Holiday HW for class VIII

Topic: Identifying and classifying Apps

1. Open your desktop/laptop and list three installed Desktop apps.

2. Access your Smartphone or tablet and list three mobile apps.

3. Identify at least three Web Apps you frequently use (e.g., Google Drive, YouTube).

4. Create a table in your notebooks with columns: App name and key features.

5. A separate page must be taken for each type of App.

6. Fill the table based on your research.
