

Loreto Convent Intermediate College

Lucknow

Holiday Homework (2026-27)

Class XI

Psychology

- Students are required to prepare the theoretical background related to the topic Attention and the practical experiment **The Stroop Effect** as prescribed in the ISC Psychology syllabus.
- Students may refer to the following topics for the **Basic Concepts** section and may add more relevant syllabus-based content to enrich their project work:
 1. Conceptualizing Attention
 2. Selective Attention
 3. Theories of Attention
 4. The Core Psychological Mechanism: Cognitive Interference
 5. The Stroop Effect
 6. Theories of the Stroop Effect
 7. Key aspects
- Students may also add: relevant diagrams/flowcharts; real-life examples or case studies; newspaper articles/quotes related to the topic
