## **FUN DAY FOR SUPPORTING STAFF**

Delhi Public School, Mohali organised a Fun Day for the supporting staff on 5th December 2025, with the objective of acknowledging their dedicated service and promoting overall well-being and camaraderie within the school community. The initiative served as an expression of appreciation for the staff's continued commitment and hard work.

The programme commenced with an informative session on nutrition delivered by students, focusing on the significance of balanced diets and healthy lifestyle practices. This session provided valuable insights and was well received by the participants.

Subsequently, a series of structured recreational activities—including Pass the Parcel, Musical Chairs, and Pictionary—were conducted to encourage active engagement, relaxation, and team bonding. A special interactive segment invited staff members to come forward and share or perform something of their choice, thereby fostering confidence, mutual understanding, and stronger interpersonal connections.

The event concluded on a cheerful and energetic note, featuring a group rhythmic activity that added enthusiasm and positivity to the gathering.

The Fun Day successfully reinforced the values of unity, recognition, and well-being, reflecting the school's commitment to building a supportive and harmonious work environment for all members of its community.
