*Project Work

Class 12 Physics

Some Important points regarding the writing of project work

*Contents

' Acknowledgement

' Introduction

' Body part write about

the topics using

different headings (2-3

pages each)

• Conclusion

Bibliography (list of

the books referred to

in a scholarly work,

typically printed as an

appendix.)

*Points to be taken care of while writing a Project

Your project must have an Introduction, Index. Acknowledgement and Conclusion. Basically the right format.*

Project should be individual unique work not to copy from others.

Presentation is very important, research and write.

Heading and Sub-headings should be highlighted.

Pictures should be pasted neatly, captions should be written.

No sparkles or expensive decorative material should be used.

Draw margins on paper that you use. A4 size paper.

Handwriting should be neat and words should be clearly written.

The project should be handwritten on plain or lined sheets. Coloured paper can be used for pasting pictures.

The file should be covered neatly and the heading, the name and the class of the student written on it.

Bibliography at the end is very important. Mention the books, websites, brochures where you got the required material from.

ACKNOWLEDGMENT FORMAT

I would like to express my special thanks of gratitude to my teacher _____ who gave me the golden opportunity to do this wonderful project of Geography on the topic (_____) which also helped me In doing a lot of research and I Came to know about so many new things I am really thankful to them. I would also like to give special thanks to our Principal Sr.who had given me a special task to make a project on this topic.

Secondly I would also like to thank my parents and friends who helped me a lot in finalizing this project within the limited time.

Class 12 chemistry project

file for holiday homework should include sections on the project title, introduction, theoretical background, experimental procedure, observations, results, discussion, and conclusions, with a bibliography of sources used. This structure allows for a comprehensive and organized presentation of the research.
