

24th July, 2022

Dear Sister Mercia & Community, Staff, Students and Parents of Loreto School,

I still cannot get over the overwhelming joy I experienced of witnessing one of the best exhibitions held by any school so far in my life. It was sheer class. The concept was brilliant. The ideas were absolutely super. THE CHILDREN WERE TRULY AMAZING AND EXCEPTIONAL IN ALL THAT THEY DISPLAYED.

They were immaculately dressed. They were joyful. They were proud of what they achieved. They were vivacious in their expressions. They spoke and sang with purpose and meaning. They played their instruments and their parts. They were patient and accommodating. They were like professionals.

A spectacular exhibition of such magnitude can only be possible if there is a cohesive collaboration between the School Leader, the dedicated Staff, the enthusiastic and creative

children, the cooperative parents, the Government partners, and well-wishers. Sister Mercia, you brought them all together to work for a common cause with a clear objective in sight.

Meghalaya came alive on Friday and Saturday. But the work must have started well before the eventual day.

My heartiest congratulations to YOU, the STAFF & your WONDERFUL CHILDREN. The Exhibition was truly magnificent and I feel so privileged to have witnessed such a spectacular display of Creativity, Talents, Originality and indeed the many Treasures of Meghalaya. God bless all!

Br. Solomon Morris
