

This message pertains to **students who commute to school using two-wheelers.**

Dear Parents,

We appreciate the diligence of Parent/Guardian and students who regularly wear helmets when arriving at school. To ensure comprehensive safety for all our students, we are implementing a consistent and mandatory policy requiring helmets to be worn at all times when using two-wheelers, both when arriving at school and when departing from school premises.

Furthermore, please be advised that parents who are defaulters in this regard will not be allowed to bring or park the **two-wheeler** inside the school premises.

Student safety is our paramount concern, and this measure is being taken to create a safer environment for everyone. We thank you for your full cooperation in reinforcing this important safety measure with your child.

Sincerely,

PRINCIPAL

ST JOHN'S HIGH SCHOOL
