## Happy Lohri Celebration

Lohri marks the end of winter and is considered to be the commencement of happiness. It is not just a harvest festival; it is a celebration of life, fertility, and the triumph of good over evil. The bonfire, a central element of Lohri, is believed to drive away the darkness and evil spirits. On the occasion, teachers and admin staff gathered in the school field where a bonfire was lit. Folk songs were played to make the mood and soon everybody joined in the energetic rhythm! Peanuts, popcorn, and gajak were handed out to the great delight of everyone. While some offered these in the holy fire, others happily munched on them.

## MY FAVOURITE TOY

My favourite toys are my dolls. I have many other toys, but I love playing with my dolls the most. I have many dolls gifted to me by my parents and family. My favourite doll is a cute little Barbie I got on my last birthday from my mother . I have named my Barbie Masha after my favourite cartoon character Masha from the “Masha and the Bear” cartoon series. She is a beautiful doll with blue eyes and long golden hair. I dress her in different clothes every day. Together with my friends, we spend hours playing with our dolls. I love Masha, the most.

# MATHEMATICS

A true inner feeling expressed by a child-

“Mathematics is Seven or Eleven,

But it takes many students to heaven.

Mathematics is a subject of wonders,

Where all brilliant students get good numbers.

Here is a small nuclear family of Mr. Mathematics,

Where the mother is *Geometry* and the father is *Statistics*.

The brother is *Calculus* and the sister is *Trigonometry*,

Oh! What a problematic gentry.

Oh! My dear mathematics, please become a little easy,

So, that you don't drive the students crazy.

If you will still keep creating wonders,

We, Your dear ones, will keep on making blunders.
