GEOGRAPHY

Loreto Convent Intermediate College

Lucknow

CLASS XI

HOLIDAY HOMEWORK

Select any one Topic from the following.

(i) Choose any island area of the world or India and:

(a) trace the map of the area and show physical features, towns and port cities.

(b) prepare a project report using photographs and pictures from brochures and magazines to show:

— its origin and formation.

— soil types, vegetation.

— human occupations.

(ii) Any natural hazard like drought, flood, erosion, landslides, etc. in a local area.

Choose a natural hazard in the local area. Describe the nature of damage by consulting newspaper reports, studies, interviews with local people. Identify the nature of damage before and after—land, building, public property, soil, vegetation, animals, etc. What are the chances of it occurring again and what precautions are being taken?

GENERAL INSTRUCTIONS

- The project should be of a maximum 20 pages
- Use OHP sheets for project covers.
- No hard bound covers are allowed.
- Use of pictures, maps and diagrams is mandatory.

The project should have the following pages.

- ❖ Cover page: Topics, name, class section and Roll Number
- ❖ Index
- ❖ Acknowledgement
- ❖ Introduction
- ❖ Conclusion

❖ Bibliography

GEOGRAPHY CLASS XII HOLIDAY HOMEWORK

PROJECT WORK SELECT ANY ONE TOPIC

Local field surveys on any one of the following will be submitted as Project Report. The length of project report will be 15-20 written pages, excluding photographs, maps, diagrams and sketches. No extra credit will be given for computer based maps or text. These surveys should be organized with a table of contents, sample taken and statistical methods used, interview schedule. The report should be organized systematically and the conclusions should be clearly stated.

(i) Agricultural land use survey

Choose a district or topographical map of an area 1:250000 and make a sketch map showing land use; compare the patterns of the map. Alternatively, a local village could be chosen and the fields mapped from the cadastral map with information on the crops grown in different seasons and the location of the village, its roads and landmarks, if any.

(ii) Household survey, of about 30–60 households of a village or locality.

Family size, age structure, educational background, occupation, involvement of men and women in economic activity, educational service. Draw conclusions to reflect the economic development of the households.

(iii) Amenity study

Study of hospitals in a city, schools (school where you studied), post offices, municipal zones within the city (blocks in a village study) – reasons for travel based on the number of trips, reasons for travel (based on distance from demand of the place), travel time, travel distance, mapping the hinterland of the service.

(iv) Study of a manufacturing industry or a self-employed person

Visit a manufacturing unit or self-employed person – cycle or car repair shop, small fabricating unit, factory if nearby and find out – source of raw material, supply routes, final product, areas where it is sent, manpower strength and their organization.

(v) Area development of a multipurpose river valley project – impact on the region

Self-explanatory.
