Dear Parents/Guardians

Examinations are milestones in a child's journey of learning and growth. As our Students prepare for their I Terminal Examination they can draw inspiration from the encouraging words of Swami Vivekananda, who had great faith in the power of success. Vivekananda's prescription for success is: "To succeed, you must have tremendous perseverance, tremendous will. "I will drink the ocean", says the persevering soul, "at my will, mountains will crumble up". Have that sort of energy, that sort of will; work hard, and you will reach the goal...". He further said: "Whatever you think, that you will be. If you think yourself weak, weak you will be; if you think yourself strong, strong you will be". He would say: "Never say, "I cannot", for you are infinite.

For students who cultivate fearlessness, and who face the exams boldly, success is waiting round the corner. True, sometimes, unfortunately, even the most hardworking students find that the results are not good. However, even in the worst-case scenario of failure you should not think that it is the end of the world. Swami Vivekananda has taught that there is success and failure in every work. Constant practice makes one perfect, so no one should lose heart in the process of trying. All power is within you; you can do anything and everything. Arise ,awake and stop not until the goal is achieved. Be a Hero. Always say, I have no fear.
