

HOLIDAY HOMEWORK

CLASS – V (Science)

2026- 27

Dear Students,

Summer vacation—the most exciting time of the year—has finally arrived! It is a wonderful opportunity to relax, have fun, and explore your creativity. Even if we are staying indoors, we can make this time enjoyable by doing creative activities and spending valuable moments with our family. You can also stay connected with your cousins and relatives through virtual means.

Things to Keep in Mind:

- ❖ Stay hydrated by drinking enough water throughout the day.
- ❖ Follow proper hygiene and make handwashing a daily habit.
- ❖ Develop a reading habit by going through newspapers, storybooks, and other interesting books to improve your vocabulary.
- ❖ Spend some quality time with elders in your family and learn from their experiences.

Instructions to Follow:

- ❖ Download the holiday homework sheets provided.
- ❖ Complete all work independently and present your own original ideas.
- ❖ Do all the work neatly on A4 size loose sheets.
- ❖ Ensure your handwriting is clear and well-presented.

Revision Task:

Revise all the chapters covered so far along with their questions and answers.

❖ Revise all explained chapters with questions and answers.

1. Assertion and Reason

Choose the correct answer:

- (a) Both assertion and reason are true, and reason is the correct explanation of assertion.
- (b) Both assertion and reason are true, but reason is not the correct explanation of assertion.
- (c) Assertion is true, but reason is false.
- (d) Assertion is false, but reason is true.

CHAPTER 1 – The Circulatory and Skeletal System

(i)Assertion: The heart pumps blood to all parts of the body.

Reason: Blood carries oxygen and nutrients to body cells.

(ii)Assertion: Bones give shape and support to our body.

Reason: Bones are soft and flexible like muscles.

(iii)Assertion: The skull protects the brain.

Reason: The brain controls body activities.

(iv)Assertion: Blood is red in colour.

Reason: Blood contains red blood cells.

(v)Assertion: Joints help in body movement.

Reason: Bones are joined together at joints.

CHAPTER 2 – Rocks and Minerals

(vi)Assertion: Rocks are made up of minerals.

Reason: Minerals are natural substances found in the Earth.

(vii)Assertion: Granite is a hard rock.

Reason: Granite is used in making buildings and monuments.

(viii)Assertion: Marble is used for flooring and statues.

Reason: Marble is soft like clay.

(ix)Assertion: Minerals are useful in our daily life.

Reason: Iron and copper are minerals used to make objects.

(x)Assertion: Different rocks have different properties.

Reason: All rocks are exactly the same.

2. Activities / Projects

Project 1 (Circulatory & Skeletal System) ROLL.NO. 1 - 15

Make a working model or chart of the Human Skeleton or Human Heart using cardboard, clay, paper, or waste materials. Label all important parts neatly.

Project 2 (Rocks and Minerals) ROLL.NO. 16 - 31

Collect different types of rocks (if available) or pictures of rocks and minerals. Paste them on a chart sheet and write their names, properties, and uses.
