BLESSINGS FROM THE PROVINCIAL

Respected Fathers, esteemed faculty members, dear students, and distinguished readers,
It is with immense pride and joy that I extend my heartfelt greetings to the students, faculty, and Jesuit community of this esteemed institution. Jesuit education has long been synonymous with excellence, character formation, and a deep-rooted commitment to service. In the culturally rich

and historically vibrant land of Rajasthan, where traditions meet modern aspirations, the pursuit of creativity and innovation holds the key to shaping visionary leaders who will transform society with wisdom, courage, and compassion. Creativity and innovation are not merely tools for academic or technological advancement; they are fundamental to the very essence of human leadership. Leadership, when rooted in ingenuity and driven by ethical principles, can uplift communities and redefine the future. As students of Jesuit education, you are called to embrace the magis—the greater good—by developing an inquisitive mind, a compassionate heart, and an unwavering commitment to justice and excellence. Rajasthan, known for its artistic heritage, architectural marvels, and rich traditions, has always been a beacon of ingenuity. From the grandeur of the palaces of Jaipur to the intricate designs of Jodhpur's textiles, the spirit of creativity has thrived for centuries. In today's rapidly evolving world, it is imperative that we integrate this heritage with contemporary innovations to address the challenges of the present and shape a brighter tomorrow. As a Jesuit school, you are privileged to be part of an educational tradition that encourages holistic learning, critical thinking, and a strong moral compass. Creativity and innovation flourish when students are given the freedom to think beyond boundaries, experiment with ideas, and find solutions that serve humanity. It is through this mindset that you will become leaders—not just in your careers, but in society at large. The world today stands at the crossroads of change, facing global challenges that require bold and innovative leadership. Climate change, technological disruption, social inequality, and ethical dilemmas demand leaders who can think differently, act with integrity, and inspire change. Your journey in this institution is a preparation for such a leadership role. By fostering a spirit of creativity, you will be equipped to find novel solutions to these pressing issues. By embracing innovation, you will bring about transformation. By anchoring your efforts in the values of justice, compassion, and service, you will lead with a purpose greater than yourself.

To the educators and mentors who guide these young minds, I extend my deepest appreciation. Your role in nurturing curiosity, encouraging critical thought, and instilling values is indispensable. The foundation you lay today will define the leaders of tomorrow. Continue to create an environment where students feel empowered to challenge conventions, explore new ideas, and develop a vision for a just and progressive society.

As we move forward, let us remember that leadership is not about power or position, but about service and responsibility. Creativity and innovation are not limited to science labs or art studios; they must be embraced in every sphere of life. Let the spirit of Rajasthan's rich heritage, combined with the Jesuit mission of education and service, inspire each of you to lead with conviction, innovate with purpose, and contribute to a world that values humanity above all.

May this institution continue to be a crucible of transformative education, shaping young minds into leaders who will leave an indelible mark on the world. May your journey be filled with the light of wisdom, the fire of creativity, and the passion for human leadership.

God bless you all!

FROM THE MANAGER'S OFFICE

Dear well-wishers and students

I am happy to have the annual magazine of our school in my hands of the academic year 2024-2025. This colorful and insightful presentation gives us a glimpse of the vibrant academic and co-curricular school year just gone by. Now, A new edition of our school magazine is in our hands. This magazine, I am sure, has recorded the memorable experiences

and highlights of the past year for us to recall for years. At the onset, let me congratulate the editorial team and the students who have contributed well with their creative write-ups.

Xavier's is faithful to its legacy and ethos. We know our nation will have 'Aache Din' if five star schools and dummy schools refrain from running educational institutions on commercial lines alone. Equal opportunity to education and education for all is a far cry. On its part, Xavier's provides quality education and concession to the less privileged students. A year ago, Xavier Outreach Program started, which educates the less privileged children by running non-formal centers. As we live in a progressive world where change and growth are unimaginably fast, many lag behind. Unfortunately, many are not the beneficiaries of such growth and left out in the path of advancement. Has anyone got time for the less privileged?

Let us make education system student and environment friendly. Focus in education may fall on the overall development of a person with moral values engraved in it. Let our heart and minds be schooled in love and service having concern for the environment and others. Learn to unlearn; let knowledge illuminate our minds and hearts to a sublime reality of life-existence.

Wish you a happy reading. Thank you for being part of the education process.

"Learn from yesterday. Live for today. Hope for tomorrow." - Albert Einstein

Each child is born with a unique gift, talents, personality and style. They think and feel differently than others do. Their likes and dislikes are not exactly the same as other people. The unique personality of the children is Shaped by the environment in which the children are brought up.

Parents, teachers, society and school play an important role in influencing the all-round growth of the children. The best education does not happen at a desk but rather engaged in everyday living hands on, exploring, and forming an active relationship with life. As an educator, the ultimate gift we can give the world is to grow our tiny humans into adult humans, who are independent thinkers, compassionate doers, conscious questioners, radical innovators and passionate peacemakers. Our world does not need more adults who blindly follow the crowd.

As Albert Einstein once said, ***"The person who follows the crowd will usually go no further than the crowd. The person who walks alone is likely to find himself in Places no one has ever seen before"***.

The call of the time is to awaken their imagination, enhance their creativity, hone their critical thinking and enable them to innovate and invent. We may have a lot of differences but we should be grateful for all these differences. Things would be pretty boring if everyone was the same. Our differences make the world a very interesting place. Many people who have made the greatest difference in the world were very, very different themselves. So just be true to yourself, be a good person and treat others the way you would like to be treated. Learning is a lifelong enriching journey. We are the founders of our future and collectively the beacon of hope for the betterment of our world.

Nurturing Young Minds: A Year of Joyful Learning

This year has been an extraordinary one for our Nursery and Pre-Primary division, filled with new beginnings, joyful learning, and countless achievements. A key highlight was the successful launch of Balvatika I, II & III, signifying a new phase in our dedication to early childhood education. This initiative has provided our youngest learners with a stimulating and nurturing environment, ensuring a smooth transition into formal schooling.

Our method of education emphasized comprehensive growth, blending academics with creativity, play, and practical experiences. By utilizing interactive storytelling, sensory learning, music and movement, and exploratory tasks, we nurtured curiosity and self-assurance in every child. The little ones enthusiastically engaged in thematic learning sessions, color-themed days, festival festivities, and costume competitions, transforming every moment into a delightful experience.

The foundation of our curriculum is centered around physical and social growth, featuring Sports Day, role-playing exercises, and collaborative games enhancing motor skills, teamwork, and communication skills. Our dedicated teachers implemented creative teaching methods, making certain that each child learns in a manner that is captivating, enjoyable, and meaningful.

As we reflect on this incredible journey, we take pride in the progress our young learners have made and appreciate the unwavering support of our parents and guardians. Their laughter, enthusiasm, and eagerness to explore the world around them inspire us every day. Moving forward, we remain committed to providing a warm, inclusive, and stimulating learning environment where children can thrive, dream, and build a strong foundation for the future.

With heartfelt wishes for continued success.

FROM THE ACADEMIC COORDINATOR

Dear Readers,

"The purpose of education is to replace an empty mind with an open one."

As an academic coordinator, it's my duty to ensure that every child/ student and every teacher gets support and a conducive environment for learning, so that everyone may succeed and grow. As we all know our school is committed to provide a holistic education, where not only academic but personal growth is also given full attention.

In today's fast-paced world, where people are becoming self-centered and selfish, involving in cut-throat competition, here in St. Xavier's, we teachers and management are trying our best to instill values and preparing 'Men and women for others.' As a teacher I have been trying to maintain academic standards as well as an atmosphere of collaboration, creativity and curiosity.

I always believe in my students as I know you are our future leaders who are 'World citizens' with an ideology of 'Vasudhaiv Kutumbkam'. As it is known to all that true education is not teaching - learning some books, while its motto is to prepare the young adults with open mindedness. So let's support and inspire each other.

SCHOOL HEAD BOY'S MESSAGE

As I stand on the threshold of a new chapter, I take a moment to reflect on the incredible journey I've shared with all of you. It's hard to believe that my time as Head Boy has come to an end.

I want to express my deepest gratitude to each and every one of you – Fathers, Sisters, teachers, maintenance staff & my fellow students for your unwavering support and encouragement. Your kindness, guidance, and trust have meant the world to me.

As I look back on my time at this school, I'm filled with memories of laughter, friendship, and growth. From the thrill of winning competitions to the quiet moments of self-discovery, every experience has shaped me into the person I am today.

प्रिय विद्यार्थियों,

आप सभी इस देश का भविष्य हैं। आपके सपने, आपकी मेहनत और आपका संकल्प ही इस समाज को नई ऊंचाइयों तक ले जाएगा। जीवन में कठिनाइयाँ आएंगी, असफलताएँ भी मिलेंगी, लेकिन याद रखिए - हारने वाले नहीं, बल्कि कोशिश छोड़ देने वाले पीछे रह जाते हैं।

सफलता का कोई शॉर्टकट नहीं होता। सच्ची मेहनत, अनुशासन और ईमानदारी ही आपको आपके लक्ष्य तक पहुँचाएंगी।

आज का युग तकनीक और तेजी से बदलती दुनिया का है। आपको हर दिन कुछ नया सीखना होगा, खुद को विकसित करना होगा और हमेशा अपने सपनों के प्रति समर्पित रहना होगा। लेकिन इस दौड़ में अपने संस्कारों, अपने परिवार और अपनी मानवीयता को कभी मत भूलिए।

वैज्ञान और तकनीक जितनी भी आगे बढ़ जाए, अंत में जीत उसी की होती है जो अपनी जड़ों से जुड़ा रहता है और सच्चे मूल्यों के साथ आगे बढ़ता है।

अपने जीवन में कभी भी छोटा मत सोचिए। बड़े सपने देखिए और उन्हें पूरा करने के लिए पूरी ताकत झोंक दीजिए। असफलता आपको मजबूत बनाएगी, संघर्ष आपको निखारेगा और एक दिन आपकी मेहनत आपको आपकी मंजिल तक जरूर पहुँचाएगी।

अपने जीवन की हर चुनौती को एक नए अवसर के रूप में देखिए, खुद पर विश्वास रखिए और अपने माता-पिता व गुरुजनों का आशीर्वाद लेकर निरंतर आगे बढ़ते रहिए।

आप सभी उज्ज्वल भविष्य के निर्माणकर्ता हैं। मेहनत, ईमानदारी और सच्चाई के साथ आगे बढ़िए और इस दुनिया में अपनी एक अलग पहचान बनाइए।

सदैव उज्ज्वल भविष्य की शुभकामनाएँ!

IN CONVERSATION WITH FR. Anishraj, SJ

Q. Could you share some details about yourself and your family? What inspired you to join the Society of Jesus?

Fr. I am from Tamil Nadu and come from a simple, middle-class family. My father is a fisherman, and my late mother was a homemaker. I have a sister who is married and settled in Saudi Arabia with her family. Despite our hand-to-mouth existence, my childhood was filled with happiness and warmth. My mother was a deeply pious and prayerful woman who nurtured a spiritual atmosphere in our home. The disciplined life of my parents inspired both my sister and me to live up to their expectations. I fondly remember how the people in our village would use our names as examples while guiding or reprimanding their children.

My strong inclination toward prayer and my simple lifestyle led me to actively participate in various church activities. I was always fascinated by the life of a priest, and this innocent childhood admiration gradually turned into a deep-seated desire to become one. As a child, I often heard stories of St. Francis Xavier and the miracles he performed, which left a lasting impression on me. At the time, I did not realize that he was a Jesuit. However, I aspired to be like him. As I grew older, I came to learn about the Jesuits and the immense respect they commanded among the people due to their missionary work. This realization awakened a strong calling within me—to follow in their footsteps and serve as a missionary, bringing hope and aid to those in need. This conviction ultimately led me to join the Society of Jesus.

Q. How do you see the school evolving in the next five years?

Fr.: Growth is a continuous journey, not a destination. I have witnessed tremendous progress in our school since my time here as a brother. Over the next five years, I envision our school transforming into an epicentre of academic excellence, moral integrity, and holistic education. I aim to see greater integration of technology in the teaching-learning process, making education more interactive, accessible, and innovative.

At the same time, it is essential to remain deeply rooted in our values, shaping students who are not only intellectually competent but also socially responsible and spiritually grounded. I want to foster an inclusive environment where differences are embraced and appreciated, allowing us to learn from one another. Additionally, I hope to see stronger collaboration among students, teachers, and parents, ensuring that our school continues to nurture well-rounded individuals who contribute meaningfully to society.

Q. As a leader, how do you stay motivated and focused on your goals?

Fr: As a leader, my motivation comes from my faith and the belief that my work is part of a larger mission. Daily prayer and reflection help me stay centered and focused on my purpose. I also find inspiration in the progress and success of my students, as well as in the dedication of my fellow teachers and staff. I believe it is unwise to take oneself too seriously—no one is invincible. We all share a common mission, and collaboration with trustworthy people who share the same vision strengthens my resolve. Even the most talented and intelligent individuals make mistakes, while sometimes the simplest and most humble people achieve extraordinary things. Anyone can complete tasks, but it is not just about getting work done—it is the integrity and sincerity with which we do them that truly matter. This belief keeps me grounded. I try to set clear, achievable goals and constantly remind myself that the ultimate aim is to serve and uplift others. The challenges we face only strengthen our determination to lead by example and guide the community toward our shared objectives.

Q. If you could give a piece of advice to students, teachers, and parents, what would it be?

Fr: To students: Work hard, stay curious, and never lose sight of your values. Be compassionate toward your parents, teachers, and fellow students. Education is not just about gaining knowledge but about becoming a person of integrity and kindness.

To teachers: Remember that you are shaping the future. Teach with dedication, inspire through your actions, and continue to learn and grow alongside your students. Never stop learning—whether from your students, colleagues, or new experiences.

To parents: Be present in your children's lives, support them, and trust the educational process. Your involvement and encouragement are crucial to their success.

A child's education is a partnership between students, teachers, and parents. When we work together, we create an environment where every child can thrive.

Q. When you transfer to a new school after some time, do you struggle to adapt to the new environment?

Fr: Biologically, our bodies and minds are wired to resist change. We tend to get comfortable with the status quo, whether it is good or, surprisingly, even if it is bad. However, as the ancient Greek philosopher Heraclitus aptly put it, "Change is the only constant." Embracing this reality can be liberating, allowing us to adapt, grow, and evolve in the face of life's inevitable transformations. Yes, transitioning to a new school comes with its challenges, but I see these as opportunities for growth and learning, offering a fresh perspective. Every school has its own culture, traditions, and community dynamics, along with its own sociological uniqueness. It takes time to understand and adapt. Building trust and rapport with new students, teachers, and parents is a priority for me in such situations. However, my faith and experience guide me through these changes. I approach each new assignment with an open mind and a willingness to learn from others. The diversity of these experiences enriches my perspective and strengthens my commitment to my mission of education and service.

ECHOES OF XAVERIANS

SHEETAL JANGID FASHION DESIGNER – MYNTRA

Xavier's was not just a school but my second home. Now that I think of it, my world revolved around that place, going to school in the morning for studies and for sports in the evening.

Everyone around me made sure that I knew I was talented and that I could achieve whatever I set my mind to.

The faculties were utmost cooperative, encouraging me to explore, learn and grow. I wouldn't have wanted my childhood to be spent any other way.

Thank You Xavier's, very grateful for the fun-filled childhood that you gave me.

जिन वृक्षों को बचपन में पानी नहीं मिलता वे अक्सर जवानी में ही सूख जाते हैं। अपना बचपन इस तरह जीना की तुम्हारे बुढ़ापे की झुर्रियाँ भी तुम्हारी जवानी की गुस्ताखियाँ याद करके मुस्कुरा उठें। याद रखना अपने उसूलों से किया गया समझौता हमेशा घाटे का सौदा रहता है। हाँ इस रास्ते पर परेशानियाँ होंगी, लेकिन परेशानियाँ ही तो जिंदा होने का सबूत हैं। यह जीवन तुम्हारा कुरुक्षेत्र है और तुम इसके पार्थ।

THE LITTLE ANT

Little ant loves to read.
Little ant is often teased.
Ants don't read;
Ants must feed.
Ants collect the food they need.
But Little ant just reads all-day,
In the garden on the tree,
Under the leaf near the bee.
He reads and reads the day away,
While the other ants take wheat, they find
To store for wintertime.

WOMEN EMPOWERMENT

When I say "Women Empowerment", I mean empowering their souls and their confidence.
Don't tell her that no one will be able to hurt her because you are there; she has the strength to protect herself. Don't ever try to manipulate her freedom. You need not empower her; she will do it on her own. Just stop handicapping her time after time. Don't stop her - let her go, give her freedom and justice. She will be empowered.

WHAT MAKES THE MOTHER?

M - 'Millions of things' she gives me.
O - 'Ocean of Love' she offers me.
T - 'Tears' she shed to save me.
H - 'Heart' as pure as gold
E - 'Eyes' full of love and affection.
R - 'Reverence' I extend to her.

-Khushi, 2 C

MOTHER

The whole universe lies within a single magical word 'Mother'. Even Newton's law of 'Action & Reaction' fails before her. She sacrifices her dream so that our dreams come true. She stays awake at night so that we can sleep. She always thinks of our welfare, so that in the future we need not make a fuss. She sacrifices all her comforts to make us comfortable. Each night, she tells me stories. Her heart is of pure gold. I pray to God that she never gets old. For everything I am today, my mom showed me the way.

Addition, subtraction, and multiplication,
All are becoming my addiction.
It is fun to play with the entire math's logic,
But sometimes it becomes tragic
Divisibility makes me dumb,
HCF and LCM make me numb

Please let me know, who invented this, Math?

ABOUT MATH

Numbers, numbers all around,
everywhere they can be found.

Numbers tell how old I am
and how many people are in my family.

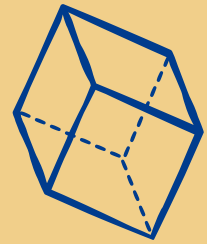

They tell how much and who,
where I live and that's not all!

Numbers are a part of me
Money, time and history.

They tell to wake up, when to eat and
What size shoes to buy for my feet.

They tell how much money something costs,
If numbers were not a part of me,
I wouldn't know these things.

The school campus was transformed into a winter wonderland with sparkling fairy lights, Christmas trees, stars, and beautifully crafted decorations prepared by students.

The program commenced with a prayer service led by the school choir, spreading a message of peace, joy, and harmony. A dance drama "Harshmay Christmas" depicting the birth of Jesus Christ and the real meaning of Christmas—the joy of giving and sharing—was the centrepiece of the event, performed with grace and devotion. Following this, there was a surprise entry of Santa Claus, who danced, played, and distributed sweets and gifts among the children. Rev. Fr. Packiam, the Principal, addressed the gathering with warm wishes, reminding everyone of the essence of Christmas—love, sharing, and giving.

In the afternoon session, the entire school staff and maintenance team gathered for a short Christmas celebration where gifts were exchanged, melodious carol songs were sung, and a delicious lunch was shared. On December 19, a short Christmas program was conducted for all the drivers, where they were felicitated for their dedication and support to the school.

The celebration left an indelible mark on everyone's hearts, spreading the true spirit of Christmas across the school.

HALLOWEEN NIGHT WHEN THE WITCHES RUN

There was an old witch, believe it if you can.
She tapped on the windows, and she ran, ran, ran.

She ran helter-skelter with her toes in the air,
Cornstalks flying from the old witch's hair.
Swish goes the broomstick, meow goes the cat,
Plop goes the Hop-Toad sitting on her hat.
"Whee", "chuckled", "What fun, What fun!"
Halloween night when the witches run!

Rattles goes the skeletons in running down the lane,
And the spooky tree taps the window- pane.
"Whee", chuckled the witch,
"What fun, What fun!"
Halloween night when the witches runs!

Jaggle of the Rusty chains the monster drags along,
And bats go search for their Halloween song.
"Whee", chuckled the witch,
"What fun, What fun!"
Halloween night when the witches runs!

-Mahatma Gandhi

Our environment has given us so many things; it has given us the things that we all use in our daily activities. But what do the humans give them in return? We just cut the trees and follow the process of animal- poaching. Is this our duty? Of course not. We should try to save our planet mother Earth, by searching for solutions to stop pollution.

Nature is not a place to visit; it is our home. Nature is an art in itself.

I get scolded at times by your mere speculations.
But I know, my success is the one that you desire.
I long to give you that pleasure, mother!

Days which are swept away by the veil of darkness,
you cherish with your smiles, mother.
My failures you help me combat and my efforts you would.
No one can replace our bond.

EXPLORING XAVIER'S CAMPUS: A DAY OF ENCHANMENT

5th August, 2024, Our English teacher gave us an activity to write about the nature and its wonders, we were divided into 3 groups to explore our campus. The route given to group 1, i.e. my group, was from classroom, Via canteen, to the basketball court and back to the classroom. This activity, certainly, increased our observation skills, aesthetics concept and made us grateful for the nature and its embrace.

As the leader of Group 1, I embarked on an enchanting journey through Xavier's campus. The air was crisp, and the weather played its part beautifully. Let me take you on a vivid tour:

Canteen and Its Aroma: The canteen beckoned with tantalizing scents—delicious food wafting through the air. The menu promised culinary delights, and our taste buds eagerly anticipated a feast.

Nature's Embrace: Xavier's campus embraced us with lush greenery. Neem and Arjun trees stood tall, their leaves rustling in the gentle breeze. Pretty pink and white flowers adorned the landscape, adding splashes of colour.

Cleanliness and Neatness: The grounds were immaculate—clean pathways, neatly trimmed lawns, and red dustbins shaped like friendly figures. Even the lost and found box seemed to hold secrets waiting to be discovered.

Playgrounds and Playful Moments: Children's laughter echoed from the playgrounds. Slides, swings, and a yellow playing area invited us to relive our carefree days. Nearby, a basketball court echoed with the sound of dribbling balls.

Statues and Archways: St. Francis Xavier's statue stood as a silent sentinel near the school gate. Archways proudly displayed slogans like "I love Xavier's" and "Proud to be Xavierite's."

Wild and Tamed: Beyond the playgrounds, we encountered a zoo—a collection of animals in cages, a treat for curious students. Meanwhile, an uncle meticulously mowed the lawn, blending the wild and the tamed.

Whispers of Mystery Under the Canopy: As we ventured further, we stumbled upon a secluded area—a hidden gem sheltered by a canopy on both sides. Sunlight filtered through the leaves, casting dappled shadows on the ground. Here, rumours swirled like fallen leaves, and the air held a touch of mystery. Was it truly haunted, or did imagination play tricks on us? Perhaps it was a place where secrets whispered to those who dared to listen.

Everyday Details: Exhaust fans hummed, didis (aunties) diligently cleaned, and the stationery shop offered pencils, books, and dreams. Quotes adorned the walls, inspiring us as we moved through the campus.

And so, we lingered, caught between curiosity and trepidation. The uncle in the purple shirt, now a sage of the shadows, nodded knowingly. He, too, had felt the pull of this enchanted space. Perhaps he held the answers, but he remained silent, savouring the mystery.

As we emerged back into the sunlight, we carried with us the thrill of the unknown. Xavier's campus had revealed its hidden heart, and we vowed to return—to listen, to explore, and to unravel the whispers that danced beneath the canopy.

MAKAR SAKRANTI

Makar Sankranti is celebrated every year on January 14th, the day after Lohri and the first day of Pongal. In my region, there is a belief that the person who wakes up early and bathes first will become a king or queen, while the one who bathes after sunrise will become a beggar. On Makar Sankranti morning, Dal Churma, a famous dish from Rajasthan, is prepared and enjoyed by people. Children, adults, and elders all partake in flying kites, and the sky is filled with them, especially in places like Ahmedabad and Jaipur. In Rajasthan, children spend the day playing with marble balls. Women and others enjoy eating Til ke Ladoo, Gajak, and peanuts while basking in the sunlight. On this day, people also love to donate warm clothes, Gur, Til, Urad, and other such items to the underprivileged.

TRUE HAPPINESS

Happiness is a state of mind that everyone wants to acquire. Whether he is prince or pauper, a scholar or a farmer. What actually is happiness? It is a state where one is free from trouble and enjoy the peace. There are different ways of reaching this state. Having a good bungalow and a car may raise our status but is it happiness? One may have a good wealth but that can give happiness for a shorter period. Things of material value cannot give us happiness. They can only provide pleasure. Happiness lies in extending your helping hand to the poor and needy. This gives you satisfaction and fills you with a sense of achievement. True happiness lies in service to humanity.

TIME IS A GOBBLER

It was a beautiful journey,
From being a teen to a sweet toddler,
But I noticed that time is a gobbler.

When I was three,
I started to remember some incidents,
From naughtiness to school events.
But time, being a gobbler,
Tried to make me forget them.

When I became five,
I started to stutter.
My wings of education grew,
I started them to flutter,
But time was a gobbler,
It made me forget that I had to do better.

When I became seven,
I thought this sweet world was a heaven.
Mistakes and imperfections were uneven,
But time, who was a gobbler,
Made me do many silly mistakes.

When I reached nine,
My stuttering got much better.
My life was still full of happiness,
But time gobbled up all,
And made me think deeply, more or less.

When I was eleven,
The Covid pandemic shocked us all.
It made my percentage fall,
But time ate it up,
Just like water filling in a cup.

Now I am thirteen,
A sweet, smart and beautiful age of teen.
I want to go through again what I have been,
To know more, I am always keen.

As for time, it is a bad gobbler,
It tried to make me forget
What my aim is and sweet memories.
It is a funny gobbler,
It created special situations
It made me go through many complications.

But it will be difficult for it,
To make me forget the childhood memories of mine,
As they were superhit.

VOLUNTEERING..... 'A BEAUTIFUL JOURNEY'

Volunteering has been an eye-opening journey for me. Over the past few years, I've had the opportunity to participate in numerous activities as a volunteer where I supported both teachers and students. Whether it was helping organize events like Xavier Milan, annual day, Sports day, assisting teachers with their tasks, or working with my fellow students on projects, each experience has been unique and enriching.

Through volunteering, I've learned to:

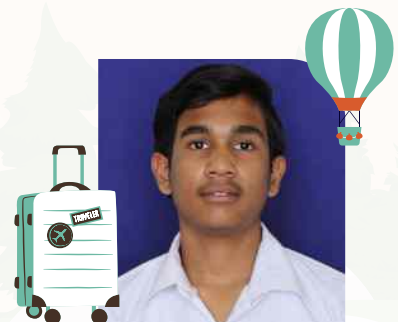

- Work as a team, sharing responsibilities and ideas.
- Appreciate the hard work and dedication that teachers put into planning and guiding us.
- Empathize with others by seeing things from their perspective.

What I found most fulfilling was the happiness that came from helping others. Even a small contribution, like explaining a topic to a classmate or arranging chairs for an event, gave me immense satisfaction. It's a joy that no reward or recognition can match.

Volunteering has also taught me patience, leadership, and the value of community. Most importantly, it has shown me that when we come together to help one another, we create a positive and inspiring environment for everyone.

I encourage all of you to explore the joy of volunteering. Whether it's a small act of kindness or a bigger initiative, every effort counts. Let's make a difference in the lives of others and, in turn, discover the best version of ourselves.

LAMP IS LOW

There was a light that softly glowed,
A warmth that called, a path to go.
I stood before it, eyes full of doubt,
Afraid of what I might find out.
It flickered bright, then dimmed with time,
Like distant stars in silent rhyme.
But I stayed still, and watched it fade,
A chance I missed, a moment delayed.
The light grew weak, then lost its flame,
And I was left, alone in blame.
The warmth I knew, the hope I chased,
Now vanished, gone without a trace.
I long for that light, to feel it near,
But regret is all that lingers here.
The path I could have walked, now lost,
A fading light, a silent cost.

LIFE IS BETTER WITH NATURE

I love the song of birds
so early in the morning.
I like the sound of puppies
Soon after they are born.

I love the smell of flowers
and the taste of honey from bees.
I love the sound of wind
when it's blowing through the trees.

I love the way the sky
Looks on a bright and sunny day,
and even when it's rainy,
I love this shade of grey.

I love the moon
that shines so bright.
I love this sound of cricket,
and other creatures of the night.

So, when I lie down to sleep,
I thank the lord above
for all the things of nature and more-
all the things that I love.

WHY NOT A GIRL

People pray for a boy, not for a girl.
They want a man, not a woman.

But, in need of education,
They go to goddess Saraswati,
In need of money,
They go to goddess Lakshmi,
In need of courage,
They go to goddess Durga.

Now, why do they hesitate
To respect the Devi in their "Family"?

Nature and Winter

The flowers which bloom in winter;
Are covered with white snow.
Sun which rises in winter,
Gives us warmth and glow.

In early morning when birds chirp:
Making us feel better.
Everyone gets mesmerised
When they chirp in such a manner.

Winter comes with cool breeze:
And people sit near the hearth.
The flowers which bloom on trees
Get covered with white snow and freeze.

"Journey from an Apprentice to Artist"

Hi, this is Saanvi Singh from 9thC who discovered an artist in her. We all have hobbies and we all have some field, we just need to find this interest. Art helps me concentrate in whatever I do, as it requires patience and presence of mind. Instead of watching T.V, using mobile phone or scrolling through social media, I love drawing whenever I have free time. It needs time and paternal support which I received the most by them.

I first started learning Mithila Painting (Madhubani Painting) in 7th grade. It is done on handmade sheets, jute and silk bags, purses, scarves, cotton kurtis, cushion covers, bedsheets, etc.

In 2023, I started with sketching and making portraits. It helped me a lot as it improved my symmetry in rough sketches at once. I love sketching as it brings pictures into life and the joy I feel after completing one portrait is immense.

To the young art lovers, drawing or art is not just a hobby. It helps you sharpen your mind, change your perspective, broaden your horizon and look for the finest details in things. People often say it is a waste of time but never listen to them and follow what your heart says.

Nature

Nature is the beauty of the earth,
The beautiful components are watching worth.

The trees that stand tall,
The refreshing sunlight that crawls.

The lakes and serene oceans,
The tremendously falling rainwater are
like potions.

The mountains with elevated lands and snowballs
raining,
Beautiful slowly skies, and cold breezes are
experiences worth gaining!

Hot summers with peaceful beaches, palm
trees and oceans,

Warm blow of breeze that beaches.

Magnificent is Nature's elegance,
God has mastered the word

With the inspiring motto, "Bearers of Hope, Builders of Tomorrow," the event showcased the spirit of teamwork, innovation, and community. Along with the 208 students and 18 accompanying teachers from all eight schools of the Delhi Jesuit Province, the organizing teams, volunteers, Fathers, and Sisters also witnessed this grand program.

Rev. Fr. Soosai Mani, S.J., the Provincial of the Delhi Jesuit Province, graced the opening ceremony of the event as the Chief Guest. He was joined by Fr. Dominic Arockiam, S.J., the Province Coordinator for Education, as the Guest of Honor, along with the Principals and Vice Principals of other St. Xavier's schools from Punjab, Delhi, and Rajasthan.

The students from different schools were grouped into eight vibrant teams— Alpha, Canopus, Orion, Pictor, Rigel, Spica, Ursa, and Vega. They participated in a variety of academic, cultural, and sports competitions, reflecting the values of collaboration, discipline, and excellence. Each event was designed to nurture creativity, leadership, and teamwork among the participants.

Each day began with soulful meditation and Zumba exercises to prepare the participants for the day's activities. The children actively participated in various activities, spreading the message of creating a sustainable world for humanity through their dance-drama performances. They also enjoyed delicious meals and lively Footloose DJ nights, a perfect way to unwind after the day's tiring yet joyful activities.

The Xavier Milan event is a reminder of the shared vision and mission of Jesuit education—to prepare men and women for others—and indeed, it was well executed during Xavier Milan-5, 2024.

Xavier Milan 5 was successfully concluded as a memorable occasion, reinforcing the spirit of unity and hope while laying the foundation for a brighter future.

मैं नन्हा बच्चा

मैं छोटा-सा नन्हा बच्चा,
कितने काम करूँ ?
छोटे-छोटे कंधों पर मैं,
कितना बोझ धरूँ ?
मम्मी मुझको जल्दी उठाती,
टीचर बहुत पढ़ाती,
थक जाती है उंगली मेरी,
मैडम इतना लिखवाती ।
छोटे-छोटे हाथों को मैं
कितना परेशान करूँ ?
मैं छोटा सा नन्हा बच्चा,
कितना और सहूँ ।

मेरा स्कूल

मेरा ऐसा स्कूल बना दो ,
उसमें झूले चार लगा दो ।
उछल - उछल कर दिन भर खेलूँ,
खिलौनों का अंबार लगा दो ।
थोड़ा पढ़ लूँ थोड़ा लिख लूँ,
मुझको ना कोई भी सजा दो ।
ढेरों अच्छे दोस्त बनाऊँ,
उनको नए-नए खेल खिलाऊँ ।
सबसे सुंदर सबसे अच्छा
मेरा सपनों का स्कूल बना दो ।

मम्मी पापा की सीख

पापा देते सीख हमें,
मम्मी देती सीख ।
फोन देखना बेवजह,
होता नहीं है ठीक ।
आँखों पर होता असर,
दिमाग होता कमजोर ।
अफसर बनना है तुम्हें,
अच्छे से पढ़ लिख ।
पापा देते सीख हमें,
मम्मी देती सीख ।

नेताजी सुभाष

राष्ट्रभक्ति का उन्माद लिए ,
भारत माँ की फरियाद लिए ,
बस एक भरोसा खुद पर था ।
वह निकल पड़ा मंजिल की ओर,
आजादी का संवाद लिए ।।

अंग्रेजों पर आक्रोश घना ,
जय हिंद मूल उद्घोष बना ,
छोटा-सा सुभाष वह मतवाला,
नेताजी सुभाष चंद्र बोस बना ।।

भारत माता को नमन किया ,
अंग्रेजी तंत्र का दमन किया ,
दिल्ली चलो का नारा देकर ।
आज़ाद हिंद का गठन किया,
वह दूर देश में बैठा था ,
वहीं से भारत को स्वतंत्र किया ।।

आज़ाद हिंद की वर्षगांठ पर
लाल किले पर झंडा फहराया था ।
23 जनवरी सन 2021 में
पराक्रम दिवस मनाया था
कर्तव्य पथ का नामकरण कर
अपना कर्तव्य निभाया था ।।

कुछ और नहीं नया यहाँ
मैं 'मिहिर' बस वही बात कहूँगा ।
हे भारत माँ के वीर सपूतों
तुम मुझे खून दो मैं तुम्हें आजादी दूँगा ।।
जय हिंद जय भारत

माँ

हर रिश्ते में मिलावट देखी ।
कच्चे रंगों की सजावट देखी ।
लेकिन सालों साल देखा है माँ को
उसके चेहरे पर न थकावट देखी,
ना ममता में कभी मिलावट देखी ।

म्हारी प्यारी छाछ – राबड़ी

बनाना तेरा बड़ा कठिन है
सुंदर तेरा रूप तरल है ।
गर्मी की ऋतु का संबल है
दाँत धिसे ना चले जाबड़ी ।
वाह री प्यारी छाछ राबड़ी ।।

छाछ डालकर जिसको खाते
नमक डालकर स्वाद बनाते ।
गंठी – रोटी एक मंगाते
ठंडक करती घाट राबड़ी ।
वाह री प्यारी छाछ राबड़ी ।।

रुपए हजारों खर्च करवाए
तब कहीं जाकर भैंस मंगाए ।
नहीं तो घर-घर भीख मंगाए
ठंडी हो तो पड़े पापड़ी ।
वाह री प्यारी छाछ राबड़ी ।।

झूठे कान चिपे तेरे से
गहरी नींद मिले तेरे से ।
उल्टे पैर पड़े तेरे से
मूर्ख जन, गर अड़े तेरे से ।
घर की इज्जत अरि राबड़ी
वाह री प्यारी छाछ राबड़ी ।।

होली का है तू जीवन धन
खाकर गान करें सब जन-जन ।
तेरे बिना सभी है निर्धन
करते सब तेरा आराधन ।
भूख देख तुझे दूर जा खड़ी
वाह री प्यारी छाछ राबड़ी ।।

जब तेरे अंदर पड़े किसारी
पूछ पकड़ कर बाहर डारी ।
तेरी ममता नहीं बिसारी
इसीलिए है तू अति प्यारी ।
वाह राबड़ी, वाह राबड़ी
म्हारी प्यारी छाछ राबड़ी ।।

कहानी बिगड़े स्टूडेंट्स की

आओ बच्चों तुम्हें सुनाएँ, कहानी बिगड़े स्टूडेंट्स की
कपड़ों में से महक है आती, अंग्रेजी सेंट की,
खुशबू वाला तेल लगाकर तिरछी माँग निकाली है ।।
हाथों में दो चार कॉपियाँ, मुँह में च्युइंगम डाली है,
क्लास में बैठ कर बातें करते रहते है ये हरदम,
तभी हर एग्जाम में इनके आते रहते नंबर कम
नहीं सताती चिंता इनको कभी अपने फ्यूचर की,
न ही इनको बात समझ में आती अपने टीचर की,
हँसते रहते ये दूसरों पर, आगे जाकर रोना है,
कॉम्पटिशन के इस युग में न इनका ठोर-ठिकाना है ।।

मेहनत

मेहनत से मुँह न मोड़ तू
आलस सारा छोड़ तू ।

सफलता की राह चल,
हार से अब न डर, मुश्किलों से
भी तू लड़, हार जाए तो कोशिश कर ॥

सफलता की राह चल हार जाए तो
कोशिश कर कोशिशों को न छोड़ तू
मेहनत से मुँह न मोड़ तू ॥

मुश्किल भरी इस राह पर, बस
अब तू चलता चल, हिम्मत
रख आगे बढ़
धैर्य को न छोड़ तू, मेहनत से मुँह न मोड़ तू ॥

अध्ययन का उद्देश्य

अध्ययन का उद्देश्य हमारे जीवन को एक सही दिशा दिखाना है। अध्ययन हमें अनुशासन सिखाता है और हमारे सपने पूरे करता है। अध्ययन केवल किताबों से ही नहीं है बल्कि संसार रूपी किताब से भी किया जा सकता है। अध्ययन हमारे भीतर सकारात्मक ऊर्जा भरता है और हमें एक अच्छा मनुष्य बनने में मदद करता है।

मेरी माँ

माँ की ममता और प्यार का कोई मोल नहीं,
उसकी दुआओं से बड़ा कोई और नहीं।
दुखों से बचा लेती है मेरी माँ,
अपने आँचल में छिपा लेती है मुझे मेरी माँ।
उसकी गोद में मिलता है सुकून,
हर दर्द में सहारा बनकर खड़ी रहती है मेरी माँ।
वो बोलती है तो ऐसा लगता है मानो अमृत की वर्षा हो रही हो,
मेरी हर परेशानी का हल है मेरी माँ।
सबकी जगह ले सकती है माँ पर,
माँ की जगह कोई नहीं ले सकता।

मास्टर जी

मास्टर जी ओ मास्टर जी,
बड़े सयाने मास्टर जी ।
नई-नई चीज सिखाते हैं,
ज्ञान का दीप जलाते हैं ।

मास्टर जी ओ मास्टर जी,
बड़े सयाने मास्टर जी ।
पढ़ना-लिखना हमें सिखाते,
सपने भी पूरे कराते ।

मास्टर जी ओ मास्टर जी,
बड़े सयाने मास्टर जी ।
उनके बिना हम कुछ नहीं ,
क्योंकि वे रास्ता दिखाते हैं सही ।

मेरे प्यारे मास्टर जी,
बड़े सयाने मास्टर जी ।

मेरा विद्यालय का अनुभव

विद्यालय हमारे जीवन का वह हिस्सा होता है, जहाँ हम न केवल शिक्षा प्राप्त करते हैं, बल्कि यादों का खजाना भी संजोते हैं मैंने अपने विद्यालय में चार साल की उम्र में कदम रखा था, और अब मैं लगभग चौदह वर्ष की हूँ । इन दस वर्षों में मेरा विद्यालय मेरे लिए सिर्फ एक शिक्षा का स्थान नहीं, बल्कि मेरा दूसरा घर बन चुका है । यहाँ के शिक्षक हमें किताबों के साथ-साथ जीवन के पाठ भी सीखाते हैं । उन्होंने मुझे हर मोड़ पर प्रेरित किया है और बेहतर इंसान बनने में मदद की है । हर दिन यहाँ जाना मुझे खुशी देता है ।

मैंने यहाँ न केवल पढ़ाई की है, बल्कि अनगिनत यादें भी बनाई हैं । मेरे दोस्त, और यहाँ के हर कोने से मेरी भावनाएँ जुड़ी हुई हैं । यह वह जगह है, जहाँ मैंने हँसी, खेल और सीखने के अनमोल पल बिताए हैं ।

मैंने अपने विद्यालय के विकास को करीब से देखा है । यहाँ के हर बदलाव, कार्यक्रम और हर सफलता का मैं हिस्सा रही हूँ यह देखकर गर्व महसूस होता है कि मैं इस विद्यालय परिवार का हिस्सा हूँ ।

अभी मेरी पढ़ाई का अनुभव बहुत अच्छा चल रहा है, और मुझे यकीन है कि आने वाले वर्षों में यह और भी बेहतर होगा । जब मुझे, इस विद्यालय को अलविदा कहना होगा, तो वह मेरे लिए बहुत भावुक क्षण होगा ।

इस विद्यालय ने मुझे एक बेहतर इंसान बनाया है और इसके लिए मैं हमेशा आभारी रहूँगी । मैं अपने विद्यालय से जो भी सीख रही हूँ वह हमेशा मेरे जीवन का महत्वपूर्ण हिस्सा रहेगा ।

परिवार

परिवार है जीवन की बुनियाद, हर सुख-दुःख में मिलता साथ ।
माँ-बाप का प्यार, जीवन को देता है सच्चा आधार ।
भाई-बहन का है अद्भुत स्नेह, हर कष्ट को दूर करे, यह एहसास है सच ।
प्यारी हँसी, साथ में आँसू, परिवार में हर रिश्ता है सच्चा और निस्वार्थ ।
सपने साझा होते हैं, दुःख में उम्मीद, एक-दूसरे से मिलती है सबसे बड़ी शक्ति ।
यह है जीवन का सबसे अनमोल खजाना, परिवार ही है हमारी सच्ची शान ।
संग रहते हैं हम हर पल, परिवार है हमारे दिलों का दल ।

नियमित व्यायाम

व्यायाम हमारे शरीर के लिए अत्यन्त लाभदायक होता है । इससे हमारा मानसिक व शारीरिक विकास संतुलित रूप से होता है ।
हमारे प्राचीन ऋषि-मुनियों ने भी व्यायाम की महत्ता को स्वीकार करते हुए कहा है कि नियमित व्यायाम करने से व्यक्ति को उत्तम स्वास्थ्य, दीर्घायु, बल तथा सुख की प्राप्ति होती है यथा :
"सर्वेषां इन्द्रियाणां व्यायामः प्रथम फलम् ।"
अर्थात् सभी इन्द्रियों के लिए व्यायाम सबसे पहले और महत्त्वपूर्ण फल है । अतएव व्यायाम का हमारे जीवन में अत्यन्त महत्त्वपूर्ण स्थान है ।

झिझक

कक्षा के दौरान विद्यार्थी के पूछने में झिझकने को समर्पित
कब तक नजर छिपाएगा,
कब तक सिर झुकाएगा,
हाथ बढ़ाकर पूछ जरा
खुद को ज्ञान के सागर में पाएगा ।

वो तेरा क्या लगता है ?
जो तेरे लिए हाथ बढ़ाएगा,
पूरा जीवन जीना होगा,
क्या बिना पूछे जी पाएगा?

विद्या का मंदिर है ये पगले,
तुझमें भी समझ लाएगा ।
धर्म पढ़ाना है गुरु का,
वो तुझे भी पढ़ाएगा ।

एक दिन तुझे खुद से लड़ना होगा,
तो आज क्यों नहीं?
हाथ बढ़ाकर देख जरा,
तुझे कौन रोक पाएगा ?

-रोहित यादव, 10 B

समय का सदुपयोग

‘समय मतलब वक्त’ ।

हम बचपन से अपने बड़ों से सुनते आए हैं कि ‘समय बहुत कीमती है’ । समय ही है जो रंक को राजा और राजा को रंक बना सकता है। प्रत्येक कार्य को करने का एक निर्धारित समय होता है और यदि उसे सही समय पर नहीं किया जाए तो वह व्यर्थ हो जाता है। जैसे जो विद्यार्थी पूरे साल पढ़ाई न करके अपना समय बर्बाद करते हैं और परीक्षा के समय ही पढ़ते हैं तो उसका कोई अर्थ नहीं होता। इसके अलावा जो विद्यार्थी पूरे साल अपना समय बर्बाद न करके उसका सदुपयोग करते हैं वे अपना लक्ष्य प्राप्त करते हैं और जीवन में सफलता पाते हैं। समय का सदुपयोग करने से व्यक्ति अनुशासित और संयमी बनता है और जो समय का सदुपयोग नहीं करता उसके हाथ में पछतावे के अलावा कुछ नहीं बचता। वो कहते हैं न जो समय बर्बाद करता है, समय उसको बर्बाद कर देता है।

माँ की परछाई

बिल्कुल माँ की जैसी है तू
या माँ की ही परछाई है,
पाया है तुझे बहन के रूप में
तो लगता है जैसे चाँद की सारी चाँदनी मेरे हिस्से आई है ।

वो बचपन जो मैंने तेरे साथ गुजारा है,
कुछ खट्टी मीठी यादों का उस बचपन पर पहरा है ।

याद है तुझे, जब माँ स्कूल पढ़ाने जाया करती थी,
दीदी तब तू माँ का हर फर्ज निभाया करती थी ।

वो लड़ाई झगड़े तुझसे जी भर करना,
और कोई कुछ कह दे तो उसकी ऐसी तैसी कर देना ।

अब जब आया है तेरी विदाई का समय तो लगता है
जैसे वो सारी किलकारियाँ, वो सारी हँसी कोई तूफान
एक झटके में अपने साथ ले गया हो ।
यूँ ही तुझे माँ के रूप में आज भी मैं देखा करती हूँ,
जैसे तब जब माँ के स्कूल जाने पर तू मेरी माँ हो जाया करती थी ।

-सोनम यादव, 11 A

बिन बोले मुझे

बिन बोले मुझे
तूने मेरे हक में,आवाज उठाई
चाहती तो चुप रहती
क्यों करती है मेरे लिए
तू इस दुनिया से लड़ाई ??

माँ से भी ज्यादा जो करे फिक्र
हर रोज मुझे बतलाती है
कभी तैश में आकर रख दे फोन
तो कभी फटकार लगाती है ।
ऐसे ही नहीं मैं तेरी बड़ी बहन हूँ
ये कहकर वो हक जताती है ।

निस्वार्थ भाव से जिसने मुझसे इतना प्यार किया,
धन्यवाद ईश्वर का जिसने बहन—सा रिश्ता दिया ।

A JOURNEY OF GROWTH AND MEMORIES

Fourteen unforgettable years have come from innocent wonder of LKG to the confident stride of class 12, leaving an unforgettable mark on my life. As I reflect on my journey, I'm filled with gratitude for the invaluable lessons learned, the unbreakable friendships forged, and the cherished memories created within the walls of St. Xavier's school.

My school has been more than just an institution; it's been my second home, a sanctuary where I've grown, learned, and evolved. The guidance, support, and encouragement from the entire school community have been instrumental in shaping me into the person I am today.

From the early morning assemblies to the late-night study sessions, from the excitement of sports days to the thrill of cultural festivals, every moment has been a testament to the spirit of our school.

As I end this beautiful journey, I want to express my heartfelt thanks to each and every one of you who has been a part of my journey. Your unwavering support, guidance, and love have meant the world to me.

Muskan, 12 A

Fourteen years—a journey that feels like a lifetime. From my first nervous steps into school to the confident stride I take today, this place has been more than just walls and classrooms; it has been my foundation.

Each day here brought lessons beyond textbooks—the joy of friendships, the thrill of achievements, and even the occasional scolding that taught us responsibility. My teachers, my second parents, nurtured and guided me with unwavering support, shaping me into the person I am today.

I'll never forget the carefree laughter shared with friends, the whispered jokes during lessons, or those moments of panic when we were sent to the principal's office. These memories are the threads of my journey, and the bonds I've formed here are irreplaceable treasures.

But time is fleeting, and in the end, it's not just achievements that define us. The number of hearts you touch is your real degree. The number of people you inspire is your true mark. And the number of souls who remember you—that is your ultimate success.

As I prepare to graduate, my heart swells with gratitude. Leaving this second home is bittersweet, but I step forward with pride, carrying its lessons and love with me, ready to honour all it has given me.

Rajat Agarwal, 12 B

Looking back at my time in school, St. Xavier's has always been a second home to me. During my 14 years at St. Xavier's, the journey has been a mix of good and bad experiences, which are now cherished memories that have taught and shaped me in various aspects of life.

The teachers at St. Xavier's have supported me every step of the way, from teaching me how to write a word to helping me solve major problems—not just in academics, but also in navigating life's challenges.

The co-curricular activities here have been amazing. Watching my seniors participate inspired me to get involved in these activities, which were truly outstanding. Events like Annual Day, inter-house competitions, and especially anchoring, brought a big change in me and helped me develop confidence.

The unforgettable memories I've made here with my friends are priceless. From spending time together in the lower classes to our final year, the special bond we created is beyond words—my friends are just like family to me.

Now, as I reflect on completing the best 14 years of my life here, it feels like time passed in the blink of an eye. I recall how, as juniors, my batchmates and I would wonder when these years would end. But now, it seems like it ended far too soon, and I wish we had more time. However, the moment has come to bid goodbye to our school.

The memories I've made, the lessons I've learned—through both my right and wrong decisions—will always hold a special place in my heart, under the name St. Xavier's 14-Year Memories.

Lastly, I would like to say that St. Xavier's has been the best part of my life, and I will never forget it. My best wishes are with my school, my lovely juniors, and the forthcoming batchmates.

Abhishek Yadav, 12 A

Every time I get flashbacks of my first day at school, I am reminded of how stubborn and naughty I was. Yet, my teachers effortlessly managed me with all the kindness, love, and care they had. St. Xavier's has been more than just a place of learning—it has been my second home.

Over the years, I have grown, made memories, and learned invaluable lessons. The values and ethics imparted by my teachers and friends have shaped me into who I am today.

Now, as I bid farewell to these joyous days of my life, I feel immense gratitude towards every single person—teachers, staff, uncles, and aunties—who made me feel loved and supported. Each of them has guided me and moulded me into a better human being, teaching me not only academics but also the importance of kindness, helping others, believing in God, and facing every challenge with a smile and an open heart.

I am also deeply thankful to my Principal for always encouraging and supporting me in both academics and extracurricular activities, especially in sports.

At last, I can proudly say, "I am a Xavierite!"

THE TEACHER'S CORNER

Just Think

The world is changing rapidly, and so is the new generation. With endless opportunities and distractions, how will they find the right path? Can they move forward without losing themselves? *Just think.

On one side, they have their dreams and perspectives on life. On the other, there are expectations from society, family, and peers. But what happens when these expectations don't align with their aspirations? *Just think.

Trust issues, competition, and countless social connections—yet, many relationships feel hollow. Is this the kind of world we are creating? *Just think.

Will life become easier for this generation, or will the increasing pressures make it even more challenging? *Just think.

As values take a backseat and material success becomes the ultimate goal, relationships lose their depth. Are we prioritizing wealth over well-being? Is this why insecurity is on the rise? *Just think.

This generation is breaking traditional boundaries and striving for a meaningful life. But do they truly understand commitment, patience, and perseverance? *Just think.

What kind of progress is it when inner peace and emotional security seem harder to find? Can they truly experience fulfillment? *Just think.

A generation that struggles to cope with minor setbacks—will they be prepared to take on major responsibilities? *Just think.

As students, you are the future. Reflect on these questions, seek clarity, and shape a path that blends ambition with wisdom.

*So, before you rush ahead—just think!

Mrs. Kalpana Singh

The road is difficult and long, The light is far and dim.

But my faith in you is undeterred, Sometimes the circumstances made me scared.

What if, some adversities knocks the door hard, My devotion, in you give me a positive spark.

My love for you, give me strength, In my actions and words I found more depths.

By continuous chanting your name, I know I can certainly burn my vices and your blessings I can obtain.

Oh! my Lord always keep me under your loving and caring shield, So, that my emotional scars and marks I can easily healed.

I believe one day my prayers make the road easy and you enlighten my vision, And I am able to identify your harbinger who lead my soul near you in heaven.

Mrs. Shashi Sharma

आत्म बोध

आत्म बोध एक मनोवैज्ञानिक प्रक्रिया है जिसे प्राप्त करने के बाद व्यक्ति अपने जीवन में आसानी से सफलता को प्राप्त कर सकता है । प्राचीन भारत की शिक्षा में इसका बहुत बड़ा प्रभाव था । आदि शंकराचार्य के द्वारा एक लघु ग्रंथ भी इस पर रचित है "आत्मबोध" जिसमें मनुष्य को अपने आत्म-बोध की प्राप्ति के लिए 8 श्लोकों का खूबसूरत वर्णन है ।

आत्म-बोध मनुष्य की स्पष्टता, अंतर्दृष्टि, आत्म साक्षात्कार, वास्तविकता की प्रकृति, मानव अनुभव और जीवन के उद्देश्य में स्पष्टता और अंतर्दृष्टि की समझ लाता है । यह अहसास है जीवन विकास और आत्म खोज की यात्रा का । इसका अंतिम लक्ष्य, यह जानना है कि आप कौन हैं...?

आत्म बोध प्राप्त करने वाले व्यक्ति के गुण :

ऐसे व्यक्ति स्वतंत्र रूप से जीवन को जीते हैं वो दूसरों की राय से अपना जीवन नहीं जीते ।

ऐसे लोगों को सच्चाई का पता होता है और सच्चाई से पीछे नहीं हटते ।

आत्म बोध प्राप्त व्यक्ति हर किसी की भावना का सम्मान करते हैं ।

खुद को गहराई से जानने वाले व्यक्ति में रचनात्मकता भरी होती है ।

ऐसे व्यक्ति यथार्थवादी होते हैं ।

आत्म बोध की प्राप्ति करने के बाद आप जीवन में आसानी से आगे बढ़ने की क्षमता रख पाते हैं । दूसरों की प्रेरणा बन सकते हैं । इसकी प्राप्ति से मानसिक परेशानी से नहीं गुजरना पड़ता । जीवन में मिली हर छोटी या बड़ी जीत को एक ही भाव से देख पाते हैं । इससे मानसिक विकास होता है और आप 'तनाव और चिंता' जैसी मानसिक बीमारियों के चुंगल से भी बच सकते हैं ।

-सीमा यादव

तू चलते चल

तू चलते चल तू चलते चल ।
अपने पथ पे, तू बढ़ते चल ।

डगर तेरी, आसान नहीं ।
पर डरना, तेरी पहचान नहीं ।
प्रयास से तेरे, न मिल जाये ।
कोई जग में, ऐसा काम नहीं ।

तू चलते चल तू चलते चल ।
अपने पथ पे, तू बढ़ते चल ।

सपनों की, गठरी बांध ले ।
विश्वास का, दामन थाम ले ।
मंजिल तेरे, कदमों में होंगी
दृढ़ संकल्प, से काम ले ।

तू चलते चल तू चलते चल ।
अपने पथ पे, तू बढ़ते चल ।

तू चलते चल तू चलते चल ।
अपने पथ पे, तू बढ़ते चल ।
