# Message From the Principal's Desk

*We Want The Education, By which character is Formed  
Strength of Mind is Increased, The Intellect is Expanded,  
And By Which One stands on One's Own Feet.* -Swami Vivekanand

With a standing of one and half decades, LORD KRISHNA SCHOOL is relentlessly, dedicating its efforts to create an educated society, based on firm grounds of ethics and values.

I, on behalf of our experienced and dedicated team of professionals, want to extend a warm welcome to the parents and students entering the institution. We are whole heartedly dedicated towards continuous improvement and embracement of curricular as well as co curricular skills. The cumulative effect of this is a comprehensive regime of a development of balanced personality with high characters and confidence.

We are committed to the improvement and growth of student community. We would like to see them soon to new heights and taste success in all their endeavors . We are convinced that the education's purpose is to replace an empty mind with an open one.

It's our hope that when your child eventually leaves L.K.S. , he/she will be confident individuals who can look back on their schooling as a rich and rewarding time in their lives.
