Skill-Based Saturday Organised at Delhi Public School, Mohali

Delhi Public School, Mohali, successfully organised a Skill-Based Saturday on April 05, 2025, a vibrant initiative aimed at fostering holistic development among students through a blend of fun-filled and educational activities.

The day witnessed enthusiastic participation from students across various classes in a series of well-planned, engaging sessions. From yoga and meditation, which encouraged mindfulness and well-being, to creative and critical thinking games that stimulated young minds, each activity was designed to foster both cognitive and physical growth. Students also took part in a Gratitude Chain, where they expressed appreciation for the things they are grateful for, and a Vocabulary Building Game aimed at enhancing interpersonal skills. A key highlight of the day was the National Level Painting Competition, where students showcased their artistic talent and imagination on a grand stage.

Skill-Based Saturday proved to be a perfect amalgamation of learning and enjoyment. Initiatives like these go a long way in unlocking students' full potential and encouraging them to learn in a dynamic and interactive environment. By stepping beyond the conventional classroom setup, the school reinforces its commitment to the holistic development of every child.

Overall, it was a fruitful and fun-filled day—one that left students inspired, energized, and eager for more such enriching experiences.
