## Welcome to Pariksha Pe Charcha Contest 2023

It's time to leave exam stress behind and get inspired to do your best!

The interaction every student in India is waiting for is here - Pariksha Pe Charcha with Hon'ble Prime Minister Narendra Modi!

Prime Minister Narendra Modi will also interact with parents & teachers, to help & enable them to support students to accomplish all their dreams & goals.

So, how do you (a student, parent or teacher) get a chance to participate in the sixth edition of Pariksha Pe Charcha? It's very simple.

### Read on:

- First things first, click on the '**Participate Now**' button.
- Remember, the competition is open for school students of **classes 9 to 12**.
- Students can submit their responses to any one of the themes provided to them.
- Students may also submit their question to the Hon'ble Prime Minister in a maximum of 500 characters.

- Parents and teachers can also participate and submit their entries in the online activities designed exclusively for them.

## Rewards

About 2050 students, teachers and parents selected through competitions on MyGov, will be gifted with PPC Kits by Ministry of Education.

#PPC2023 | #ExamWarriors

## Themes

For Students

### Know your freedom fighters (हमारी आज़ादी के नायक )

What life stories have you heard about freedom fighters of your state or region? What inspirations do you draw from their lives? How do you want to serve your nation?

### Our culture is our pride (हमारी संस्कृति हमारा गर्व)

What is special about your state's culture? What elements of that culture make you feel proud of your country?

## My Book My Inspiration (मेरी प्रिय किताब)

Which book has had the most influence on you, and why?

## Save Environment for future generations (आने वाली पीढ़ियों के लिये पर्यावरण सुरक्षा )

What are your thoughts on sustainable development? What challenges do you see for our future generations as a result of climate change? What steps must we take to safeguard our environment? As a student, how can you contribute to long-term development?

## My life, my health (अच्छा स्वास्थ्य क्यों जरूरी है)

Why is staying healthy so important? What do you do to keep your health in check?

## My startup dream (मेरा स्टार्टअप का सपना)

Entrepreneurship among students is essential for self-sufficiency and success in life while also contributing to the nation's economy and work culture. What are your hopes for your own startup?

## STEM education/ education without boundaries (सीमाओं के बिना शिक्षा)

NEP 2020 encourages students to be flexible in their subject selection. Students are free to study subjects of their choosing, to chart their own course, and to pursue a career of their choosing. There is life outside of Science and Mathematics. What are your thoughts on this? What are your concerns about this transformative recommendation? What are your recommendations?

## Toys and Games for Learning in Schools (विद्यालय में सीखने के लिए खिलौने और खेल)

Toys and games can also be a source of learning. What are your thoughts on students learning through toys and games in secondary school?

## Our Heritage (हमारी धरोहर)

What is the importance of teaching 'Indian' traditional knowledge for holistic development of students? How do you intend to integrate it into your school curriculum?

## Enabling Learning Environment (शिक्षा का अनुकूल माहौल)

What is your role as a teacher in creating a healthy and conducive learning environment for your students' emotional and mental well-being? How will you structure activities to ensure that all students participate and learn? What are your thoughts and feelings about peer learning?

## Education for Skilling (कौशल के लिए शिक्षा)

Skill education is very important. Though the entire education system in our country needs to be transformed in order to provide skill education, the promotion of Vocational Education among secondary students is critical. The reason for this is that many students do not want to pursue academics/higher education, but rather want to explore different avenues to advance in life. What are your thoughts on the matter?

## Lesser Curricular Load and No fear for exams (पाठ्यक्रम का कम भार और परीक्षा का कोई भय नहीं)

Students can learn through experiential learning and project-based curriculum; having confidence in what and how they learn reduces the pressure of examinations. What initiatives will you take as a teacher to implement the NEP 2020 perspective?

## Future educational challenges (भविष्य में शिक्षा की चुनौतियाँ)

What, in your opinion, are the current educational challenges? How should schools, teachers, and parents help children cope with changing educational expectations?

For Parents

## My child, my teacher (मेरा बच्चा, मेरा अध्यापक )

What is something unique or interesting your child has taught you? How did you learn it and adjust to it? Why is it important to adapt to our children's interests?

## Adult Education- Making everyone literate (प्रौढ़ शिक्षा - सभी को साक्षर बनायें)

What according to you is the importance of Adult Education? How can it result in a more empowered nation? How can children help adults understand contemporary issues?

## Learning and growing together (सीखना और एक साथ बढ़ना)

How will you complement your child's learning at home with what he or she is learning at school? Write a creative note about your role as a parent in your child's healthy learning process.

## Exam Warriors Module

Pariksha Pe Charcha is part of the larger movement - '**Exam Warriors**' - led by Prime Minister Narendra Modi, to create a stress-free atmosphere for youngsters.

It is a movement that is driven by Prime Minister Narendra Modi's efforts to bring together students, parents, teachers and the society to foster an environment where the unique individuality of each child is celebrated, encouraged and allowed to express itself fully **Inspiring this movement is Prime Minister Narendra Modi's pathbreaking, bestselling book 'Exam Warriors'**. Through this book, the Prime Minister outlined a refreshing approach to education. Knowledge and holistic development of students are given primary importance. The Prime Minister urges everyone to put exams in the right perspective, rather than making it a life-and-death situation punctuated by undue stress and pressure.

Learning should be an enjoyable, fulfilling and endless journey - this is the message of Prime Minister Narendra Modi's book.

**The Exam Warriors module on NaMo App adds an interactive tech element to the Exam Warriors movement.** It communicates the core messages of each

mantra that the Prime Minister has written in the book 'Exam Warriors'.

This module is not just for youngsters but also for parents and teachers. Everyone can imbibe the mantras and concepts that the Prime Minister wrote in Exam Warriors since each mantra is pictorially represented. The module also has thought-provoking but enjoyable activities that help absorb concepts through practical means.

For example:

An activity asks students to fill out and share pre-designed '**Laugh Hard Cards**' with their friends, which helps them have a good laugh with each other.

Another activity encourages parents to make children their '**Tech Guru**' and explore technological marvels along with them. This helps in bringing parents closer to children as well as builds a constructive approach towards harnessing technology.

There are multiple such interesting activities on the Exam Warriors module on NaMo App.
