OUR VISION AND MISSION

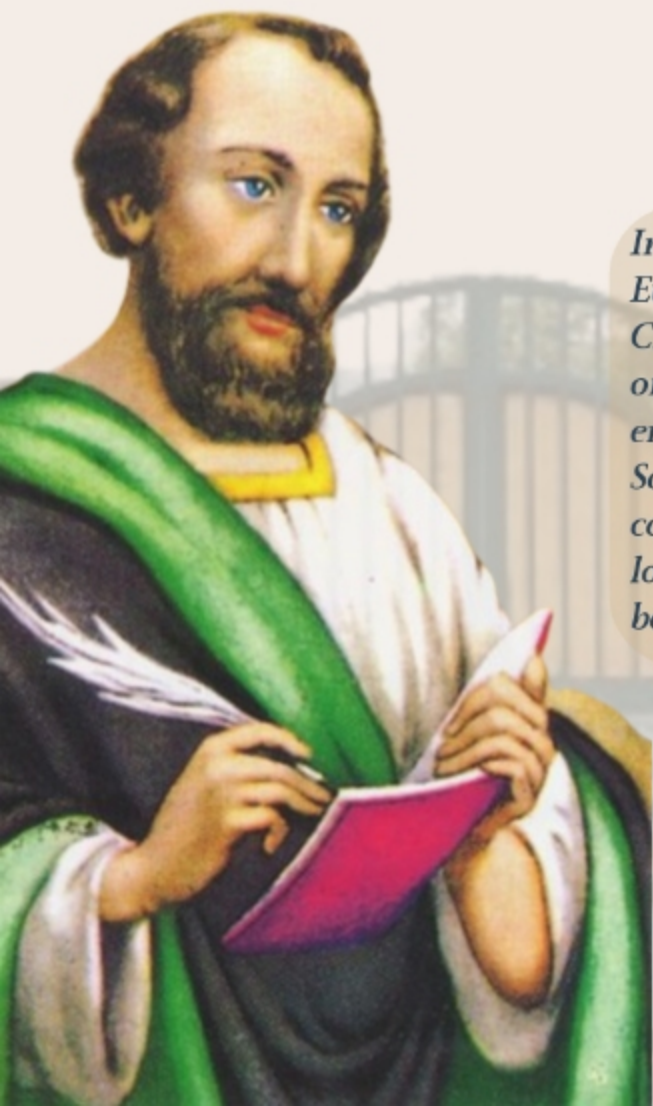

ILLUMINATE THE PATH

OUR VISION

Our vision is to create a New Society centered on Jesus Christ, the Incarnate Word, permeated with the Gospel Values. We believe in transformative education which is ensured by focusing on every child and grooming the little ones with competence, character, kindness and compassion. We work together to build a green, clean, safe and sustainable environment.

OUR MISSION

Inspired by the Word of God and centred on the Eucharist, our mission to be Spirit-filled witnesses of Christ in a pluralistic society, calls us to be person-oriented and collaborate with like-minded people to empower the powerless. We will create a New Society beginning with self-transformation and a common commitment to the values of the Kingdom-love, peace, justice, truth that all enjoy the dignity of being the children of our Heavenly Father.

Bishop's Blessings

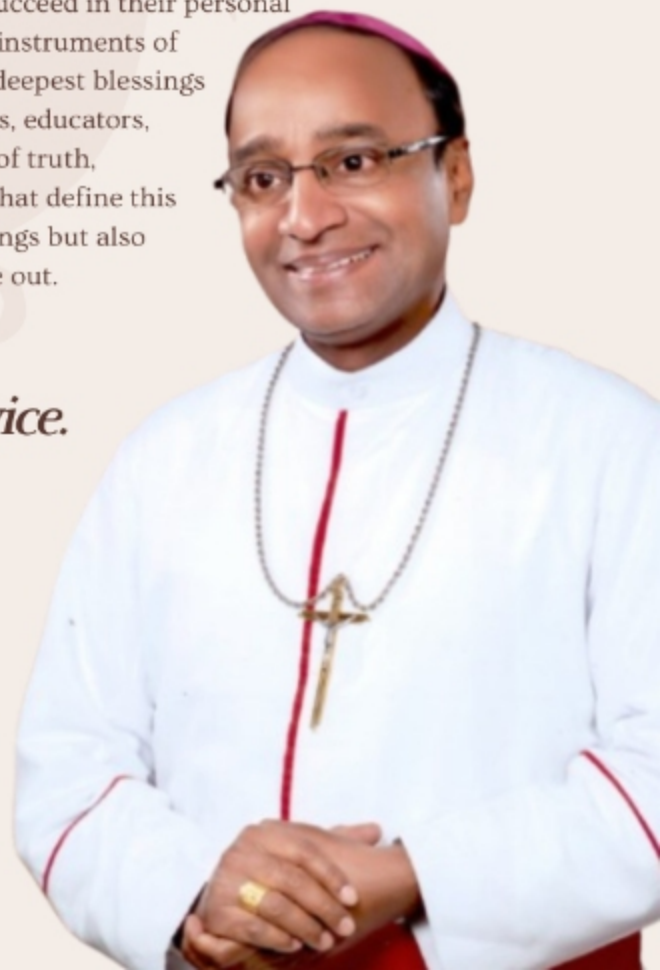

As I reflect upon the noble mission of Saint Luke's School, I am filled with a deep sense of reverence for the profound impact this institution has on shaping the lives of its students. Rooted in faith and driven by a commitment to holistic education, Saint Luke's school serves not merely as a place of learning, but as a sanctuary where the mind, heart, and spirit are nurtured with equal care.

In a world often overshadowed by fleeting ambitions and material pursuits, Saint Luke's School stands as a beacon of light, reminding us all of the eternal values of wisdom, integrity, and service. The education imparted here goes far beyond academic success-it seeks to instill within each individual the virtues of compassion, humility, and moral courage. These are the qualities that will shepherd you through complexities of life, shaping you into leaders not only of intellect but of character too.

As the world grows more complex and challenges abound, the role of such an institution becomes ever more critical. It is here that students learn to discern truth from falsehood, to cultivate a sense of empathy for those around them, and to embrace the responsibility that comes with knowledge. Saint Luke's school prepares young minds not simply to succeed in their personal endeavors but to contribute meaningfully to society, to be instruments of positive change guided by the light of Christ. I extend my deepest blessings to all who are part of the Saint Luke's community- students, educators, and families alike. May you continue to walk on the path of truth, wisdom, and faith, always holding fast to the core values that define this institution. In doing so, you will not only achieve great things but also embody the grace and purpose that we are all called to live out.

*In the light of God's love and service.
Yours sincerely in Christ*

A CULTURAL ODESSEY

"Thari duniya sukhadi, Thari mitti khushbu wali".

This is what the people of Bikaner and Jaisalmer might say about their land , a place where even the arid wind feels like home.

Their culture was vibrant and rich ,and so was the excursion to Rajasthan for the students of 9th to 12 th grade. As they explored Bikaner and Jaisalmer, it became clear that this excursion wasn't just about witnessing sand dunes or majestic forts... it was about learning from the *Rajasthanee* culture and its people. Every step was an educational journey, where history, culture, and geography blended seamlessly, leaving us with more than just memories, but lessons to carry forward.
