

Circular No. SMCS/03/2023

Date: 13.02.2023

Dear Parents/Guardians

1. “You can do it”

“If you hear a voice within you say, ‘you cannot paint,’ then, by all means, paint, and that voice will be silenced” – Vincent Van Gogh.

Insights for your child

Van Gogh, the famed Dutch painter, is claimed to have created over 2,100 works of art in a little more than a decade. He couldn’t have done it if he didn’t trust himself. He is regarded as one of the finest painters. Many of his works are the costliest in the world. Teach your child to believe in themselves. Developing a ‘**Can Do**’ attitude will inspire him/her to perform well in Academics.

2. “You do have time”

“Don’t say you don’t have enough time. You have the same hours per day given to Helen Keller, Pasteur, Michelangelo, Mother Teresa, Leonardo da Vinci, Thomas Jefferson, and Albert Einstein” – H Jackson Brown Jr.

Insights for your child

All the famous people named by American author Brown led successful lives, contributing significantly to society. It was made possible through careful time management. Make it clear to your youngster that every moment is valuable and cannot be wasted. Allow your children to understand that, rather than stating, ‘There’s no time,’ they must make time to complete all of their studies before the examinations.

3. “Work hard”

“There is no substitute for hard work” – Thomas Edison.

Insights for your child

It comes from one of the world’s finest inventors, who has 1,093 US patents (either individually or jointly) and has successfully submitted 1,239 non-US patents. Nothing but sheer hard work could have brought him this far. Make sure your child believes in the value of hard work.. Nothing can ever take its place. Teach your children to work hard and put forth constant effort in academics. Children will profit significantly from consistency.

Dear Students

Believe in your hard work and leave your all worry behind; don’t waste your time in thinking this and that, rather have faith in your action and let it speak of your ability; you can win any race if you want.

Don’t go after the success and achievements; instead make you desired for that. Think about the excellence and earn your goal with your hard work; be honest always to yourself and to others.

Senior Secondary life does not mean the time of matchmaking, heart breaking, fun time, class bunking and being upset for the result. Instead you can make your student life by just staying focused on your study along with, doing everything that is constructive.

Take away every fear from my heart and fill my heart with confidence as I put my trust in Your Name. You have promised that You will never leave me nor forsake me. Hold my hand when I write my exams; help me to understand each question and write all the relevant answers legibly; help me to complete the paper on time.
