lesson videos

Pre-assessments
and
Post-assessments
with 50 questions
per test

2500+
Concept-based worksheets

BRINGING THE CLASSROOM EXPERIENCE TO YOUR HOME!

Essentials will equip students with the prerequisite and fundamental skills. This course will bridge the learning gap and help students learn in continuity to their previous classes along with a thorough understanding of the core concepts.

Video Lessons are digitally uploaded and can be accessed any time. There are 40 videos per subject for each grade.

Topics are taught with the help of:

- videos
- exercises
- images
- activities
- animations

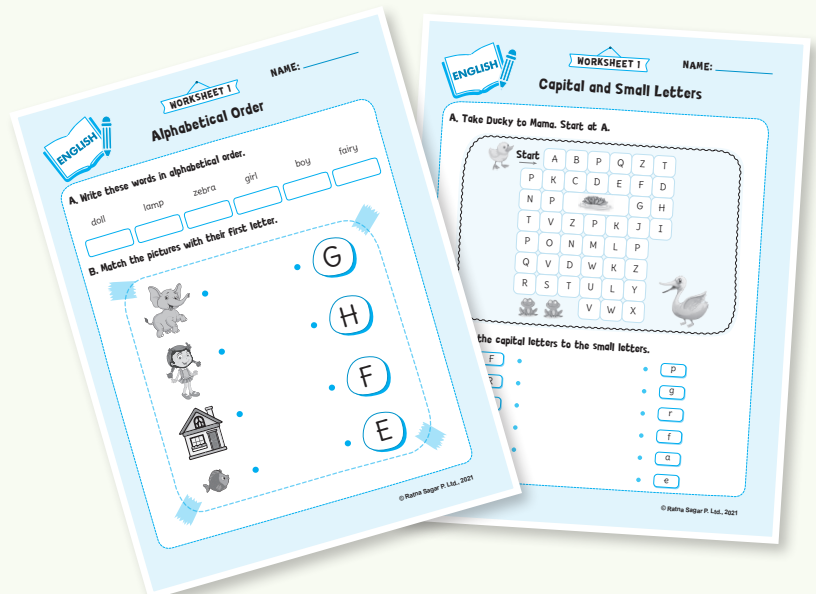

ESSENTIALS MOTIVATES STUDENTS TO PARTICIPATE ACTIVELY WHILE WATCHING THE VIDEOS.

The lessons can be accessed any number of times till the concepts are clear.

Worksheets are concept-based and provide comprehensive practice.

There are 160 worksheets per subject per grade.

Worksheets are available in the form of subject-wise workbooks.

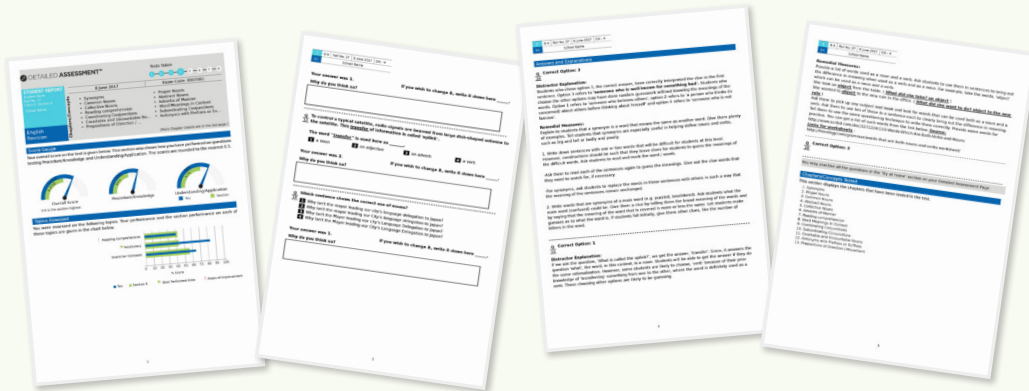

Assessments

- Pre-assessments
- Post-assessments

There are 50 questions per test.

- To start with, the students must take a baseline assessment to gauge their level of knowledge.
- Teachers, parents and students are provided with automatically generated reports to understand the assessment results.
- A post-assessment is conducted at the end of the course to evaluate the student's progress.

TRUE TO ITS NAME, ESSENTIALS:

- reinforces fundamental concepts.
- blends assessments, learning and practice in print and digital.
- measurably builds core concepts in just a couple of months.
- builds a strong foundation for all future classes.
- bridges the learning gap after a year's disruption in learning.
