Dear Students

Once again the session has begun with new hopes and greater expectations of achievements and improvements. The New Academic Session 2026-27 has successfully completed its first quarter of learning and it is time to assess the absorption of scholastic inputs. The First Unit Test is sending alerts to gear up, prepare your lessons and be ready to display your best performance. To ensure a well-planned preparation, equip yourselves with some tools like hard work, regular practice of lessons, revisions, healthy diet, sufficient sleep and praying to God empowering you to clear this testing time. Your Parents and Teachers are your support pillars. Trust in them.

Dear Parents

Your presence and supervision is the most required tonic for your ward right now. Design their personal and study routine so that they are guided and feel affirmed. Spend quality time with them. Remember behavior modification in kids is only possible through proper role modelling. Hence sit with them, avoid late night outs, provide them healthy food and discuss good virtues and ethical values.
