Ven. Mary Ward

Dear Students, Parents and Faculty,

With the setting of the Sun comes the end of a day and as we stand at the threshold of a year that's ended and one that is beginning to start, I would like to pen a few of my thoughts down.

Firstly, with the beginning of each academic session, I would be failing in my duty to extend a warm welcome to all our students, parents and Faculty members. The year that has elapsed developed within us a greater enthusiasm, fervour and a penchant for growth, learning and development.

This passed year reinforced Loreto Convent Intermediate College's commitment to providing a nurturing environment to its students which in turn fostered academic excellence, creativity and character building.

All through last year, it was observed that our dedicated faculty and staff are passionate about helping our students reach their full potential and achieve their goals.

Through this year, we explored new ideas, new skills and built a stronger relationship among the members of our school community.

I am sanguine in my belief that together, we made this academic session a memorable one that shall be fondly remembered and cherished by the students for decades to come.

I would like to take this opportunity to thank our parents for their continued support and trust in our institution.

Your partnership, support and solidarity is invaluable to us and we look forward to working together to ensure the success of our students.

To our students, I would like to say that we believe in you and your abilities. We encourage you to take risks, ask questions and pursue your passion. We are here to guide and support you at every step of the way.

Let's make this coming academic session one of discovery, growth and achievement.

Together, we can make a difference.

To my dear teachers, we value the importance of education in shaping the future of our children. I appreciate your efforts in creating a supportive and inclusive environment that fosters academic excellence, creativity and character building.

May the school continue to thrive and inspire future generations.

"Let your life be one of service to others."
Ven. Mary Ward

These words from our Foundress, Mary Ward, resonate deeply with us as we reflect on her vision and the enduring legacy, She woman ahead of her time, steadfast in her belief that was a women had the power to shape the future. She understood that when women are given the gift of education, they gain the strength and wisdom to shape not only their own lives but the future of the world itself.

At Loreto Convent, we embrace her belief that education is not just the accumulation of knowledge but a means to equip every woman to become a force for change, We are committed to empowering our students, teaching them not only to learn but to lead, to rise with integrity, to advocate for justice, and to shine with compassion. We know that when women are empowered, they become champions for a better tomorrow leaders who can heal, inspire, and transform the world.

Mary Ward's virtues of freedom, sincerity, joy, and love remain our guiding lights.

They remind us that our true purpose lies not in what we achieve for ourselves, but in how we serve others with selflessness, grace, and an unwavering commitment to truth and justice. It is through embodying these values that we can spark profound change- -one act of kindness, one moment of courage at a time. As daughters of Mary Ward, we are called to live her legacy by doing ordinary things in extraordinary ways. To approach all we do with passion, with joy, and with a deep sense of responsibility. We are reminded that even the smallest of gestures, done with love, can change lives.

one that is marked by the courage, Let us continue to build a compassionate, just society wisdom, and love of women empowered to act with integrity. Together, we will create- a world where the values of Mary Ward shine brightly, transforming lives and communities, and ultimately making the world a place of greater justice and hope.

THE TALKING TREE

TIME TRAVEL

Once upon a time there was a girl named Sammy. She loved to play in the garden. One day she saw a tree with mouth. She said "Why does this tree have a mouth?" She went to the tree and said, "Hi tree!" The tree replied "Hi if you say the magical words I'll give you lots of candies". Sammy said, "Cute tree can you please give me the candies". The tree gave lots of candies to Sammy. She thanked the tree and called her friends. They happily shared the candies.
THE END.

One afternoon, I was playing in the park when I saw a shiny robot with big round eyes and tiny wheels. It looked at me and said, "Hello, I am Zora from the future." When I didn't believe it, Zora invited me to see the future.

We stepped into a shiny ball, and in a flash, I was 50 years ahead! There was greenery everywhere, sunlight-powered bubbles replaced cars, and machines cleaned the air and water. Robots helped in smart greenhouses, and everything was digital and eco-friendly. Back in the park, Zora waved goodbye and vanished. I was amazed and knew we could make this future real if we cared for our planet.

PROTECTING NATURE DEW DROPS

Nature is like a big, beautiful gift for everyone. It gives us clean air, fresh water, and pretty places like forests, rivers, and mountains. It is like a delicate flower, so we must take care of it! If we cut too many trees, throw garbage everywhere, or pollute the air, nature gets hurt. But we can help by saving water, planting trees, and not littering. Recycling is also a great way to keep nature clean. As Gary Snyder says, "The world is our home, and we need to live in harmony with it." Gandhi ji also reminds us, "Be the change you wish to see in the world." When we take care of nature, it stays healthy and beautiful for everyone to enjoy. So, let's all work together to protect nature's wonders!

So many dew drops in my garden
With the sunshine seemed to brighter
Slowly, they fade away
I think they want to convey
That the rising sun everyday
Gives new hope with its rays
The night has gone, the sun is shining
Every cloud has a silver lining
The buzzing bee, the humming bird
And the butterfly
Tell me not to cry
And my joy will multiply
Cheer up, clear up the teardrop
Let us learn today from the dewdrop.

GOOD HABITS

Good habits are essential for a happy and healthy life. They keep our mind and body fit and make us disciplined and responsible. Waking up early, eating healthy, exercising, and getting enough sleep improve well-being. Washing hands prevents germs, while reading books and newspapers regularly expands knowledge. Saying 'please' and 'thank you' shows good manners. Honesty, respecting elders, and listening to teachers help build character. Taking care of belongings teaches responsibility.

To develop these good habits one must start practicing them daily. Practicing good habits makes us strong when facing challenges in life.

MY MAGIC PENCIL

I have a magic pencil which can draw anything I want, and it comes to life! When I draw a tree, it grows leaves and flowers. If I draw a cat, it jumps off the page and purrs. The pencil sparkles when I hold it, and it feels like it knows all my wishes. I use it to make my dreams real, like drawing candy that I can eat or a big rainbow to brighten the sky. My magical pencil is my best friend because it makes everything possible. I feel lucky to have it, and I hope it never loses its magic. I love my magical pencil.

DREAMY DELIGHT

In dreams so sweet, I love to stray,
To a chocolate world, so far away.
A garden rich, a sight so grand,
Where cocoa trees forever stand.
The grass is soft, a creamy delight,
The flowers bloom in shades so bright.
The fruits that hang from every tree,
Are chocolate treats, just meant for me.
With friends, I laugh, I run, I play,
And taste the joys of this sweet array.
We feast, we rest on chocolate ground,
Where magic scents swirl all around.
But then a voice calls loud and clear,
"Wake up, it's school time, dear!"
I blink my eyes, my dream takes flight,
Yet smile—I'll dream again tonight!

IF I WERE A BUTTERFLY

If I were a butterfly, I would flutter gracefully, dancing with the breeze and sipping nectar from vibrant flowers. My wings, painted in bright colors, would spread joy to everyone who sees me.

I would explore the world, soaring over forests, rivers, and gardens, enjoying the wonders of nature. As the queen of butterflies, I would encourage my friends to spread kindness and remind humans to protect the environment, for pollution harms us all.

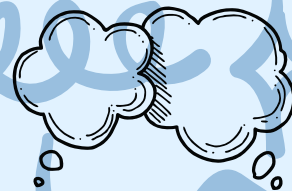

A life as a butterfly would be magical—full of beauty, freedom, and happiness. I wish to live with the same grace, spreading joy wherever I go.

A DAY WITHOUT TECHNOLOGY STRUGGLE FOR FRESH AIR

Imagine a day when the constant hum of technology falls silent, offering us a rare chance to reflect on our digital dependence. Without alarms or buzzing phones, mornings would begin with natural light or a manual clock, and the usual scroll through social media would be replaced by peaceful calm.

Workplaces would feel the shift too, no computers or smartphones, just face-to-face conversations and handwritten notes. Even leisure would change, with board games and puzzles replacing screens, bringing people closer.

"Technology is best only when it brings people together."

A fresh breeze is one of the most magical blessing of nature. A few days back I saw in the news that schools have been shut down in Delhi and the children will have online classes. I asked my mother whether the poor air quality was due to pollution. She replied that a thick layer of smog covered the city. On hearing this, I thought that the children of the city must be very sad on being trapped inside their houses. They must be missing their daily routine and school activities. I would too feel the same in such a situation. So I have decided to take care of my environment by turning off the lights, conserving water and growing plants. I believe every small action can lead to a big change.

MY RAINY ADVENTURE

Visiting my grandma's house during the monsoon felt like entering a cozy fairy tale. Her garden shimmered in the rain, and the gentle sound of raindrops made everything peaceful. Inside, the smell of hot fritters and chamomile tea filled the air as Grandma shared stories from her younger days—each one connecting me to our family's past. When the rain got heavier and the power went out, we lit oil lamps, making the night feel magical. That rainy day was more than just a visit—it was a warm, joyful memory I'll treasure forever

MY MEMORIES OF JUNIOR SCHOOL

Junior school felt like stepping into a magical world, full of lessons, laughter, and life. Some teachers were like heroes, others could silence us with just a look. Classrooms were our castles, and recess was our kingdom of freedom. We traded snacks, played endless games like hopscotch and "Ice and Water," and let our imaginations run wild. Festivals brought extra joy, on Children's Day we felt like royalty, and on Teacher's Day, we tried (and failed) to stay perfectly behaved. Junior school wasn't just about ABCs; it was where we dreamed, stumbled, laughed, and grew. Those carefree days will always be some of the happiest chapters of my life. Let me know if you want it even shorter!

MEMORIES

When the red brick walls and powder blue uniforms carve a special place in your memories, you know Loreto has become a place as comforting as home.

Loreto's atmosphere is truly unique and unforgettable. It is a place that nurtures and inspires every student who walks through its gates. The sense of belonging it offers is unmatched, making it a second home for all of us. I feel immensely proud to be a part of one of the best institutions in the City of Nawabs, Lucknow. Every victory and every award won by a Loreto girl fills the entire school with an overwhelming sense of pride and unity.

From the moment I first stepped onto the campus, all my anxiety and fear melted away. I was welcomed into an environment that felt nothing short of magical—a place that instantly felt like home. Every activity and every concert, specially this year's annual concert will remain etched in my heart forever, living rent-free in my memories.

The friends I made and the moments we shared during this year's annual concert were undoubtedly the most delightful parts of the experience. The entire school was transformed into a fairytale world with beautiful decorations that filled the air with joy and excitement. Every girl in my class was bubbling with a mixture of happiness and nervous energy. The anticipation before our turn to perform on stage was a feeling like no other. Months of dedicated practice and hard work were about to pay off, and the moment we stepped onto the stage, all our effort was validated by the smiles and applause of the audience.

To me, Loreto is more than just a school. It is a place where memories are made, talents are discovered, and lifelong friendships are forged. It is where we learn not only academics but also the values of kindness, hard work, and togetherness. As I continue my journey here, I know that these experiences will remain a cherished part of my life forever.

धैर्य रखो, हर चीज का सही समय होता है।

धैर्य रखना हमेशा लाभदायक
होता है। जब मैंने स्केटिंग सीखना

शुरू किया, तो शुरुआत में मैं
धीमी गति से स्केटिंग करती थी
और बच्चे मेरा मजाक उड़ाते थे।

मैंने हिम्मत नहीं हारी और अपने
अध्यापक के निर्देशों का पालन

करते हुए नियमित अभ्यास जारी
रखा। धीरे-धीरे मैंने स्केटिंग में

महारत हासिल कर ली। मेरी

एक अच्छी सीख

एक बार एक बच्चे में कुछ बुरी आदतें आ गयी थी, जिससे उसकी माँ परेशान होकर उसकी शिक्षिका से उस बच्चे की शिकायत की। शिक्षिका उस बच्चे को लेकर बगीचे में गई, और बोली इस छोटे पौधे को उखाड़ो, उस बच्चे ने बड़ी ही आसानी से उस छोटे पौधे को उखाड़ लिया। फिर शिक्षिका ने एक और बड़ा पौधा देखा और बच्चे से बोली उसे उखाड़ो, बच्चे ने थोड़ी सी मेहनत के बाद उसे उखाड़ लिया। फिर शिक्षिका ने एक बड़े पेड़ की तरफ देखा और कहा इसे उखाड़ो, अबकी बार बच्चे ने बड़ा जोर लगाया पर पेड़ को हिला तक नहीं पाया। तब शिक्षिका ने बच्चे से कहा ठीक इसी तरह हमारी बुरी आदतें भी होती हैं, जब वह नई होती हैं तब उन्हें हटाना आसान होता है, लेकिन जब वह गहरी हो जाती हैं, तो उन्हें हटाना बहुत मुश्किल होता है। बच्चा समझ गया और उसने अपनी बुरी आदतों को जड़ से उखाड़ फेंक दिया।

नीला भेड़िया और चिड़िया

एक दिन, एक नीले भेड़िए को बहुत भूख लगी। पास ही एक चिड़िया के अंडे थे, जो गलती से उसके कारण गिर गए। डरकर भेड़िए ने अंडों के छिलके छुपा दिए। जब चिड़िया ने अपने अंडों को ढूँढना शुरू किया, तो भेड़िए ने झूठ बोल दिया कि उसे कुछ नहीं पता।

कुछ समय बाद, चिड़िया को मिट्टी में छुपे अंडों के छिलके मिले और सच्चाई समझ आ गई। उसने भेड़िए से सच उगलवाने के लिए तरकीब सोची। वह उसे पेड़ लगाने के बहाने उसी जगह ले गई, जहाँ उसने छिलके छुपाए थे। गड्ढा खोदते ही भेड़िए को अपनी गलती याद आ गई। पकड़े जाने पर उसने चिड़िया से माफी माँगी, और चिड़िया ने उसे माफ कर दिया।

इस कहानी से हमें सिख मिलती है कि झूठ ज्यादा दिनों तक छुप नहीं सकता, वह एक न एक दिन पकड़ा ही जाता है।

दोस्ती

रामू अपने माता-पिता के साथ नानी-नानू से मिलने गाँव गया, जहाँ नानी ने उसे प्यार से तरह-तरह के स्वादिष्ट पकवान खिलाए।

एक दिन, वह घर के बाहर बैठा था जब उसने एक छोटे लड़के, मोहन, को ठंड से काँपते देखा। दया भाव से भरकर, रामू ने उसे अपनी जैकेट और टोपी दी और नानी से कुछ खाना व पानी लेकर उसे दिया। मोहन ने धन्यवाद कहा और चला गया।

कुछ दिनों बाद, रामू गाँव में घूमते हुए अचानक गिर गया और उसके पैर में चोट लग गई। दर्द से कराहते हुए वह रोने लगा।

तभी मोहन दौड़ता हुआ आया, जिसने तुरंत नीम के पत्ते घाव पर लगाए और अपने रुमाल से पट्टी बाँध दी। फिर वह रामू को घर तक पहुँचाने में मदद करने लगा। रामू ने देखा कि मोहन आज भी वही जैकेट और टोपी पहने था।

इस घटना ने रामू को सिखाया कि सच्ची सहायता कभी व्यर्थ नहीं जाती, क्योंकि अच्छाई हमेशा किसी न किसी रूप में लौटकर आती है।

दोस्ती वो है जो दिल से जुड़ जाए ,
हर गम में संग खड़ी रह जाए /
हँसी के पल हो या आँसू का साया ,
सच्चा दोस्त हर घड़ी पास आए /

जब रहें मुश्किल और सपने अधूरे ,
दोस्त बने सहारा बिन कहे ज़रूर /
हर अंधेरी रात में चांदनी सी चमके ,
उसकी बातें दिल को राहत दें /

वैसे दोस्ती का दीपक कभी बुझता नहीं ,

हर मुश्किल में ये हिम्मत बाँधे खड़ा रहे /

चिड़िया

चिड़िया की चहचहाहट,
सुबह की पहली किरण के साथ,
चिड़िया की आवाज़ सुनाई देती है,
जो मेरे दिल को खुशी से भर देती है।

उसके पंखों की रंगीनियाँ,
मेरी आँखों को आकर्षित करती हैं।

उसकी चहचहाहट की मधुरता,
मेरे कानों को सुकून देती है।

चिड़िया की उड़ान की स्वतंत्रता,
मुझे अपने सपनों की उड़ान की याद
दिलाती है।

उसकी चहचहाहट की खुशी,
मुझे जीवन की सुंदरता की याद
दिलाती है।

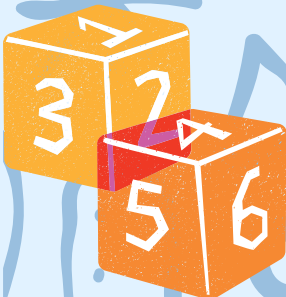

चिड़िया की चहचहाहट,
मेरे दिल को खुशी से भर देती है।
और मुझे जीवन की सुंदरता की याद
दिलाती है।

Her values of freedom, justice, and sincerity continue to inspire us today.

Throughout the Mary Ward Week, we engage in various activities, discussions, and reflections that highlight these core values. This year the students of class 3 presented the closing assembly on 30th January highlighting the values we need to imbibe in order to become instrumental in carrying her legacy forward.
