

**HOLIDAY HOMEWORK**  
**SESSION 2021-22**  
**SUBJECT: - social science**  
**CLASS – 7**

**Summer time is fun time. Enjoy this season by participating in fun-filled activities and spending more time with your family**

1. Prepare a project report on the unfortunate crisis (Covid-19) the world is going through at present, especially in India. The following aspects may be explained:

- ☐ Origin of the crisis.
- ☐ How did it reach India?
- ☐ Its effects on general health, medical facilities, economy, tourism and social life of the people.
- ☐ What measures are being taken to contain the pandemic at present?
- ☐ What measures should be taken for safety in future?

You can use maps and figures to illustrate.

Also give your suggestions on what measures should be taken control this virus. Are the measures and precautions taken at present sufficient?

2. Find out more about the work of Aryabhatta. Compare his accomplishments with those of the western scientists such as Copernicus and Newton. write on the sheet.
3. Being a boy or a girl is an important part of one's identity. Make a short Project to show how is it to grow as a boy or girl in India. (Hints- Stereotypes – associated with boys and girls, Status in Society – compare the role of women in society (past and present), Your opinion about the gender equality in society today. If you will become the Prime minister of India one day, what will you do ensure gender equality in the country- Policies/schemes/programmes. Social taboos – any one social taboo/practice you want to eliminate from the Indian society to ensure equality)
4. Practice maps related to chapters in map book.
5. Revise the UT syllabus which has been done.
