

Need seen for devising customised teaching methodologies for students from rural areas.

By The Hindu Bureau: March 19, 2024

A five-day Faculty Development Programme on Effective Teaching Strategies, Emerging Technologies, Grant Writing, and Intellectual Property Rights (IPR) was inaugurated at Guru Nanak Dev Engineering College (GNDEC) in Bidar on Tuesday.

Delivering his keynote address, principal of Karnataka Arts, Commerce and Science Degree College in the city Mallikarjun Hangargi, who was the chief guest, stressed the need for devising customised teaching methodologies for students from rural areas. He also commended the initiatives of GNDEC's departments of Electronics and Communication Engineering (ECE) and Data Science in conducting the faculty development programme on the relevant topic.

Vice-Chairperson of Guru Nanak Group of Institutions Reshma Kaur highlighted the importance of the role of teachers in moulding the future of students. She also underlined the need for teachers to get updated in subject matters and deliver effectively so that every student grasps the essence of the teaching.
