PROJECT WORK

Activity 1

Covid-19 pandemic has affected the whole world in a number of ways, from changing our lifestyle to the way we think. This virus has definitely locked us down but has given us ample amount of time to think and nourish our mindsets.

With the help of the Questionnaire conduct a survey with at least 3 persons belonging to different age structures and different backgrounds. Make a report and analyze from their responses – How Covid – 19 has brought some positive changes in their Physical and Mental Health.

1. Are you happy, as now you are spending a lot of time with your family members during the lockdown? What changes it has brought to you?
2. Have you developed new healthy eating habits? Name it.
3. Do you feel that being at work you tend to ignore yourself and your health but now you are having your ‘Me time’? How do you spend it?
4. Have you adopted any new healthy habits in your daily routine to improve your health and wellness? What are those (Yoga /meditation/games)?
5. Have you adopted any new hobby? What is it?
6. Do you feel that maintaining a hygienic life is important and stop the spread of COVID 19?
7. Do you miss going out? What have you done to stop yourself from going out?

Activity 2

Resources are rare, yet very important.

During Covid-19 lockdown you must have noticed that only essential items are bought by you and your family.

List down the goods (any 5) which are luxurious and were bought by you and your family before lockdown but not during the lockdown and Divide

the items into 2 categories: Necessities and Luxuries.(can stick pictures also)

Make an analysis why it is important to spend money rationally and carefully on the resources. (Discuss in 80 - 100words)

COMPUTER

1. Students will write all the contents and assignments from the beginning of the session
(04 April 2020) in the fair copy.
2. Students will first write the content followed by the assignment of that content. Then next content followed by its assignment and so on.
3. There are total 16 contents and 16 Assignments in Computer subject.
4. Write the notes and assignments neatly and legibly.
5. Draw all the related figures or tables on the plain side of the copy.
6. **Copies and project marks** will be added in the internal Assessment.

Holiday Homework

1. Write the rules to multiply two binary numbers.
2. What are the rules to convert a decimal number into a binary number?
3. How is advanced filter different from filter?
4. State the difference between a field and a record?
5. What is the use of sorting feature in Excel?

Project Work

1. Make a project file on **Computer Arithmetic** (Addition, Subtraction, Multiplication and Division). Write the rules of each Arithmetic and two examples of each.
2. Make a project file describing the following:-
 - Write the steps to add **Form** option on the **Quick Access Toolbar**.
 - Write the steps to add a **new record** in a Form.
 - Write the steps to **search a record** with Form.
