From January to December

JANUARY

18th. The newly appointed Superior General Rev. Fr. A. A. Lohas, Rev. Fr. P. C. Curran, Rev. Fr. E. Leonard (The Provincial) and Rev. Fr. J. A. McPherson came from Delhi to see the College. Rev. Fr. Lohas is on a world wide tour of the Congregation.

30th, Rev. Burke, Lyrng and McGinnis arrived today. They had great difficulty in getting a conveyance at Kathgodam owing to the bus strike. Eventually Mr. Mallant gave them his jeep to come up.

FEBRUARY

The work of renovating the dormitories is going on very slowly. However, there is now a feeling of security that all the unnecessary stone and mortar has been removed from the dormitories.

MARCH

7th & 8th. The parties arrive. There are several new faces this year.

Three new Brothers joined the College this year—Bro. Palomitus (a former Principal of S.J.C.S. Comber and Ward.

18th. First day of class. The Cambridge results arrived rather unexpectedly this evening. We got 19 in the 1st Div., 9 in the 2nd, and three in the 3rd. Congratulations to all concerned.

22nd. We had a heavy fall of hail and snow today.

24th. Easter was heralded with sleet, hail and snow. The boys who attended the midnight ceremonies could easily keep awake as it was very cold.

28th. Back to class—the weather is still bad.

APRIL

6th. Rev. Fr. Palomitus left for his holiday in Italy today.

12th. Classes 2 and 5 went to Government Grounds for their picnic.

15th. Classes 6 and 7 went for their picnic.

During the week the rest of the school had their picnics.

20th. Sports' Practice started today.

27th. Mr. K. C. Pant, a past pupil of the school and at present Minister of State in the Finance Ministry, came to Nani Tal today. A large number of boys went to the bus stop to welcome him.

MAY

5th. The Principal's Feast day.

7th. The first of the holiday Brothers arrived today.

12th. The Brothers are coming gradually—let's hope they have a good holiday.

18th. We welcomed our new Governor, Mr. G. Reddy, today.

19th. The Convent sports.

20th. The Governor, Mr. Gopalak Reddy, presided while Shrinani Reddy gave away the prizes. Congrats St. Peter's house on winning the Sports.

24th. The Rowing Season started today. The old hands from last year are quite at home in the waters while the new ones are learning quickly in the Practice Races.

25th. The whole school went to see "Those wonderful men in their Flying Machines."

JUNE

1st. Catholic boys started their retreat today.

9th. Fr. Ward had his feast day today.

In the evening we had a terrible storm.

11th. Fr. Duff's feast day. Although the lights failed this evening, we were able to have the film later.

15th. A very successful Jile in aid of the Bihar Relief Fund. Thanks to all for your help and co-operation.

17th. Bishop Conrad, O.F.M. Cap. celebrated Mass in the College Chapel. James Rodriguez, Neal Figarredo, Gerold Saldanha, David Conquest and Bernard Lisen received First Holy Communion.

18th. The monsoon seems to have started already.

JULY

1st. Tree planting ceremony was well attended by the boys.

5th. Fifteen boys were confirmed by His Lordship Bishop Conrad De Vito in the Convent Chapel today.

10th. Mid-Term Examinations begin.

16th. Our First eleven drew with the Police in our grounds.

29th. The London League has started and our boys are doing well.

AUGUST

2nd. Our first eleven beat Degree College B in a really exciting match.

8th. Our juveniles went down to have their heights taken this evening in preparation for the Independence Day Cup.

15th. Our fifth Aquatic meet. Mr. Shyam Lal, I.P.S. Supt. of Police presided and gave away the prizes. St. Patrick's were the winning house. Congrats Mr. Gomes on this wonderful display.

15th. Rev. Fr. E. X. Leonard—Provincial of the Brothers in India arrived today. Flag hoisting in the morning. The inclement weather marred a great deal of our programme. The finals of the juveniles took place in the evening in a terrible downpour. The heavy ball and the sodden ground prevented any decent play with the result that the game ended in a draw as neither side could score.

20th. Holiday in honour of Lord Krishna.

30th. Junior Elocution Contest. Mother Josephine, Miss March and Mr. Stone were the Judges.

31st. Mr. B. P. Sah—our Chemistry teacher left today to take up a post in Addis Ababa. He laboured here for fifteen years and will long be remembered by many of the old boys. We wish him every success in his new field of action. The Middle and Senior Elocution Contest took place this evening. Class Eleven won the Senior choral.

SEPTEMBER

5th. Teacher's Day. In the morning the boys read messages from Gandhi, Mrs. Indira Gandhi, the Chief Minister

of U.P., Dr. Zakir Husain and Dr. Radha Krishnan—all emphasising the important role teachers play in the life of each one. These speeches were interspersed with music from our newly formed orchestra. A football match between the S.C. and the possible first eleven of next year completed the morning's programme. The boys entertained the staff with a gymnastic display in the afternoon, while in the evening a variety concert gave many a good laugh.

6th. Mr. Sah—our new Chemistry teacher joined the staff.

14th. An appeal was made by the Commissioner's wife for clothes and donations for the people affected by the bursting of the Narak Sagar Dam. The response was beyond all expectations in both clothes and money. She personally thanked the classes for their generosity and we were happy to see her take a jeep-load of clothes with her.

16th. Our Senior boys had their first social with St. Mary's.

17th. The sacrament of Confirmation was conferred on Glen Goncalves and Cedric D'Souza in our chapel today.

20th. Word reached us that Mrs. Rose-Meyer passed to her reward in the early hours of this morning. May her dear soul rest in peace. The Senior Catholic boys as well as the girls from St. Mary's and the staffs on both schools were present when she was laid to rest by the side of Mr. D. Watling—an old teacher of St. Joseph's—in Jaitikote.

29th. The S.C. boys celebrated Br. Burke's feast day. For once the day was fine.

29th. The Elocution, General Knowledge and Extempore Speech boys had

their first try-out on the stage this evening in preparation for the Delhi meet.

25th. The Delhi contingent left this morning for the Inter-School Cultural Meet.

OCTOBER

3rd. The Delhi contingent arrived back having done very well. They came second in the Meet. Congratulations, St. Columba's on winning the Edmund Ignatius Rice Shield. It was decided that the meet will be held in St. Joseph's in 1969.

4th. A holiday. Some of the boys went to All Saints' Sports. In the afternoon we had a terrible hail storm.

5th. Our Senior School went down to the Ramnagar Concert.

12th. Concert for the Public at St. Joseph's. This year we had a variety entertainment with two plays "Under the Stars" and "The face is familiar" interspersed with music from our Melody Aces.

14th. The Boys in the Highland Flung and Mr. Raj's Hindi play gave a good account of themselves at the Chalet during the Nani Tal festival week. Mr. Gomes' group of boys gave a display of home work while Br. Ward with his Aces played on the flats.

20th. Group photos for the Review.

21st. Mr. Wilson examined the boys in music and elocution. Congrats to all concerned.

25th. The P.S.C. and S.C. had their Boat Race this morning. The course this year was from the buoy opposite the S.J.C. boat house round the buoy near the Capital steps and back. Mr. Sarwal, president of the Municipal Board, started the Race. The S.C. won by a comfortable margin.

NOVEMBER

2nd. Br. Ward took his boys for a hike to see the snows.

3rd. Back to class for the last lap after two days' holidays for Diwali.

8th. Oral Hindi for the I.S.C. today.

18th. Christmas Tree for the Juniors.

19th. Brother Lyng left today for Ireland.

27th. Christian Brothers' Exams start today.

28th. We got the results of the Christian Doctrine today. S. Jacobs won the Bishop's Gold Cross.

4th. All parties leave for home today.

my father's farewell

One December evening my father and I were enjoying a nice game of tennis, and he was getting the better of me when our game was disturbed by the voice of a soldier. He had an envelope in his hand which my father took from him. The soldier saluted and walked away.

My father opened the letter and read and re-read it many, many times as if not believing what he read. He then showed the letter to my mother. Soon the exciting news was spread and my brothers and I raced away to give the news to everyone and the whole battalion came to know. My father was being transferred and this came as a shock to the jawans who liked my father very much, as he had done much for them during the war.

My father was to leave on the fifteenth of January and he too, was very sad to leave this battalion he had loved and admired so much, and with whom he had spent the major part of his life. However, orders were orders and had to be obeyed under all circumstances. Time seemed to fly and the parting day was very near. For one whole week my father, my mother and my brothers dined out.

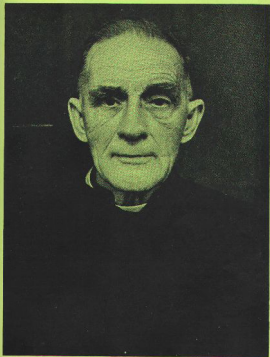

At last the day arrived and there was a great deal of excitement. My father was in his office giving his last orders and looking very sad. At twelve o'clock the parade was dismissed by him for the last time and the soldiers went sadly back to their respective companies.

After lunch he called a meeting for all the officers and jawans who were eager to know who the next Commanding Officer would be.

At last the jeep arrived and after wishing all the officers and their wives goodbye my father and mother got into the front and we hopped into the back. We arrived at the station just as the train was pulling in, with our escorts of trucks filled with jawans. Our luggage was piled in, the guard's whistle blew and just as the second-in command gave his third cheer for Lt. Col. Hayde, the train pulled out of the station, leaving all the jawans behind, but with all their garlands round my father's neck.

the giant

*There came a giant to my door,
A giant fierce and strong;
His step was heavy on the floor,
His arms were ten yards long.
He scowled and frowned;
He shook the ground:
I trembled through and through.
At length I looked him in the face,
And cried: "Who cares for you?"
The mighty giant as I spoke,
Grew pale and thin and small,
When suddenly from my dream I woke,
And heard the raindrops fall.*

my pet

*Tiger is my doggie's name,
But he is so very tame.
How he loves to jump and play,
On a bright and sunny day.
We are friends both he and I,
And on my lap he wants to lie,
He's my dearest little pet,
And should he die, how I shall fret.*

my visit to kohima (nagaland)

Nagaland is the sixteenth State of India, and was for a time centrally administered. It is quite a wild place and the Government is trying to improve it. But many houses, bridges etc. are being destroyed by the hostile Nagas who want to make Nagaland a separate, independent State.

As my father, an army officer, was posted there, I was fortunate to be able to visit this wild, somewhat undeveloped part of the country. We had to pass Kohima on our way to the interior. Kohima is the capital of Nagaland and thus, it is somewhat modernised. We stopped there for a week. I had learned a little of the Naga language and became friendly with some Naga Boys.

Having learned that the cemetery was worth a visit, my friends and I set out for it one bright sunny morning. The birds sang melodiously, and we tried to imitate them by singing Indian and Naga songs. The provisions we had brought with us were placed in the shade of a tree while we went into the cemetery. We went from grave to grave, reading the names of the dead, many of whom had died by Japanese bullets during the second World War. It is a very quiet spot and very peaceful, with flowers blooming.

We ate a hearty lunch, and for the first time, I sampled some Naga dishes, which I found delicious, while my friends thoroughly enjoyed the Indian dainties I had brought. After a rest, we amused ourselves by playing "Kick-the-can" on the green grass. Unfortunately, after an hour or so, it began to rain heavily, and we headed for home.

Next day, a bad incident took place. My uncle was serving in convoy to meet us, but the road had been mined by the hostile Nagas. The first three jeeps of the convoy were blown up and six persons were killed. Hearing the news, my father and I set out for the place on horseback. I was glad to see my uncle safe. The three of us went back on horses and my father sent a squad to remove the mines.

As my father and uncle had some urgent work in the interior, we had to leave Kohima the next morning. That night my friends stood me a farewell dinner, and early next morning I bade them all farewell.

the fete

*In our school we had a fete,
Which was very, very great.
We had so very many stalls,
Both for big and for small.
Twelvey Dodd, the Chocolate Wheel,
Purses and Kewpies which were a treat,
Steady Hand, the Lucky Dip,
And cool drinks for us all to sip,
And everyone who did come,
Were heard saying "We did have lots of fun!"*

my baby brother

*Dennis is a baby boy,
Who is such a pet and joy.
He has long and curly hair,
And big bright eyes that stare and stare,
How he pulls my hair and bites,
And screams out loud with all his might,
If he wakes up in the night,
I run and put on his bed side light.*

my visit to the pyramids and sphinx

On my father's suggestion, we decided to go to the Pyramids the day we landed in Cairo. They are situated on the edge of the desert at Gizeh. They are enormous, brownish structures having a breadth of about 100 metres and a height of about 150 metres. Owing to the desert winds and sand, parts of the Pyramids were eroded.

The Pyramids of Gizeh were one of the wonders of the ancient world. They were the graves of three Pharaohs—Cheops, Charybdis and Micerinus. They were built about 2000 B.C., and three million stones were used in their construction, the average weight of each being half a ton while some weighed up to twenty tons. These were brought down the Nile from Luxor by ship. They were then dragged from the Nile to Gizeh by sleds to build perfect Pyramids with the use of only the simplest of tools.

The entrance to the Pyramid of Cheops is about fifteen metres above the ground. Once inside we followed a well-lit passage to the Pharaoh's tomb. After a tortuous climb we entered the Pharaoh's burial chamber. This, at one time, contained the Pharaoh's body as well as a number of other possessions of his which he would need in the next world. This burial chamber was a disappointment, however, as all these articles had been shifted to the Egyptian museum. The stone grave which once contained the body, was the only thing left.

The Sphinx is about a furlong from the Pyramids. It is a statue with the face of a man but the body of a lion. It was built by the ancient Egyptians to protect the Pyramids with the wisdom of a man and the courage of a lion.

I had one last look at the Pyramids when we were leaving and I thought about the pomp and show of the Egyptians that the silent and mysterious Sphinx must have witnessed.

the i. s. c. class, 1967

*Our I.S.C. class this year
is composed of forty-one gentl we fear!
This set of nages we've been asked to describe,
So here they come—every one of the tribe!*

*We introduce Brother Burke, our dashing chieftain.
On the first day of school told us: Examinations begin!
You must now start studying hard,
I want no third division: be on your guard!*

*First comes Subroto— a man to rave
He's mightier than James Bond— so beware!
Then of course there is Harbir Singh,
He loves to beat King Kong at wrestling.
Rajaram Singh is strangely affected by time,
He goes mad when the Tea ball clock chime!
Anur Singh otherwise called 'Beardy',
"I might be mistaken for a girl," feared he.
Pank, it seems, is more than a little porty,
Whenever he gets a chance, he acts naughty.
Phillips is ever ready to fight a bear,
He says: "To the poor bear it might seem unfair!"
The two Gupias are a stricken set,
Each is ever willing to bet.
Sudhir and Ramesh caught in Gupia's traps
Have already planned out their homogenous traps.
Dor and Martin are chaps from Kashmir,
One likes cricket, the other likes I-iv.
Debrao and Billy are always together,
Because they are both birds of a feather.*

Rakesh and Vikram had a battle well fought,
For one was in love, the other was not.
The four Joshis form a formidable gang,
Each is willing to die for his clan.
Chopra brags he comes from the moon,
Looks like it: He eats without a spoon.
Donald and Ronald form a happy pair
For their girl-friends in Sem their love they swear.
Those two fishermen—Bikky and Fred
On school-days fish and sweets they were in bed!
Tiwari and Mehra—that pair of 'daisies'
Make it clear that they are abominably lazy.
Malkani we understand is the laziest by far
When he rides a horse—Oh well! had had
Bakshi and Bindra are the remaining two Sardars
Both wear turbans studded with stars.
Ask Perry whom he likes best,
He says: "Raymond of course! Who else?"
Manoj, his hair suddenly grown so white,
Is probably due to studying all night.
Bharat Rana the 'Baja Wala' from Nepal,
And Kohli the Naga from Gorkhal.
Figueroa claims the Sheikdom of Syria,
For his revolutionary thoughts he was exiled to Algeria.
The farmer from Kashipur called 'Archie'
On the psychiatrist's advice he'll be holidaying in Ranchi.
Kala is the quietest by far,
And Ranjit loves travelling in a C.D. car.
Last, but not least, come the daring duo,
Who made this poem a success—Branat
And now as we come to the end
Forget not this I.S.C. class—dear friend!

A. SUDAN & P. MALL

Student unrest is one of the burning problems of the day. Like the blind man attempting to describe an elephant, we venture to give this or that reason, but all the time we grapple only with shadows, missing the real substance.

The problem, however, cannot be analysed properly unless we view it in the larger context of general unrest and discontentment in our country, which today is passing through crucial times in its post-independence history. Why are the people dissatisfied? Firstly, prices are soaring daily, the burden of taxation grows heavier, and above all, acute food shortage adds to our problems. To these fires, continuous fuel is being added by omnipresent corruption. Academic institutions are no exception to it. There is no doubt that our present situation is the natural outcome of what we have been doing for the past twenty years. If we have sown the wind, we must reap the whirlwind.

There are many causes underlying the growing student unrest in our country. First, we have the growing frustration among students: an average Indian student has nothing but frustration in store for him particularly in the matter of employment. Even brilliant students find it difficult to get suitable jobs because of the defective methods employed by our Services' selection boards. Another factor which contributes to the frustration is the aimlessness from which so many students suffer. The majority of them join some course or another without any purpose or aim, thinking that the degree they get will be a passport to a secure future. But in the increasingly complex society of today, such an attitude is unrealistic and even harmful. Very often students have to join courses against their wishes and find, only too late, that they have no aptitude for them. The result is that they cannot fare well and are a source of trouble to all those concerned—parents, guardians and the College authorities.

Political exploitation of the students is another cause. During the struggle for Independence, the political parties made use of students for subversive activities. The practice continues, even today, with the only difference that instead of the Congress, it is now the opposition parties. Our leaders say that the student should not participate in politics, but how can the students forget so soon a lesson which they have been and still are learning in some form or another?

Then there is a lack of close teacher-pupil relationships. Today we are facing a confusion of academic patterns. Sometimes we advocate the Guru Nanak system of education, and at other times we are extremely modern in our outlook. As a result, we cannot be sure what part has to be played by a teacher in the development of student's

personality. Materialism has struck deep roots in our thoughts and some of our teachers are more concerned about their own prospects than those of the students. As a result, the student feels let down and is unable to get proper guidance from anyone. Some of our teachers have a tendency of maintaining an attitude of aloofness vis-a-vis students. Such an attitude cannot be conducive to creating a congenial atmosphere in an academic institution which should be a citadel of free-thinking. This lowers the morale of the student and results in creating an inferiority complex.

It has been admitted by those in authority that most of the institutions are not under competent persons. Some of them have not even been near student environments after College days, so they know nothing of the difficulties and problems of their youthful charges. As a result, they apply the principles of civil administration, including repressive measures. It is but natural that the student rises in revolt. In many schools, students are treated as mere channels and are unable to attain scholarships and other amenities. Even teachers are exploited by such managements and have to solicit the help of students to voice their grievances.

Then there is the unhealthy effect of mass media upon the minds of students. Propaganda is the god of the twentieth century. A person who manages to capture the limelight is considered 'great' by the common man. The most publicised classes in our country who dominate our lives in the political, social and economic aspects are the ministers, the film stars and the multi-millionaires. The politicians being themselves victims of personal rivalries and moral degradation, fail to set an example of decency before the younger generation. Our films are nothing but money making ventures, and the students cannot learn suitable morals from them. The majority of our businessmen specialise in profiteering and tax evasion and are entirely oblivious of the interests of the country and the plight of the masses. The student, as a result, has no one to look up to for a good example.

With the developing means of communication the world is coming closer day by day, and the developments in one corner of the globe do not fail to affect those of other parts. If a student-led revolution can take place in Indonesia and Vietnam, or if the American students can demonstrate against the policies of the United States, their actions will naturally influence their counterparts in India. Students have been in the fore-front in bringing about political upheavals in different parts of the world, and no wonder they feel they can do something similar here too.

The language problem has caused many student riots in all parts of India recently. The problem is that a student of the South would develop an inferiority complex by learning Hindi, the language of the North. As a result he is doing everything in his means to prevent the domination of Hindi as the official and State language of India.

Last, but not least, are the uncertainties about the values of life in present-day society, when we see undeserving persons of doubtful integrity and character getting high places together with wealth and publicity, we lose faith in the age old values

held up before us in our culture and civilization. In addition to this, with the introduction of western culture the common man is confused and cannot decide which way to go.

Student unrest is undoubtedly a difficult and complex problem and does not admit of an easy solution. But efforts must be made to tackle it and we must apply ourselves to the task with patience and foresight. Instead of fighting the symptoms we must attack the root cause of the disease.

Firstly, efforts should be made to increase opportunities for gaining employment. As idle mind is the devil's workshop—so with improvement in prospect for employment, at least part-time work, much of the unrest among students will vanish.

The political atmosphere of the country should improve, more competent persons being brought to the forefront so that they can set good examples before the students.

Academic environments should improve. The "Grand Moghuls" must go away and co-operation between student and teacher must develop. The teacher should try to guide the student to the best of his ability. Politicians must keep to themselves and stay away from academic institutions. They should not exploit the student for political ends. The academic institutions should be autonomous so that they can run smoothly.

The family and social environments should also improve and guardians should pay more attention to the activities of their wards and should see that they are not being misled.

The administration of academic institutions should improve. The administration should show the students that it is there—not to oppress them—but for their welfare. If possible, the co-operation of the students should be secured even in the running of the administration. They may also be entrusted with maintaining law and order. In short, the students must feel that the institutions are meant primarily for them, and so they should develop a sense of responsibility towards them as well as towards the nation.

The energies of the students should be diverted into constructive channels. They should be helped to develop a more purposeful approach towards life and lot of all corruption should be removed so that the students are not misled by bad examples.

Although they are by no means easy to implement, these are but a few of the measures which have to be adopted if we wish to see that instead of creating problems for everybody, our students become the true repositories of our hopes and aspirations for the future of our country.

HAREKRISHN SENGUPTA

Class XI.

With apologies to Tennyson:- Principals have come and Principals have gone but I go on—Oh, no, not for ever! It is just a decade and a little more that I have spent in St. Joseph's College, Naini Tal. Parents, visitors, I myself am taken aback when queried to hear my reply: "I've been teaching here for more than ten years."

It was on the 30th of June, 1936 that I first made acquaintance with Naini. It was a misty, drizzly, cold, damp welcome that I received. Since then I have learnt to accept this somewhat depressing aspect of Naini during the monsoons with its breath-taking natural beauties. These wonders together with the congenial working conditions of one of the best schools lengthened my stay in Naini from six months to more than a decade.

Oh! how I have wished for an artist's hand to transfer on to canvas Naini's wonders. The beautiful lake with its swan-like yachts gliding smoothly along; the towering hillsides in their 'forty shades of green'; the purple-blue ranges with cotton-wool clouds nestling in their valleys; the majestic snow peaks of the Himalayas viewed from the higher hills; the patch-work fields in the faraway plains on a clear morning; and the twinkling fairy lights of the distant towns on a dark night; the perfect symmetry of a fir against a rising moon. These are some of the wonders that have made me stop and look and look again. Surely this must recall some nostalgic memories for those who were acquainted with Naini at some time or other.

Perched up high on one of Naini's hills is St. Joseph's College. Its twin spires silhouetted against the sky are a landmark for miles around. Each Principal in his turn has added to the beauty and the grandeur of this College, and to the comfort and well-being of its inmates. A brand new Junior School with spacious class-rooms and an up-to-date gym; an imposing new water-tank atop sine pillars; a cemented passage and quadrangle; new though breath-taking-away steps edged with red and silver and red railings and entrances with monogrammed gates; a modern swimming pool with beach-chairs and umbrellas; a splendid replica of the College badge emblazoning the frontage; our own living quarters—'Donaldabad' given a complete new-look; these are some of the innovations and renovations taken place under my very eyes.

In the class-rooms boys have come and gone. Most interestingly have I watched

Hugh Denbury, when nine years of age, entered the gates of SEM in 1908. He was admitted to the third standard and had Mr. Johnny Gleeson as teacher for a year. Mr. Gleeson remembers young Hugh as a brilliant student with great zest for work and games. The following year saw him in Mr. Caline Weil's class and Hugh made continued progress under the wise guidance of such an able teacher. Due to the ill-health of his elder brother Thomas, Hugh was obliged to leave Rains Tal for four years.

In 1914 Hugh Denbury again returned to SEM and stayed on for two years. It was during these two years that he enriched himself with glory academically and on the field of sport. In those days the Senior boys were prepared for Burslem High, entering the Imperial Police, the tenfolded Arts and Science of the Adelphod University, the High School and Senior Cambridge examinations.

The O'Leary's, Waller's and Jones' dominated the playing fields, going place in due time to the Library, McMaten's and Brennan's, but it is well known that the greatest of them all was Hugh Denbury.

After completing his studies at the end of 1915 he thought of a career with Government Customs where he hoped to find scope for his talents, both academic

their progress through the classes and on the fields. How quickly have they graduated from the Three R's to involved Mathematics and the Sciences, from a game of Dog-and-the-Bone to a Football League Tournament. Watching them pass out in their final year, I think to myself: these are the future adults—we teachers, what a responsibility is ours! I hope and pray that I have done my little bit to prepare the young ones entrusted to me, to take their places in the world of tomorrow.

I am happy and proud to be on the Staff of this great institution. Indeed, it was a lucky day for me that morning in May, 1956, when I chanced to glance at the advertisement in the 'Times': "Wanted a teacher in St. Joseph's College, Netaji Tal."

I take this opportunity to tender thanks to Reverend Brothers J. A. Morrissey, C. A. O'Shea, T. P. Fitzpatrick, D. F. Burke, J. N. Foley, J. H. Hughes and all the other Christian Brothers and Staff members for their kindness, understanding and encouragement during this happy decade of my life. God bless you all!

beauty

*Beauty is in the mountains,
Beauty is in the sea.
God knows all beauty,
And God knows me.
Beauty is on the prairie,
Beauty is in each tree,
God loves all beauty,
And God loves me.
Beauty is in a river,
Beauty is on each hill,
Beauty is where happy people live,
And work for every man.
For happiness is beauty,
And love is beauty too.
God made all beauty,
And God made me and you.*

teachers' day, 1967

Every year the 5th of September—the birthday of our former President Dr S. Radhakrishnan—is celebrated as Teachers' Day throughout the country. It is on this occasion that our thoughts and gratitude should be with our teachers to whom we are so deeply indebted; not only for the knowledge they have imparted to us, but for their unceasing efforts to build our lives and characters and make us fit citizens of the future.

We celebrated this great day by entertaining our teachers throughout that day. We began with a short, informal Concert and the bell summoned us to the auditorium at 9.30. The hall was filled to capacity with Staff and boys.

We started by reading the Prime Minister's statements pertaining to the National Teachers' Welfare Fund. This fund was to assist teachers and their families in distress. Further, the Government had an aim to collect Rs. 5 crores for this purpose, and in this co-operation of the people was expected.

Brother Ward and his 'Melody Aces' then entertained us to a few 'beat' numbers, and then the former President's speech—delivered on the occasion of the National Awards Distribution to teachers—was read: "The citizens of India have unceasingly endeavoured to acquire an ever-increasing capacity for Knowledge and kindness...It is these two qualities—that is of acquiring knowledge and generosity—which can be attributed to the two qualities of a true teacher."

Music again! Brother Ward (saxophone) and Mrs. Ludwig (piano) enchanted us with "Stranger on the Shore", and deserved the loud and hearty applause they received, although they ignored the persistent encores because of the time-limit.

—Then this message from the Father of the Nation was read: "One who respects his teachers undoubtedly acquires the good qualities of the world. It is difficult to gain knowledge without the aid of teachers, and this knowledge we can obtain only if we

revere them and have respect for them. There is no one more important than a teacher whom we can respect."

Virendra Tewari then claimed the limelight with two slow and melodious Hindi songs, accompanied by S. Joshi on the 'bongos', and was generously applauded.

Another message, and this time from Shri Chanda Singh: "We celebrate Dr. Radhakrishnan's birthday, the 5th of September, as Teachers' Day, and in our country we should pay more respect to our teachers as was done in ancient times... The future welfare of the country lies in the hands of teachers. We may make many plans and start many big projects but as long as there is no enthusiasm in the people, as long as they do not give their full co-operation there can be no success. The teacher is the most suitable person, who can arouse the public to such an awakening."

Donald Francis and Manoj Muttu then filled in five minutes with a hilarious item after which Dr. Zakir Hussain's message ended the concert programme: "It is a good idea that we celebrate the 5th of September as Teachers' Day every year. Teachers stand next to our parents in influencing our lives and when we are parents ourselves we have to respect teachers for their guidance of our children. Hence we should make our teachers realise that the importance of their work the welfare of the community is understood and our duty to help teachers wherever they are in difficulties."

Before Lunch the S.C. and the P.S.C. played an exciting but goalless football match. After Lunch the Staff and the students played chess, carrom, badminton and other indoor games together. D. Francis and H. Singh challenged the Staff—who were represented by Mr. Keelor and Mr. Lefevre—in badminton and the Staff, after an exciting game, proved the better pair.

Before dinner we saw an enjoyable picture here in the school: "The Son of Spartacus", and so Teachers' Day 1967 came to a happy end.

वह क्या रहस्य था ?

उत्तरप्रदेश की सीमा पर धारकुंडी नामक एक स्थान है। वही हिमालय जन्तु बहुत मिलते हैं, इसी कारण शिकार के विचार से निहले वर्ष जाड़े में वहाँ के कुछ अधिकारियों ने शिकार पर जाने का कार्यक्रम बनाया। धारकुंडी में रहने वाले एक बड़े महात्मा को देखने के लिए अधिकारियों की पक्षियों ने भी पल्लने की तैयारी की। उन सब लोगों के साथ मैं भी गया।

धारकुंडी पहुँचने पर कार्यक्रमों को वापसी के दर्शन करने सब लोग जीप में चले गये। रास्ते में तेज़ वर्षा आरम्भ हो गई जिससे एक जगह पानी भर गया था। जीप वहाँ से तो सुगमता से निकल गई परन्तु हमारे पशु अपने स्थान से नहीं हिली। बालक ने इंजन खोलकर देखा परन्तु खराबी का कोई कारण समझ में नहीं आया।

तेज़ वर्षा, बिजली की चमक, जानवरों की विभिन्न आवाज़ें, ठंडी तेज़ हवा तथा सड़ी हुई जीप जिसकी सही प्रकार चन्द भी नहीं किया जा सकता था—इस दृश्य से मन आकर्षित हो उठा। वह हाकियों के रहने का स्थान भी है, इस बात से जरा सी आश्चर्य भी अनेकाली विपत्ति का संकेत करती। कल्ले-कल्ले पेड़ भी बिजली की चमक में विभिन्न रूपधारी ढेड़ से लगते।

इसी समय साधु के वेप में एक आदमी जीप के पास आया जिससे सब लोग चुप हो गये क्योंकि वह साधु न होकर डाकू भी हो सकता था। उसने पास आकर हम लोगों से वहाँ रहने का कारण पूछा और हमारे बताने पर उसने जीप पर हाथ रखा और कहा, “बिम्बा की कोई बात नहीं, संभवतः जीप खराब चल गई।” वह कहकर वह लम्बे-लम्बे हम सरला जंगल की ओर बढ़ गया।

हम घटना के पश्चात् सब लोग मंथ-मुग्ध रह गये और बालक को चिन्त प्रवृत्त करने की कहा गया। आश्चर्य वह हुआ कि उसने जैसे ही जीप ‘स्टार्ट’ करने की चेष्टा की वह जीप गति से चल पड़ी। सब अस्मत्त हो गये।

डाकू बंते पर पहुँच कर शिकारों का, जिनकी धर्म में बहुत अधिक आस्था होती है, वह विचार था कि वह कोई चमत्कारी साधु था जिसके हाथ रखने से गाड़ी चल पड़ी, जबकि पुरखों ने वैज्ञानिक तर्क दिया कि इंजन का पानी सूखने के कारण ही नहीं चली। कारण कोई भी रहा हो पर है वह एक रहस्य ही।

शैले हॉल में हमारा कार्यक्रम

इस वर्ष हमारे नगर का शहरीकरण बड़ी भूमिका से सम्पन्न हुआ। इसके लिए विविध प्रकार के मनोरंजन कार्यक्रमों का आयोजन किया गया था। नगरपालिका की ओर से आयोजित विद्यालयों से अतिरिक्त किया गया था कि वे अपने कुछ सामुदायिक कार्यक्रम प्रस्तुत करें। हमारे प्रधानाचार्य ने भी यह निमन्त्रण स्वीकार कर लिया और उन्होंने रेबेल्स अदर लिग की यह कार्य ली। उन्होंने सर्व दो तुल्य का आयोजन किया जिनमें एक था 'हाईलेट थिंग' और दूसरा था 'लान्स'। इसके अतिरिक्त हिन्दी का एक एकाकी नाटक भी प्रस्तुत किया गया जिसका निर्देशन हमारे विद्यालय के एक हिन्दी शिक्षक श्री बी० राज ने किया था।

दिनांक १४ अगस्त को सायंकाल ६ बजे 'शैले हॉल' में यह कार्यक्रम आरम्भ हुआ। सबसे पहले 'हाईलेट थिंग' तुल्य प्रस्तुत किया गया। इसमें भाग लेने वाले सभी छात्र मनमोहक तथा आकर्षक कलाकारों में थे। तुल्य बहुत सुन्दर था। दर्शकों ने इसकी बड़ी प्रशंसा की। इसके बाद हमारे विद्यालय के सीनिकर छात्र श्री अरिन्द विहारी ने दो गीत गाए। फिर श्री अरविनी चरु वर्मा का लिखा एकाकी नाटक 'दो कलाकार' प्रस्तुत किया गया। यह बड़ी सफलता पूर्वक अभिनीत हुआ। इसमें भाग लेनेवाले सभी छात्रों का अभिनय सराहनीय था। सुवन जोशी ने मकान बालिका की भूमिका अत्यन्त अच्छे प्रकार के रूप में सर्वक पायले तथा कवि के रूप में कमल सहदेव के अभिनय बड़े स्वाभाविक थे। राकेश चन्द्रा पूरा आधुनिक सेट लग रहा था। उसके गीत के रूप में सुरीला सिंह का अभिनय सराहनीय था। उसने अपने संवाद तथा अभिनय से दर्शकों को खीट-खीट कर दिया। प्रकाशक श्री सुमिता पन्त का अभिनय अच्छा था। हमारे रसायन शास्त्र के अध्यापक श्री पी० एल० साह द्वारा किया गया मेक-अप सुन्दर तथा आकर्षक था। श्री बी० राज ने इस प्रदर्शन का आयोजन बड़ी कुशलता पूर्वक किया था। कार्यक्रम के बीच में अदर वार्ड ने मनमोहक पर मधुर धुनें बजाई, जिन्हें श्रोताओं ने बहुत पसन्द किया। अन्त में छात्रों द्वारा 'लान्स' तुल्य प्रस्तुत किया गया जो सबको बहुत अच्छा लगा। कार्यक्रम की समाप्ति राष्ट्रीय गान से हुई। इस अवसर पर उपस्थित श्री एल० डी० पन्त, उपशिक्षा निर्देशक ने हमारे इस मनोरंजन कार्यक्रम की बड़ी सराहना की।

श्री बी० पी० साहू, प्राध्यापक, रसायन विज्ञान के विदाई-अवसर पर—

पढ़ाओं की श्रुति और संधा समय में, तुम्हें आज हम सब विदा दे रहे हैं।
तुम्हारा रहा काम सहयोग देना; जहाँ जिसने पाया, उसे योग देना।
तुम्हें ये बातें याद आनी रहेंगी, ये यादें हमें भी सनाती रहेंगी।
वहाँ अपना करण्य पूरा करोगे, वही सोच मन से विदा दे रहे हैं॥
कहा कुछ किसी ने—सुरा भी न माला, सदा तुमने सबको बस अपना ही जाना।
सदा आग-पानी में आगे रहे हो; किसी ने कदा जो भी करते रहे हो।
सभी को खटकती तुम्हारी छुड़ाई, मरे हर से तुमको विदा दे रहे हैं॥
रहो तुम जहाँ भी हो उजनि तुम्हारी, मनोकामना है वही बस हमारी।
सदा देश का नाम डँबा करो तुम, जहाँ भी रहो काम वरम करो तुम।
बनोगे सभी मातृ-भू के दुलारे, वही आचना ले, विदा दे रहे हैं॥

शिक्षक-दिवस

शिक्षा-चट्टनि में आचार्य की बहुत महिमा गायी गयी है। माता-पिता के सम्मान ही आचार्य की सम्मान दिया गया है, इसलिये शास्त्रकारों से लेकर ग्रामीण बालकों में भी माता-पिता और गुरु की महिमा सुनते हैं। प्रतिवर्ष गुरु के प्रति आदर व सम्मान व्यक्त करने के लिए हम १वीं सितम्बर जून-धाम से मनाते हैं।

इस वर्ष भी १वीं सितम्बर को सबने विद्यालय में इस शुभ अवसर को मनाया। सबने नौ बजे सब विद्यार्थी और अध्यापक एक हाल में एकत्र हुए। कई केल-उमाराए हुए और साध-साध महात्मा गोपी, राधुपति, प्रधानमंत्री, मुख्यमंत्री आदि के संदेश पढ़कर सुनाये गए। विद्यार्थियों और अध्यापकों में प्रत्यक्ष ज्ञापी हुई थी। लगभग ग्यारह बजे यह कार्यक्रम समाप्त हुआ।

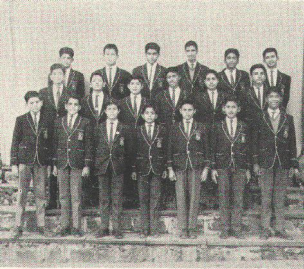

कुछ ही देर में दो टीमें मैदान में फुटबाल खेलने के लिए उतर आईं। जैसे ही खेल शुरू हुआ, मैदान के चारों ओर खड़े हुए लड़कों और अध्यापकों ने खिलाड़ियों को करतल-ध्वनि से उत्साहित किया। गेंद कभी ऊपर जाती तो कभी उधर जाती। कोई भी ग्रे विधाम से नहीं कह सकता था कि किस टीम की विजय होगी। अन्त में दोनों टीमें बराबर रही। बारह बजे सब खाना खाने के लिए गये गए। दोपहर को विद्यार्थियों और अध्यापकों ने आपस में कई खेल खेले, उनमें से बैरमबोर्ड भी एक था। जो विद्यार्थी और अध्यापक नहीं खेल रहे थे, वे दूसरों को खेलते देख आनन्द उठा रहे थे।

राम की पाच के बाद सब विद्यार्थी और अध्यापक आपस में बात-चीत करते लगे। कोई अपनी बात सुनाता तो कोई अपनी। थोड़े भर सुनाने के बाद सब फिर से हाल में एकत्र हुए। जब सब आराम से बैठ गए, तब एक कलपित्व दिखवाया गया, जिसका नाम था, 'सब साध स्यादाकस'। इसमें प्राचीन गुरु आदि को दिखवाया गया। सब को यह बड़ा पसन्द आया।

इस प्रकार शिक्षक-दिवस को सबने जून-धाम से मनाया। विद्यार्थी और अध्यापक के संपर्क से विद्यार्थी वर्ग को गुरु सेवा और अध्यापक वर्ग को मार्ग-प्रदर्शित करने का आनन्द मिला। आशा है कि आगामी वर्षों में भी शिक्षक-दिवस को जتنا ही महत्व दिया जायगा जितना आज दिया जा रहा है।

After a tiring and monotonous journey of nearly ten hours we arrived at St. Columba's High School in New Delhi for the Annual Inter-School Cultural Meet of 1967. This meet has been held annually since 1962 with St. Columba's, New Delhi; St. Edward's, Simla; St. John's, Chandigarh and St. Joseph's competing in General Knowledge, Elocution, Football, Table-Tennis and Extempore Speaking. In 1965 we triumphantly brought home the shield but were deprived of it by St. Edward's in 1966. This year it was won by St. Columba's.

SEPTEMBER 30TH — The Meet opened at nine o'clock with a beautiful display of football. St. Joseph's played St. Edward's but unfortunately for the latter, we won by two goals to nil. Our triumph was short-lived because St. Edward's showed us their superiority in Table-Tennis at eleven o'clock! The evening started at five o'clock with a football match between St. Columba's and St. John's. The former won easily by two goals to nil. The Extempore Speaking came soon after at six o'clock and St. Columba's won by a wide margin.

OCTOBER 1ST — The second day opened with a football match between St. Columba's and St. Edward's with the former winning a remarkable victory of eight goals to one. The boys of St. Columba's were building up confidence now and hoped to beat us on the next day for St. Joseph's had held the undisputed title of the best in football for quite a number of years. Table-Tennis at eleven o'clock was again a loss for us against St. John's. Their skill was unmatched. It was a severe blow to us, but we bore it patiently as it is say: "Wait and see!" Our patience was rewarded at five in the evening when we beat St. John's in football by two goals to one. The

General Knowledge Competition at six that evening ended in a victory for St. Columba's.

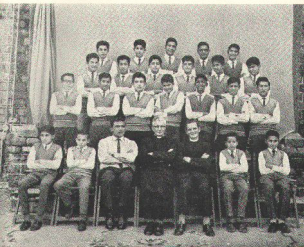

OCTOBER 2ND — St. Edward's and St. John's played football at nine o'clock, and the former won by two goals to one. We played our last Table-Tennis match with great vigour for St. Columba's had to be beaten. But alas! it was not to be. At five that evening we played the Game of Games'. The football whizzed continuously among our players who played with fiery enthusiasm, and was much to our opponents' disappointment—by five goals to nil. Each team had given a good account of itself in this magnificent game. At six in the evening the Meet closed with the Elocution Contest. Our Elocution was good but St. Columba's beat us and we came second.

The hall fairly shook with cheers that evening when one of the boys from St. Columba's walked proudly up for the Brother Ritz Shield. We too, had given a good account of ourselves for we came second.

St. Columba's:	149
St. Joseph's:	112
St. Edward's:	109

The next day we left for Naini Tal and—home! It had been an enjoyable holiday and a most interesting Meet. Next year we hope to hold the Meet here in Naini Tal. Good luck, St. Joseph's!

our annual concert

In our Annual Entertainment this year, we had a slight break with tradition—not that our concert was any lower in standard than previous ones but only different. Formerly we had one big play and perhaps the choir; this year we decided on a Variety Performance, just for a change. Some were a little anxious at how this change would be received but their fears in the matter were groundless.

The Future Card said the concert was to take place on October 10th; through there were to be two previous performances on the 6th and 8th by local schools and for our own boys.

For two months beforehand preparations were going ahead quickly and bit by bit each boy concerned began to do his share of the work. Mrs. H. Ludwig took the boys in the Service Play and also those in the Junior operetta; those taking part in the other items were prepared by Rev. Bro. Ward.

The great day finally arrived and found us well prepared to meet the challenge. Our audience on the first night was Sherwood College and quite a lot of our own day-schoolers, together with the boarders in the Junior Classes. Our second performance might be called our best, possibly because the two local girls' schools were in attendance. The third and biggest night was for our parents, and was perhaps the one which made us feel most proud.

A word now, he said about the individual items. First to appear were The Melody Aces, as they call themselves,—our little Orchestra. Rev. Bro. Ward was responsible for this and put a lot of work into it. There were six members in all—F. P. D'Sa on the piano, M. A. Dugg with his guitar, S. Rama playing his harmonica and H. Saleem the versatile, filling in the rhythm on the drums and the melodies with his fine tenor voice. Finally we had P. B. Dhandar and Rev. Bro. Ward on the wind instruments—clarinet and saxophone. In their first appearance, they gave a medley of modern songs; the next time, in their *Melodies of Today*, they played mainly for the younger generation; in their last appearance of the night, they gave a selection of old-time numbers from the operas. Indeed, their smart red uniform put a finishing touch to perfection itself.

Next on the stage were our little folk, giving us an Indian dance from Kathiwar

and athletic. But though he liked his work he felt he had no heart in it and resigned after a year. There can be no doubt that during the year he had often recalled the happy days he spent in Naini Tal, where the example and devotion of those dedicated Brothers Calhane, Connolly, Power and Wile inspired him to devote his life to a similar calling. Hence on the 8th February 1917 he decided to consecrate his life to the Education of Youth as a Christian Brother. Henceforth he was known as Br. Benedict.

His years of probation and training having been completed he began his teaching career in St. Patrick's, Asansol. For the next fifty years he prepared thousands of boys with outstanding success for Senior and Junior examinations, particularly in Calcutta, Kharagpur, Patna and Asansol. Despite his years he is still leading a very active life at St. Vincent's High & Technical School, Asansol.

On the 19th February this year Br. Benedict celebrated his Golden Jubilee as a Christian Brother. Presents for the occasion were many representatives of our communities in India, as well as relatives and friends, and at a special thanksgiving service held in St. Vincent's School chapel, they rendered thanks to God for the many graces and blessings bestowed on our venerable jubilarian over the past fifty years. The same evening the staff and pupils staged a variety entertainment in honour of Br. Benedict and addresses were read on behalf of staff and pupils wherein they expressed their highest esteem and respect for the jubilarian. At the community dinner that night, Rev. Br. E. X. Leonard, Provincial Superior of the Indian Province, enumerated the many sterling qualities of Br. Benedict as a Christian Brother, and lauded his exemplary service to the youth of India in varying capacities.

Shortly before Br. Benedict celebrated his jubilee, Rev. Br. A. A. Lefina, Superior General of the Christian Brothers, who was on a tour of the Indian Province, visited St. Vincent's and felicitated the jubilarian on behalf of the whole congregation. Br. Benedict felt greatly honoured indeed as this was the first time in the history of our Indian Province that a Superior General was present to greet a jubilarian.

On behalf of his Brothers in religion, his many relatives and friends, his Alma Mater wishes him AD MULTOS ANNOS.

—and nobody could have done more justice to it, thanks to Mrs. Irani.

While the Middle school was getting ready for their operetta backstage, Rev. Bro. Ward gave a recital on his saxophone.

The operetta proved very entertaining and Brian Jacobs shone as a budding actor, Mrs. Ludwig's piano playing and Bro. Ward's little singers set the atmosphere for a lovely story.

Then came our dancing dolls—a very comical item which appealed to all—more limelight for Brian Jacobs as "The Boss". These were followed by the Melody Aces' second appearance which ended the first half of our Concert.

After ten minutes interval all chairs were full and all eyes in front as Mr. Lefevre, our compere, introduced the Melody Aces for the third time.

Another innovation in the College this year is our Whistle Band, a section of which provided the next item—a selection of songs from "The Sound of Music".

The Senior Cambridge now took the stage with some very fine Harmonica playing—and a few good numbers too.

"Lost and Found" came next—a short comedy starring B. Singh and V. Paul. Also giving their share of laughs were I. Beasland and A. K. Singh as thieves and G. Lunel and J. P. Rodericks as statues!

Mrs. Ludwig's talented team of actors were next on the bill and with H. Saleem and M. Bugg one expected and got only the best. These with their assisting cast really provided a hilarious forty minutes of fun.

The College Choir brought the proceedings to a close, and as we sang our College Anthem, we did feel that our enterprising innovation had been a success, and S. J. C. forged another link in her glorious chain of concerts.

our vocation exhibition

To make full use of the extra crowds which would be around at concert time, Rev. Bro. Ward and some of us Catholics decided on having an exhibition to show the work of the Christian Brothers in India and in the world. To this end we chose a suitable room near the auditorium and arranged all the information which we had amassed in an orderly manner.

Three large maps were specially prepared for the occasion—one of the world, showing all the countries where the Brothers teach; another of Ireland giving a picture of the distribution of Brothers' schools there; and finally a third of India, 7 feet by 7 feet—depicting the cities where the Brothers are here.

The exhibition was well patronised and many expressed surprise at their ignorance of what the Brothers were really doing for the Indians of tomorrow.

our art exhibition

Also capitalising on the extra crowds were our art students and their teacher, Mrs. H. Ludwig. On either side of the passage-way leading to the auditorium, the paintings, drawings, sketches and posters, executed during the year were hung on green red curtains.

A second part of the exhibition consisted of Pottery. Simple and cheap clay vessels of all shapes and sizes were purchased by the boys who very artistically decorated them. After varnishing, what was once a dull piece of pottery became a child's masterpiece and made an admirable contribution to the exhibition, along with two beautiful fire screens painted by Rakesh Khanna and Vinay Das.

Special mention must be made of our very talented artist, Rakesh Khanna of Class XI. Judging by his contribution to the display of over forty paintings, one could have no doubt about his talent. His works were the centre of attraction in the exhibition.

SCOUTS

Last year on the 2nd of June, the Assistant Commissioner of Scouts—Mr. MacNamara—came all the way from Lucknow and made a special request to start a Scout Troop in our College, which was granted willingly.

The next day Mr. G. Kotler, who was to be our Scout Master, chose forty able boys and divided them into four patrols—Wolf, Fox, Kangaroo and Eagle. Each patrol elected their own Patrol Leader and within a week we were sworn in. Mr. MacNamara then left Naini Tal leaving everything in the capable hands of Mr. Kotler. In about a month's time we had passed our Tenderfoot Test and went out for a number of hikes and walks and some tracking excursions.

This year, 1967, we held our first meeting on the 22nd of March. Later, Dr. Narayn Hunsaria and Colonel Mohan came to the College to observe our progress. It was a happy day for us and we received our full uniform and looked so smart in the parade that was held in the College. We hope the pride we felt that day will live forever with us and mantle itself long after we have left this College.

The season opened on May 27th this year, but even before this so much had been prepared already. We came back in March to find our Boat House painted a bright and happy red, and our old and familiar boat, "The Lady of the Lake" all set for repair. Our racers—Ravi, Reas and Ganga—were being overhauled prior to going out, and long before the time-limit, the carpenters had everything ready. Brother Burke was very keen to start and those who had joined from Classes IX and X were given qualifying tests. With Mr. Gomes' teaching and instruction, most of them passed.

Then May 27th dawned and eight boys of Class XI came down and the season was officially opened. Boating days were assigned and this new activity began slowly to gather tempo. Brother Burke, Mr. Gomes, the old boatman and the fifty-four foot long, stream-lined, newly-varnished racers soon became a familiar sight to all the residents of Nani Tal.

Brother Burke issued badges to all members of the Club—a design with two oars, a life-tube and a rope—which we were really proud to wear.

As we were unable to hold Inter-House races this year, we settled for Inter-Class, but Class IX found it difficult to keep pace with us veterans with two year's experience.

The two-length race was fixed for October 28th. Mr. Sarwal, the Chairman of the Municipal Board, was invited and asked to start the race. We had practiced hard for weeks and even though the P.S.C. were sure of winning, we were all set to give them a tough time. The race was fixed for the morning and the whole College came down to watch the exciting event. Amid deafening cheers the two teams went out—the L.S.C. on the Boas, and the P.S.C. on the Ravi, with Brother Burke and Mr. Gomes as the respective coxswains. The P.S.C. got the lead almost immediately but it was quickly snatched away from them before they had reached the temple, and the L.S.C. took the lead by a whole length. The end of the first length and the turn at the buoy saw the L.S.C. still in front with the dismayed P.S.C. fighting to keep up and always close behind. Shouts of "Faster!" and "Back up!" seemed to echo and re-echo across the lake. The temple saw the L.S.C. still in front, but the P.S.C. only half a length behind, which added to the excitement and cheering. But, in the last hundred yards came an unexpected burst of speed and the L.S.C. won by a length and a half. The timing was 11 minutes 25 seconds.

On November 2nd the one-length race was held with the Principal as starter. The P.S.C. again took the lead but lost it before they reached the temple, and the L.S.C. again "sailed" to victory.

This was the last race and the last event of the Boating Season 1967, because of the approaching winter. The L.S.C. boys said their last good-byes to the racers and the pleasant evening pastime which would leave many memories with them.

We wish next year's boaters' happy times and pleasant evenings too!

who's who

The Ashok Mehta Trophy has been presented by Ashok Mehta, an old boy of the College to be awarded to the sportsman of the year. The trophy will be presented each year and with it a miniature. The miniature will be retained by the recipient, while the original trophy will have the sportsman's name engraved on it and it will be kept in the Principal's Office among the College trophies.

The trophy will be awarded to the boy who has proved throughout the year that he is a sportsman in the true sense of the word. One, who on the field of sport, has shown the qualities of a sportsman—viz. skill to a certain degree, but above all grit and determination, cheerfulness and a sense of humour not merely when victory was certain, but even in the hour of defeat.

The Sportsman of the Year 1967 is Raymond Narmah.

The U.S.C. Class with Rev. Brother Burke.

Raymond Norvick winner of the Bishop's Gold Cross for Christian Hachem.

Raymond Norvick receiving the "Sportsman of the Year" cup from Brother Palumbo.

Farewell to a friend

Old Boys on Sports' Day

Our host wishes go with Mr. B. P. Sah who left us on September for this year to take an appointment in Jacksonville, Florida. "Shah-B" joined the College on August 1st, 1953 as Professor of Biology and became Professor of Chemistry soon after. Both Staff and Boys were equally sorry at his departure, for he was one of the most popular masters and friend to everyone.

Mr. B. Sah, B. Sah, R. Kassar, A. Siddiqui, R. Behnam, P. Mathan, A. Pander, M. Kalamani, R. Baidi, D. Bessan, M. Ismail, D. Kassar, A. Sah, R. Kassar, M. Alkhalil, G. Baidi.

Art Minge Bess, still working at the College as Personal Assistant to the Principal, has arrived at St. Joseph's for a period of over forty-five years! He joined in March, 1921 as Head Clerk and worked in this capacity till his retirement in the December 1966.

During his term at St. Joseph's, Art has worked under thirteen Principals and six Provincial, including the present Provincial. His loyalty, devotion and efficiency to the College has been much appreciated at all levels.

A Golden Achievement!

— We were there for the 1st and 2nd place!
"Yukkie Hound" (Bess) and "Golden Chrysanthemum" (Lester) won these trophies at the Male High Championship Dog Show 1967!

old boys' forum - 1967

Once again we bring you news of some of our old boys. This photo shows some of our boys at the N.D.A., Kharakvasla, Poona.

Standing: Gulbir Sah; V. Lal; Tej Singh; M. Pandu; V. Tansel.
Seated: M. Barthakuran; S. R. Nigam; S. Kumar; G. Jackson; Z. D. Shah.

Lalit Panda gives the following information about some more of the N.D.A. boys — R. Singh (son of Lt. Col. K. B. Singh) was one of our old boys in the passing out parade on Dec. 9th. H. S. Sandhu and S. Ghosh have joined this year and are doing well. Capt. D. R. Wilson writes from somewhere in the Himalayas: "After leaving Secn, I got my commission and was posted to a Light Regiment Artillery for 24 years

in the Eastern Section. In January 1967 I was posted to the second battalion 'The Border Scouts'. It is a very good life and I do not regret having joined it." He writes to say that a large number of old Secn boys are holding responsible posts on our borders. Ravi Kant and Nirmal Sah are instructors in the Infantry School, Mhow; Gajraj Singh and John Wates are in the Regiment of Artillery and Armoured Corps res-

positively, Indrajit Sen has been commissioned into the Regiment of Artillery. Capt. Wilson is getting married soon and hopes to visit Sen in January or February 1968.

Another old boy Steve Houghton paid a surprise visit to his Alma Mater in March this year. Steve was a boarder here from Singapore in 1945 and 1946. He completed his schooling at Aquinas College, Perth, Australia. He went to England later where he qualified as a Chartered Accountant. He is at present the cricket captain of Singapore. He gave the following information about some of the old boys: Kevin James (Specials 1985) is a Marine Engineer with a shore job based in London; Desmond Keyt (1935) is teaching in Singapore; Brian Macmillan went to Aquinas College, Perth, after leaving S.J.C. and is now somewhere in Kuala Lumpur, Malaysia. Steve is married and has two girls.

Gurpreet Singh Bindra writes from L.E.T., Kanpur that there are several old Sen Boys there. Besides the De Nan-

onhas who have been so long associated with St. Joseph's, we mention the following: Sahi Alan who was married last year, Hamid Gulzar, Jimmy Billmore. In the L.E.T. itself are the following boys: Ajit Gill in the 4th year, R. Sahay and A. Ali in the 3rd year, Rajeev Kumar, Ajit Thakur and himself in the 2nd year. This year they were joined by Manoj Joshi, R. Laxda in the 1st year, and Ranjan Ray who is doing his M.Sc. Mathematics. Ranjan's brother Ravi, is doing B.Sc. in Meerut. Amir Barretto and A. Daga are in the Engineering College in Jabalpur.

Shakti Lumba called up to the College during the year and gave us some information about some of the old boys. Akshobh Singh is doing well in St. Stephen's; Professor Mukherjee is on top as usual; Qureshi is now taking his studies more seriously. Shakti is doing well himself. D. Basra is attending Degree College, Naini Tal and still plays for the team.

Anthony Britto is in England doing his "A" Level in Physics, Chemistry and Biology. Both he and John Friis had done some touring in England. John is working in an office in London but would prefer some outdoor job. He still finds the climate very hard but is gradually getting accustomed to it.

Peter Reay-Young, an old boy in Sen who is now an M.A., M.B., M.Chir., F.R.C.S., wrote from the Queensland Radium Institute, "I was in S.J.C. from 1937 to 1940 and had as my class fellows Robin Chell, Trevor Groves, Frank Ross, Dhanjibhai, one of the Ghadhis, Art White, Brian Fusch, and Puck Fernandez". On the completion of Senior Cambridge he went to St. Xavier's, Calcutta, where he did his B.Sc. He then joined the R.N.V.R. as a Midshipman

and stayed in the service till 1964 when he was demobilised in England. He then went to King's College at Cambridge and in 1949 obtained B.A. Honours with 1st Class Honours in the Natural Sciences Tripos and was elected a scholar of the College in that year. He then secured the degree of Bachelor of Medicine and Surgery in 1952. In 1953 won the Chaceiden Medal, the First Beatty Prize and in 1955 obtained the F.R.C.S. In 1959 he went to Cambridge, having in the meantime worked in the Adelaide Children's Hospital, and obtained the Master of Surgery, and in 1962 he also got his M.A. In April 1964 he returned to Fort Mersby as Consultant Surgeon at the Queensland Radium Institute. He is married and has four children. He met another Sen boy — Jim Drury — who died suddenly about 5 years ago. S. S. Dhillon is still working hard at his studies in the California Polytechnic College. He has met many boys from Sen who are studying in the U.S.A.

Anil Galsb who was born in 1962 wrote for news of his old teachers and says that he is doing fine in Canada.

Sarabjit Singh writes from Srinagar where he has finished his B.E. in Mech. Engg. "I managed to get a 1st Div. in the S.C. in 1959. Sen did not get much out of me and at the time I did not know what I was gaining. Now, after being six years out of S.J.C. I can honestly say that Sen has taught me a great deal. Last year I won the Reg. Engg. College Open Singles Championship and was undefeated in a team Championship hosted by the J & K University." He is willing to give any information to any of the Senior boys who are going on for Engineering (especially Mechanical) if they drop him a line.

R. Pathak writes from Germany

where himself and Victor Smetsaerck are doing well at their studies.

Vijay Vir Singh Virk in his correspondence sighs for the rowing on the lake, and wishes the present summer the best of luck and longs for another go at the oars. He is pursuing his studies at Lodhrana. Hanzel Gollner did his S.C. here in 1960. He worked with his father at interior decoration. However, this year the family moved back to Vienna and Hanzel is so entranced by the Vienna woods that, in his spare time, he takes lessons in singing and is contemplating making records in German. He says that life there in Vienna is far different from what it was in India.

Rakesh Saper and Naresh Khanna are in the I.I.T., Ranchi. Nazim Haq is still studying at St. Xavier's, Calcutta; he frequently meets S. Malhotra who is doing his B.Com.

V. Kapoor had a holiday in Naini Tal during the year. He is also doing his B.Com. R. Pierre was in St. Joseph's from 1920 to 1924. In 1925 he joined the firm of M/s. E. D. Sassoon & Co.

Ltd., as an apprentice in the weaving section and served them for just over 22 years. In 1961 he joined M/s. Bombay Dyeing & Mfg. Co. Ltd. where at present he is the weaving Supd. of this plant which is one of the largest in India.

David A. Chan completed his S.C. in 1938, left India and made his way to Hong Kong where he took up accountancy. At present he is the accountant of Messrs. Roche Far East Ltd. a subsidiary of Messrs. F. Hoffman — La Roche & Co. Ltd., Switzerland, a pharmaceutical manufacturer. He was married in 1964 and they have two children.

Cedric D'Souza did his S.C. in 1957. He then did his Chemical Engineering in Wales; went to Kenya for two years teaching Chemistry to the Advanced Level Classes. On finishing his contract in 1966, he got married to a girl who had graduated at Leeds. At present he is in Swansea doing his M.Sc.

Lynton Barnett frequently meets R. Farquhar and Noel Littlewood. He plays hockey with Noel at a local club outside London. One of our oldest post pupils died this year in Calcutta. I give here a cutting from the Statesman of 29.4.67. Mr. F. S. R. Surita: "There is a vacant chair in the Bar Library of the Calcutta High Court today which has been occupied—with only minor interruptions brought about by variations and so on—for 59 years.

Mr. F. S. R. Surita, whose death occurred in Calcutta on Tuesday night, joined the Calcutta Bar in 1908 and was the last European to continue practising here. Aged 81, he was still accepting briefs up to a day or two before his

death and frequently observed that if he had to give up visiting the Bar Library and his friends there he would die. His judicial friends paid a fitting tribute to his memory. On Wednesday a full bench of the High Court heard the Chief Justice deliver a eulogy. Then after lunch the court rose and adjourned for the day. The flag over the High Court flew at half mast.

Mr. Surita, after a few years of schooling in India, at St. Joseph's Seminary in Naini Tal, went to England and spent some time at St. Mark's, Windsor. Later he joined the Imperial Service College before it was affiliated to Harebury. From there he went on to Cooper's Inn in 1908. His 58 years of uninterrupted practice on the Original Side must surely constitute a record—and the fact that he died in harness at the age of 81. He refused two offers of a Judgeship in the "20s."

And Harknall who did his S.C. in 1966 writes that he does not have much of a chance to keep up his tennis. However, he does manage to get a game now and then. T. N. Perti and Sudhir Sah are in Jamalpur doing special class Railway Apprenticeship. This is Perti's 3rd year and Sudhir Sah's 2nd year. Adrian Pinto did his S.C. in 1962, and is at present doing his training to be an engineer in Bombay. Allan Pinto, brother of Adrian, on finishing his training for the Merchant Navy is now spending two years abroad. Austin Pinto, son of Capt. J. S. Pinto left Sem in 19 . He is now working at Santa Cruz air-port in the Air India Airlines. He is doing well and enjoys the work. He hasn't seen Sem since he left, but hopes to do so in the near future. The following account of the Bergman brothers was very kindly

sent to me by Richard Bergman. Jim did his Senior Cambridge in 1947, took up Marine Engineering in Calcutta but went to England in 1947. He took up accountancy and was soon articled to a firm in Bristol. He has since qualified as a Chartered Accountant and at present is Chief Accountant of a firm in Manchester. He is married and is blessed with two wonderful boys. Ron, after leaving school, was apprenticed to a Motor Car firm in Calcutta. As the whole family went to England, Ron went also and won a couple of scholarships to further his education. He saw service in the Korean War. On his return to England he pursued his studies, and later went to America where he worked as a claims adjuster in an Insurance firm. He now runs his own business in Los Angeles. He is also married and has one son. Richard did his H.S.C. in 1954 from S.J.C. He too went to England where he entered the Civil Service. In addition to this, he is studying for a Law Degree. From a sports point of view he represents the Civil Service in Tennis, Squash and Table Tennis. The photo kindly enclosed will be of interest to many of the old boys. It was taken a few years ago when Jim was managing a Sen team in all the hockey tournaments in and around London.

Standing: (L. to R.) R. 'Pop' Carruthers, Hugh O'Driscoll, John Oldfield, Thomson, I. Newton, D. Bates and Richard Bergman.

Kneeling: (L. to R.) Jim Bergman, A. Bates, Percy Gardiner, Cedric Cleminson and Ron Bergman.

I. Newton is a Nuclear Scientist in Harwell; Thomson is a Doctor of Medicine; O'Driscoll is a Chartered Accountant; Gardiner is a Customs Official; Cleminson is in Canada and is an Electrical Engineer; Oldfield is in Lloyds Bank; Bates is in Wales.

Neel Lakin is one of the chief architects with a leading London firm of Taylor Woodrow.
