

Loreto Convent Intermediate College

Lucknow

HOLIDAY HOMEWORK (2026-27)

CLASS VIII

BIOLOGY

Note: Project to be done on interleaf sheets.

Leaves are Water Factories

Activity: Create an experimental setup by tying a polythene bag around a leafy branch.

Leave it for 2-4 hours and observe the change. Click pictures of the same and paste colored images on the unruled side of interleaf sheets.

Write the following on the ruled side of interleaf sheets.

1. Aim of the Experiment
2. Requirements
3. Methodology
4. Observation
5. Conclusion
