"TRY TO LEAVE THE EARTH A BETTER PLACE THAN WHEN YOU ARRIVED"

Dear Parents and Students,

We not only have to save nature but also have to fight against one of the deadliest viruses. It's time for all of us to come together and unite in fighting corona virus, as well as making earth a better place to live in. The main idea behind Earth Day is: *"TO FIGHT TODAY FOR A BETTER TOMORROW."*

On this Earth Day WE PLEDGE:

With love and gratitude, We commit to care for Mother Earth

We will be more mindful, heartfelt & hopeful

We will take responsibility for our impact on the planet

Our actions will help heal, protect and free the Earth from global Pandemic

We will learn how to live a more sustainable lifestyle by maintaining social distancing, washing our hands and taking care of our society

We will step up against this deadly disease, for the sake of lives lost and rest of humanity.

Let's all fight together against this pandemic COVID-19 and pledge to make this world a better place to live.
