Dear Parents,

Greetings from Samithi Group of Schools

We would like to bring your attention to the growing number of fraud and online scam activities targeting families and children. As technology becomes a bigger part of our children's daily lives, it is important that we stay vigilant and proactive in protecting them.

Please take a moment to speak with your child about the following safety measures:

- Never share personal information (full name, address, school name, passwords, OTPs, or banking details) with anyone online.
- Do not click on suspicious links or download unknown attachments.
- Be cautious of messages or calls claiming to offer prizes, scholarships, gaming rewards, or urgent requests for money.
- Avoid responding to strangers on social media, gaming platforms, or messaging apps.
- Inform a parent or guardian immediately if something online feels suspicious or uncomfortable.

We also encourage parents to:

- Regularly monitor online activity and privacy settings.
- Use strong, unique passwords and enable two-factor authentication.
- Educate children about the risks of phishing, identity theft, and online scams.
- Keep devices updated with the latest security software.

If you suspect any fraudulent activity, report it immediately to your local authorities or cybercrime helpline 1930.

Together, we can create a safer digital environment for our children.

Thank you for your cooperation and continued support.

Sincerely,

Samithi Group of Schools
