world to conquer it. This is the most vital approach of education which had been rooted inside my behaviour by my teachers. Hampton Court has not just prepared me for life but has always guided me with ways and means to live a happy life by offering holistic education. Although there will always a departing pain in my heart but I leave with an optimistic view of meeting my friends and watching them doing really very well in their life.

Khushi Machal

They say that the most beautiful days of your life are the days of your school. I acknowledge that this is indeed a universal fact which I am now realizing, when I have come to an end of my journey at school life. My closest friends also now have plans to go far away from me for pursuing their educational goals. I can now very well realize how I have to start over all once again to find my place, position and value in this world but I must acknowledge and accept that my preparation to set out in the world is full of confidence and all credit goes to my Principal and teachers. I am indeed extremely grateful to everyone for making me independent person.

Harsh Raunchella

Let us not say goodbye but let us promise to meet again with more stories to share and experiences to cherish. I don't personally think it is a goodbye but it is a starting point of a long marathon of life, which will time and again give me a chance to reflect over how well was my beginning and all efforts I need to make the journey more innovative and attractive before I finally achieve my destination. I express my heartfelt gratitude to my Principal and teachers for making my stay at Hampton Court special and memorable. May God always bless the adorable members of this institution.

Vidisha Rawat

My friends and my teachers are the most important thing I have earned at Hampton Court. It will be very painful for me to depart from them. I also realize that the time to leave has come very close and it is not pleasant at all. I have now prepared myself to step out and face what life offers me and accept it and put my best into it. I am thankful to all people who have been responsible for my stay at Hampton Court. May God always make my institution prosper.

Arpit Lekhwar

Life is most often very challenging for those who fear their future but today I am grateful to my teachers who have completely removed this fear from me. They have provided me with enough guidance and knowledge to survive into this world and live with a grateful attitude. My Principal has always been a source of my inspiration and she has made me capable to reason the things and become a life long learner. Thanks to everyone who have helped me throughout.

Nikhil Prakash

Let not the world decide but you by yourself plan your destiny. It will than make your life worthwhile I am not just moving out of this institution with pain of departing but an honour too for a bright future for which my institution has trained me. The values which go hand in hand with knowledge has produced several successful citizens of the country. I too wish to work for my country and its development and also wish to make my school feel proud on me. A big thanks to all my teachers and guardians.

Zuber Ahmed

The most powerful prayer is when you do it for someone else and the noblest profession is when you work for the happiness of others. I start by being grateful to all my teachers for building and shaping me into a bold and bright person. Today I am not hesitant to take initiatives for myself and even on behalf of my friends. I have turned into an innovative person with all creative ideas and approach towards all tasks assigned to me. I must thank all fraternity members who have been my motivation always supporting me and involving me into different activities. I now realize how essential it was to make me explore my complete potential. Once again a I am grateful to all people who are responsible for the beauty I have achieved in my journey of school life.

Mohd. Shakib

The memories of good old time sent together along with my friends will be my energizer for future challenges. I always realized the fact the one fine day I have to leave my friends and school but never ever imagined that this all will happen so soon. My time to say goodbye to my school and friends has finally come and trust me it makes me more sentimental and sad to write this goodbye message. Today I am also falling short of words and wish to just say one thing before I finally leave that Hampton Court is not just a school it is a home to every child and may all the fraternity members are always graciously blessed by God Almighty.

Saniya Khan

When it all started it never seemed to be so special. I never wanted to come to school rather I wanted to go back home with my parents. It indeed took me a lot of time to get accustomed to the routine of this institution. Every teacher in the beginning frightened me until I started realizing that they are my second parents. God has brought them into my life to make me a better human being and see today I have turned into a responsible person. I have learned to value people and accept them the way they are. Also I have learned to acquire more knowledge for a better life. I wish to say thanks to all my teachers and especially our Principal for grooming and making me grow into a decent and sober individual. May God bless and guide us all always.

Sourabh Bhandari

On several occasions I have had amazing and exciting experiences at my school. Sometimes my most mischievous acts have been caught and the punishments have followed. I really remember and shall forever remember these episodes of my school life. One most important factor of school life is to be rectified at every mistake of your wrongdoing which truly imprints an impression on our personality. My teachers have always been a constant source of building my personality and I am very sure that in time to come my personality will leave an inspirational impression on the society. Once Hamptonion forever Hamptonion.

Devansh Rawat

We all are moving out of our Alma Mater for me it is not a happy moment but the only positive factor I drive from this is that life awaits with more beautiful surprises to create more memories. My memories of Hampton Court are very precious to me and will always live with me. I am grateful to all my teachers and our Principal for making me a good human being. I will always remain obliged to all people behind my education and one day I will make them all proud.

Simran Preet Kaur

Very recently I paid a very close attention to the message of our Principal. She emphasized on the importance of discipline and good conduct. Education comes to us is sometimes very small and insignificant ways. Sometimes how we spit on the street or throw the trash is not noted by people but our own conscious. It is then when we realize how wrong or right we are with our actions. I am truly blessed to be a Hamptoinion. Today I can very well differentiate between what is good and bad this is the primary focus of education and my knowledge as well as wisdom has been enlightened at Hampton Court. I leave today with grateful heart and a joyful soul.

Vaishnavi Shukla

It is my association with my friends which I am going to miss the most at my school. My friends at this institution have always been beside me in my thick and thin of life. I must mention that I have found some eternal friends at this institution. We have been mischievous but never exceeded to hurt or harm anyone. Our teachers have always been on our head but today I realize how important it was to make us all independent human beings. We have all learned to take our own independent decisions and be responsible for our own actions. A big note of thanks to all teachers and our Principal.

Pragya Panwar

When it was about making a choice I never appreciated the decision of my parents of sending me to this school but I accept the irony of not leaving this institution today. I must admit that I have been standing at the corners of this school and crying for say a week now. I have started becoming nostalgic about my school every moment since I have realized that all I have is only few days remaining here. All my teachers have had one purpose and today I must say they have accomplished it by making me a confident and independent person. I will surely miss my institution in my life but I also resolve to make my Alma Mater and teachers proud of me.

Vansh Panwar

The most important source of my existence is my God and then my parents. Today before writing my final message I must express my gratitude to my parents and My God for giving me a wonderful opportunity to study at Hampton Court. An institution which has shaped my dreams into reality, it is here I have realized to ways and means to fulfill the vision of my life. My beloved teachers and respected Principal have been a constant source of my inspiration. Today I feel proud and happy to leave my school with a purposeful life and a determination to return and make my Alma Mater proud. Once Hamptonion forever Hamptonion.

Pranjal Pant

There have been several instances where I have never felt the need of going to my school because I was very tired of the regular routine and since I have been told about the last few days which we as a batch have with us, there has not even been a single day that I have taken a leave. It is indeed well said, we realize the value of something only when we realize that it has gone very far away from us. I know the time is not really far now when I will leave my school. It had been a journey of smile and tears, joy and sorrow. However I must mention that my school has given me a key of education which will enable be to lead a happy life. Once Hamptonion forever Hamptonion.

Nisha Singh

I always admired all my teachers on campus they have been my role model and what I love the most about them is how well qualified they are. I also wish to become self sufficient and independent and now I am well equipped to lead a settled life and work for society. I will always miss the time spent at all different corners of school and I wish and pray that God bless our school always and take it to even more greater heights.

Tanu Pandey

We can now have no moving back from here we have to accept and face the reality that the time to part our ways has come. I will surely miss all my friends who have stood beside me in my ups and downs. Today I wish best for all my friends and prayers for my school and teachers who have trained and developed our talents for making our living in this world. I wish we happen to meet again to share our success stories.

Sahil Singh

We all started together to move forward and further towards a bright future. All my friends and all my teachers inspired me to give my best and that is what made me bring out the best version of me. Today I am a very confident person all set and willing to take the challenges of life. I am very confidently moving on the path of prosperity now and it is all because of my teachers and Principal. They have worked hard to make our future glorious. It is at Hampton Court I realized that it is our elders and teachers who sincerely wish the best for their students. My parents and teachers guided me to realize my aim and today I am sincerely dedicated towards my ambition. Thank you everyone!

Vansh Prasad Pandey

My moment to write my last message has come. I have enough to write several pages of this magazine but I will use only the most precious out them all. I am very grateful to my Principal and my teachers for shaping me out into a joyful human being who keeps empathy also for others. I want to bring a positive change into the world and make people more sensitive towards others. I want to make my school proud by my own small ways and means. May God always bless my school , forever Hamptonian.

Ishika Singh

The day started with morning assemblies and by the afternoon we would have become multi – tasking learners. The routine of our school was evident for our multi-sensory knowledge. The experiential learning at Hampton Court has made me responsible and confident. I am moving into the world which has a lot to offer in terms of success and prosperity and I am very grateful to my teachers for making me able to be absorbed into the world. Forever Hamptonian

Anviksha Negi

They say tomorrow never comes but I say a beautiful tomorrow is waiting for me and my friends. I am very optimistic towards life and I am sure it will surely fulfill all my dreams one day all I need to do is to work hard. This is the most important quality I have imbibed from my school. I am thankful to all my teachers and my Principal for giving me this opportunity to be the part of such a loving and adorable family. Forever Hamptonion.

Sticks and stones may break my bones
But words will break my confidence
Words will make me doubt myself
And even stop me from being proud of myself

They never noticed what they said
But it always made me feel so bad
I always felt like dying
Whenever I remember those words each and every time

They made me regret about the way I talk or act,
But never even regretted about what they said
They laughed and joked about my insecurity
And made me believe that everyone feels the same about me

But no matter what they said
I never lost my real self
The one who thinks twice
Before saying anything that is not nice.

A True Friend

One who helps me in need.
Is my true friend in deed.
She should be outstandingly smart
To occupy endless space in my heart
She should be soft as rice
Not hard and cold as ice
We may something indulge in a fight
But it should not last more than a night.
It would always be interesting
To have a friendship so ever-lasting.

A Teacher

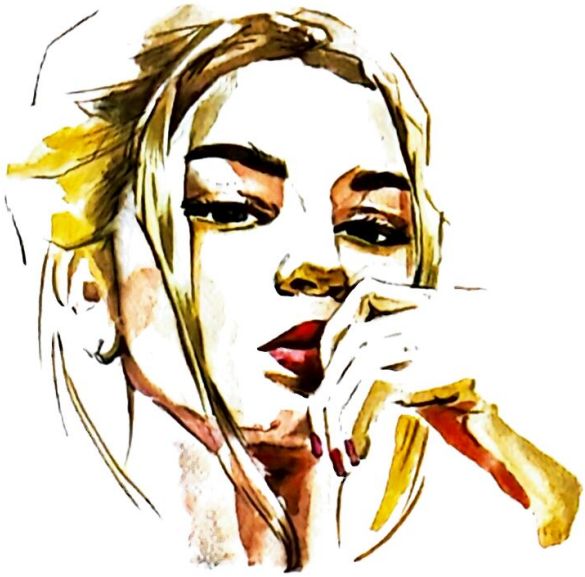

All day she works,
Gives up her day
And her joy and perseverance
So pious and sacred!
For only her students
She hides her tiredness
With a smile on her face
She loves her duty
With only a brilliant grace
She makes doctor
She tells about God
She teaches about the world
Sometimes she is strict in nature
Only for children's future
An unlimited source of knowledge
She is a true teacher

EMPOWERMENT

Oh woman! Oh woman!
You are the mother
You are the caretaker, the peacemaker

Oh woman!

But why does everyone still hate you then,
Oh woman!

But why does everyone still consider you weak then,
Oh woman!
You spent your life for them
You did everything for them without any expectations
Oh woman!

But why does everyone still disrespect you then,
Oh woman?
You always give them your share of happiness
You always saved for them the best
even if you had the worst left for yourself
Oh woman!
But why does everyone still consider you unequal then
Oh woman!

My Past... It Haunts...!

Our future bolds beautiful things standing mast,
But some petrifying things are buried in the past.
My future resembles a tale, but there's something which turns me pale.
My past it daunts.

It fossilizes me, taking away all my glee. It just comes like a breeze,
which forces me to freeze.
On this My Past Flaunts.

Weary is what I feel, and it know my achillies heel.
We had voyaged quite a time together
And none of us thought of flocking our feather.
About this It still Vaunts.

I am trying to find an escape route, Causes with past the world
It also Brute.
Its bad memories still forsakes me,
And tries snatching away all my new found glee.
To remind all this, it has Jaunt.
My Past It Haunts!

Box with RGB

Why hello there, Big box of mine
"What adventure now" it replied
It's simple; you're in for a treat
Just one more quest left to beat
"That's the third time this week" it barely spoke
Alas I'm sorry, but you need to cope
With my finger on the keys and my eyes to the screen
I head to a place where silent ninjas dream
A place so sunny, serene, and bright
With death and destruction, full of plight
I crack my knuckles and get ready to slaughter
Collecting blood that's fit for the alter
After some time with my wish fulfilled
I set the box to sleep please hand him a quilt
Before that, I admire it thorough
It has 27 blades which in light they glow
I cast it to bed; it helped me wipe my sorrow
I wonder what adventure is next tomorrow.

Friendship

Friendship is one of the most precious gift of life. Friends are those who help you enjoy with you, understand you. We know many people in our life, but not all are friends. Friend is that person who understands you more than you. Friends should be chosen carefully because good friends lead us on good paths, whereas bad friendship may spoil our life by leading us on wrong path. Our bad times make us realize about our good and bad friends. The true friendship is based on loyalty and support. A good friend is person who stands with you when times are tough. Friendship does not mean only understanding and helping. It needs some patience, naughtiness, love etc. So true friends are pillar of life. They are the precious gift that we have achieved. We should learn to love, care and have patience with our friends.

I have my good + best friends with me who always supported me!

Save Her

Lives are crying because it's not clean
Earth is drying because it's not green
Earth is our dear mother, don't pollute it
She gives us food and shelter just salute it
With global warming it is in danger
Let's save it by becoming a strong ranger
With dying trees and animals its in sorrow
Make green today and green tomorrow
With melting snow one day it will sink
How can we save it, just think?
Trees are precious, preserve them
Water is treasure, reserve it
Grow more trees make mother earth green
Reduce pollution and make her a queen
Save Her, Save Her.

Flight

Have you ever
Felt the urge, to fly?
Spread your wings
Feel the air in your face
Soaring above grace

But I , have no wings
Or Faith
Staring at the jump,
I would take.

Instead, I walk away
To try again tomorrow
Hoping I grow wings
In the night
That will take flight,
With my sorrow.

GREAT SUCCESS IS OFTEN PRECEDED BY FAILURE...

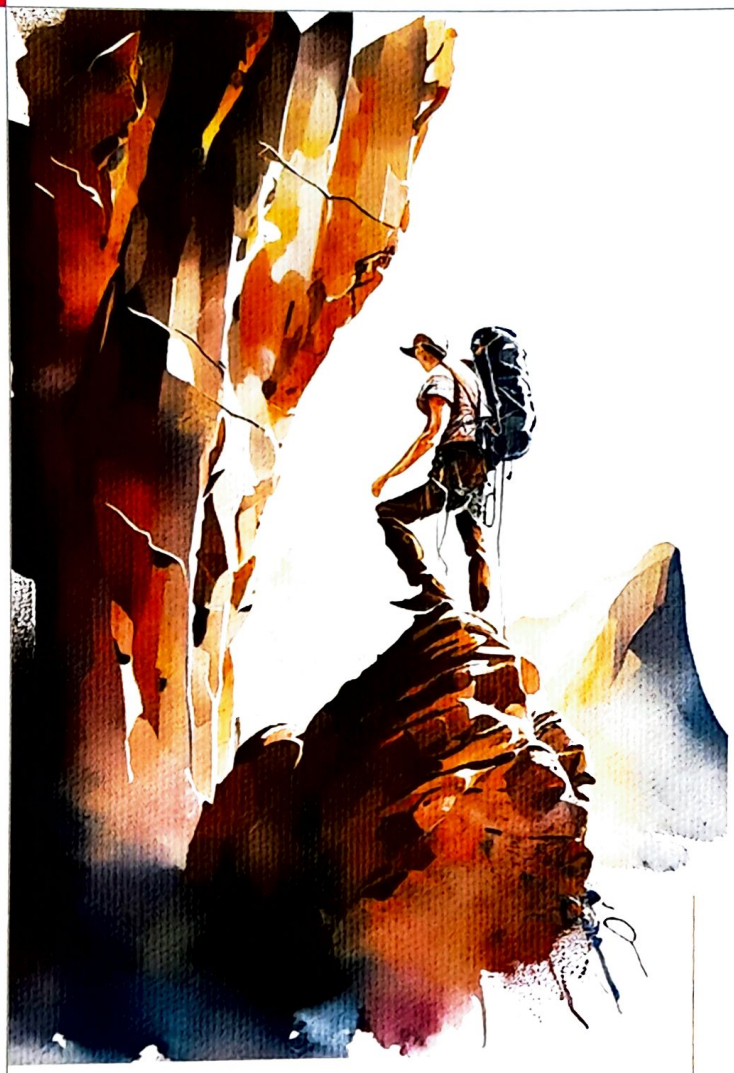

You will never experience true success until you learn to embrace failure. Your mistakes pave the way for you to succeed by revealing when you're on the wrong path.

The biggest breakthroughs typically come when you're feeling the most frustrated and the most stuck. It's this frustration that forces you to think differently, to look outside the box and see the solution that you've been missing.

Success takes patience and the ability to maintain a good attitude even while suffering for what you believe...

Failures are the stepping stones to success

The best way out is always through without failures, there is no true achievement. We all know the quote, "Failures are the stepping stones to success." Yet when we fail to achieve success we become unhappy with ourselves and start believing that we aren't capable of that. That's not true. Nothing teaches us better lessons than failures. Failures don't put an end to our life. It gives us a new challenge, a new purpose. When we overcome a challenge, we are not the same person we used to be. We become stronger; a better one without these challenges, our life becomes boring. These obstacles give us a new meaning to life. So we must learn to bring out the positives from the negatives. When one door closes, another door opens. We just need to remain calm and patient. Good things take time. Don't ever be ashamed of the scars life has left you with. A scar means the hurt is over and the wound is closed It means you conquered the pain, learned a lesson, grew stronger, and moved forward. See your scars as a sign of "YES! I MADE IT! I survived and I have my scars to prove it! And now I have a chance to grow even stronger.

Without darkness, one can never know how powerful light is. Without sadness, one can never know the true taste of happiness without defeats; one can never cherish the victory they yearned for. It's the negativity in life that brings out the better positives. We just need the perfect timing and the opportunity. Yes, life can be tough, but you are tougher. Find the strength to laugh every day. Find the courage to feel different, yet beautiful. Find it in your heart to make others smile too. Don't stress over things you can't change. Live simply, Love generously. Speak truthfully. Work diligently. And even if you fall short, keep going and keep growing. You can stay motivated even when you're struggling

Don't be afraid to get back up to try again, to love again, to live again, and to dream again

Tourism in Mussoorie

As widely acknowledged, Mussoorie stands as an eminent hub for tourism and leisure pursuits Yet, during the peak tourist season, the region grapples with an inundation of vehicular traffic, an influx of visitors, and a proliferation of vendors. Regrettably, this congestion invariably engenders traffic gridlock and an assortment of predicaments, while concurrently compromising the immaculate ambiance and pristine landscapes that characterize Mussoorie. The local climate oscillates predominantly between rainy spells and frigid winters.

Tourism, as a promising avenue for economic growth and investment, undeniably carries substantial benefits. However, when unchecked, it precipitates an array of complications, encompassing criminal activity, urban congestion, and spatial limitations. The course of this trajectory necessitates adept governance and prudent civic engagement.

A commendable tourism destination must exhibit an inherent capacity for cleanliness and efficient management. Encouragingly, the conscientious efforts of Mussoorie's inhabitants are gradually transforming it into a more well- ordered locale. The city remains accessible to broad demographic, proffering basic amenities without unduly burdening the financial outlays of its residents These endeavors bode well for Mussoorie's future trajectory:

The matter of expenditure presents a formidable challenge within Mussoorie, as it reverberates through the regional economy. It also resonates within the culinary sphere, where provisions are occasionally marred by staleness or suboptimal preparation, notwithstanding their disproportionately elevated price points. Such circumstances invariably translate into supplementary costs and augmented profit margins for purveyors of sustenance.

Moreover, the geographic disposition of Mussoorie renders it susceptible to natural calamities, particularly landslides, instigating valid concerns among its populace. Additionally, the city's relative remoteness poses logistical challenges in terms of access to other parts of the nation.

The merits of residing in Mussoorie are manifold. The region is characterized by breathtaking natural vistas, featuring luxuriant hills and verdant valleys. Complemented by a temperate climate, marked by balmy summers and temperate winters. Furthermore, its status as a coveted tourist enclave ensures a diverse spectrum of recreational activities and attractions for residents and visitors alike. On the economic front, a relatively modest cost of living renders Mussoorie an affordable residential choice.

However, the flip side of residing in this idyllic locale comprises certain drawbacks, including a dearth of contemporary infrastructure and essential amenities. The provision of healthcare and other crucial services remains somewhat limited. The geographic vulnerability to landslides and related natural disasters also demands vigilant preparedness. Lastly, the region's geographical isolation may impede easy access to other parts of the nation.

Revitalizing Indian Tourism

Overcoming Challenges and Promoting Diversity

India has been called a tourists paradise. Yet, there some few problems that the tourists face while in India. For instance, there is the incredible communication issue. For tourists visiting from foreign countries, expressing themselves in a language they barely know is a daunting task. Also, knowing English is not always helpful. Yet there are a few problems such as language problems. Cleanliness and hygiene, transportation, safety, etc. are a few other issues which is dragging the good name of Indian Tourism to dust. India is losing many of its foreign tourists. In order to re-establish INDIA as a Tourist's paradise, the government must advertise India's diversity and rich heritage. India is a country, which may have branched out to modernism however; her roots are stepped deep in traditions and culture. Foreign tourists appreciate these tradition a lot. One of the bigger reasons why foreign tourists avoid visiting India is that they don't feel safe here. There has been instances when foreign nationals have faced harassment but couldn't acquire help from the locals due to communication problems. Therefore, the citizens of India must ensure safety of foreign tourists so that they feel comfortable and at home. The foreigners should be made to feel safe and secure in our country.

Appointments of trained guides for the tourists to benefit them and get them acquainted about the cultural heritage of India. These measures will surely attract them towards India and enhance tourism.

You are not a victim of circumstance No one can force you to make decisions and take actions that run contrary to your values and aspirations.

The circumstances you're living in today are your own - you created them.

Likewise, your future is entirely up to you. If you're feeling stuck, it's probably because you're afraid to take the risks necessary to achieve your goals and live your dreams.

When it's time to take action, remember that it's always better to be at the bottom of the ladder you want to climb than at the top of one you don't.

चोरी हुआ टापू
लोक–कथा
(अंडमान निकोबार)

बहुत समय पहले काकना गाँव के पास एक छोटा–सा टापू था। छोटा होने पर भी वह एक दर्शनीय टापू था। उस पर कोई रहता नहीं था। लोग उस पर सिर्फ घूमने और शिकार करने के लिए जाते थे।टापू पर साका नाम का एक पक्षी भी आता–जाता था। पूरी दूनिया में वह एक ही पक्षी था। वह छोटा परन्तु बहुत चतुर–चालाक था।

वर्षों तक साका टापू में उड़ान भरता रहा। उसको टापू इतना अधिक भाया कि उसने उसे अपने साथ ले जाने की योजना बनाई ताकि उसके रहने की जगह हमेशा खूबसूरत बनी रहे । उसके सिवा कोई और वहाँ न हो ।

एक रात, जब सारी दुनिया सोई हुई थी, साका ने सोचा–– अच्छा मौका है। ऐसे में मुझे इस टापू को ले उड़ना चाहिए।

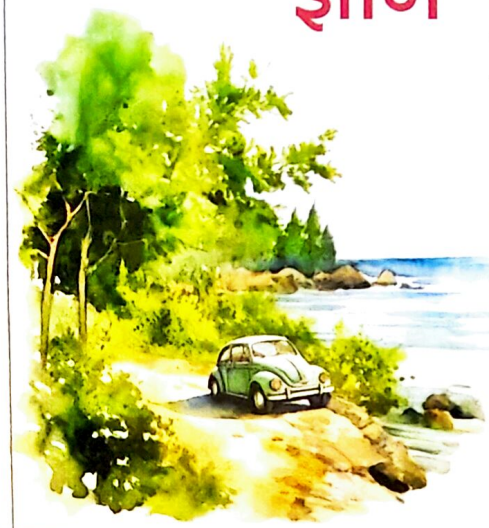

साका कल्पना में खो गया। उसे लगा कि पूरा टापू उसके घर में है और वह आराम से टापू में उड़ान भर रहा है। वहाँ उसका एक प्यारा घोंसला है। तरह–तरह के दूसरे पक्षी आसपास चहक रहे हैं। सभी उस टापू की प्रशंसा कर रहे हैं और वहाँ रुक जाना चाहते है। अचानक उसकी तन्द्रा टूटी और वह उस छोटे टापू को पीठ पर लादकर अपने निवास की ओर उड़ चला।

साका छोटा था। वह बड़ी सावधानी के साथ उस भारी–भरकम टापू को लेकर उड़ रहा था। दिन निकलने से पहले वह अपने निवास पर पहुँच जाना चाहता था। लेकिन समय उसकी उड़ान की तुलना में तेजी से गुजर रहा था। जैसा कि उसको डर था, रात समाप्त हो गई। दिन निकल आया। लोग जाग उठे। उन्होंने साका को टापू लेकर जाते हुए देख लिया।

पूरब की ओर से आती सूरज की पहली किरण पड़ते ही साका ने टापू को नीचे फेंक दिया और तेजी से अपने निवास की ओर उड़ गया।टापू उलटकर समुद्र में जा गिरा।लोगों का मानना है कि चौरा के रास्ते में सागर के बीच झाँकता छोटा टापू ही वह चोरी हुआ टापू ।

गाय, बछड़ा और बाघ

उत्तराखण्ड (कुमाऊं) की लोक–कथा

किसी गांव में एक गाय और उसका बछड़ा रहता था। गाय रोज हरी घास चरने जंगल जाया करती थी ताकि उसके बछड़े को दूध मिलता रहे।

बछड़े को अधिक दूध पिलाने की इच्छा गाय को दूर दूर तक जंगल में घास चरने जाने के लिए प्रेरित करती। घास चरते चरते गाय एक दिन बहुत दूर तक निकल गयी। चरते–चरते गाय एक बाघ के इलाके तक पहुंच गयी। बाघ की नजर जैसे ही गाय पर पड़ी वह उसकी तरफ आगे बढ़ा। गाय बाघ को आता देख भयभीत होने लगी, वह बाघ से बोली– दाज्यू, मुझे जाने दो, घर पर मेरा बछड़ा मेरा इंतजार कर रहा है। वह भूखा होगा। मुझे आज जाने दो मैं वादा करती हूं उसे दूध पिलाकर वापस यहां आ जाऊंगी तब तुम मुझे खा लेना।

गाय की बात सुनकर बाघ हंसने लगा। और बोला – मैं बेवकूफ लगता हूं क्या? तुम एक बार गयी तो वापस नहीं आओगी, यह बातें तुम सिर्फ अपनी जान बचाने के लिए कह रही हो। मुझे भूख लगी है, मैं तुम्हे खाकर रहूंगा।

गाय ने बहुत मिन्नतें की, बछड़े की दुहाई दी। पर बाघ नहीं माना। लेकिन गाय निरन्तर मिन्नत करने लगी। आखिर बाघ का मन पसीज गया और उसने गाय को जाने की इजाजत दे दी। और कहा कि अगर तू कल वापस नहीं आयी तो तेरे वहां आकर तुझे और तेरे बछड़े दोनों को खा जाऊँगा।

गाय ने उस समय तो राहत की सांस ली परन्तु जैसे जैसे वह घर की तरफ बढ़ती जा रही थी उसे अपने दिये वचन का ख्याल आते ही उदास हुये जा रही थी। आखिराकर गाय घर पहंची, बछड़ा गाय को देखकर खुश हुआ और दूध पीने लगा। गाय उसे प्यार करती, पुचकारती। मां को उदास देखकर बछड़े ने उदासी का कारण पूछा। गाय ने सारी बात बता दी।

बछड़े ने पूरी बात ध्यान से सुनी और कुछ देर सोचने के बाद बोला– मां इसमें उदास क्यों होना, कल मुझे भी लेके चलना, मैं बाघ मामा को समझा दूंगा।

गाय ने समझाया कि बाघ एक जंगली जानवर है और उनमें दया भाव नहीं होता, पर बछड़ा नहीं माना। गाय के लाख मना करने के बाद भी जब बछड़ा नहीं माना तो गाय ने साथ आने की इजाजत दे दी।

दूसरे दिन गाय और बछड़ा जंगल की तरफ चल दिये। थोड़ी देर में वह बाघ के सामने पहुंच गये। अब गाय को अपने बछड़े के मारे जाने का भय अधिक सताने लगा। वह विवश थी। गाय बोली– बाघ दादा मैं अपने कहे वचन के मुताबिक आ गई। मुझे खालो और मेरे बछड़े को जाने दो।

इतने में बछड़ा बोला – नहीं बाघ जी आप पहले मुझे खालो।

गाय, बछड़े को चुप कराते हुये बोली– नहीं, नहीं आप मुझे खालो। बछड़े को जाने दो।

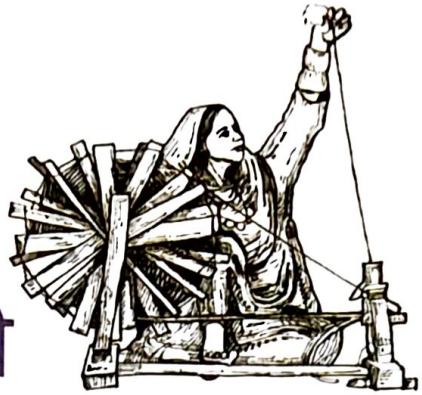

नहीं नहीं कहते बछड़ा बाघ के सामने चला गया।

इतने में बाघ हंसते हुये बोला कि न मैं तुझे खाऊँगा न ही तेरी मां को। जो अपने वचन पर अपनी जान की परवाह न करते हुये यहां तक आगयी उसको मैं क्या हरा पाउगां। और दूसरी तरफ तू है जो अपनी मां के बदले अपनी जान देने के लिये तैयार है। मुझे खाना होता तो मैं गाय को कल ही खा लेता । मैं तो बस यह देखना चाह रहा था कि गाय अपना वचन निभाती है कि नही।

बाघ ने बछड़े को बहुत प्यार किया। और उन दोनों को घर तक छोड़ने भी गया।

खादी

खादी भारत में बनने वाले कपड़े को कहते हैं। खादी वस्त्र सूती, रेशमी या ऊन से बने हो सकते हैं। इनके लिए बनने वाला सूत चरखे की सहायता से काता जाता है। खादी की विशेषता है कि वह शरीर को गर्म रखते हैं । खादी का अर्थ है ''हाथ से बना मोटा कपड़ा'' सूत के बने कपड़े गर्मी और सर्दी के लिए अनुकूल होते हैं । माना जाता है कि गर्मी के मौसम में वह पसीना सोख लेते हैं साथ ही मजबूत होने के कारण सर्दियों में ठंड से बचाते हैं। यह वस्त्र जितने धोए जाते हैं उतना ही इनका लुक बेहतर होता जाता है । यह शब्द महात्मा गांधी के स्वदेशी आंदोलन की एक तस्वीर को जोड़ता है यह बात तो हम सभी जानते हैं की खादी लंबे समय तक देश के स्वतंत्रता संग्राम और राजनीति से जुड़ी रही है। खादी एक कपड़ा है जो हाथ से काता जाता है और हाथ से बनाया जाता है। हालांकि खादी को रेशम और ऊन से भी बनाया जा सकता है। जिसे खादी रेशम या ऊनी खादी के नाम से भी जाना जाता है। खादी के कपड़े को इसकी बनावट, आरामदायक एहसास और गर्मियों में लोगों को ठंडा रखने की क्षमता के लिए जाना जाता है। गांधीजी द्वारा खादी आंदोलन का उद्देश्य विदेशी कपड़ों का बहिष्कार करना था। महात्मा गांधी ने 1920 के दशक में भारत में ग्रामीण स्वराज और आत्मनिर्भर बनाने के लिए भारतीयों को खादी का सूत बनाने के लिए प्रेरित किया और मेरा मानना है कि गांधी जी के द्वारा यह चलाया गया खादी आंदोलन हर एक हिंदुस्तानी के लिए बहुत महत्वपूर्ण है।

बापू

संसार पूजता जिन्हें तिलक, रोली, फूलों के हारों से,
मैं उन्हें पूजता आया हूँ बापू ! अब तक अंगारों से ।
अंगार, विभूषण यह उनका विद्युत पी कर जो आते हैं,
ऊँघती शिखाओं की लौ में चेतना नई भर जाते हैं ।

मानवता का मर्मी सुजान ! आया तू भीति भगाने को,
अपदस्थ देवता को नर में फिर से अभिषिक्त कराने को ।
तू चला, लोग कुछ चौंक पड़े, तूफान उठा या आंधी है ?
ईसा की बोली रूह, अरे ! यह तो बेचारा गाँधी है ।

इतिहास चला, पर, नहीं मुग्ध होकर ज्वलन्त भाषाओं से,
वह चला स्वयं प्रेरित होकर अपनी अस्फुट आशाओं से ।
मानवता का इतिहास, युध्द के दावानल से जला हुआ,
मानवता का इतिहास, मनुज की प्रखर बुद्धि से छला हुआ ।

दानवता से मैं भी अधीर, नर पर मेरा भी सहज प्यार,
मैं भी चाहता पकड़ पाऊँ इस अमिट प्रेम का क्षीण तार ।
पर, हाय, प्रणय के तार ! छोर बस एक हमारे कर में है,
क्या अन्य छोर भी इसी तरह आबद्ध अपर अन्तर में है ?

उत्तर दे सकता कौन ? शान्त, मेरे शंकाकुल कुटिल हृदय ।
जब तक शंकाएँ शेष, नहीं दर्शन दे सकता तुझे प्रणय ।
चाहता प्रेम–रस पाना तो हिम्मत कर, बढ़कर बलि हो जा,
मत सोच, मिलेगा क्या पीछे, पहले तो आप स्वयं खो जा ।

लज्जित मेरे अंगार; तिलक माला भी यदि ले आऊँ मैं ।
किस भांति उठूँ इतना ऊपर ? मस्तक कैसे छू पाँऊं मैं ।
ग्रीवा तक हाथ न जा सकते, उँगलियाँ न छू सकतीं ललाट ।
वामन की पूजा किस प्रकार पहुँचे तुम तक मानव विराट ?

अनमोल वचन

- दोबारा प्रयास करने से कभी घबराए नहीं क्योंकि इस बार शुरुआत शून्य से नहीं अनुभव से होगी।
- अपने आप की तुलना किसी से मत करो यदि आप ऐसा कर रहे हैं तो आप स्वयं अपना अपमान कर रहे हैं।
- फूलों की सुगंध केवल वायु की दिशा में ही फैलती है लेकिन व्यक्ति की अच्छाई हर दिशा में फैलती है।
- आपकी आज गवाई हुई नींद आपको कल अच्छे से सोने का मौका देगी।
- गुरुर में इंसान को इंसान नहीं दिखता जैसे छत पर चढ़ जाओ तो अपना ही मकान नहीं दिखता।
- मेहनत का फल और समस्या का हाल देर से ही सही लेकिन मिलता जरूर है ।

शिक्षक

जीवन की राह दिखाते हैं शिक्षक,
गिरते है जब हम, तो उठाते हैं शिक्षक,
जीवन की राह दिखाते हैं शिक्षक।
अँधेरे यहाँ पर बनकर दीपक,
जीवन को रोशन करते हैं शिक्षक ।
कभी नन्ही आँखों मैं नमी जो होती,
तो अच्छे दोस्त बनकर हमे हसांते हैं शिक्षक।
झटकती है दुनिया हाथ कभी जब,
तो झटपट हाथ बढ़ाते हैं शिक्षक।
जीवन डगर है जीवन समर है
जीवन संघर्ष सिखाते है शिक्षक।
देकर अपनी ज्ञान की पूंजी,
हमे योग्य बनाते है शिक्षक ।
इस देश और दुनिया के लिये,
एक अच्छा समाज बनाते है शिक्षक ।
नहीं हो कही अशांति,
बस यही एक पैगाम फैलते हैं शिक्षक ।
गिरते है जब हम, तो उठाते हैं शिक्षक।।
