Delhi Public School Mohali Presents Arcobaleno - A Symphony of Colours

The annual function of Delhi Public School Mohali's pre-primary section was a kaleidoscope of colours and creativity, with the theme 'Arcobaleno - A Symphony of Colours' taking centre stage! The event, held on March 9, saw tiny tots showcasing their talents through vibrant performances for their parents who beamed with joy as their little ones danced, played and performed on stage.

The young students presented 'Vibgyor', a colourful assembly that amalgamated the seven colours of the rainbow, filling the stage with energy and vibrancy. The presentation brought classic stories like 'Little Red Riding Hood' and 'Krishna' to life, with the little ones dressing up as their favourite characters and wading into the magical world of colours imagination.

The event was graced by honourable Director Mrs. Reema Dewan who praised the efforts of the students, teachers and staff, commending the wonderful display of creativity and talent. The function was a testament to the school's focus on holistic development, and left everyone in awe of the young performers' energy and enthusiasm.
