

# STELLA MARIS CONVENT SECONDARY SCHOOL, NARAYANPUR

Circular No. 6 SMCS/11/2024

Date: 12.11.2024

## Dear Parents/Guardians

Appreciating children can bring out magical changes in their performances. It is a tool that can identify and enhance the potentiality of the individual student. It provides a balanced mind to accept and overcome any failure. Appreciation can work wonders. Therefore, first appreciate 'yourself' and do the same with the 'other' expecting nothing in return, and you will find the 'superman' in you and in others.

### Teach Students to:

**Set their goals:** I consider it as one of the most important principles of success to set oneself goal for every aspect of life. Having proper goals in life, your child will become well planned and focussed.

**Reach their goals:** It is excellent to have goals in life, but unless you make a plan on how to achieve one's goal, they won't develop their full power. Therefore, you should help to make a clear plan that your child is going to implement in life. You can set yourself sub-goals and focus your attempts on reaching these sub-goals until you have achieved your main goal.

**Have a clear vision:** It is a vision that boosted successful people to pursue their goals and aims until they reached their objective. Help your child to have a clear vision of what exactly they want to achieve in life; or how you would like to change specific things. You will notice that having a vision in mind will massively increase your motivation and your persistence to pursue your goals further than anyone else would.

## DATE SHEET FOR II TERMINAL EXAMINATION

**Timings : 8:00 a.m. – 11:00 a.m.**

| Day/Date                | J.K.G. & S.K.G.   |
