01st May 2024

Dear Parents,

In light of today's events where several newsfeeds were circulated about bomb threats received by schools in Delhi, Noida, etc., please be informed that these were not directed at St. Columba's School.

If for any reason they are directed to us and we are in danger, we will immediately act to safeguard all on the campus and proceed with evacuation protocols and you would be informed accordingly.

You are requested not to panic and are advised not to believe in rumors.

The security guards have been instructed to not permit individuals who do not display the digital ID on the E-Care App. All our workers too are being instructed to be even more vigilant of any dangers around.

The school will follow all directives of the authorities as and when we receive it.

Kind regards,

Br. Robert Fernandes
