From The Principal's Desk

In the words of Oscar Wilde. "The aim of life is self development to realise one's nature perfectly". Over the last decade and a half I have realised that if the fertile soil of the mind is enriched with the values of love, kindness and patience the saplings of good education and character will grow into strong trees and bear good fruits.

As we have come to a close another fruitful year, I am grateful to the Almighty, for His blessings and guidance for yet another year.

Our teachers here create opportunities for intellectual risk-taking, collaboration, problem-solving and application of class-room learning to real life situations. This helps in making successful students to demonstrate a sensitivity to the precision and nuances of written, visual and aural medium through comprehension, interpretation and evaluation.

Lord the giver of all good things, we place before you our humble offerings,

The expression of our aspirations, thoughts and emotions,

Bless our efforts, inspire the minds and warm the hearts of those who read these pages. May this step of ours take us to greater heights, of enlightened progress.

I LOVE LISTENING TO STORIES

I love listening to stories – they are very nice and interesting. We learn so many new words. I love to see the different pictures. We learn something new from each story we hear. Our teacher reads us many stories and we wait eagerly for each new one.

MOUNTAINS – I LOVE THEM

I love the mountains which are covered with so many different kinds of trees. This is why the air in the mountains is always so clean and fresh. There are many lakes and rivers that provide us with lots of water. There are many wild animals too. Everyone loves to come up to the mountains in summer because of the cool breeze that blows here.

OUR LOCAL FESTIVAL

Nanda Devi Mela is one of the major festivals in the Kumaon Region of Uttarakhand. This festival is celebrated all across the Kumaon Region especially in Almora and Nainital. The festival is organised in the month of September every year for 3 to 4 days. The whole festival is meant to pay tribute to the Goddesses Nanda Devi and Sunanda Devi. The fair is held near the Nanda Devi Temple with lots of swings and stalls selling handmade products and local crafts. It is celebrated along with folk dances and folk songs. On the final day of the fair the Dola of Nanda and Sunanda Devi is carried out and submerged in the water by the devotees.

LIFE AS A BOARDER

When I first joined this school, I was very unhappy and cried a lot. After three or four days I made friends. I learnt to do my own work and study on my own. Now I really like the school and all the teachers here. I am also doing well in my studies. My best friend is Shrenik. Each time I speak to my mother, she asks me if I like the school. My answer is, "Yes, I am very happy here."

I LIKE TELLING JOKES

I like to tell jokes because they make us laugh, gives us a good feeling and refreshes our mind. But sometimes while telling jokes we make fun of someone which can make him/her unhappy. This should not be done. We must tell jokes to make people happy and bring a smile on their faces", not to make them upset.

THE BEST TOY I'VE EVER PLAYED WITH

The best toy I have ever played with was my remote control car. My Uncle had gifted it to me on my birthday. It is red and black in colour. It has four wheels with strips of rubber on them. I play with it in my garden, on the roads and on the hilly areas near my home. It also has a track on which it moves very fast. I had a lot of fun playing with it. After a few days my brother broke it. I was very unhappy because I loved that toy the most.

I FEEL HAPPY WHEN...

I feel happy when I see others happy; my family, friends and classmates. I feel happy when my teacher praises me. A letter from home makes me smile throughout the day. I like it when my parents hear good things about me from my teacher when they come to meet her for the P.T.M. and I feel really happy when my teacher smiles at me.

MY FAVOURITE FESTIVAL

My favourite festival is Diwali. It is one of the most beautiful and colourful festivals in India. It is also called the 'Festival of Lights'. Diwali celebrates the return of Lord Rama, Sita and Laxmana after living in exile for fourteen years. On Diwali, people decorate their houses with lights, candles and diyas. We can see tiny lights everywhere. Some people even burst crackers during Diwali which is harmful for the environment. We can celebrate Diwali in an eco-friendly way.

I'D LIKE TO INVENT A MACHINE THAT...

I'd like to invent a robot that will run and do things like a human being. It will be able to make food, wash clothes and keep the environment neat and clean. It will work on batteries and will even be able to dress our wounds. It will look like a human being; wear clothes, wear shoes and will be very fast. It will have two guns fixed in the hands for protecting us. If any stranger will try to touch it then an alarm will go off. The robot will be able to solve all kinds of questions in Maths, Physics, etc. It will read and send messages, make calls to anyone around the world and even place orders for a lot of things. This awesome machine will be very creative and we will be able to use it in our daily lives.

GAMES WE PLAY AT LUNCH BREAK

We play Kabbaddi with our friends during lunch break. Amongst us, I am the best raider whereas, Saksham and Laksh are the best defenders. They are very good at stopping the raiders of the other team. We play this game quite roughly and sometimes get hurt as well. When we dirty our shoes and clothes, we get a scolding from our Class Teacher but we enjoy the game a lot.

FIRST LOOK

When I first saw SEM, I was really impressed by the majestic look of the place. What I liked best were the big fields to play in. There are many play-fields and a swimming pool too. The building, I am told, was made by the English many years ago. The design of the main building is different and looks more like a British Palace with towers.

I was delighted when I started school here because I found that we had three breaks – 2 short breaks and 1 long lunch break. The classes at SEM are interesting and we have a lot of fun in school along with learning a variety of subjects. All the teachers are friendly and ready to help the students. I just love staying in the school campus. That gives me an opportunity to meet my boarder friends after school and on holidays.

I am thankful to God for bringing me here to learn and grow.

MY DREAM

My dream is to be an army man and protect our country. I will give my life for our country and fight bravely with the terrorists but I will never let the terrorist win. I will protect my country. In 1947 when our country became independent and some of our freedom fighters gave their life, in the same way I will also protect my country till I die. But for that I need to study very hard and I have to pass in NDA (National Defence Academy).

We can get lots of information by reading books and newspapers. In my winter vacations I buy many story books and read them. My favourite story books are books written by Geronimo Stilton. THE PERSON WHOM I ADMIRE THE MOST

Roman Reigns is the person whom I admire the most. Roman Reigns is a professional wrestler who is currently signed with World Wrestling Entertainment (WWE). I love to watch him wrestling. His strength and skills are something that I can't express in words. The way he dresses up in black, his attire, his fierce goatee and his tattoo; all reminds me of some great ruler from ancient Roman and Greek Mythologies. He is from Florida and is the current face of the WWE. His greatest enemy is Braun Stroman. Their upcoming Summer Slam match is for the Universal Title. Roman Reigns will fight Samoan Joe and Braun Stroman will fight Brock Lesnar. I will surely pray for Roman Reigns to win the title this time.

TECHNOLOGY

We all know that our future is going to be full of new technologies. Some of the famous tech can be seen on Tech Toys 360°. Technology like the Google Bike is making our life easy to live as it has many functions. It is the most wonderful bicycle and very cool. Technology is both good and bad. It is simple for us to study and find things over the internet but the same technology has made us stop playing outdoors which is really sad. Some of the inventions of technology are - the Google Bike, the first Robocop in Dubai and the Kalam Satellite (the smallest satellite ever made). These technologies are going to bring a huge difference in our world.

Mobile Games are very interesting for children as well as for adults. Games are mostly played by children but nowadays even adults like playing games. These games are good as well bad. Good because you can sharpen your minds by playing quiz-games; bad because if you play in excess then it can affect your eye-sight. I also play games on the mobile and my favourite game is Shadow Fight 2.

MY HOMETOWN - NAINITAL

Nainital is a destination which is flocked by tourists every year. Thousands of tourists visit our small town Nainital. A lake surrounded by mountains on three sides, it is one of the most beautiful towns in India.

In the past lots of tourists would visit our town but this year the level of the lake has dropped to a large extent. There was an utter need of a heavy rainfall. The water supply was timed and was available only for a few hours. The condition of the lake was to be pitied. Huge mounds of mud was exposed on the lake bed which were never seen before.

The environmentalists as well as the locals felt extremely sad seeing the condition of the lake. I myself used to go on a lake round with my mother everyday and we felt very sad for the plight of the lake. Just then the monsoons hit our town and we got heavy rainfall; sometimes continuously for days and sometimes with a break of a day or two. The level of the lake started increasing and now it has finally reached its original level.

Now, when I go for the lake round I feel very happy.

WHY I LIKE THE GOOSEBUMPS SERIES

All of us read books in our childhood; we even have some favorite ones. My favourite book is **Goosebumps**; a series written by R.L. Stine. He is also the author of **Fear Street** and other scary books. The Goosebumps Series are based on thrilling mysteries. I have read around 13 of them and I really like them. Some of these are exceptionally good while others are not. My favourite book in the series is **The Night of the Living Dummy**. I feel that some of the books are really scary and others are not scary at all. Some of the popular titles in this series are – **Monster Blood, Welcome to the Dead House, The Scare Crow Walks at Midnight, Stay Out of the Basement, Attack of the Jack-o-Lanterns**. There is also a TV show based on these books and that show is exceptional as well. In total there are more than a 100 books in this series. A few of my friends also read Goosebumps and like it too. I think that the monsters are really cool. A movie on Goosebumps was released in October 2015, however, it was more humorous than scary. The second part will be released in 2018. I expect the second part to be better than the first. Goosebumps merchandise is available on online stores. I look forward to collect more books of these series and they will always be a part of my life.

I feel happy when my father, who is posted out of station, comes home and brings lovely gifts. My father takes me to the flats where we play cricket. FESTIVAL WHICH I LIKE THE BEST AND WHY

The festival I like the best is Holi because our parents allow us to play in water. We play with our friends, throw water balloons on each other and fill our pichkaris with coloured water. We make teams with our friends and go to other colonies and have a water balloon fight with the teams of that colony. One friend's house becomes a control room where we go to refill our pichkaris and make more water filled balloons. I have a pichkari that has a small tank which I can hang like a school bag. If we go to other colonies for a water fight then our coloured water finishes quickly but we have places where there is an extra tap so we can refill our water guns quickly. While running to these taps the boys of that colony throw buckets of water on us but somehow we manage to reach the taps.

While we have our water fights, our parents go visiting family and friends. They put dry, coloured powder on each others cheeks and wish each other a 'Happy Holi'. After playing with water we come back home all drenched and eat lots of sweets. Once the celebrations and games are all over we take a bath and eat the food that was cooked while we were busy playing outside. We have to clean all the coloured walls and balconies and go back to our normal routines.

THE LUNCH BREAK

When I wake up in the morning, the one thing that I fear is having breakfast before going to school. I'm not interested in eating but I'm more interested in sports and having fun. However, this feeling reverses as soon as I reach school. The starting of the first lesson strikes the hunger chords within me and I start imagining of the lunch break and the food that I will eat during the break. The lunch break is the most enjoyable time of my daily routine. It is just not for having the tiffin but for various other kind of activities like playing with friends, discussions with teachers and friends, etc. I keep waiting for the next lunch break. It is the most memorable part of my day.

IS BURSTING CRACKERS REALLY DIWALI?

Diwali is the most celebrated festival in India. It is the festival of lights. On Diwali, most of the people burst crackers and a question comes into my mind – is it really Diwali the festival of light and fun? Well, not really.

Bursting crackers harms the environment and pollutes it. Recently, the Supreme Court of India had put a ban on selling crackers in Delhi and the NCR because the pollution level had risen to dangerous levels. When people heard this news, they rushed to buy crackers at the nearest shop selling them as the order was to be valid after midnight. This shows that people in the NCR do not care for the environment. Also, the dynamite they use to fill inside the crackers is not of a great quality and hence creates more pollution.

IMAGINE YOURSELF AS A TREE ALONG THE MALL ROAD FOR A DAY. HOW WOULD YOU FEEL?

If I was a tree along the Mall Road then I would see the sunrise every morning, fishes in the lake, the stray dogs around me and many other things. The first thing I will do is to ask the Lord to give me two movable branches like hands so that I can use it to hit anyone who dirties me or my surroundings.

Some people say that one can see the spirits at night of the people who jumped into the lake to commit suicide; I would definitely want to see someone's spirit. I will be able to see the College Front from my place.

I will feel very angry if someone tries to cut off my friends. I would feel very lonely as I won't have anyone to take to - no family, no friends... In the night if I feel very lonely then I will sing English songs.

I dream of becoming a famous skater one day. I learnt roller skating from a coach but I learnt liner skating on my own by walking on the grass in the garden while wearing them. FOOD AND HEALTH

A balanced diet is the food intake that includes all the dietary needs of the organism in the right proportions. It should include carbohydrates, vitamins and minerals, fats and proteins. It not only provides sufficient energy to work properly but also the essential nutrients required by the organism to have healthy tissues and organs. A balanced diet plays a very important role for living a healthy life.

Carbohydrates are broken down to provide energy. Vitamins are organic compounds; chemicals needed by the body in small amounts. Vitamin D facilitates the absorption of Calcium and Phosphorus which are mineral elements. Fats are broken down into fatty acids which can be oxidized to release energy. Proteins are essential for growth, maintenance and repairing of tissues in the body. Dietary fibre is a part of plant-based food sources, found in fruits, vegetables, whole-grains and pulses. Water is a solvent and a medium for easy movement.

A balanced diet prepares a body to fight diseases and protect itself. If a person strengthens one's immunity from an early age by eating healthy food, he will not be affected by common diseases. There is a strong connection between a healthy lifestyle and balanced diet. So, once we start maintaining healthy eating habits, the potential possibilities of catching diseases would become rare.

MY FAVOURITE CORNER IN THE SCHOOL

My favourite corner in the school is near Class XII, Science. I play there in the evenings before we go for dinner. Every morning I go there to see the rising sun. Some days when it is raining and the weather turns cold it becomes difficult to see the sun through the fog.

I go to this place whenever I feel sad and then think of a happy memory or something that will happen in the future. Sometimes I even play Hide and Seek or Catch-Catch there with my friends. When I get tired I go and stand near the Monkey Bell from where I can see Haldwani and the plains. I can even see the bear in a cage in the zoo! The houses on one hill stand out like the letter 'Z'.

SELF CONFIDENCE

The dictionary defines 'confidence' as freedom from doubt; a belief in yourself and your abilities. Many people lack the self-confidence and satisfaction when it comes to your own self. These two things must be present in people's daily lives in order for them to believe that they do have the ability to do anything. At this point in my life I am trying to build my self-confidence I need to be truly happy. The best way to gain self-confidence is to look deep inside yourself and believe that you have the ability to overcome all the obstacles and challenges that you face, on a daily basis, because our self-esteem is one of the few things that we have control over.

Self-confidence is something that cannot be taught. It is up to the individual to decide how much belief they possess inside themselves. I am at the point where I realize that I must first believe in myself. Nobody teaches us to be happy or sad. They are natural feelings that come along as we develop mentally, physically, emotionally, and psychologically.

NATURAL MANIFESTO

On account of heavy rains within the country this year we had to face numerous natural disasters which have taught us a valuable lesson. The disastrous floods in Kerela resulted in a huge number of casualties, homelessness and huge loss of property viz a viz fertile lands, crops, silos, cattle, etc as well as man-made infrastructures like houses, airports, railway stations, roads, bridges, etc. Nature has shown us that despite the rapid development in Science and Technology, the power of human beings is still negligible because when the enormous pot Nature's patience crosses the brim, she can get really vicious. Even Nainital and some other hilly regions within the state of Uttarakhand faced devastating situations during the month of September 2018. The Harinagar area, near Raees Hotel, Nainital witnessed a shocking landslide as a result of which a large number of inhabitants fell into distress. The dwellers of vulnerable places within that hilly area have been relocated to a safer site. The State Irrigation Department and the Disaster Management Experts have joined hands to prevent such catastrophic events. It is we who are responsible for this kind of cataclysmic activities of nature. Global warming, deforestation, environmental pollution and ozone depletion are taking place due to the selfishness of a species of Homo Sapiens – Humans. Due to reckless exploitation, the river bed gets shallow resulting in an unanticipated catastrophe in the name of flood. 30% of water sources within Uttarakhand and other hilly states in the East, North-east have lost their individual identities due to decaying water resources. Several hilly villages have been declared 'abandoned' due to the scarcity of water. Our planet is precious for us. We the inhabitants of the 'Green Planet' have the responsibility to maintain the greenery and the cleanliness of the planet. We are responsible to save the Nature by balancing it with scientific maintenance and a progressive mind-set.

TEAMWORK

The word 'teamwork' is used very casually nowadays. The word actually means 'the combined efforts of a group; effective and efficient'. It is very easy and one thing to form a team but maintaining a certain level of teamwork is something completely different and very difficult. It is quite apparent that teams cannot function well without teamwork. This fact is reflected clearly in sports. We often see a well-formed ordinary team out-perform a team of expensive players. Expensive players are generally good when playing individually. And the same in a team should win, right? And yet we see them lose to teams with players of relatively low calibre. It happens due to misconceptions people have regarding the real purpose behind forming teams. So, what is a team? Why do we need it?

"A team is a group of people to share a common vision or goal and work towards it in a synchronized manner. Each individual may not be perfect but the idea is to have each other's back and complement each other's strengths.

WHAT IS ARTICLE 370?

As we all know, the Indian Constitution contains many articles which direct the laws of our nation. The Article 370 of the Indian Constitution deals with the provision of certain special powers to the state of Jammu and Kashmir. The article was an outcome of Kashmir's **accession** to India after its independence – considering the situation at that point of time the people of the Kashmir Valley (Muslim majority) were apprehensive and doubtful about their identities getting lost in a Hindu dominated country. Moreover, they faced growing pressure from the Radical Islamic Groups to give autonomy to the Government of Jammu and Kashmir.

DREAMS

Dreams are very important, by dreaming one can do anything one wants to do. Great people dream high and became great.

Here are some examples of great souls who became 'great' by dreaming 'great'.

'The son of a poor boat-man dreamed high and became the President of India'

-Dr A.P.J. Abdul Kalam

'A boy selling newspapers at a railway station dreamed and became one of the best footballers in the world'

-Lionel Messi

'A boy of 8, with great enthusiasm started his journey with a plastic bat and ended up being the best batsman of the world'

-Virat Kohli

'Who thought that the son of a poor pump-man would become the **Captain Cool** of the Indian Cricket Team'

-M.S. Dhoni

'After several failures in politics and demise of his wife, he dreamed and became the President of the USA'

-Abraham Lincoln

'After being rejected as a chef from many restaurants he started a small restaurant which became world-famous'

-KFC

Well, these examples are enough for motivation. I would like to end with a small quote of our former President Dr Kalam:- "Dreams aren't those which you watch while sleeping. Dreams are those which do not let you sleep."

I would finally like to say that keep on dreaming and aim high. When you achieve your goal keep thinking of scaling higher levels and it will lead you to real happiness.

MY MUMMY

I know a face
A lovely face
A face that cannot be compared to any other
That face belongs to my mother
If the child is hurt, mother gets upset
If the child is crying, mother is there all the time
Mother is the strength for a child
Mother is the blessing for a child
To always achieve success

LIFE -PRECIOUS AND BEAUTIFUL

Life is beautiful, as we all know
In the summer and in the snow
So many things to learn and see
We are equal, we are free.

Our life, we may shape and mould,
It's more precious, than all gold.
With our family, life we share
They love us back, who truly care.

Family, friends, food and health
Greatest treasures than all wealth
We all enjoy being happy and free,
Living our life our way is the key.

IMPORTANCE OF A TEACHER

A teacher is like a lamp,
Who gives us light of knowledge.
A teacher is like a flower,
Who gives us the smell of education.
A teacher is like a pillar,
Who supports our future.
A teacher is like a Mother,
Who loves all her children.
A teacher is like a God,
Who gives us new life.
Teacher, you are great,
I'll respect you all my life.

WHO IS A MOTHER?

Who is a mother?
She is the one who gives us birth
She is the one who gives us life
She is the one who brings us into this world
She is the one who suffers pains for us
She is like the cloud which brings rains.
She is like a beam of sunlight
She tells us how to live life
She is our first teacher
She is the inspiration for our strife.

GOD IS GREAT, GOD IS KIND

Thank you God for giving me this beautiful life.
You made flowers and sky
You made little stars and the butterfly
You filled the rivers with water
And gave colour and fragrance to a flower.
Every morning you wake me up
With warm and bright sunlight
Food that is tasty and healthy
To keep me growing every time.
But above all
You gave me mother and father
Who brought me in Your beautiful world.

WHAT YOU CAN DO

When you see litter on the streets
And the air smells of pollution
When you feel like it's all piling up
Remember there is a solution.

There's something each of us can do
To keep the rivers clean
To keep fresh the air we breathe
And to keep the forest green.

Help to clean a beach
Or recycle bottles and cans
Learn about problems we face
And help others understand.

It doesn't have to be a lot
If we each just do our share
So take out time for Earth each day
To show the Earth you care.

MIND YOUR WORDS

Words are important, words are great
Use them properly else it's a waste
Mind your words before you speak
Else you'll fall in trouble deep
Words are like arrows, shot from a bow
They can never come back
By the time you realise, you say, "Oh no!"
But what's the use of saying sorry later?
If you don't mind your words while speaking
They can be dangerous and harmful
So before speaking, just be careful.

THE WIND

With a whistling sound
And a loud roar
It came in through the door,
It gave my body a chill
As the cold wind came straight in.

I closed the door
And turned the heater on,
But then it came through the window
Gave my backbone a stunning chill
As the cold wind came straight in.

I closed the window
And dived under the quilt
It gave my body a relaxing feel
Luckily now I didn't feel any chill
As the cold wind came straight in.

Alas! Suddenly my mom called me
To send me off to the market
My face turned pale as I heard this
And I whispered under my breath,
"What on Earth will save me from this?"

SWOT

Strength, Weaknesses, Opportunities and Threats

Weaknesses make you weak and helpless
But you should overcome your weakness and gain strength
Threats, worries and tensions are just part of a game
If they are not, your life is like a vane.
Happiness and sadness just come and go
But you should pick up the opportunities and show
Show that you are also different from kind
But always first mind
Mind yourself in what you're doing
If it isn't bad then keep going
Try to always impress others
Fly higher and higher without feathers.

जाड़ों की छुट्टियाँ और मैं

अब पुस्तक बंद हो गयी, जाड़ों की छुट्टियाँ हो गयी,
अब न जल्दी उठना होता, न स्कूल की चिंता होती।
वीडियो गेम हैं रोज खेलते, कार्टून पर रोक न होती,
अब मस्ती होती है दिन भर, चिंताएँ सब खत्म हो गयी।
खुशियों की बरसात हो गयी,
सोच रहा हूँ इस सर्दी में, प्यारे मामा के घर जाऊँ।
मामा—मामी, नाना—नानी, सब को कम्प्यूटर सिखलाऊँ,
जाऊँगा नानी के घर, रोज नये पकवान खाऊँगा।
घुमूँगा मामा के साथ मैं, रोज नये टॉयज लाऊँगा,
सोच रहा हूँ, इस सर्दी में प्यारे ताऊ के घर जाऊँ।
प्यारी ताई के साथ मैं, खूब मस्ती कर के आऊँ,
फिर घुमूँगा अपने नैनीताल में, सब मिल खूब मजे करूँगा।
ठंडा—ठंडा होगा मौसम, बर्फ के पुतले बनाऊँगा,
करूँगा अपनी पढ़ाई भी मैं, दादी से रोज नयी कहानी सुनूँगा।
खुशी—खुशी स्कूल जाऊँगा, फिर मैं अपना बैग सजाकर,
होगी थकान सब दूर मेरी, होगी पढ़ाई फिर मन लगाकर।

माँ तू होती तो

नींद बहुत आती है पढ़ते—पढ़ते
माँ होती तो कहता, एक प्याली चाय बना दें।
थक गया रोटी खाकर
माँ होती तो कह देता परांठे बना दें।
भीग गयी आंसुओं में आँखें मेरी
माँ होती तो कह देता आँचल दे दें।
रोज वही कोशिश खुश रहने की,
माँ होती तो मुस्कुरा लेता।
देर रात हो जाती है घर पहुँचते हुए कभी
माँ होती तो वक्त से घर लौट जाता।
सुना है कई दिनों से वो भी नहीं मुस्कुराई,
ये मजबूरियाँ न होती तो घर चला जाता।
बहुत दूर निकल आया हूँ घर से अपने,
तो तेरे सपनों की परवाह न होती।
तो बस चला आता।

कविता

बदलते जीवन के साथ बदलता इंसान
देख तेरे संसार की हालत क्या हो गई भगवान,
कितना बदल गया इंसान, कितना बदल गया इंसान।

दिमाग में किसी चीज का टेंशन नहीं,
शुद्ध भाषा बोलने का फैशन नहीं।
कंधों पर जिम्मेदारी का एहसास नहीं।
देश की सेवा करने का साहस नहीं।

माथे पर तिलक लगाना आउट डेटेड लगता है,
परफ्यूम इतना कि मीलों से महकता है।
बालों का स्टाइल न जाने कैसा हो गया है।
लड़के—लड़की में कोई अन्तर न रहा गया है।

परिधान तो ऐसे आए हैं,
कि कम से कम पहनना खूब भाए है।

गाँधी के सत्य, अहिंसा और त्याग के विचार जा रहे हैं,
डॉन के झूठ, फरेब और भ्रष्टाचार के विचार जगह बना रहे हैं।
जिस धरती माँ ने इसे पानी पिलाया,
आज उसी को इसने खून के आँसू रूलाया।

वनों से इसे मिले विभिन्न प्रकार के धन,
आज उसी को इसने बनाया निर्धन।
आज का आदमी इतना स्वार्थी हो गया है,
कि मानवता को ही भूल गया है।

जो भी चलता है जाता है

क्यों पीट रहा सर उस चौखट पर,
जिसे समय की सीमा लांघ गई।
रुकना है रुक, पर याद रहे,
उहरेगा कोई साथ नहीं।

जिस राह निकलकर गया समय,
वो राह कहाँ दोहराता है।
जो आज है वो कल क्या होगा?
ये वही समय बतलाता है।

जो भी है चलता जाता है,
जो भी है चलता जाता है।

क्यों कहूँ कि उड़ता वो पंछी,
बस तिनके लेकर जाता है।
मैं तो कहता हर रोज सुबह,
सूरज से मिलकर आता है।

उन्नति का कारोबार सदा,
सपनों के दम पर चलता है।
बीज लगे जैसे दिल पर,
फल वैसा लगता जाता है.....।

जो भी है चलता जाता है,
जो भी है चलता जाता है।

क्या सुना कभी ... वो विश्व कहीं,
ना ध्वस्त हुआ या बना नहीं।
सागर धामे थे पर्वत भी,
क्या कभी जगह से हिला नहीं।

निर्माण नारा स्तम्भ टिकी,
परिवर्तन की अपनी गाथा है।
कभी रुका नहीं ना रुक सकता,
जो भी है चलता जाता है
जो भी है चलता जाता है.....।

जो आज है वो कल क्या होगा?
ये वहीं समय बतलाता है

जो भी है चलता जाता है
जो भी है चलता जाता है.....।

दबता है बचपन,
मासूम का किस बोझ के नीचे।
गरीबी भला क्या चीज है,
मत पूछिए साहब।

आने नहीं देती है गरीबी,
उम्र बचपन की।
मजबूरियाँ क्या चीज है,
मत पूछिए साहब।

ख्वाब उनके भी हैं,
बचपन में खिलौनों के।
लाचारी भला क्या चीज है,
मत पूछिए साहब।

भूखे पेट सोता हो जो,
बचपन नंगा सड़को पर।
मौसम भला क्या चीज है,
मत पूछिए साहब।

कहाँ खो जाता है बचपन,
गरीबी के अंधेरों में।
जिन्दगी भला क्या चीज है,
मत पूछिए साहब।

मेरे विद्यालय की वर्दी

मैं सेण्ट जोज़ेफ विद्यालय में कक्षा एक में पढ़ता हूँ। मेरे विद्यालय की वर्दी अत्यन्त सुन्दर व स्मार्ट लगती है। आसमानी रंग की कमीज, स्लैटी पैण्ट के साथ अति सुन्दर लगती है नीली, हरी व सफेद धारियों वाली टाई और उसी रंग की बेल्ट है, स्लैटी स्वेटर में भी तीन रंगों की ही धारियाँ हैं।

मेरे विद्यालय की वर्दी के कोट का रंग नीला है। हर सोमवार को हमें कोट पहनना अनिवार्य होता है। जब मैं अपने विद्यालय की वर्दी पहनकर विद्यालय जाने को तैयार होता हूँ, तो मैं अपने आप को बहुत अच्छा लगता हूँ।

मुझे अपना विद्यालय और विद्यालय की वर्दी अत्यन्त प्रिय है।

मेरी हिन्दी पुस्तिका

मेरी हिन्दी पुस्तिका का नाम हिन्दी पाठमाला है। यह मुझे बहुत अच्छी लगती है। इसमें कई कहानियाँ हैं, जो मुझे अच्छी लगती हैं। मेरी हिन्दी पुस्तिका में माँ तथा परिवार के विषय में अति सुन्दर वर्णन किया गया है।

महात्मा गाँधी के विषय में इस पुस्तक में दो पाठ हैं, जिससे हमें सत्य और अहिंसा की सीख मिलती है। शेर और चूहे की कहानी मुझे बहुत पसन्द है। जिसके माध्यम से हमें यह समझाया गया है, कि हर जीव का अपना महत्व होता है चाहे फिर वह छोटा हो या बड़ा।

मेरी हिन्दी पुस्तिका रंग-बिरंगी है। जिसके रंग मुझे बहुत सुहाते हैं। बहुत ही सरल भाषा में हमें अपनी पुस्तिका से बहुत अच्छी सीख मिलती है।

मैं और मेरा कार्टून शो

मेरा प्रिय कार्टून डॉरीमॉन है। जब मैं पढ़ाई करने के बाद थक जाता हूँ, तो फिर मुझे कार्टून देखने की इजाजत मिलती है, जिसमें बहुत अच्छी बातें सीखने को भी मिलती है, इसमें नेबीता, डॉरीमॉन, जीयान, सौनीऊ और सुजुका हैं, डॉरीमान एक रोबोट है। डॉरीमॉन नेबीता के घर रहता है। नेबीता बहुत आलसी है, इम्तिहान में हमेशा उसे कम नम्बर मिलते हैं। उसे सुबह देर से उठना तथा खेलना पसन्द है। उसकी माँ उसे बहुत समझाती है परन्तु वह नहीं मानता है। जीयान और सौनीऊ उसे हमेशा मारते रहते हैं।

उनके पास एक बैम्बू कॉप्टर है, जिसमें वे उड़ सकते हैं, टाइम मशीन में अपना भविष्य देख सकते हैं और भी कई रोचक कार्य करना इस कार्टून के माध्यम से दिखाया गया है।

यह मेरा पसंदीदा कार्टून है।

मेरा शौक

मैं कक्षा तीन में पढ़ता हूँ। मेरा शौक है— पुस्तकें पढ़ना। पुस्तकें मेरी परम मित्र हैं। पुस्तकों के साथ समय बिताना मुझे बहुत अच्छा लगता है। ज्ञान बढ़ाने का मन हो या फिर मनोरंजन का इनका साथ मुझे हमेशा मिलता है।

जो इच्छा पढ़ो, जितना चाहो, उतना पढ़ो, कोई सीमा नहीं होती, कथा, कहानियाँ, चुटकुले, नाटक इत्यादि भी। पुस्तकें हमारी सबसे अच्छी मित्र होती हैं। इनसे हमें कभी धोखा नहीं मिलता। न ही कभी अकेलेपन का एहसास होता है। किन्तु एक बात बहुत महत्वपूर्ण है। हमें अपने उम्र के अनुसार ही पुस्तकों का चयन करना चाहिए। उचित विषयों पर उपयोगी पुस्तकें ही हमें पढ़नी चाहिए। ताकि अपनी आयु के अनुसार ही हमारा उचित विकास हो।

जीवन में समय का महत्व

समय की तुलना किसी से नहीं की जा सकती। यह अमूल्य है। जीवन के बीते क्षण कभी वापस नहीं लौटते। अतः प्रत्येक क्षण का हमें सोच-समझकर सदुपयोग करना चाहिए।

समय को न हम खरीद सकते हैं और न ही बेच सकते हैं। समय का दुरुपयोग करना घातक भी सिद्ध हो सकता है और पश्चाताप का कारण बन सकता है। समय अपनी निश्चित गति से लगातार चलता रहता है। न तेज न धीमा। मनुष्यों की सफलता का रहस्य समय का सही उपयोग करना ही रहा है।

विद्यार्थी जीवन समस्त जीवन का आधार है। समय नष्ट करने वाला विद्यार्थी अपने जीवन को सवार नहीं पाएगा। समय एक अमूल्य निधि है। हमें इसका सदुपयोग और सम्मान करना चाहिए। हमेशा इस बात को ध्यान में रखना चाहिए कि यह फिर लौटकर कभी वापस नहीं आएगा।

पुस्तकों का महत्व

पढ़ना एक अच्छी आदत है। यह ज्ञान प्राप्ति का साधन है। पुस्तक एक ऐसा उपहार है, जिसे हम बार-बार खोल सकते हैं।

अच्छी पुस्तकें बच्चों के भविष्य निर्माण में सहायक होती हैं, पुस्तकें हमारी मानसिक उन्नति में सहायक होती हैं, पुस्तकों के माध्यम से ही हम सैकड़ों वर्षों के पूर्व ज्ञान को तथा अपने इतिहास को जान पाए हैं। हमारा इतिहास पुस्तकों में ही जीवन्त है।

अकेले होने पर भी हम पुस्तकों के साथ अपना समय बिता सकते हैं, पुस्तकें हमारी ऐसी मित्र हैं जो प्रत्येक स्थान और प्रत्येक समय में सहायक होती हैं। पुस्तकें अंधकार में हमारा मार्गदर्शन करती हैं।

“अपनी चमक को बनाए रखने के लिए जिस तरह तलवार को पत्थर की जरूरत होती है, उसी प्रकार दिमाग को किताबों की।”

किसी ने कहा है— “पुस्तकें जन्मत की देवियाँ हैं। हम उनकी सेवा करके तुरंत वरदान प्राप्त कर सकते हैं।”

ग्रीष्म ऋतु में नैनीताल

हमारा प्यारा नैनीताल एक पर्यटक स्थल है, यहाँ हर ऋतु का अपना अलग ही आनंद है। ग्रीष्म ऋतु में पर्यटकों की चहल-पहल बढ़ जाती है। नैनी झील में तैरती नौकाएँ प्यारा सा मन मोहक दृश्य देखकर मन में कविता की कुछ पंक्तियाँ बन जाती हैं।

ग्रीष्म ऋतु आई,
पर्यटक की भीड़ नैनीताल में बढ़ आई,
मॉलरोड में फड़ वालों की बढ़ी कतार
व्यवसायियों के चेहरों पर भी
खुशी की रौनक झलक आई,
नैनीझील को देखकर लगता है ऐसा
कि कश्मीर में स्वर्ग है तो मेरी देवभूमि उत्तराखण्ड नैनीताल।
यहाँ के फ्लैट मैदान में मिलता है
मंदिर, मस्जिद, गुरुद्वारे का होता मिलन
जिसे देखकर लगता है
यही है अनेकता में एकता।

ग्रीष्म ऋतु में नैनीताल की छटा दर्शनीय है। लगता है पूरा देश ही नहीं विदेश भी नैनीताल में ही सिमट गया है।

उत्तराखण्ड राज्य के प्रतीक

हम सब भारतीय हैं और भारतीय होने के नाते हम अपने राष्ट्र के राज्य प्रतीकों से भली भाँति परिचित हैं। भारत की विशेषता है— अनेकता में एकता। भारत में 28 राज्य हैं। उत्तराखण्ड भारत का 27वाँ राज्य है। हमारे राज्य उत्तराखण्ड की स्थापना 9 नवम्बर 2000 में हुई थी। यहाँ की जलवायु शीत प्रधान है। उत्तराखण्ड की राजधानी देहरादून (अस्थायी) है।

भारत के प्रत्येक राज्य के अपने कुछ प्रतीक हैं। उत्तराखण्ड ने भी अपने राज्य प्रतीकों का निर्धारण वर्ष 2001 में किया।

राज्य चिन्ह—राज्य के प्रतीक चिन्ह में तीन-तीन पर्वतों की एक श्रृंखला के उपर अशोक चिन्ह तथा नीचे गंगा नदी की लहरों को परिकल्पित किया गया है।

राज्य पुष्प—उत्तराखण्ड राज्य का पुष्प ब्रह्म कमल है। स्थानीय भाषा में इसे कौल पद्म कहा जाता है। यह पुष्प सुगंधित और औषधीय गुणों से भरपूर है।

राज्य पशु—राज्य का पशु कस्तूरी मृग है। इसके सींग नहीं होते। कस्तूरी मृग की नाभी में पायी जाने वाली कस्तूरी की सुगंध बड़ी मोहक होती है।

राज्य वृक्ष बुरांश है। औषधीय गुणों से युक्त यह वृक्ष वर्ष भर हरा रहता है। इसमें लाल रंग के फूल लगते हैं, इससे बनने वाला शर्बत हृदय रोगियों के लिए लाभकारी माना जाता है।

उत्तराखण्ड राज्य का पक्षी मोनाल है। हिमालयी मोर के नाम से विख्यात यह पक्षी बहुत सुन्दर होता है। मोर की भाँति ही इसके सर पर भी कलंगी होती है। इसे स्थानीय भाषा में मोनाल कहा जाता है।

वैश्विक आग में जलता भारत

भारत पर एक बहुत बड़ा संकट मंडरा रहा है। जलवायु परिवर्तन तथा ग्लोबल वार्मिंग के कारण विश्व में सर्वाधिक क्षति भारतीय उपमहाद्वीप को होगी।

विश्व की बीस प्रतिशत जनसंख्या का घर, भारतीय उपमहाद्वीप हिमालय से उत्पन्न नदियों पर निर्भर रहता है। यह सदानीरा नदियाँ भारत, पाकिस्तान, बांग्लादेश तथा नेपाल की अधिकतर जनसंख्या को जीने के लिए जल, जंगल, पेड़-पौधे, उपजाऊ भूमि तथा रोजगार प्रदान करती हैं। गंगा, यमुना, सिंधु, चेनाब, रावी, सतलुज, ब्रह्मपुत्र जैसी नदियाँ भारतीय उपमहाद्वीप के राष्ट्रों की कृषि, उद्योगों तथा अर्थव्यवस्था का आधार हैं।

हिमालय के हिमखण्डों का लगातार पिघलना तथा पर्याप्त हिमपात के अभाव में यह नदियाँ लम्बे काल तक हमारी आवश्यकताओं की पूर्ति करने में सक्षम नहीं रहेगी। इससे भयंकर भुखमरी, सूखा तथा गरीबी बढ़ जाएगी तथा करोड़ों लोग मृत्यु के शिकार हो जाएंगे।

वैश्विक तापमान का बढ़ना केवल नदियों के लिए ही संकट नहीं, अपितु इससे फसल की पैदावार में भारी गिरावट आएगी जिससे हमारी अर्थव्यवस्था बर्बाद हो जाएगी। इसके साथ-साथ जलवायु परिवर्तन पूरे भारत में परित्यक्तों को बर्बाद कर देगा तथा बाढ़, सूखा, तापमान में वृद्धि तथा चक्रवात जैसी घटनाओं में भी वृद्धि आएगी। वर्षा के स्वरूप में भी नकारात्मक परिवर्तन आएँगे तथा वर्षावन बर्बाद हो जाएँगे जो हमारी प्राकृतिक संपदा है।

इन सारी बातों को साझा करने के पीछे मेरा उद्देश्य किसी को डराने का नहीं अपितु सचेत करने का है कि हमारी युवा पीढ़ी के ही हाथ में हमारा भविष्य है। धर्म, जाति, रंग, लिंग, संप्रदाय के नाम पर लड़ने से बेहतर है कि धरती माँ तथा अपनी मातृभूमि को इस संकट से बचाएँ तथा इस धरती को एक बेहतर जगह बनाएँ।

जीवनशैली की महत्ता

संत कबीर कर्मयोगी थे। वे जीवन भर अपना कर्म करते हुए खुद की खोज में लगे रहे। वे अल्पाहारी थे और भौतिक सुख-सुविधाओं से हमेशा दूर भागते थे। उनके मुरीद उन्हें ऐशोआराम देना चाहते, लेकिन वे टाल दिया करते थे। कबीरदास यह जानते थे कि सुख-समृद्धि और वैभव ही आलस और प्रमाद का कारण है। ऐसी किंतदंतियों की भरमार है कि कबीर समय के बड़े पाबंद थे। निश्चित समय पर अपने सभी कार्य पूरे कर लेने के कारण उनके पास सत्संग तथा विचार-विमर्श का पर्याप्त समय हुआ करता था। वे हर किसी की बात सुनते और अपनी बात कहते।

संत विनाबा भावे भी कहा करते थे कि परिश्रम तथा ईमानदारी के साथ काम करना और अधिक संग्रह की लालसा नहीं होना, हमारे मानसिक तथा शारीरिक स्वास्थ्य के लिए अत्यंत उपयोगी है। महात्मा गांधी मानते थे, कि हमारी दिनचर्या को सफल बनाने के लिए इच्छाशक्ति बहुत अहम रोल अदा करती है। इसकी शक्ति से हम न सिर्फ सागर लांघ सकते हैं, बल्कि पर्वत भी पार कर सकते हैं।

जीवन की रणनीति ऐसी होनी चाहिए कि दो अच्छी बातों में सबसे अच्छी बात को छांटने की क्षमता विकसित हो जाए। यही क्षमता मिसाइल मैन ऑफ इंडिया यानी ए.पी.जे. कलाम में विद्यमान थी और उन्होंने संघर्ष के मार्ग को जीवन का सच्चा तथा अच्छा मार्ग मानकर, आजीवन उसका पालन किया। आज कलाम पर किताबों की भरमार है। उन पर विश्व भर में शोध कार्य किए जा रहे हैं। उनके साथ-साथ उनकी जीवनशैली भी अमर हो गई। हम देखते हैं कि जो भी महापुरुष हुए हैं, उन्होंने श्रेष्ठ जीवनशैली को महत्व दिया और अपने जीवन को सफल बनाया।

विद्यार्थी और सामाजिक माध्यम

मानव जीवन का प्रथम पड़ाव विद्यार्थी जीवन है। जब बच्चा प्रथम बार विद्यालय में प्रवेश करता है तो उसे समाज के विभिन्न क्रिया-कलापों का ज्ञान होता है। वह जीवन के तौर तरीकों को अपने दोस्तों, गुरुजनों तथा अन्य सामाजिक वातावरण से सीखता है और उस पर अमल करता है।

जब विद्यार्थी यौवन की दहलीज पर कदम रखता है, तो उसके मन में प्रश्नों की उत्पत्ति होती है। आस-पास के वातावरण के प्रभाव भिन्न-भिन्न प्रकार के विचारों का आवागमन होता है। उत्सुकता वश वह इन प्रश्नों का हल सामाजिक माध्यम से ढूढ़ने की कोशिश करता है।

वर्तमान समय का वातावरण सामाजिक माध्यम से आदान-प्रदान तथा विचारों की अभिव्यक्ति का है। इस सूचना एवं प्रौद्योगिकी के युग में विद्यार्थी भी अछूता नहीं रह पाया है। आज उसे मोबाइल फोन की आवश्यकता हो रही है। मोबाइल इस वर्ग का साथी बन गया है। सूचना तंत्र में ज्ञान का अथाह भण्डार विद्यार्थियों के लिए भरा है। वर्तमान समय में कठिनाइयों का हल आसानी से मिल जाता है। इससे विद्यार्थी अथाह ज्ञान अर्जित करते हैं।

लेकिन दुर्भाग्य इस बात का है कि विद्यार्थी सामाजिक माध्यमों में जुड़ा है। फेशबुक, वट्सैप तथा इंटाग्राम आदि तमाम माध्यम सूचना आदान-प्रदान के लिए बने हैं परन्तु विद्यार्थी इन माध्यमों का प्रयोग मनोरंजन के लिए कर रहा है। अपना बहुमूल्य समय इसमें बरबाद कर देता है। उसे ऑनलाइन रहने में अपना बड़ा स्तर दिखाई देता है, परन्तु उसे इस बात का अहसास नहीं होता है कि वह कब राह से भटक चुका है।

इन माध्यमों में बहुत सी अफवाहें होती हैं। जिसे मासूम बच्चे सच समझने लगते हैं। खेलों के माध्यम से बच्चों को गुमराह किया जाता है। सूचना जाल (NET) पर उपलब्ध खेल (गेम) बच्चों को आदि बना देता है। जिससे उनकी स्मरण शक्ति कमजोर होती है। ज्यादातर विद्यार्थी गुमराह हो रहे हैं।

सामाजिक माध्यम अच्छे प्रयोग हेतु बनाया गया है। वर्तमान समय में इसका अत्यधिक दुरुपयोग हो रहा है। नयी पीढ़ी इसकी आदि हो चुकी है। देर रात तक मोबाइल में वार्तालाप होता है। संवादों में दोषारोपण, प्रतिक्रिया, पसन्द-नापसन्द आदि का आदान-प्रदान होता है। कभी-कभी भद्दी-भद्दी टिप्पणियां, चित्र आदि भेज दी जाती है। जिसका परिणाम बुरा होता है। हमारी संसद ने सूचना प्रौद्योगिकी अधिनियम बनाया है जिसमें दण्ड का प्रावधान किया गया है। हमें इन सब चीजों से बचकर रहना चाहिए वरना एक छोटी सी भूल हमारे जीवन को तहस नहस कर सकती है।

दोस्तों समय के सिर पर बाल होते हैं आते समय पकड़ा जा सकता है। लेकिन उसका पिछला हिस्सा चिकना होता है एक निकल जाता है और उसे पकड़ने के चक्कर में अगला समय भी निकल जाता है। इसलिए भगवान प्रतिदिन 86400 अरफियां हमें देता है हम कितना उपयोग और दुरुपयोग करते हैं यह हम पर निर्भर करता है अन्यथा हमारा जीवन इस प्रतियोगिता युक्त युग में नष्ट हो जायेगा।

धन्यवाद
