*"Gratitude can transform common days into thanksgivings, turn routine jobs into joys and change ordinary opportunities into blessings."*

Dear Parents,

I take this moment to thank each one of you for the faith and trust that you have had in me and all the staff members of Loreto Convent Entally. In spite of all the challenges we have faced over the past few years, we have been able to move ahead with your cooperation and collaboration.

The last seven years have been the most beautiful and meaningful phase of my life as I have been able to guide young minds in education and empower them. Each one of you has played an instrumental role in this enriching and life-changing journey. May you continue to support the institution in all the good work that it does for the betterment of the students. Your understanding and support to the holistic development of the child is of utmost importance. This will help our school to scale to greater heights.

May God shower his choicest blessings on you and your family.

Regards,

  
Mrs. G. Surana

Principal
