Sub: Mental Aptitude Programme to Boost Critical Thinking & Logical Reasoning

Dear Parents (Classes KG to 9),

As part of our ongoing commitment to nurture 21st-century skills in our students, we are pleased to inform you that our school is introducing a Mental Aptitude Development Programme in collaboration with LogIQids and Techfest, IIT Bombay.

This programme is completely free of cost and has been thoughtfully designed to help students strengthen their critical thinking, logical reasoning, and problem-solving abilities; skills that are increasingly essential in academics and future careers.

Your child can access the programme using a computer or mobile app, and complete it at their own pace. However, it is important that the child attempts the exercises independently, as only then will they truly benefit from the learning experience. Parental assistance, though well-intentioned, may undermine the purpose of the programme.

In due course of time, your child will receive a customised hard copy with the steps to be followed to initiate the programme online.

We believe this initiative will add great value to your child's academic journey. Kindly refer to the next page for further information.

Warm regards,

Br. Robert Fernandes

LOGIQIDS MENTAL
APTITUDE OLYMPIAD 25-26

LogIQids
Every time a little smarter
An IIT-IIM Alumni Venture

Dear Parents & Students,

In line with our philosophy of encouraging students to develop 21st-century skills, we are glad to announce our association with **LogIQids & Techfest IIT Bombay** for their **International Mental Aptitude Development Program & Olympiad 2025-26**

This program is being offered **FREE of Cost** to our students. We are sure that this initiative will add a lot of value and have hence **registered all our students for this program.**

HOW WILL THIS PROGRAM BENEFIT YOUR CHILD?

This program, designed by IIT IIM alumni, helps develop skills like **analytical thinking & problem solving abilities** in children. These skills are really helpful because they are:

Most Essential 21st Century Skills

Basis of Coding AI, ML, Robotics etc

Tested in entrance exams like CAT, SAT, GMAT, UPSC, etc.

Evaluated in hiring for Microsoft, Google, etc.

All participants will be given **certificates by LogIQids & Techfest, IIT Bombay**

Program Details

Every student will receive 30 personalized digital think sheets. These think sheets will be filled with puzzles and brain teasers that help students develop logic & problem solving abilities and also prepare for the **LogIQids International Mental Aptitude Olympiad**, which will be conducted in two stages.

The First Stage, held in Nov 2025, is completely Free for all our students to participate.
The Final Stage will be conducted in Feb - Mar 2026, registration for the same will be optional and chargeable at Rs 499, but will only be open for students who qualify after the First Stage.

Note :

Students will be given **12 additional marks** on completing a minimum of **20 think sheets** before attempting the First Stage of the Olympiad.

Next Steps

Every student will get their own unique login IDs and passwords through which they can access the digital think sheets on the LogIQids website or mobile app
