ST. MARY'S CONVENT SCHOOL

VALUES THAT BUILD A BETTER WORLD

RESPECT

Treat others with
Kindness and Empathy.

RESILIENCE

Adapt, Endure,
Overcome.

RESPONSIBILITY

Your actions today
shape the future.

ST. MARY'S CONVENT J. H. SCHOOL

CANTT., VARANASI - 221 002

Teaching Staff

Where passion meets purpose.

Helping Hands

The unseen strength.

“Mary, our Mother, be for us a steady pillar of strength as we navigate the challenges of learning and growth. With your loving guidance, may we find sustenance in wisdom, grace and perseverance.”

-Pope Francis

DIOCESE OF VARANASI

Bishop's House, 45, Cantonment., Varanasi - 221 002, U.P. India

From the Bishop's Desk ...

It is with immense joy that I pen this message for your annual school magazine. First and foremost, I wish to extend my heartfelt appreciation to the visionary Principal for your visionary leadership, to the faculty for their dedicated service, and to you, dear students, for enthusiasm, curiosity, and resilience that fills our hearts with hope for the future.

In a world that often rushes by, your pursuit of excellence amid challenges is a testament to the grace of God working through you. Education's fullness demands more than what classroom walls can offer. We must equally cultivate co-curricular activities, those vital extensions of learning that shape the whole person. Sports, debates and quizzes, art and music, etc., awaken creativity, allowing the beauty of God's creation to flow through young minds and hearts. These pursuits prevent the narrowing of talents, balancing intellectual rigor with joyful expression.

I congratulate St. Mary's Convent School family for its profound commitment to building moral character and personality in its students. Here, the emphasis is on integrity over accolades, service over self-promotion, and virtue over vanity-crafts personalities that radiate universal peace amid a culture of fleeting trends. Your students are not just scholars, they are leaders who will heal divisions, defend the vulnerable.

May your patron, the Blessed Virgin Mary, Seat of Wisdom, intercede for you all. God bless you.

+ Eugene Joseph
Bishop of Varanasi

From the President's Desk ...

It brings me great joy to write this message for 'Connexion', the school magazine of St. Mary's Convent School Varanasi Cantt. The very essence of this journal lies in its name 'Connexion', a word that beautifully captures the spirit of unity, communication, and common purpose within St. Mary's community.

It reminds us that a school is not merely a place of learning, but a space where hearts, minds, and ideas come together in harmony. At St. Mary's Convent School, Varanasi Cantt. this sense of connection defines who we are.

Every day, we build connexions in countless ways. In our classrooms, knowledge flows between teachers and students, creating a bond of curiosity and growth. On the playground, friendships are formed that often last a lifetime. Through co-curricular activities, we connect our talents with opportunities, discovering new passions and strengths. These connexions shape not only our academic journey but also our character.

In today's fast-changing world, staying connected is more important than ever, not just through technology, but through empathy, respect, and shared values. Let us continue to nurture meaningful connexions that inspire us to grow, to support one another, and to contribute positively to society.

I congratulate all the contributors and the editorial team for their dedication and creativity. I humbly seek God's choicest blessings upon our entire school family. May He guide our students with wisdom, bless our teachers with strength and dedication, and grant our parents continued faith and support. May our school continue to grow in excellence and harmony under His loving care.

Sr. Mabel

Sr. M. Mabel Kannath SRA
President

From the Manager's Desk ...

It gives me great joy to pen few lines in this edition of our School Magazine. The content of the magazine reflects the creativity, talents and achievements of our students and teachers. Education is about academic excellence along with nurturing values, discipline and character formation in our young students.

I am quite pleased and congratulate the efforts of staff and the students in bringing out this Magazine. May our school continue to inspire students to grow into responsible, confident and compassionate citizens of our country.

My best wishes to all for a happy and successful future.

Sr. Benedicta
Sr. Benedicta D'Souza
Education Secretary
Varanasi Province

From the Headmistress's Desk ...

It is with great pride and pleasure that I present this year's school magazine, which beautifully captures the journey we have undertaken together under the inspiring theme "Respect, Responsibility & Resilience."

The past year has truly been a testament to what can be achieved when we work collaboratively, supporting and encouraging one another at every step. Our students and teachers have demonstrated unwavering dedication and enthusiasm, transforming challenges into meaningful opportunities and aspirations into accomplishments.

Respect has remained central to our school ethos, reflected in the manner in which students value their teachers, peers, and the environment. This shared commitment has enabled us to foster a nurturing, inclusive, and harmonious school community.

Responsibility has been evident in numerous ways, from consistent academic efforts and disciplined daily routines to active participation in co-curricular and school activities. Both students and teachers have displayed a strong sense of accountability and ownership in all their endeavors.

Resilience has been our guiding strength. Together, we have faced challenges with courage, adapted to changing circumstances, and continued to move forward with hope and determination. This collective spirit has helped us grow stronger, wiser, and more confident.

Dear students, your hard work, creativity, and perseverance are truly commendable. Continue to believe in yourselves and strive for excellence in all that you do. I extend my sincere appreciation to the teachers and students whose efforts have contributed to the successful publication of this magazine. May it inspire every reader and serve as a reflection of our shared journey.

May "CONNEXION" remind us that when we live with respect, act with responsibility, and grow with resilience, there are no limits to what we can achieve together.

Let us continue to uphold these values in the years ahead and shine as a united, progressive, and forward-looking school community.

Sr. Jamila S.R.A.
Headmistress

Editorial

Beyond Boundaries : The Power of Out-of-the-Box Thinking

"Dream, dream, dream. Dreams transform into thoughts and thoughts result in action." These inspiring words of Dr. A. P. J. Abdul Kalam beautifully capture the spirit of innovation and courage. In today's rapidly changing world, success belongs to those who dare to think differently, question the ordinary and imagine new possibilities.

India's progress in science, technology, healthcare and education reflects the strength of creative thinking. Great innovators and leaders have always encouraged curiosity, rationality and fearless exploration. As Albert Einstein rightly said, "We cannot solve our problems with the same thinking we used when we created them." Out-of-the-box thinking begins with asking questions and exploring fresh perspectives. Dr. C. V. Raman's discovery of the Raman Effect reminds us that great achievements often arise from simple curiosity and the courage to challenge accepted ideas. Innovation flourishes where imagination meets determination.

In today's competitive world, students must learn to connect ideas, think independently and transform challenges into opportunities. The future belongs to those who dream boldly, adapt wisely and create meaningful change.

Connexion, our school magazine, reflects the spirit of Respect, Responsibility and Resilience—values that inspire us to think beyond boundaries while remaining grounded in character and compassion.

On behalf of the Editorial Board, I sincerely thank the management and contributors whose creativity and dedication made 'Connexion' possible.

Bhavdhara 2025 : The Living Symphony of Values

There are evenings in the life of an institution that quietly fade into recollection - and then there are those rare, radiant moments that etch themselves upon its very soul. Bhavdhara 2025 at St. Mary's belonged unmistakably to the latter: a luminous confluence of purpose, poise, and profound value-based expression.

From the very outset, the atmosphere was charged with a refined expectancy. The ceremonial welcome of the distinguished dignitaries, escorted by the stately cadence of the school band, elevated the occasion into a spectacle of cultivated grace. It was not merely the beginning of a programme - it was the ceremonial awakening of an ethos long nurtured within the corridors of St. Mary's.

The sacred Prayer Dance unfolded like a whispered devotion, each movement steeped in serenity and spiritual surrender. In its quiet eloquence, it transformed the stage into a sanctuary of reflection. The subsequent Deep Prajwalan further deepened the sanctity of the moment. As the ceremonial lamp was illuminated, its glow seemed to transcend the physical flame, kindling instead an inner radiance within every attentive heart. In that resplendent instant, Bhavdhara did not simply commence - it began to breathe.

What followed was far beyond a sequence of cultural presentations; it was an immersive emotional and intellectual pilgrimage.

The mellifluous harmonies of the school ensemble served as the invisible thread weaving the evening's thematic fabric. Their music did not merely entertain - it enveloped, reminding the audience that melody often speaks where words fall silent.

The first luminous stream - Respect - emerged with quiet majesty. The students, remarkably poised and perceptive, embodied the virtue with striking authenticity. Their expressions reflected not rehearsed performance but deeply internalised values. At St. Mary's, it became abundantly clear, respect is not instructed - it is instilled.

The narrative then matured into the powerful theme of Responsibility, brought vividly to life through the evocative presentation of Noah's Ark. Here, young performers displayed commendable emotional depth, portraying duty not as an imposed obligation but as sacred stewardship. The message resonated with compelling force: the guardians of tomorrow are those who care enough today.

Yet the emotional zenith of the evening was reached with the stirring portrayal of Resilience. Like the timeless phoenix of the human spirit, the performance rose from adversity into affirmation, from trial into triumph. It stood as a glowing testament to the institution's unwavering commitment to nurturing individuals who are not merely successful, but steadfast, compassionate, and unconquerably hopeful.

The Annual School Report further illuminated a year richly adorned with academic excellence, cultural vibrancy, sporting distinction, and holistic value formation. Each milestone reflected purposeful planning; each success bore the unmistakable imprint of visionary and dedicated leadership.

The inspiring addresses of the esteemed guests descended upon the gathering like thoughtful benedictions. Their words reaffirmed a timeless educational truth: that the highest aim of schooling is not the accumulation of marks, but the cultivation of meaningful, principled lives.

As the evening rose to its patriotic crescendo, a shared emotional current swept through the assembly. The solemn and dignified rendering of the National Anthem brought the formal proceedings to a close - measured, majestic, and deeply moving.

And so, beneath the gentle glow of an evening steeped in meaning, Bhavdhara 2025 did not merely conclude - it consecrated a promise.

A promise that within the hallowed corridors of St. Mary's, education shall forever rise beyond textbooks into the realm of transformation. Tonight

was not simply a showcase of youthful talent; it was the quiet revelation of a philosophy deeply lived and lovingly nurtured.

Every step that graced the stage, every note that lingered in the air, every flame that flickered in solemn purpose - all bore silent testimony to an institution that shapes not only brilliant minds, but luminous hearts.

Here, Respect is gently planted in tender years. Here, Responsibility is patiently cultivated through meaningful action. Here, Resilience is courageously forged in the crucible of challenge. Together, they do not remain mere ideals - They become the living, breathing ethos of the St. Marian spirit.

As the final echoes of this memorable evening fade into cherished memory, one truth

stands radiant and unwavering:

“Bhavdhara” is not an event.

It is a flow.

A living current.

A legacy in motion.

May this sacred stream continue to inspire, to strengthen, and to illuminate every path that begins within these nurturing walls.

With hearts full of gratitude and pride, we carry forward the quiet certainty that the future of St. Mary's does not wait to be written -

It is already rising...

Gracefully, courageously and gloriously.

Tr. Shabana Ali

Independence Day Celebration

When the Tricolour does not just fly but speaks to the Nation!

Some days do not pass; they settle inside the heart. St. Mary's Convent School, Cantt., Varanasi commemorated Independence Day with great enthusiasm, patriotic fervor, unity and mesmerizing presentations. The occasion reminded everyone of the immense sacrifices made by our brave freedom fighters who devoted their lives to secure liberty for the nation. It was not an event, but a heartfelt homage that filled every soul with admiration and gratitude.

The auspicious morning began with the arrival of our honourable Chief guest, Sister Mable Kannath, President of the S.R.A. Society, who was warmly welcomed by the school band. The programme commenced with the hoisting of the National Flag. As the tricolor flew gracefully in the sky, the entire gathering stood in attention and sang the National Anthem with devotion and respect.

Thereafter, an impressive march past and parade were done. Students moved in perfect synchronization, reflecting discipline, confidence and solidarity. Their orderly formations and steady steps added splendor to the ceremony.

The event then transitioned into the cultural segment, which brought colour and energy to the campus. The tiny tots delighted the audience with lively action songs, radiating innocence and cheerfulness. The gathering was further enriched by the address of our esteemed Chief Guest, whose insightful words inspired unity, dedication and service to the motherland. Her gracious message added depth and meaning to the entire occasion.

The day concluded on a note of honour and renewed commitment. Indeed, the gathering served as a reminder that the legacy of our nation rests in the hands of the younger generation.

Kavya Yadav, V-B

Lessons in Leadership : A St. Marian's Reflection

"Great leaders are not born; they are shaped by the values they learn and the people who guide them."

With these words, I look back at my journey of ten memorable years at St. Mary's School. This platform has given me lessons, responsibilities, and experiences that have shaped who I am today, and it is with immense gratitude and pride that I share a few reflections as I complete my journey as the Head Boy.

My journey as the Head Boy began with the Investiture Ceremony, a moment filled with pride and emotion. As I wore the badge and sash, I felt honoured, responsible, and deeply grateful for the trust given to me. After ten long years in this school, that moment made me realize that I was no longer just a student, but a leader expected to serve and set an example. It marked the beginning of a meaningful and unforgettable journey.

My journey as the School Head Boy has been a lesson in growth and responsibility. From arranging programs on Teachers' Day to march past on national festivals, every experience taught me the value of discipline, teamwork, and commitment. I learned that true leadership is not about authority, but about listening, guiding, and standing with others. This role shaped me into a more confident, responsible, and humble individual, and the lessons I learned will stay with me long after I leave this school.

I would leave my Alma matter with following guidelines for the junior students in the school :

- ♦ Leadership beyond titles : Not everyone will hold a leadership post, but each one of you can lead through your actions, sincerity, and sense of responsibility.
 - ♦ Value discipline : Our school has always been known for its discipline, and it is our duty to maintain this decorum through punctuality, respect, and proper conduct.
 - ♦ Sense of belonging : Take pride in your house and treat St. Mary's School as your second home.
 - ♦ Respect your teachers : Their guidance and values shape your character far beyond the classroom.
 - ♦ Unity and teamwork : True strength lies in unity, cooperation, and mutual respect.
 - ♦ Serve with humility : Always be ready to help others and place the school's values above personal recognition.
 - ♦ Grow beyond academics: Participation in activities builds confidence, leadership, and lifelong skills.
- Carry these values forward to keep the spirit, discipline, and pride of our school alive.

Leaving St. Mary's School is one of the most emotional moments of my life. Every corridor, classroom, and assembly holds memories that I will always cherish. This school has shaped my character, taught me discipline, and given me an identity I am proud to carry forever. Being a St. Marian is about living its values. I will carry this legacy with pride wherever I go, and I encourage all of you to honour it, protect it, and pass it on with the same dedication and respect.

Thank you!

Arnav Tiwari, VIII-A (Head Boy)

Amazing Facts about Human Body

1. Our eyes process more than 120 million bits of information per second.
2. A quarter of our bones are in our feet.
3. Hair grows faster in warm weather.
4. Tooth enamel is the hardest substance in the human body.
5. Most muscles work in pairs to help move different parts of body.
6. Your mouth produces up to four cups of saliva every day.

Pihu Wadhvani, III-D

Rising Leaders, Shining Futures

"A leader is one who knows the way, goes the way, and shows the way." - John C. Maxwell

With this inspiring thought, the Investiture Ceremony was celebrated with great enthusiasm, discipline, and a sense of pride. The ceremony was organized to formally entrust responsibilities to the newly elected student council members for the academic session. It provided a platform for students to understand the true essence of leadership, teamwork, and accountability while upholding the values and traditions of the institution.

The newly elected Head Boy and Head Girl from class VIII were announced, followed by the Vice Head Boy and Vice Head Girl from Class VII, encouraging leadership at a young age. Similarly, in all four houses-Red, Blue, Green, and Yellow-House Captains and Vice Captains were appointed. The Sports Captain and Vice Captain were also introduced to promote teamwork and fitness. Various clubs such as Social, Eco-Friendly, Cultural, along with Prefects each had a Club Head, Vice Head, and their members.

All the selected students were honoured with badges as a mark of their responsibilities, and the Captains and heads were presented with ceremonial sashes, which proudly displayed their respective positions and reminded them of the duties entrusted to them.

The Principal Sister Jamila also guided the students about their duties and code of conduct, reminding them to be role models for others and to work for the betterment of the school. The event inspired every student to develop leadership qualities and serve the school with dedication. It was truly memorable and motivating day for the entire St. Mary's family.

Apeksha Verma, VIII-A

My Experience as the Head Girl

A responsibility that changed me in ways I never expected. What began as a badge on my uniform slowly turned into a journey of leadership, learning, and self-discovery. This role taught me that leadership is not about power or position, but about service, patience, and standing strong even when things get tough.

Everyone seemed to be watching-teachers, juniors, seniors, and classmates. I realized that from that moment on, my actions mattered more than my words. I had to set an example, not just speak about discipline, teamwork, and respect. It pushed me to be more responsible, punctual and thoughtful in everything I did.

One of the biggest lessons I learned was how to manage people. Working with teachers, prefects, and students from different classes was not always easy. Everyone had different opinions, ideas, and expectations. There were moments of disagreement and pressure, but I learned that listening calmly and communicating clearly can solve almost anything.

There were challenges too. Managing academics along with duties was tough, especially during exams and school events. There were days when I felt tired and overwhelmed, but giving up was never an option.

What made this journey truly special was the support I received. Teachers guided me like mentors, and students trusted me with their concerns.

Being Head Girl also taught me humility. I realized that leadership is not about being perfect, but about being honest, fair, and willing to learn from mistakes.

As my tenure comes to an end, I carry with me memories, lessons, and confidence that will stay forever.

Aliya Sharma, VIII-H (Head Girl)

Society Day 8th December, 2025 Connected by a Shared Vision

My experience about Quiz competition held at my School

In the month of November, our respected Principal announced about Inter-school GK Quiz competition. Participants were selected from different classes. I got selected from my class. I was very excited.

To prepare myself, I read many books and some GK books to improve my knowledge. I learned about animals, famous people, and different countries. I wanted to know everything! Team was prepared by teachers, they helped us to perform as a team.

Finally the day of quiz came, which was conducted in our school on the Society Day (8th December). There were different schools competing with us. We went up on the stage, I was a little bit nervous because I was the youngest in my team. I sat with other members at a big table.

There were different rounds with different names. In one round, we had to be the fastest to press a buzzer. My heart was beating fast, but at the same time I was very excited.

The best part was when the teacher asked a question about space. I knew the answer right away! I felt so happy when the teacher said, "That is correct my dear!" My friends clapped for me, and I felt like a star.

We didn't get the first prize, but we got bronze medal. I learned that it is okay, if you don't know every answer. The best part was learning new things and working with my team. I want to participate again next year!

Thanks a lot to our Principal Sr. Jamila, for giving such a wonderful opportunity.

Harshit Singh, IV-A

Dancing from the Soul : My Journey as a Solo dancer on Stage

For me, dance is the language of the soul, and on December 8, 2025, during the Society Day celebrations at St. Mary's Sonalatab, I finally got to speak that language on stage. Participating in the Junior Solo Semi-Classical category was a dream come true, allowing me to manifest my artistic ability on stage.

Performing Kathak was a deeply personal experience. As I moved through the intricate footwork and graceful gestures, I felt my passion come alive. Every ghungroo beat was a reflection of my dedication. Even though the stage felt vast, my love for dance made me feel right at home.

The highlight of this journey was being awarded the Second Rank! Although it was my very first time competing at this level, standing on that podium felt like a grand victory. Getting the second rank in my debut performance was both surprising and deeply rewarding. It taught me that when you dance with your heart, the world notices.

This experience was more than just a competition; it was the first step of my artistic journey. I am immensely grateful to my school for this opportunity. Winning this prize has ignited a fire in me to keep practicing, keep performing, and keep dancing toward my dreams.

Prakhya Pandey, VI-D

Society Day 8th December, 2025 Connected by a Shared Vision

An Unforgettable Sporting Experience

On Society Day, students from Classes 7 and 8 travelled out of the city for the first time to participate in a Kho-Kho tournament. Separate teams were formed for boys and girls. During this event, the students learned many advanced techniques of the game, making it a completely new and enriching experience for them.

The boys' team performed exceptionally well and secured

second place in the tournament, while the girls' team was awarded the consolation prize for their commendable efforts. All the students were extremely happy and enthusiastic, as this opportunity not only enhanced their sports skills but also gave them valuable exposure and confidence.

Overall, the event proved to be a memorable and rewarding experience for everyone involved.

Tr. Akanksha

Inter School G.K. Quiz

With minds buzzing and excitement in the air, the Inter-School General Knowledge Quiz was held on December 8, 2025 on the occasion of Society Day, bringing bright young participants from different schools. As the chief guest Sr. Mable, the President of Queen of Apostles Society, was present during the quiz it added immense honour to the quiz. Sister Benedicta, the Education Secretary of our school and respected Sr. Jamila the Principal of our school, also witnessed the exciting quiz.

Students from different schools -St. Mary's Convent School Sonatalab, Jeevan Jyoti, St. Mary's Hinauli and many others were present in our school campus to showcase their knowledge, thinking, and grasping skills. To conduct the quiz successfully, Ruchi mam was present as the quiz master. She demonstrated excellent command over the subject and maintained a lively yet disciplined atmosphere throughout the event, she also ensured fairness and smooth flow of the competition, contributing greatly to its overall success. The quiz was conducted in various rounds, with each round, testing the knowledge of the participants. All the schools presented a tough competition and won trophies, medals and certificates. The quiz concluded successfully, reflecting the participant's enthusiasm, preparation, and growing awareness of the world around them.

Built on Values, Driven by Vision : Society Day

My Golden Moment on Stage

Dance is my passion, and this year it gave me a moment I will never forget.

I, Ishita Singh from "St. Mary Convent Junior High School", won the First Prize in the Junior school level dance competition held at St. Mary Convent School Sonatalab dated 8th December 2025 by performing on the energetic Haryanvi song "Gadar". When I heard about the competition, I decided to give my best. I practiced every step with dedication and confidence. As soon as the music started on stage I forgot my nervousness and danced with full enthusiasm. I enjoyed every beat of the song and gave my best expressions. When my name was announced as the winner, my heart was filled with joy. This achievement has motivated me to dream bigger and work harder. I will continue to shine and make my parents and teachers proud.

Ishita Singh, III-B

Speed, Strategy & Spirit- Inter - School Kho-Kho

Kho-kho is a traditional Indian sport that requires speed, agility, presence of mind, and strong coordination among team members. It not only improves physical fitness but also teaches important values like discipline, cooperation, and alertness. Keeping these values in mind, the students of St. Mary's Convent School proudly went to Ghazipur to participate in the Inter-School Kho-Kho Matches in the junior category, where both boys' and girls' teams represented the school with great enthusiasm.

The journey to Ghazipur was filled with excitement and determination. The students were eager to showcase their skills and represent their school with pride. From the very beginning of the tournament, it was clearly visible that the teams had prepared well through regular practice and hard work. They followed the rules of the game strictly and played every match in a disciplined and respectful manner. As the saying goes, "Discipline is the bridge between goals and achievement."

Throughout the matches, the junior boys' and girls' teams displayed excellent teamwork and coordination. Each player supported one another, trusted their teammates, and worked together towards a common goal. Their dedication and focus reflected their strong team spirit. "Talent wins games, but teamwork and intelligence win championships," truly described their performance on the field.

The students also learned valuable lessons beyond winning and losing. They understood the importance of patience, perseverance, and sportsmanship while competing with teams from other schools. Their hard work and determination proved that success comes to those who never give up. "Hard work beats talent when talent doesn't work hard."

In conclusion, the inter-school kho-kho matches in Ghazipur were a memorable and enriching experience for the students of St. Mary's Convent School. The event helped them grow not only as players but also as disciplined and confident individuals. The school is proud of its junior boys' and girls' teams for their dedication and hopes that they continue to shine in future sporting events with the same spirit and enthusiasm.

Independence Day : The Soul of a Free Nation

Independence Day is not merely a date in history; it is the soul of our nation's journey. On the 15th of August, the air itself feels different - heavier with pride, softer with gratitude, and alive with memories. The tricolor does not only wave in the sky; it waves in our hearts, reminding us that we belong to a land that chose courage over fear, truth over slavery, and hope over despair.

To honour this historic day, St. Mary's Convent Junior High School organised a vibrant and meaningful Independence Day celebration. The program began with the welcoming of the Chief Guest, Sr. Mable, SRA, with a band group, creating an atmosphere filled with pride and respect. This was followed by unfurling of the flag ceremony, where the national flag was hoisted high, symbolizing unity, courage, and peace. The moment became even more emotional as the choir group presented the National Anthem, and everyone stood together in honour of our nation.

The celebration continued with a disciplined and energetic March Past by the students of Classes VI, VII, and VIII, reflecting unity, strength, and respect for our country. The younger students also expressed their love for the nation through beautiful performances. Class II presented an Action Song showing respect for the country, while Class III performed Unity in Diversity, highlighting how India stands strong despite its rich cultural differences. Class IV paid a heartfelt tribute to soldiers, reminding everyone of the bravery and sacrifices made by our armed forces. Class V displayed an impressive P.T. performance, showcasing discipline, coordination and enthusiasm.

Adding dramatic expression to the program, students of Classes VII and VIII performed a Hindi play, delivering a powerful patriotic message. The audience was further inspired by a melodious Patriotic Song by the Choir Group, followed by a colourful and graceful patriotic dance, which beautifully expressed the spirit of freedom through rhythm and movement.

The program concluded with powerful patriotic slogans, filling the environment with enthusiasm and national pride.

JAI HIND, JAI BHARAT!!

Teachers' day is celebrated every year on 5th September in India with great respect and joy. This special day is observed to honour our beloved teachers for their hard work, dedication and valuable contribution to the society. It is also the birth anniversary of Dr. Sarvepalli Radhakrishnan, a great teacher, philosopher and the second President of India.

On this day, students express their love and gratitude towards teachers through speeches, greeting cards, flowers and cultural programs. They organise a special assembly, competitions and performances to make teachers feel special. Students also take part in activities like singing, dancing and thanking their teachers for their guidance.

On Teachers' Day, we should promise to respect our teachers and follow their guidance sincerely. This day reminds us that teachers play an important role in our success and deserve love, respect and gratitude always.

Fatima Raies, IV-A

Teachers' Day Celebration at School

"Where Gratitude Meets Grace."

Teachers' day is celebrated on 5th September with great joy and excitement. This special day is celebrated every year to mark the birth anniversary of Dr. Sarvepalli Radhakrishnan, who was a great scholar and the second President of India. He believed that teachers should be the best minds in the country.

The day begins with a special morning assembly. The event begins with lighting a lamp in front of Dr. Radhakrishnan's portrait. Students from the senior classes give speech about why teachers are important in our life, calling them our second parents. All the students participate in many fun activities to show their love for teachers. We spend the morning making colourful handmade cards with messages like Happy Teachers Day and Thank You. Students perform dances, sing songs and even perform a short skit showing a funny classroom scene. Many students bring roses and bouquets to give to their favourite teachers as a token of respect. The Principal offer thanked the students for making the day so special. It is a wonderful day that reminds us how much our teachers do to help us learn and become better people.

Teachers are our guides, mentors and role models.

Hearts in Harmony : A Celebration of the Republic Day

On January 26, 2026, the spirit of India didn't just walk onto our school grounds—it soared. Under the watchful gaze of our guests, the National Flag was unfurled, turning the sky into a canvas of saffron, white, and green. As the National Anthem echoed, we were reminded that we are the heartbeat of a great democracy.

The morning pulse began with the Inspection of the Parade, followed by the rhythmic, sharp footfalls of the March Past (Classes VII & VIII). This display of discipline was perfectly mirrored by the soul-stirring melodies of the choir and the energetic "beat" of our school band. To anchor our celebrations in truth, Class VII recited the Preamble, bringing a sense of sacred duty to the festivities.

The celebration then transformed into a kaleidoscope of talents:

Class V stunned the audience with a Human Pyramid, a powerful metaphor for our "Strong Foundation."

From the tiny tots of Class I to the "Unity in Diversity" performance by Classes II and III, every step was a tribute to our heritage.

A thought-provoking play by class VI and the emotive Hindi speech, "Bharat ka Gaurav" by class VIII, echoed the intellectual pride of every Marian.

The highlight of our celebration was the

presence of our Chief Guest, Rev. Dr. Father V. Sebastian, a distinguished priest of the Varanasi Diocese hailing and a scholar of immense depth.

In his address to the students, Father Sebastian shared "Words of Wisdom" that left a lasting impact. He spoke eloquently about the vital importance of focus and concentration in one's work, noting that this virtue is a universal truth found in all religions. His message reminded us that excellence is achieved when we dedicate our hearts and minds entirely to our goals.

Following the Chief Guest's inspiring words and the Trophy Presentation, the air was filled with the thunderous "Echoes of India" slogans.

Co-authoring this report, we realized that Republic Day at St. Mary's is more than a tradition; it is a promise. We left the field knowing that while our history is grand, our future-driven by every small initiative-will be even grander.

Vanya Rai, VI-D

Aaradhya Mishra, VI-A

Children's Day

"Children are not things to be moulded, but people to be unfolded." This quote by Jess Lair perfectly captured the spirit of our celebration. Observed on November 14th in India, Children's Day joyfully commemorates the birth anniversary of Pandit Jawaharlal Nehru, who viewed children as the nation's greatest treasure. As Nehru beautifully put it, "The children of India are its most valuable asset."

The day began with enthusiastic energy and a special morning assembly that highlighted the love, innocence, and potential of every child. We started by garlanding and lighting a lamp before the portrait of Pandit Jawaharlal Nehru, lovingly known as Chacha Nehru. This ceremony served as a timeless reminder to nurture our dreams for a brighter future, filling the atmosphere with hope and happiness.

The celebrations were formally inaugurated by our respected Headmistress, Sr. Jamila. The event featured a torch lighting ceremony and the release of pigeons, symbolizing energy, unity, and the spirit of sportsmanship. As the torch was lit and the pigeons took flight, the school grounds echoed with applause and excitement, officially kicking off the day's festivities.

Then came the highlight every student awaited : the thrilling sports events. The grounds were alive with relay races, 100m sprints, cap races, and handkerchief races. To make the day more meaningful, traditional games like Kho-Kho and Kabaddi were reintroduced. These events gave every student the opportunity to showcase their talent, teamwork, and determination.

In addition to the main events, charity matches were organized, teaching us values like kindness, sharing, and helping others. While we practiced with determination, our teachers guided and motivated us throughout. During the matches, teamwork, discipline, and fair play were clearly visible, reminding us that sports are not just about winning, but about unity and effort.

The celebrations ended with a grand prize distribution ceremony conducted by Sr. Jamila. Joy beamed on the winners' faces as they were awarded their prizes, and her encouraging words inspired everyone present. To top off the excitement, sweets and chocolates were distributed with a sense of love, leaving behind beautiful memories.

"Success is not just about winning medals, but about learning, growing, and becoming better with every step we take." This combined celebration of Children's Day and Sports Day was spectacular, breathtaking, and truly unforgettable.

Honouring Legacy through Learning : A Tribute of Intellect

An Inter-School General Knowledge Quiz Competition was organised at St. Mary's Cantt on the occasion of Society Day to honour the revered founder, Father Antonius Maria Bodwig, and to celebrate his vision of holistic education. The event aimed to inspire students to broaden their knowledge and develop confidence and awareness of the world around them.

Many reputed schools like Lourdes Convent Girls International College, Ghazipur; St. Paul's Inter College, Adalpur; Jeevan Jyoti H.S School (Inclusive Education); St. Mary's Convent School, Tadvanava; St. Mary's Convent School, Sonatalab; St. Mary's Convent School, Mughalsarai and Jeevan Jyoti Special School from the city participated in Senior, Junior and Sub- Junior Categories with great enthusiasm. The school stage was beautifully decorated for the occasion. The programme commenced with a prayer followed by a warm welcome address by the Principal Sr Jamila, who emphasised the importance of general knowledge and lifelong learning in shaping responsible citizens.

The quiz was skilfully conducted by Ms. Ruchi, the Quiz Master, who kept the competition lively and engaging. The event comprised several interesting rounds such as Current Affairs, Science, History, Sports, Rapid Fire, and Audio-Visual rounds. The questions were challenging and thought-provoking, encouraging teamwork, quick thinking, and presence of mind among the participants. The audience supported the teams with great excitement, creating an energetic atmosphere.

At the conclusion, the winning teams were honoured with trophies and certificates, while all participants were applauded for their sincere efforts. The programme ended with a heartfelt Vote of Thanks delivered by Sr. Mabel, the President of the Society, who expressed gratitude to the organisers, teachers, participants, and guest schools for making the event a grand success.

The quiz competition served as a meaningful tribute to Father Antonius Maria Bodwig and reinforced the institution's commitment to nurturing knowledgeable, confident, and curious learners. It was truly an enriching and memorable experience for everyone present.

*Red House burns with courage bright, Strong in unity,
bold in fight. Through every challenge, we stand tall,
Red House rises, proud of all.*

Red House demonstrated outstanding teamwork, discipline, and enthusiasm in all academic, cultural, and sports activities. Under the guidance of our house teachers and the cooperation of our members, we actively participated in inter-house competitions and represented the house with great spirit and determination.

The responsibility given to Red House by our Principal was to ensure that every child is in proper uniform dressed. Even though it was a bit difficult task but by the cooperation of all the Red house members we tried to give our best.

Red House strongly believes in unity and leadership. On the auspicious event of Independence day(15 August) seniors guided juniors, and every member contributed their best efforts as a result, we stood first in the parade . In various inter house competitions, held on the occasion of Christmas, Red House proudly stood second. We faced challenges during the year, but our strong spirit and cooperation helped us overcome them successfully.

I sincerely thank our respected Principal, teachers and every Red House member for their constant support and dedication. Together, we have shown true teamwork, discipline, and courage. This journey has strengthened us as leaders and learners. It has been a privilege to serve as the Red House Captain. I am confident that Red House will continue to shine and achieve greater success in the future.

KEY -

My Role as the Prefect Head

It is a matter of great pride for me to serve as the Prefect Head of **St. Mary's Convent Junior High School**, Varanasi. Being a student of Class VIII, the senior-most class of our school, this role encouraged me to maintain high standards of discipline and conduct.

As the Prefect Head, my main duty was to uphold discipline in the school. I also led and coordinated prefects, guided them to work with responsibility and cooperation. I believe discipline is the foundation of success, and I tried to lead by example through punctuality, respect, and sincerity.

I supported the smooth functioning of school activities and acted as a link between the students and teachers. Leadership, to me, means responsibility and setting a positive example for younger students.

I am grateful to our respected Principal and teachers for their trust and guidance. This role has helped me grow in confidence and self-discipline, and the values I have learned at St. Mary's Convent Junior High School will continue to guide me as I move ahead to the next stage of my education.

Aditya Kumar, VIII-B

*Green reflects peace and growth so true,
A sign of hope in all we do.
With care for earth and purpose keen,
We stand united-strong and Green.*

Green House, also known as Gandhi House, stands for peace, truth, discipline, and responsibility.

Green House showed discipline and team-work in academic, cultural, and sports activities. With the guidance of our house teachers and cooperation of members, we represented our house with dedication and pride.

The responsibility entrusted to Green House was to maintain cleanliness within the school premises. Members worked diligently to keep classrooms, corridors, and surroundings clean, ensuring a hygienic school environment.

Green House participated with discipline in the Independence Day and Republic Day parades and secured the 3rd position. The house also achieved 1st position in several inter-house activities through collective effort.

Message by the Green House Captain

I, sincerely thank our respected Principal, house teachers, and all Green House members for their guidance and support. This experience strengthened my sense of leadership and responsibility, and I am confident that Green House (Gandhi House) will continue to progress with excellence.

Answers-

Conversation with My Future Self - VIII-H

I met my future self in a quiet moment of reflection. She looked peaceful and strong and told me that I had survived more than I ever imagined. When I asked about my dreams, she said some came true, some changed, and some taught important lessons, showing that failure is not an end but a chance to grow. She thanked me for my hard work and courage to keep going during difficult times. Before leaving, she reminded me to keep believing even when the path seems unclear. I returned to the present feeling calm, realizing that my future is shaped by my efforts and the choices I make today.

Aliya Sharma

Some conversations are deeper than speeches, even when no words are spoken. The most powerful dialogue I ever had was with my own reflection. In a quiet moment, I looked at my shadow and asked, "Is this truly my future self?" I was reminded that growth is not about perfection but becoming better than yesterday. At St. Mary's Convent School, I stand today as a prefect this badge was not because it was a task given, but earned through discipline, correction, trust, and responsibility. There were doubts, yet every challenge strengthened me. "Will I still shine?" I wondered about my next institution. The answer was clear a new school is not a new identity but a higher level of the same journey a bigger stage, greater opportunities, higher expectations. Being a prefect is proof of my potential. I am not just preparing for the next school; I am preparing for the next version of myself. And this time, the future does not frighten me, it inspires me. Because the future should be ready for how unstoppable I am becoming. I am ready to rise higher than ever before. My journey has only begun.

Shivansh Srivastava

My future self smiled at me calm and confident-and said, "If you're reading this, it means you made it." We talked about my dreams and the fears I try to hide. She told me that failures don't disappear but turn into lessons, and she thanked me for not giving up on hard days. She reminded me that every small step I take today makes her stronger tomorrow and advised me to stay kind to myself and trust the process. In the end, I realized my future isn't waiting ahead-it is being built by the choices I make today.

Ananya Gupta

Everyone has dreams about their future, and I also think about mine. Today I am a student. learning new things every day, studying science, maths, and social science, and I believe my hard work today will help me become successful in the future. I try to be disciplined, honest, and respectful to my teachers and elders, and I learn from my mistakes to improve myself every day. Good habits and regular study will help me achieve my goals. In future, I want to become a successful and responsible person, make my family proud, do something good for my country, help people, and live a happy and meaningful life. I know my future depends on what I do today, so I will work hard, stay positive, and never give up on my dreams.

Divyansh Gupta

One Conversation...

One evening, as I sat quietly reflecting on my goals and uncertainties, I imagined meeting my future self. She appeared confident, composed, and at peace. I asked, "Have I achieved my dreams?" She replied, "Yes, but only because you chose discipline over excuses and perseverance over fear." She smiled and said, "Many times. However, every failure strengthened your character and guided you towards improvement." Before leaving, she said, "Stay focused and believe in you. Your actions today shape my future." As she disappeared, I felt motivated and reassured of my capability.

Priyanshi Samanta

In a quiet moment of thought, I talk with my future self, a top engineer shaping new ideas. "What helped you succeed?" I ask, and he says: "Keep studying hard, using Math and Physics as your strong tools." He praises endless curiosity, pushing me to build big solutions for the world. "Turn challenges into strength," he urges, eyes full of success. Inspired, I commit to this path with focus and passion.

Skand Vijay Singh

I found myself sitting quietly after a long day of classes, when I imagined meeting the person I will become. She stood before me with calm eyes and a confident smile, as if she had already crossed every obstacle I am still afraid of. When I asked her whether all the late nights of studying and moments of doubt were worth it, she gently assured me that each struggle shaped her strength. She told me that success did not arrive all at once; it grew slowly from discipline, patience, and the courage to keep learning even after failure. We spoke about the dreams I carry as a student the desire to improve, to understand deeply, and to make my teachers and parents proud. She reminded me that marks are important, but character matters more. Every chapter I revise, every mistake I correct, and every effort I make today builds her confidence tomorrow. Before fading away, she thanked me for not giving up on difficult subjects and encouraged me to trust my journey. I returned to the present feeling determined, knowing that my future is not something I wait for it is something I create through my dedication each day.

Ishita Gupta

I see myself growing stronger and wiser, chasing my passions and dreaming big. With hard work and courage, I'll smash my goals.

Every challenge teaches me something valuable. I'll stay true to my values and respect others. Confidence and determination guide my path.

I'll build a life that fills me with pride and joy.

Mauktik Singh,

It is a dialogue that bridges the gap between who you are and who you are becoming, reminding you that your present choices are the architects of that future person's reality.

Anavi

A life time of answers :

One silent night, I imagined meeting my future self. She stood before me strong, confident, and full of grace. There was a glow of success in her eyes.

With curiosity and hope, I asked, "Did we make our dreams come true?"

She smiled gently and replied, "Yes, but only because you chose courage over fear and hard work over excuses."

I hesitated and asked, "Were there failures?"

She nodded. "Many times. But each failure shaped you, each tear strengthened you, and each challenge prepared you for success."

I then asked her, "What is the secret to becoming you?"

She looked at me deeply and said, "Believe in yourself even when no one else does. Stay disciplined. Respect your journey. And never stop dreaming."

Before fading away, she said one last thing, "Your future is watching you. Make it proud."

That conversation changed me. I realized that the person I want to become depends on the actions I take today. And from that moment, I decided to work hard, stay determined, and build a future that shines with pride and purpose.

Divyanshi Yadav, VIII 'H'

One quiet evening, after finishing my homework, I imagined meeting my future self as a student who had already achieved her goals. She appeared confident and composed, carrying the grace of someone who had faced challenges without fear. I asked her if the stress of exams, the pressure to perform well, and the fear of failure ever truly disappeared. She smiled and explained that those feelings never fully vanish, but they become easier to handle when you learn from them instead of running away. She spoke about perseverance, saying that every hour spent studying with sincerity helped shape her success. She reminded me that improvement is not about competing with others, but about becoming better than who I was yesterday. According to her, discipline, self-belief, and patience were the three pillars that supported her journey. Before our conversation ended, she thanked me for choosing effort over excuses and for staying committed even on tiring days. As I listened carefully, I realized that my future self was not someone extraordinary by chance. She was simply the result of consistent hard work and wise choices made in the present.

She encouraged me to remain focused, to value knowledge more than marks, and to never doubt my potential as a learner. When she finally disappeared, I felt motivated and hopeful, understanding that the student I become tomorrow depends entirely on the dedication I show today.

Vaishnavi Gupta, VIII-H

Student : Who are you?

Future : I am your future, the result of your actions today.

Student : Will I be successful?

Future : That depends on you. Every hour you study, every distraction you avoid, shapes me.

Student : And if I fail?

Future : Learn and try again. Failure builds strength, not defeat.

Student : So I control you?

Future : Completely. Your discipline creates me. Your laziness weakens me.

Student : Then I'll choose hard work.

Future : And I'll become everything you dream of.

Uzair Khan, VIII-H

Children's Day at My School

Children's Day is one of the most exciting day in our school. We celebrate it every year on 14th November, the birthday of Pt. Jawaharlal Nehru. He loved children very much and, children lovingly called him Chacha Nehru. This day reminds us that children are special and important for the future of our country. On Children's Day, our school looks very beautiful. The stage is decorated with balloons, flowers and bright charts. There is a happy and joyful atmosphere everywhere. When we enter the school, our teachers welcome us with big smile. The celebration begins with a special morning assembly. Teachers sing songs, recite poems and give short speeches about the importance of Children's Day. It is very funny and surprising to see our teachers dancing and acting on stage. We clap loudly and enjoy every moment. After assembly, many fun games and competitions are organised. There are drawing competitions, singing competitions and storytelling activities. We also play outdoor games with our friends. Winners receive prizes and certificates, which makes us feel proud and happy. Sometimes the school distributes sweets and chocolates to all students. We share them with our friends and take many pictures together. It is a day full of laughter, joy and beautiful memories. Children's Day celebration at my school is always special. It makes us feel loved and cared for. I eagerly wait for this day every year because it fills my heart with happiness.

Arayna Chaturvedi, IV-B

Children's Day is celebrated on 14th November every year in India. It is the birthday of Pandit Jawaharlal Nehru, the first Prime Minister of India, who loved children very much. He was fondly called Chacha Nehru. In our school we celebrate it every year with fun and enjoy programs like games, songs etc. Teachers perform skits to make children happy and joyful and they also give sweets to us. The purpose of celebrating Children's Day is to remind everyone that children are the future of our nation. They need love, care and education to grow into good citizens. Children's Day is a day of happiness, but it also teaches us to protect and nurture every child. On this day, let's promise to support and guide every child to reach their dreams.

Ark Yadav, IV-B

Facts about Science

1. Earth is a magnet.
2. 50-70% of the world's oxygen is produced by the sea.
3. Animals use the magnetic field to know where they are.
4. There are more trees on the Earth than stars in the Milky Way galaxy.
5. Water can boil and freeze at the same time.
6. Some organisms cannot survive without oxygen.
7. It takes eight minutes for light to travel from the sun to earth.
8. Spacecraft are hurtling toward the edge of our solar system.

Agamyia Yadav, IV-B

Different but Respectful

In a world that admires loud voices, choosing dignity is an act of courage

The present world moves at a restless speed where people often rush to speak, react and compete. In such an atmosphere, respectful behavior is sometimes considered ordinary, yet it is one of the rarest qualities a person can possess. Being respectful does not mean agreeing with everyone. It means expressing through with maturity and treating others with fairness. A respectful individual listens patiently and responds wisely. This balance of confidence and courtesy makes a person stand out without creating conflict. In school life, respect builds a healthy environment. When students value each other's opinions, learning becomes smoother and relationships stronger. Teachers admire those students who remain disciplined not out of pressure, but out of understanding. Respect also shapes character. It teaches self-control, empathy and responsibility. While disrespect creates distance, respect builds trust and harmony. These qualities stay with a person long after school life ends. In the world full of noise and haste, choosing to be respectful is a different path - calm, grateful, and meaningful. Such a choice may not seek attention, but it always earns admiration.

Shagun Rai, VII-C

Every human being is unique. People differ from one another in many ways such as appearance, culture, language, thoughts, and beliefs. These differences make the world colorful and interesting. Being different does not mean being less. Therefore, we should learn to respect each other even when we are not the same. Respect means accepting others as they are. It teaches us to listen to different opinions without judging or insulting anyone. When we respect others, we show good manners and kindness. A respectful person understands that everyone has the right to think, speak, and live in their own way. In school, students come from different backgrounds. Some may be good at studies, while others may be talented in sports or arts. Instead of comparing or teasing one another, we should encourage and support each other. Respect creates a friendly and positive environment where everyone feels safe and confident. Being respectful also helps in building strong relationships. When we respect differences, we learn new ideas and become more open-minded. It reduces conflicts and promotes peace in society. A respectful attitude makes us better human beings. In conclusion, being different is natural, but being respectful is a choice. If we learn to accept and respect differences, we can live together happily. A world where people are different yet respectful is a world full of harmony and understanding.

Riddle Time

1. I am an odd number. Take away a letter and I become even. What am I?
2. What is always in front of you but it can never be seen?
3. The alphabet goes from A to Z, but I go Z to A. What am I?
4. I am a bird. I am a fruit and I am a person. What am I?
5. I run yet I have no legs. What am I?

Answers:

The number 7, the future, zebra, kiwi, nose

Himansh Tulswani, III-C

The Golden Spirit of Yellow House

Leadership is often described as the ability to translate vision into reality. As the Captain of the Yellow House, I see my role as more than just a title; it is a commitment to upholding a legacy of brilliance, discipline, and meaningful communication. In the spectrum of our school's house system, Yellow represents the sun—the source of energy, intellect, warmth, and optimism. It is our mission to ensure that this light touches every aspect of school life, from the classrooms to the sports field, and most important, in the way we communicate with one another.

One of the most significant and unique responsibilities entrusted to the Yellow House was acting as the custodian of the English language in our school campus. We firmly believed that language is the bridge to the world. By encouraging our peers to speak English, we were not merely following a school rule; we were building a culture of confidence and global readiness. As leaders of this initiative, Yellow House members strived to lead by example. We assisted those who struggled, encouraged those who were shy, and demonstrated that being articulate is a true superpower. Our goal was to make our campus a place where thoughts are shared eloquently and every student feels empowered to express themselves in a global tongue.

However, our excellence is not limited to words alone; it is equally reflected in our actions and discipline. The pinnacle of our success this academic year was our historic performance during the Republic Day celebrations on the 26th of January. The parade was a true test of nerves, synchronization, stamina, and unwavering focus. For weeks, the members of Yellow House practiced under the sun, refining every turn, every salute, and every step. On the day of the event, as we marched past the saluting base, there was a powerful and palpable sense of unity. Every foot struck the ground at the same millisecond, every arm swung with the same intensity.

When the announcement was made that Yellow House had won the 26th January Parade Trophy, it was a moment of pure triumph. That trophy is not just a piece of metal; it is a symbol of our golden spirit. It represents the sweat of our practice sessions, the discipline of a soldier and the unwavering focus of every student in our house. It proved that when we combine strict discipline with the heart of a united team, we become unstoppable.

We were determined to carry that same parade-ground discipline into our academic pursuits and language initiatives. We want to be known as the house that speaks the best, marches the best, supports one another the most, and stands tall in every challenge we face.

The Yellow House stands as a beacon of optimism and youthful energy. By embodying the qualities of sunshine and hope, its members are not just competitors but lifelong learners who value wisdom, self-reliance, and unity.

One Kind Act Can Change the World

Kindness is a good habit that makes people happy. A kind act may be small, but it can bring a big change in the world. When we are kind to others, we spread love and happiness around us. A kind act can be helping a friend with homework, sharing lunch with someone, or speaking politely to elders.

When one person does a kind act, others also feel inspired to do the same. In this way, kindness spreads from one person to another.

Slowly, it makes our school, society, and the whole world a better place. In today's busy life, people often forget to be kind. But if we all try to help others and care for them, the world will be a happier place. Therefore, we should always remember that a kind act can truly change the world.

Aarya Bhushan Singh, VI-C

In today's fast-paced world people often believe that only big actions can bring big changes. However, history and everyday life shows us that even a single kind act can change the world. Kindness does not always require money, power or fame. It only needs a caring heart and the willingness to help others.

A kind act can be as simple as smiling at a stranger, helping an elderly person to cross the road, or listening patiently to someone who feels lonely. These small gestures may look ordinary, but they have a deep impact. When someone receives kindness it give them hope and happiness. That person may then feel inspired to help someone else, creating chain in action of goodwill.

Kindness also has the power of heal the emotional pain. Many people silently deal with stress, fear or sadness. A kind word or supportive action can make them feel valued and understood. Sometimes, one moment of kindness can change a person's entire day or even their outlook on life.

Manasvi Verma, VI-C

The Mermaid in the Mountain Lake

Misty mountains shining bright,
Hidden lake glowing light,
Villagers feared silent night,

Mermaid sang in soft light.
Brave Arjun walked alone
Golden sunset brightly shone,
Silver scales sparkled bright
Eyes twinkled starry light.
Dark spell held tight,
Sad tears fell light,
Arjun sang with might,

Lake glowed warm light,
Waves danced in delight,
Curse broken with light,
Mermaid smiled so bright.
Morning mist took flight,
Morning mist took flight,
Sky welcomed new light
Kind hearts and bright stars
Love wins every fight.

Shanhvi Jaiswal, VII-C

Failure, My Best Teacher

Failure, it is not just a word, but also a silent teacher. My experience with failure is that, I had prepared for a school exam but unfortunately, I didn't do well. And this taught me a lesson. I worked on my weakness and studied smarter with hardwork. I improved my score in the next exam. And now, I believe that failure is not the end, it is just a part of our life. Every failure carries a lesson. Everyone sees that the person who failed is very weak but in reality atleast that person dared to try. Failure gives us pain but it also teaches us patience. Failure is not shameful but giving up is. So, never be scared from failure always respect it, learn from it and move forward with hope. At last I would just say' "Failure is a silent teacher."

Alishba Rahman, VI-B

In a world that celebrates success loudly, failure is often whispered about in shame. From a young age, we are taught to fear it, avoid it, and hide it. Yet, in my journey so far, I have learned that failure is not an enemy. Infact it is my best teacher. And one day you'll realize it's one of your best teacher too. Failure teaches lessons that success never can. When we succeed, we feel happy, but we rarely stop to question how or why. Failure, on the other hand, forces us to reflect. It makes us pause, rethink our choices, and understand our weaknesses. Each mistake becomes a mirror, showing us where we need to improve. Through failure, I learned that growth begins the moment comfort ends. In conclusion, failure is not the end of the road; it is a signpost pointing toward improvement. If we accept it with an open mind and a brave heart, failure becomes our greatest teacher. It may test us, but it also shapes us into stronger, wiser, and more confident individuals. Another important lesson failure teaches is resilience.

Falling down hurts, whether it is failing an exam, losing a competition, or not meeting our own expectations. But standing up again builds strength. Every time I failed and still chose to try again, I became mentally stronger. I learned patience, perseverance, and the courage to face challenges without giving up. Failure also humbles us. It reminds us that we are human and that perfection is an illusion. It teaches empathy—when we fail, we understand others better and become less judgmental. We learn to respect effort, not just results. This change in perspective is one of the most valuable lessons failure offers.

Most importantly, failure helps us discover ourselves. It shows us what truly matters, what we are capable of, and how determined we can be when things do not go our way. Many successful people failed countless times before achieving their goals, but they did not let failure define them—they let it guide them.

Riddhima Srivastava, VI-B

Failure is often considered something negative, but in my life, failure has been my best teacher. Every failure teaches me an important lesson that helps me grow and improve. When I fail, I understand my mistakes and try to correct them. Failure teaches me patience, hard work, and the importance of practice.

Failure also teaches me not to give up easily. It shows me that success does not come in one attempt and that determination is very important. Because of failure, I become more confident and brave. I learn how to face challenges and believe in myself.

In conclusion, failure is not the end but the beginning of learning. That is why I truly believe that failure is my best teacher.

Shaanvi Singh, VI-B

Failure - Our Teacher

Failure is often viewed as something to be fearful of, avoided, or hidden. At a young age, we are taught to celebrate success and achievement, while failure is associated with disappointment and shame. Failure is a fact of life. Failure is one of its most important teachers, not the opposite of success.

Failure is when our efforts do not yield the desired result. This can occur in academics, careers, relationships, or personal goals. While failure is painful, it forces us to reflect on our actions, our limitations, and where we can improve. Without failure, growth would be shallow and learning incomplete. Many important lessons in life are learned not in success, but in the worst of times.

The history of mankind is full of people who failed repeatedly before becoming great. Scientists, writers, entrepreneurs, and leaders had to endure rejection and setbacks before they could succeed. These failures did not define them but rather shaped their resilience and determination. Each failure brought them closer to understanding what works and what does not. Failure thus becomes a turning point, not a dead end.

Society puts too much pressure on people to succeed at all costs. This fear of failure can discourage people from taking risks or following their true interests. Failure must be accepted as a natural part of learning to change this mindset. Individuals can experiment, innovate, and grow without constant fear of failure.

Failure is not a weakness or incompetence. It is rather a powerful teacher that teaches us to learn, to improve, and to grow. Accepting failure as part of life and learning from it, we can transform failures into opportunities for growth. True success is not failing but being strong enough to rise every time we fall.

Devansh Tiwari, VI-B

We are conditioned from a young age to view failure as a stop sign—a scarlet letter that signals a lack of talent or effort. However, if we shift our perspective, we find that success is often a poor teacher, rewarding us for what we already know. Failure, by contrast, is a rigorous instructor that demands growth. It acts as a mirror, reflecting our blind spots and forced shortcuts with brutal clarity. While success might inflate the ego, failure builds the character necessary to sustain long-term achievement.

The primary lesson failure teaches is the art of objective analysis. When we succeed, we often attribute our success to our innate brilliance, overlooking the role of luck or timing. But when a project collapses, or a goal is missed, we are forced to "interrogate the data." We examine our methods, our timing, and our execution. This process of trial and error is the foundation of both the scientific method and personal evolution.

Being Responsible towards the Environment

The Earth, with its boundless beauty and life-sustaining resources, is a priceless inheritance entrusted to humanity. Yet, relentless industrial expansion, reckless consumption, and environmental neglect have pushed our planet to the brink of crisis. Being responsible towards the environment is no longer an abstract ideal; it is a moral obligation that defines our commitment to future generations.

Environmental responsibility begins with mindful living. Reducing carbon footprints, embracing renewable energy, conserving water, and curbing plastic dependence are powerful steps towards sustainability. Equally vital is the preservation of forests and wildlife, which serve as the lungs and lifelines of our planet. Small individual actions, when multiplied collectively, possess the power to restore ecological harmony.

True progress lies in coexistence with nature, not its exploitation. Through awareness, innovation, and collective action, humanity can nurture a greener, cleaner world. By protecting the environment today, we safeguard the promise of tomorrow and ensure that Earth continues to flourish in all its natural splendour.

Lakshit Mishra, VI-A

The environment is the precious gift of nature. It includes air, water, land, plants, animals and human beings. It supports life on Earth and provides us with everything we need to survive. However, due to pollution, deforestation, and careless use of natural resources, our environment is being harmed. Therefore, it is our duty to be responsible toward the environment.

Being environmentally responsible means using natural resources wisely and protecting nature for future generations. Simple actions like saving water, turning off lights when not in use and reducing the use of plastic can make a big difference. We should always follow the principle of Reduce, Reuse, and Recycle to minimize waste.

Planting trees is one of the best ways to protect the environment. Trees provide oxygen, improve air quality and support wildlife. We should avoid cutting trees unnecessarily and take part in plantation drives. Keeping our surroundings clean and not littering also helps maintain a healthy environment.

Every individual plays an important role in protecting nature. When we act responsibly, we help reduce pollution and conserve natural resources. Small steps taken by many people together can lead to big positive changes.

In conclusion, being responsible toward the environment is not a choice but a necessity. If we care for nature today, nature will care for us tomorrow. Let us promise to protect our environment and make Earth a clean, green and safe place to live.

Riddhima Singh, VI-A

Online Responsibilities

In today's digital age, the internet has become an important part of students' lives. We use it for online classes, social media, games, and finding information for our studies. While the internet provides many advantages and opportunities to learn and connect with others, it also brings responsibilities that we must follow. We need to use it wisely, stay safe, protect our privacy, and behave respectfully toward others in the online world.

- Rudransh** : I think we need to be really careful online—responsibility means thinking before we post anything.
- Prakhar** : Exactly! We have to avoid sharing personal info or spreading rumors. That's a key part of online responsibility.
- Yash** : I disagree. Sometimes sharing is fine, as long as it's positive. Why overthink it?
- Arnav** : No, Yash, it's not just about positivity. Once something is out there, it can affect your future. We have to be accountable.
- Mayank** : Right! Online responsibility is about being respectful, truthful, and safe—protecting ourselves and others.
- Ashutosh** : And it's important because once we establish trust online, it helps us build a better community.
- Vibhu Kant** : Exactly, without responsibility, misinformation spreads, and that can harm everyone.
- Ethesham** : I also think we should educate younger students early, so they grow up mindful of their actions.
- Ismail** : Absolutely. Online responsibility is like a digital code of ethics—every action counts.
- Nandish** : I agree, and the key features are respect, privacy, and verifying information.
- Akshita** : Let's all commit to sharing responsibly—no shortcuts, no careless mistakes.
- Sharika** : Exactly, and if we see something harmful, we should call it out or ask for help.
- Pihoo** : So, I guess the bottom line is—responsibility online is just like in real life. It's about trust and accountability.
- Ruhanika** : Yes! Let's be the generation that sets the right example.
- Divyanshi** : And let's end by reminding ourselves—every click matters.

In conclusion, the internet is a powerful tool that can shape our future. It depends on us how we use it. If we act responsibly, respect others, protect our personal information, and think carefully before posting, we can enjoy all its benefits without facing harm. Let us promise to be smart, safe, and responsible digital citizens and make the online world positive for everyone.

Rudransh Yadav, Prakhar Sonkar, Yash Agarhari, Arnav Jaiswal, Mayank Jaiswal, Ashutosh S. Yadav, Vibhukant Yadav, Ethesham Khan, Ismail Ahmed, Nandish Kr. Gupta, Akshita Singh, Sharika Pandey, Pihoo Nirala, Ruhanika

—VI-H

What Is My Responsibility ?

At first I thought my only real responsibilities were doing my homework, cleaning my room and waking up early. But after sitting down at the dinner table and talking to my parents, I realized that responsibility is actually a much bigger deal than I thought.

My parents explained that responsibility starts with being honest and disciplined in our daily life. It is not only about finishing tasks but also about doing the right thing even when no one is watching. They also told me that being responsible means learning from our mistakes and trying to improve ourselves every day. That conversation made me realize that responsibility is connected to our character.

My first responsibility is towards myself. I should wake up on time, complete my homework, study regularly, and take care of my health. My parents always tell me that if I am responsible for myself, I can achieve my goals in life. I should also develop good habits like speaking politely, being disciplined, and staying positive. My family always tells me that if I am responsible for myself, I can become confident and independent in the future.

I also have responsibilities towards my family. I should respect my parents and elders and listen to their advice. Helping at home, taking care of my younger siblings, and behaving politely are small actions, but they show responsibility. My parents believe that a responsible child brings pride and happiness to the family.

My responsibility towards school is another important part of my life. I should follow school rules; I must complete my homework on time. Discipline and honesty help in becoming a good student and a better human being. I must respect my teachers and behave well with my classmates. I should always speak the truth and never cheat in exams. My teachers say that discipline, honesty, and hard work are the keys to success.

Finally, I have responsibilities towards society and the environment. I should keep my surroundings clean, save water and electricity, and respect public property. Being kind to others and helping people in need are also part of my responsibility.

In conclusion, responsibility is not limited to homework and household work. It is about our actions, values, and behavior towards others. After talking with my family, I now understand that being responsible helps us grow into good citizens and better human beings.

Mohd Ismail Raza, V-A

My responsibility means the duties that I should do as a good person and a good citizen. Everyone has responsibilities in life. I also have many responsibilities at home, school, and in society. My first responsibility is towards my family. I should respect my parents and elders and listen to them carefully. I should help my parents in small household works and behave politely with everyone. My responsibility as a student is to study well and complete my homework on time. I should obey my teachers and follow the rules of my school. I should be honest, disciplined, and kind to my classmates. I also have responsibility towards my society and country. I should keep my surroundings clean and not throw garbage on roads. I should save water, electricity, and protect trees and animals. By being responsible and honest, I can become a good citizen and help build my country better.

Pihu Jaiswal, V-A

My Responsibility in the Digital Age

Today we live in a world where one click can connect us to the entire world. Mobile phones, computers, and the internet help us learn new things, talk to friends, and explore knowledge. This modern age is called the digital age. But with great technology comes great responsibility.

Using digital devices wisely is our first duty. Technology should help us grow smarter, not lazy. We should balance screen time with reading, playing, and spending time with family. Too much use of gadgets can harm our eyes, mind, and health.

Being safe online is also important. We must protect our personal information and never share passwords or private details with anyone. Talking to strangers online can be dangerous, so we should always be alert and take guidance from elders.

Good behaviour in the digital world shows our true character. Words written online stay forever, so we must think before we post anything on social media. We should not spread fake news, hurt others with comments, or misuse social media. Kindness and honesty should guide our digital actions.

Following digital rules is another responsibility. Downloading illegal content or copying others' work is wrong. Respecting digital laws teaches us discipline and honesty.

In the end, the digital world is like a powerful tool. If used correctly, it builds a bright future; if misused, it can cause harm.

Use technology as a helper, not as a master-because responsible clicks create a better future.

Shivansh Dubey, V-H

- **Protect Your Privacy:** Never share your full name, address, school name, or phone number with people you don't know online. Use strong passwords and keep them secret.
- **Be Kind:** Always treat others with respect, whether online or in person. If you see someone being bullied, report it to a trusted adult. Remember, words can hurt, even on a screen.
- **Think Before You Click:** Not everything you see online is real. Don't believe everything you read or see. Ask a teacher or parent if you are unsure.
- **Use Technology Wisely:** Spend time studying and learning, not just playing games. Take breaks and engage in other activities, such as reading or playing outside.
- **Ask for Help:** If something online makes you uncomfortable or confused, talk to an adult you trust.

Divyakshi Pandey, V-H

Facts about India

- There are 22 recognized languages and 844 dialects spoken in India.
- India was one of the richest countries on earth until the British invasion in the early 17th century.
- India contributed greatly to the modern number system and the concept of zero was developed in India.
- India is the 7th largest country in the world, the largest democracy and one of the oldest civilizations.
- India likely has the most number of mosques. It has 300,000 mosques (not precise).

Advik Singh, IV-B

A Joyful Celebration of Christmas at Our School

Christmas is a festival that brings happiness, hope and togetherness. It reminds us of the values of love, kindness and sharing. Every year, this beautiful festival fills our hearts with joy and our surroundings with cheer. At our school, Christmas is not celebrated for just one day, but as a special time where students and teachers come together to spread happiness.

As December began, the school campus slowly turned bright and lively. Classrooms and corridors were decorated with stars, bells, lights, and handmade decorations prepared by students. The festive spirit could be felt everywhere, and the excitement among students was clearly visible.

Students of different classes actively participated in various Christmas activities. The junior students showed great creativity by making Christmas cards, Santa caps, wreaths, and colourful decorations. Their enthusiasm and imagination made the celebrations even more special.

Music and performances played an important role during the celebrations. Carol singing filled the school with melodious tunes and positive energy. The students sang with great devotion and joy, spreading the true message of Christmas through music.

One of the most awaited events was the Nativity Play, where students beautifully presented the story of the birth of Jesus Christ. The dedication, expressions, and confidence of the performers made the play meaningful and touching. It helped everyone understand the true significance of Christmas.

The celebrations concluded with a grand Christmas function where students showcased their talents through songs, dances, and skits. The programme was enjoyed by all and left behind beautiful memories.

Christmas celebrations at our school were truly joyful and meaningful. They taught students the importance of love, unity, and helping others. Such celebrations strengthen the bond between students and teachers and make school life more memorable.

Tr. Anjana Pradhan, Tr. Avantika Yadav

Christmas : Joy of Giving

I celebrated Christmas with my family. We decorated the Christmas tree with colourful lights and shining stars. We wore beautiful clothes and cut a tasty cake. Everyone was happy and smiling. We shared sweets and gifts with each other. We sang songs and enjoyed the whole together. Christmas teaches us to love, share, and help others. It was a very joyful and memorable day for me.

Eloise Chauhan, II-B

Respect for Every Worker

**A time to say
thank you!**

Labour Day is a special day to honour workers and their hard work. It's a time to thank for all they do for us. I decided to show my gratitude by making cards and giving them to our helpers. We often forget to say thank you to the people who make our life easier.

Rudransh Agrahari, II-B

Celebrating the Light of wisdom & Humanity -Guru Nanak Dev Ji

Gurupurab is the sacred festival celebrating the birth of Guru Nanak Dev Ji, the founder of Sikhism. On this day, I visit Gurudwara with my family and bow my head before Guru Granth Shahib Ji. I listen to hymns, do seva and share langar with everyone. This special day reminds me to follow

the teachings of Guru Nanak Dev ji by being kind, honest and helpful to others.

Jugat Kaur, II-H

Mother's Day

"God could not be everywhere, so He made mothers." This shows how important a mother is in our life. I love my mother very much and always try to make her happy. On Mother's Day, I made a beautiful card for my mother with love. I help my mother in the kitchen by bringing things and washing utensils. Whenever my mother gets sick or feels tired, I take care of her and help her rest. I listen to my mother's advice and try to follow it every day. I study well and behave nicely so my mother feels proud of me. I love my mother very much and always respects her.

My House, School, Environment - My Responsibility

A clean and healthy life begins with a clean environment. My house, my school, and the environment around me are very important parts of my life. Taking care of them is not only the duty of elders or authorities but also my personal responsibility as a responsible citizen. My house is the first place where I learn good habits. I keep my room clean, arrange my books properly, and help my parents in household work. I make sure not to waste water or electricity. A clean house keeps us healthy and creates a peaceful and happy atmosphere for everyone.

Sharanya Shree, VII-D

School is a place where curiosity and thoughts are shaped, nurturing dreams and character within young hearts. It is a barrier between discipline and cooperation to RESPONSIBILITY and kindness, guiding students toward moral strength and humanity. Every action of throwing waste in bins, helping a classmate or being honest strengthens the spirit of education and RESPONSIBILITY. Indeed, "Responsibility is not given, its taken". Let us all take a pledge of being a percent more efficient and RESPONSIBLE in our lives. Remember, bookish knowledge is handy but behavior shines from within.

Sidafa Rahman, VII-D

Environment means everything around us such as air, water, trees, plants, animals and people. A clean and healthy environment is very important for our life. It gives us fresh air to breathe and clean water to drink. Without a good environment, we cannot live happily.

It is my responsibility to take care of my environment. I should not throw garbage on roads or in water bodies. I must save water, electricity and avoid wasting natural resources. Planting trees and reducing the use of plastic can help in protecting nature. Small steps taken by each person can make a big difference.

In conclusion, my house, my school, and my environment are closely connected and equally important in my life. If each of us performs our responsibilities sincerely and honestly today, we can build a cleaner, greener, and healthier world tomorrow. Keeping our surroundings clean, respecting rules, and protecting nature are small duties that create a big impact. Small efforts made by every individual can bring great changes for future generations and help create a peaceful and beautiful world for all.

Zaquia Zubair, VII-D

A telephone!

Agrima Choudhury, IV-C

Students Today, Leaders Tomorrow

Students are the foundation of a nation's future. The lessons they learn, the values they build, and the responsibilities they take today shape the leaders of tomorrow. Every great leader was once a student who dared to dream, worked hard to learn, and acted with determination.

In today's fast-changing world, students are not just learners but innovators, problem-solvers, and future change-makers. With access to technology, global knowledge, and new ideas, students are better prepared than ever to understand real-world challenges such as climate change, social inequality, and technological advancement. The thoughts and actions of young minds today will decide the direction of tomorrow's world.

The classroom is the first training ground for leadership. Here, students learn discipline, time management, responsibility, and teamwork. Balancing studies with sports, debates, cultural activities, community service, and group projects teaches students how to cooperate, communicate, and make decisions—skills every leader needs. Every group project is a lesson in teamwork, and every challenge on the playground builds resilience.

Leadership does not begin with power or position; it begins with attitude and character. A student who helps a classmate, stands up for what is right, or takes initiative is already showing leadership qualities. True leadership grows through honesty, empathy, discipline, and a willingness to learn from mistakes.

Education plays a powerful role in shaping leaders. A student does not learn only from books but also from experiences, failures, and responsibilities. Schools encourage students to think critically, express freely, and act responsibly, preparing them to lead with wisdom and courage. Teachers and parents support this growth by guiding, encouraging, and setting strong examples.

History shows that leaders are shaped early. Dr. A.P.J. Abdul Kalam came from a simple background but grew into one of India's greatest President and also a scientist through dedication and discipline. Sachin Tendulkar's commitment and practice made him a legend in cricket. Malala Yousafzai's courage turned her into a global voice for education, and Neeraj Chopra's hard work brought India Olympic glory. All of them were once students, just like us.

True leadership is also about compassion. Tomorrow's leaders must care about others, respect diversity, and work for the common good. Leadership is not about ruling people but serving them, inspiring change, and bringing positive impact to society.

In conclusion, students today are truly the leaders of tomorrow. By nurturing knowledge, values, responsibility, and leadership skills from a young age, we ensure a brighter, stronger, and more responsible future for our nation and the world.

‘छात्र आज के युग के वे बीज हैं, जो कल के विशाल वृक्ष बनेंगे।’

My Duties- At School and Home

School is a place where we learn, grow and build our future. It is our responsibility to follow certain duties to make our school a better place for everyone.

- ♦ We should come to school regularly and always be punctual.
- ♦ We must respect our teachers and follow their instructions.
- ♦ We should complete our classwork and homework honestly and on time.
- ♦ We should maintain discipline and good behavior inside the school.
- ♦ We should keep our classroom and school surroundings clean.
- ♦ We must listen carefully in class and participate actively in learning.
- ♦ We should be kind, polite, and helpful to our classmates.
- ♦ We must take care of school property and never damage it.
- ♦ We should follow all school rules and safety instructions sincerely.
- ♦ We must work hard, stay honest and bring a good name to our school.

Lavanya Gupta, III-H

I love my school and feel proud to be a student there. I always try to follow my duties sincerely to become a good student.

- ♦ We must obey and respect our teachers.
- ♦ We must maintain discipline in the classroom.
- ♦ We must follow all the regulations and class rules.
- ♦ We must attend our class regularly and complete our homework.
- ♦ We must pay attention to the teacher during lessons.
- ♦ We must always come prepared with books and notebooks for class.

Shreyansh Singh Patel, III-H

I love my house and my family very much. I always try to be a responsible and helpful child at home.

- ♦ I respect my parents and grandparents.
- ♦ I keep my room neat and clean and arrange my books and toys properly.
- ♦ I follow a daily routine and complete my homework on time.
- ♦ I speak politely with everyone and use kind words like please, sorry, and thank you.
- ♦ I take care of my personal hygiene by brushing my teeth and keeping myself clean.
- " I take care of my younger siblings and share my things with them.

In this way I help make my home a happy and peaceful place.

Yatharth Pratap Singh, III-H

I am a responsible child and I know that duties make us good and caring human beings. At home, I try my best to help my family and follow good habits every day.

- ♦ I start my day by making my bed clean and tidy.
- ♦ I help my parents in small household works happily.
- ♦ I respect my parents and elders and listen to them carefully.
- ♦ I save water by closing the tap after use.
- ♦ I switch off lights and fans when they are not needed.

Prakriti Jaiswal, III-H

Brave and Bold : Stories Untold

In the shadows of history and everyday life lie countless acts of courage that rarely make headlines. These unsung heroes-ordinary people facing extraordinary challenges-remind us that true bravery often emerges quietly, driven by compassion, duty, or sheer determination. Their untold stories inspire us to recognize the bold spirit in humanity.

The Chernobyl Divers

In 1986, beneath the exploding Chernobyl reactor, radioactive water threatened a massive steam explosion. Three men-Alexei Ananenko, Valeri Bezpalov and Boris Baranov-volunteered to dive into the flooded basement in basic scuba gear. They swam through darkness to open valves and drained the water, averting a catastrophe that could have devastated Europe. All later died from radiation poisoning, but their selfless act saved millions-an ultimate sacrifice of courage.

This overlooked story prove that bravery isn't always loud: it's bold actions against fear, forever changing lives.

Abiha Abbas, VII-A

Bold and brave people are those who give up their life or show courage for someone or something . Each one of us should be brave and bold. I am going to talk about some brave soldiers of our nation . Here are some military soldiers who gave up their life for our peace by defending the nation during Operation Sindoor.

During Operation Sindoor launched after the Pahalgam terror attack on April 22 , 2025 , several Indian soldiers displayed exceptional courage in defending the nation. Subedar Major Pawan Kumar led his unit with remarkable bravery during intense enemy drone and missile activity, ensuring the safety of his comrades even as he sustained fatal injuries . Havaldar Sunil Kumar Singh, despite being wounded, continued surveillance and counter – drone action preventing enemy damage to Indian positions. lance Naik Dinesh Kumar fearlessly supplied ammunition under heavy fire , enabling frontline troops to hold their ground until the very end . Their supreme sacrifice and fearless dedication during operation sindoor stand as a powerful reminder of the silent courage with which Indian soldiers protect the nation.

There are many more soldiers who gave up their life for our peace .They didn't care about their life and stood as a wall of protection. Many people lost their father, son, brother and their friend . Their family also showed great courage. Let us all pay a great tribute to all our soldiers who protect, are protecting and will always protect our nation.

Ishita, VII-A

True heroism often thrives in silence, away from medals and cameras. History frequently focuses on generals and kings, yet the most profound acts of bravery are often performed by ordinary people who choose courage over comfort when the world isn't watching.

One such story is that of James Harrison also known as the 'Man with the Golden Arm'. After surviving a major surgery at age 14, he made a bold decision to donate blood for life. For over 60 years, he donated his blood every two weeks. Doctors discovered his blood contained a rare antibody used to create a life-saving medication for Rhesus disease, saving 2.4 million babies by the time he passed away in early 2025. His quiet bravery inspires us to make a difference without seeking fame.

Akshita Gupta, VII-A

Dashrath Manjhi : The Mountain Man

Dashrath Manjhi was a poor labourer from Gehlaur village in Bihar. His life changed when his wife died because the nearest hospital was far away and there was no proper road. Instead of accepting his fate, Dashrath Manjhi decided to fight it. With only a hammer and chisel, he spent 22 years cutting a path through a huge mountain. People laughed at him and called him mad, but he never stopped. His hard work created a road that reduced the distance to the hospital by many kilometres. Dashrath Manjhi proved that true bravery is not shown in moments of anger, but in years of patience, determination, and selfless effort for others.

Asit Ranjan, VII-A

Rising Strong After Every Fall

'Every setback leads to comeback either if it is a great failure.'

A fall can manifest in countless ways—a professional disappointment, a personal loss, or a failure to meet our own success. Embrace the challenges and know our strengths. From our first stumbling steps as toddlers to the complex challenges of adulthood, falling is a universal experience. Failure is an inevitable component of growth. A fall often shatters our illusions of control and force us to confront reality. The inspirational power of this journey let's see that there are many hurdles in a race of success.

Aditi Yadav, VII-B

Life is an unpredictable journey, and no one is immune to its inevitable tumbles. But it's in those moments of falling, of failure and frustration, that the true essence of strength reveals itself. Rising strong is not about never stumbling, but about how we gather the pieces of ourselves after each setback. It's about acknowledging the pain, facing the fear, and choosing to stand again, even when the weight of the world feels too much to bear. With every fall, we are gifted a lesson, a chance to grow stronger, more resilient, and more prepared for the battles ahead. The key lies not in avoiding the falls but in learning how to rise from them—embracing the scars they leave behind as reminders of our tenacity. Every time we rise, we become more than we were before, not because we didn't fall, but because we refused to stay down. The art of resilience is not in the perfection of our journey, but in the courage to rise, again and again, until we find ourselves standing taller than we ever thought possible.

Adya Singh, VII-B

Gandhi Jayanti

The morning wakes in gentle light,
As truth begins to rise.
The second day of October comes,
With calm and open eyes.
No crown of gold, no sword of steel,
No angry voice or cry.
Yet one soft path of honesty,
Taught millions how to try.
When hate grew loud and fear stood,

He chose the quieter way.
With non-violence as his strength,
He turned the night to day.
Gandhi Jayanti tells us this,
It is not history, it's a responsibility.
Each truthful step, each peaceful choice,
Shows his path lives on.

Drishya Pandey, VIII-C

An Experience that Gave Meaning to My Art

Being honoured with an award for my drawing on the theme of eye donation was a profoundly enriching and unforgettable experience for me. This recognition was not only a moment of personal pride but also an opportunity to reflect deeply on the true purpose of art and its ability to influence society in a positive way.

When I began working on the drawing, I initially saw it as a creative challenge. However, as I researched and reflected on the subject of eye donation, my understanding gradually deepened. I learned that eye donation has the remarkable power to restore vision and transform the lives of individuals who are visually impaired. The realization that a simple, selfless act can bring light, hope, and independence to another human being moved me deeply. It made me aware of how compassion and awareness can extend beyond one's lifetime and continue to create meaningful impact.

Throughout the process of creating the artwork, I felt a strong sense of responsibility to present the message with clarity, sensitivity, and emotional depth. I wanted my drawing to speak not only through visual elements but also through the values it represented—kindness, humanity, and selfless service. This experience helped me understand that art is more than an expression of personal talent; it is a powerful medium for communication, capable of educating, inspiring, and awakening social consciousness.

Receiving the award was a moment of immense gratitude and fulfilment. It validated my effort and encouraged me to believe in the potential of my abilities. More importantly, it strengthened my motivation to use my creative skills for meaningful social causes. The appreciation I received reminded me that young individuals have an important role to play in spreading awareness and shaping a more compassionate society.

This experience has left a lasting impression on me. It has taught me that true success lies not only in recognition but in the positive influence one can create through sincere effort. I hope to continue using art as a tool to raise awareness, inspire empathy, and contribute, in my own way, to the well-being of society.

Medhansh Srivastava, VII-C

Seeing through the Heart : My Visit to Nav Vani and Jeevan Jyoti

Some journeys are not measured by distance, but by the change they leave within us. What began as a simple visit quietly turned into one of the most meaningful experiences of my life.

NavVani School

I discovered how silence can speak louder than words. Children who could neither hear nor speak welcomed us with bright smiles and open hearts. They patiently taught us sign language and worked beside us in the craft room with confidence and joy. There was no trace of complaint on their faces only peace, acceptance and a surprising happiness. At that moment, a question echoed within me: Are we truly grateful for all that we have?

Jeevan Jyoti School

At Jeevan Jyoti, we were greeted with a soulful welcome song that touched our hearts. Then Sister explained something so simple, yet so powerful: "We cannot keep our eyes closed even for a minute... yet they live like this every single day and still smile." Her words stayed with me. We saw students were reading Braille with their fingers, solving mathematics using the Taylor's Frame, reciting poems and interacting with us so confidently that it was hard to believe. that they could not see

There was no fear in them, no hesitation-only courage, talent, and contentment. My friend and I looked at each other and silently questioned ourselves: Are we really as strong as we think?

We often assume they deserve our sympathy, but the truth is far deeper - they are not made for empathy, they are made for self-respect. So talented, so dignified, and so deserving, that at times it felt as if we were the ones who needed their empathy.

Behind these confident smiles stood the tireless efforts of the teachers and staff, who nurtured these children with patience, care, and dedication. Before leaving, we bought soaps and candles made by the students-small handmade items that carried a big message of self-reliance and resilience. This visit did not just open my eyes; it changed the way I see life. Everyone has problems - but it is our choice whether we turn them into our strength or allow them to become our weakness.

A heartfelt thanks to Sister Jamila for giving us this unforgettable and eye-opening experience that will remain with us forever.

Vartika Singh, VIII C

Embracing Our Mosaic

In our school's diverse halls, the word "respect" often comes up in assemblies or posters. But as we move through 2026, it is worth asking: what does it truly mean to be respectful in a world where everyone is different?

Diversity is Our Strength

Diversity at our school isn't just about different skin colors or where our families come from; it includes our unique learning styles, our personal interests, the languages we speak at home and our varied beliefs. When we embrace these differences, our school becomes a "colorful mosaic" where every individual piece contributes to a more beautiful whole. Research shows that learning in a diverse environment actually makes us smarter and more creative by exposing us to new ways of solving problems.

Practicing Respect Daily

Respect isn't just about following rules; it's about recognizing the inherent worth of every person you pass in the corridor. Here are practical ways we can all practice respect this year:

Active Listening : When someone shares a different opinion, try to listen with genuine interest rather than just waiting for your turn to speak. Use phrases like, "I hear your point of view, and this is my experience..."

Inclusive Language : Small changes in how we talk can make a big difference. Using "everyone" instead of "guys" or referring to people by their preferred names instead of labels helps everyone feel they belong.

Challenging Assumptions : We all have biases. This year, let's commit to "debunking stereotypes" by judging others on their character rather than their background.

Being an ally: If you see someone being excluded or teased for being "different", don't be a silent observer. Speaking up or telling a trusted teacher can turn our school into a safer space for everyone.

Anshumita Mishra, VII-C

My Experience as a Blue House Captain

In 2018, I joined this institution in class 1 and over the past eight meaningful years, this school has become my second home. What began with empty hands now ends with a heart full of memories, strong values and dreams shaped by learning and experience.

Being appointed as the Blue House Captain remains one of the proudest moments of my school life. This role taught me valuable values such as leadership, discipline, responsibility, teamwork and perseverance. What initially felt like a new responsibility soon became a powerful learning experience. "Leadership is not about a title, but about the impact you create", I discovered confidence, patience and the importance of leading by example.

I express my sincere gratitude to our respected Principal, my teachers and the entire institution for being the guiding light of our journey. The lessons you have taught us - both academic and moral will continue to guide us in every step of life.

As I move forward to the next chapter, I carry with me unforgettable memories, lifelong lessons, and aspirations for the future. The moments spent within these walls will always remain close to my heart. My experience of these eight years cannot be measured in words - it will forever be a treasured part of who I am.

Paridhi Verma, VIII-A

Respect - The First Step Towards Peace

When we hear the word peace, many of us picture the end of a war: silent battlefields, weapons put down, leaders signing papers. We imagine peace as something that arrives when noise stops. But peace isn't just the absence of conflict. It's the presence of understanding.

True peace does not begin when weapons fall. It begins much earlier; in the way one human being looks at another. That beginning has a simple name: respect.

Respect doesn't mean agreement, praise or approval. It simply means choosing to see another person as fully human, even when they think differently, act differently, or stand on the opposite side. Most conflicts, whether between nations or individuals, don't start with hatred. They start when someone refuses to acknowledge the worth of the other person. When respect disappears, even ordinary words become sharp, and silence starts to feel heavy.

We can see this clearly in everyday life. A disagreement in a classroom. A cruel comment online. An argument at home. None of these begin with violence. They begin when someone feels ignored, unheard, or reduced to something less than who they really are. Peace does not break because people speak; it breaks because they stop listening. Respect is that moment where we pause and choose to listen, even when we are angry or hurt.

Peace, therefore, isn't weakness. It's demanding. It asks us to control our pride before trying to control others. It asks us to understand before we judge. This kind of peace may feel slow and fragile, but it's the only kind that lasts. Just like calm water, it only reflects clearly only when it cools down.

Peace can't exist where there's undesirable, hatred, discrimination or intolerance. Respect teaches us to listen to others and understand their point of view. When people respect one another, they solve problems through discussion and not through fighting or force. This reduces conflicts and brings peace in families.

Respect lowers voices, softens borders, and reminds us that every person carries struggles we can't see.

If peace is to grow, it will not begin with grand speeches or treaties, but in small moments, when we choose to see the human being before the difference.

A Journey of Learning & Leadership : Blue House Captain

Leadership is not about authority alone; it is about responsibility, teamwork, and setting an example. As the House Captain of Blue House, it has been a matter of great pride and honour to lead a house known for discipline, unity, and determination. Throughout the academic year, our house worked tirelessly to uphold the school's values and bring glory through consistent effort and cooperation.

Under my leadership, Blue House actively participated in all academic, cultural, and sports activities organised by the school. In academics, house members showed dedication and excellence by performing well in quizzes, debates, spell-bees, and subject-based competitions. Regular guidance, peer support, and encouragement helped students gain confidence and improve their performance.

In the field of sports, Blue House demonstrated true sportsmanship. Discipline during practice sessions, respect for rules, and teamwork were strongly emphasised. Even in moments of defeat, our house members showed resilience and a positive spirit.

As House Captain, my key responsibilities included maintaining discipline, motivating students, coordinating with house teachers, and ensuring smooth execution of duties during assemblies, events, and competition. Special emphasis was placed on punctuality, cleanliness, and respectful behaviour.

The success of Blue House would not have been possible without the constant support of our house teachers, school authorities, and enthusiastic house members. Their cooperation and dedication transformed challenges into achievements. Our House in-charges played a key role in inspiring the students and guiding them towards their future.

One of our major achievements of the year was the Republic Day Parade where we stood at the IInd place due to our tireless efforts and dedication. The parade showcased a combination of discipline and coordination which made our parade extremely energetic and inspirational.

In conclusion, this year has been a journey of learning, leadership, and teamwork for Blue House. We stood together, worked together, and grew together. I am confident that the values we have practised will continue to guide us toward greater success in the future.

Shaswat Pandey, VIII B

Amazing Facts about Science

- ♦ Why do we cry while cutting onions?
Ans. Due to sulfur compounds that form irritants.
- ♦ Why is cow's milk pale in colour?
Ans. Due to the presence of carotenoids like beta carotene.
- ♦ Which bacteria are present in curd?
Ans. Lactobacillus
- ♦ Which bacteria help in fermentation and which bacteria spoil food?
Ans. Lactobacillus helps in fermentation. and Bacillus, Clostridium and Pseudomonas spoil food.
- ♦ What causes the smell in garlic?
Ans. Allicin, a sulfur containing compound.

Nitya Srivastava, III-H

A Small Word with Big Power

A small word is 'YES'
But its meaning is very big
A small word,
Just three quiet letters,
Soft on the tongue,
Light as a feather.
Yet it opens doors
Where doubt once stood,
Turns "I wish"
Into "I could."
It builds a bridge
Across fear's sea,
Unlocks the cage
And sets dreams free.
It lifts the heart,
It fuels the start,
It plants a spark
Inside the dark.
A whispered "yes"
Can change your way,
Can turn someday
Into today.
So never doubt
Its gentle power-
The world can shift
Because of "Yes."

Akshaj Jaiswal, III D

Three tiny words, not big or tall,
But they are my favourites of all.
They hop, they skip, they smile so wide,
They walk with me on every side.

When I need help, I do not shout,
I say 'Please' and work things out.
Please is polite, gentle and neat,
It makes my asking kind and sweet.

If I spill water, break a toy,
I say 'Sorry', oh boy, oh boy!
Sorry fixes hearts that feel blue,
It makes things happy, fresh and new.

When someone helps or shares their pen,
I say 'Thank You' again and again.

Thank You sparkles like a star,
It shows how grateful people are.

These magic words are fun and small,
Yet they are strong-stronger than all.

Lakshya Rai, III D

Amazing Facts

1. Venus is the only planet to spin clockwise.
2. Human teeth are the only part of the body that can't heal themselves.
3. The smallest bone in the human body is the stapes, located in the ear.
4. Octopuses have three hearts and blue blood.
5. India has the largest postal network with about 1.5 lakh post offices.
6. You can't see your ears without mirror.
7. Light from the Sun takes 8 minutes 20 seconds to reach Earth.
8. Skin is the body's largest organ and can make up about 15% of a person's total weight.
9. Cutting onions releases sulfur compounds that form a mild acid in our eyes, causing tears.
10. Giraffes' tongues can grow up to 20 inches long.

Saina Binu Varghese, III-C

Mother's Advice

One evening, while I was playing with my younger sister, my mother called me to sit beside her. She asked me about my day at school. I told her everything but did not tell her that I had not finished my homework. Somehow, she already knew.

She smiled and said that responsibility does not come with age but with understanding. She explained that being responsible means doing our work on time. She shared examples from her daily life, like taking care of the house and family even when she feels tired.

I admitted that I sometimes feel lazy and avoid my work. She did not scold me. She said everyone feels that way, but responsible people learn to control themselves and do their work. Her words made me think deeply. From that day, I decided to be more sincere and responsible in my studies.

Khadija Zaidi, III B

One evening, after I returned from school, my mother sat with me and talked about the importance of being responsible. She asked me how my day was and whether I had completed my homework. I felt a little shy and told her that I delayed my work. My mother smiled gently and said that being responsible is an important habit that helps us become good and successful people. She explained that responsibility starts with small things like waking up on time, finishing our homework and listening to our teachers. My mother also told me that when we are responsible, people trust us more and we feel proud of ourselves. She shared how she manages her daily work at home and outside by planning everything on time. At the end of our talk, I promised my mother that I would be responsible from then on in my studies and in my daily life.

Blessy David, III-B

Good Manners

Aarav: Wow! You helped me pick up my books.
Shivi: Yes, you dropped them.
Aarav: Thank you so much!
Shivi: You're welcome.
Aarav: I pushed you by mistake, Sorry.
Shivi: It's okay. Thank you for saying sorry.
Aarav: My teacher says good manners are magic words.
Shivi: Yes! They make everyone happy.
Aarav: I will always use magic words.
Shivi: Me too!

So, friends! We should use these magic words like sorry, please and thank you as they make us good people and make our lives better.

Aadvik Agrawal, II-D

One sunny afternoon, Aman and Vibhu were sitting on a bench during recess. Aman was munching on an apple, while Vibhu was reading a book. Suddenly, Aman realized he had forgotten his water bottle in the classroom.

Aman: "Vibhu! Give me your water bottle! I'm thirsty."
Vibhu: "Oh! Aman, that wasn't very polite. You should ask nicely."
Aman: "What do you mean?"
Vibhu: "Well, my mom says that good manners are like magic keys. They open doors and make people feel happy. Instead of demanding, you should use a 'Magic Word'."
Aman: "Oh, I see. Let me try again. Vibhu, may I please have some water?"
Vibhu: "Of course, Aman! Here you go."
Aman: "Thank you, Vibhu!"

We should always use polite words like "Please" and "Thank you".

Atharva Pandey, II D

My Experience as the Eco-Friendly Head

Being entrusted with the role of Eco-Friendly Club Head was an opportunity to understand the importance of environmental responsibility. This position encouraged me to become more aware of how individual actions affect nature and the surroundings we live in.

The role helped me realise that eco-friendliness begins with awareness and intention. I learned that leadership is about understanding the responsibility that comes with representing a cause.

As the Eco-Friendly Head, I became more conscious of everyday habits such as maintaining cleanliness, avoiding wastage of resources, and encouraging others to follow simple eco-friendly practices. Even small reminders and personal efforts helped me understand that meaningful change often starts with small, consistent actions.

This role also helped me grow personally. It taught me discipline, responsibility, and the importance of leading by example. Being associated with an environmental initiative made me more thoughtful in my daily choices and more respectful towards nature.

Overall, my experience as the Eco-Friendly Club Head was a learning journey rather than a showcase of achievements. It strengthened my sense of responsibility and helped me realise that protecting the environment does not always require grand efforts. Awareness, sincerity, and everyday actions together form the foundation of true eco-friendly leadership.

Dhruvraj Singh, VIII-C

Why Should We Keep Our Classroom Clean?

Clean classroom is more than just a matter of appearance - It is a key factor in creating a productive, healthy and respectful learning environment. When a classroom is clean, students feel more comfortable, focused and motivated to learn. It also helps build good habits that students can carry with them throughout their lives.

Thus, we can see that clean classroom is essential for health, focus, discipline and overall learning success. By working together to maintain a clean classroom, we create a space where anyone can thrive, learn and feel proud to belong.

Sharvil Srivastava, II-C

- ♦ Keeping our classroom clean is very important. A clean classroom helps us stay healthy and focused.
- ♦ A clean classroom also shows respect for our school and teachers.
- ♦ When we keep our classroom tidy, it makes a good impression on visitors.
- ♦ Let's keep our classroom clean and make it happy place to learn.

Inaaya Ansari, II-C

Respect Makes Everyone Happy

Respect is a good habit that makes everyone happy.

When we respect others, we feel valued and loved. When we respect elders, teachers and friends, peace and happiness grow around us. Respect helps us avoid fights and misunderstandings. It builds trust and strengthens friendship. Respect improves relationships at home, at school and in society. It also helps us understand each other better.

"Respect is a small word with a great power to make hearts smile."

Adrika Gupta, III-C

We should respect our elders, parents and teachers. Respecting everyone can enhance our reputation. Respect makes people happy and comfortable. Respect is important in our life.

Respect shows how good child we are. We must be polite and kind. We should listen to them and try to understand their feelings. If someone helps us we must say "Thank You" to them, and if we have done something wrong we must say "Sorry". Respecting others is a good habit.

Respect makes a beautiful world. Respect brings happiness to us and everyone around us. It is a part of our life. Respecting is important as studying and playing. If we respect others, others will respect us. We must be a good person in school, at home and everywhere. Let us always be polite, and make this world a beautiful place.

Jiyanshi Kant, III-C

Sharing and Caring with Friends

Sharing and caring with friends means showing kindness, empathy and support by giving what you have to others, building stronger bonds, making them feel special and fostering generosity and selflessness, ultimately creating happiness and deeper connection not just with physical items but also experiences and emotions.

Vamika Srivastava, III-A

Friendship is a beautiful bond built on sharing and caring. When we share our things, time and feelings, it strengthens our connection. Caring means being there for each other during tough times.

These two values teach us kindness and selflessness, making our friendship last a lifetime and make our hearts happier.

Aahana Chaubey, III-A

Answers: 1- an envelope 2- in a dictionary 3- place it in front of the mirror
4- a table 5- breath

Aashvik Srivastava, III-A

Small Bags, Big Duties

When a child starts going to school, his duties begin. A small bag is given to the child and responsibilities start from there. Now he has to go to bed early and wake up early in the morning. After completing daily activities, he gets ready for school. At school, he wishes his teachers, does not talk in the class, remains attentive, listens instructions of the teachers, follows rules and studies properly. After coming home, he eats his lunch and then takes a nap and completes his homework. Then he plays for a limited time. After finishing the games, he takes dinner and goes to sleep.

This process is repeated every day.

Before getting the school bag, he was a free child. But when he gets a bag, his big duties begin!

Sanchit Kumar Rai, III-C

In today's modern education system, the idea of "Small Bags, Big Duties" carries a deep and meaningful message. It tells us that even if students carry light school bags, they still carry great responsibilities on their young shoulders.

Students have many responsibilities towards their school, teachers, parents, and society. They must follow rules, respect elders, help classmates, and study sincerely. They should also learn good values like kindness, teamwork, and honesty. These duties shape a student's character and future.

"Small Bags, Big Duties" also teaches us that responsibility does not depend on age or appearance. Even small actions like keeping the classroom clean, completing homework on time, and being polite make a big difference.

In conclusion, while our school bags may be small and light, our duties are big and meaningful. By understanding and fulfilling our responsibilities, we become better students and better citizens of tomorrow.

Ananya Keshari, III-C

Fun Facts

- ♦ Elephants use their trunks like hands.
- ♦ Octopuses have three hearts.
- ♦ Banyan trees can live for hundreds of years.
- ♦ The Taj Mahal changes colour slightly during sunrise and sunset.
- ♦ A rainbow has seven colors and appears after rain.
- ♦ Giraffes use their long necks to eat leaves from tall trees.
- ♦ Snow is white because it reflects sunlight.
- ♦ Dolphins are very smart and communicate using sounds.
- ♦ The Moon appears to change its shape but is always round.
- ♦ Apples can float in water because they have air inside.

Amina Faisal Khan, III-H

Facts

The Blue Secret

Have you ever wondered why Lord Vishnu, Lord Rama, and Lord Krishna are often shown with blue skin?

Blue is the colour of the vast sky and the deep ocean. It represents something that has no limits and is infinite, just like their power and love.

A Village Without Doors:

In the village of Shani Shingnapur in Maharashtra, the houses have no doors or locks. The people believe the god Shani protects them from any theft.

Smelling with Feet:

Butterflies don't have noses like us; they taste with their feet to find out if a leaf is a good place to lay eggs.

The Diamond Rain:

On Saturn and Jupiter, it literally rains diamonds! The atmospheric pressure is so high it turns carbon into crystals.

The Immortal Jellyfish:

There is a species called *Turritopsis dohrnii* that can hit the "reset button." When it gets old or sick, it transforms back into a baby and starts its life all over again.

Ansh Singh, V-B

Riddles

1. I am full of holes but strong as steel. What I am?
2. I have cities, mountains, and water but no houses, trees, or fish. What I am?
3. I speak without mouth and hear without, I have no body but I came alive with the wind. What I am?
4. I am light as a feather, but the strongest person can't hold me for more than few minutes. What I am?
5. I am tall when young and short when old. What I am?

7. They are born in different time zones
8. Are you asleep yet?
9. Carpet
10. Heroic

Arav Chaubey, IV-B

Respecting the Difference Within Society

Society is made up of people who differ in culture, religion, language, gender, abilities, and opinions. These differences make society vibrant and meaningful. Respecting these differences is essential for peaceful living and social harmony. When people accept one another without judgment, trust and understanding grow naturally.

Respect also means treating everyone equally, regardless of their background or identity. Discrimination and intolerance create division, while respect creates unity. When children learn to respect differences from an early age, they grow into responsible and open-minded citizens. Respecting differences does not require agreement with everyone. It requires listening, understanding, and responding peacefully. By valuing differences, society becomes more inclusive, compassionate, and strong.

Tanmay Gupta, V-D

Respecting individual diversity is essential for creating a more inclusive and harmonious society. Here are some reasons why respecting individual diversity is important. When individuals are respected for their differences, they are more likely to feel included and valued in society. When diverse individuals work together, they can create new ways of thinking, problem-solving, and innovating.

When individuals are exposed to different cultures, experiences, and perspectives, they are more likely to learn and grow as individuals. When individuals learn to respect and appreciate diversity, they are less likely to hold prejudices and discriminate against others.

Nityam Arora, V-D

Dreams

Dreams are whispers of the soul,
A glimpse of what yet to unfold,
A canvas of imagination where
Dreams are endless creation.

With every dream a spark ignited
A fire that burns a passion that exit
It's the fuel that drives us day and night,
To chase our hearts and make things right.

Some are big, others just small,
You have got to choose,
Can't have them all.

Sakshi Tiwari, VII-D

Self-Empathy

The hardest critic often lives
within the quiet of your mind,
quick to judge the things you give,
and rarely seeing you as unkind.

But turn the lens and soften now,
to treat your heart like a dear friend,
to hold the space, to smooth the brow,
and let the need for perfect end.

You are a work of light and grit,
deserving of the grace you show.
Sit with the hurt a little bit,
then let the heavy shadows go.

Harshil Shekhar, VIII-C

Our Commitment to Child Safety : POCSO

From Awareness to Action

Through the Safety Workbook under Project CACA (Children Against Child Abuse), aligned with POCSO guidelines, our students are sensitised to important aspects of personal safety and moral values.

What Our Students Are Learning

- ♦ Understanding that their body belongs to them.
- ♦ Recognising personal boundaries and respecting others' boundaries.
- ♦ Identifying safe and unsafe touch.
- ♦ Recognising uncomfortable or unsafe situations.
- ♦ Expressing feelings and concerns confidently.
- ♦ Learning to be assertive and say "No" when required.
- ♦ Seeking help from trusted adults in their Safety Circle.
- ♦ Developing life skills like confidence, awareness, and decision-making.
- ♦ Practising moral values such as respect, responsibility, empathy, courage, and dignity.

How the School Ensures Child Safety

- ♦ Child Protection and POCSO guidelines are strictly followed.
- ♦ Teachers and staff are trained in child safety awareness and response.
- ♦ Regular classroom sessions reinforce personal safety education.
- ♦ A safe, respectful, and supportive environment is ensured for all students.
- ♦ Our administration, teachers and counsellor are open, approachable, and available for students to share their concerns without fear and hesitation.

How Parents Can Support This Learning

- ♦ Be approachable, attentive, and observant in daily life.
- ♦ Notice small changes in behaviour, mood, or emotions.
- ♦ Create a non-judgmental space where children feel free to share.
- ♦ Listen calmly and take every concern seriously.
- ♦ Guide children to be cautious and avoid blind trust in strangers or unfamiliar situations.
- ♦ Reinforce the safety messages taught at school.

Important Helplines & Support

☎ Child Helpline (24/7): 1098

✉ POCSO e-Box (NCPCR): pocsoebox-ncpcr@gov.in

Our Shared Responsibility

Together school, parents, and students - we can move from awareness to action and ensure every child grows up in a safe, caring, and protective environment.

Tr. Annie Kavitha Joseph

Respect the Rule, Be Cool

Rules are made to keep society safe, fair and well organised. They guide us in our daily life and help us understand what is right and what is wrong. A person who follows rules shows discipline and responsibility.

Respecting rules does not mean losing freedom. In fact, rules protect our freedom and the rights of others. Following traffic rules, school rules and social rules helps create a peaceful and safe environment for everyone.

Many people think breaking rules is cool but real coolness is shown by good behaviour and self-control. A real cool person respects rules and sets a positive example for others.

Vaishnavi Raj Kamal, IV-H

"The driver on the highway is safe not when he reads the signs, but when he obeys them"

- Aiden Tozer

It's only the understanding of the rules: A known repetition, a path frequented and knowledge known that help us to remain anchored in a planet that's constantly moving.

If earth went on an adventurous trip breaking rules, we might find ourselves perched atop a planet with no air and water.

This is where rules confirm routine and routine anchors us in our definite roles and duties. Even the mighty nature follows them diligently, we have seen the wrath of nature when we try to break or deviate from the nature of law.

Rules ensures coordination, ease and safety for everyone involved. In other words, it brings in an order, in an otherwise chaotic world, adhering to the rules keeps all of us safe and protected, leading to the sense of growth and well-being. History has numerous examples to prove to us that an unsafe environment is a growth less environment, generations come and go with no actual progress or development. To ensure, we have a lively environment, which can propel us towards safety and development, following rules is a necessity.

Breaking rules is the new disrespect and following rules is the NEW COOL

Karuneeya K Saha, IV-H

Riddles

1. What has to be broken before you can use it.
2. What is full of holes but still holds water?
3. What is always in front of you but can not be seen?

Aarav Gupta, IV-A

Good Habits Make a Great Student

Student life is a crucial stage in anyone's life, this is the time when students have an opportunity to learn important lessons of life under the guidance of their teachers at school. This opportunity is one of the most precious gifts bestowed by God. However, to truly benefit from this gift, it is essential for students to cultivate good habits so that they not only establish their identity as a student but also become known as a great student in their school and society. There are some good habits that contribute to making any student a great student are given below.

- ♦ Begin with a structured daily routine. Waking up early provides quiet time for planning and initial study, setting a productive tone.
- ♦ Dedicate fixed hours to learning.
- ♦ Take detailed notes during classes, reviewing them promptly to reinforce understanding.
- ♦ Practice active learning: summarize notes, ask questions in class, and teach concepts to others for deeper understanding.
- ♦ Use planners or schedules to allocate slots for each subject, homework, and revision, avoiding last minute rushes that lead to stress and errors.
- ♦ Prioritize health basics: eat nutritious meals, stay hydrated, and ensure 7-8 hours of sleep.
- ♦ Cultivate a growth mindset through reflection.

Ruchir, IV-D

A student's life is full of learning, challenges, and opportunities. To become successful, it is not enough to just study hard. What truly makes a student great are good habits. These habits shape character, improve learning, and build confidence.

1. **Regular Study**

Studying every day, even for a short time, is better than rushing at the last moment. Regular study helps students understand lessons deeply and remember them for longer.

2. **Time Management**

A great student knows how to use time wisely. Making a timetable and following it prevents stress and keeps studies, play, and rest balanced.

3. **Neat Work**

Writing neatly and keeping notebooks organized shows discipline. It also makes revision easier and leaves a good impression on teachers.

4. **Asking Questions**

Curiosity is a powerful habit. A student who asks questions learns more and develops understanding.

5. **Healthy Lifestyle**

Eating healthy food, sleeping on time, and exercising regularly keep the mind fresh and the body strong. A healthy student can focus better in class.

6. **Respect and Kindness**

Respecting teachers, classmates, and family builds good relationships. Kindness makes a student not only great in studies but also great in life.

Good habits are like seeds. When planted in student life, they grow into success, wisdom, and happiness. A student with good habits becomes not only a topper in exams but also a role model in society.

Ayana Khan, IV-D

Losing A Game, Winning A Lesson

Everyone loves to win a game. Winning makes us feel happy and proud. But losing a game is also a very important part of life. Sometimes, when we lose a game, we learn a lesson that helps us become better.

Once, I participated in a school sports competition. I practiced a lot and thought I would surely win. But during the game, I made some mistakes and so I lost. At first, I felt sad and disappointed. I wanted to cry and stop playing. However, my teacher told me that losing is not failure; it is a chance to learn.

I thought about my mistakes and realized where I went wrong. I understood that I needed more practice and better focus. Instead of giving up, I decided to work harder. In the next competition, I played with confidence and improved my performance.

Losing a game teaches us patience, honesty, and teamwork. It helps us understand that success does not come easily. Every loss makes us stronger and smarter. Winners learn from success, but champions learn from failures.

So, we should never be afraid of losing. When we lose a game, we actually learn a valuable lesson that helps us succeed in life.

Moral : " Losing a game is not the end; it is the beginning of learning"

" Failure is not the opposite of success; it is a part of success."

Aryan Gupta, IV-C

Games make us happy, and everyone likes to win. But sometimes we lose a game, and that can make us feel sad. Losing a game is not always bad because it teaches us important lessons. When I lost a game once, I felt disappointed at first, but later I understood my mistakes. I learned that I needed more practice and better team work. Losing a game teaches us patience, honesty, and sportsmanship. It helps us learn how to accept defeat and try again with a smile. A lost game makes us stronger and more careful next time. So, losing a game is not failure; it is a chance to learn and become better.

Krinjal Singh, IV-C

Amazing Facts

1. Elephant can recognize themselves in mirror.
2. Butterflies taste food with their feet,
3. Our nose can remember over 50,000 different smells.
4. The Sahara desert can get colder than ice at night.
5. Paper money was first used in China.
6. Chess was invented in India.
7. Patterns are found everywhere in nature.
8. New words are added to dictionaries every year.

Sanvi Srivastava, III-B

Resilience

As you walk down the street without giving up, hold your head high and swing your elbows. People will notice your confidence and determination and you will inspire others around you. Never give up. Keep trying and pushing forward and you will find your path. Even when I face difficulties, I stay strong and believe in myself. I know that hard work and patience will help me achieve my goal.

Akshit Raghav, III D

I am a confident and hardworking child. Whenever I face a problem, I tell myself, "I do not give up." These words give me strength to keep trying.

Sometimes my lessons are difficult, or I lose a game. I may feel sad, but I practice more, ask for help, and learn from my mistakes. Each time I try again, I become smarter and stronger.

At school, I listen carefully and complete my work. At home, I help my parents and learn new things. I know that success comes with patience and effort. I believe in myself and always remember one **important rule**: I do not give up!

Ummul Zaviya, III-D

There was a little boy, named Krishna. He had a big dream of building majestic sandcastles on the beach. One day, he built a magnificent tower near the sea. The waves of the sea crashed, destroyed the tower. Krishna's eyes filled with tears, but he refused to give up. He said "I will build it again". He gathered sand and started again. Another wave washed it away. Krishna did not give up. He tried again and again. Each time, he built something new and bigger. Finally his castle stood tall the wave retreated and Krishna smile and said, "I won't give up"!

Swara Singh, III-A

Some Interesting Facts

1. There is a planet made of diamonds (called 55 Cancri e).
2. Water can exist in three states at the same time (solid, liquid, gas) - called the triple point.
3. The speed of a sneeze can reach 160 km per hour.
4. Plants can communicate with each other using chemical signals through their roots and air.
5. Some metals can explode in water (like sodium and potassium).
6. The human body has about 37 trillion cells
7. A cockroach can survive for one week without its head for several days.
8. Sound travels four times faster in water than in air.
9. DNA from a single person can stretch from Earth to the Sun and back more than 600 times. (not exact)

Manikya Singh, IV-B

Resilient Personalities - My Inspiration

Resilient personalities are those who remain strong and determined even in most difficult situation. They face challenges with courage and do not give-up easily. True resilience is not in born only but can be developed through positive thinking and building supportive relationships and practicing mind fullness and self care.

One of my biggest inspiration is Dr. A.P.J. Abdul Kalam, born into a humble family, he face a many struggles but achieved his goal through hard work and determination, enhancing academic and occupational performance thus coping with his strength.

Thus a resilient personality plays a crucial role in maintaining psychological health and enables individual to face life challenges with strength and flexibility and perseverance.

" Resilience is about never failing but about rising stronger every time."

Arush Tiwari, V-C

Resilient personalities are those who remain strong and hopeful even during difficult times. They face problems with courage and never give up. One such resilient personality who inspires me the most is His Holiness - The Dalai Lama.

The Dalai Lama became a spiritual leader at a very young age. Due to difficult circumstances, he had to leave his homeland, Tibet, and live away from his country. Even after facing such hardships, he remained calm and peaceful.

Instead of spreading anger, the Dalai Lama chose the path of kindness, forgiveness, and non-violence. He teaches that inner peace is more powerful than hatred. His words, "Be kind whenever possible. It is always possible," inspire people all over the world.

The life of the Dalai Lama teaches me that true resilience means staying positive and compassionate in hard times. He is my inspiration because he shows how strength and kindness can go together.

Athak Gupta, V-C

Riddles

1. I'm not alive, but I grow, I don't have lungs, but I need air, I die if water touches me What am I?
2. I have keys but no locks, I Have space but no room, You can enter but can't go outside What am I?
3. I fly without wings, I cry without eyes What am I?
4. Sleeps during the day, Cries at night the more it cries The more it dies ?

Bishop's Day

Bishop's day was celebrated on 24th August 2025 with great joy and enthusiasm. The day was organised to honor and remember the contribution of our respected Bishop who has been a guiding light and an inspiration to all the students.

The morning began with a final football match between St. John's school BLW and Azamgarh won by St. John's school BLW. The program was organised in an auditorium of St. John's school BLW where the Principals, headmistress and teachers of various schools of Diocese came to witness the celebration.

The choir sang beautiful hymns, filling the atmosphere with peace and positivity. This was followed by a speech by the Principal St. John's BLW, who spoke about Bishop's life, his values and his dedication towards education and service.

Many cultural programs were organised by the students. The performances were appreciated by everyone present. Bishop addressed the gathering and awarded the winner and the runner up team. Bishop told students and encouraged them to work hard, be kind and always follow the right path.

The celebration ended with a vote of thanks. It was truly a memorable and inspiring day for all of us. It taught us important values and filled our hearts with motivation.

A Walk Down Memory Lane Alumni Meet 2025

As I stepped into the Alumni Meet in May 2025, I was greeted with a warm welcome and a thoughtful memento from the school, instantly making me feel valued and connected. The event began with a beautifully prepared presentation highlighting St. Mary's journey since its Foundation Day — a proud reminder of the strong legacy and values the institution continues to uphold.

The cultural performances by students were vibrant and heart-touching, showcasing talent, discipline, and the true spirit of the school. The blessings and words of encouragement from the Sisters and teachers added a deeply emotional dimension, reinforcing the timeless bond between mentors and learners.

Listening to alumni from different batches share their love for the school, their life experiences, and nostalgic memories of the school building, canteen, and past events created an atmosphere filled with warmth, laughter, and gratitude. Every conversation felt like reconnecting with a cherished chapter of life.

The Alumni Meet was not just a gathering — it was a heartfelt homecoming, beautifully organised and emotionally enriching, reminding us that once a Maryite, always a Maryite.

Winning Memories

On October 11, 2025, the stage at Sadhana Kala Kendra, Varanasi, witnessed a whirlwind of energy, synchronization, and pure passion. I had the incredible privilege of participating in a group dance competition that tested our teamwork and celebrated our shared love for the art. It was a day where every rehearsal and every drop of sweat finally transformed into a moment of pure magic.

While solo dancing is about personal expression, group dancing is about becoming one single heartbeat. As we took our positions on the stage, the atmosphere was electric. We weren't just individuals anymore; we were a synchronized force. The chemistry between us was palpable, and as the music began, we moved with a precision that only comes from deep friendship and hours of practice.

The competition was intense, featuring some of the best talent in Varanasi. However, our group brought a unique energy that captured the audience's attention from the very first beat. Everyone in the hall—from the judges to the spectators—seemed to lean in as we performed. The cheers from the crowd fuelled our spirits, making us jump higher and turn faster. It was more than a dance; it was a story we were telling together.

The highlight of the evening was the moment of the results. When it was announced that our group had secured the Second Rank, the joy was overwhelming! Holding that trophy felt like a dream come true. This prize was a testament to our dedication and the "passion" that drives us to excel.

Participating in such a high-level competition at Sadhana Kala Kendra was a learning experience like no other. It taught me that when passion meets teamwork, the results are always beautiful. I am so proud of my group, and I am grateful for the opportunity to represent our talent on such a prestigious platform.

This victory has only made my love for dance grow stronger. We didn't just win a trophy; we won memories that we will last lifetime!

काशी-तमिल संगम : विद्यार्थियों के यादगार अनुभव

दिसम्बर 2025 के पहले सप्ताह से लेकर 15 दिसम्बर 2025 तक काशी में आयोजित “काशी-तमिल संगम” एक ऐसा कार्यक्रम था, जिसने हमारी संस्कृति और भाषा के प्रति हमारी समझ को और भी गहरा बना दिया। इसी संगम के दौरान तमिलनाडु की एक शिक्षिका हमारे विद्यालय, सेंट मेरीज कॉन्वेंट जूनियर हाई स्कूल, वाराणसी आई और उन्होंने हमारे कक्षा आठ के विद्यार्थियों को इस भाषा द्वारा सांस्कृतिक महत्ता से परिचित कराया। हमारे विद्यार्थियों की तमिल भाषा सीखने की उत्सुकता को देखकर हमें बड़ी प्रसन्नता होती थी। अतः मैंने उनके इस अनुभव को स्कूल पत्रिका का अंश बना दिया। आइए जानते हैं क्या कहते हैं हमारे विद्यार्थी...

मैं अपने हैडमिस्ट्रेस का आभार प्रकट करना चाहता हूँ कि उन्होंने यह सौभाग्य कक्षा आठ के विद्यार्थियों को दिया जिससे इन्हें कुछ नया एवं बेहतर जानने को मिला।

पहले-पहले जब हमें तमिल करालम के लिए गए तब हमारी तमिल अध्यापिका ने हमें अभिवादन देते हुए कहा कि वणाक्म अर्थात् स्वागत है। हम लोग बैठे पहले तो उन्होंने हमें सबसे शुरुआत से सिखाना प्रारम्भ किया।

जब भी हम तमिल शब्द या उच्चारण में त्रुटियाँ करते तो वो हमें विनम्रतापूर्वक समझाती एवं सुधारती। जब भी हम हताश या निराश होते वह अपने मधुर बोल से हमारी निराशा दूर करती। उनके स्वर जैसे मलहम की तरह काम करते थे।

तमिल करालम के अंतर्गत हमें तमिल सीखने के लिए किताबें एवं रंग बिरंगे चार्ट दिए जाते। जिससे हमें तमिल सीखने में और मदद तथा सहायता मिलती।

कुवर वेदान्त

यह अभियान भारत सरकार ने 'काशी-तमिल संगम' के तहत चलाया है, जिसका उद्देश्य तमिल सीखना था।

यह कार्यक्रम हमारे स्कूल में भी चलाया गया था, जिससे बच्चों ने तमिल सीखने और दूसरी भाषाओं के बारे में जानकारी प्राप्त की। मैंने भी बड़े उत्साह के साथ तमिल सीखने में भाग लिया और अपने सहपाठियों को भी बताया।

तमिल सीखने के लिए जब भी हम लोग जाते थे, तो हमें एक अलग ही अनुभव होता था। हालाँकि, अधिकांश चीजें हमारे सिर के ऊपर से ही निकल जाती थीं, तब भी हममें से कोई बोर नहीं होता था। हमें यह काफ़ी अच्छा लगा कि हमारे विद्यालय में ऐसी चीजें होती रहती हैं।

मेरे ख्याल से तमिल सीखने से जो भाषा की दीवार दिखाई देती है, जो उत्तर और दक्षिण भारत के बीच है, वह खत्म हो जानी चाहिए। भारत का विभाजन भाषाओं के आधार पर नहीं होना चाहिए। भाषा हमारी संस्कृति को और मजबूत बनाता है।

सुधांशु पाण्डेय

यह अनुभव हमारे लिए बहुत खास था, क्योंकि हमारे स्कूल में पहली बार किसी अन्य राज्य की भाषा को इस तरह से पढ़ाया गया। हमारी शिक्षिका बहुत ही दयालु और विनम्र स्वभाव की थीं। वे हमेशा मुस्कुराकर हमें पढ़ाती और हर छात्र की मदद करने के लिए तैयार रहती थीं। कक्षा में वे बोर्ड पर अलग-अलग तमिल अक्षर और शब्द लिखतीं और हमें उन्हें पहचानने तथा समझाने में मदद करतीं। उन्होंने हमें यह भी सिखाया कि तमिल भाषा में अक्षरों का उच्चारण किस प्रकार किया जाता है। अक्षरों को समझने के लिए वे चार्ट्स का उपयोग करतीं, जिनमें महत्वपूर्ण शब्द और उनके अर्थ स्पष्ट रूप से दिखते थे। इन चार्ट्स की मदद से पढ़ाई अधिक रोचक और सरल हो गई। शिक्षिका समय-समय पर मौखिक परीक्षा लेतीं और हमें अंक देतीं, ताकि यह सुनिश्चित किया जा सके कि हम विषय में रुचि विकसित कर रहे हैं और सही तरीके से सीख रहे हैं। यह तरीका हमारे लिए बहुत प्रेरणादायक था, क्योंकि हमें यह महसूस हुआ कि भाषा सीखना सिर्फ एक विषय नहीं, बल्कि एक नई संस्कृति से जुड़ने का तरीका है।

अंत में, हम अपने स्कूल और काशी-तमिल संगम के आयोजकों के साथ-साथ उस शिक्षक को धन्यवाद देते हैं, जिन्होंने हमें यह सुंदर अनुभव दिया। हमें उम्मीद है कि भविष्य में भी ऐसे कार्यक्रम होंगे, जो हमें विभिन्न क्षेत्रों की भाषाओं और संस्कृतियों से जोड़ते रहें।

अर्नव तिवारी

काशी तमिल संगम मेरे लिए एक अनोखा और यादगार अनुभव रहा। यह कार्यक्रम (काशी भारत की दो प्राचीन संस्कृतियों काशी और तमिलनाडु के बीच सांस्कृतिक, शैक्षिक और भावनात्मक सम्बन्ध को मजबूत करने के उद्देश्य से आयोजित किया गया था। एक छात्र के रूप में इसमें भाग लेना मेरे लिए गर्व और सीख से भरा अनुभव था।

एक विद्यार्थी के रूप में इस कार्यक्रम / अनुभव के माध्यम से मुझे नज़दीक से भाषा समझने का अवसर मिला। प्रारम्भ में तमिल भाषा मुझे कठिन लगी, लेकिन नियमित अभ्यास और शिक्षकों के मार्गदर्शन से यह धीरे-धीरे रोचक बन गई। तमिल सीखने के दौरान मैंने तमिल के अक्षर, उच्चारण और सरल वाक्यों का प्रयोग करना सीखा। साथ ही तमिल साहित्य, लोककथाओं और त्योहारों के बारे में जानकारी मिली। इससे मुझे यह समझ आया कि भाषा केवल बोलने का माध्यम नहीं होती, बल्कि वह एक समाज की सोच, इतिहास और संस्कृति को भी दर्शाती है।

इस अनुभव ने मुझमें अनुशासन, धैर्य और नई भाषा सीखने का आत्मविश्वास पैदा किया। तमिल संगम ने मेरी ज्ञान-सीमा को बढ़ाया और भारत की भाषाई विविधता के प्रति सम्मान सिखाया।

एक विद्यार्थी के रूप में यह अनुभव मेरे लिए अत्यन्त प्रेरणादायक और उपयोगी रहा।

आराध्या जायसवाल

यह हम सभी के लिए एक नया और रोचक अनुभव था। शिक्षिका ने हमें पढ़ने और अभ्यास करने के लिए कुछ कुछ किताबें भी दीं। इन किताबों में सरल शब्द और चित्र थे, जो सीखने में बहुत मददगार रहे। उन्होंने हमें बिना झिझक बोलने के लिए प्रोत्साहित किया और गलती होने पर प्यार से सुधार किया।

कक्षा का सबसे रोचक भाग छोटे-छोटे संवाद सीखना था। उन्होंने हमें अभिवादन करना, नाम पूछना और साधारण वाक्य बोलना सिखाया। हमने अपने दोस्तों के साथ अभ्यास किया और नई भाषा में बोलना बहुत अच्छा लगा।

स्वर्णा झा

काशी तमिल संगम में आयोजित तमिल कक्षाएँ मेरे लिए एक बहुत ही यादगार और ज्ञानवर्धक अनुभव रहा। इन कक्षाओं के माध्यम से मुझे तमिल भाषा की मूलभूत समझ के साथ-साथ उसकी समृद्ध संस्कृति, परम्पराओं और साहित्य से भी परिचित होने का अवसर मिला।

इन कक्षाओं में उत्तर और दक्षिण भारत की सांस्कृतिक एकता को भी गहराई से महसूस किया जा सकता था। तमिल भाषा सीखते समय काशी की आध्यात्मिक वातावरण में अध्ययन करना एक अनोखा अनुभव था। कुल मिलाकर, काशी तमिल संगम की तमिल कक्षाएँ न केवल शैक्षणिक रूप से उपयोगी रहीं, बल्कि उन्होंने मेरे मन में भाषाई और सांस्कृतिक समरसता के प्रति सम्मान और रुचि भी बढ़ाई।

शाश्वत पाण्डेय

हमारे विद्यालय में तमिल की कक्षा आयोजित हुई, जिसमें हम सभी कक्षा-8 के विद्यार्थी सम्मिलित हुए।

तमिल की कक्षा में हमें भाषा और संस्कृति के बारे में सीखने का अवसर प्राप्त हुआ। शिक्षिका ने बहुत सरल तरीके से पढ़ाया, जिसे सभी विद्यार्थी सरल तरीके से और ध्यानपूर्वक सुन रहे थे। तमिल जैसी प्राचीन भाषा के अध्ययन से ज्ञान की वृद्धि होती है। यह भाषा देश के बारे में जानकारी और एकता का संदेश देती है। हमने वहाँ जन्मदिन का गीत सुना और तमिल की एक प्रसिद्ध गीत भी गाई।

सभी विद्यार्थी अपनी-अपनी बेंच पर बैठकर ध्यान से पढ़ाई करते थे। शिक्षिका बोर्ड पर तमिल विषय समझा रही थी। कक्षा का वातावरण शांत था। और कुछ नया सीखने का भाव सबके अन्दर भरा था।

तीन दिन तमिल की कक्षा में बहुत नई चीजें सीखने का मौका मिला, मुझे साथ में कुछ तमिल की किताबें प्राप्त हुई। इस पुस्तक को पढ़कर मुझे बहुत अच्छा लगा।

नित्या राय

वाराणसी में सरकार द्वारा आयोजित 15 दिनों की तमिल कक्षाएँ अत्यन्त उपयोगी और ज्ञानवर्धक रही। इस अल्प अवधि में विद्यार्थियों ने न केवल तमिल भाषा की मूल बातें सीखी, बल्कि विभिन्न भाषाओं के महत्व को भी समझा। इस पहल ने छात्रों के ज्ञान में वृद्धि की और उन्हें भारत की भाषाओं से जागरूक किया। ऐसे प्रयासों से भाषाओं की विविधता के प्रति सम्मान और जिज्ञासा बढ़ती है। यह अनुभव इतना प्रेरक रहा कि भविष्य में तमिल सीखने का कोई भी अवसर हम नहीं छोड़ेंगे। ऐसी कक्षाएँ भाषा सीखने के साथ-साथ सांस्कृतिक समझ और आपसी सम्मान को भी सशक्त करती है।

अराध्या गिरी

भाषाएँ केवल संवाद का माध्यम नहीं, बल्कि संस्कृति और पहचान की आत्मा होती हैं। हम छात्रों का मानना है कि किसी नई भाषा को सीखना हमारे विचारों को और व्यापक बनाता है इसी उद्देश्य से वाराणसी में तमिल भाषा की कक्षाओं का आयोजन किया गया। इस कार्यक्रम का मुख्य लक्ष्य छात्रों को तमिल भाषा से परिचित कराना था। इन कक्षाओं के माध्यम से तमिल भाषा के महत्व और उसकी समृद्ध परम्परा के बारे में बताया गया। हमने तमिल के कुछ मूल शब्द और उनके अर्थ सीखे। कक्षाएँ ज्ञानवर्धक और रोचक थीं। इस पहल ने हमें भारत की भाषाई विविधता का सम्मान करना सिखाया। यह अनुभव हमारे लिए वास्तव में प्रेरणादायक रहा।

दृश्य पाण्डेय

जब हम अपनी तमिल कक्षा में गए, तो वहाँ का वातावरण बहुत ही सकारात्मक और उत्साहपूर्ण था। हमारी मैम बहुत ही स्नेही और सहयोगी थीं। उन्होंने हमें तमिल भाषा के वर्णों से परिचय कराया और सरल तरीकों से उनका उच्चारण सिखाया। इसके साथ-साथ हमें तमिल की मधुर राइम्स भी सिखाई गई, जिससे भाषा सीखना और भी रोचक हो गया। मैम ने हमें तमिल संस्कृति के बारे में भी बताया और समझाया कि यह भाषा और संस्कृति हमें एक-दूसरे की मदद करना, सम्मान करना और भारत की विविधता को समझना सिखाती है।

इस कक्षा ने न केवल हमारी भाषा सीखने की रुचि बढ़ाई, बल्कि हमें एक नई संस्कृति से जुड़ने का अवसर भी दिया।

सुहानी सिंह

अच्छे विद्यार्थी बनने के तीन मंत्र

मैं एक विद्यार्थी हूँ और मैं एक अच्छी विद्यार्थी बनना चाहती हूँ। स्कूल में पढ़ना हमारे जीवन के लिए बहुत जरूरी होता है। जब हम अच्छे से पढ़ते हैं और सही काम करते हैं तो हमें आगे चलकर बहुत फायदा होता है। इसलिए अच्छे विद्यार्थी बनने के लिए कुछ जरूरी बातें होती हैं।

पहला मंत्र रोज़ पढ़ाई करना : अच्छे विद्यार्थी रोज पढ़ाई करते हैं। वे पढ़ाई को टालते नहीं हैं। मैं भी रोज़ थोड़ा-थोड़ा पढ़ती हूँ ताकि मुझे सब समझ में आए। रोज पढ़ने से पढ़ाई आसान लगती है और परीक्षा में डर नहीं लगता।

दूसरा मंत्र समय और अनुशासन : अनुशासन बहुत जरूरी होता है। अच्छे विद्यार्थी समय पर स्कूल जाते हैं और अपना होमवर्क पूरा करते हैं। वे स्कूल के नियमों का पालन करते हैं। जब हम समय पर काम करते हैं तो सब कुछ ठीक रहता है।

तीसरा मंत्र टीचर और बड़ों की बात मानना : अच्छे विद्यार्थी अपने टीचर की बात ध्यान से सुनते हैं। वे माता-पिता और बड़ों की भी बात मानते हैं। इससे हमें अच्छी आदतें सीखने को मिलती हैं और हम सही रास्ते पर चलते हैं।

अच्छा विद्यार्थी बनना बहुत अच्छी बात है। मुझे लगता है कि अगर हम रोज़ पढ़ाई करें, अनुशासन में रहें और टीचर की बात मानें तो हम अच्छे विद्यार्थी बन सकते हैं। इससे हम अपने स्कूल और अपने परिवार का नाम अच्छा कर सकते हैं।

आर्या पाण्डेय, 6-ए

छोटी पहल, बड़ा बदलाव

छोटी पहल का मतलब है छोटा-सा अच्छा कदम। जब हम छोटी-छोटी अच्छी आदतें अपनाते हैं तो उससे समाज और देश में बड़ा बदलाव आता है। अगर हम अपने आस-पास साफ-सफाई रखे तो हमारा समाज और देश स्वच्छ बन सकता है। पेड़ लगाना एक छोटा पहल है लेकिन इससे पर्यावरण को बहुत लाभ होता है। नियमों का पालन करने से समाज तथा देश में अनुशासन और शान्ति बनी रहती है। जरूरतमन्द लोगों की मदद करने से समाज में भाईचारा बढ़ता है।

चाणक्य प्रताप सिंह, 6-डी

मुझे लगता था कि दुनिया बदलने के लिए मुझे बड़ा इंसान बनना पड़ेगा। लेकिन अब मुझे समझ आया है कि मेरी छोटी-छोटी कोशिशें भी समाज में बहुत बड़ा बदलाव ला सकती हैं।

मेरी शुरुआत, मेरे छोटे कदम : बड़ा बदलाव लाने के लिए मुझे किसी और का इंतज़ार करने की ज़रूरत नहीं है। मैं अपने रोज़ के जीवन में ये छोटे काम कर सकती हूँ:

- ♦ **मेरी सफ़ाई की आदत** - अगर मैं अपनी टॉफी का छिलका सड़क पर न फेंककर अपनी जेब में रखूँ और डस्टबिन मिलने पर ही उसमें डालूँ, तो मेरा शहर अपने आप साफ हो जाएगा।
- ♦ **मेरी बचत की आदत** - ब्रश करते समय नल बंद रखना या कमरे से बाहर जाते समय बिजली का स्विच बंद करना मेरी एक बहुत अच्छी पहल हो सकती है।
- ♦ **पौधों से प्यार** - अगर मैं अपने हर जन्मदिन पर एक छोटा सा पौधा लगाऊँ, तो कुछ सालों में मेरे पास अपना एक सुंदर बगीचा होगा।

आद्रिका, 6-डी

अक्सर हम सोचते हैं कि बदलाव लाने के लिए बहुत बड़ा काम करना जरूरी है, लेकिन असल में ऐसा नहीं है। समाज में अच्छा परिवर्तन छोटी-छोटी कोशिशों से ही शुरू होता है। हमारे रोज़ के छोटे काम भी बड़ा असर डाल सकते हैं।

अगर हम सफ़ाई का ध्यान रखें, पानी और बिजली की बचत करें या किसी जरूरतमंद की मदद करें, तो यह भी एक अच्छी पहल है। ऐसे काम दूसरों को भी प्रेरित करते हैं और धीरे-धीरे समाज में सकारात्मक सोच फैलती है।

पर्यावरण को बचाने के लिए पौधा लगाना या प्लास्टिक का कम इस्तेमाल करना भी छोटे कदम हैं, लेकिन इनका महत्व बहुत बड़ा है। जब हर व्यक्ति अपनी ज़िम्मेदारी समझता है, तभी असली बदलाव आता है। इसलिए हमें यह याद रखना चाहिए कि हर बड़ा बदलाव एक छोटी पहल से ही शुरू होता है।

भार्गवी, 6-डी

शिक्षा का महत्व

पढ़ाई में रखना ध्यान

तब बढ़ेगा ज्ञान।

जब बढ़ेगा ज्ञान तब आयेगा

समाज में मान सम्मान

हमेशा करते रहो अच्छे काम

सुबह हो या शाम ताकि

हो जग में तुम्हारा रोशन नाम

थकना मत तुम कभी भी

चाहे हो कितना भी काम

मिलती है हमें यह प्रेरणा

अपने माता-पिता से क्योंकि

करते है वह हमसे प्यार

हम शिक्षित बने ताकि

हम बन पाये अच्छे इंसान

जिससे हो मेरा देश महान

ताकि हो सके समानता का

व्यवहार। यही है भारत की पुकार।

आस्था सिंह, 8-एच

सपने वहीं जो डराए नहीं जगाए

मानव जीवन की प्रगति का मूल आधार 'सपना' है। सपना केवल बंद आँखों का दृश्य नहीं, बल्कि भविष्य की वह परिकल्पना है जिसे हम हकीकत में बदलना चाहते हैं। अक्सर लोग सपनों को 'भय' से जोड़ देते हैं जैसे विफल होने का डर या खोने का डर। परंतु वास्तविक सपना वह नहीं है जो हमें डराकर हमारी नींद उड़ा दे, बल्कि वह है जो हमारी सोई हुई आत्मा को जगा दे।

सपनों का उद्देश्य डराना नहीं, बल्कि जीवंत बनाना है। यदि आपका लक्ष्य आपको डरा रहा है, तो शायद आप अपनी क्षमता पर संदेह कर रहे हैं। लेकिन यदि आपका सपना आपको सुबह सूरज उगने से पहले उठने पर मजबूर कर रहा है, तो समझ लीजिए कि आप जाग चुके हैं। सच्चा सपना वही है जो हमारी आँखों में उम्मीद की चमक और पैरों में गति भर दे। हमें डराने वाले दुःस्वप्नों की नहीं, बल्कि जगाने वाले संकल्पों की आवश्यकता है।

विश्वेश राय, 6-एच

सपने मानव जीवन की सबसे बड़ी शक्ति हैं। वे हमें आगे बढ़ने की प्रेरणा देते हैं, नई ऊँचाइयों को छूने का साहस प्रदान करते हैं। डॉ. एपीजे अब्दुल कलाम ने कहा था "सपने वो नहीं होते जी आप नींद में देखते हैं, सपने वो होते हैं जो आपको नींद नहीं आने देते।" यह कथन लाखों युवाओं को प्रेरित करता रहा है। लेकिन आज के दौर में हमें एक कदम और आगे बढ़ना चाहिए। असली सपने वे नहीं जो रातों को चैन छीन ले और दिन में डर पैदा करें, बल्कि वे सपने जो हमें जगाएँ, उत्साहित करें और हर पल जीवन को अर्थपूर्ण बनाएँ। 'सपने वही जो डराए नहीं, जगाए - यह विचार हमें बताता है कि सच्चा सपना भय का स्रोत नहीं, बल्कि जागृति का माध्यम होना चाहिए।

सच्चे सपने तीन मुख्य बातें साथ लाते हैं -

उत्साह और ऊर्जा - वे हमें थकान महसूस नहीं होने देते। काम मुश्किल लगता है, लेकिन मजा आता है।

स्पष्टता और विश्वास - डर की जगह स्पष्ट विजन होता है। हम जानते हैं कि रास्ता कठिन है, लेकिन मंजिल संभव है।

कार्य की प्रेरणा - वे हमें बिस्तर से उठाकर काम पर लगाते हैं, न कि चिंता में डुबोते हैं।

ये सपने व्यक्तिगत ही नहीं, सामाजिक भी हो सकते हैं। जैसे एक युवा का सपना पर्यावरण बचाना, एक महिला का सपना बेटियों को शिक्षित करना, या एक उद्यमी का सपना गरीबों के लिए सस्ती तकनीक उपलब्ध कराना। ये सपने डराते नहीं क्योंकि इनमें दूसरों की भलाई जुड़ी होती है। इनमें स्वार्थ कम, सेवा ज्यादा होती है, इसलिए डर की जगह प्रेम और जिम्मेदारी का भाव आता है।

कैसे चुने जगाने वाला सपना -

खुद से पूछें - क्या यह सपना मुझे डराता है या उत्साहित करता है? अगर डर ज्यादा है, तो शायद वह आपका असली सपना नहीं।

राजवीर सिंह, 6-एच

सपने हमें जगाते हैं, वे हमें मेहनत, अनुशासन और सकारात्मक सोच सिखाते हैं। जगाने वाले सपने हमें सुबह जल्दी उठने के लिए प्रेरित करते हैं। वे हमें समय की कद्र करना सिखाते हैं और यह एहसास कराते हैं कि सफलता बिना मेहनत के नहीं मिलती। ऐसे सपने हमें पढ़ाई में मन लगाने, अपने गुणों को पहचानने और हर दिन कुछ नया सीखने के लिए प्रेरित करते हैं। ये सपने हमें आलस छोड़कर कर्म करने की सीख देते हैं। एक छात्र के लिए अच्छे सपने बहुत जरूरी होते हैं। जैसे अच्छा इंसान बनना, देश का नाम रोशन करना, किसी की मदद करना, डॉक्टर, शिक्षक या वैज्ञानिक बनकर समाज के लिए कुछ करना। ऐसे सपने हमें डराते नहीं, बल्कि हमें बेहतर बनने के लिए प्रेरित करते हैं। ये सपने हमें यह सिखाते हैं कि जीवन में सफलता पाने के लिए परिश्रम जरूरी है।

लावण्या, 6-एच

आत्मविश्वास सफलता की कुंजी

क्या आपने कभी गौर किया है कि एक जैसी परिस्थितियों में कुछ लोग आगे बढ़ जाते हैं और कुछ वहीं रुक जाते हैं? फर्क न तो हालात का होता है, न ही किस्मत का फर्क होता है आत्मविश्वास का। आज की यह ब्लॉग पोस्ट एक कहानी के ज़रिए इसी सच्चाई को रोचक ढंग से सामने रखती है।

रवि एक छोटे से गाँव का लड़का था। सीमित साधन, साधारण पहनावा और आँखों में बड़े सपने। वह चाहता था कि पढ़-लिखकर कुछ ऐसा करे जिससे उसके माता-पिता और गाँव को उस पर गर्व हो। लेकिन एक समस्या थी-रवि खुद पर भरोसा नहीं करता था। कक्षा में सवाल आते तो जवाब उसे पता होता, पर हाथ उठाने की हिम्मत नहीं होती। मंच पर बोलना तो उसके लिए किसी डरावने सपने से कम नहीं था।

बारहवीं के बाद उसने इंजीनियरिंग की प्रवेश परीक्षा दी और असफल हो गया। यहीं से कहानी ने गंभीर मोड़ लिया। रिश्तेदारों की बातें, दोस्तों की चुप्पी और समाज के ताने-सबने मिलकर रवि के मन में यह बैठा दिया कि 'शायद मैं इतना काबिल ही नहीं हूँ।' कुछ समय के लिए उसने सपनों को अलमारी में बंद कर दिया। लेकिन ज़िंदगी अक्सर हमें वहीं से दूसरा मौका देती है, जहाँ हम हार मान लेते हैं। एक दिन उसकी मुलाकात उसके पुराने शिक्षक शर्मा जी से हुई। उन्होंने रवि की आँखों में छुपी निराशा को पढ़ लिया।

उन्होंने बस इतना कहा- 'तुम्हारी समस्या पढ़ाई नहीं है, तुम्हारी समस्या आत्मविश्वास है।' यह वाक्य रवि के दिल में उतर गया। उसी दिन उसने तय किया कि वह सबसे पहले खुद पर भरोसा करना सीखेगा। उसने दोबारा तैयारी शुरू की, लेकिन इस बार तरीका अलग था। वह रोज़ खुद से कहता- 'मैं कर सकता हूँ।' गलतियाँ होतीं, तो वह खुद को कोसता नहीं, बल्कि उनसे सीखता। धीरे-धीरे उसका डर कम होने लगा और आत्मविश्वास बढ़ने लगा।

एक साल बाद जब उसने फिर से परीक्षा दी, तो परिणाम बदल चुका था। वह सफल हो गया। लेकिन असली जीत परीक्षा पास करना नहीं था, असली जीत थी-खुद पर भरोसा जीत लेना। आज रवि एक सफल इंजीनियर है। वह अपने गाँव में विकास कार्यों से जुड़ा है। जब लोग उससे उसकी सफलता का राज़ पूछते हैं, तो वह मुस्कुराकर कहता है-

‘आत्मविश्वास वह चाबी है, जो बंद दरवाज़ों को भी खोल देती है।’

यह कहानी हमें सिखाती है कि सफलता का पहला कदम बाहर नहीं, हमारे अंदर से शुरू होता है। आत्मविश्वास न हो, तो प्रतिभा भी दबकर रह जाती है; और आत्मविश्वास हो, तो साधारण इंसान भी असाधारण बन सकता है। अगर आप भी अपने जीवन में आगे बढ़ना चाहते हैं, तो आज से खुद पर भरोसा करना शुरू करें-क्योंकि आत्मविश्वास ही सफलता की सबसे सच्ची कुंजी है।

अराध्या तिवारी

आत्मविश्वासी व्यक्ति अपने लक्ष्य को पहचानता है और उसे पाने के लिए निरन्तर प्रयास करता है। वह डर और नकारात्मक सोच से मुक्त होकर चुनौतियों का सामना करता है। विद्यार्थी जीवन में आत्मविश्वास का विशेष महत्व है। परीक्षा का भय, मंच पर बोलने की झिझक और चुनौतियों पर आत्मविश्वास हमें विजय दिलाता है। मेहनत और आत्मविश्वास से सफलता अवश्य मिलती है। आत्मविश्वास अभ्यास और सकारात्मक सोच में विकसित किया जा सकता है। अच्छे विचार, अनुशासन और परिश्रम हमें आत्मविश्वासी बनाते हैं। अन्त में कहा जा सकता है कि आत्मविश्वास ही सफलता की सच्ची कुंजी है। आत्मविश्वास के साथ कोई भी लक्ष्य कठिन नहीं रहता।

अर्पित पटेल 7 'सी'

हौसलों की उड़ान

किसी ने सही कहा है कि "उड़ान पंखों से नहीं, बल्कि हौसलों से होती है।" आकाश में उड़ता हुआ एक पक्षी हमें यह सिखाता है कि ऊँचाई तक पहुँचने के लिए केवल पंख होना ही पर्याप्त नहीं, बल्कि साहस और आत्मविश्वास भी उतने ही आवश्यक हैं। जब वह पहली बार अपने घोंसले से बाहर निकलता है, तो उसके सामने अनंत आकाश और गिरने का भय होता है, फिर भी वह रुकता नहीं, प्रयास करता है। उसी प्रकार हर सुबह उगता हुआ सूरज भी हमें यह संदेश देता है कि चाहे रात कितनी ही गहरी क्यों न हो, प्रकाश फिर से लौटकर आता है। बादल उसकी चमक को स्थायी रूप से नहीं ढक सकते। प्रकृति का यही संदेश है — हौसले कभी हार नहीं मानते।

जीवन की राह में संघर्ष और असफलताएँ स्वाभाविक हैं। कठिनाइयाँ हमें रोकने नहीं, बल्कि हमें परखने और निखारने आती हैं। यही संघर्ष हमें आत्मविश्वास और धैर्य का महत्व समझाते हैं। जब हम विपरीत परिस्थितियों में भी दृढ़ रहते हैं, तभी हमारा व्यक्तित्व सशक्त बनता है। सच्ची उड़ान वही भरता है जो गिरने के डर से आगे बढ़ना नहीं छोड़ता।

इसी भावना को व्यक्त करती यह कविता हमें प्रेरित करती है —

गिरकर संभलना ही तो जीवन की पहचान है,
अंधेरों से लड़ना ही असली उड़ान है।
हौसलों की लौ जब दिल में जलती है,
तभी हर मंज़िल आसान है।

संस्कृत का यह श्लोक भी हमें निरन्तर प्रयास का महत्व समझाता है —

‘उद्यमेन हि सिद्ध्यन्ति कार्याणि न मनोरथैः।

न हि सुप्तस्य सिंहस्य प्रविशन्ति मुखे मृगाः॥’

अर्थात् केवल इच्छाएँ करने से कार्य सिद्ध नहीं होते; निरन्तर परिश्रम ही सफलता की कुंजी है। मनुष्य को अपने लक्ष्य की प्राप्ति के लिए निरन्तर प्रयास करते रहना चाहिए।

अंततः हौसले ही वह शक्ति हैं जो मनुष्य को गिरकर फिर उठना सिखाते हैं। असफलता जीवन का अंत नहीं, बल्कि एक नई शुरुआत का संकेत है। जब हम अपने भीतर विश्वास, धैर्य और साहस को जीवित रखते हैं, तब हर अंधकार के बाद सफलता का सूरज अवश्य उदित होता है। हमें चाहिए कि हम हर चुनौती को अवसर में बदलें और अपने संकल्प को अडिग रखें।

क्योंकि जब हौसले अटल होते हैं, तब मंज़िलें स्वयं कदम चूमने लगती हैं।

सान्या श्रीवास्तव, 8-एच

मेरी सोच मेरी शक्ति

हर इंसान के जीवन में सोच का बहुत बड़ा महत्व होता है। हमारी सोच ही हमारे विचारों को जन्म देती है और वही विचार हमारे कर्मों को दिशा देते हैं। जैसी हमारी सोच होती है, वैसा ही हमारा व्यवहार और भविष्य बनता है। इसलिए सही कहा गया है- मेरी सोच, मेरी शक्ति।

सकारात्मक सोच हमें आत्मविश्वास देती है। जब हम खुद पर विश्वास रखते हैं, तो कठिन से कठिन परिस्थितियों का भी सामना कर पाते हैं। जीवन में असफलताएँ आना सामान्य है, लेकिन अच्छी सोच हमें हार मानने के बजाय आगे बढ़ने की प्रेरणा देती है। असफलता हमें सीखने का अवसर देती है और हमें और मज़बूत बनाती है। इसी विचार को हमारी कक्षा छः 'ब' के विद्यार्थी बता रहे हैं —

मेरी सोच मुझे मेहनत करना, धैर्य रखना और अपने सपनों पर विश्वास करना सिखाती है। जब सोच मजबूत होती है, तो रास्ते अपने आप आसान लगने लगते हैं। एक विद्यार्थी के लिए सही सोच बहुत जरूरी होती है, क्योंकि वही सोच उसे आगे बढ़ने के लिए प्रेरित करती है।

अंत में मैं यही कहना चाहूँगी कि अगर हमें जीवन में आगे बढ़ना है, तो सबसे पहले अपनी सोच को मजबूत बनाना होगा। सकारात्मक सोच से ही सकारात्मक जीवन बनता है। इसलिए हमें हमेशा अच्छी और आत्मविश्वास से भरी सोच रखनी चाहिए, क्योंकि मेरी सोच ही मेरी सबसे बड़ी शक्ति है।

अदिति गुप्ता

मेरी सोच मुझे एक अच्छा इंसान बनाने की राह दिखाती है। वह मुझे सच बोलना, मेहनत करना और दूसरों की मदद करना सिखाती है। मुझे लगता है कि अगर हमारी सोच सही और अच्छी हो, तो हम छोटे होकर भी बड़े सपने पूरे कर सकते हैं। इसलिए मैं अपनी सोच को हमेशा सकारात्मक और मजबूत रखना चाहती हूँ. क्योंकि यही मेरी असली शक्ति है।

अगम्या सिंह, 6

जब मैं यह विश्वास करता हूँ कि मैं कुछ कर सकता हूँ, तब मैं मेहनत करने से नहीं डरता। असफलताएँ मुझे तोड़ने के बजाय सिखाती हैं। अच्छी सोच से हमारा व्यवहार अच्छा होता है, हमारे संबंध मजबूत होते हैं और समाज में हमारी पहचान सकारात्मक बनती है।

सकारात्मक सोच रखने वाला व्यक्ति दूसरों को भी प्रेरित करता है और अपने आसपास एक अच्छा वातावरण बनाता है। आत्मविश्वास, धैर्य, परिश्रम और सकारात्मक दृष्टिकोण ये सभी अच्छी सोच के परिणाम हैं।

यदि हम अपनी सोच को मजबूत बना लें, तो कोई भी लक्ष्य असंभव नहीं लगता। अंत में, मैं यही कहना चाहूँगा कि मेरी सोच मेरी असली शक्ति है। यदि मेरी सोच सही दिशा में है, तो मेरी सफलता निश्चित है।

इसलिए हमें हमेशा अपनी सोच को सकारात्मक, रचनात्मक और लक्ष्य केन्द्रित बनाए रखना चाहिए, क्योंकि सोच बदलेगी तो जीवन बदल जाएगा।

क्षितिज राज, 6

संस्कारों की सच्ची पहचान

संस्कार किसी व्यक्ति के चरित्र और व्यक्तित्व की नींव होते हैं। वे हमें यह सिखाते हैं कि समाज में कैसे रहना चाहिए, बड़ों का सम्मान कैसे करना चाहिए और सही-गलत में फर्क कैसे करना चाहिए। संस्कार केवल शब्दों या दिखावे तक सीमित नहीं होते, बल्कि वे हमारे व्यवहार, सोच और कर्मों में दिखाई देते हैं। इसलिए कहा जाता है कि इंसान की सच्ची पहचान उसके संस्कारों से होती है।

अच्छे संस्कार घर से शुरू होते हैं। माता-पिता और परिवार का वातावरण बच्चे के मन पर गहरा प्रभाव डालता है। बड़ों से नम्रता से बात करना, जरूरतमंद की मदद करना, सच बोलना और दूसरों का सम्मान करना- ये सभी अच्छे संस्कारों के उदाहरण हैं। स्कूल और समाज भी हमारे संस्कारों को निखारने में महत्वपूर्ण भूमिका निभाते हैं।

आज के समय में कई लोग सफलता, धन और दिखावे को ही पहचान मान लेते हैं, लेकिन असली पहचान वही होती है जो कठिन परिस्थितियों में सामने आती है। जब कोई व्यक्ति शक्ति या पद होने के बावजूद विनम्र बना रहता है, तब उसके संस्कारों की सच्ची पहचान होती है।

संस्कार हमें जिम्मेदार नागरिक बनाते हैं। वे हमें अनुशासन, ईमानदारी और सहनशीलता का पाठ पढ़ाते हैं। एक संस्कारी व्यक्ति न केवल अपने लिए बल्कि पूरे समाज के लिए प्रेरणा बनता है। ऐसे लोग समाज में सकारात्मक बदलाव लाने की क्षमता रखते हैं।

अंत में कहा जा सकता है कि संस्कार ही मनुष्य का सबसे बड़ा आभूषण है। अच्छे संस्कारों से ही व्यक्ति का चरित्र उज्ज्वल होता है और समाज सशक्त बनता है। इसलिए हमें अपने संस्कारों को समझना, अपनाना और आने वाली पीढ़ी तक पहुँचाना चाहिए - यही संस्कारों की सच्ची पहचान है।

काव्या वैष्णव, 6-सी

संस्कार हमारी पहचान हैं। अच्छे संस्कार ही परिवार की सच्ची पहचान बनाते हैं।

संस्कार हमारे जीवन की नींव होते हैं। वे हमें सही और गलत का भेद समझाते हैं, और हमें सदाचार की ओर ले जाते हैं। जब कोई व्यक्ति अपने संस्कारों को अपनाता है, तो वह अपने परिवार और पूरे समाज का नाम रोशन करता है। हमारी पहचान केवल हमारे नाम या उपलब्धियों से नहीं होती, बल्कि हमारे अंदाज, व्यवहार और नैतिकता से भी होती है। संस्कार हमारी जड़ों से जोड़ते हैं, और जीवन को दिशा की ओर ले जाते और पहचान देते हैं। इन मूल्यों को अपनाना और संजोना हमें दूसरों से अलग बनाता है। शिक्षा के साथ संस्कार एक मजबूत नींव बनाते हैं, जो एक अच्छे व्यक्तित्व की पहचान होती है।

हमारा विद्यालय हमारी संस्कारों को संजोये रखना सिखाता है, वह हमें हमारे व्यवहार में उसे सिखाता है, जिससे

हमारी अपनी पहचान बनती है। वह संस्कार को जीवित रखना बताता है। संस्कार केवल धार्मिकता की नहीं, बल्कि जीवन जीने का तरीका है। जो आपके पहचान आपके नाम से नहीं, बल्कि आपके कर्मों और व्यवहार से बनती है, जो आपको दूसरों से विशिष्ट बनाती है। जिसके लिए मैं अपने विद्यालय और देश की आभारी हूँ।

तृषा यादव, 6-सी

वंदे मातरम् – 150 वर्ष अमर गाथा

वंदे मातरम् की 150 वर्षों की गाथा बंकिम चन्द्र चट्टोपाध्याय द्वारा रचित एक गीत से शुरू हुई, जो 'आनन्दमठ' उपन्यास का हिस्सा था, और जल्द ही स्वतन्त्रता संग्राम का शक्तिशाली नारा बन गया, जिसने भारतीयों को एकजुट किया और राष्ट्रीय पहचान की भावना जगाई। यह गीत भी देशभक्ति और एकता का प्रतीक है, जिसे 1896 में पहली बार कांग्रेस अधिवेशन में गाया गया जिसे 1937 में राष्ट्रीय गीत के रूप में अपनाया गया, जो भारत की आत्मा को जगाने वाला एक अमर स्वर है।

स्वतंत्रता संग्राम का बुलन्द नारा

वंदे मातरम् पहली बार 1896 में भारतीय राष्ट्रीय कांग्रेस के कलकत्ता अधिवेशन में रवीन्द्रनाथ टैगोर द्वारा गाया गया। लेकिन एक राजनैतिक नारे के रूप में यह 7 अगस्त 1905 को बंगाल विभाजन के विरोध के दौरान गुँजा। ब्रिटिश हुकूमत इस नारे से इतनी डर गई थी कि उन्होंने वंदे मातरम् बोलने पर भी रोक लगा दी थी। पर क्रान्तिकारियों ने मौत की परवाह न करते हुए 'वंदे मातरम्' कहते हुए फांसी के फंदे को चूम लिया।

'वंदे मातरम्' ये केवल दो शब्द नहीं हैं बल्कि यह भारत की आत्मा स्वतंत्रता का महामंत्र और राष्ट्रभक्ति की सर्वोच्च भावना है। इस अमर गीत ने भारतीय स्वतंत्रता संग्राम के दौरान करोड़ों युवाओं के सीने में मातृभूमि के प्रति प्यार जगाया था। 7 नवम्बर 2025 को वंदे मातरम् की रचना के 150 वर्ष पूरे हो रहे हैं। यह डेढ़ सौ साल पुरानी गाथा साहस, त्याग और राष्ट्र गौरव की एक ऐसी कहानी है, जो आज भी उतनी ही प्रासंगिक है।

गीत का अर्थ और महत्व

वंदे मातरम् का अर्थ है- हे माँ, मैं तुझे प्रणाम करता हूँ, यह गीत मातृभूमि को एक सजीव देवी, भारत माता के रूप में प्रतिष्ठित करता है।

वंदे मातरम् ! जय हिन्द !

ईशिता अग्रहरी, 7-बी

मुश्किलों में मुस्कुराना ही असली ताकत

तस्वीरों में मुस्कुराना आसान होता है, क्योंकि वहाँ दर्द छुपाया जा सकता है, लेकिन असली ताकत तब दिखती है जब जिंदगी की मुश्किलों में भी चेहरे पर मुस्कान बनी रहे। जीवन उतार-चढ़ाव से भरा होता है और हर इंसान को कभी न कभी कठिन परिस्थितियों का सामना करना पड़ता है। जब समस्याएँ चारों ओर घिर जाती हैं, तब मुस्कुराना कोई साधारण बात नहीं होती। उस समय मुस्कान दिखावा नहीं, बल्कि हिम्मत की पहचान होती है। यह मुस्कान बताती है कि हालात चाहे जैसे भी हों, हमारा आत्मविश्वास अभी जिदा है।

कई लोग खुश रहना तब जानते हैं जब सब कुछ ठीक होता है, लेकिन जो इंसान दुख में भी खुद को संभाल लेता है, वही वास्तव में मजबूत होता है। मुश्किलें हमें कमजोर बनाने नहीं आतीं, बल्कि हमारे अंदर छिपी ताकत को बाहर लाने आती हैं। जो लोग परेशानी में भी सकारात्मक सोच रखते हैं, वे हर समस्या को एक सबक की तरह लेते हैं। उनकी मुस्कान न सिर्फ उन्हें आगे बढ़ाती है, बल्कि दूसरों को भी हौसला देती है। यही कारण का है कि ऐसे लोग समाज के लिए प्रेरणा बन जाते हैं। अतः मैं यही कहा जा सकता है कि जीवन में सच्ची ताकत बाहरी शक्ति में नहीं, बल्कि उस मुस्कान में होती है, जो आँसुओं के बीच भी बनी रहती है। सच में, मुश्किलों में मुस्कुराना ही असली ताकत है।

वंशिका सिंह, 7-डी

जीवन जीना एक कला है। हमें अपने जीवन को सुंदर बनाने के लिए शिक्षा ग्रहण करायी जाती है। जब व्यक्ति शिक्षित होता है तो उसमें ऐसी ऊर्जा आ जाती है जिसके माध्यम से वह सामाजिक, आर्थिक और मनोवैज्ञानिक रूप से शक्तिशाली हो जाता है। व्यक्ति के जीवन में नैतिकता, शिष्टाचार इत्यादि गुणों का होना भी बहुत जरूरी होता है। हमारे मनुष्य जीवन में भी बहुत सारी चुनौतियों मिलती रहती हैं लेकिन इन चुनौतियों अर्थात् जीवन में जो मुश्किलें आती हैं, यदि हम उनसे घबरा जाएंगे तो समस्याएँ समाप्त होने की बजाय बढ़ती जाएंगी। मुश्किल घड़ी में भी मुस्कुराते रहना चाहिए और शांत दिमाग से उन समस्याओं का हल निकालना चाहिए। हम सभी के जीवन के दो पहलू होते हैं सुख और दुःख। दुःख की घड़ी में भी हमें धैर्य और साहस का परिचय देते हुए मुस्कुराते रहना चाहिए यदि हम ऐसा करते रहेंगे तो स्वतः ही समस्याएँ समाप्त हो जाएंगी।

किसी तूफान आंधी से कभी हम डरते नहीं, मुश्किलों में मुस्कुराना ही असली ताकत है इसलिए हवा की शर्त पर कोई सफर हम तय नहीं करते। सुनो रे आसमां वालो, हमें खुद पर भरोसा है, लगाकर पंख औरो के उड़ाने हम नहीं भरते।

कुंजल सिंह, 7-डी

सम्मान से बनता है सकारात्मक समाज

सम्मान से ही एक सकारात्मक समाज का निर्माण होता है, क्योंकि जब व्यक्ति एक-दूसरे के मूल्य, विचारों और गरिमा को स्वीकार करते हैं, तो विश्वास, सहानुभूति और आपसी समझ का वातावरण बनता है। जो स्वस्थ रिश्तों और सहयोग को बढ़ावा देता है, जिसमें समाज में सकारात्मकता, एकजुटता और सामंजस्य आता है, और हर कोई सशक्त महसूस करता है। एक मजबूत और सकारात्मक समाज का आधार आपसी सम्मान होता है। यह केवल एक भावना नहीं, बल्कि व्यवहार का एक तरीका है जो व्यक्तियों को महत्व देता है और उनके बीच सकारात्मक संबंध बनाता है। जब सम्मान की नींव मजबूत होती है, तो समाज में सकारात्मकता और प्रगति स्वाभाविक रूप से बढ़ती है।

सम्मान की भूमिका :

हमें एक सम्मानजनक व्यवहार व्यक्त करना चाहिए, जैसे दूसरों की बातों को ध्यान से सुनना और उनके विचारों को महत्व देना, विश्वास पैदा करता है। इससे लोगों को सुरक्षित महसूस होता है और वे खुलकर अपनी बात रख पाते हैं।

हमें सम्मान में एक-दूसरों के दृष्टिकोण को समझना और उनके प्रति दयालु होना चाहिए, भले ही हम उनसे सहमत न हों। सम्मान गलतफहमी को दूर करता है और आपसी समझ बढ़ाता है। इसलिए हमें एक-दूसरे के साथ सम्मान से रहना चाहिए।

कैसे बनाएं एक सम्मानजनक समाज :

- हमें हर बातचीत में दया, सहानुभूति और खुले विचारों के साथ पेश आना चाहिए।
- हमें दूसरों के दृष्टिकोण को समझना चाहिए।
- दूसरों की भावनाओं, विचारों और व्यक्तिगत सीमाओं का सम्मान करें।

सम्मान एक ऐसा गुण है, जो हमें एक साथ लाता है और ऐसे समाज का निर्माण करता है जहाँ हर कोई मूल्यवान महसूस करता है। सम्मान के माध्यम से ही हम एक सामंजस्यपूर्ण और सकारात्मक दुनिया का निर्माण कर सकते हैं, तो चलिए हम सब मिल कर एक प्रतिज्ञा करते हैं कि आज से हम एक-दूसरे के प्रति सम्मान से पेश आएँगे और मिलजुल कर एक सकारात्मक समाज बनाएँगे।

धन्यवाद !

रहेमा हक, 8-ए

'भावधारा' 2025 : संस्कारों, शिक्षा और संघर्षशीलता का एक यादगार सफर

दिनांक 24 नवंबर, 2025 को हमारे विद्यालय, सेंट मेरीज़ कॉन्वेंट जूनियर हाई स्कूल, कैंट, में वार्षिक उत्सव 'भावधारा' का भव्य आयोजन किया गया। यह दिन केवल प्रतिभा प्रदर्शन का मंच नहीं था, बल्कि जीवन के गहरे मूल्यों को समझने का एक अनूठा अवसर था। कार्यक्रम की शुरुआत एक अत्यंत सुंदर प्रार्थना नृत्य के साथ हुई, जिसने पूरे वातावरण को भक्ति और शांति से भर दिया।

हमने क्या सीखा?

इस पूरे उत्सव का मुख्य उद्देश्य तीन महत्वपूर्ण स्तंभों पर आधारित था - आदर, उत्तरदायित्व और संघर्षशीलता।

1. **आदर** — विभिन्न प्रस्तुतियों के माध्यम से हमने सीखा कि सम्मान केवल व्यक्तियों तक सीमित नहीं है, बल्कि हमारे किसानों, डॉक्टरों और प्रकृति के प्रति भी हमारा आदर होना चाहिए। मदर टेरेसा के जीवन चित्रण ने हमें सिखाया कि असली सम्मान हर इंसान के प्रति दया और निस्वार्थ प्रेम में निहित है।
2. **उत्तरदायित्व** — 'नूह की नाव' के नाटक ने हमें याद दिलाया कि जिम्मेदारी एक पवित्र कर्तव्य है — न केवल अपने प्रति, बल्कि समाज और पर्यावरण के प्रति भी। आज के डिजिटल युग में, अपने समय और अपने निर्णयों के प्रति जिम्मेदार होना पहले से कहीं अधिक महत्वपूर्ण है।
3. **संघर्षशीलता** — 'वीर भारत' खंड और योग प्रदर्शन ने भारत की कभी न टूटने वाली भावना को दर्शाया। हमने सीखा कि संघर्षशीलता का अर्थ है हर गिरावट के बाद फिर से उठना और हमारे ऐतिहासिक नायकों की तरह चुनौतियों के सामने मजबूती से खड़े रहना।

विशेष आकर्षण

कार्यक्रम का मुख्य आकर्षण कव्वाली (मंजिल की ओर) थी, जिसमें रचनात्मक रूप से बताया गया कि कैसे हमें सोशल मीडिया जैसे आधुनिक भटकावों को छोड़कर अपने लक्ष्यों पर ध्यान केंद्रित करना चाहिए। इसके अलावा, 'मैजिक मिरर' नाटक ने हमें अपने भीतर झाँकने और शॉर्टकट के बजाय ईमानदारी और कड़ी मेहनत को चुनने के लिए प्रेरित किया।

अतिथियों का मार्गदर्शन

हमारे सम्मानित अतिथियों ने बहुमूल्य सुझाव साझा किए। उन्होंने जोर दिया कि धैर्य और पढ़ने की आदत एक सफल भविष्य की कुंजी हैं। उन्होंने हमें उन सभी लोगों के प्रति आभार व्यक्त करने के लिए प्रेरित किया जो हमारे जीवन में योगदान देते हैं, चाहे वे शिक्षक हों या सफाई कर्मचारी।

निष्कर्ष

'भावधारा' 2025 भावनाओं की एक ऐसी सुंदर धारा थी जिसने हमारे दृष्टिकोण को बदल दिया। इसने हमें सिखाया कि आदर, जिम्मेदारी और संघर्षशीलता को अपनाकर हम स्वयं का एक बेहतर संस्करण बन सकते हैं। राष्ट्रगान के साथ इस दिन का समापन हुआ, जिसमें हम सभी ने अपने विद्यालय के मूल्यों और विरासत को बनाए रखने का संकल्प लिया।

अदिति राय, 8-सी

विचारों का महत्व और सम्बन्धों की मजबूती

जहाँ सोच सुंदर होती है, वहाँ रिश्ते अपने आप संवर जाते हैं।

मनुष्य का जीवन केवल कर्मों से नहीं, बल्कि उसके विचारों की गुणवत्ता से पहचाना जाता है। विचार वे मौन शब्द हैं, जो बिना बोले हमारे स्वभाव, हमारे व्यवहार और हमारे संबंधों को आकार देते हैं। हम जैसा सोचते हैं, धीरे-धीरे वैसे ही बन जाते हैं और हमारे रिश्ते भी उसी सोच का प्रतिबिम्ब होते हैं। विचारों में संवेदनशीलता होने पर संबंधों में सहजता आ जाती है। तब हम केवल अपनी बात रखने की नहीं, बल्कि सामने वाले की भावना समझने की कोशिश करते हैं। ऐसे रिश्ते दिखावे या औपचारिकता पर नहीं टिके होते, बल्कि विश्वास, सम्मान और अपनत्व की गहरी नींव पर खड़े होते हैं।

मजबूत संबंध किसी बड़े प्रयास या शब्दों की भव्यता से नहीं बनते। वे बनते हैं छोटी-छोटी सच्ची सोचों से जैसे किसी को ध्यान से सुन लेना, बिना कहे समझ जाना, और हर स्थिति में मानवीय दृष्टिकोण बनाए रखना। जब विचार साफ होते हैं, तो रिश्तों में भी स्पष्टता आ जाती है। विचारों की सबसे बड़ी विशेषता यह है कि वे हमें भीतर से परिपक्व बनाते हैं। जैसे-जैसे हमारी सोच विकसित होती है, वैसे-वैसे हमारे संबंध भी अधिक संतुलित, स्थिर और अर्थपूर्ण बनते जाते हैं। तब रिश्ते केवल जीवन का हिस्सा नहीं रहते, बल्कि जीवन की सबसे बड़ी ताकत बन जाते हैं।

अंत में यही कहा जा सकता है कि विचार वह आधार हैं, जिन पर संबंधों की मजबूती टिकी होती है। यदि सोच उजली, स्नेहपूर्ण और सकारात्मक हो, तो रिश्ते स्वाभाविक रूप से गहरे, मजबूत और स्थायी बनते चले जाते हैं।

वर्तिका सिंह, 8-सी

भावनाओं की दीवारें

मनुष्य के जीवन में भावनाओं का बहुत महत्व होता है। खुशी, दुःख, प्रेम, क्रोध और भय जैसी भावनाएँ हमारे व्यवहार और सोच को प्रभावित करती हैं। लेकिन कई बार जीवन के कड़वे अनुभवों के कारण हम अपने मन के चारों ओर भावनाओं की दीवारें बना लेते हैं। जब किसी व्यक्ति को बार-बार दुःख या धोखा मिलता है, तो वह अपने आप को दूसरों से दूर करने लगता है। यह अपनी भावनाएँ किसी से साझा नहीं करता और चुप रहना पसंद करता है। धीरे-धीरे यह चुप्पी एक दीवार बन जाती है, जो उसे बाहरी दुनिया से अलग कर देती है। यह दीवार उसे चोट से बचाने का काम तो करती है, लेकिन उसे अकेला भी बना देती है।

भावनाओं की दीवारें बनने से व्यक्ति अपने परिवार और मित्रों से भी दूरी महसूस करने लगता है। बातचीत की कमी से गलतफहमियाँ बढ़ती हैं और रिश्तों में तनाव आ जाता है। मनुष्य एक सामाजिक प्राणी है, इसलिए भावनाओं को दबाना उसके मानसिक स्वास्थ्य के लिए अच्छा नहीं होता। हमें चाहिए कि हम अपनी भावनाओं को खुलकर व्यक्त करें और भरोसेमंद लोगों से बात करें। संवाद और समझदारी से भावनाओं की दीवारें धीरे-धीरे टूट सकती हैं। जब हम अपने मन की बात साझा करते हैं, तो मन हल्का होता है और रिश्ते मजबूत बनते हैं।

निष्कर्षतः भावनाओं की दीवारें हमें कुछ समय के लिए सुरक्षित महसूस करा सकती हैं, लेकिन सच्ची खुशी और शांति के लिए इन्हें गिराना आवश्यक है।

वात्सल्य, 8-बी

गांधीजी की भूमिका – मेरा अनुभव

महात्मा गांधी भारत के महान स्वतंत्रता सेनानी और राष्ट्रपिता कहलाते हैं। उन्होंने सत्य, अहिंसा और सादगी के मार्ग पर चलकर देश को स्वतंत्रता दिलाई। गांधीजी का मानना था कि हिंसा से नहीं, बल्कि प्रेम और सत्य से बड़े परिवर्तन लाए जा सकते हैं। उनका जीवन हमें ईमानदारी, अनुशासन और दूसरों के प्रति सम्मान का पाठ पढ़ाता है। आज भी उनके विचार हमारे जीवन को सही दिशा दिखाते हैं।

हमारे विद्यालय के वार्षिक समारोह में मुझे गांधीजी की भूमिका निभाने का सौभाग्य प्राप्त हुआ। इस भूमिका की तैयारी के लिए मैंने उनके जीवन, आन्दोलनों और विचारों के बारे में पढ़ा। खादी का वस्त्र पहनना, गोल चश्मा लगाना और उनके प्रसिद्ध विचारों को संवाद के रूप में बोलना मेरे लिए एक विशेष अनुभव था। मंच पर खड़े होकर मुझे ऐसा लगा जैसे मैं स्वयं गांधीजी के विचारों को लोगों तक पहुँचा रहा हूँ।

अभिनय करते समय मुझे आत्मविश्वास के साथ-साथ जिम्मेदारी का भी एहसास हुआ। इस भूमिका ने मुझे सत्य बोलने, धैर्य रखने और शान्तिपूर्वक समस्याओं का समाधान करने की सीख दी। गांधीजी की भूमिका निभाना मेरे लिए केवल अभिनय नहीं था, बल्कि उनके आदर्शों को अपनाने का एक अध्याय बन गया। मैं अपने विद्यालय का आभारी हूँ कि उन्होंने मुझे यह अवसर प्रदान किया और एक महान व्यक्ति के बारे में सीखने और सिखाने दोनों के बारे में बताया। धन्यवाद!

अशित रंजन, 7-ए

मेहनत का कोई विकल्प नहीं

मेहनत, यह एक ऐसा शब्द है जो हमारे जीवन में सफलता की कुंजी है। मेहनत के बिना कोई भी लक्ष्य हासिल नहीं किया जा सकता, चाहे वह कितना भी छोटा क्यों न हो। मेहनत करने वाले लोग ही अपने सपनों को पूरा कर पाते हैं और जीवन में आगे बढ़ते हैं।

मेहनत का अर्थ सिर्फ शारीरिक काम करना नहीं है, बल्कि यह मानसिक और भावनात्मक प्रयास भी है। जब हम किसी लक्ष्य को हासिल करने के लिए पूरी लगन और समर्पण के साथ काम करते हैं, तो उसे मेहनत कहते हैं। मेहनत करने से हमें न केवल सफलता मिलती है, बल्कि हमारा आत्मविश्वास भी बढ़ता है। मेहनत के कई फायदे हैं। यह हमें मजबूत बनाती है, हमें चुनौतियों का सामना करने के लिए तैयार करती है, और हमें अपने लक्ष्यों को हासिल करने के लिए प्रेरित करती है। मेहनत करने वाले लोग कभी हार नहीं मानते, वे असफलताओं से सीखते हैं और आगे बढ़ते हैं। दूसरी ओर, आलस्य और नकारात्मकता में हमें पीछे धकेलते हैं। जब हम मेहनत नहीं करते, तो हमें अपने लक्ष्यों को हासिल करने में मुश्किल होती है, और हम असफल हो जाते हैं। इसलिए मेहनत को अपने जीवन का हिस्सा बनाना बहुत जरूरी है।

मेहनत को अपने जीवन का हिस्सा बनाएं और अपने सपनों को पूरा करने के लिए काम करें। मेहनत को कोई विकल्प नहीं है।
