

Holiday Homework for Class 5

Dear students

Enjoy your summer vacation!

Make the most of this time to relax, recharge, and explore your interests. Whether it's pursuing hobbies, traveling, or spending time with loved ones, take advantage of this break to create memories and return to school refreshed, motivated, ready to embrace new challenges.

School teachers have assigned some tasks in form of projects or worksheets.

Take care of the following points while doing the Holiday homework:-

- 1. Plan and Schedule the work.**
- 2. Study with Breaks to prevent burnout and maintain focus.**
- 3. Maintain a Neat and Organized Workspace.**
- 4. Ensure neatness and accuracy in performing tasks.**
- 5. Follow the instructions given by the teachers for every task.**
- 6. Be creative in your own sense . Avoid copying.**
- 7. Take help of your elders but the work should reflect your own understanding and efforts.**
- 8. Review and Revise for the periodic tests to be held in July.**

ROLL NO 30.- ਭਾਸ਼ਾ ਅਤੇ ਇਸਦੀਆਂ ਕਿਸਮਾਂ (ਮਾਡਲ))

COMPUTER HOLIDAY HOMEWORK

ROLL NO 31-. Model on Printer (Handheld) -

Materials: Small cardboard box, colored paper, markers, glue.

Steps:

1. Shape the box like a handheld printer (like a portable label printer).
2. Cover it with colored paper and draw buttons on top.
3. Create a small paper roll coming out from the front to resemble a printed label.
4. Label it as “Handheld Printer” and write a few lines about its use (printing labels and small documents).
5. Add a diagram or sketch showing how it works.

ROLL NO 32 - . Model on Roomba (Robotic Vacuum)

Materials: Circular cardboard piece, colored paper, plastic bottle caps, markers.

Steps:

1. Make a round base with cardboard to resemble the Roomba.
2. Attach bottle caps as wheels and decorate the top with buttons.
3. Add labels like “Start” and “Dock”.
4. Write a short description: “Roomba: A robotic vacuum cleaner that moves and cleans automatically.”
5. Use arrows to show how it moves around.

ROLL NO 33 -. Model on Voice Assistant (like Alexa)

Materials: Small cylindrical container (like a tissue roll), colored paper, glue, markers.

Steps:

1. Cover the container with black or dark blue paper to resemble a smart speaker (like Alexa).
 2. Draw or stick a small circle on top to represent the listening light.
 3. Write “Voice Assistant” on the side.
 4. Add a small note: “Responds to voice commands, plays music, controls smart devices.”
 5. Draw a sound wave symbol to indicate voice interaction.
-

ROLL NO 34. Model on ASIMO (Humanoid Robot)

Materials: White clay, small box for the torso, wires (for arms and legs), markers.

Steps:

1. Use the box as the body and attach clay arms and legs.
2. Shape the head like ASIMO’s round helmet.
3. Draw eyes and add details to make it look like a humanoid robot.
4. Write a brief description: “ASIMO: A humanoid robot developed by Honda for human interaction.”
5. Position it as if it’s walking to show its mobility.

ROLL NO 35. Model on Flatbed Scanner -

Materials: Flat cardboard box, colored paper, clear plastic sheet (for the glass), glue.

Steps:

1. Use the box as the base and cover it with colored paper.
2. Attach the clear plastic sheet on top as the scanner glass.
3. Draw or paste images of documents to show scanning.
4. Write “Flatbed Scanner: Scans documents and images by moving a scanning head across a flat surface.”
5. Decorate the sides with buttons and labels.

Holidays Homework (Robotics)

Class : 5th

Make a Robot from recycled plastic bottles

Follow the step:

- Use recycled plastic bottles of different sizes.
- Cut and make the parts of the robot as shown in the pictures.
- The given pictures are for reference only, you can make the robot of any design as per your wish.
