

## Earth Day Celebrations

Earth Day was enthusiastically celebrated on 22<sup>nd</sup> April 2026 at **St. Nursery School** with a variety of engaging activities. A special assembly was organized to spread awareness about the importance of conserving and protecting our planet. The children recited poems and sang songs dedicated to Earth Day, expressing their love and care for nature. The school was adorned with colourful posters carrying meaningful slogans about saving the Earth.

Students also showcased beautiful crafts based on the theme of caring for our planet. Adding a hands-on learning experience, students of Classes 1 and 2 sowed seeds in pots and proudly took them home, promising to nurture them.

The young SNS learners actively participated by watering plants and understanding the importance of keeping their surroundings clean and green. The celebration concluded with joyful dances to cheerful Earth Day songs, making the day both fun and educational.
