

Dear Parents,

We are delighted to welcome you to Loreto Family!

We look forward to a productive partnership with you and to make this happen team work and cooperation by all stakeholders are needed.

As Schools across the nation are closed due to the Covid-19 pandemic, we are looking for new avenues to impart knowledge to our Students. We will make all efforts to transform your ward into a good humanbeing and guide them to excel in scholastic and co- curricular activities.

Meanwhile, we are constrained to renounce our initiative to have the Parent Orientation during these uncertain times. Nevertheless, we are happy to let you know that the online classes for our Class XI students will begin from Monday, 27th April 2020.

We will be sending the process and procedure for accessing 'Class Dojo' through our e-care team. If you require further clarification you may contact the e-care team.

Take care and stay safe.

Your Sincerely,

A handwritten signature in cursive script, appearing to read "George".

Mrs. George

Principal
