School Anthem

*For St. Joseph, our patron, we stand
United in both head and heart.
Our lips shall always speak of his praise,
Our minds and hearts to him we raise.*

*In praise of our College we sing
As the glad hosannas ring.
Since you have shown the way to victory,
Our motto then shall always be-
Semper Sursum our Alma mater,
Semper Sursum, always aim high.*

*To St. Joseph, our patron, we pray,
Teach us to labour day by day.
Our flagging zeal and courage renew,
To keep our cov'nant ever true.*

*Let us unite, all Josephites,
Let us all strive for greater heights.
Love, truth and peace our guiding stars,
Will lead us on to happy hours.*

*St. Joseph,
our holy Patron,
Pray for us*

Bishop's MESSAGE

ROMAN CATHOLIC DIOCESE OF ALLAHABAD

Bishop's House : 32, Thornhill Road, Allahabad - 211002 (U.P.) India

Email : allahabaddioocese@gmail.com
Web : www.dioceseofallahabad.org

Most Rev. Dr. Raphy Manjaly
Bishop of Allahabad

I am happy to learn that St. Joseph's School, Sadwa Kalan, Naini, Allahabad, is all set to bring out its first school magazine. On this auspicious occasion I offer Fr. Jacob Bona and the entire school family my heartiest congratulations and sincere best wishes.

The magazine will act as an interface between the school and the parents and well wishers. It will be a means for the children to give expression to their creativity.

Whether it is in the life of an individual or an institution or a nation, great achievements result when persons move from being minimalists to maximalists. "What is the minimum required to pass the exam?" is not the right question. But "What is the maximum I can do?" is the right attitude. It is a characterless person who says: "It will make no difference; nobody will notice it; others do still worse". A person of character would rather say: "It is my work and I will do all that I can to make it the best possible. I will put my heart and mind in every work I take up and every goal I pursue".

The school has a beautiful Motto- SEMPER SERSUM which means ALWAYS AIM HIGH. So, set for yourselves high goals; work hard with a clear focus; have faith in God's grace.

May God Almighty bless St. Joseph's School, Sadwa Kalan, and all its well-wishers!

Rt. Rev. RAPHY MANJALY
Bishop of Allahabad

Rev. Fr. Louis Mascarenhas
Vicar General

It gives me great joy to pen these few lines to the annual magazine of St. Joseph's School, Sadwa, Naini Allahabad. The seed that was sown on 1st April 2016 has been growing steadily with an conducive atmosphere under the excellent leadership of Rev. Fr. Jacob Bona D'Souza and whole hearted support of the Rev. Sisters and a team of committed teachers.

Aristotle once said, " Educating the mind without educating the heart is no education at all". Hence the constant effort should be made to prevail childlike innocence and to help them grow and develop into sensitive and responsible citizens of the coming generation.

The backbone of any institution are the dedicated teachers. Dr. S. Radhakrisnan said 'A school does not consist of buildings and latest instruments. It is the teacher who makes the school'. In today's word the scientific and technological advances have contributed much in the education sector. The challenges they throw open to the educators are so forceful that they need to be vigilant to upgrade their skills and ensure stress free learning to the learners. It is not enough to see our children as empty vessels to be filled with facts and knowledge but the formation has to take place after giving the information.

The school magazine is an opportunity which unfolds the imagination of the children and gives life to thoughts and aspirations. It can also unleash a wide spectrum of creative skills ranging from writing to editing. It will also serve as the hand book of history of the institution.

The motto of the school "Semper Sursum -Always aim high" is a guiding star to all the students and the staff as well. Every child that enters the portals of this school should be motivated to aim high in life- academic, physical and spiritual.

I implore God's abundant blessings upon each and every one and may the heavenly patron St. Joseph intercede for us always.

"SEMPER SURSUM"

Rev. Fr. Louis Mascarenhas

"True education means planting seeds of Hope in the Hearts of the young."

It gives me immense joy to learn that St. Joseph's School, Sadwa is publishing its first School magazine. Since its humble beginning in 2016 the school has progressed steadily in providing good education to its students.

Having successfully erased the various hurdles encountered in the initial stages, the school is growing in stature and strength day by day and becoming fine educational institution dedicated to the pursuit of knowledge and excellence.

True to its motto 'Semper Sursum' may SJS aspire 'always to aim high' scaling great height in its quest for excellence in imparting human, spiritual, intellectual and moral formation to the students who enter its hallowed portals. May the education we impart, empower the students to make a positive contribution to the unity and progress of our mother land.

I take this opportunity to congratulate all the members of SJS family for their whole hearted support in taking this Institution to greater heights.

True education means planting seeds of hope in the hearts of the young, seeds which will hold future promise of a new world.

May the God Bless SJS and all those who labour untiringly to help it move ahead on the path of progress and become a living sign of HOPE for generations yet to come.

Wishing you the grace and the strength to 'Always aim High'

Rev. Fr. Antony K K
Manager

Principal's MESSAGE

My dear Parents, teachers, students and all the well wishers,

It gives me great joy to pen down these few lines as we bring out the 2nd edition of our school magazine.

Angie French says, "I can grow up to do so many great things. Give me a chance now to learn how to use my gifts, before I lose it forever."

Children are the gifted gifts of God wrapped uniquely in different wrappers. They hold a sense of wonder and tremendous potential within their capacity, which needs to be discovered and brought forth.

It is rightly said that each child should be given a vision of his or her place in the world to create a ripple effect in the sea of humanity. We, here at St. Joseph's, give a space for the budding flowers of our generation to voice their still to be fully developed yet intelligent opinions and express their inner world of imagination.

The school management is also very much conscious about helping our students to excel not only academically but outshine and stand firmly on the ground of strong belief that they are capable of turning their dreams into reality and bring a positive change in the world by their presence. As per our school motto "SEMPER SURSUM", we "Always Aim High" to achieve the goals that we have set for ourselves.

"Around here we don't look backwards for very long..... We keep moving forward, opening up new doors and doing new things because we are curious and curiosity keeps leading us down new paths." Walt Disney

We are glad to present to you the second issue of "PEARLS" of St. Joseph School, which has successfully completed two years of its existence by your wonderful support and blessings. This school magazine is an effort that opens up the doors of opportunity for students and teachers to voice their opinions, showcase their creative talents and share their stories.

Its compact collection, will also give you an insight into the working of the school in relation to the various activities conducted in the school.

I take this opportunity to congratulate and thank everyone, very specially the members of the Editorial Board, who have left no stone unturned in publishing this school magazine. Everyone who has contributed through the writing talent should know that he or she has added a stone to complete this building or so called temple of learning.

SEMPER SURSUM – ALWAYS AIM HIGH

Fr. Jacob Bona D'Souza
Principal

Editorial

" Education is not preparation for life, Education is life itself "
- John Dewey

It gives me immense pleasure and joy to introduce our second edition of "PEARLS" which is a complete package of various achievements in academics and co-curricular activities of our little pearls.

We live today in a World that is so different from the one we grew up in, the one we were educated in. The world today is changing at such an accelerated rate and we as educators need to pause and reflect on this entire system of education. Are we getting dominated with the advancement in techno and the real essence of education is fading? Aristotle once said "Educating the mind without the heart is no education at all." Even as if we impart education with the advancement in technology and globalisation we march our children with SJS' s ethos of moral values and principles. We endeavour constantly to instill these qualities in our children.

Our readers will find that our "PEARLS" of this year is much different from our last edition and we are looking forward to make our magazine a vehicle for our students to express their innermost thoughts, ideas and creativity.

'PEARLS' unleashes a wide spectrum of creative skills ranging from excelling in academics to the overall personality development of our Josephites.

I express my heartiest thanks to our Principal Rev Fr. Jacob Bona D'souza, teachers, office staff, students and our co-workers to have been of immense help in breathing life into every page of the magazine.

I conclude my words with a saying from Benjamin Franklin – "An investment in knowledge pays the best interest"

Parents Seminar

"At the end of the day, the most overwhelming key to child's success is the positive involvement of parents."

Jane D. Hull

Carrying the tradition forward St. Joseph's School, Naini, organized a seminar for the parents on 2nd April 2017, in which our resource person Rev. Fr. Jimmy Jacob, from Agra, took an interactive session on good parenting and its challenges. It was a successful session as he shared his own experiences as a principal. Parents put forward their problems to be solved by him. The program concluded with round of applause and happy faces. It was an enriching session of insight and learning.

New Beginning

On 3rd April 2017 the school marked to start its second new session. A special assembly was conducted to start the day which was initiated with prayers and hymn. The ceremonial lamp lighting by the dignitaries filled positivity in the atmosphere. Special prayers were also conducted for our young minds, teachers, our Principal and parents.

On the same day, our toppers of last session were also rewarded by our Principal and were blessed to prosper and flourish in future. The assembly was concluded with our Principal's address in which he congratulated everyone and motivated them to do well in the new academic year 2017-18. The first issue of "PEARLS" was released on the same day.

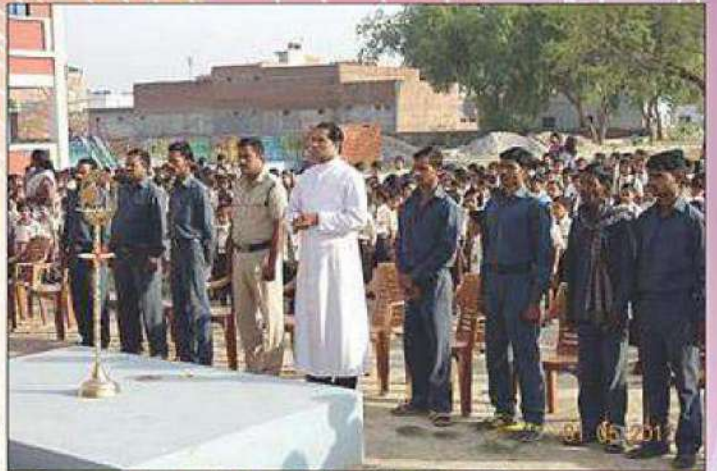

Workers' Day

"The world is moved along ,not only by the mighty shoves of its heroes ,but also by the aggregate of tiny pushes of each honest worker". Anonymous.

International Labour Day was celebrated at St. Joseph's School, Naini, on 1st May 2017, with a full aplomb. The function kicked off with escorting of the workers by our Principal Rev. Fr. Jacob Bona along with our school captains and with an introduction to the day and acknowledging their hard work.

Prayers marked the beginning of the programme, followed by lighting of the lamp and Scripture reading. Then a series of interesting games were conducted for our hardworking workers.

Workers were overwhelmed watching the function and one of the workers on behalf of the whole group expressed their gratitude towards the Principal, Teachers and students for organizing this function.

SUMMER CAMP

A month long summer camp was organized at St. Joseph's School, Naini, from 10th May to 10th June 2017.

During the summer camp students had the opportunity to get the training of cricket, football, music and dance classes. There was an active participation seen from the side of parents as they regularly visited the school campus to see the involvement of their wards in the camp.

On the closing day, Rev Fr Jacob, the Principal of our school congratulated the students who took part in the summer camp and expressed his gratitude towards all the parents for their co-operation and support. The school caters not only to the curricular activities, but also strive hard to bring out the hidden talents of every child helping them to be the good citizens of our Nation.

Small Shoulders - Big Responsibility

The formal investiture ceremony of our school was held on 5th July 2017. The ceremony began with the introduction of the investiture ceremony, followed by the prayers. Our Principal Rev. Fr. Jacob Bona announced the names of the office bearers and felicitated the Head Boy Ayush Dwivedi with the sash and the badge, followed by the Head Girl Anshika Srivastava and other office bearers who were felicitated by their respective chairpersons.

Our Principal handed over the lighted lamps, school flag and house flags to the respective office bearers and thereafter, he administered the oath of office to these newly elected leaders. Our newly elected head boy delivered the vote of thanks. The ceremony was concluded with our School Anthem.

Van Mahotsav

School celebrated Van Mahotsav with a massive awareness programme on 21st July 2017, with special assembly, activities and competitions for the students.

We started the day in the name of God, thanking Him for the beautiful day followed by the introduction of the Van Mahotsav. Trees are the kindest things we grow. This has been rightly said as the needs of all living beings are fulfilled by them. But their depleting numbers has become a serious issue. To make students aware of this issue a wonderful skit related to the topic was performed and the school choir presented a song too on the topic: save trees and save our environment. Our Principal Rev.Fr. Jacob Bona addressed the students and motivated them to be responsible towards their environment. An initiative to do so was also taken by planting saplings with the students in the school premises.

Teachers' Seminar

"Kids don't remember what you try to teach them. They remember what you are." says Jim Henson. The above quotation clearly states what actually teaching is about. This was truly the topic of the seminar conducted for the teachers by Rev. Fr. Leo Sequeira, on 6th July 2017. Fr. Leo made the teachers do many group activities during the session which was actually a message in disguise regarding the teaching methods. With an aim to create effective mentors, another seminar was organized in the school on 8th January 2018, and Ms. Rituja Ahuja, a well known educationist from Lucknow was the Resource person. The programme included sessions on pluralistic education, education for social change and classroom management.

The Glory of our Nation

Freedom in the Mind, Faith in the words.....Pride in our souls.....Let's salute the nation on this auspicious day. Independence Day was celebrated with great enthusiasm and respect at St. Joseph's School, Naini, on 15th August 2018. Prof. Dr. K. N. Bhatt was the Chief Guest of our programme.

To commemorate the sovereignty of our nation, the Chief Guest unfurled the tricolor and all in union sang the National Anthem and expressed the joy of our freedom. The students with their songs, speech, thoughts, skit and dances awakened everyone's feelings towards our Motherland. The Chief Guest of the function Dr. K.N. Bhatt said that we will achieve true freedom when we make our country corruption free. He also made them aware of the importance of our National Song, and made them take pledge that they will make the country Sujalam, Sufalam.

Teachers – Our Role Models

"It is the supreme art of teachers to awaken joy in creative expression and knowledge"

-Albert Einstein.

Teachers' Day at St. Joseph's School, Naini was celebrated on 5th September 2017, with full zeal and enthusiasm. The day started with the welcoming of the teachers with tika by their lovely students followed by introduction on Mother Teresa and Teachers' Day.

Students performed scintillating cultural show to denote their love, respect, acknowledgement and recognition of the hard work put in by the teachers towards their development. They indicated that teachers play a vital role in making their pupil accountable citizens of tomorrow and wonderful human beings. Our Principal appreciated and thanked the teachers for their hard work and belongingness to the school.

BAPU'S birthday

"The best way to find yourself is to lose yourself to the service of others"

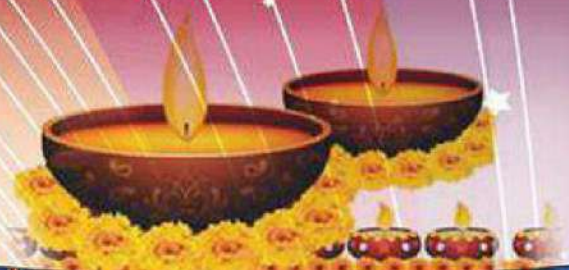

-Mahatma Gandhi.

We celebrated Gandhi Jayanti on 2nd October 2017, with a special assembly. We also had a quiz competition on the life history of Mahatma Gandhi for the students. Speech on Mahatma Gandhi was delivered by the students and also the school choir sang Mahatma's favourite song "Raghupati Raghav Raja Ram". As a part of Swachh Bharat Abhiyan, we had a cleanliness drive in the school campus, where our students along with their teachers and the Principal, cleaned the whole school campus.

The Festival of Lights

Happiness is in the air, its Diwali everywhere. Let's show some love and care and wish everyone out there. A special assembly was organized on 18th October 2017. Thought and speech on Diwali were delivered which filled the feeling of spirituality and discipline amongst everyone. Children also presented a group song which was very soothing and melodious, which was followed by a graceful dance and a skit on the pious life of Lord Rama and Goddess Sita.

Junior Josephest 2017

While most are dreaming of success,
winners come and work hard for it".
Anonymous.

On 28th October 2017, the little Josephites got the cherishable opportunity of participating in the Junior Josephest 2017 at St. Joseph's College, Allahabad.

It was for the first time that our students were exposed to Inter School Competitions with the best schools in the city. Our students worked hard and brought laurels to the school with their remarkable participation. Anshika Srivastava of class V A won the third prize in English speech competition and Shaheen Ali of class IV B won the third prize in extempore speech.

Memorable Day for our Children

"Children are great imitators so give them something great to imitate."

Anonymous.

Every day in our school is Children's Day although it was celebrated with zeal on 14th November 2017, to cherish the wonderful blessings on Earth and make our angels realize how worth and precious they are. The day was celebrated by the teachers for their little ones. The celebration included speeches, quiz, dances and a lot of love.

Teachers presented solo dance and group dance for their beloved students, which was enjoyed and the efforts were appreciated by the students. The Annual Sports day of the KG section was also conducted on the same day.

EUPHORIA - ANNUAL DAY 2017

Annual Day forms an integral part of our school activities. It was an occasion of celebration, joy and festivity for all of us on 29th November 2017. The function commenced with the lighting of ceremonial lamp by our Bishop Most Rev. Raphy Manjaly, Mr. Siddharth, S.P. city, Allahabad, and other dignitaries, which was followed by colourful and vibrant performances by the little Josephite's. The programme was a popery of performances, where each performance had a message for the spectators. All the performances were highly appreciated by one and all.

EUPHORIA - ANNUAL DAY 2017

Sports Day

"Sports teaches you character, it teaches you to play by the rules, it teaches you to know what it feels like to win and lose-it teaches you about life." - Billie Jean King

We celebrated our Annual Sports Day on 15th November 2017, which was an internal affair but with no less enthusiasm. The Sports Day was an extended celebration of Children's day which was begun with the March Past competition amongst the four houses followed by different types of races and athletic events, starting from the little champs of LKG to class V. Winners were rewarded with the medals and certificates on the same day.

The Nativity

Christmas is a season of praise and thanksgiving for the incarnation of God in Jesus Christ, which begins with Christmas Eve. The joy of this day was celebrated on 22nd of December by the Principal, staff and students of St. Joseph's School, Naini, in the school campus with a short programme which included a creative prayer service, poem on Christmas, speech by the students and a meaningful dance drama on the birth of Jesus. Our little angels sang melodious carols to spread the joy of Christmas. Rev. Fr. Jacob Bona D'souza, the school Principal beautifully described the story of Christmas and said that we should make our hearts pure for God to be born in us. In the end, the children danced to the tune of Jingle Bells, along with the Santa Claus.

EDUCATION FOR SOCIAL TRANSFORMATION

Christmas is love in action. Every time we love, every time we give, it's Christmas.....

We here at St. Joseph's school, Naini, as a family with the school Principal, Rev. Fr. Jacob Bona, sisters, teachers and the students of class-V celebrated our Christmas on 23rd December with the slum children of our locality. The programme was coordinated by Rev. Fr. K.K Anthony, the Director of D.D.W.S., who made the students aware about the living conditions of those slum children. Our school Principal congratulated every child for their generous contributions in the form of clothes and food items for the poor, and said that these poor children are talented, but they have no resources to go to a formal school. Therefore, we should help them out in all the ways we can. To add to the celebrative mood, Santa Claus made his appearance. Every one enjoyed dancing and singing with the children.

We the Josephites pledge to help the poor in all the ways we can.

Republic India

"Patriotism is religion and religion is love for India".
Bankim Chandra Chatterjee.

The day began with the hoisting of the Tri-colour by the hands of the esteemed guest of the day Dr. Paul Thaliath, a well known personality to all in Allahabad. Fr. Jacob, our Principal, introduced and welcomed the Chief Guest and invited the students to learn to regard and respect the democracy, secularism and cultural diversity of our country. The day continued with the vibrant performances of students on the stage showing their love for the country through their various dances and skits. There were inter-house patriotic dance competitions in which Blue house bagged the first prize. Dr. Paul, the chief guest of the day while congratulating the school family, invited each and every student to choose a profession, through which they are able to contribute to the growth and development of the society and the country at large.

It's Picnic Time

Our school organized a picnic for all the students from classes L.K.G. to class V, on 17th February 2018. Classes L.K.G. and UKG enjoyed their picnic within the school premises. Classes 1 and 2 headed for Jain Mandir, Jhunsi and had a great time with their teachers and friends in the temple premises. All the students kept singing songs in the bus till they reached the venue.

Students of classes III to V were taken to Sarnath, Varanasi, which was more of an educational tour for them. Students were asked to analyze each spot they visit at Sarnath. They enjoyed with games, songs and dance too. It was a great day for all the students and teachers as well, as it strengthened the bond between the students and their teachers.

Talent Gallery

The First Annual Exhibition of the school was organized on 24th February 2018. It focused on ingraining a scientific and creative attitude in our young students to make them comprehend the interdependence of science, technology and society by hand on experience. The exhibition seeks to engage children and teachers to synergize experiences and motivate each other to design and develop something novel. Hundreds of displays and exhibits dotted several sections of school with participation ranging from classes I to V.

Each class had a celebration of science, creativity and talent. A special inauguration was marked by the hands of our special Chief Guest Rev. Fr. Dr. J. Francis, who inaugurated the exhibition. Our parents who attended the exhibition were spellbound seeing the little scientists and artists, and their creativity.

Merry Day Out

On 9th March 2018, the staff members of St. Joseph's School, Naini, dust off their professional hassles after months of meticulous drudgery, at Chunar Fort, feasting the menu of their unanimous choices, tuning to the music from their collection, rewinding their fading memory and playing their favourite games. Spending time outdoor, sun basking, breathing fresh air and enjoying a great view, invigorated by the pure air in lungs, rejuvenated by the melody of clean river, the teachers are once again inspired by the nature to uphold the human values. It was a great day of relaxation for the teachers.

हिन्दी दिवस

सेंट जोसेफ स्कूल नैनी के प्रांगण में 14 सितम्बर को हिन्दी पखवाड़ा बहुत ही उत्साह पूर्वक ज्ञानवर्धक तरीके से मनाया गया। अतः विद्यालय में पूरी पूरी प्रार्थना, प्रतिज्ञा, गीत सभी हिन्दी में की गयी। कक्षा चतुर्थ के छात्राओं ने हिन्दी विषय पर सुन्दर गीत गाये।

हिन्दी दिवस के उपलक्ष्य में विद्यालय में कक्षा 1 से 5 तक विभिन्न प्रतियोगिताएँ आयोजित की गयी। कविता-पाठ, कहानी-पाठ, भाषण तथा दोहा प्रतियोगिताएँ हुईं, जिनमें छात्र-छात्राओं के प्रतिभा का अनूठा प्रदर्शन देखा गया। कबीर, रहीम, तुलसी के दोहों से पूरा हॉल गूँज उठा। हिन्दी विषय से सम्बन्धित विभिन्न स्लोगन भी बोले गये।

थांमस एडिसन

एक बार थांमस एडिसन स्कूल से घर आये और अपनी मॉ को एक नोट पकड़ाया उन्होंने अपनी मॉ से कहा कि टीचर ने मुझे यह नोट लिखकर दिया है और कहा है कि सिर्फ आप ही इसे पढ़ सकती है, इसमें क्या लिखा है? एडिसन की मॉ के आँख में आसू थे....उन्होंने कहा कि आपका बेटा जीनियस है अफसोस हमारा स्कूल उसके लिए बहुत छोटा है और यहाँ अच्छे टीचर्स भी नहीं है इसलिए बेहतर होगा कि आप उसे खुद पढ़ाएं एडिसन की मां ने उन्हे तब तक खुद ही पढ़ाया जबतक कि उनकी मृत्यु नहीं होगी। उसके कई साल बाद दुनिया को भी ज्ञात हो गया कि एडिसन सच में जीनियस है और सदी के सबसे बड़े अविष्कारक में से एक है, फिर एक दिन एडिसन को उनकी मॉ के समान में वही नोट मिला जो एडिसन की टीचर ने उसे दिया था उसमें लिखा था कि आपके बेटे की दिमाकी हालत ठीक नहीं है हम उसे स्कूल आने की इजाजत नहीं दे सकते हैं इसे इन्हे स्कूल से निकाला जा रहा है। वो नोट पढ़कर एडिसन भावुक हो गये।

शिक्षक, विद्यार्थी एवं विद्यालय का सम्बन्ध

विद्यालय- मंदिर है

शिक्षक- पुजारी है

विद्यार्थी- मूर्ति है।

Life

Success and Failure

All of us are created in a distinct manner. No two people are alike. Everyone has different views and ideas about things. Some see life as a struggle for survival while some see it as an opportunity to grow. It may sound strange that all of us endure the eternal struggle between failure and success, between hope and despair, between joy and sorrow.

The exceptions are those failures that become stepping stones to later success. For Example- this was the case with Thomas Edison whose most memorable invention was the light bulb which took him 1,000 times before he developed a successful prototype- "How did it feel to fail 1,000 times?" a reporter asked. "I didn't fail 1,000 times", Edison responded. The light bulb was an invention with 1,000 steps.

In our life we don't see things as they are; we see things as we are. There is no failure there are only the results of our efforts. We can utilize our confidence and creativity to find success and share it with others. We can live in the sunny present instead of the foggy past. We should all fulfill our dreams because dreams are like ice-cream which we never know when it melts.

Harpreet Kaur

The Power of Love.....

"In this world or the next, love will find you, attend you and bless you".

To be lonely is to feel unwanted and unloved, and therefore unlovable. Loneliness is a taste of death. No wonder some people who are desperately lonely, lose themselves in mental illness or violence to forget the inner pain. Every human being is meant to be loved. The truth is, some of us never received the love we need. Love is as critical for your mind and body as oxygen. It's not negotiable. The more connected you are, the more you are at risk.

There is a mythology in our culture that love just happens. But love doesn't work that way..... To get love and keep love, you have to go out and give love in its fullness. It means accepting the other as he or she is.

Love is a learned skill-it means it takes time to love and the best way to love is to love the unloved, the poor, the needy who deserve love and your life will be full because loving others you will feel that you are loved.

Sr. Anthonette Lobo, DSH

DISCIPLINE

The key ingredient to success

Everyone desires a happy and successful life. Some are able to achieve it while others endlessly struggle to have one. Little do people realize that there are certain vital ingredients to the recipe of success, which make life a sublime happening.

Out of many, discipline is the most important attribute of every character. It is highly essential for a successful life. Life without discipline is like a ship without a rudder. Just as a rudderless ship flounders in mid ocean in the same way our life is wrecked without discipline.

In every walk of life discipline plays a vital role to help us keep our foot strongly on the ground. It must be observed at every time and everywhere. If there is no discipline in all that we do then we are bound to go astray and become good for nothing.

So we see that discipline is necessary for us at all stages. Even freedom without discipline would lead to chaos.

Imagination

Imagination display your intellectual power. It is the capability of your mental brown. Everyone has its own power of monitoring the world with its own perspective. Some observe the world emphatically, whereas some observe the polarity in all the objects. This exhibit how you conceptualize.

In your own imagination you are the controller. It will lead you to perceive the quality contrastingly. If you have strong imagination potential you will gaze the things in your own manner.

Imagination will help you to visualize what you examine, whatsoever you will peruse, hear, perceive or meditate, you can generate the scene in front of you by your creative competence and it will puzzle out the trouble as well.

A person who possess a superior sense of imagination will perceive the world contrastingly. This will escort you to look at the positive side of your life. Your imagination will prompt you to labour on your concept and this will lead you to progress and win the race of your life

Girls Education

NEED FOR DEVELOPING COUNTRY

When girls are educated their countries become stronger and more prosperous. Better educated would tend to be healthier participation in all fields. Girls education goes beyond getting girls into school. It is all about ensuring that girls learn and feel safe while in school and complete all level of education with skill and make decision about their own lives.

Educated women marry at later age and have fewer children and enable better health care and education for them:

Education to girls tends to give her way to be independent.

"LET GENDER INEQUALITY GO AWAY FROM THE SOCIETY,
THROUGH GIRLS EDUCATION".

Magic!

THE SMILE,

The smile,
That I shall never forget,
Was of a little girl ,
Playing gleefully in sand,
Building a castle,
With tiny hands,
Her hair kissed her forehead,
So did the sun,
But engrossed she was,
Getting her castle done
I was drawn by,
The kid's artistry,
She looked up and noticed me,
Wiping the pearls of sweat off her face,
She smiled.
Smiled and beamed at me
The smile shone and touched
My soul.
So innocent , enchanting
Was her smile,
It warmed my heart,
That charming smile,
That playful look and
Green eyes with joy,
Captivated me in an
Uncanny ploy
I smiled back then and
Still I do,
When I remember,
That smile.....
That unforgettable smile....

Jyoti Pandey

VALUE OF EDUCATION.

Education is not all about studying and getting good marks. It really means to discover new things which we don't know about and increase our knowledge. An educated person has the ability to differentiate between right and wrong or good and evil. It is the foremost responsibility of a society to educate its citizens. We must ensure that each child of our nation is educated and independent.

Education plays an important role in enabling a person to face real life situation with adequate knowledge." A school is a building surrounded by four walls with the future inside". It's a social institution that reflects the standard of the society. A school plays a greater role in changing the society and its people in the sphere of academic, social, economic, mental, moral, and physical development. Above all, it always keeps its door open for all. Hence it may be termed as a pious and sacred social institution. One ahead, it ignites the young minds and moulds the pupils to good citizens as well as the good leaders of the nation. Just as every pupil gains something from school, so he or she gives something in return either good or bad depending on the giver. Our philosophy of education has always been meeting the needs of the individual child. Children acquire skills and knowledge easily if we can make the surrounding stimulating and purposeful.

We, educators being facilitators should always encourage each child to develop in their special field of interest. We should realize the fact that all the students do not have the same talents and so each one will achieve success differently.

Some people believe, and develop a plan ,
Some people doubt, never think that they can,
Some people face hurdles, and give their best,
Some people back down, when faced with a test.

We all have a choice, we all have a chance;
We are spectators in life, or we get in and play;
Whichever we choose, its how we handle life's game;
The choices are ours, no one else is to blame.

Sr. A. Christinal Mary

Think Positive and Do Positive

Today, we are leading a mechanical life overloaded with the bundle of work. The coming days appear to be really horrible and the only thing which gives the satisfaction is the hope that we would be able to cope up with the battle of life.

In the daily newspapers as we see that maximum percentage of teenagers commit suicide due to extreme stress and pressure. Some of the parents do advice their children to take it easy. But the children are targeted by the example of other scholars. This leads to major cause that "Teenagers commit suicide" due to mental depression.

The modern generation should have the potential to face the difficulties of their life. A person should try to overcome these hurdles with full zeal and fervour. We should accept our weaknesses and make our minds to address them.

The ground reality should be accepted instead of living in a fantastic world.

I conclude by stating that "If we have the will power, then no one would be able to step up back in achieving the utmost and the ultimate goal of our life."

Therefore,

"THINK POSITIVE AND BE POSITIVE"
