### **DPS Mohali Celebrates Earth Day with Creativity and Purpose**

"We have not inherited the world from our forefathers - we have borrowed it from our children"

Delhi Public School, Mohali, proudly participated in the global celebration of Earth Day 2025, fostering environmental consciousness and creativity among its students. On this occasion, the school organized a range of activities that brought together young minds to promote sustainability and protect the planet.

The students showcased their artistic talents through poster making, bookmark creation, and slogan writing, expressing their love for the Earth and highlighting the importance of preserving our natural resources. The tiny tots also enthusiastically participated in these activities, demonstrating their innate connection with nature.

Through these initiatives, the school aimed to instill a sense of responsibility among its students, encouraging them to become active citizens of tomorrow who prioritize the well-being of the planet. By engaging in such activities, the students developed a deeper understanding of the significance of environmental conservation and the role they can play in protecting the Earth.

The Earth Day celebration at DPS Mohali served as a reminder of the collective responsibility to preserve our planet for future generations. The school's efforts to promote sustainability and environmental awareness among its students are a testament to its commitment to shaping responsible and eco-conscious individuals.
