#### LIFE'S CHASE

The laughter and the tears, The truths and the fears,

Time flowing like a river's course,

While the wind whispers with no remorse.

Not just a stroll down the neighborhood lane,

But a journey through hardships and memories gained,

We tread the path on our two feet so sure,

Singing along, our spirits remaining pure.

Then soaring high above with all our might,

Leaving the past behind, out of our sight,

Beyond limits and the vast skies,

Far from city lights and worldly ties.

Each moment, each breath we take,

Until the veil lifts and reveals our fate,

From choices turned into life's mission,

It's not bleak; we seek a clearer vision.

The past, present, and the future's embrace,

Are the beautiful pieces of life's intricate chase.
