

St. Karen's Collegiate School Patna

Dear Parents and Students,

It has been an unusual school year so far but at St. Karen's Collegiate School we have tried our best to keep the learning process going. At St. Karen's Collegiate School, we are dedicated to help students stay on track with their virtual classes and exams. It is our mission to see that all our students do very well.

Our teachers are striving hard to maintain and improve our students' readiness for learning at home. I am hopeful of a smooth journey throughout till the end of this school year.

I thank the parents who have always encouraged us and supported the decisions we have taken to manage the pandemic inflicted situation.

I am grateful that I'm able to serve such an amazing group of students, parents, teachers and staff.
